Attention is directed to the fact that these persons, as well as all other persons whose names appear on "The Proclaimed List of Certain Blocked Nationals", shall be treated for all purposes as though they were nationals of Germany or Italy. Accordingly, General Licenses Nos. 49,[3] 50,[3] 52,[4] and 70,[5] relating respectively to Sweden, Switzerland, Spain and Portugal, as well as all other licenses which do not authorize transactions by, on behalf of, or for the benefit of nationals of Germany or Italy, do not authorize transactions by, on behalf of, or for the benefit of persons whose names appear on such list. The mere fact that the name of a particular individual or concern is not contained on this list shall not be construed to mean that such individual or concern is not a national of Germany or Italy or to authorize transactions in which any national of Germany or Italy may have an interest.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

AMENDMENT NO. 4 TO SUPPLEMENTARY ORDER NO. M–15–C[3] TO RESTRICT TRANSACTIONS IN NEW RUBBER TIRES, CASINGS AND TUBES

Section 940.4 (c) (2), 940.4 (e) and 940.4 (f) are hereby amended to read as follows and § 940.4 (c) (3) is hereby revoked:

§ 940.4 *Supplementary Order M–15–c.*

* * * * * *

(c) *Prohibition on deliveries of new rubber tires, casings, and tubes except to persons possessing certificates.*

* * * * * *

(2) Except as provided in subparagraph (4) of this paragraph, a person selling new rubber tires, casings or tubes at a retail store, outlet, or premises, which for purposes of this Order shall mean a store, outlet or premises from which transfers or deliveries are made predominantly direct to consumers, may sell, lease, trade, lend, deliver, ship, or transfer any new rubber tire, casing, or tube from such premises to a person possessing a certificate authorising such purchase issued by the Office of Price Administration.

* * * * * *

(e) *Acquisition of new rubber tires, casings, tubes by persons in the categories enumerated in List A attached hereto.* Any person who believes that the vehicle for which he wishes to acquire new rubber tires, casings, or tubes is included in one of the categories enumerated in List A attached hereto may apply to the Office of Price Administration for a certificate permitting him to purchase, lease, trade, borrow, or accept delivery, shipment or transfer of new rubber tires, casings, or tubes. Such permission may be granted by the Office of Price Administration upon a showing by the applicant of the following facts:

(1) That the vehicle on which the new rubber tire, casing, or tube is to be mounted is included in one of the categories enumerated in List A, and thus constitutes an "eligible" vehicle.

(2) That the vehicle on which the new rubber tire, casing, or tube is to be mounted cannot be replaced by a vehicle owned or operated by or subject to the control of the applicant, which is equipped with serviceable tires and tubes and which is not fully employed for a use specified in one or more of the categories enumerated in List A.

(3) That the new rubber tire, casing, or tube is to be installed at once on a wheel or rim, to replace a tire, casing, or tube no longer serviceable.

(4) That the tire, casing, or tube, when added to all other tires, casings, and tubes in the applicant's possession whether unmounted or mounted on a vehicle, and when that total is applied only to eligible vehicles, does not add up to more than one spare tire, casing, or tube of a given size for each eligible vehicle.

(5) That the existing tire, casing, or tube cannot be recapped, retreaded or repaired for safe use at speeds at which the applicant may reasonably be expected to operate, or that such recapping, retreading or repairing cannot be obtained without inordinate delay.

(6) That the applicant agrees to trade in replaced tires, casings, and tubes on new tires, casings, and tubes purchased under this Order, or to dispose of replaced tires, casings, and tubes as may otherwise be directed by the Office of Price Administration.

(7) That, if the applicant desires authority to purchase a passenger car type new tire of over four-ply construction, the vehicle upon which the new tire is to be mounted cannot be satisfactorily operated in the use to which it is to be put with a tire of four-ply construction.

Upon being satisfied that all of these facts exist, the Office of Price Administration may issue to the applicant a certificate stating the number, size, construction and type of new rubber tires, casings, and tubes which the applicant is authorized to acquire. Such certificate shall be recognized by any person having new rubber tires, casings, or tubes for sale, and no sale, lease, trade, loan, delivery, shipment or transfer of new rubber tires, casings, or tubes (except as provided in paragraphs (c), (g), and (h) of this section) shall be made except on the basis of such certificate.

(f) *Acquisition of "obsolete" type new rubber tires, casings, and tubes.* Any person wishing to acquire "obsolete" type new rubber tires, casings, or tubes may apply to the Office of Price Administration for permission to purchase, lease, trade, borrow, or accept delivery, shipment or transfer of such "obsolete" type new rubber tires, casings, or tubes. Such permission may be granted by the Office of Price Administration upon a showing by the applicant of items (3) and (6) of paragraph (e) hereof. Upon being satisfied that all of the facts required by items (3) and (6) exist, the Office of Price Administration may issue to the applicant a certificate stating the number and types of "obsolete" type new rubber tires, casings, and tubes which the applicant is authorized to acquire. Such certificate shall be recognized by any person having "obsolete" type new rubber tires, casings, or tubes for sale, and no sale, lease, trade, loan, delivery, shipment, or transfer of "obsolete" type new rubber tires, casings, or tubes (except as provided in paragraphs (c), (g), and (h) of this section) shall be made except on the basis of such a certificate.

As here used the word "obsolete" refers to passenger car type tires, casings, and tubes of the following sizes, and no others:

(Supp. Order M–15–c; 6 F. R. 6792)

This amendment No. 4 shall become effective January 16, 1942. Issued this 15th day of January 1942.

LEON HENDERSON,
Administrator.

Bituminous Coal Division.

[Docket No. B–151]

IN THE MATTER OF CHARLES PRATER, A CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 27, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 28, 1941, by the Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 21, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint is must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendant, Charles Prater, whose address is Rush, Carter County, Kentucky, sold during the period July 6, 1941 to July 18, 1941, to E. M. Hammonds, Olive Hill, Kentucky, approximately 36,775 tons of high volatile mine run coal, Size Group No. 6, produced at defendant's Hedrick Mine (Mine Index No. 1068), located in Carter County, Kentucky, in District No. 8, at a price of $2.00 per net ton f. o. b. the mine, and the defendant thereafter allowed and paid to the said Hammonds a cash rebate of 30 cents per net ton from the aforesaid price, in violation of the effective minimum prices established for such coal as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, the rules and regulations established by the Division, and Rule 6 of Section XIII of the Marketing Rules and Regulations.

Dated: January 15, 1942.

IN THE MATTER OF ERNEST MOORE & SON, A PARTNERSHIP, AND THE MEMBERS THEREOF, INDIVIDUALLY AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF ERNEST MOORE & SON, CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendants of the Bitu-

minous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint hereto, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendants of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendants, Ernest Moore & Son, of Oak Ridge, Pennsylvania, whose code membership became effective as of January 7, 1936, operator of the Moore Mine, Mine Index No. 1793, located in Armstrong County, Pennsylvania, District No. 1, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 219.15 net tons of run of mine coal produced at the aforesaid mine during the months of January and February 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments, of $3.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendants sold during the period from January 1, 1941 to February 28, 1941, both dates inclusive, approximately 219.15 net tons of run of mine coal produced at the aforesaid mine, to the Pittsburg and Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

Dated: January 14, 1942.

IN THE MATTER OF WESLEY CONLEY, AN INDIVIDUAL, DOING BUSINESS UNDER THE NAME AND STYLE OF KILGORE COAL COMPANY, (WESLEY CONLEY, (KILGORE COAL COMPANY)), CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 27, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 29, 1941, by Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That defendant, whose address is Rush, Kentucky, sold, delivered and offered for sale to one E. M. Hammonds, of Olive Hill, Kentucky, during the period June 1, 1941 to August 31, 1941, both dates inclusive, approximately 849.495 net tons of High Volatile Size Group 6 or mine run coals produced by said defendant at his Kilgore No. 2 mine, Mine Index No. 676, located at Rush, Carter County, Kentucky, in District No. 8, at the price of $2.00 per net ton f. o. b. said mine, and thereafter allowed and paid to the said Hammonds a cash rebate of 30 cents per net ton on each ton so sold, this coal being classified as Size Group 6, and priced at $2.00 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 8 For Truck Shipments, in violation of the effective minimum prices established therefor and the rules and regulations of the Division, and particularly Section XIII, Rule 6 of the Marketing Rules and Regulations.

PETITION OF P. H. BURNELL, A CODE MEMBER IN DISTRICT NO. 19 FOR THE ESTABLISHMENT OF CERTAIN MINIMUM PRICES FOR THE COALS IN SIZE GROUPS 10, 11 AND 17, PRODUCED FROM THE GEBO MINES NOS. 2, 3, 4 AND 5 FOR RAIL SHIPMENT TO ALL MARKET AREAS, PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 28, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division at the Plains Hotel, Cheyenne, Wyoming.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 23, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of P. H. Burnell, a code member in District No. 19, for the establishment of the following minimum prices in cents per ton for the coals, in Size Groups 10, 11 and 17, produced from Gebo Mines Nos. 2, 3, 4 and 5 (Mine Index Nos. 114, 225, 192 and 226, respectively) for rail shipment to all market areas:

[Docket No. A-36, Part III]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE DITNEY HILL MINE (MINE INDEX NO. 115) OF THE INGLE COAL CO.

ORDER EXTENDING TEMPORARY RELIEF

This proceeding was instituted upon a petition, as amended, filed with the Bituminous Coal Division on October 11, 1940, by District Board 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The Board in its petition requested the establishment of price classifications and minimum prices for the coals of the Ditney Hill Mine (Mine Index No. 115) of the Ingle Coal Co., a code member in District 11.

In accordance with this prayer for relief and in absence of opposition thereto, the Director, in an Order dated October 28, 1940, granted temporary relief as requested for the coals of the Ditney Hill Mine.

Pursuant to orders of the Director and after notice to all interested persons, hearings in this matter were held on January 29, 1941, July 2, 1941, and September 18, 1941, before duly designated Examiners of the Division. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 11 appeared. The preparation and filing of a report by the Examiner was waived.

On October 17, 1941, the Director issued Findings of Fact and Conclusions of Law and rendered an Opinion in this matter and entered an Order in accordance therewith. The Director found that the coals of the Ditney Hill Mine should be given the same permanent price classifications as the coals of the mines in Price Group 10 and Freight Origin Group No. 71 of the Schedule of Effective Minimum Prices for District No. 11 for All Shipments Except Truck, except that the prices in Size Groups Nos. 1, 2, and 3 should be increased 15 cents per ton. However, in view of the facts that the raw screenings produced at the Ditney Hill Mine appeared to be of an inferior quality, that dedusting equipment had been installed on August 22, 1941, in an effort to enhance their marketability, and that the ability of this equipment to improve the quality of the screenings was still unknown, the Director found that, as a temporary measure, minimum prices for dry dedusted screenings in Size Groups Nos. 26 and 27 should be established for a period of 90 days from the date of the Order at prices 10 cents per ton less than the established minimum prices for the same sizes of coal produced at other mines producing Standard Fifth Vein coals. The Director stated that the purpose of this was to afford District Board 11 an opportunity to study the effect of the use of the dry dedusted screenings produced at the Ditney Hill Mine and determine whether it cares to propose new prices for those coals.

On December 29, 1941, District Board 11 filed a Motion for Extension of Temporary Relief. The motion alleged that although the Engineer for District Board 11 had visited the Ditney Hill Mine on December 9, 1941, to make arrangements to secure samples of the dry dedusted screenings for analyses, he had found that no satisfactory method of preparing the dry dedusted screenings had yet been obtained and that certain changes in the method employed were necessary. The District Board further alleges that other changes, including the rearrangement of screens and installation of others, are being made; that the dry dedusted screenings currently being prepared at the Ditney Hill Mine are not representative of the product that will be produced under the normal operating efficiency of the dry dedusting equipment. District Board 11 accordingly requests that the temporary relief granted in the order of October 17, 1941, be extended for a period of 60 days.

It appears to the undersigned that a reasonable showing of necessity has been made for the 60-day extension of the temporary relief prayed for. No opposition to the requested relief has been made and it appears that the granting of such relief will not prejudice other persons pending final disposition of the matter of the proper price classification for the coals in Size Groups 26 and 27.

Now, therefore, it is ordered, That the Order granting relief entered herein on October 17, 1941, be and it hereby is amended by striking therefrom the words "provided, however, that the prices established for Size Groups Nos. 26 and 27 shall be reduced 10 cents per ton for a period of not more than ninety days from the date of this order" and substituting in lieu thereof the following: "provided, hoyever, that the prices established for Size Groups Nos. 26 and 27 shall be reduced 10 cents per ton for a period of not more than 150 days from the date of this order."

It is further ordered, That Supplement R, annexed to and made part of the Order dated October 17, 1941, be and it hereby is amended by striking therefrom the words, "Size Groups 26 and 27 shall be reduced ten cents per ton for a period of ninety days only commencing with the effective date of this Order" and by substituting in lieu thereof the following: "Size Groups 26 and 27 shall be reduced ten cents per ton for a period of 150 days only commencing with the effective date of this Order."

Jurisdiction is hereby retained to enter any further order with respect to said coals during or subsequent to said 150 day period beginning October 17, 1941.

Dated: January 14, 1942.

Acting Director.

[Docket No. A-1281]

PETITION OF DISTRICT BOARD NO. 19, FOR REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT MINE INDEX NOS. 7 AND 203, FOR SHIPMENT BY TRUCK, IN DISTRICT NO. 19

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party. The petitioner requests revision, both temporary and permanent, of the price classifications and minimum prices for the coals, for shipment by truck, produced at the Elkol Mine (Mine Index No. 7) of the Kemmerer Coal Company and at the Twin Creeks Mine (Mine Index No. 203) of Mike Mecca, both mines being located in Subdistrict Price Group No. 1 of District No. 19.

Although it appears that an adequate showing of necessity has been made for the granting of the temporary relief requested, as hereinafter set forth, it does not appear that the petitioner has set forth sufficient facts to warrant the granting of permanent relief in this connection without a hearing.

Now, therefore, it is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act, and the rules of the Division be in the forenoon of that day at a hearing room of the Bituminous Coal Division, Plains Hotel, Cheyenne, Wyoming.

It is further ordered, That D. C. McCurtain, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Acting Director proposed findings of fact and conclusions of law and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 23, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 19 for revision of the effective price classifications and minimum prices, for shipment by truck, for the coals produced at Mine Index No. 7 of Kemmerer Coal Company, and Mine Index No. 203 of Mike Mecca, located in Subdistrict Price Group No. 1 in District No. 19, by reducing those prices as follows:

	Size groups														
	1	2	3	4	5	6	7	8	9	10	11	12	15	16	17
From: Prices	400	400	355	370	370	370	310	275	225	225	210	275	185	185	125
To: Prices	325	325	335	310	310	310	275	235	185	185	185	175	175	175	100

It is further ordered, That, pending final disposition of this matter, temporary relief is granted, making effective forthwith the reductions in the price classifications and minimum prices outlined in the immediately preceding paragraph and, to that extent, amending the Schedule of Effective Minimum Prices for District No. 19 for All Shipments.

Notice is hereby given that all applications to stay, terminate or modify the temporary relief granted herein, may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 15, 1942.

Amendments proposed by the Fort Wayne Local Milk Committee:

1. Delete § 932.1 (a) (6) and substitute therefor the following:

(6) The term "delivery period" means the current marketing period from the first to and including the fifteenth day of each month, and the sixteenth day to and including the last day of each month.

2. Delete that part of § 932.4 (a) (3) prior to the proviso and substitute therefor the following:

(3) *Class III milk.* Except as set forth in subparagraph (4) of this paragraph, the price per hundredweight for Class III milk shall be the price resulting from the following computation by the market administrator: determine the average of the prices per hundredweight ascertained to have been paid for milk of 4 percent butterfat content received during the half-month pay period preceding the delivery period at the following plants, and subtract 3 cents:

Concern:	*Location of plant*
Defiance Milk Products Company.	Defiance, Ohio.
Van Camp Milk Company.	Garret, Indiana.
Van Camp Milk Company.	Angola, Indiana.
Kraft Cheese Company.	Kendallville, Indiana.

3. Delete § 932.8 (a)

4. Delete that part of § 932.8 (b) prior to subparagraph (1) and substitute therefor the following:

On or before the 15th day after the end of each delivery period each handler shall make payment, subject to the butterfat differential set forth in paragraph (d) of this section, for the total value of milk received from producers during such delivery period, computed according to § 932.7 (a) as follows:

5. Renumber paragraphs (b), (c), and (d) of § 932.8 as paragraphs (a), (b), and (c) of such section.

Amendments proposed by the Dairy Division:

1. Add as § 932.3 (d) and (e) the following:

(d) Computation of milk in each class. For each delivery period each handler shall compute, in the manner and on forms prescribed by the market administrator, the amount of milk in each class, as defined in paragraph (b) of this section, as follows:

(1) Determine the total pounds of milk (a) received from producers; (b) produced by him, if any; (c) received from other handlers, if any; (d) received from other sources, if any; (e) add together the resulting amounts.

(2) Determine the total pounds of butterfat received as follows: (a) multiply the weight of the milk received from producers by its average butterfat test; (b) multiply the weight of the milk produced by him, if any, by its average butterfat test; (c) multiply the weight of the milk received from other handlers, if any, by its average butterfat test; (d) multiply the weight of the milk received from other sources, if any, by its average butterfat test; and (e) add together the resulting amounts.

(3) Determine the total pounds of milk in Class I as follows: (a) convert to quarts the quantity of milk disposed of in the form of milk and multiply by 2.15; (b) multiply the result by the average butterfat test of such milk; and (c) if the quantity of butterfat so computed when added to the pounds of butterfat in Class II milk and Class III milk, computed pursuant to subparagraphs (4) (b) and (5) (b) of this paragraph, is less than the total pounds of butterfat received, computed in accordance with subparagraph (2) of this paragraph, an amount equal to the difference shall be divided by 4.0 percent and added to the quantity of milk determined pursuant to (a) of this subparagraph.

(4) Determine the total pounds of milk in Class II as follows: (a) multiply the actual weight of each of the several products of Class II milk by its average butterfat test, (b) add together the resulting amounts, and (c) divide the result obtained in (b) of this subparagraph by 4.0 percent.

(5) Determine the total pounds of milk in Class III as follows: (a) multiply the actual weight of each of the several products of Class III milk by its average butterfat test; (b) add together the resulting amounts; (c) subtract the total pounds of butterfat in Class I milk and Class II milk, computed pursuant to subparagraphs (3) (b) and (4) (b) of this paragraph, and the total pounds of butterfat computed pursuant to (b) of this subparagraph, from the total pounds of butterfat computed pursuant to subparagraph (2) of this paragraph, which resulting quantity shall be allowed as plant shrinkage for the purpose of this paragraph (but in no event shall such plant shrinkage allowance exceed 3 percent of the total receipts of butterfat from producers by the handler) and shall be added to the result obtained in (b) of this subparagraph; and (d) divide the result obtained in (c) of this subparagraph by 4.0 percent.

(6) Determine the classification of milk received from producers as follows:

(i) Subtract from the total pounds of milk in each class the total pounds of milk which were received from other handlers and used in such class.

(ii) Subtract from the total pounds of milk in each class the total pounds of milk which were received from sources other than producers and handlers and used in such class.

(iii) Subtract pro rata out of the remaining milk in each class the quantity of milk received from the handler's own farm.

(e) In the event of a difference between the total quantity of milk utilized

in several classes as computed pursuant to paragraph (d) of this section and the quantity of milk received from producers, such difference shall be reconciled as follows:

(1) If the total utilization of milk in the various classes for any handler, as computed pursuant to paragraph (d) of this section, is less than the receipts of milk from producers, the market administrator shall increase the total pounds of milk in Class III for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler.

(2) If the total utilization of milk in the various classes for any handler, as computed pursuant to paragraph (d) of this section, is greater than the receipts of milk from producers, the market administrator shall decrease the total pounds of milk in Class III for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler.

2. Reconsider § 932.4 in its entirety in view of classification of milk amendment proposed above.

3. Delete subparagraphs (1), (2), (3) (4), (5), (6), and (7) of § 932.7 (a).

4. Add to § 932.7 (a) the following:

Multiply the hundredweight of milk in each class, computed pursuant to § 932.5 (e), by the respective class price, and add together the resulting amounts: *Provided*, That if the hundredweight of milk computed pursuant to § 932.3 (d) is less than the hundredweight of milk received from producers, multiply such difference by the Class III price and include such amount in the value of milk for such handler: *And provided further*, That if the hundredweight of milk computed pursuant to § 932.3 (d) is greater than the hundredweight of milk received from producers, multiply such difference by the Class III price, and deduct such amount from the value of milk for such handler.

5. Delete subparagraphs (2) and (3) of § 932.7 (b).

6. Renumber subparagraphs (4), (5), (6), and (7) of § 932.7 (b) as subparagraphs (2), (3), (4), and (5) of such paragraph.

Additional copies of this notice of hearing and copies of Order No. 32, as amended, now in effect, may be procured from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 0312, South Building, Washington, D. C., or may be there inspected.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-463]

IN THE MATTER OF PANHANDLE EASTERN PIPE LINE COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 15th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than January 29, 1942, at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transaction therein proposed, which is summarized below:

Panhandle Eastern Pipe Line Company, a subsidiary of both Columbia Gas & Electric Corporation, a registered holding company, and Columbia Oil & Gasoline Corporation, which is also a subsidiary company of Columbia Gas & Electric Corporation, proposes to extend the time within which any shares of its Class A preferred stock may be redeemed without payment of a premium of $10 per share to and including April 1, 1942; such extension being in accordance with an agreement, dated December 15, 1941, between Panhandle Eastern Pipe Line Company and Columbia Oil & Gasoline Corporation, beneficial owner of the entire issue of the Class A preferred stock. By an agreement dated July 30, 1941, between the same parties, the time to redeem as aforesaid had been extended to and including January 1, 1942.

Panhandle Eastern Pipe Line Company requests an order issue so that such application or declaration (or both) be granted or become effective not later than February 5, 1942.

Panhandle Eastern Pipe Line Company designates sections 6 (a) and 7 of the Act as applicable to the proposed transaction.

[File No. 70-473]

IN THE MATTER OF PUBLIC SERVICE COMPANY OF INDIANA, INC.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 15th day of January, A. D. 1942.

A declaration or application (or both) having been filed with this Commission by the above named party pursuant to the Public Utility Holding Company Act of 1935 and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise provided by Rule U-23 under said Act; and

The said declaration or application concerning the following:

Public Service Company of Indiana, Inc. ("Public Service") proposes to issue and sell to Indianapolis, Columbus and Southern Traction Company ("Columbus") Public Service's Serial Promissory Notes dated December 7, 1941, in the aggregate principal amount of $1,520,000 bearing interest at the rate of 4% per annum and maturing serially, each six months from date, over a period of twenty years. Said serial notes are to be issued under an agreement dated December 1, 1941, between Public Service and Columbus, whereby

(1) The matter of rights and obligations of Public Service and Columbus under a certain lease dated September 7, 1912, covering the leasing of an interurban railway line between Indianapolis and Seymour, Indiana, by Columbus to Public Service will be settled, and

(2) Public Service is to acquire the property covered by the lease.

It appearing to the Commission that it is appropriate and in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration or application (or both) and that said declaration shall not become effective or said application be granted except pursuant to further order of the Commission and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 28, 1942, at 10:00 a. m., in the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room in which such hearing will be held. At such hearing, if in respect of any declaration, cause should be shown why such declaration should become effective; and

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice; and

It is further ordered, That without limiting the scope of issues presented by said application or declaration particular attention be directed at said hearing to the following matters and questions:

(1) Whether the issue and sale of said proposed Serial Promissory Notes by Public Service are solely for the purpose of financing its business and have been expressly authorized by the Indiana Public Service Commission.

(2) Whether the proposed Serial Promissory Notes of Public Service are reasonably adapted to the earning power of Public Service.

(3) Whether the proposed Serial Promissory Notes are reasonably adapted to the security structure of Public Service.

(4) Whether the said settlement of the said disputes arising under that certain lease dated September 7, 1912 is fair and equitable to all parties affected by the settlement.

(5) Whether it is necessary or appropriate for Public Service to issue the said Serial Promissory Notes in settlement of the alleged dispute.

(6) Whether the issuance and sale of the said Serial Promissory Notes by Public Service is subject to Rule U-50, and, if so, whether Public Service is entitled to an exemption as provided by said Rule.

(7) Whether it is necessary or appropriate to impose any terms or conditions in the public interest or for the protection of investors or consumers.

By the Commission.

IN THE MATTER OF COLUMBIA GAS & ELECTRIC CORPORATION, COLUMBIA OIL & GASOLINE CORPORATION, PANHANDLE EASTERN PIPE LINE COMPANY, MICHIGAN GAS TRANSMISSION CORPORATION, INDIANA GAS DISTRIBUTION CORPORATION, AND THE OHIO FUEL GAS COMPANY, RESPONDENTS

ORDER DIRECTING PROCEDURE AND RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 15th day of January, A. D. 1942.

The Commission by its order of October 15, 1941 in the above-entitled proceeding having directed that evidence be introduced with respect to the 11 (b) (1) issues involved in the said proceeding prior to the introduction of evidence with respect to the remaining issues therein; and

"Subsequent filings" having been made during the course of said hearing and prior to the completion thereof and the Commission having by its order of November 14, 1941 consolidated said "subsequent filings" with the said proceeding and having directed that evidence with respect to said "subsequent filings" be introduced prior to the completion of the record with respect to the 11 (b) (1) issues; and

The hearing with respect to the said "subsequent filings" having been completed and it appearing that it is appropriate to resume the hearing on the 11 (b) (1) issues insofar as they relate to Panhandle Eastern Pipe Line Company; and

It further appearing desirable that evidence be taken with respect to the 11 (b) (2) issues relating to the Class B Preferred Stock of Panhandle Eastern Pipe Line Company, prior to the taking of evidence with respect to the remaining issues involved in the said consolidated proceeding;

It is ordered, That the hearing in the above-entitled proceeding be reconvened on January 29, 1942 at 10:00 A. M. in Room 1102 of the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW.;

It is further ordered, That at such time and place the hearing will be reconvened for the purpose of receiving evidence with respect to the issues involving the retainability by Columbia Gas & Electric Corporation and Columbia Oil & Gasoline Corporation of their interest, direct or indirect, in Panhandle Eastern Pipe Line Company under section 11 (b) (1); and with respect to the issues involving the distribution of voting rights in Panhandle Eastern Pipe Line Company with reference to the Class B Preferred Stock under section 11 (b) (2);

Notice of such hearing is hereby given to the Respondents, to the other interested parties and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors and consumers.

IN THE MATTER OF THE UNITED LIGHT AND POWER SERVICE COMPANY

ORDER APPROVING AMENDMENT NO. 6 TO DECLARATION

At a regular session of the Securities and Exchange Commisison, held at its office in the City of Washington, D. C., on the 12th day of January 1942.

The United Light and Power Service Company (formerly The United Light and Power Engineering and Construction Company) having on December 11, 1940 filed an amendment to its declaration as a service company in which it proposed the making of certain changes in its method of organization and operations; and

The Commission having issued its order on March 7, 1941 approving such amendment to the declaration pursuant to section 13 of the Public Utility Holding Company Act of 1935; and

It appearing that in the afore-described order the Commission granted a temporary exemption from the provisions of section 13 (a) in permitting an arrangement whereby the salaries of Messrs. William G. Woolfolk and Frank L. Conrad, executive officials of The United Light and Power Service Company, could continue to be paid partly by Michigan Consolidated Gas Company, an operating utility company, it having been found that such exemption was consistent with the public interest and the protection of investors and consumers; and

It appearing that this arrangement as to Frank L. Conrad was terminated on December 31, 1941; and

It appearing that by Amendment No. 6 to the above declaration a request has been made that the arrangement as to William G. Woolfolk be further extended until June 30, 1942 because of unusual circumstances; and

It appearing to the Commission that it is appropriate to permit the temporary arrangement to be continued until March 1, 1942;

It is ordered, That said arrangement by which Michigan Consolidated Gas Company pays a portion of the salary of William G. Woolfolk be and is hereby exempted from the provisions of section 13 (a) for an additional sixty days commencing January 1, 1942 and expiring on March 1, 1942.

The said declarations or applications concerning the following:

Public Service Company of Indiana, Inc. ("Public Service") proposes to purchase from Consolidated Electric and Gas Company ("Consolidated") and Consolidated proposes to sell to Public Service, all of the outstanding securities of Hoosier Public Utility Company ("Hoosier"). These securities consist of:

(a) 17,270 shares of the common capital stock of no par value of Hoosier,

(b) $318,750 principal amount of 6% 10-Year Note due July 1, 1945 of Hoosier, and

(c) $150,000 principal amount of the First Mortgage 5% Sinking Fund Bonds due December 1, 1954 of Hoosier.

The proposed purchase price for the securities of Hoosier is to be as follows:

(a) $1,100,000 in cash,

(b) Interest on Hoosier's 10-Year Note and First Mortgage Bonds referred to above to the date of closing, and

(c) The net earnings of Hoosier applicable to its common stock for the period from January 1, 1941 to date of closing, less the total amount of all payments made by Hoosier to Consolidated during the same period as dividends.

It is proposed that the proceeds of the sale will be used by Consolidated to acquire and retire approximately $1,100,000 principal amount of Central Gas and Electric Company Collateral Trust Bonds (assumed by Consolidated).

It is further proposed that, following the sale, Hoosier will be liquidated through the transfer to Public Service of all of the properties, rights, and assets of Hoosier, the surrender by Public Service to Hoosier of all of its outstanding securities, and the dissolution of Hoosier Public Utility Company.

It appearing to the Commission that it is appropriate and in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declarations or applications (or both) and that said declarations shall not become effective or said applications be granted except pursuant to further order of the Commission and that at said hearing there be considered, among other things, the various matters hereinafter set forth; and

It appearing to the Commission that the matters are related and involve common questions of law and fact; that evidence offered in respect to each of said matters may have a bearing on the other matters; and that substantial savings in time, effort and expense will result if the hearings on these matters are consolidated so they may be heard as one matter, and so that evidence adduced in each matter may stand as evidence in the others for all purposes;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 27, 1942, at 10:00 a. m., in the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On each day the hearing room clerk in room 1102 will advise as to the room in which such hearing will

be held. At such hearing, if in respect of any declaration, cause should be shown why such declaration should become effective; and

It is further ordered, That the hearings on the said matters be, and they hereby are, consolidated. The Commission reserves the right, if at any time it may appear conducive to an orderly and economic disposition of any proceeding or proceedings herein, to order a separate hearing concerning such proceeding or proceedings, to close the record with respect to any of the matters, or to take action on any of the matters prior to the closing of the record in the other matters; and

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated by it for that purpose shall preside at the consolidated hearing in such matters. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice; and

It is further ordered, That without limiting the scope of issues presented by said application or declaration particular attention be directed at said hearing to the following matters and questions:

(1) Whether the acquisition by Public Service of the securities and assets of Hoosier will serve the public interest by tending towards the economical and efficient development of an integrated public utility system.

(2) Whether the payment by Public Service for the assets of Hoosier will affect the financial integrity and working capital of Public Service.

(3) Whether or not the terms and conditions of such sale of securities with respect to the consideration to be received, the maintenance of competitive conditions, fees and considerations, accounts, disclosure of interest, and similar matters are detrimental to the public interest or the interest of investors and consumers.

(4) Whether or not the sale by Consolidated of the Hoosier securities is entitled to be exempted from the provisions of Rule U-50.

(5) Whether or not the sale by Public Service to Hoosier of Hoosier's outstanding securities in return for the assets of Hoosier is entitled to be exempted from the provisions of Rule U-50.

(6) Whether or not the proposed acquisition of its own securities by Consolidated Electric and Gas Company is detrimental to the public interest or the interest of investors and consumers.

(7) Whether it is necessary or appropriate in connection with the approval of any of the transactions to impose any terms or conditions in the public interest or for the protection of investors or consumers.

By the Commission.

IN THE MATTER OF NORTHEASTERN WATER AND ELECTRIC CORPORATION, GENERAL GAS & ELECTRIC CORPORATION, ASSOCIATED ELECTRIC CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 16th day of January, A. D. 1942.

Notice is hereby given that a declaration and an application have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named companies. All interested persons are referred to said document which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Northeastern Water and Electric Corporation proposes to sell and General Gas & Electric Corporation proposes to acquire, for a cash consideration of $75,600, 4,200 shares of $6 Cumulative Preferred Stock of Georgia Power and Light Company, these shares being no par with a liquidating value of $100 per share, the dividend arrearages thereon on November 30, 1941 being $46.75 per share.

Northeastern Water and Electric Corporation proposes to use the proceeds from the sale of the above mentioned securities to acquire from Associated Electric Company the total outstanding capitalization of Clarion Water Company consisting of 600 shares of common stock and an open account indebtedness which as at November 30, 1941 amounted to $172,236.53 principal amount.

Applicants-declarants have designated sections 9 (a), 10, 12 (d), 12 (f) and Rules U-43 and U-44 as being applicable to the proposed transactions;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and Rules of the Commission thereunder be held on February 4, 1942, at 10:00 o'clock A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such declaration and application shall become effective or shall be granted;

Notice is hereby given of said hearing to the above named applicants-declarants and to all interested persons, said Notice to be given to said applicants-declarants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration and application otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the consideration proposed to be paid by General Gas & Electric Corporation for the Preferred Shares of Georgia Power and Light Company is fair and reasonable;

(2) Whether the proposed consideration to be paid Associated Electric Company for Clarion Water Company is fair and reasonable;

(3) Whether the books of Clarion Water Company adequately and properly reflect the facts with respect to its property account, maintenance and depreciation; whether the present open account indebtedness from Clarion Water Company to Associated Electric Company arose under circumstances which make it reasonable that such account be forgiven at this time; and whether Clarion Water Company should be required to restate its accounts to provide for the elimination of a deficit presently existing in its earned surplus account;

(4) Whether the acquisition by General Gas & Electric Corporation of the said preferred stock of Georgia Power and Light Company is in accordance with the applicable standards of the Act, particularly section 10 thereof.

(5) Whether and to what extent the public interest or the interests of investors or consumers requires that action should be taken, at this time or within a specified time, by General Gas & Electric Corporation, either pursuant to a condition upon the consummation of the proposed transaction or otherwise, for the purpose of rehabilitating the corporate structure of Georgia Power and Light Company.

(6) Whether the terms and conditions of the proposed transactions are detrimental to the public interest or the interests of investors or consumers, or will tend to circumvent the provisions of the Act, rules, regulations or orders thereunder, and the extent to which action should be taken and terms and conditions imposed to insure adequate protection of the public interest and compliance with the applicable provisions of the Act.

By the Commission.

IN THE MATTER OF LOUISVILLE GAS AND ELECTRIC COMPANY (KENTUCKY) AND STANDARD GAS AND ELECTRIC COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 16th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Louisville Gas and Electric Company (Ky.) and Standard Gas and Electric Company. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed which are summarized below:

Pursuant to the approval of this Commission (Holding Company Act Release No. 3086), Louisville Gas and Electric Company (Kentucky) offered for sale to the public 150,000 shares of its no par value common stock of which, the Application states, 126,205 shares of such stock remain unsold as of January 12, 1942.

Louisville Gas and Electric Company (Kentucky), a public utility company and a subsidiary of Standard Gas and Electric Company, a registered holding company, proposes to issue and sell for cash to the latter company each month and Standard Gas and Electric Company proposes to purchase commencing with the month of January, 1942, such number of shares of its common stock, without par value at $22.75 per share, as will enable said Louisville Gas and Electric Company to meet its requirements for new money in order to complete its construction program, but not in any month in excess of such number of shares as will, with such shares of stock as may be sold by the said company to the public or to dealers or brokers during such month, yield to the said company an aggregate amount exceeding $500,000.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 27, 1942, at 10:00 o'clock, A. M., at the office of the of said Act and rules of the Commission 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

By the Commission.

EXECUTIVE ORDER

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT AS A CANTONMENT SITE

ALASKA

By virtue of the authority vested in me as President of the United States, it is ordered, subject to valid existing rights, that the public lands in the following-described area be, and they are hereby, withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department as a cantonment site:

Beginning at the point of intersection on the line of the right-of-way of the Alaska Railroad with the common boundary of U. S. Surveys Nos. 242 and 149, in section 34, T. 1 N., R. 1 W., Seward Meridian, in approximate latitude 60°07'30" North, longitude 149°26'15" West.

Thence by metes and bounds:

N. 0°02' E., 1,320.41 feet to corner No. 2 of U. S. Survey No. 149 and corner No. 4 of U. S. Survey No. 242;

S. 89°59'30" W., 536.0 feet, along the north boundary of U. S. Survey No. 242 to corner No. 4 of U. S. Survey No. 1759;

S. 0°03' W., 2,638.79 feet to the south boundary of U. S. Survey No. 242 and corner No. 1 of U. S. Survey No. 1759;

E. 113.98 feet, along south boundary of U. S. Survey No. 242 to intersection of the right-of-way of the Alaska Railroad;

N. 29°06' E., 868.53 feet, along the right-of-way to the point of beginning, containing approximately 29.50 acres.

This order shall take precedence over, but shall not rescind or revoke, Executive Order No. 3264 of April 29, 1920, reserving lands for townsite and other purposes.

It is intended that this order shall be revoked when the lands reserved thereby are no longer needed for military purposes.

PART 920—MILK IN LA PORTE COUNTY, INDIANA, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS OF ORDER NO. 20, AS AMENDED,[1] REGULATING THE HANDLING OF MILK IN THE LA PORTE COUNTY, INDIANA, MARKETING AREA

Pursuant to the powers conferred upon the Secretary of Agriculture by section 8c (16) (A) of the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 608a (16) (A)), it is hereby found that the provisions of the order, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area, which are set forth below, obstruct and do not tend, under present conditions, to effectuate the declared policy of such act, and such provisions are suspended effective as of 11:59 p. m., c. s. t., December 1, 1941.

The provisions of said order, as amended, which are herewith suspended are as follows:

(1) Section 920.1 (a) (9);

(2) The phrase in § 920.5 (a) (1) "and the quantity of such receipts which represents the total of all milk received from producers in excess of their respective bases";

(3) The phrase in § 920.5 (a) (1) "and (c) the portion of such delivery which was in excess of the base of such producer";

(4) Section 920.7 (b) (1);

(5) The words "June, July, August, and September" in § 920.7 (b) (2) and in § 920.8 (a) (2);

(6) Section 920.7 (c);

(7) Section 920.7 (d);

(8) Section 920.8 (a) (1).

Issued at Washington, D. C., on this 16th day of January 1942. Witness my hand and the seal of the Department of Agriculture.

959.20 Effect of termination or amendment.

It is provided in Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), that the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary") shall, subject to the provisions of the act, issue orders regulating such handling of certain agricultural commodities, including Irish potatoes, as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects interstate or foreign commerce in such commodities.

The Acting Secretary, having reason to believe that the execution of a marketing agreement and the issuance of an order would tend to effectuate the declared policy of the act with respect to the establishment and maintenance of such orderly marketing conditions for Irish potatoes grown in the counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California, as would establish prices to the producers of such Irish potatoes at a level that would give such Irish potatoes a purchasing power, with respect to articles that the producers thereof buy, equivalent to the purchasing power of such Irish potatoes during the base period, August 1919–July 1929, conducted a public hearing in Klamath Falls, Oregon, on July 10, 1941, pursuant to notice duly given to all interested parties, on a proposed marketing agreement and a proposed order regulating such handling of such Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in such Irish potatoes; and at the aforesaid hearing all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order. The aforesaid hearing held in Klamath Falls, Oregon, on July 10, 1941, was reopened, pursuant to notice duly given by the Under Secretary on August 1, 1941, and said hearing thus reopened was held in San Francisco, California, on August 18, 1941, pursuant to the aforesaid notice given by the Under Secretary on August 1, 1941, with respect to the proposed marketing agreement and the proposed order regulating such handling of said Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in said Irish potatoes; and at the aforesaid hearing in San Francisco, California, on August 18, 1941, all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order.

Upon the basis of the evidence introduced at the aforesaid hearing in Klamath Falls, Oregon, on July 10, 1941, and the aforesaid hearing in San Francisco, California, on August 18, 1941, and the record thereof, it is hereby found that:

§ 959.1 *Findings.* (a) The terms and provisions of this part prescribe, so far as practicable, such different terms, applicable to different production areas, as are necessary in order to give due recognition to the difference in production and marketing of such Irish potatoes;

(b) This part is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to any subdivision of said production area specified herein would not effectively carry out the declared policy of the act; and

(c) This part and all of the terms and conditions of this part will tend to effectuate the declared policy of the act with respect to Irish potatoes produced in said production area, specified in this order, by establishing and maintaining such orderly marketing conditions therefor as will tend to establish prices to the producers thereof at a level that will give such Irish potatoes a purchasing power, with respect to the articles that the producers thereof buy, equivalent to the purchasing power of such Irish potatoes in the base period, August 1919–July 1929, and by protecting the interest of the consumer by (1) approaching the level of prices which it is declared in the act

[1] See also Department of Agriculture, Surplus Marketing Administration, *infra*.

to be the policy of Congress to establish by a gradual correction of the current level of prices at as rapid a rate as the Secretary deems to be in the public interest and feasible in view of the current consumptive demand in domestic and foreign markets, and (2) by authorizing no action which has for its purpose the maintenance of prices to producers of such Irish potatoes above the level which it is declared in the act to be the policy of Congress to establish.

The marketing agreement, drafted subsequent to, and upon the basis of the evidence adduced at, the aforesaid hearing in Klamath Falls on July 10, 1941, and the hearing in San Francisco, California, on August 18, 1941, was tentatively approved by the Acting Secretary on September 16, 1941. Subsequent to the tentative approval of the marketing agreement on September 16, 1941, handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping Irish potatoes grown in the aforesaid area) of more than fifty (50) per centum of the volume of such Irish potatoes, produced in said production area, refused or failed to sign such tentatively approved marketing agreement. It was determined on the 13th day of January 1942, in accordance with the provisions of the act, and such determination was approved by the President of the United States on the 14th day of January 1942, that:

(d) The aforesaid refusal or failure of said handlers to sign said tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act with respect to such Irish potatoes;

(e) The issuance of this part, which regulates the handling of such Irish potatoes in the same manner as the tentatively approved marketing agreement and is applicable only to persons in the respective classes of industrial or commercial activity specified in the tentatively approved marketing agreement, is the only practical means, pursuant to such act, of advancing the interests of the producers of such Irish potatoes; and

(f) The issuance of this part is approved or favored by at least two-thirds of the producers who participated in the referendum conducted by the Acting Secretary and who, during the representative period determined by the acting Secretary, were engaged, within the production area specified herein, in the production for market of the commodity specified herein.*

*§§ 959.1 to 959.20, inclusive, issued under the authority contained in 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246, 52 Stat. 215, 53 Stat. 782; 7 U.S.C. and Sup., 601 et seq.

§ 959.2 *Order relative to handling.* It is, therefore, ordered, pursuant to the findings and determinations set forth in § 959.1 and pursuant to the aforesaid act, that such handling of Irish potatoes produced in the counties of Crook, Deschutes, and Klamath in the State of Oregon and Modoc and Siskiyou in the State of California, as is in the current of interstate or foreign commerce between the aforesaid area and any point outside thereof in continental United States, Alaska, or Canada, or so as directly to burden, obstruct, or affect such commerce, shall, from and after the time hereinafter specified, be in conformity to and in compliance with the terms and conditions of this part.*

§ 959.3 *Definitions.* As used in this part, the following terms have the following meanings:

(a) "Secretary" means the Secretary of Agriculture of the United States, or the Under Secretary of Agriculture of the United States, or the Assistant Secretary of Agriculture of the United States, or any employee of the United States Department of Agriculture who is authorized to perform the duties of the Secretary under the act.

(b) "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246 (1937), 7 U.S.C. § 601 et seq., Sup. V, 1939), as amended.

(c) "Person" means an individual, partnership, corporation, association, legal representative, or any organized group or business unit of individuals.

(d) "Area" means and includes the counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California.

(e) "Potatoes" means and includes all varieties of Irish potatoes grown within the aforesaid area.

(f) "Handler" is synonymous with "shipper" and means any person (except a common carrier of potatoes owned by another person) who first ships potatoes in fresh form.

(g) "Ship" means to transport, sell, or in any other way to ship or place potatoes in the current of interstate or foreign commerce between the aforesaid area and any point outside thereof in continental United States, Alaska, or Canada, or so as directly to burden, obstruct, or affect such commerce.

(h) "Producer" means any person engaged in the production of potatoes for market.

(i) "Fiscal period" means the period beginning on July 1 of each year and ending on June 30 of the following year.

(j) "U. S. Standards for Potatoes" means the United States Standards for Potatoes issued by the Secretary on April 30, 1940, effective on May 15, 1940, and such modification thereof as may hereafter be issued by the Secretary.

(k) "Culls" means potatoes which do not meet the requirements set forth in § 959.4 or a modification thereof made effective by the Secretary.*

§ 959.4 *General cull regulation*—(a) *Limitation of shipments.* The Secretary shall issue an order, whenever he determines that the initial committee herein provided for is prepared to exercise its powers and perform its duties herein assigned, which will provide for the regulation pursuant to this section being and becoming effective at the time specified in said order. After the effective time specified in said order issued pursuant to the provisions of this paragraph, no handler shall, except as provided herein, ship potatoes which do not meet the requirements of the U. S. No. 2 or better grade, as such grades are defined in said U. S. Standards for Potatoes, except that a mixture of varieties may be shipped: *Provided*, That no potatoes of the U. S. No. 2 grade or better grades, as defined in said U. S. Standards for Potatoes, which are less than 1½ inches in diameter, may be shipped in addition to the tolerance by weight for undersize as specified for the respective grade in said U. S. Standards for Potatoes.

(b) *Suspension or modification.* The Administrative Committee may recommend to the Secretary the suspension or modification of paragraph (a) of this section, and each such recommendation should be accompanied by supporting information. If the Secretary finds, upon the basis of such recommendation and information submitted by said committee, or upon the basis of other available information, that to do so will tend to effectuate the declared policy of the act, he shall suspend the operation of paragraph (a) of this section, or modify the regulation thereof, so as to permit the shipment of potaoes, the shipment of which otherwise would be prohibited pursuant to paragraph (a) of this section. Such suspension or modification may be made applicable, during a specified period, to any or all varieties of potatoes. In like manner and upon the same basis, the Secretary may terminate any such suspension or modification.

(c) *Notice.* No regulation issued by the Secretary, pursuant to the provisions of this section, shall become effective within less than two days subsequent to the day of issuance thereof. A copy of each regulation, issued by the Secretary pursuant to the provisions of this section, shall be forwarded promptly to the Administrative Committee; and said Administrative Committee shall give such notice thereof as may be reasonably calculated to bring each such regulation to the attention of all interested parties.*

§ 959.5 *Grade, size, and quality regulations*—(a) *Marketing policy.* The Administrative Committee shall, prior to making any recommendation pursuant to this section or § 959.4, submit to the Secretary a detailed report setting forth the marketing policy with respect to the shipment of potatoes which the committee deems advisable for the ensuing shipping season. Additional reports shall be submitted, from time to time, in the event that it is deemed advisable by the committee to adopt a new marketing policy in view of changed demand and supply conditions with respect to potatoes. The committee shall publicly announce the submission of each such marketing policy report, and copies thereof shall be made available at the office of the committee for inspection by any producer or handler. In determining each such marketing policy the committee shall give due consideration to the following factors relating to potatoes produced in the area and in other States: (1) the available crop of potatoes, including the grades and sizes thereof, in the area and in other States; (2) probable shipments of potatoes from other States which compete with potato shipments from the area; (3) the level and trend in consumer income; and (4) other pertinent factors bearing on the marketing of potatoes.

(b) *Committee recommendations.* (1) Whenever the Administrative Committee deems it advisable, in order to effectuate the declared policy of the act, to regulate the shipment of potatoes, grown in the area, by grades, sizes, or qualities, or combinations thereof, during any specified period, it shall so recommend to the Secretary. In making such recommendations such committee shall give due consideration to the following factors: (i) market prices, including prices by grades and sizes of potatoes for which regulation is recommended; (ii) potatoes on hand in the market areas as manifested by supplies en route and on track at the principal markets; (iii) available supply, maturity, and conditions of potatoes in the area, including the grades and sizes of potatoes remaining in the area; (iv) supplies from competitive regions producing potatoes; and (v) the trend in consumer income.

(2) At the time of submitting such recommendation the Administrative Committee shall furnish to the Secretary the pertinent data and information upon which it acted in making such recommendation; and, also, the committee shall submit such other data and information as the Secretary may request.

(c) *Establishment of regulations.* Whenever the Secretary shall find, from the recommendation and information submitted by the Administrative Committee, or from other available information, that to limit the shipment of potatoes would tend to effectuate the declared policy of the act, he shall, during the period specified in the regulation thus issued by the Secretary, limit the shipments of potatoes grown in such area to potatoes of specified grades, sizes, or qualities, or combinations thereof, and any such limitation may apply to any or all varieties and may specify tolerances for particular defects in quality.

(d) *Exemption certificates.* (1) Before the institution of any limitation of shipments pursuant to this section, the Administrative Committee shall adopt procedural rules pursuant to which exemption certificates will be issued to producers; and such procedural rules shall become effective upon approval by the Secretary. The Administrative Committee shall, after the procedural rules have been approved by the Secretary, give such notice thereof as may be reasonably calculated to bring such rules to the attention of all interested persons. In the event the Secretary issues a regulation pursuant to this section, the committee shall determine the percentage which the quantity of grades, sizes, and qualities of potatoes permitted to be shipped under such regulation is of the total quantity of such potatoes, except culls, which would be available for shipment in the area in the absence of such regulation; and the committee shall forthwith announce such percentage. An exemption certificate shall thereafter be issued to any producer in the area who furnishes proof, satisfactory to the Administrative Committee, that he will be prevented, because of the regulation established, from shipping as large a percentage of any specified variety or varieties, except culls, as the percentage for all producers of the variety or varieties in the area. Such exemption certificate shall permit the respective producer to whom the certificate is issued to ship or have shipped a quantity of the restricted or prohibited grades, sizes, and qualities sufficient to permit the respective producer to ship or have shipped as large a proportion of his crop, except culls, of each such variety of potatoes, grown in such area, as the average for all producers of the particular variety, except culls, in the area. The Administrative Committee shall maintain a record of all applications submitted for exemption certificates, pursuant to the provisions of this section; and the committee shall maintain a record of all certificates issued, including the information used in determining in each instance the quantity of potatoes thus to be exempted, together with a record of all shipments of exempted potatoes; and such additional information shall be recorded in the records of the committee as the Secretary may specify. The committee shall, from time to time, submit to the Secretary reports stating in detail the number of exemption certificates issued, the quantity of potatoes thus exempted, and such additional information as may be requested by the Secretary.

(2) The Administrative Committee may authorize an employee to receive applications for exemption certificates, make the necessary investigation with regard to whether an exemption certificate should be issued and, if so, the quantity of potatoes which should be thus exempted, and issue for and on behalf of the committee an exemption certificate: *Provided*, That the committee shall not authorize an employee or employees (i) to determine the grades, sizes, and qualities, or combinations thereof, of potatoes grown in such area which would be available for shipment in the absence of any regulation, or (ii) to determine the percentage that the quantity of a particular variety or varieties of potatoes, grown in such area, permitted to be shipped, pursuant to regulation, is of the quantity which would have been shipped in the absence of regulation.

(3) If any producer is dissatisfied with the determination of an employee or employees who have exercised jurisdiction with regard to the application submitted by the respective producer, such producer may appeal to the committee: *Provided*, That such appeal must be taken promptly after the decision by the respective employee or employees. If any producer is dissatisfied with the determination by the committee with respect to the producer's application for an exemption certificate or with regard to an appeal, as aforesaid, by said producer from the determination of an employee or employees, such producer may appeal to the Secretary: *Provided*, That such appeal shall be taken promptly after the determination by the committee. The Secretary may, upon an appeal as aforesaid, modify or reverse the action of the committee from which such appeal was taken. The authority of the Secretary to supervise and control the issuance of exemption certificates is unlimited and plenary; and any determination by the Secretary with respect to an exemption certificate, the application for an exemption certificate, or an appeal from the action of the committee with respect to an application for an exemption certificate shall be final and conclusive.

(e) *Notice.* No regulation issued by the Secretary pursuant to the provisions of this section shall become effective within less than two days subsequent to the day of issuance thereof. A copy of each regulation, issued by the Secretary pursuant to this section, shall be forwarded promptly to the Administrative Committee, and thereupon the committee shall give such notice thereof as may be reasonably calculated to bring such regulation to the attention of all interested parties.*

§ 959.6 *Inspection and certification.* During any period in which the shipment of potatoes is regulated pursuant to the provisions of § 959.4 or § 959.5, each handler shall, prior to making each shipment of potatoes, cause each such shipment to be inspected by a Federal or Federal-State Inspector: *Provided*, That this requirement shall not be applicable (a) to any shipment of potatoes which has been so inspected, (b) to any shipment of potatoes for seed purposes in containers bearing the official seed certification tag of the State from which the respective shipment is made, or (c) to any shipment of potatoes for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies. Each handler shall, promptly after making each shipment of potatoes, submit to the Administrative Committee a copy of the certificate or memorandum issued by the Federal-State Inspection Service with regard to the respective shipment of potatoes, and such certificate or memorandum shall state the grade, size, and quality of the potatoes in such shipment.*

§ 959.7 *Compliance.* Except as provided in this part no handler shall ship potatoes, the shipment of which has been prohibited in accordance with this part; and no handler shall ship potatoes except in conformity with the provisions of this part, and the provisions of the regulations, if any, issued by the Secretary pursuant to the provisions of this part.*

§ 959.8 *Shipments which are exempt*—(a) *Certified seed potatoes.* Potatoes officially certified as seed potatoes by the official seed potato certification agency of the State from which the respective shipment is made shall be exempt, when shipped for seed purposes in containers bearing the official State seed certification tag of the respective State, from regulation under the provisions of § 959.4 or § 959.5. The Secretary may prescribe, on the basis of the recommendation and information submitted by the Administrative Committee, or on the basis of other available information, adequate safeguards to prevent such seed potatoes, shipped as aforesaid, from entering the commercial channels of trade other than as seed potatoes for use as seed.

(b) *Potatoes for charitable, relief, or by-product purposes.* Potatoes shipped for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies, or potatoes shipped for manufacturing purposes for conversion into by-products shall be exempt from the provisions of § 959.4 and exempt from the provisions of any regulation issued pursuant to § 959.5. The Secretary may prescribe, on the basis of the recommendation and the information submitted by the Administrative Committee, or on the basis of other available information, adequate safeguards to prevent potatoes shipped to charitable institutions or for distribution by relief agencies or for manufacturing purposes for conversion into by-products from entering the commercial channels of trade for any other purpose.

(c) *Potatoes for feed for livestock.* The Secretary may prescribe, on the basis of the recommendation and information submitted by the Administrative Committee, or on the basis of other available information, that potatoes shipped for feed for livestock shall be exempt from the provisions of any regulation issued pursuant to § 959.5(c). The Secretary may prescribe, on the basis of the recommendation and information submitted by the committee, or on the basis of other available information, adequate safeguards to prevent potatoes thus shipped for feed for livestock from entering commercial channels of trade for any other purpose.*

§ 959.9 *Administrative Committee—*(a) *Membership and organization.* (1) The Administrative Committee, consisting of nine members, is hereby established to administer the terms and provisions of this part; and the members of said Administrative Committee and their respective alternates shall be selected in accordance with the provisions of this part. The initial members of the Administrative Committee and their respective alternates shall be selected by the Secretary as soon as reasonably possible after the effective date of this part. In thus selecting the initial members and their respective alternates, the Secretary may consider such nominations or suggestions, if any, as may be submitted by producers and handlers, respectively, and such nominations or suggestions may be by virtue of elections conducted by groups of producers and groups of handlers prior to, or immediately subsequent to, the effective date of this part. The members of the Administrative Committee and their respective alternates selected subsequent to the initial members and their alternates shall be selected in accordance with the provisions hereinafter set forth. Each of the initial members and his respective alternate shall serve for a term ending on June 30, 1942, and, in the event that the respective person's successor has not been selected and qualified by June 30, 1942, such person shall serve until his successor has been selected and qualified.

(2) The Administrative Committee shall, subsequent to the period ending on June 30, 1942, have the following number of members who shall be selected from the indicated districts of the area:

(i) District 1: Two producers and one handler from the counties of Crook and Deschutes in the State of Oregon;

(ii) District 2: Two producers and one handler from Klamath County in the State of Oregon; and

(iii) District 3: Two producers and one handler from Modoc and Siskiyou counties in the State of California.

(3) There shall be an alternate member for each member of the Administrative Committee; and each such alternate member shall have the same qualifications and shall be selected in the same manner as the respective member for whom such individual serves as an alternate. The alternate for a member of the committee shall, in the event of the respective member's absence, act in the place of said member; and in the event of such member's removal, resignation, disqualification, or death, the alternate for said member shall, until a successor for the unexpired term of said member has been selected, act in the place of said member.

(4) The producers who may be selected as members of the Administrative Committee, subsequent to the period ending on June 30, 1942, shall be individuals who are producers of potatoes in the respective district for which selected or officers or employees of a corporate producer or corporate producers in such district: *Provided*, That no producer shall be eligible for selection on said committee if such producer has been, during the then current fiscal period, engaged in handling potatoes other than potatoes of his own production, except as an officer or employee of a producers' cooperative marketing association. The handlers who may be selected as members of the Administrative Committee, subsequent to the period ending on June 30, 1942, shall be individuals who are handlers of potatoes in the respective district for which selected or officers or employees of a handler or handlers in such district.

(b) *Nomination and selection of succeeding members of Administrative Committee.* (1) The Administrative Committee shall, after the year 1941, hold or cause to be held prior to June 15 of each year a meeting of producers and a meeting of handlers, in each of the districts designated in paragraph (a) of this section, for the purpose of designating nominees from among whom the Secretary shall select members and alternates of the committee; and at each such meeting at least two nominees shall be designated for each position as member and at least two nominees shall be designated for each position as alternate member on the committee as representative or representatives of the respective district. Each producer is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for membership on the committee for the respective district in which such producer is engaged in producing potatoes: *Provided*, That in the event a producer is engaged in producing potatoes in more than one district, such producer shall elect the district within which he shall participate in designating nominees as aforesaid. Each producer shall be entitled to cast only one vote regardless of the number of districts in which he produces potatoes. Only producers may participate in designating producer nominees. Only handlers may participate in designating nominees for handler members and alternates. Each handler is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for membership on the committee for the respective district in which such handler is engaged in handling potatoes: *Provided*, That in the event a handler is engaged as a handler in more than one district, such handler shall elect the district within which he may participate in designating nominees. Each handler shall be entitled to cast only one vote regardless of the number of districts in which he may be engaged as a handler. The Secretary shall select the producer members of the Administrative Committee and their respective alternates, subsequent to the initial members and alternates, from nominations made by producers as provided in this section. The Secretary shall select the handler members of the Administrative Committee and their respective alternates, subsequent to the initial members and alternates, from nominations, made by handlers as provided in this section.

(2) In the event nominations are not made for membership on the committee, pursuant to the provisions of subparagraph (1) of this paragraph, by June 15 of the respective year, the Secretary may select such members and their respective alternates without waiting for nominees to be designated. To fill any vacancy occasioned by the failure of any person, selected as a member of the Administrative Committee or as an alternate member thereof, to qualify, or in the event of the death, removal, resignation, or disqualification of any qualified member or alternate, a successor for his unexpired term shall be selected by the Secretary.

(3) Each person selected as a member of the Administrative Committee, or as an alternate member thereof, shall promptly qualify by filing with the Secretary a written acceptance of the appointment.

(4) The members of the Administrative Committee and their respective alternates shall be selected to serve for a fiscal period and, if their successors have not been selected and qualified prior to the end of the respective fiscal period, each such member or alternate shall continue to serve until his respective successor shall have been selected and qualified.

(c) *Compensation.* Each member and each alternate serving in place of a member of the Administrative Committee may receive compensation in an amount not in excess of five ($5.00) dollars per day for attendance at each meeting of the committee; and, in addition to said per diem, the aforesaid member and alternate may be reimbursed for necessary expenses actually incurred in attending each such meeting.

(d) *Procedure.* (1) The Administrative Committee may, upon the selection and qualification of a majority of its members, organize and commence to function. A majority of all members shall be necessary to constitute a quorum of the committee.

(2) For any decision of the Administrative Committee to be valid, a majority of the votes of all members shall be necessary. Except as provided herein, each member, or alternate member when acting as a member, shall vote in person.

(3) The Administrative Committee may provide for the members thereof, including the alternate members when acting as members, to vote by mail, telegraph, or radiograph; and any such vote which is not cast in person at a meeting shall be confirmed promptly in writing.

(4) The Administrative Committee shall select a chairman, a secretary, and such other officers as it may deem advisable; and the committee shall adopt such rules, not inconsistent with the provisions of this part, relative to the method of conducting its business, as it may deem advisable. The Administrative Committee shall give to the Secretary the same notice of its meetings as is given to the members thereof.

(e) *Powers.* The Administrative Committee shall have the following powers:

(1) To administer, as herein specifically provided, the terms and provisions of this part;

(2) To make, in accordance with the provisions of this part, administrative rules and regulations;

(3) To receive, investigate, and report to the Secretary complaints of violations of the provisions of this part; and

(4) To recommend to the Secretary amendments to this part.

(f) *Duties.* The Administrative Committee shall have the following duties:

(1) To act as intermediary between the Secretary and any producer or handler;

(2) To keep minutes, books, and records which will clearly reflect all of its acts and transactions, and such minutes, books, and records shall at all times be subject to examination by the Secretary or his authorized agent or representative;

(3) To furnish the Secretary such available information as may be requested by the Secretary;

(4) To select such employees as it may deem necessary, and to determine the salaries and define the duties of such employees;

(5) To cause its books to be audited by one or more competent accountants at least once each fiscal period, and at such other times as it deems necessary or as the Secretary may request, and to file with the Secretary a copy of each such audit report;

(6) To prepare from time to time statements of the financial operations of the committee and to make such statements, together with the minutes of the meetings of said committee, available for inspection by any producer or handler at the office of the committee;

(7) To perform such duties in connection with the administration of section 32 of the Act to Amend the Agricultural Adjustment Act, and for other purposes, Public Act No. 320, 74th Congress (August 24, 1935), as amended, as may from time to time be assigned to the respective committee by the Secretary;

(8) To submit to the Secretary such available information as may be requested by the Secretary; and

(9) To consult with any other committee established under any marketing agreement and order program, pursuant to the aforesaid act, with respect to the handling of potatoes grown in any region outside of the area.

(g) *Funds.* All funds received by the Administrative Committee pursuant to any provision of this part shall be used solely for the purposes herein specified and shall be accounted for in the following manner: (1) The Secretary may, at any time, require the committee and its members to account for all receipts and disbursements; and (2) whenever any person ceases to be a member of the committee, he shall account for all receipts and disbursements and deliver all property and funds in his hands, together with all books and records in his possession, to his successor in office or to such person as the Secretary may designate, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor or in such designated person the right to all the property, funds, or claims vested in such member.*

§ 959.10 *Right of the Secretary.* The members of the Administrative Committee provided for herein, including successors and alternates thereof, and any agent or employee appointed or employed by the committee shall be subject to removal or suspension at any time by the Secretary. Each and every order, regulation, determination, decision, or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of such order, regulation, decision, determination, or other act; and, upon such disapproval at any time, such action by a committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.*

§ 959.11 *Expenses and assessments—*(a) *Expenses.* The Administrative Committee is authorized to incur such expenses as the Secretary finds may be necessary to enable the committee to perform its functions, in accordance with the provisions of this part, during each fiscal period. The funds to cover such expenses shall be acquired by the levying of assessments, as herein provided, upon handlers.

(b) *Assessments.* (1) Each handler who ships potatoes shall pay, upon demand, to the Administrative Committee such handler's pro rata share of the expenses which the Secretary finds will be necessarily incurred by the committee for its maintenance and functioning during each fiscal period: *Provided*, That no assessment shall be paid for a shipment or shipments of potatoes for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies. Such handler's pro rata share of such expenses shall be equal to the ratio between the total quantity of potatoes shipped by such handler, during the applicable fiscal period, and the total quantity of potatoes shipped by all handlers during the same fiscal period. The Secretary shall specify the rate of assessment to be paid by such handlers: *Provided*, That the assessment rate shall not be in excess of $1.00 for each carload or each truckload weighing more than 20,000 pounds; and the assessment rate shall not be in excess of 50 cents for each carload, part carload, truckload, or part truckload weighing 20,000 pounds or less.

(2) The Secretary may, at any time during or after a fiscal period, increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses of the respective committee. Any such increase in the rate of assessment shall be applicable to all potatoes shipped during the specified fiscal period. In order to provide funds to enable the Administrative Committee to perform its functions hereunder, handlers may make advance payment of assessments.

(c) *Accounting.* (1) If, at the end of any fiscal period, the assessments collected are in excess of expenses incurred, each handler entitled to a proportionate refund shall be credited with such refund, unless such handler demands payment thereof, in which case such sum shall be paid to the respective handler.

(2) The Administrative Committee may, with the approval of the Secretary, maintain in its own name or in the name of its members a suit against any handler for the collection of such handler's pro rata share of expenses.

(d) *Funds.* All money collected by the Administrative Committee pursuant to the provisions of this part shall be used solely for the purposes herein specified and shall be accounted for in the manner herein provided. The Secretary may, at any time, require the Administrative Committee and the members thereof, including alternate members when serving as members, to account for all receipts and disbursements.*

§ 959.12 *Reports.* For the purpose of enabling the Administrative Committee to perform its functions pursuant to the provisions of this part, each handler shall furnish to the committee, in such form and at such times and substantiated in such manner as shall be prescribed by the committee and approved by the Secretary, such information as may thus be requested by the committee, subject to approval by the Secretary, with regard to each shipment of potatoes.*

§ 959.13 *Effective time and termination—*(a) *Effective time.* The provisions of this part shall become effective at such time as the Secretary may declare above his signature attached hereto, and shall continue in force until terminated in one of the ways hereinafter specified.

(b) *Termination.* (1) The Secretary may, at any time, terminate the provisions of this part by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(2) The Secretary may terminate or suspend the operation of any or all of the provisions of this part whenever he finds that such provision or provisions do not tend to effectuate the declared policy of the act.

(3) The Secretary shall terminate the provisions of this part at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during the then preceding fiscal period, have been engaged in the production of potatoes for market: *Provided*, That such majority has, during such period, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced on or before June 30 of the then current fiscal period.

(4) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.* (1) Upon the termination of the provisions of this part, the then functioning members of the Administrative Committee shall continue as trustees, for the purpose of liquidating the affairs of the said committee, of all the funds and property then in the possession of or under control of such committee, including claims for any funds unpaid or property not delivered at the time of such termination. The procedural rules governing the activities of said trustees, including but not being limited to the determination as to whether action shall be taken by a majority vote of the trustees, shall be prescribed by the Secretary.

(2) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Administrative Committee and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person the right to all of the funds, property, and claims vested in the committee or the trustees pursuant hereto.

(3) Any person to whom funds, property, or claims have been transferred or delivered by the Administrative Committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of said committee and upon the said trustees.*

§ 959.14 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of the regulation in this part shall cease upon the termination of this part, except with respect to acts done under and during the existence of this part.*

§ 959.15 *Agents.* The Secretary may, by designation in writing, name any person, including any officer or employee of the Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.*

§ 959.16 *Derogation.* Nothing contained herein is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.*

§ 959.17 *Personal liability.* No member or alternate of said committee, nor any employee thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such members, alternates, or employees, except for acts of dishonesty.*

§ 959.18 *Separability.* If any provision of this part is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder hereof, or the applicability thereof to any other person, circumstance, or thing, shall not be affected thereby.*

§ 959.19 *Amendments.* Amendments to this part may be proposed, from time to time, by the Administrative Committee or by the Secretary.*

§ 959.20 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this part or of any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen prior thereto, or (b) release or extinguish any violation of this part or of any regulation issued under this part, or (c) affect or impair any right or remedy of the United States, or the Secretary, or of any other person with respect to any such violation.*

Issued at Washington, D. C., this 17th day of January 1942, to be effective on and after 12:01 a. m., P. s. t., January 26, 1942. Witness my hand and the seal of the Department of Agriculture.

It is provided in Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), that the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary") shall, subject to the provisions of the act, issue orders regulating such handling of certain agricultural commodities, including Irish potatoes, as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects interstate or foreign commerce in such commodities.

The Under Secretary, having reason to believe that the execution of a marketing agreement and the issuance of an order would tend to effectuate the declared policy of the act with respect to the establishment and maintenance of such orderly marketing conditions for Irish potatoes grown in the States of Michigan, Wisconsin, Minnesota, and North Dakota, as would establish prices to the producers of such Irish potatoes at a level that would give such Irish potatoes a purchasing power, with respect to articles that the producers thereof buy, equivalent to the purchasing power of such Irish potatoes during the base period, August 1919–July 1929, conducted a public hearing in Cadillac, Michigan, on August 11 and 12, 1941, Grand Forks, North Dakota, on August 11, 1941, Antigo, Wisconsin, on August 14, 1941, and St. Paul, Minnesota, on August 14, 1941, pursuant to notice duly given to all interested parties, on a proposed marketing agreement and a proposed order regulating such handling of such Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in such Irish potatoes; and at the aforesaid hearing all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order.

Upon the basis of the evidence introduced at the aforesaid hearing and the record thereof, is it hereby found that:

§ 960.1 *Findings.* (a) The terms and provisions of this part prescribe, so far as practicable, such different terms, applicable to different production areas, as are necessary in order to give due recognition to the difference in production and marketing of such Irish potatoes;

(b) This part is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to any subdivision of said production area specified herein would not effectively carry out the declared policy of the act; and

(c) This part and all of the terms and conditions of this part will tend to effectuate the declared policy of the act with respect to Irish potatoes produced in said production area, specified in this order, by establishing and maintaining such orderly marketing conditions therefor as will tend to establish prices to the producers thereof at a level that will give such Irish potatoes a purchasing power, with respect to the articles that the producers thereof buy, equivalent to the purchasing power of such Irish potatoes in the base period, August 1919–July 1929, and by protecting the interest of the consumer by (1) approaching the level of prices which it is declared in the act to be the policy of Congress to establish by a gradual correction of the current level of prices at as rapid a rate as the Secretary deems to be in the public interest and feasible in view of the current consumptive demand in domestic and foreign markets, and (2) by authorizing no action which has for its purpose the maintenance of prices to producers of such Irish potatoes above the level which it is declared in the act to be the policy of Congress to establish.

The marketing agreement, drafted subsequent to, and upon the basis of the evidence adduced at, the aforesaid hearing, was tentatively approved by the Acting Secretary on October 2, 1941. Subsequent to the tentative approval of the marketing agreement on October 2, 1941, handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping Irish potatoes grown in the aforesaid area) of more than fifty (50) per centum of the volume of such Irish potatoes, produced in said production area, refused or failed to sign such tentatively approved marketing agreement. It was determined on the 13th day of January 1942, in accordance with the provisions of the act, and such determination was approved by the President of the United States on the 14th day of January 1942, that:

(d) The aforesaid refusal or failure of said handlers to sign said tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act with respect to such Irish potatoes;

(e) The issuance of this part, which regulates the handling of such Irish potatoes in the same manner as the tentatively approved marketing agreement and is applicable only to persons in the respective classes of industrial or commercial activity specified in the tentatively approved marketing agreement, is the only practical means, pursuant to such act, of advancing the interests of the producers of such Irish potatoes; and

(f) The issuance of this part is approved or favored by at least two-thirds of the producers who participated in the referendum conducted by the Acting Secretary and who, during the representative period determined by the Acting Secretary, were engaged, within the production area specified in this part, in the production for market of the commodity specified in this part.*

*§§ 960.1 to 960.21, inclusive, issued under the authority contained in 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246, 52 Stat. 215, 53 Stat. 762; 7 U.S.C. 1940 ed. 601 et seq.

§ 960.2 *Order relative to handling.* It is, therefore, ordered, pursuant to the findings and determinations set forth in § 960.1 and pursuant to the aforesaid act, that such handling of Irish potatoes produced in the States of Michigan, Wisconsin, Minnesota, and North Dakota, as is in the current of commerce between any State in the aforesaid area and any point outside of the respective State, or so as directly to burden, obstruct, or affect such commerce, shall from and after the time hereinafter specified, be in conformity to and in compliance with the terms and conditions of this part.*

§ 960.3 *Definitions.* As used in this part, the following terms have the following meanings:

(a) "Secretary" means the Secretary of Agriculture of the United States; the Under Secretary of Agriculture of the United States; the Assistant Secretary of Agriculture of the United States; or any officer or employee of the United States Department of Agriculture to whom the Secretary of Agriculture of the United States has heretofore lawfully delegated, or to whom the Secretary of Agriculture of the United States may hereafter lawfully delegate, the authority to act in his stead.

(b) "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246 (1937), 7 U.S.C. § 601 et seq., Supp. V, 1939), as amended.

(c) "Person" means an individual, partnership, corporation, association, legal representative, or any organized group or business unit of individuals.

(d) "Area" means and includes the States of Michigan, Wisconsin, Minnesota, and North Dakota.

(e) "Potatoes" means and includes all varieties of Irish potatoes grown within the aforesaid area.

(f) "Handler" is synonymous with "shipper" and means any person (except a common carrier of potatoes owned by another person) who first ships potatoes in fresh form.

(g) "Ship" or "handle" means to transport, sell, or in any other way to ship or place potatoes in the current of commerce between any State in the aforesaid area and any point outside of the respective State, or so as directly to burden, obstruct, or affect such commerce: *Provided*, That the act of any producer in transporting potatoes, grown by the respective producer, to the nearest customary grading, storing, or loading point for the purpose of having said potatoes thus graded, stored, or loaded for shipment, shall not constitute an act of shipping.

(h) "Producer" means any person engaged in the production of potatoes for market.

(i) "Fiscal period" means the period beginning on July 1 of each year and ending on June 30 of the following year.

(j) "U. S. Standards for Potatoes" means the United States Standards for Potatoes issued by the Secretary on April 30, 1940, effective on May 15, 1940, and such modification thereof as may hereafter be issued by the Secretary.

(k) "Culls" means potatoes which do not meet the requirements set forth in § 960.4 or a modification thereof made effective by the Secretary.*

§ 960.4 *General cull regulation—(a) Limitation of shipments.* The Secretary shall issue an order, whenever he determines that the initial committees herein provided for are prepared to exercise their powers and perform their duties herein assigned, which will provide for the regulation pursuant to this section being and becoming effective at the time specified in said order. After the effective time specified in said order issued pursuant to the provisions of this paragraph, no handler shall, except as provided herein, ship potatoes which do not meet the requirements of the U. S. No. 2 or better grade, as such grades are defined in said U. S. Standards for Potatoes, except that a mixture of varieties may be shipped: *Provided*, That no potatoes of the U. S. No. 2 grade or better grades, as defined in said U. S. Standards for Potatoes, which are less than 1½ inches in diameter, may be shipped in addition to the tolerance by weight for undersize as specified for the respective grade in said U. S. Standards for Potatoes.

(b) *Suspension or modification.* The North Central Potato Committee may recommend to the Secretary the suspension or modification of paragraph (a) of this section, and each such recommendation should be accompanied by supporting information. If the Secretary finds, upon the basis of such recommendation and information submitted by said committee, or upon the basis of other available information, that to do so will tend to effectuate the declared policy of the act, he shall suspend the operation of paragraph (a) of this section, or modify the regulation thereof, so as to permit the shipment of potatoes, the shipment of which otherwise would be prohibited pursuant to paragraph (a) of this section. Such suspension or modification may be made applicable, during a specified period, to any or all varieties of potatoes, in any portion or all of the production area. In like manner and upon the same basis, the Secretary may terminate any such suspension or modification.

(c) *Notice.* No regulation issued by the Secretary, pursuant to the provisions of this section, shall become effective within less than two days subsequent to the day of issuance thereof. A copy of each regulation, issued by the Secretary pursuant to the provisions of this section, shall be forwarded promptly to the North Central Potato Committee; and said North Central Potato Committee shall give such notice thereof as may be reasonably calculated to bring each such regulation to the attention of all interested parties.*

§ 960.5 *Grade, size, and quality regulations*—(a) *Marketing policy.* The State Committee for each of the States included in the production area and the North Central Potato Committee, severally, shall, prior to making any recommendation pursuant to this section or § 960.4, submit to the Secretary a detailed report setting forth the marketing policy with respect to the shipment of potatoes which the respective committee deems advisable for the ensuing shipping season. Additional reports shall be submitted, from time to time, in the event that it is deemed advisable by the respective committee to adopt a new marketing policy in view of changed demand and supply conditions with respect to potatoes. The committee shall publicly announce the submission of each such marketing policy report, and copies thereof shall be made available at the office of the respective committee for inspection by any producer or handler. In determining each such marketing policy the respective committee shall give due consideration to the following factors relating to potatoes produced in the area and in other States: (1) the available crop of potatoes, including the grades and sizes thereof, in the area and in other States; (2) probable shipments of potatoes from other States which compete with potato shipments from the area; (3) the level and trend in consumer income; and (4) other pertinent factors bearing on the marketing of potatoes.

(b) *Committee recommendations.* (1) Whenever the North Central Potato Committee deems it advisable, in order to effectuate the declared policy of the act, to regulate the shipment of potatoes, grown in the area, by grades, sizes or qualities, or combinations thereof, during any specified period, it shall so recommend to the Secretary. In making such recommendations such committee shall give due consideration to the following factors: (i) market prices, including prices by grades and sizes of potatoes for which regulation is recommended; (ii) potatoes on hand in the market areas as manifested by supplies en route and on track at the principal markets; (iii) available supply, maturity, and conditions of potatoes in the area, including the grades and sizes of potatoes remaining in the area; (iv) supplies from competitive regions producing potatoes; and (v) the trend in consumer income.

(2) At the time of submitting such recommendations, the North Central Potato Committee shall furnish to the Secretary the pertinent data and information upon which it acted in making such recommendation; and, also, the committee shall submit such other data and information as the Secretary may request.

(c) *Establishment of regulations.* Whenever the Secretary shall find, from the recommendation and information submitted by the North Central Potato Committee, or from other available information, that to limit the shipment of potatoes would tend to effectuate the declared policy of the act, he shall, during the period specified in the regulation thus issued by the Secretary, limit the shipments of potatoes grown in such area, or any portion thereof, to potatoes of specified grades, sizes, or qualities, or combinations thereof, and any such limitation may apply to any or all varieties and may specify tolerances for particular defects in quality.

(d) *Exemption certificates.* (1) Before the institution of any limitation of shipments pursuant to this section, the North Central Potato Committee shall adopt procedural rules pursuant to which exemption certificates will be issued to producers; and such procedural rules shall become effective upon approval by the Secretary. The North Central Potato Committee shall, after the procedural rules have been approved by the Secretary, give such notice thereof as may be reasonably calculated to bring such rules to the attention of all interested persons. In the event the Secretary issues a regulation pursuant to this section, the committee shall determine the percentage which the quantity of grades, sizes, and qualities of potatoes permitted to be shipped under such regulation is of the total quantity of such potatoes, except culls, which would be available for shipment in the area, or portion thereof included in the regulation issued by the Secretary, in the absence of such regulation; and the committee shall forthwith announce such percentage. An exemption certificate shall thereafter be issued to any producer in the area, or the aforesaid portion included in the regulation, who furnishes proof, satisfactory to the North Central Potato Committee, that he will be prevented, because of the regulation established, from shipping as large a percentage of any specified variety or varieties, except culls, as the percentage for all producers of the variety or varieties in the area or portion thereof included in the regulation. Such exemption certificate shall permit the respective producer to whom the certificate is issued to ship or have shipped a quantity of the restricted or prohibited grades, sizes, and qualities sufficient to permit the respective producer to ship or have shipped as large a proportion of his crop of each such variety of potatoes, grown in such area, as the average for all producers of the particular variety in the area or portion thereof included in the regulation. The North Central Potato Committee shall maintain a record of all applications submitted for exemption certificates, pursuant to the provisions of this section; and the committee shall maintain a record of all certificates issued, including the information used in determining in each instance the quantity of potatoes thus to be exempted, together with a record of all shipments of exempted potatoes; and such additional information shall be recorded in the records of the committee as the Secretary may specify. The committee shall, from time to time, submit to the Secretary reports stating in detail the number of exemption certificates issued, the quantity of potatoes thus exempted, and such additional information as may be requested by the Secretary.

(2) The North Central Potato Committee may authorize an employee to receive applications for exemption certificates, make the necessary investigation with regard to whether an exemption certificate should be issued and, if so, the quantity of potatoes which should be thus exempted, and issue for and on behalf of the committee an exemption certificate: *Provided*, That the committee shall not authorize an employee or employees (i) to determine the grades, sizes, and qualities, or combinations thereof, of potatoes grown in such area or any portion thereof which would be available for shipment in the absence of any regulation or (ii) to determine the percentage that the quantity of a particular variety or varieties of potatoes, grown in such area, permitted to be shipped pursuant to regulation, is of the quantity which would have been shipped in the absence of regulation.

(3) If any producer is dissatisfied with the determination of an employee or employees who have exercised jurisdiction with regard to the application submitted by the respective producer, such producer may appeal to the committee: *Provided*, That such appeal must be taken promptly after the decision by the respective employee or employees. If any producer is dissatisfied with the determination by the committee with respect to the producer's application for an exemption certificate or with regard to an appeal, as aforesaid, by said producer from the determination of an employee or employees, such producer may appeal to the Secretary: *Provided*, That such appeal shall be taken promptly after the determination by the committee. The Secretary may, upon an appeal as aforesaid, modify or reverse the action of the committee from which such appeal was taken. The authority of the Secretary to supervise and control the issuance of exemption certificates is unlimited and plenary; and any determination by the Secretary with respect to an exemption certificate, the application for an exemption certificate, or an appeal from the action of the committee with respect to an application for an exemption certificate shall be final and conclusive.

(e) *Notice.* No regulation issued by the Secretary pursuant to the provisions of this section shall become effective within less than two days subsequent to the day of issuance thereof. A copy of each regulation, issued by the Secretary pursuant to this section, shall be forwarded promptly to the North Central Potato Committee and thereupon the committee shall give such notice thereof as may be reasonably calculated to bring such regulation to the attention of all interested parties.*

§ 960.6 *Inspection and certification.* During any period in which the shipment of potatoes is regulated pursuant to the provisions of § 960.4 or § 960.5, each handler shall, prior to making each shipment of potatoes, cause each such shipment to be inspected by a Federal or Federal-State Inspector: *Provided*, That this requirement shall not be applicable (a) to any shipment of potatoes which has been so inspected, (b) to any shipment of potatoes for seed purposes in containers bearing the official seed certification tag of the State from which the respective shipment is made, or (c) to any shipment of potatoes for consumption by a charitable institution or

institutions or for distribution for relief purposes or for distribution by a relief agency or agencies. Each handler shall, promptly after making each shipment of potatoes, submit to the North Central Potato Committee a copy of the certificate or memorandum issued by the Federal-State Inspection Service with regard to the respective shipment of potatoes, and such certificate or memorandum shall state the grade, size, and quality of the potatoes in such shipment.*

§ 960.7 *Compliance.* Except as provided in this part, no handler shall ship potatoes, the shipment of which has been prohibited in accordance with this part; and no handler shall ship potatoes except in conformity to the provisions of this part, and the provisions of the regulations, if any, issued by the Secretary pursuant to the provisions of this part.*

§ 960.8 *Shipments which are exempt.* (a) Potatoes officially certified as seed potatoes by the official seed potato certification agency of the State from which the respective shipment is made shall be exempt, when shipped for seed purposes in containers bearing the official State seed certification tag of the respective State, from regulation under the provisions of § 960.4 (a) or § 960.5 (c) The Secretary may prescribe, on the basis of the recommendation and information submitted by the North Central Potato Committee, or on the basis of other available information, adequate safeguards to prevent such seed potatoes, shipped as aforesaid, from entering the commercial channels of trade other than as seed potatoes for use as seed.

(b) Potatoes shipped for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies or potatoes shipped for manufacturing purposes for conversion into by-products shall be exempt from the provisions of § 960.4 (a) and exempt from the provisions of any regulation issued pursuant to § 960.5 (c). The Secretary may prescribe, on the basis of the recommendation and the information submitted by the North Central Potato Committee, or on the basis of other available information, adequate safeguards to prevent potatoes shipped to charitable institutions or for distribution by relief agencies or for manufacturing purposes for conversion into by-products from entering the commercial channels of trade for any other purpose.

(c) The Secretary may prescribe, on the basis of the recommendation and information submitted by the North Central Potato Committee, or on the basis of other available information, that potatoes shipped for feed for livestock shall be exempt from the provisions of any regulation issued pursuant to § 960.5 (c). The Secretary may prescribe, on the basis of the recommendation and information submitted by the committee, or on the basis of other available information, adequate safeguards to prevent potatoes thus shipped for feed for livestock from entering commercial channels of trade for any other purpose.*

§ 960.9 *North Central Potato Committee*—(a) *Membership and organization.* (1) The North Central Potato Committee, consisting of twelve producers and four handlers, is hereby established to administer the terms and provisions of this part; and the members of said North Central Potato Committee and their respective alternates shall be selected in accordance with the provisions of this part. The initial members of the North Central Potato Committee and their respective alternates shall be selected by the Secretary as soon as reasonably possible after the effective date of this part. In thus selecting the initial members and their respective alternates the Secretary may consider such nominations or suggestions, if any, as may be submitted by producers and handlers, respectively, and such nominations or suggestions may be by virtue of elections conducted by groups of producers and groups of handlers prior to, or immediately subsequent to, the effective date of this part. The members of the North Central Potato Committee and their respective alternates selected subsequent to the initial members and their alternates shall be selected in accordance with the provisions hereinafter set forth. Each of the initial members and his respective alternate shall serve for a term ending on June 30, 1942, and, in the event that the respective person's successor has not been selected and qualified by June 30, 1942, such person shall serve until his successor has been selected and qualified.

(2) The North Central Potato Committee shall, subsequent to the period ending on June 30, 1942, have the following number of members who shall be selected from the respective States and the indicated subdivision thereof, as follows:

(i) Three producers and one handler shall be selected from the State of North Dakota, as follows: Two producers shall be selected from the counties of Rolette, Pierce, Wells, Kidder, Logan, McIntosh, and all counties lying east of said counties; one producer shall be selected from the remaining counties in North Dakota; and one handler shall be selected from the State of North Dakota;

(ii) Three producers and one handler shall be selected from the State of Minnesota, as follows: One producer shall be selected from the counties of Kittson, Marshall, Polk, Pennington, Red Lake, Norman, Mahnomen, Clay, and Wilkin, in the State of Minnesota; one producer shall be selected from the counties of Big Stone, Swift, Kandiyohi, Meeker, Wright, Hennepin, Ramsey, Washington, and all counties lying south thereof in the State of Minnesota; and one producer shall be selected from the remaining counties in the State of Minnesota; and one handler shall be selected from the State of Minnesota;

(iii) Three producers and one handler shall be selected from the State of Wisconsin, as follows:

One producer shall be selected from the counties of Trempealeau, Eau Claire, Chippewa, Rusk, Sawyer, Bayfield, and all counties lying west thereof, in the State of Wisconsin; one producer shall be selected from the counties of Clark, Marathon, Shawano, Oconto, and all counties lying north thereof, in the State of Wisconsin; one producer shall be selected from the remaining counties in Wisconsin; and one handler shall be selected from the State of Wisconsin;

(iv) Three producers and one handler shall be selected from the State of Michigan, as follows: One producer shall be selected from the counties in the Upper Peninsula of Michigan; one producer shall be selected from the counties of Oceano, Newaygo, Mecosta, Isabella, Midland, Bay, and all counties lying north thereof, in Michigan, but not including Upper Peninsula; one producer shall be selected from the remaining counties in Michigan; and one handler shall be selected from the State of Michigan.

(3) There shall be an alternate member for each member of the North Central Potato Committee; and each such alternate member shall have the same qualifications and shall be selected in the same manner as the respective member for whom such individual serves as an alternate. The alternate for a member of the committee shall, in the event of the respective member's absence, act in the place of said member; and in the event of such member's removal, resignation, disqualification, or death, the alternate for said member shall, until a successor for the unexpired term of said member has been selected, act in the place of said member.

(4) The producers who may be selected as members of the North Central Potato Committee, subsequent to the period ending on June 30, 1942, shall be individuals who are producers of potatoes in the respective district or subdivision for which selected or officers or employees of a corporate producer or corporate producers in such district or subdivision: *Provided*, That no producer shall be eligible for selection on said committee if such producer has been, during the then current fiscal period, engaged in handling potatoes other than potatoes of his own production, except as an officer or employee of a producers' cooperative marketing association. The handlers who may be selected as members of the North Central Potato Committee, subsequent to the period ending on June 30, 1942, shall be individuals who are handlers of potatoes in the respective State for which selected or officers or employees of a handler or handlers in such State.

(b) *Nomination and selection of succeeding members of North Central Potato Committee.* (1) The North Central Potato Committee shall, after the year 1941, hold or cause to be held prior to June 15 of each year a meeting of producers, in each of the districts or subdivisions designated in paragraph (a) of this section, and a meeting of handlers in each of the States included in the area for the purpose of designating nominees from among whom the Secretary shall select members and alternates of the committee; and at each such meeting at least two nominees shall be designated by producers for each position as member and at least two nominees shall be designated by producers for each position as alternate member on the committee as representative or representatives of the respective district or subdivision, and at least two nominees shall

be designated by handlers, in each of the States in the area, for each position as member and at least two nominees shall be designated by handlers, in each of the States in the area, for each position as alternate member on the committee. Each producer is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for membership on the committee for the respective district or subdivision in which such producer is engaged in producing potatoes: *Provided*, That in the event a producer is engaged in producing potatoes in more than one district or subdivision, such producer shall elect the district or subdivision within which he shall participate in designating nominees as aforesaid. Each producer shall be entitled to cast only one vote regardless of the number of districts or subdivisions in which he produces potatoes. Only producers may participate in designating producer nominees. Only handlers shall participate in designating nominees for handler members and alternates. Each handler is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for membership on the committee for the respective State in which such handler is engaged in handling potatoes: *Provided*, That in the event a handler is engaged as a handler in more than one State, within the production area, such handler shall elect the State within which he may participate in designating nominees. Each handler shall be entitled to cast only one vote regardless of the number of States in which he may be engaged as a handler. The Secretary shall select the producer members of the North Central Potato Committee and their respective alternates, subsequent to the initial members and alternates, from nominations made by producers as provided in this section. The Secretary shall select the handler members of the North Central Potato Committee and their respective alternates, subsequent to the initial members and alternates, from nominations made by handlers as provided in this section.

(2) In the event nominations are not made for membership on the North Central Potato Committee, pursuant to the provisions of subparagraph (1) of this paragraph, by June 15 of the respective year, the Secretary may select such members and their respective alternates without waiting for nominees to be designated. To fill any vacancy occasioned by the failure of any person, selected as a member of the North Central Potato Committee or as an alternate member thereof, to qualify, or in the event of the death, removal, resignation, or disqualification of any qualified member or alternate, a successor for his unexpired term shall be selected by the Secretary.

(3) Each person selected as a member of the North Central Potato Committee, or as an alternate member thereof, shall promptly qualify by filing with the Secretary a written acceptance of the appointment.

(4) The members of the North Central Potato Committee and their respective alternates shall be selected to serve for a fiscal period and, if their successors have not been selected and qualified prior to the end of the respective fiscal period, each such member or alternate shall continue to serve until his respective successor shall have been selected and qualified.

(c) *Compensation.* Each member and each alternate serving in place of a member of the North Central Potato Committee may receive compensation in an amount not in excess of five dollars per day for attendance at each meeting of the committee; and, in addition to said per diem, the aforesaid member and alternate may be reimbursed for necessary expenses actually incurred in attending each such meeting.

(d) *Procedure.* (1) The North Central Potato Committee may, upon the selection and qualification of a majority of its members, organize and commence to function. A majority of all members shall be necessary to constitute a quorum of the committee.

(2) For any decision of the North Central Potato Committee to be valid, a majority of the votes of all members shall be necessary. Except as provided herein, each member, or alternate member when acting as a member, shall vote in person.

(3) The North Central Potato Committee may provide for the members thereof, including the alternate members when acting as members, to vote by mail, telegraph, or radiograph; and any such vote which is not cast in person at a meeting shall be confirmed promptly in writing.

(4) The North Central Potato Committee shall select a chairman, a secretary, and such other officers as it may deem advisable; and the committee shall adopt such rules, not inconsistent with the provisions of this part, relative to the method of conducting its business, as it may deem advisable. The North Central Potato Committee shall give to the Secretary the same notice of its meetings as is given to the members thereof.

(e) *Powers.* The North Central Potato Committee shall have the following powers:

(1) To administer, as herein specifically provided, the terms and provisions of this part;

(2) To make, in accordance with the provisions of this part, administrative rules and regulations;

(3) To receive, investigate, and report to the Secretary complaints of violation of the provisions of this part; and

(4) To recommend to the Secretary amendments to the provisions of this part.

(f) *Duties.* The North Central Potato Committee shall have the following duties:

(1) To act as intermediary between the Secretary and any producer or handler;

(2) To keep minutes, books, and records which will clearly reflect all of its acts and transactions, and such minutes, books, and records shall at all times be subject to examination by the Secretary or his authorized agent or representative;

(3) To furnish the Secretary such available information as may be requested by the Secretary;

(4) To select such employees as it may deem necessary, and to determine the salaries and define the duties of such employees;

(5) To cause its books to be audited by one or more competent accountants at least once each fiscal period, and at such other times as it deems necessary or as the Secretary may request, and to file with the Secretary a copy of each such audit report;

(6) To prepare from time to time statements of the financial operations of the committee and to make such statements, together with the minutes of the meetings of said committee, available for inspection by any producer or handler at the office of the committee;

(7) To perform such duties in connection with the administration of section 32 of the Act to Amend the Agricultural Adjustment Act, and for other purposes, Public Act No. 320, 74th Congress (August 24, 1935), as amended, as may from time to time be assigned to the respective committee by the Secretary;

(8) To submit to the Secretary such available information as may be requested by the Secretary;

(9) To consult with any other committee established under any marketing agreement and order program, pursuant to the aforesaid act, with respect to the handling of potatoes grown in any region outside of the area.

(g) *Funds.* All funds received by the North Central Potato Committee pursuant to any provision of this part shall be used solely for the purposes herein specified and shall be accounted for in the following manner: (1) the Secretary may, at any time, require the committee and its members to account for all receipts and disbursements; and (2) whenever any person ceases to be a member of the committee, he shall account for all receipts and disbursements and deliver all property and funds in his hands, together with all books and records in his possession, to his successor in office or to such person as the Secretary may designate, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor or in such designated person the right to all the property, funds, or claims vested in such member.*

§ 960.10 *State Committees.* The producer members and the handler member representing Michigan on the North Central Potato Committee shall constitute the State Committee for Michigan. Likewise the producer members and the handler member representing each of the other States on the North Central Potato Committee shall for the respective State which they represent constitute the State Committee for such State. Each State Committee may, upon the selection and qualification of a majority of its members, organize and commence to function; and a majority of all members of the respective State Committee shall be necessary to constitute a quorum of the respective committee. Each State Committee shall select a chairman and a secretary. The alternate for each

member of a State Committee shall be the person who serves as alternate for such member on the North Central Potato Committee. The alternate for a member of a State Committee shall, in the event of the respective member's absence, act in the place of said member; and in the event of such member's removal, resignation, disqualification, or death, the alternate for said member shall, until a successor for the unexpired term of said member has been selected, act in the place of said member. Each State Committee shall function in accordance with the provisions of this part, and each committee shall submit to the North Central Potato Committee such reports and recommendations as the State Committee deems to be proper, pursuant to the provisions of this part, with respect to the administration of the provisions of this part, in the respective State for which such committee is organized.*

§ 960.11 *Right of the Secretary.* The members of the North Central Potato Committee provided for in this part, including successors and alternates thereof, and any agent or employee appointed or employed by the committee shall be subject to removal or suspension at any time by the Secretary. Each and every order, regulation, determination, decision, or other act of the North Central Potato Committee or any State Committee shall be subject to the continuing right of the Secretary to disapprove of such order, regulation, decision, determination, or other act; and, upon such disapproval at any time, such action by a committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.*

§ 960.12 *Expenses and assessments*—(a) *Expenses.* The North Central Potato Committee is authorized to incur such expenses as the Secretary finds may be necessary to enable the North Central Potato Committee and each of the State Committees to perform their functions, in accordance with the provisions hereof, during each fiscal period. The funds to cover such expenses shall be acquired by the levying of assessments, as herein provided, upon handlers.

(b) *Assessments.* (1) Each handler who ships potatoes shall pay, upon demand, to the North Central Potato Committee such handler's pro rata share of the expenses which the Secretary finds will be necessarily incurred by the North Central Potato Committee for the maintenance and functioning of such committee and the State Committees, during each fiscal period: *Provided*, That no assessment shall be paid for a shipment or shipments of potatoes for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies. Such handler's pro rata share of such expenses shall be equal to the ratio between the total quantity of potatoes shipped by such handler, during the applicable fiscal period, and the total quantity of potatoes shipped by all handlers during the same fiscal period. The Secretary shall specify the rate of assessment to be paid by such handlers.

(2) The Secretary may, at any time during or after a fiscal period, increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses of the respective committees. Any such increase in the rate of assessment shall be applicable to all potatoes shipped during the specified fiscal period. In order to provide funds to enable the North Central Potato Committee to perform its functions hereunder, handlers may make advance payment of assessments.

(c) *Accounting.* (1) If, at the end of any fiscal period, the assessments collected are in excess of expenses incurred, each handler entitled to a proportionate refund shall be credited with such refund, unless such handler demands payment thereof, in which case such sum shall be paid to the respective handler.

(2) The North Central Potato Committee may, with the approval of the Secretary, maintain in its own name or in the name of its members a suit against any handler for the collection of such handler's pro rata share of expenses.

(d) *Funds.* All money collected by the North Central Potato Committee pursuant to the provisions of this part shall be used solely for the purposes herein specified and shall be accounted for in the manner herein provided. The Secretary may, at any time, require the North Central Potato Committee and the members thereof, including alternate members when serving as members, to account for all receipts and disbursements.*

§ 960.13. *Reports.* For the purpose of enabling the North Central Potato Committee to perform its functions pursuant to the provisions of this part, each handler shall furnish to the committee, in such form and at such times and substantiated in such manner as shall be prescribed by the committee and approved by the Secretary, such information as may thus be requested by the committee, subject to approval by the Secretary, with regard to each shipment of potatoes.*

§ 960.14 *Effective time and termination*—(a) *Effective time.* The provisions of this part shall become effective at such time as the Secretary may declare above his signature attached hereto, and shall continue in force until terminated in one of the ways hereinafter specified.

(b) *Termination.* (1) The Secretary may, at any time, terminate the provisions of this part by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(2) The Secretary may terminate or suspend the operation of any or all of the provisions of this part whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(3) The Secretary shall terminate the provisions of this part at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during the then preceding fiscal period, have been engaged in the production of potatoes for market: *Provided*, That such majority has, during such period, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced on or before June 30 of the then current fiscal period.

(4) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.* (1) Upon the termination of the provisions of this part, the then functioning members of the North Central Potato Committee, shall continue as trustees, for the purpose of liquidating the affairs of the said committee, of all the funds and property then in the possession of or under control of such committee, including claims for any funds unpaid or property not delivered at the time of such termination. The procedural rules governing the activities of said trustees, including but not being limited to the determination as to whether action shall be taken by a majority vote of the trustees, shall be prescribed by the Secretary.

(2) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the North Central Potato Committee, each State Committee, and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person the right to all of the funds, property, and claims vested in the committee or the trustees pursuant hereto.

(3) Any person to whom funds, property, or claims have been transferred or delivered by the North Central Potato Committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of said committee and upon the said trustees.*

§ 960.15 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of the regulations in this part shall cease upon the termination of this part, except with respect to acts done under and during the existence of this part.*

§ 960.16 *Agents.* The Secretary may, by designation in writing, name any person, including any officer or employee of the Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.*

§ 960.17 *Derogation.* Nothing contained herein is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.*

§ 960.18 *Personal liability.* No member or alternate of said committee, nor

any employee thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, or employee, except for acts of dishonesty.*

§ 960.19 *Separability.* If any provision of this part is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder hereof, or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.*

§ 960.20 *Amendments.* Amendments to this part may be proposed, from time to time, by the North Central Potato Committee, a State Committee, or by the Secretary.*

§ 960.21 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this part or of any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen prior thereto, or (b) release or extinguish any violation of this part or of any regulation issued under this part, or (c) affect or impair any right or remedy of the United States, or the Secretary, or of any other person with respect to any such violation.*

Issued at Washington, D. C., this 17th day of January 1942, to be effective on and after 12:01 a. m., c. s. t., January 26, 1942. Witness my hand and the seal of the Department of Agriculture.

CHAPTER VIII—PROCUREMENT AND DISPOSAL OF EQUIPMENT AND SUPPLIES

PART 81—PROCUREMENT OF MILITARY SUPPLIES AND ANIMALS[1]

§ 81.3 *Taxes*—(a) *Information to be included in invitations for bids, bids, contracts, and instructions to bidders.*

• • • • • •

(2) *Inapplicable Federal taxes.* Instructions to bidders will include the following:

Chapter 29, Sub-chapter A, Internal Revenue Code (26 U.S.C. 3400-15) as amended, imposes Federal taxes upon certain specified articles sold in the United States by the manufacturer or producer, or imported into the United States, to be paid by the manufacturer, producer, or importer, but provides that no tax under this title shall be imposed with respect to the sale of any article for the exclusive use of the United States, and that a credit against the tax or a refund may be allowed or made with respect to the sale of any article if such article was resold for the exclusive use of the United States and the manufacturer, producer, or importer has such evidence as the regulations of the Commissioner of Internal Revenue may prescribe.

Bids will be evaluated on a Federal-tax-exclusive basis, except that when this is not practicable they will be evaluated on a Federal-tax-inclusive basis. Therefore, bids are requested exclusive of Federal taxes from which exemption is granted or as to which a credit or refund is provided for by Chapter 29, section 3442 (tax free sales) and section 3443 (credits and refunds), Internal Revenue Code, as amended. If the bid prices are exclusive of such taxes, or are inclusive of such taxes and the bidder agrees to the deduction of the amount thereof from the contract price and acceptance of tax-exemption certificates in lieu thereof, the bidder must show upon the face of his bid the amount of each such tax so included or excluded as to each item, so that a tax exemption certificate can be furnished him if his bid is accepted. If the bid as submitted does not show that such taxes are excluded and the bidder does not agree to their deduction if included, it will be presumed that the amount of all such taxes is included in the bid price, the bid will be evaluated accordingly, and if the bid is accepted no exemption certificate will be issued.

Purchases under the Lend-Lease and Defense Aid Acts will be considered the same as sales for the exclusive use of the United States, and tax exemption certificates (Standard Form 1094) may be executed by duly authorized purchasing officers of the War Department for the

exemption from taxes due or credit for taxes paid in the case of such purchases.

• • • • • •

(c) *Federal taxes.*

• • • • • •

(2) *Use of tax-exemption certificates.* When any of those items are purchased at a price which is exclusive of any such tax, the purchasing officer will execute and deliver to the vendor, if the latter so desires, a tax-exemption certificate to be used by the latter in securing exemption from or refund of such tax.

The tax exemption certificates (Standard Form 1094) will also be used for purposes of exemption or refund when purchases are made under the Lend-Lease and Defense Aid Acts. (i) *Federal taxes.* For the furnishing of items covered by Chapter 29, Subchapter A, Internal Revenue Code (26 U.S.C. 3400-15), as amended, bidder will indicate which one of the following statements is applicable to his bid:

Prices herein do not include any Federal taxes imposed by Chapter 29, Subchapter A, Internal Revenue Code (26 U.S.C. 3400-15), as amended.

Prices herein include the Federal taxes imposed by Chapter 29, Subchapter A, Internal Revenue Code (26 U.S.C. 3400-15), as amended, but consent is hereby given to the deduction of said taxes and the acceptance of a tax exemption certificate in lieu thereof.

Prices herein include the Federal taxes imposed by Chapter 29, Subchapter A, Internal Revenue Code (26 U.S.C. 3400-15), as amended.

Whenever either of the first two of the three statements immediately preceding is applicable, bidder will state the amount of the taxes involved as to each item for which a tax exemption certificate will be required.

These instructions are also applicable to purchases made under the provisions of the Lend-Lease and Defense Aid Acts. See § 81.3 (a) (2) and (c) (2). (R.S. 3709; 31 Stat. 905, 32 Stat. 514; 41 U.S.C. 5, 10 U.S.C. 1201) [Par. 10m (1), AR 5-140, May 22, 1940, as amended by Proc. Cir. 4, W.D., Jan 12, 1942]

(3) *Subcontracts.* (i) The following provision will be included in all future requests for estimates or quotations for critical items:

A list of components which the contractor has not the facilities to produce in the required quantity and time will be submitted with this estimate (or quotation). Such list will indicate—

(a) The components for which he has already determined adequate subcontracting facilities; and

(b) Those for which sources of supply must still be located.

(ii) Contracting officers will furnish copies of the lists called for by subdivision (f) (3) (i) of this section to the appropriate District Procurement Office.

(iii) Procurement agencies will examine the possibilities of breaking up orders into smaller contracts when production can be expedited thereby without detriment to quality requirement.

(iv) These instructions do not alter the instructions contained in § 81.10 (f) (2) (ii), relative to technical material and supplies.

(4) *Federal taxes; purchases under the Lend-Lease and Defense Aid Acts.* See § 81.3 (a) (2) and (c) (2) and § 81.10 (f) (20) (i).

(g) Paragraph (g) of this section is superseded by subparagraph (f) (3). (R.S. 3709; 31 Stat. 905; 10 U.S.C. 1201) [Par. 9, AR 5-240, Feb. 11, 1936 as amended by Proc. Cir. 54, W.D., Jan. 11, 1941 and Proc. Cir. 4, W.D., Jan. 12, 1942]

(f) *Special conditions authorized or required to be included.*

• • • • • •

(13) *Wages of laborers and mechanics employed on the construction alteration, and repair of public buildings and public works: invitation for bids.* In conformity with § 81.10 (a) (8) invitations for bids in applicable cases will contain the wording of Article 17, Standard Form No. 23, revised September 17, 1938, Contract (Construction), in case that revised form is not to be used for the contract, and in either case the following provisions concerning minimum wages will be added:

The minimum wages to be paid laborers and mechanics on this project, as determined by the Secretary of Labor to be prevailing for the corresponding classes of laborers and mechanics employed on projects of a character similar to the contract work in the pertinent locality, are as follows:

Classification of laborers and mechanics	Minimum rates of wages per hour

Any class of laborers and mechanics not listed in the preceding paragraph, which will be employed on this contract, shall be classified or reclassified conformably to the foregoing schedule. In the event the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers and mechanics to be used, the question, accompanied by the recommendation of the contracting officer, shall be referred to the Secretary of Labor for final determination. § 81.10 *Invitations for bids.*

• • • • • •

(f) *Special conditions authorized or required to be included.*

• • • • • •

(23) *Wire or air mail notice of shipments.* The following provision will be included in all future invitations for bids which require shipment of equipment or supplies to any activity or officer of the War Department:

In connection with any shipment hereunder of one carload or equivalent or more consigned to any unit or officer of the War Department, the shipper, at the time the equipment or supplies are ordered for loading for rail, motor, or water transport, will send consignee notice thereof by prepaid telegraph or teletype, including date, route, size of shipment, and brief general description of the equipment or supplies comprising the shipment. When authorized by the

purchasing and contracting officer, such notice may be sent by air mail, in lieu of telegraph or teletype, where secrecy is essential and where the use of air mail is practicable. This provision is not to be substituted for any other requirement, such as mailing bills of lading. (R.S. 3709; 31 Stat. 905; 41 U.S.C. 5, 10 U.S.C. 1201) [Par. 10P, AR 5–140, May 22, 1940, as amended by Proc. Cir. 40, W.D., June 5, 1941, and Proc. Cir. 5, W.D., Jan. 13, 1942]

• • • • •

§ 81.16 *Use of standard contract forms.*

• • • • •

(g) *Wire or mail notice of shipments.* (1) The following provision will be included in all future contracts (or purchase orders) which require shipment of equipment or supplies to any activity or officer of the War Department:

In connection with any shipment hereunder of one carload or equivalent or more consigned to any unit or officer of the War Department, the shipper, at the time the equipment or supplies are ordered for loading for rail, motor, or water transport, will send consignee notice thereof by prepaid telegraph or teletype, including date, route, size of shipment, and brief general description of the equipment or supplies comprising the shipment. When authorized by the purchasing and contracting officer, such notice may be sent by air mail, in lieu of telegraph or teletype, where secrecy is essential and where the use of air mail is practicable. This provision is not to be substituted for any other requirement, such as mailing bills of lading.

(2) As to contracts in process of award or already in force, the following procedure is prescribed:

(i) In cases where a Government inspector is on duty at the contractor's plant, that inspector will take the necessary action to notify consignees of shipments by collect telegraph or teletype, or by air mail as indicated in subparagraph (g) (1) of this section.

(ii) In cases where there is no Government inspector on duty at the contractor's plant, the contractor will be requested by letter to furnish the information indicated by wire, or by air mail as indicated in subparagraph (g) (1) of this section. It should be clearly indicated in the letter to the contractor that this notice by wire or air mail is necessary in the prosecution of the war effort and is not to be substituted for any other requirement such as mailing bills of lading. TITLE 14—CIVIL AVIATION

CHAPTER II—ADMINISTRATOR OF CIVIL AERONAUTICS, DEPARTMENT OF COMMERCE

PART 601—DESIGNATION OF CONTROL AIRPORTS AND AIRWAY TRAFFIC CONTROL AREAS AND REPEAL OF CERTAIN CONTROL ZONES OF INTERSECTION

JANUARY 14, 1942.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation of the Civil Aeronautics Board Serial No. 197[1] and finding that this action is necessary in the interest of safety and for the proper control of air traffic, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics to read as follows:

§ 601.1 *Airway traffic control areas.* The following portions of the civil airways are designated as airway traffic control areas:

§ 601.100 *Extent of area.* Wherever a point hereinafter prescribed for the purpose of the designating of an airway traffic control area coincides with a point specified by the Administrator in designating the center line of an airway, such airway traffic control area shall include all of the airway within a 10-mile radius of such point.

§ 601.1001 *Green civil airway No. 1 airway traffic control areas (U. S.-Canadian Border to Danforth, Maine).* All of green civil airway No. 1.

§ 601.1002 *Green civil airway No. 2 airway traffic control areas (Seattle, Wash, to Boston, Mass.).* Those portions of green civil airway No. 2: From Boeing Field, Seattle, Wash., to a line extended at right angles across such airway through a point on the center line thereof 25 miles northwest of Superior, Mont.; from a line extended at right angles across such airway through a point on the center line thereof 25 miles southeast of the La Crosse, Wis., radio range station, to the intersection of the center line of the on course signal of the east leg of the Detroit, Mich. (Wayne County Airport), radio range and the U. S.-Canadian Border; from the intersection of the center line of the on course signal of the west leg of the Buffalo, N. Y., radio range and the U. S.-Canadian Border, to the Boston, Mass., radio range station.

§ 601.1003 *Green civil airway No. 3 airway traffic control areas (San Francisco, Calif., to New York, N. Y.).* Those portions of green civil airway No. 3: From the Municipal Airport, San Francisco, Calif., to a line extended at right angles across such airway through a point on the center line thereof 25 miles west of the Parco, Wyo., radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles east of the Des Moines, Iowa, radio range station, to the New York Municipal Airport, La-Guardia Field, New York, N. TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

[T. D. 5108]

PART 182—INDUSTRIAL ALCOHOL

Amendment of Regulations No. 3

By virtue of and pursuant to sections 3070, 3105, 3108 (a), 3109, 3114 (a), 3124 (a) (6), and 3176, Internal Revenue Code, Regulations No. 3 is amended by inserting a new article, reading as follows:

Optional Use of Withdrawal Permits on Form 1485, in Lieu of Form 1477, by Users of Specially Denatured Alcohol

ART. 144-A. In view of the present shortage of alcohol and certain denaturants, and the consequent difficulty of denaturers in filling orders for specially denatured alcohol, any person holding permit, Form 1481, to use specially denatured alcohol, may, upon the surrender of his outstanding withdrawal permits on Form 1477 to the district supervisor, be issued a new withdrawal permit on Form 1485, in accordance with the following procedure:

Application and withdrawal permit, Form 1485—(a) *Application.* Where it is desired to use the new withdrawal permit, Form 1485, application will be made on Part I thereof, in duplicate, with the district supervisor. The permittee shall state on his application the names, registry numbers (in the case of denaturing plants) or basic permit numbers (in the case of dealers in specially denatured alcohol) and addresses of the denaturing plants or bonded dealers from which he proposes to purchase specially denatured alcohol. The proof and formulas of specially denatured alcohol to be withdrawn, and, in the case of optional or substitute denaturants, the kind and quantity of the denaturants approved on Form 1479-A, must be stated in the application. The applicant shall also specify the total quantity, in wine gallons, of each formula of specially denatured alcohol to be withdrawn during the term of the withdrawal permit, and the quantity of each formula to be withdrawn during a calendar month, which amount shall not be in excess of one-twelfth (or similar proportionate quantity where the withdrawal permit is for a period of other than 1 year) of the total quantity of the specified formula to be withdrawn during the term of the withdrawal permit. Such quantities shall in no case exceed those specified in the applicant's basic permit, Form 1481. If withdrawals are to be made in drums or barrel lots, the application shall be in multiples of 55 wine gallons. The district supervisor may approve or disapprove the application in whole or in part, according to his findings as to the legitimaate needs of the applicant.

(b) *Withdrawal permit.* If the application is approved by the district supervisor, he shall issue withdrawal permit on Part II of Form 1485. The permit shall specify the quantity that may be procured during any calendar month and the total quantity that may be procured during the period for which the withdrawal permit is issued. The quantity of each formula authorized by the withdrawal permit shall not exceed the quantity of such formula fixed in the basic permit, Form 1481. If withdrawals are to be made in drums or barrels, the permit shall be in multiples of 55 wine gallons. The withdrawal permit shall specify the date when the same shall be available for withdrawal purposes. The district supervisor will forward the original copy of the withdrawal permit to the permittee and will retain the duplicate copy for his files. If any denaturer or bonded dealer named as vendor in the withdrawal permit is located in another supervisory district, a copy of the withdrawal permit and any renewals or amendments thereof, will be prepared on the prescribed form and transmitted by the district supervisor issuing the same to the district supervisor of the

district from which shipments are to be made.

(1) *Withdrawals under permit.* When the permittee desires to procure specially denatured alcohol, he will forward the original of the withdrawal permit to the denaturer or bonded dealer named therein from whom he desires to procure the specially denatured alcohol. Upon shipment, the denaturer or bonded dealer will enter the shipment on the withdrawal permit and return it to the permittee, unless he has been authorized by the permittee to retain the permit for the purpose of making future shipments. No specially denatured alcohol may be shipped by a vendor named in the withdrawal permit until such permit is in his possession. Except as provided in paragraph (e), further like shipments may be made under such permit during the term for which it is issued.

(2) *Exception.* Withdrawals must be so regulated by the permittee that he will not have on hand, in transit, and unaccounted for during any calendar month more than the quantity of specially denatured alcohol, plus the quantity of recovered or restored denatured alcohol, and recovered or restored articles (which are in the form of denatured alcohol) so authorized by his basic permit, Form 1481: *Provided*, That the district supervisor may, in his discretion, pursuant to application on Part I of Form 1485, and upon proper showing of necessity therefor, (i) in the case of a seasonal business, amend the applicant's withdrawal permit to authorize withdrawal during any calendar month of not to exceed a two months' allowance, or (ii) issue to the permittee, in lieu of an annual permit, Form 1485, one or more withdrawal permits for a specified quantity or period subject to the above restrictions as to the maximum quantity that may be withdrawn during any one month, but the total quantity authorized under (i) and (ii) shall not exceed the quantity specified in the withdrawal permit, Form 1485, to be withdrawn during the period for which it is issued: *Provided further*, That such additional withdrawals shall not be authorized unless the bond of the permittee is in a sufficient penal sum to cover the increased quantity in addition to the regular withdrawal allowance.

(c) *Special permit.* Where new permittees qualify within a calendar month a special withdrawal permit, Form 1485, should be issued for the proportionate quantity of specially denatured alcohol to which the permittee may be entitled for the balance of the month, which permit shall be void at the end of such month, and must be at once returned by the permittee to the district supervisor.

(d) *Carrier to be furnished copy of Form 1485.* Where the specially denatured alcohol is to be delivered to the manufacturer by a person other than the vendor, the manufacturer shall procure from the district supervisor a certified copy (or copies, if delivery is to be made by more than one carrier), on the prescribed form, of the withdrawal permit, Form 1485, issued to him, and file the same with the delivering carrier's agent at destination. Application for such certified copy or copies shall be made by the permittee to the district supervisor by letter, specifying the name of the delivering carrier. Where such delivering carrier is known at the time Form 1485 is filed, the application should accompany such form.

(e) *Expiration or termination of permit.* Upon expiration of a withdrawal permit, it shall be returned to the district supervisor for cancellation. Where the withdrawal permit is in the possession of a vendor on the date of expiration, such vendor shall return it to the permittee for surrender to the district supervisor. Should a basic permit, Form 1481, held by a person to whom withdrawal permit, Form 1485, was issued, be terminated, surrendered, or revoked, each denaturer or dealer named as vendor in such withdrawal permit, shall, upon notice from the district supervisor, make no further shipments thereunder, and if such withdrawal permit is in his possession, he shall return it to the district supervisor for cancellation.

Quantity procurable under withdrawal permits, Form 1485. In procuring specially denatured alcohol the permittee shall deduct the quantity of specially denatured alcohol, plus the quantity of recovered or restored denatured alcohol, and recovered or restored articles (which are in the form of denatured alcohol) on hand, in transit, and unaccounted for from the quantity procurable under the withdrawal permit during the calendar month, and give his order for an amount not exceeding the available balance. For this purpose, specially denatured alcohol, recovered or restored denatured alcohol, and recovered or restored articles (which are in the form of denatured alcohol) shall be deemed to be unaccounted for when used or disposed of otherwise than as provided in these regulations. Failure on the part of permittees to observe the foregoing requirements concerning withdrawals will be regarded as sufficient ground for citation for revocation of their basic permits.

Withdrawal permits on Form 1477 shall continue in effect, except where superseded by withdrawal permits on Form 1485, or where otherwise terminated in accordance with present regulations.

A supply of the new Forms 1485 will be furnished to district supervisors.

Applications by the United States or governmental agency for permit to procure specially denatured alcohol will hereafter be made on Part I of Form 1486, revised December, 1941, in lieu of Form 1485.

SUBCHAPTER C—MISCELLANEOUS EXCISE TAXES

PART 316—EXCISE TAXES ON SALES BY THE MANUFACTURER

[T. D. 5107]

Section 316.150 of Regulations 46 (1940 Edition), Added by Treasury Decision 5099, approved November 28, 1941, Amended

Regulations 46[1] (1940 Edition) [Part 316, Title 26, Code of Federal Regulations, 1940 Sup.], as amended by Treasury Decision 5099,[2] approved November 28, 1941 [Part 316 of such Title 26, 1941 Sup.], relating to excise taxes on sales by the manufacturer under the Internal Revenue Code, as amended, are hereby amended as follows:

The first paragraph of § 316.150 is amended to read as follows:

§ 316.150 *Scope of tax.* Subsection (a) (7) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of any article of which rubber is the component material of chief weight, except articles of footwear such as shoes, rubbers and boots; articles especially designed for hospital or surgical use; and articles taxable under any other section of Chapter 29 of the Code, as amended.

SUBCHAPTER E—INCOME, ESTATE, AND GIFT TAXES

[T.D. 5109]

PART 471—ACCEPTANCE OF TREASURY NOTES IN PAYMENT OF INCOME, ESTATE, AND GIFT TAXES

§ 471.1 *Acceptance of Treasury Notes of Tax Series A-1943, B-1943, A-1944, and B-1944 in payment of income, estate, and gift taxes.* Notes of the United States designated as Treasury Notes of Tax Series A-1943, Treasury Notes of Tax Series B-1943, Treasury Notes of Tax Series A-1944, and Treasury Notes of Tax Series B-1944 may be accepted in payment of income taxes (current and back personal and corporation taxes, and excess-profits taxes) and estate and gift taxes (current and back, at par and interest accrued to the month, inclusive, in which presented (but no accrual beyond the maturity date). Collectors of internal revenue are authorized and directed to accept the notes if at least one full calendar month intervenes between the month of acceptance and the month of purchase (as shown by the issuing agent's dating stamp on each note). For example, a note of Tax Series A-1944 purchased in January 1942 may be accepted in March 1942 but such a note purchased in February 1942 may not be accepted until April 1942. The notes may be accepted only in payment of income, estate, and gift taxes (current and back) due from the original purchaser thereof or his estate. The notes shall be in the name of the taxpayer (individual, corporation, or other entity) and may be presented for tax payment by the taxpayer, his agent, or his estate. Not more than $1,200 in principal amount of notes of Tax Series A-1943, or of Tax Series A-1944, or of the two in combination, plus the amount of the accrued interest thereon, may be accepted on account of any one taxpayer's liability for income taxes (including excess-profits taxes), or gift taxes, for any taxable year or on account of any one taxpayer's liability for estate tax; but in the case of the income tax this limitation shall apply separately to husband and wife on a joint return and also to an owner before death and to his estate for the balance of the same year.

Collectors of internal revenue shall not in any case allow credit to a taxpayer on account of notes, or accept notes, for an amount greater than their principal amount plus accrued interest, nor shall notes be accepted in an amount (including accrued interest) greater than the unpaid liability of the taxpayer. The notes shall be forwarded to the collector of internal revenue with whom the tax return is filed, at the risk and expense of the taxpayer, and, for the taxpayer's protection, should be forwarded by registered mail, if not presented in person. (Secs. 3657 and 3791 of the Internal Revenue Code (53 Stat. 447, 467, 26 U.S.C. 1940 ed., 3657, 3791) and sec. 18 of the Second Liberty Bond Act of 1917, as amended (40 Stat. 1309, 31 U.S.C. 1940 ed., 753))

§ 471.2 *Procedure with respect to Treasury Notes of Tax Series A-1943, B-1943, A-1944, and B-1944.* Deposits of Treasury Notes of Tax Series A-1943, B-1943, A-1944, and B-1944 received in payment of income, estate, and gift taxes shall be made by the collector of internal revenue in a Federal Reserve Bank or a branch Federal Reserve Bank. Prior to deposit the collector of internal revenue will certify on the reverse side of the notes that they were received in payment of income, estate, or gift tax, as the case may be, and will show in the endorsement stamp the date of deposit. (Secs. 3657 and 3791 of the Internal Revenue Code (53 Stat. 447, 467, 26 U.S.C. 1940 ed., 3657, 3791) and sec. 18 of the Second Liberty Bond Act of 1917, as amended (40 Stat. 1309, 31 U.S.C. 1940 ed., 753))

§ 471.3 *Prior Treasury Decision superseded.* Treasury Decision 5064[3] is hereby superseded. (Secs. 3657 and 3791 of the Internal Revenue Code (53 Stat. 447, 467, 26 U.S.C. 1940 ed., 3657, 3791) and sec. 18 of the Second Liberty Bond Act of 1917, as amended (40 Stat. 1309, 31 U.S.C. 1940 ed., 753))

TITLE 31—MONEY AND FINANCE: TREASURY

CHAPTER I—MONETARY OFFICES

PART 130—REGULATIONS RELATING TO TRANSACTIONS IN FOREIGN EXCHANGE, TRANSFERS OF CREDIT, PAYMENTS, AND THE EXPORT AND WITHDRAWAL OF COIN, BULLION AND CURRENCY; AND TO REPORTS OF FOREIGN PROPERTY INTERESTS IN THE UNITED STATES—APPENDIX

PUBLIC CIRCULAR NO. 4A[1] UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED AND REGULATIONS ISSUED PURSUANT THERETO JANUARY 16, 1942

Instructions for Preparation of Reports of Foreign-owned Property by Certain Nationals of Japan

Instructions relating to reports to be filed on Form TFR-300, Series J, with respect to all property subject to the jurisdiction of the United States on the opening of business on June 1, 1940, and with respect to all property subject to the jurisdiction of the United States on the opening of business on January 1, 1942, in which, on the respective dates, certain nationals of Japan had any interest of any nature whatsoever, direct or indirect.

SECTION I—*General Instructions*

A. *Reading instructions.* Read this Circular in full before beginning to prepare Series J.

B. *Persons required to report*—(1) *Basic requirement.* Except as provided in Instruction D hereof, reports on Series J of Form TFR-300 shall be filed by all nationals of Japan within the United States and its territories and possessions, except Hawaii and the Philippine Islands, who under General License No. 68 have hitherto been excused from filing reports on Form TFR-300. General License No. 68 is hereby revoked so far as it would exempt nationals of Japan from reporting on Series J. Paragraph (3) of General License No. 68A with respect to reports on Form TFR-300 by nationals of Japan shall be deemed to require reports only on Series J.

(2) *Corporations and other organizations, including trusts and estates.* A corporation or other organization which is a national because of control by or an interest of a person or persons now required to report under Sub-instruction (1) hereof shall report its property on Series J. In addition to all other organizations, this requirement shall extend to trusts and estates and partnerships. In any event, report shall be made concerning a trust or an estate if the interests of nationals who themselves come within the provisions of Sub-instruction (1) exceed 25 per centum of comparable interests in the trust, regardless of the value of the interests, and a partnership shall report if the interests of such nationals who are partners exceed 25 per centum of comparable interests in the partnership. Organizations, including trusts and estates and partnerships, are not required to file reports in the names of their stockholders, members, or beneficiaries concerning the stock, membership, or beneficial interests.

(3) *Definition of "person" and of "national."* The terms "person" and "national" are defined as follows in Section 5 of Executive Order No. 8389, as amended:

C. The term "person" means an individual, partnership, association, corporation, or other organization.

* * * * *

E. The term "national" shall include,

(i) Any person who has been domiciled in, or a subject, citizen or resident of a foreign country at any time on or since the effective date of this Order,

(ii) Any partnership, association, corporation or other organization, organized under the laws of, or which on or since the effective date of this Order had or has had its principal place of business in such foreign country, or which on or since such effective date was or has been controlled by, or a substantial part of the stock, shares, bonds, debentures, notes, drafts, or other securities or obligations of which, was or has been owned or controlled by, directly or indirectly, such foreign country and/or one or more nationals thereof as herein defined,

(iii) Any person to the extent that such person is, or has been, since such effective date, acting or purporting to act directly or indirectly for the benefit or on behalf of any national of such foreign country, and

(iv) Any other person who there is reasonable cause to believe is a "national" as herein defined.

In any case in which by virtue of the foregoing definition a person is a national of more than one foreign country, such person shall be deemed to be a national of each such foreign country. In any case in which the combined interests of two or more foreign countries designated in this Order and/or nationals thereof are sufficient in the aggregate to constitute, within the meaning of the foregoing, control or 25 per centum or more of the stock, shares, bonds, debentures, notes, drafts, or other securities or obligations of a partnership, association, corporation or other organization, but such control or a substantial part of such stock, shares, bonds, de-

Order 8832, July 26, 1941, Ex. Order 8963, December 9, 1941, and Ex. Order 8998, December 26, 1941; Regulations, April 10, 1940, as amended June 14, 1941, and July 26, 1941.

bentures, notes, drafts, or other securities or obligations is not held by any one such foreign country and/or national thereof, such partnership, association, corporation or other organization shall be deemed to be a national of such foreign countries. The Secretary of the Treasury shall have full power to determine that any person is or shall be deemed to be a "national" within the meaning of this definition, and the foreign country of which such person is or shall be deemed to be a national. Without limitation of the foregoing, the term "national" shall also include any other person who is determined by the Secretary of the Treasury to be, or to have been, since such effective date, acting or purporting to act directly or indirectly for the benefit or under the direction of a foreign country designated in this Order or national thereof, as herein defined.

It should be noted that the definition of "national" in subdivisions (i) and (iv) of subsection E of the Executive Order includes a citizen of the United States who has been or has purported to be a subject or citizen of a foreign country at any time on or since the effective date of the Order.

The effective date specified in Section 3 (k) of the Executive Order with respect to Japan and nationals thereof is June 14, 1941.

(4) *Doubt concerning nationality.* No person who is a national of Japan and who is required to report on Series J is excused from reporting because of any doubt he may have as to his status as a national.

(5) *Nationals who should have filed reports previously.* Nationals of Japan who have not been entitled to the benefits of General License No. 68, but who nevertheless have failed to file reports of their property on Form TFR–300 should do so at once. Such persons shall report on Series A or Series B, as appropriate, and on Series I, in accordance with the instructions contained in Public Circular No. 4, and shall not report on Series J.

(6) *Nationals who have previously reported their own property.* Nationals of Japan who have reported their own property on Series I, and on Series A or Series B, when appropriate, as required by Public Circular No. 4, should not report on Series J.

C. *Property to be reported*—(1) *General requirement.* Every national required to report on Series J shall report with respect to *all property* subject to the jurisdiction of the United States on the opening of business on June 1, 1940, and with respect to *all property* subject to the jurisdiction of the United States on the opening of business on January 1, 1942, in which on the respective dates the national had any interest of any nature whatsoever, direct or indirect. Property located in *any* of the territories and possessions of the United States, including Hawaii and the Philippine Islands, must be entered. The report must be made whether or not the property is or has been blocked or subjected to any other restriction whatever by or under Executive Order No. 8389, as amended. Section II of this Circular provides a classification of property for the purpose of reporting.

(2) *Property jointly owned.* Every national required to report on Series J who has any interest in any reportable property shall report the full amount of such property and not merely his interest. For example, if the person reporting owns a parcel of real estate jointly, he should report the entire value of the real estate. Appropriate provision is made on Series J for an indication of the existence of other interests. Any duplication by reason of several persons reporting the same property shall not excuse anyone from rendering the report required from him with respect to the property.

(3) *Doubt concerning ownership of property.* No national of Japan who had an interest in any property required to be reported on Series J is excused from reporting because of any doubt he may have as to the existence of the interest or of the property.

D. *When no report need be filed*—(1) *Total value of property less than $1,000.* No report need be filed if the total value of all property which a national would otherwise be required to report was on both June 1, 1940, and January 1, 1942, less than $1,000: *Provided*, That this exemption shall not apply to employment and agency agreements, understandings, and contracts, to patents, trade-marks, copyrights and franchises, to interests in partnerships and profit-sharing agreements, nor to property the value of which cannot be readily determined. If a person had property of a kind which must be reported without exemption, by virtue of the proviso in the preceding sentence, he must include in his report all other property in which he had an interest, regardless of the value of such other property. In arriving at the value of $1,000, no deduction shall be made for offsets, liens, or other deductions from gross value.

(2) *General License No. 28.* The requirement for reporting contained in Instruction B above does not extend to nationals of Japan entitled to the benefits of General License No. 28, applying to citizens of the United States who are nationals of foreign countries only by reason of domicile or residence therein.

E. *Time and place of filing report*—(1) *General.* Reports must be executed and filed *in quadruplicate* on or before February 15, 1942 with the Federal Reserve Bank of the district, or the Governor of the territory or possession of the United States, in which the person filing the report resides or has a principal place of business or principal office or agency. Each person reporting should retain, for himself, an additional copy of his report.

(2) *Extension of time under General License No. 68A.* The time for filing reports required under paragraphs (3) and (4) of General License No. 68A has been extended to February 15, 1942.

F. *Penalties.* (1) Section 5 (b) of the Act of October 6, 1917 (40 Stat. 415), as amended, applicable hereto, provides in part:

> • • • Whoever willfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than $10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment, or both.

(2) Section 130.4 (c) (1) of the Regulations of April 10, 1940, as amended, issued under Executive Order No. 8389, as amended, provides:

> All spaces in the report must be properly filled in. Reports found not to be in proper form, or lacking in essential details, shall not be deemed to have been filed in compliance with the Order.

G. *Information regarding preparation of reports*—Anyone desiring information concerning Series J may apply to any Federal Reserve Bank.

SEC. II—*Property Classes*

Before preparing your report read this Section in detail. This Circular requires reports on Form TFR–300, Series J, of all property subject to the jurisdiction of the United States, in which certain nationals of Japan, as specified in Instruction B under Section I of this Circular, had any interest on either or on both June 1, 1940, and January 1, 1942. In this Section property is classified for purposes of reporting. It is imperative that all property be entered under the correct type upon Series J, which requires that the person reporting state whether or not he has reported the value of all property he is called upon to report therein, including property held in the name of another in which he had any interest whatsoever.

Class A: Bullion, currency, and deposits. (1) Bullion, both gold and silver; (2) Currency and coin, United States and foreign; (3) Demand deposits payable in the United States in United States dollars or foreign currency, including any and all demand deposits or accounts maintained with any bank or broker, or others, in the national's own name or jointly with one or more other persons, or on which he has authority to draw, or maintained in some other name for the present or future benefit of the national, or in which the national has an interest, whether or not he has the right to draw thereon; (4) Other deposits payable in the United States in United States dollars or foreign currency, maintained with any bank, broker, or others, including savings accounts, compound interest accounts, accounts represented by certificates of deposit, postal savings accounts, and any and all other accounts, other than demand deposits, maintained in the national's own name or jointly with one or more other persons, or on which he has authority to draw, or maintained in some other name for the present or future benefit of the national, or in which the national has an interest, whether or not he has the right to draw thereon.

Class B: Financial securities. (5) United States Government obligations, including all United States bonds, registered or bearer, notes, bills, certificates of indebtedness, savings stamps, matured coupons, attached or detached, and every other such direct obligation of the United States Government, and all obligations evidenced by financial securities guaranteed as to principal or interest by the United States Government, but not obligations not so guaranteed as to principal or interest; (6) State, municipal, and other local government obligations, including bonds, registered or bearer, matured coupons, attached or detached, notes, certificates of indebtedness, and any other such obligations of any state, territory, district, or possession of the United States, and of any agency or instrumentality or subdivision thereof, and of all municipal corporations, including, without limitation, cities, towns, townships, counties, parishes, irrigation districts, school, water, drainage, and tax districts, special authorities, and any other similar obligations and including certificates of deposit with respect to any of the foregoing; (7) Bonds of domestic corporations, including mortgage bonds, registered or bearer, and matured coupons, attached or detached, debentures, notes, income bonds, and any other evidences of funded debt, past due or to become due, and all receiver's or trustee's certificates and similar instruments, and any other obligation evidenced by an instrument, negotiable or otherwise, representing funded corporate debt, executed or issued by or in the name of any corporation organized under the laws of the United States or of any state, territory, district, or possession thereof, including all such obligations of any agency or instrumentality of the United States not guaranteed as to principal or interest by the United States Government and including certificates of deposit with respect to any of the foregoing; (8) Common stocks of domestic corporations, of whatever class, voting or nonvoting, including debenture stock, participating stock, and any other type or kind of stock [other than preferred stock], interests in voting trusts, stock pools, and similar interests, and any trustee's certificates, by whatever name called, representing shares or beneficial interests in any business trust or other type of unincorporated business organization except a partnership; (9) Preferred stocks of domestic corporations, including all stock, voting or nonvoting, issued by any domestic corporation, to which any preference of any kind attaches, over any other issue of stock of that same corporation; (10) Foreign securities held in the United States, including mortgage and other bonds, registered or bearer, and matured coupons, attached or detached, debentures, notes, and any other evidences of funded debt, past due or to become due, negotiable or otherwise, executed or issued either within or without the United States by a foreign government or any subdivision, instrumentality, or agency thereof, whether or not incorporated, or by any corporation or other association or organization, business or otherwise, organized and existing under the laws of any country other than the United States, representing funded debt thereof, and all stock, common or preferred of all types or kinds, and any other instrument by whatever name called, representing shares or beneficial interests in any such corporation, organization, or association and including certificates of deposit with respect to any of the foregoing; (11) Warrants, scrip, rights, and options; other securities, warrants, scrip, rights, options, or other instruments evidencing the right to receive, purchase, or acquire any financial security or interest therein, absolutely or upon contingency, and all other contracts relating to the purchase or sale of financial securities, issued or unissued; and any other financial securities whatsoever or rights therein, commonly dealt in by bankers, brokers, and investment houses in the United States or elsewhere.

Class C: Notes and drafts; debts to and claims by national. (12) Checks, drafts, acceptances, and notes, including all checks, cashier's or official bank checks, sight drafts, time drafts, banker's acceptances, trade acceptances, promissory notes, and any and all other notes, drafts, or bills of exchange, and payment orders and remittances; (13) Letters of credit, including all similar instruments or agreements, wherein the obligation of any bank thereunder arises directly or indirectly at the request of, or for the account of, a national or extends to any national named in the letter of credit, or otherwise known, who has any rights, contingent or absolute, to receive any payments in any amount pursuant to the terms of the letter of credit or in reimbursement for any unused portion thereof; (14) Debts, claims, demands, and contracts, including book accounts, accounts receivable, judgments, awards; indebtedness and claims arising under contracts, policies of insurance, and surety and indemnity bonds; draw-backs, rebates, and refunds; and including all other debts, claims, and demands due or past due for the payment of money whether or not secured in any manner whatsoever [other than any represented by an instrument evidencing funded debt, or classified under some other type], due or claimed to be due to a national from any person or corporation residing or doing business in the United States or subject to the jurisdiction thereof, except where the debt was payable only on special demand and the place where due demand therefor could be made is not within the United States; and any and all contracts and rights under contracts, not otherwise classified, to which a national was a party or in which a national had any interest whatever, present or future, vested or contingent, executory or partly executed, liquidated or unliquidated, regardless of the nature of the contract or the nature and extent of the national's interest therein.

Class D: Miscellaneous personal property; personal property liens. (15) Warehouse receipts, bills of lading, and any and all other instruments, negotiable or otherwise, representing claims to or on personal property; (16) Options and futures in commodities, traded on any commodity exchange, including any interest in, or present or future claims to, any commodities or the proceeds of the sale of any commodities; (17) Goods and merchandise for business use, except jewelry, etc., including stocks of raw materials, agricultural products, goods in process, finished goods in stock or on consignment, goods on vessels or otherwise in transit, other than jewelry, precious stones, and precious metals; (18) Jewelry, precious stones, and precious metals, other than bullion, whether held for personal use, or as stock in trade, or for other commercial purposes; (19) Machinery, equipment, and livestock, for business use, all machinery or equipment on hand, stored, or in use, automobiles [business], trucks, automotive or otherwise, and other vehicles, office equipment and furnishings, and whatever else of like or similar type, customarily classified as machinery and equipment, vessels of any type and tonnage, charter parties, and all other interests represented by instrument or otherwise in the ownership, rights to possession, use, or control of any vessel [other than maritime or other liens thereon]; farm machinery and equipment, livestock; and all other tangible personal property used in the operation of any business or occupation; (20) Objects of art and furnishings for personal use, including all art objects, coin and stamp collections, household furniture and furnishings, automobiles [personal], and all other tangible personal property not used for commercial purposes; (21) Liens on and claims to personal property, not otherwise classified, including trust receipts, bills of sale, contracts for conditional sale or resale, lease-sale arrangements, repurchase agreements, chattel mortgages, pledges; maritime, cattle, timber, and crop liens; and all other instruments not otherwise classified evidencing any lien on, or claim to, personal property, and all other liens on or claims to personal property, not represented by any instrument by whatever name called, arising by agreement or by operation of law.

Class E: Real property; mortgages; other rights to land. (22) Lands and buildings for personal use, including only property used exclusively as a dwelling by the national and his family and not more than one other family; (23) Lands and buildings other than for personal use, including all property used as a dwelling other than that classified under type 22 preceding, all lands and the buildings, structures, and other improvements thereon used for commercial, manufacturing, mercantile, agricultural, and other business purposes, and interests therein; ground rents, leaseholds, together with rents, accrued or to accrue, tax warrants, easements, mineral rights, oil rights, timber and other rights in or to land or the products thereof or a share therein, royalties, and any other rights in the lands of another; (24) Mortgages on real property; other rights to land, mortgage bonds, mortgage notes [other than corporate mortgage bonds or notes represented by financial securities], mortgage participation certificates, guaranteed or otherwise, deeds of trust, and any other bond, note, or other instrument secured by a lien on any real property or interest therein; contracts for the purchase and sale of real property, whether or not partially executed, options, and any and all other rights or interests in or liens, vested or contingent, upon real property or upon an interest in real property.

Class F: Patents, trade-marks, and copyrights; franchises. (25) Patents, trade-marks, copyrights, and inventions, including patents, trade-marks, registered or unregistered, copyrights, inventions, and secret processes, or any present, future, or contingent interest therein, and agreements pertaining thereto; all rights incidental to the ownership of patents, trade-marks, or copyrights, including applications therefor and licenses, by definition or otherwise, immunities, and assignments, relating thereto, and any other contracts affecting or involving the foregoing, such as, but not by way of limitation, the right to receive royalties, including any royalties due and unpaid, royalties paid in advance, reciprocal licensing arrangements and contracts by which any information in the nature of technical data, know-how, or otherwise, is transmitted or exchanged, or any right therein by which any license or privilege is granted or may be exercised, to examine the operations of any plant, factory, or other productive unit, to examine or supervise the books thereof, to inspect any finished product, or to have the right of visitation or any other such right incidental to or separate from the right to receive royalties or other compensation; (26) Franchises, concessions, licenses, and permits, by any of which any special right or privilege may be exercised affecting the commencement, continuation, or conduct of a business, or as an incident thereto.

Class G: Estates and trusts. (27) Interests in estates and trusts, each and every right or interest, present or future, absolute or contingent, in or to any of the property or estate of a deceased person, which may belong to the national or in which he has an interest, whether the same exists by reason of the provisions of a last will and testament or by operation of law in case of the intestacy of the deceased, and all other rights or interests, present or future, absolute, revocable or contingent, belonging to the national or in which he has an interest, in or to any property or fund held or controlled by a trustee or other fiduciary by whatever name described.

Class H: Partnership and profit-sharing agreements. (28) Interests under partnership and profit-sharing agreements, all partnership agreements, general, special, limited, or other type, agreements for joint adventures; profit-pooling and profit-sharing agreements and any and all other rights to receive, or share in, profits of partnerships, business trusts, or other nonincorporated business organizations [not represented by a financial security], whether or not the rights granted under such agreement are security for a debt due, or as a manner or method of liquidating such debt or otherwise.

Class I: Insurance policies; annuities. (29) Surrender value of insurance policies; present value of annuities, of all types, including pensions and endowments and pension and endowment contracts, determined in accordance with standard actuarial practice.

Class J: Other property. (30) Other property, not classifiable under types 1 to 29, including any and all other property, real, personal, or mixed, tangible or intangible, or interest or interests therein, present, future, or contingent; debts due or to become due, claims, demands, actions, causes or things in action, or interest therein, not specified, mentioned, or referred to in any of the foregoing property classes designated "Class A" to "Class I", inclusive.

SEC. III—*Detailed Instructions for Filling Out Form*

1. *Persons required to report.* Series J is to be used by certain nationals of Japan to report for themselves, as provided in Instruction B under Section I of this Circular.

2. *Instructions applicable to entire Series*—(a) *Reading Circular.* Read this Circular in full before beginning to prepare Series J. If you have not already read Sections I and II of this Circular, do so before reading this Section.

(b) *Answers required.* Each question on the Series must be answered and all the specific information called for must be given. When there is nothing to report under any question or if information is lacking, state "No," "None," or "Unknown," as the case may be, with an explanation if required, except that in Part B spaces not needed for reporting should be left blank. You are not excused from furnishing any information you reasonably should have.

(c) *Number of copies required.* File your report *in quadruplicate.* You should retain, for yourself, an additional copy of the report.

(d) *Language to be used.* All reports must be filled out in *English.*

3. *Nationality*—(a) *In general.* In this space state the name of each country, other than Japan, of which you are a national, as defined in Section 5E of Executive Order No. 8389, as amended. If you are a national of a foreign country by reason of any fact other than that you have been a subject or citizen of a foreign country, Question 5 in Part D requires you to state the facts determining your nationality.

(b) *Trusts and estates.* Reports for trusts and estates, other than business trusts in which the interests of the beneficiaries were represented by financial securities, shall state the country or countries of which the trust itself is a national, and in any event shall state the country or countries of which each beneficiary of the trust is a national.

4. *Part A*—(a) *Name.* A person doing business under a trade name should give that name in addition to his actual name.

(b) *Address.* A person having more than one address should state his principal address within the United States.

(c) *Type of organization.* Individuals not engaged in business may insert a dash (—). Other persons should indicate the legal nature of their organization, e. g., individual proprietorship, partnership, corporation, business trust, etc.

(d) *Citizenship.* A person other than an individual should enter the name of the state, district, territory, or possession under the laws of which it is incorporated, or if unincorporated, in which it has its principal place of business. Persons who are citizens of more than one country must state the name of each country, including the United States when that is one of the countries.

5. *Part B: Schedule I*—(a) *General.* This Schedule requires the valuation of all your property within each property type contained in the classification of Section II of this Circular, which must be followed strictly, but property not falling under any of the other types of the classification must be reported under type 30. No property shall be reported under type 30 if it constitutes property reportable as any other type.

(b) *Shares in building and loan associations.* Shares in building and loan associations, savings and loan associations, and similar organizations shall be reported under property type 4, which for the purpose shall be deemed to designate such shares.

(c) *Valuation.* Enter in Column (a) the total value of the items of each type of property held on January 1, 1942, at the market price at the close of business on December 31, 1941, or, if such price is not available, at the estimated value on January 1, 1942. In estimating value, the last sale price or bid, if reasonably close to January 1, may be used as a basis. Enter in Column (b) the total value of the items of each type of property reported as being held on June 1, 1940. The January 1, 1942 unit value shall be used in both Column (a) and Column (b). In other words, if the same number of units of a particular kind of property was held on both June 1, 1940, and January 1, 1942, enter the same amount in Column (b) as in Column (a). If the number of units of a kind of property held on June 1, 1940, was different from the number held on January 1, 1942, use the same per unit value with respect to Column (b) as is used regarding Column (a), but apply the unit value to the number of units actually held on June 1, 1940. In any case where property was held only on June 1, 1940, none of it being held on January 1, 1942, the value should still be reported on the basis of the unit value on January 1, 1942, unless such value is not determinable, in which event the value of the property on June 1, 1940, should be entered in Column (b). When the June 1, 1940, value is used, an appropriate notation should be made.

All amounts reported should be given in dollars, to the nearest dollar. Do not enter fractions of a dollar on the report. However, in determining the value of a property item consisting of more than one unit, fractions of a dollar in the unit value should not be disregarded. For example, if you held ten shares of a particular stock and the value of each share was $116¾, so that the exact value was $1,163.75, you should enter $1,164 on the report.

(d) *Value expressed in foreign currency.* Property, the value of which was expressed in a foreign currency, or which was to be paid or liquidated in a foreign currency, shall be valued at the dollar value if dollar market value existed for such property itself; if not, the foreign currency value thereof shall be converted into dollars, in accordance with the instructions relating to exchange rates given in Section IV of this Circular.

(e) *Property of indeterminable value.* In reporting property of indeterminable value, enter "indeterminable" under the appropriate property type in Schedule I and describe the property in Schedule III, as required by Instruction 7, below. When property of determinable value and property of indeterminable value are to be reported under one property type in Schedule I, the determinable amount should be entered under the property type without indication of the property having indeterminable value, but descriptions of the items should be given in Schedule III in accordance with Instruction 7.

(f) *Inventories.* If in the regular course of its business, a national engaged in business prepared inventories of merchandise, and machinery and equipment, or either, between July 1, 1941, and January 1, 1942, and between December 31, 1939, and July 1, 1940, or during either of the foregoing periods, and if the information required to be furnished in Schedule I is not available from other existing records of the national, such inventories prepared nearest to the respective reporting dates and the values indicated thereon may be used in preparing Schedule I, with appropriate notation of such use, including the dates of the inventories.

(g) *Orders for goods.* You must report all unfilled orders for goods or merchandise, whether given by or to you, except that any order specifying a total price of less than $1,000 may be disregarded. Such orders required to be reported may be shown as of indeterminable value.

(h) *Foreign patents.* A patent issued by a foreign government need not be reported, nor need any license issued under the patent to a person not within the United States but any license issued to a person within the United States must be reported, except when all obligations of any sort on the part of the licensee had been fully performed or discharged, or except when all payments under the license were to be made solely in a foreign currency from funds held abroad. Moreover, licensing arrangements or contracts in relation to such a patent involving the exchange of information or data of any sort, or providing for the future issuance of licenses which themselves would have been reportable must be reported.

6. *Part B: Schedule II*—(a) *Indebtedness.* This Schedule requires a statement of your indebtedness payable to persons in the United States, within each indebtedness type as classified and described in the Schedule. State under each type number only the total amount of indebtedness of each type being reported. All amounts should be given in dollars, to the nearest dollar. Do not enter fractions of a dollar. Indebtedness payable in foreign currency should be converted into dollars in accordance with the instructions relating to exchange rates given in Section IV of this Circular.

(b) *Financial statement.* A national other than an individual not engaged in business must file a financial statement (consisting wherever possible of balance sheet, profit-and-loss statement, and surplus reconciliations) for each of its fiscal years ending nearest to January 1, 1942, and June 1, 1940, respectively, if such statements have been prepared by or for the national in the course of its business.

7. *Part B: Schedule III*—(a) *Property items to be listed.* List in this Schedule, in the order in which the property types are given in Schedule I of this Part, each item of property of the value of $1,000 or more either on June 1, 1940, or on January 1, 1942, or both, concerning which report is being made. Employment and agency contracts (including agreements and understandings), patents, trade-marks, copyrights, and franchises, and partnership and profit-sharing agreements, shall be listed even though valued at less than $1,000. However, no reference whatever should be made to any invention with respect to which a secrecy order has been issued by the Commissioner of Patents pursuant to the Act of October 6, 1917 (40 Stat. 394), as amended. Also list all items of property, the value of which is not readily determinable. Except as provided in this paragraph, property items of a value less than $1,000 should not be listed in this Schedule, although the value of each must be included in the total value of property of each type in Schedule I.

(b) *Definition of property item.* A property item is any unit of property commonly bought, sold, assigned, released, or alienated, except that the total of wholly similar units of the same kind is regarded as one item, such as a number of certificates each for shares of stock of the same issue, or a number of bonds of the same issue, or several head of cattle. The total number of units of such property shall be stated, but in other respects the property may be treated entirely as one item. Several bank accounts with the same institution, or several debts payable by the same debtor, shall be itemized separately in this Schedule if the aggregate amount thereof exceeds $1,000, even though each individual item is less than $1,000.

(c) *Method of listing.* Enter in Column (a) the number of the property type in which the item is included. Enter in Column (b) a short description or identification of the property item. In case of property, such as a patent, commonly referred to by number or other similar designation, state briefly the object or nature of the property in addition to the number or other designation. With regard to property other than debts and claims, enter in Column (c) the name and address of the person with whom the property was deposited or by whom it was held, and give the number or other designation of any safe deposit box or similar receptacle in which the property was kept. Respecting debts owed to and claims made by you, state the name and address of the debtor and disregard the location of the evidence of indebtedness. If the property was in your immediate possession, it will suffice to state "Person reporting" in place of the name and address. Enter in Columns (d) and (e) the value of each property item on January 1, 1942, and June 1, 1940, as determined in accordance with the provisions for valuation contained in Instruction 5, above.

(d) *Continuation sheets.* Continuation sheets identical in form with Schedule III are provided for the use of persons reporting who find the space in Schedule III insufficient.

8. *Part C.* All the information called for in the questions under this part must be given as of both June 1, 1940, and January 1, 1942, for each of the property items listed in Part B, Schedule III. If a property item was held on only one date, give the information as of that date. In the answers each item of property shall be designated by the number of its type and by its description in Part B, Schedule III.

9. *Part D*—(a) *Trustees.* Trustees and other representatives of trusts and estates should answer the questions in this Part only with respect to the trusts or estates and not with respect to the trustees or representatives themselves in their individual capacities.

(b) *Form TFBE–1.* In addition to answering the questions in Part D, every business enterprise reporting property of a total gross value in excess of $5,000 must file with the appropriate Federal Reserve Bank, on or before the date of filing for this report, an affidavit setting forth the information required by Form TFBE–1.

10. *Affidavit*—(a) *Necessity and manner of execution.* The report must be signed and sworn (affirmed) to before an officer authorized to administer oaths, whose seal must be affixed. Reports will not be accepted unless properly executed. The affidavit need be attested only on the original of the report, but the affidavits on copies must be fully conformed except as to the notarial seal.

(b) *Who shall execute.* Affidavits in behalf of partnerships shall be executed by a partner. Affidavits in behalf of any other organization shall be executed by the president, vice president, secretary, or some other principal officer authorized to make the report on behalf of the organization.

SEC. IV—*Table of Exchange Rates*

Where the value of property is expressed in terms of foreign currency, such values should be converted into dollars at the rates of exchange set forth below. Where no rate is given for a country, the latest rate next before January 1, 1942, as generally quoted by foreign exchange dealers or other recognized sources of information shall be used. Such rate should be clearly stated in the report. The exchange rates given in this table are for use only in preparing reports on Form TFR–300, Series J, and are not intended

to be used or relied upon in any other connection or for any other purpose whatsoever.

ACTION OF LOCAL BOARD AT MEETING THE DAY AFTER REGISTRATION DAY

§ 614.1 *Chairman's registration report to local board.* The chairman of each local board shall convene a meeting of his local board on the day after the day fixed by the President for each registration. At this meeting, he shall place before the local board all packages of completed Registration Cards (Form 1), unused Registration Cards (Form 1), unused Registration Certificates (Form 2), spoiled Registration Cards (Form 1), and spoiled Registration Certificates (Form 2). The local board shall complete at this meeting the steps set forth in §§ 614.2 to 614.7 inclusive.*

*§§ 614.1 to 614.46, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 614.2 *Local board's registration report to local board.* The chairman of the local board shall check each group of cards and shall prepare and mail to the State Director of Selective Service a report as follows:

REPORT OF REGISTRATION

We, the undersigned, members of Local Board No. ------, County of ----------, State of ----------, make our report of the registration held ----------, as follows:

1. Registration Cards (Form 1)

(b) Issued to registrants (should be the same number as 1 (b) above)	------
(c) Unused	------
(d) Spoiled	------
(e) Total accounted for ((b) + (c) + (d)) (Should equal (a))	------

Date ----------

(Chairman)

(Members of Local Board)

§ 614.3 *Destruction of spoiled Registration Cards and Registration Certificates.* The spoiled Registration Cards (Form 1) and Registration Certificates (Form 2) shall be destroyed in the presence of the members of the local board.*

§ 614.4 *Disposition of unused Registration Cards and Registration Certificates.* The local board shall deliver to the clerk of the local board all unused Registration Cards (Form 1) and Registration Certificates (Form 2) to be retained by the local board in the custody of the clerk for future use.*

§ 614.5 *Registrants residing outside local board area—Disposition of Registration Cards.* The local board shall carefully check each completed Registration Card (Form 1) to determine whether the place of residence as shown on line 2 of such card is within its local board area. If the place of residence shown on line 2 of any Registration Card (Form 1) is outside of the local board area, the local board shall immediately mail such card to the proper local board if it is absolutely sure of the local board which has jurisdiction over such registrant. If it has any doubt about the proper local board, it shall mail such Registration Card (Form 1) to the State Director of Selective Service having jurisdiction over the place of residence shown on line 2 of such card, using air mail whenever it will result in a more expeditious delivery.*

§ 614.6 *Registrants residing within the local board area: Grouping of Registration Cards.* (a) When the local board has mailed all of the Registration Cards (Form 1) of registrants whose places of residence as shown on line 2 of such cards are outside its local board area, it shall then place in separate groups in the manner hereinafter provided all of the Registration Cards (Form 1) of those registrants whose places of residence as shown on line 2 of such cards are within its local board area.

(b) The local board shall place in Group 1 the Registration Card (Form 1) of each registrant whose date of birth as given on line 5 of such card shows that he is within the age group required to be registered by the first proclamation of the President. Each succeeding proclamation added a new age group. The local board shall place in Group 2 the Registration Card (Form 1) of each registrant in the new age group added by the second proclamation of the President and shall place in Group 3 the Registration Cards (Form 1) of each registrant in the age group added by the third proclamation of the President. After carefully checking the date of birth of the registrant as set out in answer to question 5 on the face of the Registration Card (Form 1), the local board shall place each card in the group in which it belongs. The following table will assist the local board to determine the group in which each Registration Card (Form 1) should be placed:

TABLE OF AGE GROUPS

Group 1

Registrants born on or after October 17, 1904, and born on or before October 16, 1919.

Group 2

Registrants born on or after October 17, 1919, and born on or before July 1, 1920.

Group 3

Registrants born on or after July 2, 1920, and born on or before December 31, 1921;

and

Registrants born on or after February 17, 1897, and born on or before October 16, 1904.

These regulations will hereinafter provide for the placing of serial and order numbers on Registration Cards (Form 1) and will refer to such cards as being in "Group 1," "Group 2," or "Group 3." Wherever such reference is made, it is intended that the determination of the group in which a particular Registration Card (Form 1) belongs will be made by using the foregoing table.

(c) If any Registration Cards (Form 1) are found which indicate a date of birth not included within the dates of birth of registrants required to be registered under any proclamation, the person who has registered shall be called before the local board and his true age ascertained. If the Registration Card (Form 1) incorrectly states the date of birth of such registrant, the date shall be corrected and the card then placed in the proper group. If the Registration Card (Form 1) correctly states the date of birth of the registrant and he is of an age not required to be registered, that fact shall be noted on the Registration Card (Form 1), and it shall be canceled by writing on the face thereof "Canceled—Not Within Ages Required to Register."*

§ 614.7 *Reporting number of persons registered.* (a) For the purpose of determining the total registration in the nation, the chairman of each local board before he adjourns the meeting on the day after registration day shall report to the State Director of Selective Service by telegram the total number of completed Registration Cards (Form 1) of registrants who registered within his local board area during the period of the third registration. All Registration Cards (Form 1) of registrants who registered in the local board area shall be counted without regard to the group to which they belong and without determining whether they will remain under the jurisdiction of the local board where they registered or will be forwarded to some other local board.

(b) As soon as possible after he receives such telegraphic advices from the local boards within his State, the State Director of Selective Service shall telegraph the Director of Selective Service the total number of completed Registration Cards (Form 1) of persons who registered in his State during the period of the third registration.*

§ 614.8 *Care in keeping Registration Cards.* When the local board has taken all of the steps provided for in §§ 614.1 to 614.7, inclusive, it shall place the Registration Cards (Form 1) in a safe place until the meeting provided for in § 614.21, being careful to keep each of the groups of cards separate.*

DISPOSITION OF REGISTRATION CARDS RECEIVED AFTER THE CLOSE OF REGISTRATION AND BEFORE MEETING OF MARCH 9, 1942

§ 614.11 *Registration Cards received from another local board.* (a) When a local board receives a Registration Card (Form 1) after the close of registration and before the commencement of its meeting on March 9, 1942, the clerk of the local board shall first check the place of residence indicated on line 2 of such card.

(b) If such place of residence is not within the local board area, the clerk shall immediately mail the card to the proper local board or State Director of Selective Service as provided in § 614.5.

(c) If the place of residence is within the local board area, the card shall be held for disposition under the provisions of § 614.22 at the March 9, 1942 meeting of the local board.*

§ 614.12 *Registration Card of man registering after close of registration and before meeting of March 9, 1942.* (a) If a person required to be registered presents himself for registration at any local board after the close of registration and before the commencement of the meeting of such local board on March 9, 1942, he shall be registered.

(b) If the place of residence on line 2 of the Registration Card (Form 1) of such registrant is outside of the local board area, the local board clerk shall immediately mail the card to the proper local board or to the proper State Director of Selective Service as provided in § 614.5.

(c) If the place of residence on line 2 of the Registration Card (Form 1) of such registrant is within the local board area, the card shall be held for disposition under the provisions of § 614.22 at the March 9, 1942 meeting of the local board.*

ACTION OF LOCAL BOARD AT MEETING OF MARCH 9, 1942

§ 614.21 *Chairman to call meeting.* The chairman of the local board shall convene a meeting of his local board on March 9, 1942. At this meeting, the local board shall complete the steps set forth in §§ 614.22 to 614.27 inclusive.*

§ 614.22 *Arranging groups of Registration Cards.* At the meeting of the local board provided for in § 614.21, the Registration Cards (Form 1) that were put away for safe-keeping, under the provisions of § 614.8, shall be placed before the local board. All Registration Cards (Form 1) received after the close of registration, either from places of registration outside of the local board area or as a result of late registrations, shall be carefully checked to determine whether the place of residence, as shown on line 2 of such Registration Cards (Form 1), is within the local board area. All such cards showing on line 2 a place of residence within the local board area shall be sorted in the manner provided in § 614.6 and added to the proper groups of Registration Cards (Form 1). All such cards showing on line 2 a place of residence not within the local board area shall be mailed to the proper local board as provided in § 614.5.*

§ 614.23 *Disposition of Registration Cards in Group 1.* (a) A strip shall be cut from an unused white Registration Card (Form 1) and pasted across the top of the face of each Registration Card (Form 1) in Group 1.

(b) The Registration Cards (Form 1) in Group 1 shall then be given late-registrant serial and order numbers in the manner provided in Part 616.*

§ 614.24 *Disposition of Registration Cards in Group 2.* (a) A strip shall be cut from an unused melon-colored Reg-

istration Card (Form 1) and pasted across the top of the face of each Registration Card (Form 1) in Group 2.

(b) The Registration Cards (Form 1) in Group 2 shall then be given late-registrant serial and order numbers in the manner provided in Part 616.*

§ 614.25 *Serial numbering Registration Cards in Group 3.* (a) The local board shall thoroughly shuffle and mix all of the Registration Cards (Form 1) in Group 3 in such a manner that the location of any individual card with respect to the other cards and the number any such card later receives will be purely a matter of chance.

(b) The local board shall then place on each Registration Card (Form 1) in Group 3 a serial number. Each serial number in Group 3 shall be preceded by the prefix "T." The first card in the pile shall be numbered "T–1," the next card "T–2," and so on until all cards are numbered consecutively. The general rules for serial numbering Registration Cards (Form 1) set out in §§ 614.41 to 614.44, inclusive, shall be carefully followed.*

§ 614.26 *Preparing lists of registrants in Group 3.* (a) During or after serial numbering of Registration Cards (Form 1) in Group 3, the local board shall make up a list of Registrants (Form 3) for such group. Registrants shall be listed in the order of their serial numbers with the registrant having number "T–1" at the top of the list. All serial numbers from "T–1" to the largest "T" serial number used shall be listed, whether or not each number was given to a registrant. Serial numbers shall be placed in column 2 of the List of Registrants (Form 3) opposite the name of the registrant to whom such number has been assigned. One copy of such List of Registrants (Form 3) shall be maintained at all times in the files of the local board, and one copy shall be sent to the State Director of Selective Service.

(b) The local board should, but shall not be required to, prepare a second list of Registrants (Form 3), with the last names of the registrants arranged in alphabetical order. One copy of such alphabetical list of Registrants (Form 3) should be maintained at all times in the files of the local board.

(c) One copy of the List of Registrants (Form 3), preferably the one arranged in alphabetical order, shall then be posted in a public place in or near the office of the local board and as many copies thereof as possible should be prepared for and distributed to the press, radio, and other mediums of publication.*

§ 614.27 *Report of serial numbering.* (a) Before the meeting provided for in § 614.21 is adjourned, the local board shall telegraph the following report to the State Director of Selective Service:

Registration Cards (Form 1) for the third registration shuffled and serial numbered. Largest serial number used by Local Board No. ------ is T– -------.

(b) As soon as possible, the State Director of Selective Service shall telegraph the Director of Selective Service the largest serial number used by any local board in his State in the third registration.*

DISPOSITION OF REGISTRATION CARDS RECEIVED AFTER COMMENCEMENT OF MEETING OF MARCH 9, 1942, AND BEFORE COMMENCEMENT OF THE THIRD NATIONAL LOTTERY

§ 614.31 *Registration Card received from another local board.* (a) When a local board receives a Registration Card (Form 1) after the commencement of its meeting on March 9, 1942, and before the commencement of the third national lottery, it shall first check the place of residence indicated on line 2 of such card.

(b) If such place of residence is not within its local board area, the clerk of the local board shall immediately mail the card to the proper local board or State Director of Selective Service, as provided in § 614.5.

(c) If the place of residence is within its local board area, the card shall be disposed of in the manner provided in § 614.23 if it belongs in Group 1; or in the manner provided in § 614.24 if it belongs in Group 2; or, if it belongs in Group 3, it shall be given a serial number in the manner provided in § 614.42, and the name of the registrant shall be added to the List of Registrants (Form 3).

(d) If another local board has erroneously placed a serial number on such a card belonging in Group 3, the proper local board, upon receiving the card, shall draw a line through and cancel the serial number erroneously placed upon the card, place a new serial number on the card in the manner provided in § 614.42, and add the name of the registrant to the List of Registrants (Form 3).*

§ 614.32 *Registration Card of man registering before national lottery.* (a) If a person required to be registered presents himself for registration at any local board after the commencement of the meeting of such local board on March 9, 1942, and before the commencement of the third national lottery, he shall be registered.

(b) If the place of residence on line 2 of the Registration Card (Form 1) of such a registrant is outside of the local board area, the clerk of the local board shall immediately mail the card to the proper local board or State Director of Selective Service, as provided in § 614.5.

(c) If the place of residence is within the local board area, the card shall be disposed of in the manner provided in § 614.23 if it belongs in Group 1; or in the manner provided in § 614.24 if it belongs in Group 2; or, if it belongs in Group 3, it shall be given a serial number in the manner provided in § 614.42, and the name of the registrant shall be added to the List of Registrants (Form 3).*

SERIAL NUMBERING REGISTRATION CARDS

§ 614.41 *Putting serial numbers on Registration Cards.* The serial numbers shall be placed on the Registration Cards (Form 1) in black ink, either in pen and ink or by rubber stamp. Each Registration Card (Form 1) shall have one, and only one, whole serial number, such as "T–367." No letter or fraction shall be used after the number. Each serial number shall be used only once. If either the serial number or the Registration Card (Form 1) bearing the serial number is canceled for any reason, the serial number shall not be used again.*

§ 614.42 *Serial numbering a skipped Registration Card.* If a check of Registration Cards (Form 1) shows that a Registration Card (Form 1) has not been given a serial number, the local board, if any serial numbers in the group to which such card belongs were skipped, shall give the card one of the skipped numbers picked by lot; or if no such numbers were skipped, the local board shall give the card the serial number following the largest serial number already used by the local board in the group to which such card belongs.*

§ 614.43 *Correcting a serial number which is not legible.* If a Registration Card (Form 1) has on it a serial number that cannot be read, the local board shall try to find out what the serial number is by looking for gaps in the serial numbers of clearly numbered cards of the group to which the card belongs. If by this method the local board can tell what the serial number is, it shall print that number clearly. If the local board cannot tell what the serial number is, it shall cancel the illegible serial number by drawing a line through it and shall renumber the card with a new serial number in the manner provided in § 614.42.*

§ 614.44 *Correcting a Registration Card with two serial numbers.* If a Registration Card (Form 1) has been erroneously given two serial numbers and neither of the serial numbers has been placed on another Registration Card (Form 1) of the same group, the local board shall give the card the smaller of the two numbers and shall draw a line through the larger of the two numbers. If either of the two numbers is on another Registration Card (Form 1) of the same group, the number which is not on another card shall be retained, and the number which is on another card shall be crossed out by drawing a line through it. If both of the serial numbers are on other Registration Cards (Form 1) of the same group, the local board shall cancel both numbers by drawing a line through both numbers and shall then renumber the card with a new serial number in the manner provided in § 614.42.*

§ 614.45 *Registration Cards of two registrants with same serial number.* If the Registration Cards (Form 1) of two different registrants in the same group have the same serial number, the local board shall pick one of the cards by lot to keep that number. The other card shall be renumbered in the manner provided in § 614.42*

§ 614.46 *Serial numbering when local board has two Registration Cards for the same registrant.* (a) If two Registration Cards (Form 1) for the same registrant are received, it shall first be determined if the date of birth is the same on both cards. If the date of birth is not the same on both cards, the registrant shall be called before the local board and his true age determined. Any card which does not properly show the date of birth of the registrant shall be corrected. A serial number shall then be assigned to such Registration Card (Form 1) in the manner hereinafter in this section provided.

(b) When a local board has two cards in the same group for the same registrant:

(1) If such fact is ascertained before the applicable national lottery, whether before or after serial numbering the cards, the local board shall select one card by lot and cancel the other card by marking it "Canceled—Duplicate."

(2) If such fact is not ascertained before the applicable national lottery, the local board shall treat the cards just as if they were cards for two different registrants, so far as serial numbering is concerned, and the card having the serial number which comes first in the applicable national lottery shall be given its proper order number, and the other card shall be marked "Canceled—Duplicate."

(c) If a registrant is registered with more than one local board, each local board with which he registered shall put a serial number on the Registration Card (Form 1) which it has. Before the applicable national lottery, the registrant may select any local board with which he registered and request such local board to record his selection. If the registrant makes such a selection, he shall be given a receipt and sufficient copies thereof to supply one to each local board with which he has registered, which receipt shall show the date and hour of the request. The receipt and all copies thereof shall be signed by a member of the local board which the registrant has selected. The registrant shall send a copy of such receipt to each local board with which he has registered. Upon receiving a copy of such a receipt, each local board with which the registrant registered which was not selected by him shall mark his Registration Card (Form 1) "Canceled—Double Registration." If the registrant does not make such a selection before the applicable national lottery or if he does make such a selection but fails to send a copy of the receipt he receives from the local board he selects to any other local board with which he has registered, he shall report for induction to the local board that calls him first.*

NATIONAL LOTTERIES AND NATIONAL MASTER LISTS

§ 615.1 *First national lottery and First National Master List.* On October 29–30, 1940, the first national lottery was held in Washington, D. C. The list of serial numbers, arranged in the order drawn in that lottery, was called the "National Master List—First Drawing, October 29–30, 1940," and was issued as Form 169. This national master list is hereafter referred to as the "First National Master List." It will be used exclusively for determining order numbers of registrants whose Registration Cards (Form 1) are in Group 1. Each local board has a copy of the First National Master List (Form 169).*

*§§ 615.1 to 615.44, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. 8545, 5 F.R. 3779.

§ 615.2 *Second national lottery and Second National Master List.* On July 17, 1941, the second national lottery was held in Washington, D. C. The list of serial numbers, arranged in the order drawn in that lottery, was called the "Second National Master List of 'S' Serial Numbers" and was issued as Form 172. This national master list is hereinafter referred to as the "Second National Master List." It will be used exclusively for determining order numbers of registrants whose Registration Cards (Form 1) are in Group 2. Each local board has a copy of the Second National Master List (Form 172).*

§ 615.3 *Third national lottery and Third National Master List.* On a date to be fixed by the Director of Selective Service, a third national lottery will be held in Washington, D. C. A set of serial numbers, each preceded by the letter "T," from "T–1" to include the largest number used by any local board in assigning "T" serial numbers to Group 3 will be drawn by lot. The list of these "T" serial numbers, arranged in the order drawn in the third national lottery, will be called the "Third National Master List" and will be issued as Form 174. The Third National Master List (Form 174) will be used exclusively in assigning order numbers to registrants in Group 3. A copy of the Third National Master List (Form 174) will be sent through the State Director of Selective Service to each local board.*

ASSIGNING ORDER NUMBERS FROM FIRST NATIONAL MASTER LIST

§ 615.11 *Regulations governing.* (a) The regulations which governed the assignment of order numbers from the First National Master List (Form 169) to registrants properly registered on white Registration Cards (Form 1), i. e., registrants in Group 1, provided that:

(1) Upon receiving the First National Master List (Form 169), the local board shall give each such registrant an order number. The greatest care must be used in the assignment of order numbers because the order numbers establish the order in which the registrants will be selected for service. The registrant whose serial number appears at the top, or nearest the top, of the First National Master List shall get Order Number 1. The registrant whose serial number is next closest to the top of the First National Master List shall get Order Number 2. The registrant whose serial number is third closest to the top of the First National Master List shall get Order Number 3, and so on until each registrant has an order number.

(2) Order numbers must be assigned in sequence; no order number shall be skipped. Serial numbers on the First National Master List which are not held by any registrant of the particular local board are simply crossed off the First National Master List and ignored.

(3) It is suggested that the local board, as its first step in the assignment of order numbers, shall mark the order numbers opposite the applicable serial numbers on the First National Master List.

(4) When the local board is sure that its assignment of order numbers is correct, it shall enter such order numbers in red ink in the place designated on the Registration Cards (Form 1) of registrants in Group 1.*

ASSIGNING ORDER NUMBERS FROM SECOND NATIONAL MASTER LIST

§ 615.21 *Regulations governing.* (a) The regulations which governed the assignment of order numbers from the Second National Master List (Form 172) to registrants properly registered on melon-colored Registration Cards (Form 1),

i. e., registrants in Group 2: *Provided*, That:

(1) When the local board receives the Second National Master List (Form 172), it shall assign to each such registrant a sequence number. The registrant whose serial number appears at the top, or nearest the top, of the Second National Master List will be given Sequence Number 1. The registrant whose serial number is next closest to the top of the Second National Master List will be given Sequence Number 2. The registrant whose serial number is third closest to the top will be given Sequence Number 3, and so on until each registrant has a sequence number. It will be noted that the sequence numbers are determined in the same manner as order numbers were determined in the first national lottery. Sequence numbers must be assigned consecutively; no sequence number shall be skipped. Serial numbers on the Second National Master List which are not held by any registrant of the particular local board shall be crossed off the Second National Master List and ignored. The local board shall mark the sequence number in the first space opposite the applicable serial number on the Second National Master List. These sequence numbers will determine the order in which these new registrants, as between themselves, will be given order numbers, i. e., the registrant with Sequence Number 1 will receive the smallest order number assigned to the group, and the registrant with the largest sequence number will receive the largest order number assigned to the group.

(2) Having entered the sequence numbers of its registrants in Group 2 on the Second National Master List, the local board shall determine the key number. The key number shall be the order number of the last man inducted by the local board in the usual and ordinary course of classification, selection, and induction from the group which was required to be registered on October 16, 1940 (registrants in Group 1). It shall not be the order number of a volunteer for induction. This key number shall be determined as of midnight, June 30, 1941. The key number shall be placed at the top of each page of the List of Registrants (Form 3) in the following words:

"Key Number ——" (in the blank shall be inserted this key number).

(3) Example: Suppose a local board's last inductions ran as follows:

Order No. 1213. Class I–A: Inducted.
Order No. 1214. Deferred.
Order No. 1215. Class I–A: Induction postponed.
Order No. 1216. Class I–A: Inducted.
Order No. 1217. Deferred.
Order No. 1218. Deferred.
Order No. 1219. Class I–A: Order number not reached for induction.
Order No. 1220. Deferred.
Order No. 1221. Class I–A: Order number not reached for induction.
Order No. 1222. Volunteer: Inducted.
Order No. 1223. Deferred.

In the example, the key number would be 1216. It is the order number of the last man inducted in the usual process of the local board. The man who was selected but his induction postponed Order No. 1215) is disregarded. The man who volunteered and who was therefore inducted out of order (Order No. 1222) is disregarded.

(4) Having determined the key number, the local board shall assign order numbers to the new registrants (registrants in Group 2) and shall determine where such order numbers will be inserted among the order numbers of the old registrants (registrants in Group 1) in that portion of the Classification Record (Form 100) which follows the key number. To do this, the local board shall first subtract the key number from the largest order number assigned by the local board to any registrant properly registered on a white Registration Card (Form 1) (registrant in Group 1) received prior to midnight, July 8, 1941; divide the figure so obtained by the largest sequence number assigned to a new registrant properly registered on a melon-colored Registration Card (Form 1) (registrant in Group 2) received prior to midnight, July 8, 1941; and using as a yardstick the nearest whole number to the figure so obtained, place the new registrants (registrants in Group 2) among the old registrants (registrants in Group 1) whose order numbers are listed in the portion of the Classification Record (Form 100) following the key number, so that the order number of the new registrant (registrant in Group 2) with Sequence Number 1 will be separated from the key number by that number of old registrants' (registrants in Group 1) order numbers (including order numbers followed by a letter) equal to the number used as a yardstick and so that each new registrant (registrant in Group 2) will be separated from each succeeding new registrant (registrant in Group 2) (in the order of their sequence numbers) by the same number of old registrants' (registrants in Group 1) order numbers. The order number given each such new registrant (registrant in Group 2) shall be the same as the order number of the old registrant (registrant in Group 1) immediately above the place where the order number of the new registrant (registrant in Group 2) is inserted and shall be preceded by the letter "S."

(5) Example: Assume that in a local board 1740 is the key number; 4329 is the largest order number assigned to any registrant properly registered on a white Registration Card (registrant in Group 1) received prior to midnight, July 8, 1941; and 216 is the largest sequence number assigned to a new registrant properly registered on a melon-colored Registration Card (Form 1) (registrant in Group 2) received prior to midnight, July 8, 1941. Under such circumstances, the number to be used as a yardstick is 12, obtained by subtracting 1740 from 4329, leaving 2589; and dividing 2589 by 216, which gives a result of 11.98; 12 is then the nearest whole number and is the number to be used as a yardstick.

(6) An example of the procedure used by each local board in assigning the first few sequence numbers and order numbers to registrants properly registered on melon-colored cards (registrants in Group 2) appeared on page 11 of Volume Three, Classification and Selection, Selective Service Regulations, as revised September 3, 1941.

(7) The local board shall mark the order numbers thus determined opposite the applicable sequence numbers (and serial numbers) on the Second National Master List, and carefully check to be sure no errors have been made.

(8) When the local board is sure that its assignment of order numbers is correct, it shall enter such order numbers in red ink in the place designated on Registration Cards (Form 1) of registrants in Group 2."

ASSIGNING ORDER NUMBERS FROM THIRD NATIONAL MASTER LIST

§ 615.31 *Procedure.* (a) The registrants in Group 3 will receive order numbers following the order numbers assigned to registrants in Group 1 and Group 2. Order numbers assigned to registrants in Group 1 and Group 2 will be less than order number 10,000 in every case. Therefore, the order numbers for registrants in Group 3 will start with 10,001. This will, in most cases, leave a gap in order numbers between the highest order number given to a registrant in Group 1 and Group 2 and the lowest order number given to a registrant in Group 3 and will serve to keep order numbers assigned to Group 1 and Group 2 separated from order numbers assigned to Group 3.

(b) The registrant in Group 3 whose "T" serial number appears at the top, or nearest the top, of the Third National Master List (Form 174) will be given Order Number 10,001. The registrant in Group 3 whose "T" serial number is next nearest the top of the Third National Master List will be given Order Number 10,002. The registrant in Group 3 whose "T" serial number is third nearest the top of the Third National Master List will be given Order Number 10,003, and so on until each registrant in Group 3 has an order number.

(c) Example: Suppose the Third National Master List begins:

T–258
T–7
T–3226
T–119
T–634

and that a certain local board's largest "T" serial number is T–2,104 and that for some reason it has no card serial numbered T–119. Then:

Serial Number T–258 is assigned Order Number 10,001.
Serial Number T–7 is assigned Order Number 10,002.
Serial Number T–3225.
Serial Number T–119.
Serial Number T–634 is assigned Order Number 10,003.

(d) Before the order numbers are placed on the Registration Cards (Form 1), the local board must be sure that its assignment of order numbers, without exception, agrees with the order in which the "T" serial numbers on its cards appear on the Third National Master List (Form 174). The oversight of one "T" serial number will upset every order number below it, and if the order numbers have been placed on the cards before the mistake is found, blotched cards will be the result.

(e) Order numbers must be assigned in sequence. No order numbers shall be skipped. Serial numbers on the national master list which are not held by any registrant are simply crossed off and ignored. It is suggested that in assigning order numbers, the local board enter the order numbers opposite the applicable serial number on the applicable national master list.

(f) When the local board is sure that its assignment of order numbers is correct, it shall enter such order numbers in red ink in the place designated on the Registration Cards (Form 1) of registrants in Group 3."

RECORDS

§ 615.41 *Placing order numbers on List of Registrants.* As soon as it completes the assigning of order numbers to the Registration Cards (Form 1), the local board shall place the order numbers in the first column of both the publicly posted and the file copy of the List of Registrants (Form 3). It should also furnish as many copies as possible of the List of Registrants (Form 3) with the order numbers in the first column to the press, radio, and other mediums of publication."

§ 615.42 *Placing registrants' names in Classification Record.* The Classification Record (Form 100) was started at the time order numbers were assigned to registrants in Group 1 following the first national lottery. The names and order numbers of registrants in Group 1 commenced on page 1 of the Classification Record (Form 100). When order numbers were assigned to registrants in Group 2 immediately following the second national lottery, the names and order numbers of such registrants were placed in the Classification Record (Form 100) commencing on a new page numbered 2,001. This was done in order to keep the list of registrants in Group 2 separated from the list of registrants in Group 1 in the Classification Record (Form 100). In a similar manner, when the registrants in Group 3 are listed in the Classification Record (Form 100) numerically, according to their order numbers, with Order Number 10,001 at the top, such list will be commenced upon a new page numbered 3,001."

§ 615.43 *Cover Sheet to be prepared for each registrant.* After each registrant is listed in the Classification Record (Form 100), the local board shall open an individual file for him by preparing a Cover Sheet (Form 53). These Cover Sheets (Form 53) shall be maintained in a file in the local board. Every paper pertaining to the registrant except his Registration Card (Form 1) shall be filed in his Cover Sheet (Form 53)."

§ 615.44 *Registration Cards to be filed alphabetically.* After entering the name and order number of a registrant in the Classification Record (Form 100), the local board shall file his Registration Card (Form 1) in its alphabetical file of Registration Cards (Form 1)."

LATE REGISTRANTS MAY BE REGISTERED AT ANY LOCAL BOARD

§ 616.1 *Who may perform duties of registrar of late registrants.* Any member or clerical assistant of the local board to which a person presents himself for registration as hereinafter provided may perform the duties of the registrar."

"§§ 616.1 to 616.45 inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 616.2 *Registration of late registrants in Group 1.* Any person in the age group required to be registered on October 16, 1940, the day fixed by the President for the first registration (registrants in Group 1), who has not heretofore registered or who, by reason of a change of status, is hereafter required to be registered may present himself for and submit to registration before any local board. Each such person shall be registered on a white Registration Card (Form 1) and shall be issued a Registration Certificate (Form 2)."

§ 616.3 *Registration of late registrants in Group 2.* Any person in the age group required to be registered for the first time on July 1, 1941, the day fixed by the President for the second registration (registrants in Group 2), who has not heretofore registered or who, by reason of a change of status, is hereafter required to be registered may present himself for and submit to registration before any local board. Each such person shall be registered on a melon-colored Registration Card (Form 1) and shall be issued a Registration Certificate (Form 2)."

§ 616.4 *Registration of late registrants in Group 3.* Any person in the age group required to be registered for the first time on February 16, 1942, the day fixed by the President for the third registration (registrants in Group 3), who does not register prior to the commencement of the third national lottery or who, by reason of a change of status, is required to be registered after the commencement of the third national lottery, may present himself for and submit to registration before any local board. Each such person shall be registered on a Registration Card (Form 1) of the color specified for the third registration by the Director of Selective Service and shall be issued a Registration Certificate (Form 2)."

REGISTRATION OF INMATES OF INSTITUTIONS

§ 616.11 *Registration by superintendent or warden.* (a) When an inmate of

an insane asylum, jail, penitentiary, reformatory, or similar institution is registered on the day he leaves such institution, the superintendent or warden shall perform the duties of the registrar.

(b) In filling out the Registration Card (Form 1) and the Registration Certificate (Form 2), the superintendent or warden, acting in his capacity as registrar, shall be careful not to indicate that the inmate was registered in an institution or by an official thereof. If the inmate does not have a permanent place of residence or an address where he intends to be or where he can be located, the address of the local board of the area in which the institution is located shall be entered on line 2 of the Registration Card (Form 1). Under no circumstances shall the address of the institution be given as the place of residence or as the mailing address of the inmate who is being registered.

(c) If the inmate is not able to sign his name or make his mark, or if he refuses to do so, the superintendent or warden acting as registrar shall sign such inmate's name and indicate that he has done so by signing his own name, followed by the word "Registrar," beneath the name of such inmate, and the act of the superintendent or warden acting as registrar in so doing shall have the same force and effect as if such inmate had signed his name to the Registration Card (Form 1), and such inmate shall thereby be registered.

(d) The superintendent or warden acting as registrar shall then (1) explain to the registrant his obligations under the Selective Training and Service Act of 1940, as amended; (2) prepare and sign the Registration Certificate (Form 2), entering on the line commencing "Registrar for Local Board" the number of the local board of the area in which the institution is located; and (3) give the Registration Certificate (Form 2) to the inmate.*

§ 616.12 *Disposition of Registration Cards of inmates of institutions.* The superintendent or warden shall mail the Registration Card (Form 1) of a person registered under the provisions of § 616.11 to the State Director of Selective Service for the State in which the place of residence described on line 2 of such card is located, with a receipt therefor to be executed and returned to him. The State Director of Selective Service shall forward such Registration Card (Form 1) to the local board having jurisdiction of the place of residence described on line 2 thereof.*

DISPOSITION OF REGISTRATION CARDS OF LATE REGISTRANTS

§ 616.21 *Checking place of residence of late registrant.* When a person is registered by a member or a clerical assistant of a local board under the provisions of §§ 616.2, 616.3, or 616.4, the clerk of the local board shall carefully check the place of residence of such registrant as indicated on line 2 of his Registration Card (Form 1).*

§ 616.22 *Disposition of Registration Card of late registrant whose place of residence is not within local board area.* If the clerk of the local board finds that the place of residence of the registrant as shown on line 2 of his Registration Card (Form 1) is not within the area of the local board where he registered, the clerk of the local board shall immediately mail the Registration Card (Form 1) of such registrant to the proper local board if he is absolutely sure of the local board that has jurisdiction over such registrant. If he has any doubt about the proper local board, he shall mail such card to the State Director of Selective Service having jurisdiction over the place of residence shown on line 2 of such card.*

§ 616.23 *Serial numbering Registration Card of late registrant whose place of residence is within local board area.* If the clerk of the local board finds that the place of residence of the registrant as shown on line 2 of his Registration Card (Form 1) is within the local board area where he registered, a serial number shall be placed on the late Registration Card (Form 1) in the manner provided in § 614.5.*

§ 616.24 *Serial numbering Registration Card received from another local board of a State Director of Selective Service.* (a) When at any time hereafter the local board receives from another local board or a State Director of Selective Service a Registration Card (Form 1) of a registrant in Group 1 or Group 2 and the place of residence on line 2 of such card is within the local board area, the local board shall place a serial number on such late Registration Card (Form 1) in the manner provided in § 614.5.

(b) When at any time after the commencement of the third national lottery the local board receives from another local board or a State Director of Selective Service a Registration Card (Form 1) of a registrant in Group 3 and the place of residence on line 2 of such card is within the local board area, the local board shall place a serial number on such late Registration Card (Form 1) in the manner provided in § 614.5.

(c) If any late Registration Card (Form 1) referred to in paragraph (a) or (b) of this section already has a serial number on it when it is received, the local board shall not change such serial number. If, however, the local board has already assigned an order number to another registrant having the same serial number, the registrant whose card has been received late will be given the preceding order number followed by a letter.*

ORDER NUMBERING LATE REGISTRATION CARDS

§ 616.31 *Assigning order numbers to Group 1 registrants whose Registration Cards are received late.* When a late Registration Card (Form 1) in Group 1 has been given a serial number under the provisions of §§ 616.23 or 616.24, the local board shall find from the First National Master List what the registrant's order number would have been if his card had been received prior to the commencement of the first national lottery. The local board shall then assign such registrant the order number which precedes the order number which would have been assigned to such registrant had his card been received prior to the commencement of the first national lottery and shall add a letter to it. For example: If his order number would have been 84 had his card been received prior to the commencement of the first national lottery, the local board will assign him Order Number 83A.*

§ 616.32 *Assigning order numbers to Group 2 registrants whose Registration Cards are received late.* When a late Registration Card (Form 1) in Group 2 has been given a serial number under the provisions of §§ 616.23 or 616.24, the local board shall find from the Second National Master List what the registrant's sequence number would have been if his card had been received before midnight, July 8, 1941. The local board shall then assign to such registrant the sequence number which would have been assigned to him had his card been received prior to midnight, July 8, 1941, and shall assign to him the order number immediately preceding the order number assigned to the registrant having the same sequence number and shall add a letter to it. For example: If the registrant having the same sequence number receives Order Number S–123, the local board will assign him Order Number S–122A, if the preceding order number is 122.*

§ 616.33 *Assigning order numbers to Group 3 registrants whose Registration Cards are received late.* When a late Registration Card (Form 1) in Group 3 has been given a serial number under the provisions of §§ 616.23 or 616.24, the local board shall find from the Third National Master List what the registrant's order number would have been if his card had been received before the commencement of the third national lottery. The local board shall then assign such registrant the order number which precedes the order number which would have been assigned to such registrant had his card been received prior to the commencement of the third national lottery and shall add a letter to it. For example: If his order number would have been 11,271, the local board will give him 11,270A.*

RECORDS OF REGISTRANTS WHOSE REGISTRATION CARDS ARE RECEIVED LATE

§ 616.41 *Entries on List of Registrants.* The local board shall add the name, serial number, and order number of each registrant whose Registration Card (Form 1) is received late on the office file copy and the publicly posted copy of the List of Registrants (Form 3) for the age group to which such registrant belongs and shall report such addition to the State Director of Selective Service by letter.*

§ 616.42 *Entries in Classification Record.* The local board shall enter the name, serial number, and order number of each registrant whose Registration Card (Form 1) is received late in the Classification Record (Form 100) following the name, serial number, and order numbers of the registrants in the age group to which such registrant belongs. To make certain that the case of such registrant is handled in its proper turn, the local board shall insert an "R", followed by the page on which his name appears in the Classification Record (Form 100), in the column of order numbers in the Classification Record (Form 100) at the place where the order number of such registrant would have appeared in the Classification Record (Form 100) had his Registration Card (Form 1) been received on time. For example: If the registrant is in Group 1, his order number is 83A, and his name appears on page 30 of the Classification Record (Form 100), print "R page 30" between Order Numbers 83 and 84.*

§ 616.43 *Preparing Cover Sheet.* For each registrant whose Registration Card (Form 1) is received late, the local board shall prepare and file a Cover Sheet (Form 53).*

§ 616.44 *Filing Registration Card.* When a registrant's Registration Card (Form 1) is received late, it shall be filed in the alphabetical file of Registration Cards (Form 1).*

§ 616.45 *When Selective Service Questionnnaire is mailed immediately.* If Selective Service Questionnaires (Form 40) have been mailed to registrants who have larger order numbers than the registrant whose Registration Card (Form 1) is received late, the local board shall immediately mail to the registrant whose Registration Card (Form 1) is received late his Selective Service Questionnaire (Form 40).*

PART 617—REGISTRATION CERTIFICATES

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; and by publishing such renumbered and amended paragraphs as the sections of Part 617 of the Second Edition of the Selective Service Regulations.

Paragrah 262 f as amended becomes § 617.12.
Paragraph 263 as amended becomes § 617.1.
Paragraph 264 as amended becomes § 617.11.

PART 617—REGISTRATION CERTIFICATES

MUST BE IN PERSONAL POSSESSION OF PERSONS REQUIRED TO REGISTER

Sec.
617.1 Effect of failure to have Registration Certificate in personal possession.

ISSUING A DUPLICATE OF OR EXCHANGING A REGISTRATION CERTIFICATE

617.11 Issuing a duplicate of a lost, mislaid, stolen, or destroyed Registration Certificate.
617.12 Issuing a new Registration Certificate in exchange for one issued by a superintendent or warden of an institution.

MUST BE IN PERSONAL POSSESSION OF PERSONS REQUIRED TO REGISTER

§ 617.1 *Effect of failure to have Registration Certificate in personal possession.* Every person required to present himself for and submit to registration must have a Registration Certificate (Form 2) in his personal possession at all times and, upon request, must exhibit it to any law-enforcement officer, any official of National Headquarters for Selective Service or of a State Headquarters for Selective Service, or any member of the local board or board of appeal. The failure of any such person to have such Registration Certificate (Form 2) in his personal possession or to exhibit it upon the request of any officer, official, or board member authorized by this section to make such request shall constitute a violation of these regulations. The failure of any such person to have such Registration Certificate (Form 2) in his personal possession shall also be prima facie evidence of his failure to register.*

*§§ 617.1 to 617.12, inclusive, issued under the authority contained in 54 Stat. 885; 50 U. S. C. Sup., 301–318, inclusive, E. O. 8545, 5 F. R. 3779.

ISSUING A DUPLICATE OF OR EXCHANGING A REGISTRATION CERTIFICATE

§ 617.11 *Issuing a duplicate of a lost, mislaid, stolen, or destroyed Registration Certificate.* A duplicate Registration Certificate (Form 2) may be issued to a registrant by the local board having jurisdiction of the registrant upon written application, made on Application for Issuance of Duplicate Registration Certificate (Form 14), and the presentation of proof satisfactory to the local board that the Registration Certificate (Form 2) of the registrant has been lost, mislaid, stolen, or destroyed and that the registrant has made a diligent search for the Registration Certificate (Form 2) and has been unable to find it. If the local board issues a duplicate Registration Certificate (Form 2) to the registrant, it shall mark it "Duplicate" and note the issuance of such Registration Certificate (Form 2) upon the application, which shall be filed in the registrant's Cover Sheet (Form 53).*

§ 617.12 *Issuing a new Registration Certificate in exchange for one issued by a superintendent or warden of an institution.* Any registrant receiving a Registration Certificate (Form 2) issued by the superintendent or warden of an insane asylum, jail, penitentiary, reformatory, or similar institution may exchange it for a Registration Certificate (Form 2) issued by the local board having jurisdiction of the place of residence described on line 2 of his Registration Card (Form 1), provided such local board has in its records the original Registration Card (Form 1) of such registrant. Upon the request of a registrant for such an exchange and upon the surrender of the Registration Certificate (Form 2) issued by a superintendent or warden, the local board shall write "Canceled" across the face thereof and file such certificate. The local board shall then issue a new Registration Certificate (Form 2) to the registrant. The date of registration entered on the new Registration Certificate (Form 2) shall be the same as that shown on the "Canceled" certificate.*

PART 1014—BURLAP AND BURLAP PRODUCTS

Amendment No. 2 to Order M–47[1] To Conserve the Supply and Direct the Distribution of Burlap and Burlap Products

Section 1014.1 (c) and (d) are hereby amended to read as follows:

§ 1014.1 *Conservation Order M–47.*

* * * * *

(c) *Restrictions on delivery or processing.* (1) Except as provided in paragraphs (c) (2) and (c) (3) below or upon express authorization of the Office of Production Management, no Importer, Importing Bag Manufacturer, or other Person shall knowingly sell, deliver, or in any manner distribute, and no Person shall purchase, accept delivery of, or in any manner receive Burlap for any use other than for the manufacture of Agricultural Bags, and no Person shall process or use any Burlap other than for the manufacture of Agricultural Bags. The prohibition against processing or use hereinabove mentioned shall apply only to full bales unbroken, at the date of issue of this order. The term "full bales unbroken" means any bale not fully opened so that the content could not readily be restored to the same bale, and includes bales which have been sampled.

(2) Persons prohibited from processing or using Burlap by the provisions of paragraph (c) (1), who possessed stocks of Burlap on December 22, 1941 may use or process such stocks on hand on December 22, 1941 in the following quantities:

(i) Persons who possessed ten or less full bales unbroken may use or process all such bales.

(ii) Persons who possessed more than ten full bales unbroken may use or process no more than ten bales.

(3) Stocks of Burlap in full bales unbroken in the possession of Persons who are prohibited from processing or using such Burlap by the provisions of paragraph (c) (1) and who do not manufacture Agricultural Bags, may be disposed of without further authorization of the Office of Production Management in the following instances:

(i) Stocks of Burlap of ten ounces or heavier construction may be sold, delivered, or distributed to, and purchased, received, processed, or used by:

(a) The Army or Navy of the United States,

(b) The Defense Supplies Corporation or other corporation, affiliate or other form of enterprise under control of the Reconstruction Finance Corporation,

(c) Any Importing or Non-Importing Bag Manufacturer to fill any order placed by the Army or Navy of the United States for Burlap to be used for sandbags or camouflaged cloth.

(ii) Stocks of Burlap of constructions lighter than ten ounces may be sold, delivered, or distributed to, and purchased, received, processed, or used by any Importing or Non-Importing Bag Manufacturer for the manufacture of Agricultural Bags: *Provided, however,* That such Importing or Non-Importing Bag Manufacturer shall distribute bags manufactured from such Burlap in accordance with the provisions of paragraph (i) of this Order.

(d) *Prohibition of transactions in excess of quotas.* No Person shall, in any manner, buy or acquire Burlap or Agricultural Bags in excess of his quota as determined pursuant to this Oredr, and no Person shall knowingly, in any manner, deliver or sell to any other Person Burlap or Agricultural Bags in excess of such other Person's quota as so determined: *Provided, however,* That the limitations of such quota shall not apply to deliveries of Burlap pursuant to the provisions of paragraph (c) (3) hereof. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; Sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

This order shall take effect immediately. Issued this 19th day of January, 1942.

PART 1044—CADMIUM

General Preference Order M–65 To Conserve the Supply and Direct the Distribution of Cadmium

Whereas the national defense requirements have created a shortage of Cadmium for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution of Cadmium;

Now, therefore, it is hereby ordered, That:

§ 1044.1 *General Preference Order M–65*—(a) *Definitions.* For the purposes of this Order:

(1) "Cadmium" means the following in any forms suitable for industrial use:

(i) Metallic cadmium in such forms as anodes, balls, cakes, discs, foil, ingots, moss, pencils, pigs, plates, powder, rods, sheets, shot, slabs, sticks, strips, wire, or other refined shapes; or

(ii) Any cadmium-containing chemical compound, salt or mixture, including cadmium-bearing materials such as oxides or other forms available for electroplating purposes; or

(iii) Any scrap, residues, dross, alloys, or other materials containing commercially recognized amounts of cadmium, or of metal or compounds produced therefrom.

(2) "Producer" means any Person who produces Cadmium as primary or secondary metal or as a by-product in the conduct of any enterprise.

(3) "Distributor" means any Person regularly engaged in the business of buying Cadmium and selling the same in forms suitable for general fabrication or electroplating.

(4) "Consumer" means any Person who uses Cadmium in any fabricating or electroplating process.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* (1) Notwithstanding any provision in Priorities Regulation No. 1, no Person may deliver Cadmium except as follows:

(i) to a Distributor; or

(ii) pursuant to preference rating of A–10 or higher; or

(iii) pursuant to a specific authorization by the Director of Priorities.

(2) No Person shall accept delivery of Cadmium made in violation of the provisions of (c) (1) above.

(3) No Distributor shall hereafter accept delivery of Cadmium unless:

(i) such Distributor shall during the preceding sixty days have sold or otherwise disposed of Cadmium to an amount at least equal in weight to the Cadmium Inventory of such Distributor on the date of such acceptance of delivery of Cadmium (which Inventory shall exclude such delivery), and

(ii) such Distributor shall have filed with the Office of Production Management such reports as may from time to time be required by the Office of Production Management.

(d) *Reports.* All Producers, Distributors and Consumers shall file reports with the Office of Production Management at such times and in such manner and form as it may prescribe, showing inventory, production, purchases, sales, and consumption and such other information as the Office of Production Management may from time to time require.

(e) *Communications.* All reports to be filed, appeals and other communications concerning this Order should be addressed to the Office of Production Management, Washington, D. C., Ref: M–65.

(f) *Violations.* Any Person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of Cadmium or any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Effective date.* This Order shall take effect immediately upon the date of issuance and shall continue in effect until June 30, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4499; O.P.M. PART 1044—CADMIUM

Conservation Order M–65–a Curtailing the Use of Cadmium in Certain Items

Whereas, national defense requirements have created a shortage of Cadmium for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided;

Now, therefore, it is hereby ordered, That:

§ 1044.2 *Conservation Order M–65–a*—(a) *Prohibition on use of cadmium in articles appearing on List "A".* (1) Any Person using Cadmium in any Item on List "A" shall limit his use of Cadmium in any such Item between January 1 and January 31, 1942 to an amount not exceeding his use in January 1941.

(2) Effective February 1, 1942, no Cadmium shall be put into process in the production of any Item on List "A".

(b) *Limitation on all other uses of cadmium.* Any person using Cadmium in any article not covered by paragraphs (a) or (c) of this Order shall reduce his use of Cadmium in any such article between January 1 and March 31, 1942 to 70% of his use in the first calendar quarter of 1941. Effective April 1, 1942, no Cadmium shall be used in the production of any article not covered by paragraph (c) of this Order.

(c) *General exception.* Where and to the extent the use of any less scarce material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) shall not apply to the use of Cadmium in the manufacture of any Item, or for any of the uses, set forth on List "B" attached, or which is being produced:

(1) for delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of Cadmium to the extent employed is required by the specifications of the prime contract, or

(2) to comply with Underwriters Regulations or Safety Regulations issued under Governmental authority, provided the pertinent provisions of such Regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of Cadmium to the extent employed; or

(3) with the assistance of a preference rating higher than A–2.

(d) *Prohibitions against sales or deliveries.* No Person shall hereafter sell or deliver Cadmium to any Person if he knows, or has reason to believe, such material is to be used in violation of the terms of this Order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of Cadmium (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of Cadmium products by this Order.

(f) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, (Part 944) as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any Person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Cadmium conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense work to defense work, may appeal to the Office of Production Management, Washington, D .C., setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Addressing of communications.* All applications, statements, or other communications filed pursuant to this Order or concerning the subject matter hereof should be addressed "Office of Production Management, Ref: M–65–a, Washington, D. C."

(4) *Applicability of Order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided, the use of Cadmium in the production of any article, the limitations of such other Order shall be observed.

(5) *Violations or false statements.* Any Person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or who otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(6) *Definitions.* For the purposes of this Order:

(i) "Cadmium" means the following in any forms suitable for industrial use:

(a) metallic cadmium in such forms as anodes, balls, cakes, discs, foil, ingots, moss, pencils, pigs, plates, powder, rods, sheets, shot, slabs, sticks, strips, wire or other refined shapes; or

(b) any cadmium-containing chemical compound, salt or mixture, including cadmium-bearing materials such as oxides or other forms available for electro-plating purposes; or

(c) any scrap, residues, dross, alloys, or other materials containing commercially recognised amounts of cadmium, or metal or compounds produced therefrom.

(ii) "Inventory" of a Person includes the inventory of affiliates and subsidiaries of such Person, and the inventory of others where such Inventory is under the control of or under common control with or available for the use of such Person.

(iii) "Manufacture" means to fabricate, assemble, mix or process in any other way, but does not include installa-

tion of a finished product for the ultimate consumer.

(iv) "Item" means any article or any component part thereof.

(v) "Use" means both (1) the act of putting Cadmium into process in the manufacture of any item and (2) the act of completing the manufacture of any such item. (Where a person is limited to a percentage of the material used in a base period of this limitation applies respectively to (1) the amount of material put into process during the base period and (2) to the total amount of material contained in a completed item or article multiplied by the number of such items or articles completed during the base period. Each restriction must be applied separately.

(vi) "Put into process" means the first change by a Manufacturer in the form of material from that form in which it is received by him.

(7) *Effective date.* This Order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan 7, 1941, 6 F.R. 191; E.O. 8875; Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress. Acting Director of Priorities.

List "A" of Order M–65–a

The use of Cadmium in the items listed below and in all component parts thereof is prohibited except to the extent permitted by the foregoing Conservation Order.

Automotive, trailer, and tractor equipment:
- Bearings.
- Fasteners.
- Fittings and trim.
- Hardware.
- Lamps, all kinds.
- Hub and gas-tank caps.
- Mouldings.
- Plating for decorative uses.

Building Supplies and Hardware:
- Air conditioning equipment (except where cadmium plating is essential to the proper functioning of the parts).
- Builders' finish hardware.
- Conduits.
- Hardware.
- Lighting fixtures.
- Ornamental metal work.
- Plating for decorative purposes.
- Screens and screening.
- Springs.
- Staples and fasteners.
- Window fixtures.

Home Furnishings and Equipment:
- Decorative hardware.
- Furniture, all kinds.
- Furniture hardware or plating.

Home Furnishings and Equipment—Con.
- Hardware.
- Plating for decorative purposes.
- Portable heaters.
- Stoves and ranges (except valves and controls).

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 21—FORMALDEHYDE

Correction

Section 1335.60 (a) (1) in F.R. Doc. 42–440, appearing at page 313 of the issue for January 16, 1942, is corrected as follows:

In the tenth line under the box head "Less than carload lots" the figure ".0900" is corrected to read ".0800".

PART 1340—FUEL

PRICE SCHEDULE NO. 72—BUNKER C AND NO. 6 GRADE FUEL OILS, EAST AND GULF COASTS

Bunker C and No. 6 grade fuel oils are the heavy residual oils used extensively for fueling both merchant vessels and the navies of the United States and the United Nations. They are also used in large quantities by industrial plants, many of which are engaged in war production. Some is imported, some is shipped from the Gulf to the East Coast by tanker, and some is produced on the East Coast from crude petroleum shipped there by tanker. The bulk of the deliveries of bunker C and No. 6 fuel oils is controlled by companies owning their own tanker fleets or producing these fuel oils at their own refineries.

Requests have been received from certain companies engaged in the sale of bunker C fuel oil for approval of a higher price than the base price of $1.35 per barrel f. o. b. New York Harbor, which was the prevailing maximum contract price in the second half of 1941. After consideration of all pertinent factors, including the actual cost of ocean transportation, maximum time charter rates, handling charges, and the supply position and financial status of the companies in the trade, it was found that $1.35 per barrel f. o. b. New York Harbor is a proper maximum price on which to base the prices of bunker C and No. 6 grade fuel oils.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1340.101 *Maximum prices for Bunker C and No. 6 grade fuel oils on the East and Gulf Coasts.* On and after January 9, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer bunker C and No. 6 grade fuel oils and no person shall buy, offer to buy or accept delivery of bunker C and No. 6 grade fuel oils at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1340.109.*

*§§ 1340.101 to 1340.109, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1340.102 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1340.103 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of bunker C and No. 6 grade fuel oils, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discounts, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1340.104 *Records and reports.* Persons affected by this Schedule shall keep such records and submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1340.105 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement and other services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of bunker C and No. 6 grade fuel oils, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1340.106 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1340.107 *Definitions.* When used in this Schedule, the term "person" means an individual, partnership, association, corporation or other business entity.*

§ 1340.108 *Effective Date of the Schedule.* This Schedule shall be effective as of January 9, 1942.*

§ 1340.109 *Appendix A; maximum prices for Bunker C and No. 6 grade Fuel Oils on the East and Gulf Coasts, f. o. b. refineries and terminals (ex lighterage).*

PART 1357—CADMIUM

PRICE SCHEDULE NO. 71—PRIMARY & SECONDARY CADMIUM

The Office of Price Administration, being charged with the maintenance of price stability and the prevention of undue price rises and price dislocations, has determined that the establishment of maximum prices for primary and secondary cadmium is essential in order to accomplish these purposes and is in the interest of national defense and the national welfare.

Cadmium is required for both military and essential civilian needs. Increased demands upon the supply of cadmium have created a critical situation in the secondary cadmium field. Prices of secondary cadmium have advanced far beyond those of primary cadmium and tend to make it impossible for persons in the trade to cooperate with the Government in maintaining price stability and in preventing excessive and speculative price increases. Such increases in the price of secondary cadmium impose an unfair burden on producers of primary cadmium who have refrained from selling at prices higher than those approved by the Office of Price Administration.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1357.1 *Maximum prices for primary and secondary metallic cadmium.* On and after January 19, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer metallic cadmium, and no person shall buy, offer to buy, or accept delivery of metallic cadmium, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1357.9.*

*§§ 1357.1 to 1357.9, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8675; 6 F.R. 1917, 4483.

§ 1357.2 *Less than maximum prices.* Lower prices than those set forth in Appendix A of this Schedule may be charged, demanded, paid, or offered.*

§ 1357.3 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of metallic cadmium, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) Any agreement or transaction in connection with which any material containing cadmium is processed or treated on toll to obtain metallic cadmium therefrom shall be considered to be an evasion of this Schedule, unless the total of the cost of materials, the charge for processing or treating the material, and all other charges in connection with the processing, treatment, handling, and delivery of said material in order to obtain metallic cadmium therefrom, does not exceed, on a per pound basis, the maximum prices established by this Schedule.*

§ 1357.4 *Records and reports.* Every person making purchases or sales of metallic cadmium after January 19, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the quantity of each type or shape purchased or sold; and (b) the quantity of metallic cadmium (1) on hand and (2) on order as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1357.5 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof, (b) that the powers of Government, both state and federal, are fully exerted in order to protect the government interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of metallic cadmium, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1357.6 *Modification of the Price Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom, provided that no application under this section will be considered unless filed by persons complying with this Schedule and all other Schedules issued by the Office of Price Administration.*

§ 1357.7 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Metallic cadmium" means the types and shapes of metallic cadmium set forth in Appendix A, § 1357.9, of this Schedule, regardless of the materials from which they are produced; and

(c) "On toll" means an arrangement whereby a servicing charge is paid for processing or treating material containing cadmium.*

§ 1357.8 *Effective date of the Schedule.* This Schedule shall become effective January 19, 1942.*

§ 1357.9 *Appendix A; maximum prices for primary and secondary metallic cadmium.*

Type or Shape	Maximum Price, per pound (Delivered)
Anodes, balls, discs, and all other special or patented shapes	95¢
Bars, ingots, pencils, pigs, plates, rods, slabs, sticks, and all other "regular" straight or flat forms	90¢

The prices quoted above are delivered prices before discounts of any nature have been deducted. Deductions for percentage and character of impurities should be made according to customary trade practices.*

Issued this 16th day of January 1942.

PART 1363—FEEDINGSTUFFS

PRICE SCHEDULE NO. 73—FISH MEAL

The Office of Price Administration is charged with maintaining price stability and preventing unwarranted price increases. An adequate supply of food products can be obtained only by maintaining feed prices at levels consonant with the prices received for eggs, poultry and livestock. Sharp increases in the prices of certain essential feed ingredients have occurred since the outbreak of war. The prices of fish meal have risen approximately $16.00 per ton during the past two months. This price increase of approximately 26 percent indicates that supplies are being withheld in the expectation of further price increases, since the 1941 catch of fish was probably the largest on record. To prevent this withholding and to assure adequate food supplies it is evident that immediate action to prevent further increases in the prices of these ingredients is necessary. This Schedule temporarily establishes the general level of prices prevailing on January 17, 1942, as the maximum prices for fish meal. Upon the completion of studies now in progress, a permanent schedule of maximum prices for fish meal will be established.

Should unwarranted price rises occur at stages of distribution not covered by this Schedule appropriate action will be taken by this Office.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1363.1 *Maximum prices for fish meal.* On and after January 20, 1942, no person shall sell, offer to sell, deliver, or transfer fish meal at prices higher than the maximum prices set forth in Appendix A, incorporated herein as Section 1363.10, except that contracts entered into prior to January 20, 1942, providing for a higher price than the maximum prices may be carried out at the contract price. The maximum prices shall include commissions and all other charges.*

*§§ 1363.1 to 1363.10, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8675, 6 F.R. 1917, 4483.

§ 1363.2 *Exempt sales.* Sales at retail are excepted from the operation of this Schedule.*

§ 1363.3 *Less than maximum prices.* Lower prices than the maximum prices established by this Schedule may be charged, demanded, paid or offered.*

§ 1363.4 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of fish meal or by way of premium, commission, service, transportation or other charge, or by any other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on January 17, 1942, or by any other means.*

§ 1363.5 *Records and reports.* On and after January 20, 1942, every manufacturer of fish meal making any sale of

fish meal and every person purchasing fish meal from a manufacturer of fish meal shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of each such purchase or sale, including the date thereof, the name of the seller or purchaser, the amount purchased or sold, and the price paid or received.

Every person affected by this Schedule shall submit such reports to The Office of Price Administration as it may from time to time require.*

§ 1363.6 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both State and Federal are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government, both State and Federal, are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of the prices of fish meal, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1363.7 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof, or exception therefrom; *Provided*, That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1363.8 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Fish meal" means clean, dry, ground tissues of undecomposed whole fish, fish cuttings, or fish scraps with or without the extraction of part of the oil.

(c) "Grade" refers to the percentage of protein content per ton of fish meal.

(d) "Sales at retail" means a sale to the ultimate user: *Provided*, That no manufacturer, processor, or purchaser for resale shall be deemed to be an ultimate user.

(e) "Commercial distributors" means persons performing a recognized function in the physical distribution of fish meal.

(f) In the phrase "similar amount to a similar purchaser" the word "similar" means that amount and that type of purchaser with respect to which the same mark-up applied or would have applied under the seller's trade practices on January 17, 1942.*

§ 1363.9 *Effective date of the Schedule.* This Schedule shall become effective on January 20, 1942.*

Issued this 17th day of January 1942.

LEON HENDERSON,
Administrator.

§ 1363.10 *Appendix A: maximum prices for sales of fish meal*—(a) *Maximum prices for sales of fish meal, f. o. b. conveyance, at coastal shipping points*—(1) *Maximum prices for sales of fish meal in new bags.*

Guaranteed minimum percentage of protein per ton (percent)	Shipping point price per ton	
	Pacific coast	Atlantic and Gulf coast
	Dollars	*Dollars*
58	63.50	66.00
59	67.00	70.00
60	69.50	72.50
62	73.50	76.00
64	75.00	77.50
67	77.50	80.00
70	81.00	83.50

(2) *Maximum prices for sales of fish meal in used bags.* To determine the maximum price per ton for fish meal sold in used bags, subtract $1.00 in each instance from the prices specified in subparagraph (1) above.

(3) *Maximum prices for sales of fish meal shipped in bulk.* To determine the maximum price per ton for fish meal shipped in bulk, subtract $3.00 in each instance from the prices specified in subparagraph (1) above.

(b) *Maximum delivered prices for sales of fish meal.* The maximum delivered price per ton to any point shall be the maximum shipping point price determined under subparagraph (a) (1), (2), or (3) above, plus the transportation charge at the lowest established rate available for an identical shipment to such point.

(c) *Maximum prices for sales of fish meal manufactured at points other than coastal points.* (1) The maximum shipping point price per ton, f. o. b. conveyance, for fish meal manufactured at points other than coastal points shall be the maximum delivered price at the point of manufacture for the same type of fish meal shipped from the nearest coastal point where such type is manufactured, as determined under paragraph (b) above.

(2) The maximum delivered price per ton for fish meal manufactured at points other than coastal points shall be the shipping point price established under subparagraph (c) (1) above, plus the transportation charge at the lowest established rate available for an identical shipment to the point of delivery.

(d) *Maximum price for sales of fish meal by commercial distributors.* The maximum price for sales of fish meal by commercial distributors shall be the maximum price established under paragraph (a) (b) or (c) above, or the price paid under this Schedule to another commercial distributor of fish meal, plus the mark-up in terms of dollars per ton charged or that would have been charged by the seller on January 17, 1942, in selling in the same locality the same kind and grade of fish meal in a similar amount to a similar purchaser. Fish meal purchased by a commercial distributor from a manufacturer or a commercial distributor of fish meal located outside the several States of the United States shall not be sold at prices higher than the maximum prices established under this paragraph for sales of fish meal purchased from a manufacturer or a commercial distributor of fish meal located within the several states of the United States.*

PART 1363—FEEDINGSTUFFS

PRICE SCHEDULE NO. 74—ANIMAL PRODUCT FEEDINGSTUFFS

The Office of Price Administration is charged with maintaining price stability and preventing unwarranted price increases. An adequate supply of food products can be obtained only by maintaining feed prices at levels consonant with the prices received for eggs, poultry, and livestock. Sharp increases in the prices of certain essential feed ingredients have occurred since the outbreak of war. The prices of animal product feedingstuffs have risen approximately $12.50 per ton. This price increase of approximately 20 percent indicates that supplies are being held in expectation of further price increases. To prevent this withholding and to assure adequate food supplies it is evident that immediate action to prevent further increases in the prices of animal product feedingstuffs is necessary. This Schedule temporarily establishes the prices prevailing on January 17, 1942, as the maximum prices. Upon the completion of studies now in progress a permanent Schedule of maximum prices for animal product feedingstuffs will be established.

Should unwarranted price rises occur at stages of distribution not covered by this Schedule appropriate action will be taken by this Office.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1363.51 *Maximum prices for animal products used as feedingstuffs.* On and after January 20, 1942, no person shall sell, offer to sell, deliver or transfer animal product feedingstuffs at prices higher than the maximum prices, except that contracts entered into prior to January 20, 1942, providing for prices higher than the maximum prices may be carried out at the contract prices. The maximum prices shall include commissions and all other charges.

(a) The maximum shipping point price for any kind and grade of animal product feedingstuff shall be:

(1) The highest shipping point price (or delivered price converted to a shipping point price) at which the seller sold at such shipping point such kind and grade on January 17, 1942, for delivery within thirty days, in a similar amount to the same type of purchaser; or

(2) If the seller did not sell such grade on January 17, 1942, for delivery within thirty days in a similar amount to the same type of purchaser, the maximum shipping point price shall be the highest shipping point price (or delivered price converted to a shipping point price) at which the seller sold at such shipping point the same kind of animal product feedingstuff of a different grade or in a different amount or to a different type of purchaser on January 17, 1942, for delivery within thirty days, making the necessary adjustments for differences in grade, amount, or type of purchaser, in accordance with the seller's practice for determining price differentials existing on January 17, 1942; or

(3) If the seller did not sell such kind of animal product feedingstuff on January 17, 1942, for delivery within thirty days, the seller's maximum shipping point price for any one of the various grades of such kind of animal product feedingstuff shall be the shipping point price (or delivered price converted to a shipping point price) at which such grade was sold in the market nearest the seller's shipping point on January 17, 1942, for delivery within thirty days, in a similar amount to the same type of purchaser, making adjustment for the normal differential, if any, between the seller's shipping point price and the shipping point price in such market.

(b) The maximum delivered price to any point shall be the maximum shipping point price determined under paragraph (a) plus the transportation charge at the lowest available established rate available for an identical shipment to such point.*

*§§ 1363.51 to 1363.59, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1363.52 *Exempt sales.* Sales at retail are excepted from the operation of this Schedule.*

§ 1363.53 *Less than maximum prices.* Lower prices than those established in this Schedule may be charged, demanded, paid, or offered.*

§ 1363.54 *Evasion.* The price limitations established by this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of animal product feedingstuffs alone or in conjunction with any other commodity or material or by way of any commission, service, transportation, or other charge or by a tying-agreement or other trade understanding or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on January 17, 1942, or by any other means.*

§ 1363.55 *Records and reports.* Every person making sales, except sales at retail, of animal product feedingstuffs on and after January 20, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of each such sale, including the date thereof, the name of the purchaser, the price paid or received, and the kind and grade of animal product feedingstuff sold.

Every person affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1363.56 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both State and Federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government, both State and Federal, are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of animal product feedingstuffs, or of the hoarding or accumulating of unnecessary inventories, are urged to communicate with the Office of Price Administration.*

§ 1363.57 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modifications thereof or exception therefrom: *Provided*, That no applications under this Section will be considered unless filed by persons complying with this Schedule.*

§ 1363.58 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Feedingstuffs" means commodities used as such or as ingredients in the manufacture of mixed feeds for the feeding of livestock and poultry. The term "animal product feedingstuff" includes the following:

Blood meal, Blood flour, Meat, Meat by-products, Meat meal, Meat scraps, Digester tankage, meat meal tankage or feeding tankage, Digester tankage with bone, meat and bone meal digester tankage, Meat and bone meal tankage, or feeding tankage with bone, Raw bone meal, Steamed bone meal, Special steamed bone meal, Bone charcoal or bone black, Spent bone black.

(c) "Grade" refers to the percentage of protein content per ton of feedingstuff.

(d) "Sale at retail" means a sale to the ultimate user: *Provided*, That, no manufacturer, processor, or purchaser for resale shall be deemed to be an ultimate user.

(e) In the phrase "similar amount to the same type of purchaser," the word "similar" means that amount, and the word "same" means that type of purchaser with respect to which the same price did apply or would have applied under the seller's trade practices on January 17, 1942.*

§ 1363.59 *Effective date of the schedule.* This Schedule shall become effective January 20, 1942.*

Issued this 17th day of January 1942.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 25]

PART 1512—NATURAL GAS AND NATURAL GASOLINE

PRODUCTION OF CERTAIN PRODUCTS ESSENTIAL FOR AVIATION GASOLINE

To the Natural Gas and Natural Gasoline Committees of the several Districts, to all persons, natural or artificial, who own or operate natural gasoline extraction plants, cycling plants, pressure maintenance plants or repressuring plants and to all persons who propose to construct such plants:

The successful prosecution of the nation's war effort requires that the production of all grades of aviation gasoline be increased to the maximum.

In order to assure maximum production of all grades of aviation gasoline, it is essential that there be maximum production of those products which are vital to the manufacture of aviation gasoline, viz; butane, isobutane and isopentane.

Existing and proposed natural gasoline extraction plants, cycling plants, pressure maintenance plants and repressuring plants are prime sources of butane, isobutane and isopentane and should be so constructed and operated as to facilitate the maximum production of aviation gasoline.

Therefore, pursuant to the President's letter of May 28, 1941,[1] establishing the

[1] 6 F.R. 2760.

Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1512.1 *Survey to be made.* The Natural Gas and Natural Gasoline Committees for the several Districts shall obtain, compile and analyze all pertinent and available facts, figures and data with respect to the extraction, production, sale or disposition of butane, isobutane and isopentane by natural gasoline extraction plants, cycling plants, pressure maintenance plants and repressuring plants. Such survey should include, without limitation, information concerning the number, type and location of such plants, the present daily capacities of such plants and the possibilities of expansion thereof, the percentage and amount of butane, isobutane and isopentane extracted from the gas processed at such plants, the percentage and amount of butane, isobutane and isopentane saved and sold during the calendar year 1941 at or by such plants.*

*§§ 1512.1 to 1512.4, inclusive, issued under the authority contained in the President's letter of May 28, 1941 to the Secretary of the Interior (6 F. R. 2760).

§ 1512.2 *Terms of existing contracts to be filed.* Within 30 days from the date hereof each owner or operator of a natural gasoline extraction plant, cycling plant, pressure maintenance plant, or repressuring plant shall file in the Office of Petroleum Coordinator for National Defense a statement of the terms of existing contracts and agreements relating to the sale or other disposition of butane, isobutane, or isopentane either as free products or as they may be included in any other product.*

§ 1512.3 *Extraction and production at existing plants to be increased.* All persons, natural or artificial, presently owning or operating any natural gasoline extraction plant, cycling plant, pressure maintenance plant or repressuring plant shall increase the percentage of butane and isobutane extracted from the gas processed at such plant, or plants, to the maximum quantity economically possible and shall increase the production of butane and isobutane in liquid form at such plant, or plants, to the maximum quantity economically possible.*

§ 1512.4 *Construction of new plants.* All new natural gasoline extraction plants, cycling plants, pressure maintenance plants or repressuring plants shall be designed and constructed so as to make the most efficient use of scarce materials, to provide for the extraction of the maximum amount of butane and isobutane contained in the gas to be processed at such plants, and to assure the maximum production of butane and isobutane in liquid form at such plants.*

PART 203—BRIDGE REGULATIONS [1]

Pursuant to the provisions of section 5 of the River and Harbor Act approved August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), the following regulations are prescribed to govern the operation of the South Carolina State Highway Department bridge across Harbor River, a tidal estuary in St. Helena Sound, on State Highway No. 285, at Hunting Island, South Carolina:

§ 203.392 *Harbor River, a tidal estuary in St. Helena Sound, S. C.; highway bridge at Hunting Island, S. C.* (a) The owner of, or agency controlling, the bridge will not be required to keep a draw tender in constant attendance at the abovenamed bridge.

(b) Whenever a vessel, unable to pass under the closed bridge, desires to pass through the draw, at least 24 hours' advance notice of the time the opening is required shall be given to the authorized representative of, or agency controlling, the bridge.

(c) Upon receipt of such notice, the authorized representative of, or agency controlling, the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owner of, or agency controlling the bridge shall keep conspicuously posted on both the upstream and downstream sides of the bridge, in such manner that it can easily be read at any time, a copy of these regulations together with a notice stating exactly how the representative specified in paragraph (b) of this section may be reached.

(e) The operating machinery of the draw shall be maintained in a serviceable condition, and the draw opened and closed frequently enough to make certain that the machinery is in proper order for satisfactory operation. SUBCHAPTER K—SEAMEN

[Order No. 202]

ORDER WAIVING COMPLIANCE WITH CERTAIN OF THE PROVISIONS OF SECTION 4511 R.S., AS AMENDED

JANUARY 17, 1942.

By virtue of the authority vested in me by the provisions of Executive Order No. 8976, dated December 12, 1941 (6 F.R. 6441), I hereby waive compliance with the provisions of section 4511 R.S. as amended (46 U.S.C. 564), to the extent and upon the terms hereinafter set forth.

(a) So much of section 4511 R.S., as amended, as requires shipping articles to contain particulars of the amount of wages which each seaman is to receive is waived to the extent necessary to permit the omission from shipping articles of particulars with regard to the amount of wages which each seaman is to receive as a bonus under Maritime War Emergency Board Decision No. 2, dated January 10, 1942, with its attachments Nos. 1, 2, and 3: *Provided,* That

(1) Said Decision with its attachments is incorporated in the shipping articles by reference thereto by name.

(2) Said Decision and its attachments Nos. 1, 2, and 3, together with the shipping articles, is read by the Shipping Commissioner or his deputy to every person signing such articles.

(3) A copy of said Maritime War Emergency Board Decision No. 2 dated January 10, 1942, with its attachments Nos. 1, 2, and 3, is filed in the office of the shipping commissioner before whom the shipping articles are entered into.

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

PART 75—REGULATIONS APPLYING TO SHIPPERS

ORDER IN THE MATTER OF REGULATIONS FOR TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 18th day of December, A. D. 1941.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41, Stat. 1444), the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles applying to carriers engaged in interstate or foreign commerce by land and water, in freight, express, or baggage service by rail, or by water, or highway;

And it appearing, that by application of the Phillips Petroleum Company, dated October 6, 1941, we are asked to order the temporary and limited amendment of the aforesaid regulations so as to permit experimental shipments to be made of liquefied petroleum gas in not to exceed 5,000 test cylinders manufactured in accordance with an additional type of specification 4B alloy steel construction for which specification is included herein and made part hereof;

It further appearing, that the efficiency of the test type of cylinders has been considered and such construction is in accord with the best-known practicable means for securing safety in the transportation of liquefied petroleum gas;

It further appearing, that the test type cylinders will be constructed by manufacturers considered by the Bureau of Explosives to be competent to fully carry out the provisions of the test specification;

It further appearing, that paragraph 22 of shipping container specification 4B provides that additional type alloy steel cylinders are not authorized for construction under this specification, although authorized under master specification 3A which with certain exceptions must also be complied with in the construction of cylinders under specification 4B;

And it further appearing, that by no means other than by modification of existing regulations for the transportation of liquefied petroleum gas may the proposed tests be made of the additional type cylinders:

It is ordered, That the regulations for transportation of explosives and other dangerous articles be, and they are hereby amended as follows:

Temporary and limited amendment of section 303 (n) (2) and paragraph 22 of shipping container specification 4B to permit applicant Phillips Petroleum Company to offer for transportation, and carriers subject to said regulations to accept and transport, for the purposes of test a total of not to exceed 5,000 cylinders of additional specification 4B type, in accordance with said regulations and as amended herein: *Provided,* That applicant shall keep an exact record of all of the test cylinders, shall furnish the Commission at a reasonably early date after construction the letters and numerical designations which identify the cylinders, and shall report in detail from time to time to the Bureau of Explosives for transmission to the Commission with comments concerning the success or failure of the tests, together with explanations and probable reasons therefor, and recommendations for appropriate final disposition of the pending application: *Provided further,* That this authority shall apply only to the shipments herein specified, shall be effective on and after the date of service of this authority, and shall remain in effect until further order of the Commission: *And provided further,* That in all respects and for all shipments, except only those made under this authority, the aforesaid regulations herein modified be and shall remain in full force and effect.

SEC. 303 (n) (2). *Liquified petroleum gas—packing.* Spec. 3, 3A, 3B, 3E, 4, 4A, 4B, 4B-240X, 25, 26, or 38—Cylinders authorized under sec. 303 (p) (2) to 303 (p) (6) may be used.

APPENDIX—SHIPPING CONTAINER SPECIFICATIONS SPECIFICATION 4B ALLOY STEEL CYLINDERS [1]

22. *Additional type.* Cylinders without longitudinal welded seam when made for service pressure at least 150 pounds to not over 500 pounds per square inch are authorized when complying with this specification with exceptions and additional requirements as follows:

(a) *Exceptions:* (1) Yield point not over 75 percent of tensile strength is acceptable.

(2) Wall thickness is acceptable, subject to the additional requirement specified in par. 22 (b) (1), as follows:

[1] Diagram filed as part of the original document.

Inside diameter of cylinders (inches):	Minimum thickness (inch) [1]
13 or less	0.078
Over 13 to 14	.081
Over 14 to 14½	.084
Over 14½ to 15	.087
Over 15 to 16	.092
Over 16	.100

[1] Excluding galvanizing or other protective coating.

(3) Elongation percentages as prescribed in par. 16 (a) may be reduced by 2 percent for 2-inch specimens, and 1 percent in other cases, for each 7,500 pounds per square inch increment of tensile strength above 50,000 pounds per square inch up to the maximum of 80,000 pounds per square inch.

(b) *Additional requirements:* (1) Wall stress at test pressure, as calculated under par. 9 (b), must not exceed 50 percent of the minimum tensile strength of the steel.

(2) Ratio of length of cylinder to its diameter must not exceed 3.5 when wall thickness is less than 0.10 inch.

(3) Each cylinder, except when braced throughout, must be thermally stress relieved after all welding operations have been completed and prior to the hydrostatic test.

(4) Weld test specimens must be cut from one cylinder taken at random from each lot of 200 or less cylinders after stress relieving as prescribed and must pass satisfactorily the following tests:

(*a*) *Tensile test.* Without preparation other than finishing the edges parallel for a distance of approximately 2 inches on each side of the weld, the specimen must be fractured in a tensile test; the unit breaking load must be at least equal to the minimum unit breaking load in the tensile tests made under the requirements of par. 15.

(*b*) *Guided bent test.* A specimen 1½ inches wide, on which the edges have been machined parallel and rounded with a file, but without other preparation, shall be bent to refusal in the guided bent jig shown in drawing as an appendix attachment made part hereof. The root of the weld (inside surface of cylinder) shall be located away from the ram of the jig. Any specimen which shows a crack exceeding ⅛ inch in any direction upon completion of the test shall be considered unsatisfactory.

(5) All markings must be applied on a plate of ferrous material attached to the top end of the cylinder or permanent part thereof; sufficient space must be left on the plate to provide for stamping at least six retest dates; the plate must not be attached to the side wall of the cylinders; the plate must be at least 1/16 inch thick and it must be attached by welding, or by brazing at a temperature of at least 1,400° F., throughout all edges of the plate: *Provided,* That marks may be stamped into the metal of the valve boss or valve protecting sleeve or similar part permanently attached to the top end of the cylinder: *Provided further,* That marks other than those prescribed in par. 19 may be stamped into the foot ring. Stamping of letters, figures or

other marks into the metal of the cylinder for any purpose whatever, except as above authorized, is expressly prohibited.

(6) Reports of manufacture shall include percentage of each alloying element in the steel and shall state that the cylinders are made under the provisions of par. 22 of this specification.

(7) Carbon content of steel must not exceed 0.20 percent.

(c) Marking requirements of paragraph 19 (b) of specification No. 4 must be complied with. The marking of cylinders must be as follows:

I. C. C.—4B—240 X

And it is further ordered, that copies of this order be served upon all parties of record herein, and that notice to the public be given by posting in the office of the Secretary of the Commission at Washington, D. C. (Sec. 233, 41 Stat. 1445)

By the Commission, Division 3.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-139]

IN THE MATTER OF PERRY COAL COMPANY, A CORPORATION, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by the Bituminous Coal Producers Board for District No. 10, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Broadview Hotel, East St. Louis, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

1. The defendant, 1409 Boatmen's Bank Building, St. Louis, Missouri, code member in District No. 10, operating the St. Ellen Mine, Mine Index No. 153, in St. Clair County, Illinois, offered for sale to the Dewey Portland Cement Company, Kansas City, Missouri, during the period from April 14, 1941, to April 19, 1941, both dates inclusive, upon the basis of a guaranteed analysis, approximately 2527 net tons of 3/8" x 0 washed coal, Size Group No. 25, produced at the aforesaid mine, and accepted an order from said Dewey Portland Cement Company for said coal, upon a penalty basis, without filing a report of the analysis used with the Field Office for District No. 10, in violation of Rules 1 and 5 of section VIII of the Marketing Rules and Regulations.

2. The defendant allowed to the Dewey Portland Cement Company, with respect to the coal sold as indicated in paragraph 1 hereof, a penalty adjustment of 19½ cents per net ton from the effective minimum price of $1.00 per net ton f. o. b. the mine for F. A. S. delivery as established in Supplement No. 1 to the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck, said penalty adjustment amounting to $492.78, thereby reducing the aggregate contract price below the applicable minimum price established by the Division for said coal, as indicated above, in violation of section 4 II (e) of the Act, Part II (e) of the Code, and Rule 6 of Section VIII of the Marketing Rules and Regulations.

3. The defendant failed to file with the Field Office for District No. 10, as required by said Rule, the analysis made by Dewey Portland Cement Company of the coal referred to in Paragraph 2 hereof, and accepted by code member as the basis for the adjustment made on said coal, in violation of Rule 4 of Section VIII of the Marketing Rules and Regulations.

Dated: January 16, 1942.

[Docket No. B-166]

IN THE MATTER OF GEORGE HANEY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated December 23, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 24, 1941, by the Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to adminster oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed revelant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, That the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That said defendant, whose address is R. R. #1, Rush, Kentucky, during the period March 22, 1941 to July 11, 1941, both dates inclusive, sold, delivered and offered to sell to E. M. Hammonds of Olive Hill, Kentucky, approximately 526.570 net tons of High Volatile mine run Size Group 6 coal, produced by said defendant at his Haney Mine, Mine Index No. 1050, located in Rush, Carter County, Kentucky, in District No. 8, at the price of $2.00 per net ton f. o. b. said mine, and thereafter said defendant allowed and paid to the said E. M. Hammonds a cash rebate of 30 cent per net ton on each ton of coal so sold; that the allowance and payment of said cash rebate constituted a violation of the Code, the Effective Minimum Price established thereunder, and the rules and regulations made pursuant thereto, and particularly Rule 6 of section XIII of the Marketing Rules and Regulations.

Dated: January 16, 1942.

[Docket No. B-172]

IN THE MATTER OF O. E. HOUSER, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 19, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties

in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) That the defendant, O. E. Houser, of New Bethlehem, Pennsylvania, whose code membership became effective as of November 1, 1938, operator of the Houser Mine, Mine Index No. 1537, Subdistrict No. 4 of District No. 1, Armstrong County, Pennsylvania, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 385.90 net tons of run of mine coal during the months of December 1940 and January and February 1941, at a price below the effective minimum prices therefor of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) That the aforesaid defendant sold during the months of December 1940, January and February, 1941, approximately 385.90 net tons of run of mine coal produced at the aforesaid Houser Mine, Mine Index No. 1537, to the Pittsburg & Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940 in General Docket No. 19.

Dated: January 15, 1942.

[Docket No. B-167]

IN THE MATTER OF SCOTT L. REARICK, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, Scott L. Rearick, Distant, Pennsylvania, whose code membership became effective as of November 18, 1938, operator of the Rearick Mine, Mine Index No. 1930, Subdistrict No. 11 of District No. 1, Armstrong County, Pennsylvania sold and delivered at approximately $1.50 per net ton to the Pittsburg and Shawmut Coal Company, a registered distributor, Registration No. 7349, whose address is Kittanning, Pennsylvania, during December 1940 and January 1941, approximately 933 tons of run of mine coal produced at said mine. Said coal was classified as Size Group 3 and priced at $2.10 per net ton f. o. b. said mine as set forth in the Schedule of Effective Minimum Prices for District No. 1, For Truck Shipments. Said code member allowed Pittsburg and Shawmut Coal Company unauthorized excessive discounts in the form of commissions, deductions for reject coal, amounts for railroad car stop-over, railroad car transfer, cleaning and sizing charges upon the sale of said coal. This coal was purchased for resale, by said Pittsburg and Shawmut Coal Company and physically handled by said vendee. The "discounts" above-mentioned were paid contrary to the provisions of Rule 1 Section III of the Marketing Rules and Regulations and the above transactions constituted sales below the minimum price established for said mine and, therefore, in violation of section 4 Part II (e) of the Act and Part II (e) of the Code.

(b) The aforesaid defendant sold and delivered the above-mentioned coal in his own trucks or in trucks under his control to a railroad loading dock located at Colwell, Pennsylvania, situated on the Pittsburg and Shawmut Railroad, contrary to the provisions of Price Instruction No. 6 of the schedule referred to in (a) hereof as amended by Supplement No. 2 to said schedule in that said code member evaded and/or violated the price provisions of the Act through the use of transportation facilities through the absorption, directly or indirectly, of the transportation costs of said coal to said loading dock, which was located at a point other than the transportation facilities at the mine, without adding to the applicable minimum f. o. b. mine price provided in the schedule referred to herein, an amount at least equal, as nearly as practicable, to the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character, from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser in violation of section 4 Part II (g) of the Act and Part II (g) of the Code; or

The aforesaid defendant sold during the months of December 1940 and January 1941, approximately 933 net tons of run of mine coal produced at the aforesaid Rearick Mine, Mine Index No. 1930 to Pittsburg & Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

Dated: January 15, 1942.

IN THE MATTER OF M. L. SHUMAKER AND CHARLES SHUMAKER, INDIVIDUALLY AND AS CO-PARTNERS DOING BUSINESS UNDER THE NAME AND STYLE OF M. L. & CHARLES SHUMAKER (M. L. SHUMAKER) CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendants, M. L. Shumaker and Charles Shumaker, individually and as co-partners, of Seminole, Pennsylvania, whose code membership became effective as of August 1, 1939, operator of the Shumaker Mine, Mine Index No. 2569, District No. 1, Armstrong County, Pennsylvania, sold and delivered to the Pittsburg & Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg & Shawmut Coal Company, 140.50 net tons of run of mine coal during the months of January and February, 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendants, individually and as co-partners, sold during the months of January and February 1941, approximately 140.50 net tons of run of mine coal produced at the Shumaker Mine, Mine Index No. 2569, to the Pittsburg & Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

Dated: January 15, 1942.

[Docket No. B-169]

IN THE MATTER OF LOYAL T. HENDERSON, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such pro-

ceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, Loyal T. Henderson, R. D. 5, New Bethlehem, Pennsylvania, whose code membership became effective on September 18, 1937, operator of the Loyal T. Henderson Mine, Mine Index No. 1491, located in Clarion County, Pennsylvania, District No. 1, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, approximately 307.275 net tons of run of mine coal produced at said mine, during the months of December 1940, January and February 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendant sold during the period from January 1, 1941, to February 28, 1941, both dates inclusive, approximately 307.275 net tons of run of mine coal, produced at the aforesaid Loyal T. Henderson Mine, Mine Index No. 1491, to the Pittsburg and Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 9.

IN THE MATTER OF GEORGE STEPHENS, AN INDIVIDUAL DOING BUSINESS UNDER THE NAME OF MOORE BRANCH COAL COMPANY (GEORGE STEPHENS, (MOORE BRANCH COAL COMPANY)), DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 29, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 2, 1941, by Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 21, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant ,alleging willful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: (a) That the defendant during the months of October, November and December 1940, sold, delivered and offered to sell approximately 4,669.43 net tons of coal produced at defendant's Moore Branch Coal Company Mine No. 1, Mine Index No. 1071, located in Carter County, Kentucky, in District No. 8, in various sizes and quantities, to General Refractories Company, Lee Clay Products Company and Morehead State Teachers College, delivered by truck to General Refractories Company at Hitchens, Kentucky, to Morehead State Teachers College at Morehead, Kentucky, and to Lee Clay Products Company at Clearfield, Kentucky, at the effective minimum f. o. b. mine prices for said coal as set forth in the Schedule of Effective Minimum Prices for District No. 8 For Truck Ship-

ment. In said transactions the defendant failed to add to the applicable minimum f. o. b. mine prices for said coal, as required by Price Instruction No. 5 of said Schedule, amounts at least equal, as nearly as practicable, to the actual transportation charges from the transportation facilities at said mine to the points of delivery to the purchasers, which charges were approximately 39 cents per net ton for coal sold and delivered to the General Refractories Company at Hitchens, Kentucky, and approximately $1.00 per net ton for coal sold and delivered to the Morehead State Teachers College at Morehead, Kentucky, and the Lee Clay Products Company at Clearfield, Kentucky. (b) That the defendant, whose address is Hitchens, Carter County, Kentucky, during the period October 2, 1940, to February 17, 1941, both dates inclusive, sold, delivered and offered to sell approximately 3,174 net tons of coal produced at defendant's Moore Branch Coal Company Mine No. 1, Mine Index No. 1071, located in Carter County, Kentucky, in District No. 8, to General Refractories Company, Appalachian Power Company, Kentucky Fire Brick Company, and Lee Clay Products Company, for rail shipment, in various quantities and sizes, delivered to railroad cars at Hitchens, Kentucky, although at the time of said transactions no minimum prices, temporary or final, had been established by the Division for the coal so sold, delivered and offered for sale, and thereby violated the Order of the Director in General Docket No. 19.

IN THE MATTER OF C. F. MILLER, FRED MILLER AND WARREN MILLER, INDIVIDUALLY AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF C. F., FRED & WARREN MILLER (C. F. MILLER), CODE MEMBERS, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 25, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The above-named defendants, C. F. Miller, Fred Miller and Warren Miller, individually and as co-partners of R. F. D., New Bethlehem, Pennsylvania, whose code membership became effective August 28, 1940, operators of the mine designated as Mine Index No. 2533, District No. 1, Clarion County, Pennsylvania, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 458.887 net tons of run of mine coal during the months of December 1940 and January and February 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendants, individually and as co-partners, sold during the months of December 1940, January and February 1941, approximately 458.887 net tons of run of mine coal produced by said defendants at their mine designated as Mine Index No. 2533, to the Pittsburg & Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

[Docket No. A-1192]

PETITION OF BITUMINOUS COAL CONSUMERS' COUNSEL TO AMEND RULE 2 OF SECTION VI OF THE MARKETING RULES AND REGULATIONS

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 12, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 7, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Bituminous Coal Consumers' Counsel to amend Rule 2 of section VI of the Marketing Rules and Regulations; and, more particularly, to amend the said Rule by adding thereto a provision reading substantially as follows:

Provided, however, That contracts may be entered into on or after November 1 of any year for coal to be shipped as lake cargo during the following lake season.

Dated: January 16, 1942.

IN THE MATTER OF ANDREW J. FRY, (ALSO KNOWN AS ANDREW J. FRY DOING BUSINESS AS CAMP CREEK COAL COMPANY), CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 14, 1941, by Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 25, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at the hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant of material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That defendant, whose address is East Lynn, Wayne County, West Virginia, during the period May 25, 1941 to June 8, 1941, both dates inclusive, sold, delivered and offered to sell to the Ann Arbor Railroad Company, Norman B. Pitcairn and Frank C. Nicodemus, Jr., Receivers, for use as railway locomotive fuel, approximately 350 net tons of 2" x 5" egg coal, produced by the defendant at his Camp Creek Coal Co. Mine, Mine Index No. 2420, located in Wayne County, West Virginia, in District No. 8, at $1.85 per net ton f. o. b. said mine, whereas this coal is classified as Size Group 7, and is priced at $2.30 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 8 For All Shipments Except Truck.

Dated: January 16, 1942.

IN THE MATTER OF JOHN PRIESTER AND CHARLES PRIESTER, INDIVIDUALLY AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF JOHN AND CHARLES PRIESTER, CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 25, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, That answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty

(20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, That the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendants, John Priester and Charles Priester, individually and as co-partners, of Distant, Pennsylvania, whose code membership became effective as of October 1, 1938, operators of the Priester Mine, Mine Index No. 1910, Subdistrict No. 11 of District No. 1, Armstrong County, Pennsylvania, sold and delivered to the Pittsburg & Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 156.625 net tons of run of mine coal during the month of December 1940 and January and February 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendants, individually and as co-partners, sold during the months of December 1940, January and February 1941, approximately 156.625 net tons of run of mine coal produced at the aforesaid Priester Mine, Mine Index No. 1910, to the Pittsburg and Shawmut Coal Company, for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

Dated: January 16, 1942.

IN THE MATTER OF C. O. SHICK, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, C. O. Shick, R. F. D., New Bethlehem, Pennsylvania, whose code membership became effective on September 21, 1940, operator of the Shick Mine, Mine Index No. 2599, Clarion County, Pennsylvania, District No. 1, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 309.35 net tons of run of mine coal during the months of January and February, 1941, at a price below the effective minimum price established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendant sold during the period from January 1, 1941 to February 28, 1941, both dates inclusive, approximately 309.35 net tons of run of mine coal, produced at the aforesaid Shick Mine, Mine Index No. 2599, to the Pittsburg and Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

IN THE MATTER OF C. H. GATHERS, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date hereinset for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, C. H. Gathers of R. F. D. Brookville, Pennsylvania, whose code membership became effective on November 20, 1940, operator of the Thompson Mine (Mine Index No. 2783), located in Clarion County, Pennsylvania, District No. 1, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 109.30 net tons of run of mine coal during the month of February 1941, at a price below the effective minimum price established therefor as set forth in the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments, of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) The aforesaid defendant sold during the month of February 1941 approximately 109.30 net tons of run of mine coal produced at the aforesaid Thompson Mine, Mine Index No. 2783, to the Pittsburg and Shawmut Coal Company for rail shipment and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940, in General Docket No. 19.

IN THE MATTER OF JOHN WEBB, A CODE MEMBER, DEFENDANT

NOTICE AND ORDER FOR HEARING

A complaint dated November 28, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 2, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or by adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendant, John Webb, whose address is Webbville, Kentucky, during the period March 31, 1941, to July 18, 1941, sold to Deer Creek Coal Company, Olive Hill, Kentucky, approximately 552.32 tons of high volatile mine run coal, Size Group No. 6, produced at defendant's Webb Mine, Mine Index No. 2872, located in Lawrence County, Kentucky, in District No. 8, at a price of $1.50 per net ton f. o. b. the mine, whereas the effective

minimum price established for such coal was $2.00 per net ton f. o. b. the mine, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

IN THE MATTER OF FRANK B. MORRISON, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 27, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 28, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendant, whose address is R. F. D. No. 1, Rush, Carter County, Kentucky, during the period January 6, 1941, to February 7, 1941, both dates inclusive, sold, delivered and offered to sell to E. M. Hammonds, whose address is Olive Hill, Kentucky, approximately 86.075 net tons of High Volatile mine run Size Group 6 coal, produced by the said defendant at his Morrison Mine, Mine Index No. 1066, located in Rush, Carter County, Kentucky, in District No. 8, at the price of $2.00 per net ton f. o. b. said mine, and thereafter, said defendant allowed and paid to the said E. M. Hammonds a cash rebate of 30 cents per net ton on said coal; that the allowance and payment of said cash rebate constituted a violation of the Code, the effective minimum prices established thereunder, and the rules and regulations made pursuant thereto, and particularly Rule 6 of Section XIII of the Marketing Rules and Regulations.

Dated: January 15, 1942.

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 27, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 28, 1941, by Bituminous Coal Producers Board for District No. 8, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Catlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answers to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendants of the Bituminous Coal Code or rules and regulations thereunder as follows: That defendants, whose addresses are R. F. D. #1, Rush, Kentucky, during the period June 22, 1941 to July 18, 1941, both dates inclusive, sold, delivered and offered to sell to E. M. Hammonds, Olive Hill, Kentucky, approximately 69.6 net tons of High Volatile Size Group 6 or mine-run coal produced by said defendants at their Feltz Mine, Mine Index No. 2475, located near Rush, Carter County, Kentucky, in District No. 8, at a price of $2.00 per net ton f. o. b. said mine and thereafter allowed and paid to said Hammonds a cash rebate of 30 cents per net ton on each ton so sold, this coal being classified as Size Group 6 and priced at $2.00 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 8, For Truck Shipments, in violation of the effective minimum prices established therefor and the rules and regulations of the Division, and particularly Section XIII, Rule 6 of the Marketing Rules and Regulations.

Dated: January 16, 1942.

IN THE MATTER OF CHARLES REDDINGER AND TERRY REDDINGER, INDIVIDUALLY AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF CHARLES & TERRY REDDINGER (TERRY REDDINGER) CODE MEMBERS, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board, No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and

orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendants, Charles Reddinger and Terry Reddinger, individually, and as co-partners, of Distant, Pennsylvania, whose code membership became effective on October 22, 1940, sold and delivered to the Pittsburg and Shawmut Coal Company by truck to the Colwell Siding of the Freebrook Company, an affiliate of the Pittsburg and Shawmut Coal Company, 987.975 net tons of run of mine coal during the months December 1940 and January and February, 1941, at a price below the effective minimum price therefor, as set forth in the Schedule of Effective Minimum Prices for Truck Shipments of $2.15 per net ton, plus at least the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character from the transportation facilities at the mine to said point of delivery; or

(b) Sold during the period from December 1, 1940 to February 28, 1941, both dates inclusive, approximately 987.975 net tons of run of mine coal, produced at the aforesaid Doverspike Mine, Mine Index No. 1303, to the Pittsburg and Shawmut Coal Company, for rail shipments and delivered said coal by truck to a ramp on a rail siding of said Freebrook Company, located at Colwell, Pennsylvania, at a price of approximately $1.50 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940 in General Docket No. 19.

Dated: January 16, 1942.

IN THE MATTER OF WILLIAM HANEY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated December 23, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 24, 1941, by the Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder:

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Cattlettsburg, Kentucky.

It is further ordered, That Joseph A. Huston, or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendant, whose address is R. R. #1, Rush, Kentucky, during the period January 8, 1941 to August 22, 1941, both dates inclusive, sold, delivered and offered to sell to E. M. Hammonds of Olive Hill, Kentucky, approximately 555.495 net tons of High Volatile mine run Size Group 6 coal, produced by said defendant at his Haney Mine, Mine Index No. 2517, located at Rush, Carter County, Kentucky, in District No. 8, at the price of $2.00 per net ton f. o. b. said mine, and thereafter said defendant allowed and paid to the said E. M. Hammonds a cash rebate of 30 cents per net ton on each ton of coal so sold; that the allowance and payment of said cash rebate constituted a violation of the Code, the Effective Minimum Price established thereunder, the rules and regulations made pursuant thereto and particularly Rule 6 of Section XIII of the Marketing Rules and Regulations.

IN THE MATTER OF HERMAN SANDERS, CODE MEMBER, DEFENDANT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING AND RESCHEDULING HEARING AND REDESIGNATING EXAMINER

A complaint dated July 1, 1941, pursuant to the provisions of sections 4 II (j) and (5) (b) of the Bituminous Coal Act of 1937, having been filed on July 5, 1941, by Bituminous Coal Producers Board for District No. 13, a district board, as complainant, and an amended and supplemental complaint dated December 15, 1941, alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder, having been filed with the Division by the complainant herein, pursuant to Order of the Acting Director dated January 16, 1942; and

The above-entitled matter having been scheduled for hearing on October 2, 1941, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Chancery Court Room, County Court House, Chattanooga, Tennessee, pursuant to the Order of the Director dated August 20, 1941, and subsequently postponed pursuant to the Order of the Director dated September 11, 1941, to a date and place to be thereafter designated by an appropriate order; and

It appearing to the Acting Director that the place and date of such hearing should now be designated;

Now, therefore, it is ordered, That a hearing in the above-entitled matter be held on February 18, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Chancery Court Room, 7th and Georgia Avenue, Chattanooga, Tennessee.

It is further ordered, That Scott A. Dalquist be and he is hereby designated to preside at such hearing vice Travis Williams.

It is further ordered, That the Notice of and Order for Hearing dated August 20, 1941, in the above-entitled matter be and the same is hereby amended and supplemented by adding to the last paragraph thereof the following:

By selling and delivering during the period December 13, 1940, through June 30, 1941, to Penn-Dixie Cement Company, Richard City, Tennessee, approximately 782.83 tons of slack coal produced at defendant's Sanders Mine, Mine Index No. 1070, at a price of not more than $1.65 per net ton delivered to the Penn-Dixie Cement Company, at Richard City, Tennessee, whereas the effective minimum price established for such coal was and is $2.05 per net ton f. o. b. the mine as contained in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipments to which was required to be added an amount at least equal as nearly as practicable to the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation) from the transportation facilities at the mine to said point of delivery as provided in Price Instruction 7, Supplement No. 1 of the aforesaid Schedule.

By selling during the period November 23, 1940, to December 13, 1940, to Penn-Dixie Cement Company, Richard City, Tennessee, approximately 257 tons of slack coal produced by the defendant at his Sanders Mine, Mine Index No. 1070, at a price of $1.65 per net ton f. o. b. the mine, whereas minimum prices, temporary or final, had not been established by the Division for the coal produced at said mine during said period.

It is further ordered that the Notice of and Order for Hearing dated August 20, 1941, shall in all other respects remain in full force and effect.

[Docket No. A-702]

PETITION OF WEST VIRGINIA COAL AND TRANSPORTATION COMPANY, A CODE MEMBER OF DISTRICT NO. 8 FOR PRELIMINARY, OR TEMPORARY, AND PERMANENT ORDER FOR ESTABLISHMENT OF FREE ALONGSIDE PRICES FOR COAL PRODUCED IN DISTRICT NO. 8 BY CODE MEMBERS AND SHIPPED IN RIVER BARGES TO THE NORTHERN STATES POWER COMPANY, ST. PAUL AND MINNEAPOLIS, MINNESOTA

MEMORANDUM OPINION AND ORDER REOPENING THE HEARING FOR LIMITED PURPOSES

This proceeding was instituted upon petition filed with the Bituminous Coal Division by West Virginia Coal and Transportation Company (the "Petitioner"), a code member in District No. 8, in behalf of the Northern States Power Company (the "Power Company"), pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, seeking an Order permitting certain District No. 8 coals to be sold at free alongside prices to the Power Company for consumption at its plants located at Minneapolis and St. Paul, Minnesota.

A hearing in this matter was held on May 14, 1941, before Floyd McGown, a duly designated Examiner of the Division, at a hearing room of the Division in Washington, D. C. At the conclusion of the hearing, all parties waived the preparation and filing of a report by the Examiner, and the record was thereupon submitted to the Director.

Pursuant thereto the Director made and entered Findings of Fact and Conclusions of Law, and rendered an Opinion which were filed herein. On October 8, 1941, a final Order was entered denying relief.

On November 7, 1941, Petitioner filed herein its petition for reconsideration of the final Order denying relief. The petition further requested that, in the event reconsideration should not be granted, the hearing be reopened for the taking of additional and new evidence. District Board No. 7 opposed the petition.

Reconsideration of the final Order denying relief is urged by Petitioner on the alleged ground that the Director erred in finding, on the evidence, that the barge rate in question approximated $3.625 per net ton. The evidence on this point was discussed in the Opinion of the Director in the light of the Special Case provision relating to transportation charges. It is not necessary to repeat that discussion at this time. There is no occasion to upset the Director's finding in the present state of the record.

The Petitioner alternatively requested that an Order be entered reopening the hearing in order to take further evidence with respect to the barge rates applicable to coals produced in District No. 8 when shipped by river to the Power Company.

In support of this request, the Petitioner urged that additional evidence would disclose that the cost of transporting coals produced in District No. 8 by river to the Power Company is materially less than that found by the Director. Upon consideration of the record and the petition to reopen the hearing, I conclude that the petition should be granted and opportunity should be afforded to the Petitioner and any other parties or interested persons to adduce evidence with respect to the cost of barge transportation from District No. 8 to the Power Company plant.

The reopened hearing should be limited, however, to evidence relating to the cost of transporting coal produced in District No. 8 by river to the Power Company plant and to the prospect that Power Company will purchase river-shipped District No. 8 coals from the Petitioner.

It is therefore ordered, That the hearing in the above matter be reopened for the limited purpose of taking additional evidence not available at the prior hearing herein and not cumulative of evidence already adduced with respect to:

(1) The transportation charges for shipping coal produced in District No. 8 by river to the Northern States Power Company, for consumption at its plants located at Minneapolis and St. Paul, Minnesota.

(2) The prospect that coals produced in District No. 8 would be purchased from the West Virginia Coal and Transportation Company by the Northern States Power Company for shipment by river, for consumption at its plants located at Minneapolis and St. Paul, Minnesota.

It is further ordered, That such hearing be held on February 24, 1942, at 10 o'clock in the forenoon of that day, before Examiner Floyd McGown, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That the Examiner shall submit supplementary Findings of Fact and Conclusions of Law and the Recommendation of an appropriate Order in the premises upon the basis of the entire record in this proceeding.

Dated: January 16, 1942.

Acting Director.

[Docket No. A-1242]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF AN ADDITIONAL RAIL LOADING POINT FOR THE COALS OF THE R. & G. MINE (MINE INDEX NO. 104) OF HENRY W. STRIETELMEIER, A CODE MEMBER IN DISTRICT NO. 11

ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party on December 26, 1941, requesting the establishment of Linton, Indiana, as an additional shipping point for the coals of the R. & G. Mine (Mine Index No. 104) of Henry W. Strietelmeier, a code member in District No. 11.

Price classifications and minimum prices have already been established for the coals of Mine Index No. 104 and Midland, Indiana, via the CI&L Railroad and Dugger, Indiana, via the IC Railroad have already been established as shipping points for the coals of this mine.

It appears that Linton, Indiana, the additional shipping point now requested for Mine Index No. 104 is the shipping point for the Pleasantville No. 6 Mine (Mine Index No. 119) of Henry W. Strietelmeier and is located within Freight Origin Group No. 62 for shipment via the IC Railroad. Freight rates via the IC Railroad from both Dugger and Linton, Indiana, are the same.

It further appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth. No petitions of intervention have been filed with the Division in the above-entitled matter. The following action being deemed necessary in order to effectuate the purposes of the Act:

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices for the R. & G. Mine (Mine Index No. 104) of Henry W. Strietelmeier heretofore established in Supplement No. 2 to the Schedule of Effective Minimum Prices for District No. 11, For All Shipments Except Truck, shall be applicable to shipments from this mine originating at Linton, Indiana, via the I. C. Railroad.

It is further ordered, That, pending final disposition of the above-entitled matter, the price classifications and minimum prices heretofore applicable to the coals of Mine Index No. 104 for rail shipments from Dugger, Indiana, be and the same hereby are suspended.

Notice is hereby given that all applications to stay, terminate or modify the temporary relief granted herein may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 16, 1942.

IN THE MATTER OF JASPER NICHELSON, DEFENDANT

ORDER APPROVING AND ADOPTING EXAMINER'S REPORT AND REVOKING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 11, alleging willful violation by Jasper Nichelson, a code member in District 11, the defendant, of the Bituminous Coal Code and rules and regulations thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments and with intent to violate the same and in violation thereof, during the period from October 1, 1940 to May 13, 1941, sold for truck shipments, coal produced at his French Lick Mine, Indiana, (Mine Index No. 941) in District No. 11, as follows: an unknown quantity of mine run coal to the Homestead Hotel, West Baden, Indiana, at a delivered price of $2.15 per net ton, the effective minimum f. o. b. mine price applicable thereto being $2.15 per net ton; and an unknown quantity of 1½" x 0 to Hise Brothers, Orleans, Indiana, at a price of $1.65 per ton delivered a distance of 23 miles from the mine, when the effective minimum f. o. b. mine price applicable thereto was $1.55 per net ton, without adding to the applicable minimum f. o. b. mine prices an amount equal, as nearly as practicable, to the actual transportation charge from the mine to the points of delivery; and failed to comply with the Division's Orders Nos. 296, 297 and 307, by not maintaining and filing the records required by said Orders.

Pursuant to an Order of the Director, and after notice to all interested persons, a hearing having been held in this matter on September 15, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Shoals, Indiana;

All interested persons having been afforded an opportunity to be present at the hearing, to adduce evidence, cross-examine witnesses, and otherwise be heard;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in the above proceeding, dated November 19, 1941, recommending that the code membership of the defendant be revoked and cancelled;

An opportunity having been afforded to the defendant to file exceptions thereto and supporting briefs, and no such exceptions and supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is, therefore, ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Code, the code membership of the defendant, Jasper Nichelson, be and the same is hereby revoked and cancelled, effective fifteen (15) days from the date of this Order;

It is further ordered, That prior to any reinstatement of the defendant, Jasper Nichelson, to membership in the Code, he shall pay to the United States a tax in the amount of $881.08 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: January 17, 1942.

[Docket No. A-1248]

PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 10 FOR THE ISSUANCE OF A TEMPORARY ORDER PERMITTING THE FRANKLIN COUNTY COAL CORPORATION, MINE INDEX NO. 151, TO REDUCE THE MINIMUM PRICE ON APPROXIMATELY 14,000 TONS OF STORAGE SCREENINGS

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon a petition filed by District Board 10 with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the issuance of a temporary order permitting the Franklin County Coal Corporation, a code member producer in District 10, to sell approximately 14,000 tons of screenings of its Royalton #7 Mine (Mine Index No. 151) at a price of $1.40 per ton.

Pursuant to § 301.236 of the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, and notice to all interested persons, an informal conference was held on January 6, 1942, at Washington, D. C. District Board 10 and the Franklin County Coal Corporation appeared.

The petition sets forth that Franklin County Coal Corporation (hereinafter called the "Company") is a code member in District 10 operating the Royalton #7 Mine in the Southern Illinois Subdistrict of District 10; that the Company now has in storage approximately 14,000 tons of 2" washed screenings which were mined during June, July, August, and September 1941; that these screenings were mined from a section of the vein containing coals substantially inferior to the coals usually marketed from the Company's mine and substantially inferior to the base coals of Southern Illinois; that the Company believed that by washing the coal could be brought up to a quality that would make it merchantable at existing minimum prices but that this did not prove to be the case; that the Company has been unable to dispose of the coal although it has made a diligent effort so to do; that the coals of the Company's mine are mostly competitive with the coals produced in the Southern Illinois Subdistrict of District 10; and that it is the opinion of the petitioner that a minimum price of $1.40 per ton limited to destinations which would not involve the dislocation of competitive tonnage will permit the sale of such substandard screenings. Accordingly, the petitioner requests that a price be established of $1.40 per ton[1] on approximately 14,000 tons of Royalton #7 substandard 2" washed screenings for sale to four large named consumers:

Commonwealth Edison Company Chicago, Illinois, Lehigh Portland Cement Company, Mason City, Iowa, North western States Portland Cement Co., Mason City, Iowa, and Universal Atlas Cement Company, Buffington, Indiana.

No one appeared at the conference or otherwise indicated a desire to oppose the requested relief.

From statements by J. R. Henderson, chairman of District Board 10, and Herbert H. Taylor, vice president of the Franklin County Coal Corporation, made at the informal conference, the following facts appear:

A portion of the Royalton #7 Mine has rock bands disseminated through the coal. While the Company has known that this coal was inferior to the other coal in the mine, beginning in June 1941, it made a serious attempt to recover it because it was easily workable. It is of this coal that the 14,000 tons in question of 2" washed screenings consist.

Proximate analyses of samples taken from these 14,000 tons, made by Commercial Testing and Engineering Co., engineers who make tests and analyses for District Board 10, indicate that the coals as to which the petition herein was filed have a moisture content of 10.45 per cent, an ash content, on a dry basis, of 12.29 per cent, a B. t. u. content, as received, of 11,248, and a B. t. u. content, on a dry basis, of 12,562. These analyses indicate that the coals are substandard.

A comparison of these analyses with an analysis of Price Group 29 coals of District 10, which deliver into Chicago at a price 75 cents below Royalton #7 washed screenings, indicates that the Price Group 29 coals have 6 per cent dry ash and 11,578 B. t. u. on an as received basis. Similarly, Price Group 17 coals of District 10, which deliver into Chicago at a price 60 cents below the Royalton #7 coals, have 100 B. t. u. as received more than the Royalton coals and 1½ per cent lower dry ash. Similarly, Price Group 18 coals of District 10, which have a 60-cent lower delivered price than the Royalton #7 coals, have 100 B. t. u. more than the latter coals and 2 per cent lower dry ash. Similarly, Price Group 8 coals of District 11, which have a 55-cent lower delivered price into Chicago than the Royalton coals, have 500 B. t. u. more than the Royalton coals and 3 per cent lower dry ash.

Similarly, also, the raw screenings of the Royalton #7 Mine have a B. t. u. content approximately 700 higher than the substandard coals in question, and a dry ash content approximately 2½ per cent lower.

The Company has made many efforts, by re-washing, resizing, and otherwise, to bring these substandard 2" washed screenings up to standard, but to no avail. The Company also attempted to market this substandard coal by applying it to each of the railroads that serve the Company's properties—the Chicago, Burlington, and Quincy, the Illinois Central, and the Missouri Pacific. However, the use of this coal on the Illinois Central resulted in an engine failure. Nor would it work successfully on the Missouri Pacific. Altogether, the Company sold the three railroads about 1,000 tons, but they refused to purchase any more. Thereafter, the Company knew that it could not possibly apply this coal on any commercial orders at the effective minimum price.

It thus appears that the washed screenings in question are of substandard quality, cannot be improved, and cannot be disposed of at the effective minimum prices. As a result, unless the Company receives some sort of relief affording it an opportunity to sell this coal, the Company will have to dispose of the coal at a considerable cost, as the Company cannot leave the coal where it is.

It appears, on the other hand, that the granting of relief herein will not seriously affect the competitors of the Company. No one has seen fit to oppose the petition herein. District Board 10 believes that the sale of the substandard screenings in question to the four consumers named in the petition will not interfere with the normal flow of tonnage of other mines.

Commonwealth Edison Company uses principally Central Illinois coals, which it obtains exclusively from Peabody Coal Company. Peabody has indicated its consent to the granting of relief herein. Indeed, if and when sales of this coal are made to Commonwealth Edison Company, they will probably be made through Peabody as a distributer. Lehigh Portland Cement Company and Northwestern States Portland Cement Company use Southern Illinois coals almost exclusively and obtain the greater portion thereof from Franklin County Coal Corporation. Universal Atlas Cement Company is also a regular customer of Franklin County Coal Corporation. The two other Southern Illinois producers who also ship to Universal Atlas have indicated to the Company their consent to the granting of relief herein. District Board 11 has also indicated its consent to the granting of relief herein.

While the Company has no assurance of being able to sell its substandard screenings, even at the requested reduced price, to the four named consumers, all these consumers would pulverize this coal and could therefore use it and Commonwealth Edison has indicated that it would be willing to buy 10 or 15 cars of it to see how it works.

The Company does not intend to mine any more of this substandard coal, Taylor, vice president of the Company, stating, "this thing was not done with any foresight in getting to this point [of having] to get rid of these screenings, and this is nothing that we intend to repeat and repeat * * * we are not trying to establish a precedent here at all. I want that clearly understood * *. As soon as we ran into trouble and realized we were up against something we stopped the operation * * *."

From the foregoing, it appears that unless the Company is afforded an opportunity to market the 14,000 tons of 2" washed screenings it now has in storage, it will suffer a considerable and irreparable loss and that affording the Company such an opportunity by means of the relief here sought will not affect substantially the fair competitive opportunities of other producers, particularly since once the coal now in storage is disposed of the problem will not recur. In these circumstances, and in view of the lack of expressed opposition to the petition herein, I find that the requested relief should be granted.

Now, therefore, it is ordered, That the Franklin County Coal Corporation is hereby permitted to sell approximately 14,000 tons of 2" washed screenings (Size Group 23) of substandard quality, now in storage at the Royalton #7 Mine (Mine Index No. 151) in District 10, for shipment to any or all of the following:

Commonwealth Edison Company, Chicago, Illinois, Lehigh Portland Cement Company, Mason City, Iowa, Northwestern States Portland Cement Co., Mason City, Iowa, Universal Atlas Cement Company, Buffington, Indiana.

at a minimum price of $1.40 per net ton f. o. b. the mine: *Provided, however,* That any and all such sales shall be consummated within six months from the date hereof: *And provided, further,* That Franklin County Coal Corporation shall file with the Division copies of all in-

[1] The existing f. o. b. mine price for Royalton #7, 2" x 0 washed screenings is $1.90 per ton.

voices covering such sales and shall file with the Division, six months from the date hereof or at such time within such six months' period as the entire 14,000 tons of 2" storage screenings have been disposed of, a report consisting of a summary of such invoices, showing the consumers to whom such coal was shipped, the number of tons shipped to such consumers, the dates when the shipments were made, and the price at which the coal was sold. The copies of invoices and the report filed pursuant to this Order shall indicate on their face that they are being filed pursuant thereto.

Applications to stay the effect of, terminate, or modify this Order may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 16, 1942.

Commodity Credit Corporation.

PUBLIC ANNOUNCEMENT WITH RESPECT TO THE EXPANSION OF PRODUCTION OF NON-BASIC AGRICULTURAL COMMODITIES

Section 4 of the Act approved July 1, 1941 (Public Law 147—77th Congress) provides as follows:

(a) Whenever during the existing emergency the Secretary of Agriculture finds it necessary to encourage the expansion of production of any non-basic agricultural commodity, he shall make public announcement thereof and he shall so use the funds made available under section 3 of this Act or otherwise made available to him for the disposal of agricultural commodities, through a commodity loan, purchase, or other operation, taking into account the total funds available for such purpose for all commodities, so as to support a price for the producers of any such commodity with respect to which such announcement was made of not less than 85 per centum of the parity or comparable price therefor. The comparable price for any such commodity shall be determined and used by the Secretary for the purposes of this section if the production or consumption of such commodity has so changed in extent or character since the base period as to result in a price out of line with parity prices for basic commodities. Any such commodity loan, purchase, or other operation which is undertaken shall be continued until the Secretary has given sufficient public announcement to permit the producers of such commodity to make a readjustment in the production of the commodity. For the purposes of this section, commodities other than cotton, corn, wheat, tobacco, and rice shall be deemed to be non-basic commodities.

Pursuant to the foregoing provisions of law, public announcement is hereby made that I have found it necessary, as a result of the existing emergency, to encourage the expansion of production of the commodities named below, and that Department of Agriculture will, during the period ending June 30, 1943, through loans, purchases, or other operations, support a price for eligible producers of each of these commodities at not less than the price level stated opposite such commodity, with adjustments, where applicable, for location, type, grade, and class:

Commodity and Level at Which Price Will Be Supported

Hogs, Eggs, Evaporated Milk, Dry Skim Milk, Cheese, and Chickens (excluding broilers); 85% of the parity price.

The 1942 crop of Dry Peas of the following varietal types: Alaska, Bluebell, First and Best, White Canada, Alderman, Perfection, Surprise, and Thomas Laxton; 85% of the comparable price as of the beginning of the marketing year (August 1), but in no event less than $5.25 per hundred weight for U. S. No. 1 peas, and $5.00 per hundred weight for U. S. No. 2 peas, in bags f. o. b. cars at country shipping points.

The 1942 crop of Dry Edible Beans of the following varietal types: Pea and Medium White, Great Northern, California Small White, Pink, and Pinto; 85% of the parity price as of the beginning of the marketing year (September 1), but in no event less than $4.75 per hundred weight for U. S. No. 1 beans, and $4.60 per hundred weight for U. S. No. 2 beans, in bags f. o. b. cars at country shipping points.

The 1942 crop of Peanuts for Oil; 85% of the comparable price as of the beginning of the marketing year (August 1), but in no event less than $82 per ton for U. S. No. 1 White Spanish type peanuts, $78 per ton for U. S. No. 1 Runner type peanuts, and $70 per ton for U. S. Class A Virginia type peanuts, delivered to an approved local receiving agency.

The 1942 crop of Soybeans for Oil; 85% of the comparable price as of the beginning of the marketing year (October 1), but in no event less than $1.60 per bushel, farm basis, for U. S. No. 2 Yellow soybeans of recognized varieties of high oil content designated by the State Agricultural Experiment Station with the approval of the U.S.D.A. State War Board.

The 1942 crop of Flaxseed for Oil; 85% of the parity price as of the beginning of the marketing year (June 1), but in no event less than $2.10 per bushel, farm basis.

Inasmuch as the production and consumption of dry peas, peanuts for oil, and soybeans for oil have so changed in extent and character since the base period as to result in parity prices for such commodities out of line with parity prices for basic agricultural commodities, comparable prices therefor have been used for the purpose of this announcement. Such prices shall be determined by multiplying the following base prices by the index of prices paid by farmers for commodities purchased, including interest and taxes payable per acre, as published by the Department of Agriculture: Dry Peas $2.07 per hundred weight; Soybeans $0.96 per bushel; Spanish type peanuts 2.4 cents per pound; Runner type peanuts 2.3 cents per pound; and Virginia type peanuts 2.0 cents per pound. These base prices bear the same relation to the average base prices of corn, cotton, wheat, rice, and tobacco as the actual prices of the same commodities were to the average actual prices of these five basic commodities in the sixty months, August 1934 through July 1939.

This announcement supersedes the announcement dated August 29, 1941.[1]

Done at Washington, D. C., this 15th day of January 1942. Witness my hand and the seal of the Department of Agriculture.

DETERMINATION PURSUANT TO 7 U.S.C. 1940 ED. § 608c (9), WITH RESPECT TO THE ISSUANCE OF AN ORDER REGULATING THE HANDLING OF IRISH POTATOES GROWN IN THE STATES OF MICHIGAN, WISCONSIN, MINNESOTA, AND NORTH DAKOTA [1]

The Under Secretary of Agriculture of the United States, having reason to believe that the execution of a marketing agreement and the issuance of an order would tend to effectuate the declared policy of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), with respect to the establishment and maintenance of such orderly marketing conditions for Irish potatoes grown in the States of Michigan, Wisconsin, Minnesota, and North Dakota as would establish prices to the producers of such Irish potatoes at a level that would give such Irish potatoes a purchasing power, with respect to the articles that the producers of such Irish potatoes buy, equivalent to the purchasing power of such Irish potatoes during the base period, August 1919–July 1929, conducted a public hearing in Cadillac, Michigan, on August 11 and 12, 1941, in Grand Forks, North Dakota, on August 21, 1941, in St. Paul, Minnesota, on August 14, 1941, and in Antigo, Wisconsin, on August 14, 1941, pursuant to notice duly given to all interested parties, on a proposed marketing agreement and a proposed order regulating such handling of such Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in such Irish potatoes; and at the aforesaid hearing all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order.

The marketing agreement, drafted subsequent to, and upon the basis of the evidence adduced at, the aforesaid hearing, was tentatively approved on October 2, 1941, by the Acting Secretary of Agriculture of the United States. Subsequent to the tentative approval of the marketing agreement on October 2, 1941, handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping Irish potatoes grown in the aforesaid area) of more than fifty (50) percentum of the volume of such Irish potatoes, produced in the production area defined in such order, refused or failed to sign the aforesaid tentatively approved marketing agreement.

Now, therefore, pursuant to the provisions of said act, it is hereby determined that:

(1) the aforesaid refusal or failure of said handlers to sign the aforesaid tentatively approved marketing agreement tends to prevent the effectuation of the

[1] See also Title 7, Chapter IX, *supra*.

declared policy of the act with respect to such Irish potatoes;

(2) the issuance of an order, which will regulate the handling of such Irish potatoes in the same manner as the tentatively approved marketing agreement and which will be applicable only to persons in the respective classes of industrial or commercial activity specified in the tentatively approved marketing agreement, is the only practical means, pursuant to said act, of advancing the interests of the producers of such Irish potatoes; and

(3) the issuance of the aforesaid order is approved or favored by at least two-thirds of the producers who participated in a referendum, conducted pursuant to an order signed by the Acting Secretary of Agriculture of the United States, and who, during the representative period determined by the Acting Secretary of Agriculture of the United States, were engaged, within the production area specified in said tentatively approved marketing agreement and the aforesaid order, in the production for market of the commodity specified in said tentatively approved marketing agreement and the aforesaid order.

Issued at Washington, D. C., this 13th day of January 1942. Witness my hand and the seal of the Department of Agriculture.

Secretary of Agriculture.

DETERMINATION, APPROVED BY THE PRESIDENT OF THE UNITED STATES, WITH RESPECT TO AN ORDER REGULATING THE HANDLING OF IRISH POTATOES GROWN IN THE COUNTIES OF CROOK, DESCHUTES, AND KLAMATH IN THE STATE OF OREGON, AND MODOC AND SISKIYOU IN THE STATE OF CALIFORNIA[1]

The Acting Secretary of Agriculture of the United States, having reason to believe that the execution of a marketing agreement and the issuance of an order would tend to effectuate the declared policy of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), with respect to the establishment and maintenance of such orderly marketing conditions for Irish potatoes grown in the counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California, as would establish prices to the producers of such Irish potatoes at a level that would give such Irish potatoes a purchasing power, with respect to the articles that the producers of such Irish potatoes buy, equivalent to the purchasing power of such Irish potatoes during the base period August 1919–July 1929, conducted a public hearing in Klamath Falls, Oregon, on June 10, 1941, pursuant to notice duly given to all interested parties, on a proposed marketing agreement and a proposed order regulating such handling of such Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in such Irish potatoes; and at the aforesaid hearing all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order. The aforesaid hearing held in Klamath Falls, Oregon, on July 10, 1941, was reopened, pursuant to notice duly given in August 1, 1941, by the Under Secretary of Agriculture of the United States and said hearing thus reopened was held in San Francisco, California, on August 18, 1941, pursuant to the aforesaid notice dated August 1, 1941, with respect to the proposed marketing agreement and the proposed order regulating such handling of said Irish potatoes as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce in said Irish potatoes; and at the aforesaid hearing in San Francisco, California, on August 18, 1941, all interested persons in attendance were afforded due opportunity to be heard concerning the proposed marketing agreement and the proposed order.

The marketing agreement, drafted subsequent to, and upon the basis of the evidence adduced at, the aforesaid hearings in Klamath Falls, Oregon, on July 10, 1941, and the hearing in San Francisco, California, on August 18, 1941, was tentatively approved on September 16, 1941, by the Acting Secretary of Agriculture of the United States. Subsequent to the tentative approval of the marketing agreement on September 16, 1941, handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping Irish potatoes grown in the aforesaid area) of more than fifty (50) per centum of the volume of such Irish potatoes, produced in the production area defined in such order, refused or failed to sign the aforesaid tentatively approved marketing agreement.

Now, therefore, pursuant to the provisions of said act, it is hereby determined that:

(1) the aforesaid refusal or failure of said handlers to sign the aforesaid tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act with respect to such Irish potatoes;

(2) the issuance of an order, which will regulate the handling of such Irish potatoes in the same manner as the tentatively approved marketing agreement and which will be applicable only to persons in the respective classes of industrial or commercial activity specified in the tentatively approved marketing agreement, is the only practical means, pursuant to said act, of advancing the interests of the producers of such Irish potatoes; and

(3) the issuance of the aforesaid order is approved or favored by at least two-thirds of the producers who participated in a referendum, conducted pursuant to an order signed by the Acting Secretary of Agriculture of the United States, and who, during the representative period determined by the Acting Secretary of Agriculture of the United States, were engaged, within the production area specified in said tentatively approved marketing agreement and the aforesaid order, in the production for market of the commodity specified therein.

Issued at Washington, D. C., this 13th day of January, 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

Approved:

FRANKLIN D ROOSEVELT,
The President of the United States.

NOTICE OF POSTPONEMENT OF FURTHER HEARING ON THE HOME WORK PROBLEM IN THE WOMEN'S APPAREL INDUSTRY

To be held February 17, 1942, at Washington, D. C.

Whereas in accordance with a notice published in the FEDERAL REGISTER for December 30, 1941,[1] the public hearing originally scheduled to be held on January 13, 1942, was postponed until February 16, 1942, for the purpose of taking further evidence on the following question:

What, if any prohibition, restriction or regulation of home work in the women's apparel industry is necessary to carry out the purposes of the wage order effective September 29, 1941, to prevent the circumvention or evasion of such order, and to safeguard the 40-cent minimum wage rate established therein; and

Whereas it is deemed advisable further to postpone such hearing;

Now, therefore, notice is hereby given that the hearing on the home work problem in the women's apparel industry is postponed to February 17, 1942, at 10 a. m., in room 3229, United States Department of Labor Building, at Washington, D. C.

Signed at Washington, D. C., this 13th day of January 1942.

IN THE MATTER OF NORTHERN INDIANA PUBLIC SERVICE COMPANY, GARY ELECTRIC AND GAS COMPANY, GARY HEAT, LIGHT & WATER COMPANY, AND CLARENCE A. SOUTHERLAND AND JAY SAMUEL HARTT, TRUSTEES OF THE ESTATE OF MIDLAND UTILITIES COMPANY

SECOND SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington D. C., on the 17th day of January, A. D. 1942.

The Commission by its Order of November 25, 1941 (Holding Company Act Release No. 3146), having approved the sale by Gary Electric and Gas Company (hereinafter referred to as "Gary Electric") of its principal asset, the common stock of Gary Heat, Light & Water Company (hereinafter referred to as "Gary Heat") to Northern Indiana Public Service Company (hereinafter referred to as "Northern") for a consideration amounting to $10,000,000 payable as follows:

A. $7,042,000 in cash.

B. $2,268,000 in Common Stock of Northern (278,000 shares at a stated value of $8.1575 per share).

C. The balance $756,000 at the option of Gary Electric either in cash or additional shares of Northern (maximum of 92,675 at a stated value of $8.1575 per share), the amount of cash to be determined by the cash required by Gary Electric to pay holders of its publicly held common stock who accept Gary Electric's invitation to tender common stock of Gary Electric at $6.50 a share.

The Commission in its said order having imposed a condition that Gary Electric shall notify Northern within 60 days from the date of said order as to how it would exercise the said option; and

The Commission in its said Order of November 25, 1941, having also granted an exemption pursuant to Section 6 (b) of the Act with respect to the issue and sale by Northern to the Prudential Insurance Company of America (hereinafter referred to as "Prudential") under an agreement dated September 12, 1941, of $5,000,000 principal amount of its serial notes dated October 1, 1941, bearing interest at 2.75%, in order to raise part of the cash required to purchase the Gary Heat common stock; and

The said Agreement dated September 12, 1941 having provided that Prudential would pay Northern a premium of $15,500 and accrued interest from October 1, 1941 to the date of the issuance and sale of the said notes; and

The commitment, as extended, of Prudential to purchase the said notes, having been about to expire on January 15, 1942, and, through unavoidable delay, Northern being unable to avail itself of the commitment of Prudential by January 15, 1942; and

Northern and Prudential having negotiated a modification of the agreement of September 12, 1941, by a supplemental agreement dated January 9, 1942, which extends the commitment of Prudential to February 16, 1942 but provides that no premium shall be paid by Prudential and that Northern shall pay accrued interest to Prudential from October 1, 1941, to the date of the issuance and sale of Northern's serial notes; and

Northern having filed a supplemental amendment herein requesting that the exemption granted for the issuance and sale if its serial notes by our Order of November 25, 1941, be extended to the issuance and sale of the notes as modified by the said supplemental agreement of January 9, 1942; and

Gary Electric having filed a supplemental amendment herein requesting that the date on which it must notify Northern of how it will exercise its option referred to above be extended for at least 60 days from the date of this Second Supplemental Order; and

It appearing to the Commission that the issuance and sale of Northern's serial notes pursuant to the said agreement dated September 12, 1941, as modified by the said supplemental agreement dated January 9, 1942, is entitled to the exemption set forth in the third sentence of section 6 (b) and that a reasonable extension of the date on which Gary shall notify Northern as to how it will exercise the option referred to above should be granted;

It is ordered, That the exemption pursuant to section 6 (b) granted in our said Order of November 25, 1941, for the issuance and sale of Northern's serial notes pursuant to the said agreement dated September 12, 1941 between Prudential and Northern be and the same hereby is extended to the issuance and sale of Northern's serial notes pursuant to the said agreement dated September 12, 1941, as modified by the said supplemental agreement dated January 9, 1942; and that the period in which Gary Electric shall notify Northern as to how it will exercise its option to obtain the balance, $756,000, of the purchase price of Gary Heat common stock either in cash, or in Northern common stock at $8.1575 per share, or partly in cash and partly in Northern common stock, be and the same hereby is extended to and including February 16, 1942, all subject, however, to the conditions contained in our Order herein dated November 25, 1941 and our Supplemental Order herein dated January 2, 1942, and subject to the further condition that Gary Electric shall accompany its invitation for tenders of its publicly-held common stock with a copy of our Findings and Opinion attached to our Order herein of November 25, 1941, a copy of our Supplemental Findings and Opinion attached to our Supplemental Order herein dated January 2, 1942, and a copy of this Second Supplemental Order.

By the Commission.

[Docket No. 3396]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF BOULEVARD CANDY COMPANY

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of candy, or any other merchandise, (1) selling, etc., candy or any other merchandise so packed or assembled that sales of such candy or other merchandise to the public are to be made, or may be made, by means of a game of chance, gift enterprise, or lottery scheme; (2) supplying, etc., others with push or pull cards, punch boards, or other lottery devices, either with assortments of candy or other merchandise, or separately, which said push or pull cards, punch boards, or other lottery devices are to be used, or may be used, in selling or distributing said candy or other merchandise to the public; and (3) selling, etc., any merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 39 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Boulevard Candy Company, Docket 3396, January 15, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 15th day of January, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence and exceptions filed thereto, briefs filed in support of the complaint and in opposition thereto, and oral arguments of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondent, Boulevard Candy Company, a corporation, has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Boulevard Candy Company, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of candy, or any other merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, to forthwith cease and desist from:

(1) Selling or distributing candy or any other merchandise so packed or assembled that sales of such candy or other merchandise to the public are to be made, or may be made, by means of a game of chance, gift enterprise, or lottery scheme;

(2) Supplying to, or placing in the hands of, others, push or pull cards, punch boards, or other lottery devices, either with assortments of candy or other merchandise, or separately, which said push or pull cards, punch boards, or other lottery devices are to be used, or may be used, in selling or distributing said candy or other merchandise to the public;

(3) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

registrar, and each special registrar before he enters upon his duties hereunder:

I, ..., do solemnly swear (or affirm) that I will faithfully perform the duties of registrar of Local Board No. .....; that I will correctly record the answers given me by persons registered; that I will indicate on every Registration Card (Form 1) answers that I believe to be untrue; and that I will truthfully answer and record matters charged to my own observation.

The oath may be administered by any person qualified to administer oaths or by a member of the local board, and, after the chief registrar is sworn, he may swear the rest of his registrars and any special registrars. No person shall undertake the duties of a registrar at any time during the registration until the oath has been taken. (54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779)

PART 652—ASSIGNMENT AND DELIVERY OF PERSONS TO WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 652, by deleting § 652.11 and substituting therefor the following:

§ 652.11 *Order to report for work of national importance.* (a) Upon receipt of an Assignment to Work of National Importance (Form 49) for a registrant in Class IV-E, the local board shall prepare six copies of an Order to Report for Work of National Importance (Form 50). The original shall be mailed to the registrant at least 10 days before the date set for him to report. At the time the registrant leaves the local board for the camp, the local board shall mail five copies of the Order to Report for Work of National Importance (Form 50), together with the Armed Forces' Original, the Surgeon General's Copy and the National Headquarters' Copy of the registrant's Report of Physical Examination and Induction (Form 221), to the camp director at such camp. The Local Board's Copy of such registrant's Report of Physical Examination and Induction (Form 221) shall be retained in his Cover

(c) If for any reason an Order to Report for Work of National Importance (Form 50) is not sent to a registrant for whom an Assignment to Work of National Importance (Form 49) has been received from the Director of Selective Service or in the event a registrant in Class IV-E who has been sent an Order to Report for Work of National Importance (Form 50) does not report to the local board pursuant to such order, the local board shall send the Assignment to Work of National Importance (Form 49), together with a statement of the facts concerning the case, to the State Director of Selective Service for transmittal to the Director of Selective Service. REHABILITATION PROCEDURE

specified remediable defects, and when the specified remediable defects are of the type which the Director of Selective Service has determined shall be remedied, the local board, in accordance with instructions issued and subject to limitations imposed by the Director of Selective Service, and with one or more of its examining physicians or dentists present as advisers, will consider whether it is practicable to remedy such defects of the registrant within a reasonable time and at a reasonable cost. If at this time or at any subsequent time there is not an agreement between the examining physician or dentist and the local board concerning the practicability of correcting such remediable defects of a registrant within a reasonable time and at a reasonable cost, the local board may send the record of the registrant or, if necessary, may send the registrant to the medical advisory board for an opinion from the appropriate member or members of that board and, giving consideration to such opinion but not being bound thereby, shall determine the course to be followed.*

*§§ 661.1 to 661.23 inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8971, 6 F.R. 6419.

§ 661.2 *Notice to registrant to appear for consultation.* If the local board decides that the remediable defects of any registrant are of a type which the Director of Selective Service has determined should be remedied and that such defects can be remedied within a reasonable time and at a reasonable cost, the local board will issue a Notice to Registrant to Appear for Consultation (Form 225) which will state the hour, date, and place the registrant shall report for a conference with the local board.*

§ 661.3 *Conference with registrant and selection of physician, dentist, or facility.* (a) When the registrant reports in accordance with a Notice to Registrant to Appear for Consultation (Form 225), at least one member of the local board and one or more of the examining physicians or dentists will confer with him for the purpose of making arrangements for his rehabilitation. If the registrant desires to have his defects remedied at his own expense, see § 661.7.

(b) The registrant will be advised that he has certain remediable defects which may be remedied at Government expense. He will also be advised that, if the defects are remedied, he will be returned to the examining station of the armed forces and, if found acceptable to them, will be forwarded for induction in the usual manner. He will be further advised that if he refuses to have his defects remedied, his defects may be

ply: *And provided further*, That if the registrant desires and requests the services of a physician, dentist, or facility that has not been designated, the procedure prescribed in § 661.21 will be followed, and the registrant must name a designated physician, dentist, or facility as his second choice to perform the necessary services if the first-named physician, dentist, or facility is not accepted for designation. The local board, acting for the registrant, must name a designated physician, dentist, or facility for the purpose of undertaking to remedy the registrant's defects (1) if the registrant fails or refuses to name a designated physician, dentist, or facility, or (2) if the registrant names a physician, dentist, or facility not designated but fails or refuses to name as his second choice one already designated and the one not designated named by the registrant fails to qualify for designation. When the local board is required to name a designated physician, dentist, or facility as above, it shall do so in the following manner: The record of designated physicians, dentists, or facilities furnished the local board by the State Director of Selective Service shall be consulted and the first designated and qualified physician, dentist, or facility whose name appears on that record with an office in or near the community in which the registrant lives shall be the first-named, the second shall be the second-named, the third shall be the third-named, and so on consecutively until all such designated and qualified physicians, dentists, or facilities have been used, and then the process shall start over again.

(d) The registrant shall execute, in triplicate, a Registrant's Rehabilitation Statement (Form 226). If he refuses to have his defects remedied, he shall state the reason for such refusal.

(e) The signature of the registrant upon the Registrant's Rehabilitation Statement (Form 226) shall be witnessed by a member of the local board and the examining physician or dentist.

(f) If the registrant names a designated physician or dentist who practices, or a designated facility which operates, outside the community in which he lives, and there is a designated physician, dentist, or facility in the community in which he lives capable of rehabilitating him, authorization may be granted for the designated physician, dentist, or facility so named: *Provided*, That such authorization shall not be made if it results in unnecessary delay in the rehabilitation of such registrant, and *Provided further*, That the expense of transportation to and from the designated physician, dentist, or facility shall be borne by the registrant. If there is no designated physician, dentist, or facility in the community in which the registrant lives who is qualified and willing to

Meals or Lodgings for Civilian Registrants (Form 256) may be issued.*

§ 661.4 *Use of Government facilities.* If the Director of Selective Service determines that the facilities of any department, bureau, or agency of the Government of the United States should be used in rehabilitating the registrants in any community, such facility shall be used to the extent that the Director of Selective Service may direct.*

§ 661.5 *Inquiry for undertaking of services to physician, dentist, or facility.* After the Registrant's Rehabilitation Statement (Form 226) is completed by a registrant who is to have his defects remedied, an Inquiry for Undertaking of Service (Form 227) shall be prepared by the local board, in quadruplicate. It shall be addressed to the designated physician, dentist, or facility selected to render the service for a given registrant. It shall set forth the facts relevant to the defects of the registrant and the maximum fees allowable for the correction of such defects. It shall contain an inquiry as to the desire of the physician, dentist, or facility to undertake the service indicated. If the physician, dentist, or facility offers to perform the services, one copy of the Inquiry for Undertaking of Service (Form 227) will be retained by the physician, dentist, or facility addressed, and the original and two remaining copies will be signed and returned to the local board. The local board will forward the original and both copies of Inquiry for Undertaking of Service (Form 227), together with the Armed Forces' Original of the Report of Physical Examination and Induction (Form 221), to the State Director of Selective Service. The State Director of Selective Service shall indicate his approval, disapproval, or desired modification on the original and both copies of the Inquiry for Undertaking of Service (Form 227), retain the original, and return both copies, together with the Armed Forces' Original of the Report of Physical Examination and Induction (Form 221), to the local board. If the State Director of Selective Service has indicated his approval on the copies of the Inquiry for Undertaking of Service (Form 227), the local board shall forward the approved copy bearing the signature of the State Director of Selective Service to the designated physician, dentist, or facility, and such approved copy will constitute authority to render the indicated service. If modifications are made by the State Director of Selective Service, the Inquiry for Undertaking of Service (Form 227), with such modifications, will be resubmitted to the designated physician, dentist, or facility concerned for approval.*

§ 661.6 *Order to registrant to have defects remedied.* When the local board

pense, he may do so without reference to the foregoing procedure; *Provided*, That a program for remedying the defects is presented which is satisfactory to the local board. In such a case the program will be outlined in the Registrant's Rehabilitation Statement (Form 226) and will include arrangements to keep the local board advised of the registrant's progress. If at any time after making such an arrangement, the registrant fails or refuses to have his defects remedied in the manner agreed upon, the local board may take the steps outlined in § 661.12.*

DISPOSITION OF REHABILITATED REGISTRANT AND REGISTRANT WHO REFUSES TO HAVE DEFECTS REMEDIED

§ 661.11 *Submission of rehabilitated registrant for further physical examination by the armed forces.* (a) The local board will keep informed as to the progress of the registrant while his defects are being remedied. When the registrant's rehabilitation will take more than 30 days, the local board will furnish the physician, dentist, or facility with sufficient Progress Reports of Rehabilitation (Form 229) so that one of such forms can be completed and returned to the local board each 30 days after the commencement of rehabilitation. A Report of Completion of Rehabilitation (Form 230) shall be filled out and forwarded to the local board by the physician, dentist, or facility when the registrant's rehabilitation has been completed. When the physician, dentist, or facility which has undertaken to remedy the registrant's defects has forwarded the local board a Report of Completion of Rehabilitation (Form 230), the local board will direct the registrant to appear before the examining physician or dentist of the local board and, in doubtful cases, to appear before the medical advisory board. When the local board is satisfied, from the report of the examining physician or dentist or the medical advisory board, that the remediable defects which were specified in the certificate of the examining station of the armed forces have been remedied, it shall again forward the registrant for physical examination by the armed forces in the manner provided in Part 629; provided that if the effective period for the former physical examination by the armed forces has expired, but not otherwise, it shall prepare a new Report of Physical Examination and Induction (Form 221), the Armed Forces' Original and all copies of which shall be forwarded with the registrant in addition to the Armed Forces' Original of the former Report of Physical Examination and Induction (Form 221). Upon the return from the examining station of the armed forces of the Armed Forces' Original and all copies of the corrected or new Report of Physical Examination and In-

Sheet (Form 53).

(b) The issuance of an Order to Report for Work of National Importance (Form 50) may be delayed or delivery under such an order may be postponed to the extent and in the manner provided in § 633.1.

[1] 7 F.R. 111.

(c) If a registrant agrees to have his defects remedied, he shall name a designated physician, dentist, or facility to undertake his rehabilitation: *Provided*, That the provisions of § 661.4 do not apply

costs to and from the nearest community in which there is a designated physician, dentist, or facility qualified and willing to undertake the registrant's rehabilitation will be borne by the Selective Service System, and Government Requests for Transportation (Standard Form No. 1030) and Government Request for

quiry for Undertaking of Service (Form 227), it shall complete and mail to the registrant an Order to Registrant to Have Defects Remedied (Form 228)."

§ 661.7 *Procedure when registrant desires to have his defects remedied at his own expense.* If a registrant desires to have his defects remedied at his own ex-

duction (Form 221), or both, the local board will proceed in the manner provided by § 629.31.

(b) The local board will forward all completed Reports of Completion of Rehabilitation (Form 230) to the State Director of Selective Service for transmittal to the Director of Selective Service."

§ 661.12 *Procedure when registrant refuses or fails to have his defects remedied.* If the registrant refuses or fails to have his defects remedied, the local board will forward to the State Director of Selective Service the original and one copy of the Registrant's Rehabilitation Statement (Form 226), the Armed Forces' Original of the registrant's Report of Physical Examination and Induction (Form 221), and its recommendation as to the disposition of the matter. Upon receipt thereof, the State Director of Selective Service will either return the file to the local board with further instructions or forward the file, together with his own recommendation, to the Director of Selective Service, or, if so instructed by the Director of Selective Service, to the Corps Area Commander (or representative of the Navy or Marine Corps)."

DESIGNATION AND PAYMENT OF PHYSICIANS, DENTISTS, AND FACILITIES

§ 661.21 *Designated physicians, dentists, and facilities.* (a) The Director of Selective Service shall prepare and maintain a record of designated physicians, dentists, and facilities for the nation. The State Director of Selective Service shall maintain a record of designated physicians, dentists, and facilities for his State. He shall furnish each local board with a record of designated physicians, dentists, and facilities in or near the community in which each local board is located. If a physician, dentist, or facility whose name is not included in the record of designated physicians, dentists, and facilities is named by a registrant or makes a request to be designated, the local board shall endeavor to secure a written application from such physician, dentist, or facility. The local board shall forward any application it receives, together with its recommendation thereon, to the State Director of Selective Service.

(b) When the application is received by the State Director of Selective Service, he shall make a thorough investigation as to the applicant's professional and ethical standing in the community. If, after investigation, he is of the opinion that the applicant is qualified, he shall add the name of the applicant to the record of designated physicians, dentists, or facilities and so advise the local boards affected. The name and address of each such physician, dentist, or facility, together with the application, report of investigation made, and the action taken thereon by the State Director of Selective Service, shall be forwarded to the Director of Selective Service. In the absence of comment by the Director of Selective Service, such physician, dentist, or facility shall thereafter be a designated physician, dentist, or facility. The Director of Selective Service will notify the State Director of Selective Service in the event of nonconcurrence in the designation of a given physician, dentist, or facility.

(c) Nothing herein contained shall prohibit any physician or dentist who is now or may hereafter be appointed an examining physician or dentist or a member of a medical advisory board from applying to the State Director of Selective Service to have his name placed in the record of designated physicians or dentists. Upon the receipt of such an application, the procedure prescribed in (b) above will be followed. If the name of such examining physician or dentist or member of a medical advisory board is placed in such record, he shall receive payment for authorized rehabilitation services in the same manner as any other designated physician or dentist, and the Waiver of Pay or Compensation portion of the Oath of Office and Waiver of Pay or Compensation (Form 21) executed by the examining physician or dentist or member of the medical advisory board shall not operate to prohibit such physician or dentist or member of the medical advisory board from receiving compensation from remedying the defects of a registrant. His services as a designated physician or dentist will be apart from, and in addition to, his present duties as an examining physician or dentist or member of a medical advisory board, which latter duty will remain on an uncompensated basis.

(d) Any designated physician, dentist, or facility may be utilized by any local board in the Selective Service System. (*See, however*, § 661.3 (f).)

(e) A State Director of Selective Service who has reason to believe that a designated physician, dentist, or facility does not have the necessary qualifications will suspend such physician, dentist, or facility and will report the reason therefor and his recommendation thereon to the Director of Selective Service.

(f) The name of any physican, dentist, or facility may be added to or removed from the record of designated physicians, dentists, or facilities by the Director of Selective Service, either with or without a recommendation from a State Director of Selective Service."

§ 661.22 *Schedule of fees for the Selective Service System.* The Director of Selective Service, from time to time, will publish and circulate schedules of fees which will state the maximum amounts allowable for the services of any physician, dentist, or facility in remedying the defects of a registrant. These amounts will in no case be exceeded unless specifically authorized under instructions issued by the Director of Selective Service. When services not contained in the schedule of fees are necessary, such services may be authorized and the fees to be paid therefor in each instance fixed by the Director of Selective Service. Payment will not be authorized for any services rendered in remedying the defects of a registrant which are not authorized in accordance with instructions contained in this part, unless payment for such services is specifically approved by the Director of Selective Service either prior to or subsequent to the performance of such services."

§ 661.23 *Procedure for payment of fees.* Bills for payment of fees authorized to be charged for services rendered in remedying the defects of a registrant should be certified in the manner prescribed in § 608.5 and presented, in triplicate, to the local board, which, if it finds that the authorized services have been performed, will indicate its approval on the original and both copies of the bill, retain one copy thereof, and forward the original and second copy thereof to the State procurement officer. In vouchering such bills, the State procurement officer shall use Public Voucher for Purchases and Services Other Than Personal (Standard Form No. 1034), which will be prepared in the manner prescribed in § 608.31."

ORDER AUTHORIZING THE STATE DIRECTOR OF SELECTIVE SERVICE OF HAWAII TO ORDER ADDITIONAL OR ALTERNATIVE PHYSICAL EXAMINATIONS

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, and more particularly the provisions of Section XLVIII of the Selective Service Regulations, I hereby authorize the State Director of Selective Service of Hawaii to direct any local board in the Territory of Hawaii to order registrants to appear for and submit to a physical examination by an Examining Board of the armed forces, either in addition to or in lieu of the physical examination provided for in Volume Three, "Classification and Selection."

In proceeding under this authorization, the State Director of Selective Service of Hawaii will be guided by the provisions of Section XLVIII of the Selective Service Regulations. The right of all registrants to an appeal shall be preserved, and no registrant shall be ordered to report for induction on less than 10 days' notice, as provided in Paragraph 415 of the Selective Service Regulations, as amended.

The State Director of Selective Service of Hawaii shall submit to the Director of Selective Service copies of plans, forms, and directives prescribed for use by him in carrying out this authorization.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 3 of Supplementary Order No. M-15-c[1] to Restrict Transactions in New Rubber Tires, Casings and Tubes

Paragraph (g) of § 940.4 is hereby amended to read as follows:

[1] F.R. 6792, 7 F.R. 121.

§ 940.4 *Supplementary Order M-15-c.*

• • • • •

(g) *Exemption of certain transactions.* Nothing in this Order shall prevent any person from making (without a certificate or other authority of the Office of Price Administration, but subject to the provisions of Priorities Regulation No. 1 and any other applicable rules, regulations or orders of the Director of Priorities heretofore or hereafter issued) a sale, lease, trade, loan, delivery, shipment or transfer of new rubber tires, casings or tubes:

(1) To or for the account of the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, or the Office of Scientific Research and Development; but not to or for the account of any officer, member or employee of any of the foregoing for use on a privately owned vehicle, regardless of the extent to which such vehicle is used on official business, nor to or for the account of any post exchange, ship's store, commissary or similar agency or organization except for use on vehicles operated by it.

(2) To or for the account of the government of any foreign country, including those in the Western Hemisphere, pursuant to a contract or order placed by any agency of the United States Government under the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), but subject in each case to such quotas, allocations or other restrictions as may be prescribed by the Office of Production Management.

(3) For export to any foreign country, for government or private account, otherwise than as provided in (2) above, but only as may be expressly permitted by the Office of Production Management.

Any person, government or governmental agency acquiring a new rubber tire, casing or tube, under this paragraph (g) shall execute and deliver to the person from whom such tire, casing, or tube was acquired a receipt evidencing the transaction, the receipt to be in such form as the Office of Price Administration may direct.

No preference rating heretofore or hereafter assigned by any PD-3 certificate or by any other preference rating certificate or by any order of the Director of Priorities shall entitle any person to receive any new rubber tire, casing, or tube except in a transaction specified in subparagraph (1), (2), or (3) above. Persons to whom such ratings have been issued and who wish to acquire such tires, casings or tubes for vehicles included in the categories enumerated in List A may apply therefor as provided in paragraph (e) hereof.

This amendment shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 1064—ASBESTOS

Conservation Order M-79 Curtailing the Use of Certain Types of Asbestos

Whereas national defense requirements have created a shortage of certain types of asbestos for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless their use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest, to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 1064.1 *Conservation Order M-79—(a) Restrictions on the use of certain types of asbestos.* (1) Unless otherwise specifically authorized by the Director of Priorities, after February 1, 1942, no person shall fabricate, spin, or process in any other way asbestos fibre imported from South Africa except where such fabrication, spinning or processing is necessary to fill Defense Orders as defined in Priorities Regulation No. 1, as amended from time to time.

(2) In addition to the above limitation, unless otherwise specifically authorized by the Director of Priorities, after February 1, 1942, no person shall fabricate, spin or process in any other way:

(i) Chrysotile asbestos fibre (Rhodesian) Grade C and G-1 and 2 except where such fabricating, spinning or processing is necessary to fill Defense Orders for:

(a) core rovings to meet Navy specification Number 17-I-29 (INT); (Insulation, electrical, asbestos fibre, treated and untreated, dated October 1, 1941, or as same may be amended.)

(b) tapes and cloth which are required by specification to be of a non-ferrous nature;

(c) non-ferrous lapps.

(ii) Amosite asbestos fibre (Grade B-3 or amosite asbestos having a fibre length equivalent to that of Grade B-1 except where such fabricating, spinning or processing is necessary to fill Defense Orders for Amosite woven felt blankets and mattresses for turbine insulation for use on naval and maritime ships.

(iii) Amosite asbestos fibre (Grade B-3, D-3 or amosite asbestos having a fibre length equivalent to that of Grade B-3 or D-3) except where such fabricating spinning or processing is necessary to fill Defense Orders for:

(a) Woven felt blankets and mattresses and fittings for turbine insulation for use on naval and maritime ships;

(b) Fire proof board;

(c) Sprayed Amosite;

(d) Eighty-five percent magnesia pipe covering and blocks;

(e) Molded Amosite pipe covering and blocks;

(f) Flexible amosite pipe insulations.

(g) Dry pack insulation.

(3) In addition to the above limitations unless otherwise specifically authorized by the Director of Priorities, after February 1, 1942, no person shall install eighty-five per cent magnesia or other high temperature pipe covering except in installations where temperatures of 200° Fahrenheit or over occur.

(b) *Reports.* (1) Any person who manufactures or processes asbestos fibre shall, on or before the 10th day of February 1942, and on or before the 10th day of each calendar month thereafter, file with the Office of Production Management, Ref: M-79, all of the information required by Forms PD-251 and PD-252, whichever is applicable.

(2) In addition, any person who manufactures or processes asbestos fibre shall, when requested, file with the Office of Production Management, Ref: M-79 all the information required by Form PD-253.

(c) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver asbestos fibre to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this Order.

(d) *Limitation of inventories.* No manufacturer shall receive delivery of asbestos fibre or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw-semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of asbestos fibre products by this Order.

(e) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of asbestos fibre conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office of Production Management, Ref: M-79, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided, the use of asbestos fibre in the production of any article, the limitations of such other Order shall be observed.

(4) *Correspondence and communication.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C. Ref: M-79.

(5) *Violations.* Any Person who willfully violates any provision of this Order, or who by any Act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 A of the Criminal Code (18 U.S.C. 80).

(6) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked. (P.D. Reg. 1, Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 20th day of January 1942.

PART 1082—NICKEL

Conservation Order M-6-b Curtailing the Use of Nickel in Certain Items

Whereas national defense requirements have created a shortage of nickel for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided;

Now, therefore, it is hereby ordered, That:

§ 1082.3 *Conservation Order M-6-b—(a) Prohibition of use of nickel in articles appearing on List A.* (1) Any person using nickel in any item on List A shall reduce his use of nickel in any such item between January 1 and March 31, 1942 to 50% of his use in the base period.

(2) Effective April 1, 1942, no nickel shall be used in the production of any item on List A.

(b) *Limitation on all other uses of nickel.* Until further action by the Director of Priorities, any person may use nickel in the manufacture of any article not included under the classifications on List A attached, or of any article not specifically exempted under paragraph (c) hereof, but only to the extent that such material may be allocated to him for such purposes pursuant to General Preference Order M-6-a, and subject to any specific directions which may be issued by the Director of Priorities with respect to such allocation.

(c) *General exceptions.* Where and to the extent the use of any less scarce material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) shall not apply to the use of nickel in the manufacture of any item which is being produced:

(1) for delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of nickel to the extent employed is required by the specifications of the prime contract, or

(2) to comply with Safety Regulations issued under governmental authority, provided the pertinent provisions of such Regulations, were in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of nickel to the extent employed, or

(3) with the assistance of a Preference Rating of A-1-k or higher.

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver nickel to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of nickel (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any nickel in the form of raw material, in quantities which in either case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of nickel products by this order.

(f) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) *Appeals.* Any person affected by this order, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of nickel conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office of Production Management by letter or on such form as the Nickel Branch of the Office of Production Management may prescribe, reference: M-6-b, setting forth the pertinent facts, including a statement of such person's inventory of nickel, his production and employment, together with the reasons he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of Order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided the use of nickel in the production of any article, the limitations of such other order shall be observed.

(4) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or who otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(5) *Definitions.* For the purposes of this Order:

(i) "Nickel" means any metallic nickel, either primary or produced from or contained in scrap, or nickel matte, or any non-ferrous alloy, when nickel has been specified or added to produce a desired alloying effect. It also includes special-purpose alloys, such as those for heat or corrosion resistance or electrical use, but does not cover such steel and iron alloys as are covered by Supplementary Order M-21-a.

(ii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(iii) "Manufacture" means to fabricate, assemble, melt, cast, extrude, roll, turn, spin, produce, or process in any other way, but does not include installation of a finished product for the ultimate consumer.

(iv) "Item" means any article or any component part thereof.

(v) "Use" means both the act of putting nickel into process in the manufacture of any item and the act of completing the manufacture of any such item. (Where a person is limited to a percentage of the material used in a base period this limitation applies respectively to (a) the amount of material put into process during the base period and (b) to the total amount of material contained in a completed item or article multiplied by the number of such items or articles completed during the base period. Each restriction must be applied separately.)

(vi) "Base Period" means, at the option of the manufacturer, either (a) the corresponding quarterly period in 1940, or (b) the first calendar quarter in 1941, provided that the same option shall be used throughout the calendar year.

(vii) "Put into Process" means the first change by a manufacturer in the form of materials from that form in which it is received by him.

(6) *Effective date.* This order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, as amended Dec. 23, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, September 2, 1941; 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875; Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a) Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session, sec. 9, Pub. No. 783, 76th Congress, Third Session)

Issued this 20th day of January 1942.

DONALD M. NELSON,
Director of Priorities.

[Docket No. B-180]

IN THE MATTER OF R. H. BLYSTONE, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 20, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 31, 1941, by Bituminous Coal Producers Board for District No. 1, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 26, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, R. H. Blystone, an individual, of Elderton, Pennsylvania, whose code membership became effective as of June 18, 1937, operator of the Keeler Mine (Mine Index No. 1118), located in Armstrong County, Pennsylvania, Subdistrict 10 of District No. 1, sold to various purchasers at approximately $2.12 per net ton f. o. b. the mine, during the period of October 11, 1940 to December 3, 1940, both dates inclusive, approximately 97.6 tons of run of mine coal produced at said mine, whereas said coal was classified as Size Group 3 and priced at $2.15 per net ton f. o. b. said mine as set forth in the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments. Said sales price was approximately 3 cents per net ton below the f. o. b. mine price established for said coal by the Division, therefore, said code member violated section 4 Part II (e) of the Act and Part II (e) of the Code.

(b) The aforesaid defendant sold to various purchasers at approximately $1.25 per net ton f. o. b. the mine, on or about July 1, 1941, approximately 7.6 tons of 1¼" Forked Nut and Slack coal, produced at the aforesaid Keeler Mine, whereas said coal was classified as Size Group No. 4 and priced at $1.95 per net ton f. o. b. said mine as set forth in the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments. Therefore, said code member violated section 4 Part II (e) of the Act and Part II (e) of the Code.

IN THE MATTER OF MT. PERRY COAL COMPANY, DEFENDANT

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER AND CEASE AND DESIST ORDER

A complaint pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 having been filed with the Bituminous Coal Division on June 28, 1941, by District Board No. 4, alleging that Mt. Perry Coal Company, defendant, a code member in District 4, had wilfully violated the provisions of the Bituminous Coal Code, or rules and regulations thereunder and praying that the Division either cancel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violations of the Act, the Code and rules and regulations thereunder;

A hearing having been held before W. A. Cuff, a duly designated Examiner of the Division at a hearing room thereof in Canton, Ohio, on October 7, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated November 19, 1941, recommending that an Order be entered directing the defendant to cease and desist from violations of the Act, the Code and rules and regulations thereunder;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions and supporting briefs having been filed;[1]

The undersigned having considered this matter and having determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That the defendant, Mt. Perry Coal Company, its representatives, agents, servants, employees, attorneys, and all persons acting or claiming to act in its behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from violating the Bituminous Coal Act, the Code, and rules and regulations thereunder.

It is further ordered, That the Division may upon the failure of the defendant herein to comply with this Order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement thereof or take any other appropriate action.

Dated: January 19, 1942.

[1] The defendant filed exceptions stating, however, that they were to be disregarded in the event the sanction imposed upon the defendant did not exceed the recommendation of the Examiner that the defendant be required to cease and desist from violations of the Act, the Code and regulations thereunder.

[Docket No. A-1040]

PETITION OF THE BOVARD COAL CO., A CODE MEMBER IN DISTRICT NO. 1, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR ALL SHIPMENTS FOR COALS PRODUCED AT ITS RIMER MINE

MEMORANDUM OPINION AND ORDER MODIFYING ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by Bovard Coal Company ("Bovard"), a code member in District 1. Bovard requests the establishment of price classifications and effective minimum prices for the coals of its Rimer Mine (Mine Index No. 902), in District 1 for rail shipment on the Western Allegheny Railroad from Brady's Bend, Pennsylvania.

Pursuant to a Notice of and Order for Hearing dated September 24, 1941, a hearing in this matter was held on October 23, 1941, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard.

On November 14, 1941, the Director issued an Order granting temporary relief by establishing effective minimum prices for the coals of Bovard's Rimer Mine when shipped via the Pennsylvania Railroad from Rimersburg, Pennsylvania. The Director thereby denied Bovard's request for permission to make shipments on the Western Allegheny Railroad from Brady's Bend. The Director found that Bovard's crusher and loading facilities are at Brady's Bend and that Bovard desired to make shipments on the Western Allegheny Railroad from that point in order to serve certain customers in Market Area 10. The Director further found that Brady's Bend is in District 2, approximately 10 miles from the Rimer Mine. The Director noted that there are several nearer loading points which Bovard might use, Rimersburg, Pennsylvania, in District 1, for example, being located approximately 3.7 miles from the Rimer Mine, and that while the freight rates to destinations in Market Area 10 are higher from Rimersburg than from Brady's Bend, which results in a delivered differential in favor of District 2 producers, in General Docket No. 15 it had been decided that District 1 producers had no such existing fair competitive opportunities in Market Area 10 as necessitated the allowance to them of freight rate absorptions on shipments into that market area. The Director noted that Bovard's request represented a sharp break with the coordination established in General Docket No. 15 and should not be granted as a matter of temporary relief in the absence of a strong showing, and that such a showing had not been made. Noting further that if Bovard's request were granted, it would receive preferential treatment over other District 1 producers, who must ship into Market Area 10 at the higher freight rate, the Director concluded that the record does not reveal any reason for giving the Rimer Mine such special treatment as a matter of temporary relief.

On November 28, 1941, Bovard Coal Company filed a petition for reconsideration and modification of the Order granting temporary relief. On December 3, 1941, the Office of the Bituminous Coal Consumers' Counsel also filed a motion to modify the temporary relief and a statement in support thereof. On December 12, 1941, the Bituminous Coal Consumers' Counsel filed a supplementary statement in support of its motion.

The Bituminous Coal Consumers' Counsel asks that the Order granting temporary relief be modified by permitting shipments from the Rimer Mine to be made on the Western Allegheny Railroad from Brady's Bend, Pennsylvania, at the same time preserving the competitive opportunities of District 2 producers. In the alternative, the Consumers' Counsel requests that effective minimum prices be established for the coals of the Rimer Mine for additional size groups, sizes which the Rimer Mine can produce but for which it does not now have prices.

The Consumers' Counsel contends that the Act contains no prohibition against any mine's shipping through any shipping point it chooses, and that the Congress has expressed no intention to prevent shipment by the most economical route. The Consumers' Counsel points out that permitting Bovard to ship from a District 2 loading point would not interfere with the competitive opportunities of District 1 producers since Market Area 10, the market which Bovard seeks to reach, is not a market to which District 1 producers normally ship coal; nor would it impair the existing fair competitive opportunities of District 2 producers since Bovard merely seeks to continue to sell coal to the customers of its closed mine in District 2. The Consumers' Counsel states that District 2 producers merely "stand to gain new business" if Bovard's request is denied.

In its petition for reconsideration, Bovard Coal Company requests that the temporary order should be modified so as to grant its original prayer for relief, permitting it to ship coal from Brady's Bend. Bovard further requests, that, in any event, it should be allowed to ship from Brady's Bend on the Western Allegheny Railroad at least until May 1, 1942, which it submits is the earliest date at which it will be possible for it to produce coals at its Rimer Mine for shipments via the Pennsylvania Railroad. Bovard states that there are no loading facilities presently available at Rimersburg for shipments via the Pennsylvania Railroad, and that the difficulties in securing construction materials will delay the construction of such facilities. Bovard submits that in the meantime,

unless it is permitted to ship from Brady's Bend, the Rimer Mine will remain inactive, and Bovard will lose its entire investment and will suffer irreparable loss, damage, and injury.

An examination of the record here indicates that substantial injury will result to the Bovard Coal Company if the Order granting temporary relief is not modified by granting it permission to ship coals of its Rimer Mine over the Western Allegheny Railroad from the available loading point at Brady's Bend, Pennsylvania. Such relief is necessary if the Rimer Mine is to be able for some time to market its coals since it appears that there are no presently available loading facilities at Rimersburg, Pennsylvania, for shipments over the Pennsylvania Railroad. It further appears that the classifications and prices provided for the coals of the Rimer Mine in the Order granting temporary relief herein will not enable those coals to be delivered into Market Area 10, although shipped from Brady's Bend, at prices lower than those at which District 2 producers can deliver their coals into that market area.[1]

The relief granted herein, permitting Bovard to ship its Rimer Mine coals over the Western Allegheny Railroad from Brady's Bend, will be limited in point of time to May 1, 1942, which should be ample time to enable Bovard to provide itself with loading facilities at Rimersburg. Accordingly, on May 1, 1942, the relief hereinafter granted will automatically terminate. The relief will be further limited so as to permit Bovard to ship coals from Brady's Bend only to those customers in Market Area 10 to whom Bovard formerly shipped the coals of its closed mine in District 2.

It is, therefore, ordered, That the Order of the Director dated November 14, 1941, granting temporary relief herein, be, and it hereby is, modified and supplemented by adding to the sentence therein reading "Such shipments shall be made on the Pennsylvania Railroad from Rimersburg, Pennsylvania, and all adjustments required or permitted mines in Freight Origin Group 90 shall be applicable thereto" the following: "*Provided, however*, That until May 1, 1942, such shipments may be made on the Western Allegheny Railroad from Brady's Bend, Pennsylvania; *Provided, further, however*, That such shipments may be made on the Western Allegheny Railroad from Brady's Bend only to those customers in Market Area 10 to whom Bovard Coal Company formerly shipped the coals of its mine in District 2."

It is further ordered, That Bovard Coal Company shall file with the Division within twenty (20) days from the date of this Order, a statement under oath listing the names of the customers in Market Area 10 to whom it formerly sold coals. Such statement shall indicate on its face that it is filed pursuant to the terms of this Order.

[1] The coals of the Rimer Mine shipped into Market Area 10 from Brady's Bend will, at the classifications and minimum prices presently effective for such coals, deliver into that Market Area at a price one cent higher than the coals of District 2 producers shipping from Brady's Bend.

Nothing herein contained shall be taken or construed as an expression of opinion concerning the final disposition of this proceeding.

Dated: January 19, 1942.

CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS THURSDAY, JANUARY 15, 1942

Important. Although the apportioned classified Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 19th day of January, A. D. 1942.

Commonwealth Utilities Corporation, a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 7 and 12 (c) thereof and Rules U-42 and U-46 thereunder regarding the following transactions:

(1) To apply proceeds of $1,667,000, received from the sale of its former ice and cold storage subsidiaries, to the redemption of all its outstanding 12,338 shares of $6.50 Preferred Stock of Series C (redeemable at $105 per share), and all its outstanding 3,840 shares of $6 Preferred Stock of Series B (redeemable at $102 per share), on March 1, 1942, and April 1, 1942, respectively;

(2) To eliminate the deficit resulting from the loss of approximately $1,905,000 sustained in the sale of said properties by charging said deficit to earned surplus and contingent reserve aggregating $767,012, and the balance to capital surplus of $2,058,377 which is proposed to be created by the reduction in the stated value of the company's outstanding 288,873 shares of common stock of Class B from the present average stated value of $24.626 per share to $17.50 per share;

(3) To further charge said capital surplus with the premium on the proposed redemption of both series of preferred stock, the excess of liquidating value over the stated value of said stocks, accrued and unpaid dividends on said stocks to the dates of redemption, and redemption expense, leaving a balance in said capital surplus of $648,056.57 to provide for possible losses which may be sustained in the sale of any of the company's remaining assets; and

Said declaration having been filed on December 23, 1941, and amendments thereto having been filed, the last amendment having been filed on January 16, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration under section 7 of said Act that the requirements of section 7 (g) are satisfied and that no adverse findings are necessary under section 7 (e), and finding with respect to the declaration pursuant to section 12 (c) of said Act, and Rules U-42 and U-46 thereunder, that the requirements of section 12 (c) are satisfied:

It is hereby ordered, Pursuant to Rule U-23 of said Act and subject to the terms and conditions prescribed in Rule U-24 that the declaration, as amended, be and hereby is permitted to become effective forthwith.

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940)

The areas described, including both public and non-public lands, aggregate 1,249,904.36 acres.

This order shall take precedence over, but shall not rescind or revoke, (1) the Executive Order of April 27, 1926, creating Public Water Reserve No. 107, and (2) the order of the Secretary of the Interior of April 8, 1935, establishing Grazing District No. 4, New Mexico, so far as such orders affect any of the lands in the above-described areas.

In connection with the use by the War Department of the lands described herein, the local army commandant shall consult with such local representatives of the Department of the Interior as may be designated by the Secretary of the Interior as to the location of bomb-target sites, for the purpose of minimizing the effect of demolition bombing in areas valuable for scientific purposes.

It is intended that the lands reserved by this order shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

MEXICAN FRUITFLY REGULATIONS MODIFIED HARVESTING SEASON EXTENDED

§ 301.64–5d *Administrative instructions modifying the restrictions of the Mexican fruitfly quarantine by extending the harvesting season on oranges and grapefruit.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by the third proviso of § 301.64 [Notice of Quarantine No. 64], it having been determined by me that a modification may be safely made without increasing the risk of spread of the Mexican fruitfly, § 301.64–5 (a) [paragraph (a) of regulation 5 supplemental to this quarantine] is hereby modified effective January 20, 1942, to extend the harvesting season for oranges and grapefruit for the Texas Counties of Brooks, Cameron, Hidalgo, and Willacy to the close of May 31 for the year 1942, provided conditions of infestation do not necessitate an earlier closing date.

The host-free period for oranges and grapefruit, under this modification, will begin June 1 and continue through August 31, 1942, inclusive, in the above-named counties.

In the counties of Dimmit, La Salle, and Webb, the grapefruit harvesting season closes on February 28, 1942, under the regulations, and the orange harvesting season closes on April 30 as to these three counties and the portion of Jim Wells County which is under regulation. No modification is made as to the harvesting seasons in these counties (7 C.F.R. § 301.64–5; sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1301—MACHINE TOOLS

PRICE SCHEDULE NO. 67—NEW MACHINE TOOLS

Machine tools are the equipment by which countless manufacturers produce vitally needed war materials essential to the fulfillment of the War Program.

Pyramiding up from the machine tool industry are all of the manufacturing organizations of the country. The market for machine tools therefore is dependent upon the demand for the products of other manufacturers. The War Program has placed billions of dollars of new orders with manufacturers of all types of military products and the impact of these orders has fallen, with concentrated effect, upon the manufacturers of machine tools. The demand for these products has been so great and so urgent that machine tool builders were given the first and one of the highest priority ratings of any industry.

Machine tool makers have been unable to keep pace with the orders for machine tools. The back-log of unfilled orders has steadily grown. Under such pressure the importance of price as a controlling force has been minimized. The time of delivery has become more important to buyers of machine tools than the price. Under such circumstances the inflationary danger is apparent.

Although the industry was asked, by a letter of May 6, 1941, to hold firm the prices quoted on that date, there have been increases since May which are not entirely reflected in the general index of machine tool prices as prepared by the Bureau of Labor Statistics. A substantial number of these increases have taken place without the approval of the Office of Price Administration.

Today, the War Program has placed upon this industry demands which far exceed anything experienced before. The Office of Price Administration believes that the voluntary program has not been adequate to meet the demands of the situation which has already developed.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1301.51 *Maximum prices for new machine tools and extras.* (a) On and after January 20, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, except as set forth in paragraph (b) of this section, no person shall sell, offer to sell, deliver or transfer any new machine tool or extra, and no person shall buy, offer to buy, or accept delivery of any new machine tool or extra (1) at a price higher than the list price of such machine tool or extra in effect on October 1, 1941; or,

(2) if there were no list price in effect on October 1, 1941, the maximum price shall be the last price at which such new machine tool or extra was sold from January 1, 1941 to October 1, 1941; or

(3) if the new machine tool or extra had no list price on October 1, 1941 and was not sold within the period from January 1, 1941 to October 1, 1941, the maximum price shall be the price on October 1, 1941 of the most nearly comparable machine tool or extra produced by the same manufacturer, adjusted to reflect increases or decreases in cost resulting from significant mechanical differences. If the maximum price is to be determined under this subparagraph, the proposed price and a description of such new machine tool or extra together with an indication of the machine tool or extra deemed by the manufacturer to be most nearly comparable and cost estimates indicating the changes in cost resulting from significant mechanical differences shall be submitted on Form 167:1 to the Office of Price Administration not less than 30 days before the date of delivery of such machine tool or extra and such price shall be the maximum price unless an objection is made by this Office within 15 days after the receipt of such information.

(b) The provisions of this section shall not apply to deliveries under contracts entered into by the Army, Navy, Defense Plant Corporation, Procurement Division of the Treasury or any other agency of the United States prior to the effective date of this Schedule.

(c) Nothing in this section shall prevent the inclusion, in any contract for the sale of any new machine tool or extra of a provision for adjustment of the original contract price on deliveries actually made more than nine months after the date of execution of the contract, if such provision expressly limits payments made under the contract to the maximum price established by the Office of Price Administration or its successor and in effect on the date of delivery of any such new machine tool or extra.*

*§§ 1301.51 to 1301.59, inclusive, issued under the authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1301.52 *Less than maximum prices.* Lower prices than those set forth herein may be charged, demanded, paid or offered.*

§ 1301.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of new machine tools or extras, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other special charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise, as a result of which the net price received by the seller of a machine tool or extra will exceed the net price which would have been received by such seller if such machine tool or extra had been sold on October 1, 1941. The provisions of this section shall not apply to discounts, allowances or concessions on sales by a manufacturer of new machine tools to a dealer in new machine tools.*

§ 1301.54 *Records and reports.* (a) Every manufacturer of and every dealer in new machine tools making any sale after January 20, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, the list price on the date of sale, the gross price on the date of sale if there is not list price, the net price received, and the number and description of each type of new machine tool or extra sold.

(b) On or before February 15, 1942, every manufacturer of new machine tools shall file a statement on Form 167:2 with the Office of Price Administration setting forth (1) the list price on October 1, 1941 of each type and size of machine tool and extra offered for sale by such manufacturer on such date, any special charges, discounts, allowances or concessions in effect on October 1, 1941, and the last price between January 1, 1941, and October 1, 1941 on every machine tool or extra for which there was no price list in effect on October 1, 1941; and (2) the list price on May 6, 1941 of any type of machine tool or extra on which the price has been increased and the amount of any such increase, and on Form 167:3 the names and addresses of all dealers in new machine tools to whom such manufacturer has sold new machine tools since January 1, 1941.

(c) On or before April 1, 1942, every manufacturer of new machine tools shall file with the Office of Price Administration a certified balance sheet as of December 31, 1941, and a certified profit and loss statement for the year, 1941. All balance sheets and profit and loss statements shall be duplicates of the statements filed with the Bureau of Internal Revenue in making income tax returns. Any corporation whose fiscal year does not coincide with the calendar year shall file a certified balance sheet and a profit and loss statement within three months of the close of such fiscal year in the same form as is required for corporations whose fiscal year coincides with the calendar year.

(d) Persons affected by this Schedule shall submit such other reports to the Office of Price Administration as it may, from time to time, require.*

§ 1301.55 *Affirmations.* On or before April 10, 1942, and on or before the 10th day of each third month thereafter, every manufacturer of and every dealer in new machine tools who, during the preceding three calendar months has sold new machine tools or extras, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 167:4 containing a sworn statement that during the preceding three months all offers to sell, sales, deliveries and transfers were made at prices in compliance with this Schedule. Copies of Form 167:4 can be procured from the Office of Price Administration, or, provided

that no change is made in the style and content of the Form and that it is reproduced on 8" x 10½" paper, they may be prepared by persons required to submit affirmations hereunder.*

§ 1301.56 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule, and (e) that the War Production Board is requested to direct the withholding of priority ratings and the allocation of materials to any person failing to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or attempt to evade the provisions hereof, or of speculation, or manipulation of prices of new machine tools, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1301.57 *Modification of the Schedule.* Persons claiming hardship or inequity in the operation of this Schedule as a result of subcontracting or for any other reason may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1301.58 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation or other business entity;

(b) "Price" means the price for a machine tool or extra f. o. b. manufacturer's plant and before adjustment for any special charges, discounts, allowances or concessions;

(c) "Net price" means the price for a new machine tool or extra plus any applicable special charges and less any applicable discounts, allowances or concessions;

(d) "Manufacturer of new machine tools" includes any agent of such manufacturer and does not include any person whose work on machine tools is restricted solely to the reconditioning or repair of used machine tools;

(e) "Dealer in new machine tools" means any person engaged in the business of purchasing new machine tools for resale;

(f) "User" means any purchaser of a new machine tool or extra other than a dealer in new machine tools;

(g) "Certified" referring to a balance sheet or profit and loss statement means a balance sheet or profit and loss statement sworn to be a correct statement of the financial condition of a corporation by the principal accounting officer of the corporation or other person having knowledge of the relevant facts and authorized by the corporation to certify in its behalf;

(h) "Machine tool" means all machines for the cutting, abrading, shaping and forming of metals;

(i) "Extra" means standard supplementary equipment furnished by the manufacturer at added cost above the price of any machine tool.*

§ 1301.59 *Effective date of the Schedule.* This Schedule shall become effective January 20, 1942.*

Issued this 20th day of January 1942.

PART 1362—CERAMIC PRODUCTS

PRICE SCHEDULE NO. 75—DEAD-BURNED GRAIN MAGNESITE

The most widely employed basic refractory material is dead-burned magnesite which is used in brick form largely to line basic open hearth steel and other metallurgical furnaces, and in grain form to maintain these furnaces by providing a protective covering for the refractory brick, principally on the furnace bottom. This Price Schedule establishes maximum prices only for the maintenance grades of domestic dead-burned grain magnesite.

Dead-burned magnesite is made by calcining crude magnesite (magnesium carbonate) or brucite (magnesium hydroxide) at high temperatures or by chemically processing brines or seawater bitterns. In the past the United States has imported substantial quantities of dead-burned magnesite, but the spread of war has almost entirely shut off foreign sources of supply. Existing domestic facilities are inadequate to satisfy expanded demands arising from increased output of steel, copper, and other materials required by the war effort. As a consequence, capacities of the domestic producers of dead-burned grain magnesite have been subject to vigorous competing demands of steel companies seeking maintenance material, and of refiners and smelters of non-ferrous metals and metallurgical products, and of brick manufacturers requiring other grades of grain magnesite.

The Office of Price Administration has determined that the establishment of maximum prices for maintenance grades of domestic dead-burned grain magnesite is essential to preserve price stability and prevent undue price rises and is necessary to protect consumers, the industry, and the national economy. Adoption of the prevailing market price as the maximum contained in this Schedule was determined to be fair and reasonable after extensive investigation, discussions with the Office of Production Management, and full consideration of all relevant factors, including the need of encouraging domestic production, and after a conference with the industry.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1362.1 *Maximum prices for maintenance grades of dead-burned magnesite.* (a) On and after January 28, 1942, regardless of the terms of any contract of sale or purchase or other commitment, no person shall sell, offer to sell, deliver, or transfer, and no person shall buy, offer to buy, or accept delivery of maintenance grades of domestic dead-burned grain magnesite in carload quantities at prices higher than the maximum price.

(b) The maximum price for maintenance grades of domestic dead-burned grain magnesite in bulk shall be $22.00 a ton f. o. b. Chewelah, Washington. A delivered price in excess of the maximum f. o. b. Chewelah price may be charged, consisting of such maximum price plus railroad freight from Chewelah to the point of delivery designated by the purchaser.

(c) The maximum price for maintenance grades of domestic dead-burned grain magnesite in bags or sacks shall be the maximum price stated in paragraph (b) above, plus $4.00 a ton to cover the cost of packaging.*

*§§ 1362.1 to 1362.9, inclusive, issued under the authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1362.2 *Less than maximum prices.* Lower prices than those established by this Schedule may be charged, demanded, paid, or offered.*

§ 1362.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of maintenance grades of domestic dead-burned grain magnesite, alone or in conjunction with any other material; or by way of any commission, service, transportation or other charge; or by a tying-agreement or other trade understanding; or by making terms and conditions of sale more onerous to the purchaser than those available or in effect on January 6, 1942; or by any other means.*

§ 1362.4 *Records and reports.* Every person who, during any calendar month after January 1942, shall purchase or sell one carload or more of maintenance grades of domestic dead-burned grain magnesite, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, a complete and accurate record of each such purchase or sale showing (a) the date thereof, (b) the name and address of the buyer and the seller, (c) the point of delivery to the buyer, (d) the price paid or received, (e) whether the grain magnesite was shipped in bulk or in bags or sacks, and (f) the quantities sold or purchased.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1362.5 *Affirmation of compliance.* On or before April 10, 1942, and on or before the tenth day of April, July, September, and January thereafter, every seller required by section 1362.4 to keep records, shall submit to the Office of Price Administration, Washington, D. C., an affirmation of compliance on Form 175:1, containing a sworn statement that during such months all sales governed by this Schedule were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 175:1 can be procured from the Office of Price Administration, or provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1362.6 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof, and (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement and other services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of maintenance grades of domestic dead-burned grain magnesite, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1362.7 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1362.8 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Delivered price" means the price including all commissions and freight to the railroad siding nearest the location designated by the purchaser;

(c) "Carload quantity" means a shipment of maintenance grades of domestic dead-burned grain magnesite the weight of which is sufficient to constitute a carload shipment or on which the charges would be collected at the car load rate under the tariffs of the railroad furnishing the car.*

[Docket No. D-12]

IN THE MATTER OF THE APPLICATION OF VANDERBILT COAL AND COKE COMPANY, INC., FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS ON COAL SOLD TO FAYWEST COAL COMPANY

NOTICE OF AND ORDER FOR HEARING

The Vanderbilt Coal and Coke Company, Inc., a corporation organized under the laws of Delaware, with its principal offices in Connellsville, Pennsylvania, being registered with the Division as a distributor, No. 9222, and acting as a sales agent for certain producers, filed its petition praying:

1. That it be determined that Faywest Coal Company does not own or financially or otherwise control the petitioner.

2. That it be determined that the ownership by mutual stockholders of the capital stock of Faywest Coal Company and the petitioner is bona fide, is not established to secure indirect price reductions and is not within the prohibition of paragraphs 11 and 12 of section 4, Part II (i) of the Act.

3. That on transactions made prior and subsequent to the requested determinations set forth in 1 and 2 above, the petitioner be permitted to accept and retain distributors' discounts on coal purchased and resold by it to the Faywest Coal Company.

4. That on transactions made prior and subsequent to the requested determinations set forth in 1 and 2 above, the petitioner be permitted to secure commissions on coal sold by it as sales agent for code member producers to the Faywest Coal Company.

5. For such further and alternative relief as may appear just and equitable.

It is, therefore, ordered, That a hearing on such matter be held on March 4, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street, NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before February 23, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: January 19, 1942.

[Docket No. A-1238]

PETITION OF BITUMINOUS COAL CONSUMERS' COUNSEL FOR THE ESTABLISHMENT OF A PRICE INSTRUCTION CONCERNING TRUCK AND RIVER SHIPMENTS OF 30,000 TONS OF COAL OF CERTAIN MINES IN SUBDISTRICT NO. 4 OF DISTRICT NO. 13 TO THE WILSON DAM STEAM PLANT OF TENNESSEE VALLEY AUTHORITY

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 16, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 11, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Bituminous Coal Consumers' Counsel for the temporary establishment of a price instruction concerning truck and river shipments of 30,000 tons of coal of certain mines in Subdistrict No. 4 of District No. 13 to the Wilson Dam Steam Plant of Tennessee Valley Authority; and, more particularly, for the temporary establishment of a price instruction in the Schedule of Effective Minimum Prices for District No. 13, For Truck Shipments, reading substantially as follows:

Any producer in Subdistrict 4 may ship coal at the prices herein established for truck shipment when the shipments are made by truck from the mine to a loading point on the Tennessee River for shipment thence by river to the Wilson Dam, Alabama, steam plant of the Tennessee Valley Authority: *Provided,* That such minimum prices shall be applicable f. o. b. mine, and the provisions of Price Instruction 7 shall be fully applicable to the transportation from the mine to the river loading point: *And, provided further,* That this instruction shall only remain effective until January 30, 1942: *And provided further,* That this instruction shall become ineffective from and after such time as the producers in Subdistrict 4 may be notified by the Bituminous Coal Division that 30,000 tons of coal have been shipped pursuant to this Price Instruction 8.

This proceeding may also concern other matters affecting the minimum price structure for District No. 13, and all persons are cautioned to be guided accordingly.

Dated: January 19, 1942.

[Docket No. D-13]

IN THE MATTER OF THE APPLICATION OF HOLMES-DARST COAL CORPORATION FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS OF COAL SOLD TO CERTAIN RETAIL YARDS IN WHICH IT IS FINANCIALLY OR OTHERWISE INTERESTED

NOTICE OF AND ORDER FOR HEARING

The Holmes-Darst Coal Corporation, a corporation organized under the laws of Delaware, with its principal offices in Knoxville, Tennessee, and registered with the Division as a distributor, No. 4454, filed its petition praying:

1. For a determination that its "ownership" or "control" over the eight retail yards, listed below, is bona fide, is not established to secure an indirect price reduction, and is not within the prohibition of paragraphs 11 and 12 of section 4, Part II (i) of the Bituminous Coal Act.

2. That it be given permission to accept and retain sales agents' commissions and distributors' discounts on all coal sold to each of the following retailers:

Name and address	
Wm. M. Coady Coal Co.	Kokomo, Ind.
Horne Coal Co.	Atlanta, Ga.
North State Fuel Co.	Charlotte, N. C.
J. F. Phillips Coal Co.	Anderson, Ind.
Claude M. Trawick Coal Co.	Macon, Ga.
Wright Coal Co.	Des Moines, Iowa.
Yadkin Fuel Co.	Salisbury, N. C.
C. L. Bolton Coal Co., Inc.	Johnson City, Tenn.

It is, therefore, ordered, That a hearing on such matter be held on March 16, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street, N. W., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Michell or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before March 6, 1942 setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: January 19, 1942.

[Docket No. B-143]

IN THE MATTER OF OLD BEN COAL CORPORATION, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by Bituminous Coal Producers Board for District No. 10, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on March 2, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at Room 705, U. S. Custom Court Building, Chicago, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue such hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendant, whose address is 230 South Clark Street, Chicago, Illinois, subsequent to October 1, 1940, delivered to Bauer and Black, whose address is Chicago, Illinois, approximately 3,800 net tons of 1½" dedusted screenings produced by said defendant at its Old Ben Mine No. 11, Mine Index No. 119, located in Franklin County, Illinois, in District No. 10, at $1.15 per net ton f. o. b. said mine, whereas said coal is classified as Size Group No. 27 and priced at $1.70 per net ton f. o. b. the mine in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck. This coal was purchased by Bauer and Black between October 1939 and April 11, 1940, payment was made upon purchase, but delivery was not made until after October 1, 1940, which was contrary to the Director's ruling dated September 25, 1940, to the effect that where the code member has retained an interest in or control over the coal or remains under an obligation to perform a further act in order to make the coal available for use by the purchaser the effective minimum prices are applicable to such coal.

Dated: January 19, 1942.

IN THE MATTER OF THE APPLICATION OF ASSOCIATED PRODUCERS COAL COMPANY FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS ON COAL SOLD TO ASSOCIATED SALES COMPANY

NOTICE OF AND ORDER FOR HEARING

The Associated Producers Coal Company, a Business Trust organized under the laws of Oklahoma, having its principal place of business in Oklahoma City, Oklahoma, acting as sales agent for certain producers and registered with the Division as a distributor, No. 0295, filed its petition in the above-entitled matter praying that it be given permission to

accept and retain sales agents' commissions and distributors' discounts on all coal, heretofore and hereafter, sold to Associated Sales Company, Oklahoma City, Oklahoma.

It is, therefore, ordered, That a hearing on such matter be held on March 24, 1942, at 10:00 in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before March 20, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

[Docket No. A-1186]

PETITION OF DISTRICT BOARD NO. 7 FOR A CHANGE IN SHIPPING POINT FOR THE COALS OF THE SPADE MINE, MINE INDEX NO. 606, W. L. SPADE, A CODE MEMBER IN DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in shipping point for the coals of the Spade Mine, Mine Index No. 606, W. L. Spade, a code member in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Spade Mine, Mine Index No. 606 of W. L. Spade, for rail shipments, shall be applicable only for shipments on Chesapeake & Ohio Railway from Beaver, West Virginia, and shall no longer be applicable for shipments on Chesapeake & Ohio Railway at Hinton, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 10 shall be applicable to all shipments of the coals of the Spade Mine, Mine Index No. 606 of W. L. Spade, from Beaver, West Virginia.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 20, 1942.

IN THE MATTER OF E. H. FANNIN, CODE MEMBER, DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A complaint dated September 3, 1941, having been filed herein by the Bituminous Coal Producers Board for District No. 8, complainant, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by E. H. Fannin, R. F. D. No. 1, Rush, Kentucky, of the Bituminous Coal Code and rules and regulations thereunder; and

An Order having been made herein on December 1, 1941, by the Acting Director pursuant to stipulation of the defendant and said district board, dated October 15, 1941, terminating the code membership of the defendant and determining that the amount of tax required to be paid by the defendant as a condition to defendant's reinstatement to membership in the Code was $18.29, and providing that cancellation and revocation of the defendant's code membership shall become effective ten (10) days after service of said Order upon the defendant; and

Said Order having been duly served on the defendant on December 4, 1941; and

Said defendant having filed with the Division as provided in section 5 (c) of the Act his application dated January 3, 1942, for restoration to code membership; and

It appearing from said application that the defendant on December 5, 1941, paid to the Collector of Internal Revenue at Louisville, Kentucky, the sum of eighteen dollars and twenty-nine cents ($18.29) pursuant to said Order made December 1, 1941, as a condition precedent to restoration of his code membership.

Now, therefore, it is ordered, That said application of the defendant dated January 3, 1942, for restoration of his code membership be granted.

It is further ordered, That said restoration of the code membership of the defendant shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

Dated: January 19, 1942.

IN THE MATTER OF ELFGEN COAL CO. (BERT F. ELFGEN), REGISTERED DISTRIBUTOR, REGISTRATION NO. 2712, RESPONDENT

ORDER FURTHER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") having issued a Notice of and Order for Hearing dated October 9, 1941, in the above entitled matter to determine whether or not the Elfgen Coal Company, registered distributor, has violated certain provisions of the Bituminous Coal Act (the "Act"), the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors, and the Distributor's Agreement executed April 8, 1940, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other penalty imposed; and

An Order dated November 6, 1941, Amending and Supplementing said Notice of and Order for Hearing having been entered herein; and

Additional evidence relating to the transactions involved herein having come into the possession of the Division;

It is ordered, That paragraph No. 2 of said Notice of and Order for Hearing as heretofore Amended and Supplemented be and the same is hereby further Amended and Supplemented to read as follows:

2. The respondent, during the period from October 1, 1940, to October 31, 1941, both dates inclusive, purchased in carload lot quantities approximately 51,368.75 net tons of coal of various sizes from Walter Bledsoe & Co., St. Louis, Missouri, acting as sales agent for various code member producers; Sahara Coal Company, code member, Chicago, Illinois; Binkley Coal Company, St. Louis, Missouri, acting as sales agent for various code member producers; Truax-Traer Coal Company, code member, Cincinnati, Ohio; Franklin County Coal Corporation, code member, Chicago, Illinois; Old Ben Coal Corporation, code member, Chicago, Illinois; Perry Coal Company, code member, St. Louis, Missouri; and Lumaghi Coal Company, code member, St. Louis, Missouri; and during said period resold in carload lot quantities approximately 51,059.6 net tons of said coal to the City Fuel and Supply Company, Alton, Illinois, and approximately 309.15 net tons of said coal to the Bluff City Coal Company, Alton, Illinois. The acceptance of discounts from the effective minimum prices in these transactions was in violation of paragraph (d) of the Distributor's Agreement, since the respondent did not purchase such coal for bona fide resale.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, as heretofore Amended and Supplemented, remain in full force and effect in all other respects.

Dated: January 20, 1942.

[Docket No. 1741-FD]

IN THE MATTER OF SOLDIER CANYON COAL COMPANY, A PARTNERSHIP, (CARL NYMAN), DEFENDANT

CEASE AND DESIST ORDER

District Board 20 having filed a complaint with the Bituminous Coal Division on June 16, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation by Soldier Canyon Coal Company, a partnership in which Carl Nyman is one of the partners, a code member in District 20, of the Bituminous Coal Code and the rules and regulations thereunder as follows:

That the defendant on or about January 20, 1941, substituted approximately 490.511 tons of 3" (Size Group 3) lump coal, produced at the National Mine (Mine Index No. 179), on an order for coal from the Soldier Canyon Mine (Mine Index No. 27), District 20, at a price of 95 cents below the effective minimum price for such coal;

Pursuant to an order of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 3, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Price, Utah, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard; the defendant and complainant having referred to the undersigned their joint recommendation that a cease and desist order be entered;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion in this matter which are filed herewith;

Now therefore, it is ordered, That the defendant Soldier Canyon Coal Company (as organized on January 20, 1941) its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal produced by the defendant at less than the applicable effective minimum prices established therefor, contrary to the Bituminous Coal Act of 1937 or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 20 for Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement hereof or take any other appropriate action.

[Docket No. A-1178]

PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 12

[Docket No. A-1178 Part II]

PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF MINIMUM PRICES FOR THE COALS OF THE JOANNIE MINE (MINE INDEX NO. 797) OF JOHN C. JORDAN, A CODE MEMBER IN DISTRICT NO. 12, FOR TRUCK SHIPMENT

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1178 PART II FROM DOCKET NO. A-1178 AND GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1178 PART II

The original petition in the above-entitled matter filed with this Division on November 25, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 12. The original petition also prays for the establishment of temporary minimum prices for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan, for truck shipments.

As indicated in a separate order in Docket No. A-1178, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except with respect to the establishment of the temporary minimum prices sought for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan for truck shipments, and except for the coals of Mine Index Nos. 489, 670, 537, and 448, for which coals price classifications and minimum prices had already been established.

In an Order of December 11, 1941, Granting Temporary and Permanent Relief in Docket No. A-1026, temporary relief in the form of price reductions ranging from 8 to 15 cents per ton, for Size Groups 1 to 7 and 9, was granted to certain mines located in Appannose County, Iowa, in Production Group 1-A for truck shipments. This relief was granted for the purpose of more properly coordinating the price of these coals with the prices of competing coals produced in Putnam County, Missouri, in District 15, which were reduced temporarily 25 cents per ton by orders entered in Docket No. A-179 on December 7, 1940, 5 F.R. 4872, and February 13, 1941, 6 F.R. 1005.

It appears that the Joannie Mine (Mine Index No. 797) of John C. Jordan, is also located in Production Group 1-A in Appannose County, Iowa, and should be granted temporarily the same reduction that was granted to other coals in Production Group 1-A in Docket No. A-1026 for truck shipment.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That the portion of Docket No. A-1178 relating to the minimum prices sought for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan for truck shipment be, and the same hereby is, severed from the remainder of Docket No. A-1178 and designated as Docket No. A-1178 Part II.

It is further ordered, That, pending further Order of the Acting Director, the Schedule of Effective Minimum Prices for District No. 12, For Truck Shipments, be and it hereby is amended in accordance with the Schedule marked "Temporary Supplement T" attached hereto[1] and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to make permanent, stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6241]

IN RE APPLICATION OF BROADCASTERS, INC. (NEW)

NOTICE OF HEARING

Application dated December 9, 1941 for construction permit; class of service, broadcast; class of station, broadcast; location, San Jose, California; operating assignment specified: Frequency 1500 kc (1500 at NARBA) power, 250 watts; hours of operation, unlimited.

You are hereby notified that the Commission has designated the above-entitled application for hearing at a time and place to be hereafter fixed by the Commission.

6. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radiobroadcast service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

7. To determine whether the granting of this application, the application of San Jose Broadcasting Company (Docket No. 6242) and the application of Luther E. Gibson (Docket No. 6243), or any of them, would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Broadcasters Inc., Att: Frank Quemont, 154 West San Fernando St., San Jose, California.

Dated January 20, 1942.

4. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Station KYOS, as well as the areas and populations affected thereby and what other broadcast service is available to these areas and populations.

5. To determine whether the operation of the proposed station would provide service to the metropolitan district of San Jose, California, as contemplated by the Standards of Good Engineering Practice.

6. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radiobroadcast service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

7. To determine whether the granting of this application, the application of Broadcasters, Inc. (Docket No. 6241) and the application of Luther E. Gibson (Docket No. 6243), or any of them, would serve public interest, convenience, and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102

accept and retain sales agents' commissions and distributors' discounts on all coal, heretofore and hereafter, sold to Associated Sales Company, Oklahoma City, Oklahoma.

It is, therefore, ordered, That a hearing on such matter be held on March 24, 1942, at 10:00 in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before March 20, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: January 19, 1942.

PETITION OF DISTRICT BOARD NO. 7 FOR A CHANGE IN SHIPPING POINT FOR THE COALS OF THE SPADE MINE, MINE INDEX NO. 606, W. L. SPADE, A CODE MEMBER IN DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in shipping point for the coals of the Spade Mine, Mine Index No. 606, W. L. Spade, a code member in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Spade Mine, Mine Index No. 606 of W. L. Spade, for rail shipments, shall be applicable only for shipments on Chesapeake & Ohio Railway from Beaver, West Virginia, and shall no longer be applicable for shipments on Chesapeake & Ohio Railway at Hinton, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 10 shall be applicable to all shipments of the coals of the Spade Mine, Mine Index No. 606 of W. L. Spade, from Beaver, West Virginia.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 20, 1942.

[Docket No. B-12]

IN THE MATTER OF E. H. FANNIN, CODE MEMBER, DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A complaint dated September 3, 1941, having been filed herein by the Bituminous Coal Producers Board for District No. 8, complainant, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by E. H. Fannin, R. F. D. No. 1, Rush, Kentucky, of the Bituminous Coal Code and rules and regulations thereunder; and

An Order having been made herein on December 1, 1941, by the Acting Director pursuant to stipulation of the defendant and said district board, dated October 15, 1941, terminating the code membership of the defendant and determining that the amount of tax required to be paid by the defendant as a condition to defendant's reinstatement to membership in the Code was $18.29, and providing that cancellation and revocation of the defendant's code membership shall become effective ten (10) days after service of said Order upon the defendant; and

Said Order having been duly served on the defendant on December 4, 1941; and

Said defendant having filed with the Division as provided in section 5 (c) of the Act his application dated January 3, 1942, for restoration to code membership; and

It appearing from said application that the defendant on December 5, 1941, paid to the Collector of Internal Revenue at Louisville, Kentucky, the sum of eighteen dollars and twenty-nine cents ($18.29) pursuant to said Order made December 1, 1941, as a condition precedent to restoration of his code membership.

Now, therefore, it is ordered, That said application of the defendant dated January 3, 1942, for restoration of his code membership be granted.

It is further ordered, That said restoration of the code membership of the defendant shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

Dated: January 19, 1942.

[Docket No. B-50]

IN THE MATTER OF ELFGEN COAL CO. (BERT F. ELFGEN), REGISTERED DISTRIBUTOR, REGISTRATION NO. 2712, RESPONDENT

ORDER FURTHER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") having issued a Notice of and Order for Hearing dated October 9, 1941, in the above entitled matter to determine whether or not the Elfgen Coal Company, registered distributor, has violated certain provisions of the Bituminous Coal Act (the "Act"), the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors, and the Distributor's Agreement executed April 8, 1940, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other penalty imposed; and

An Order dated November 6, 1941, Amending and Supplementing said Notice of and Order for Hearing having been entered herein; and

Additional evidence relating to the transactions involved herein having come into the possession of the Division;

It is ordered, That paragraph No. 2 of said Notice of and Order for Hearing as heretofore Amended and Supplemented be and the same is hereby further Amended and Supplemented to read as follows:

2. The respondent, during the period from October 1, 1940, to October 31, 1941, both dates inclusive, purchased in carload lot quantities approximately 51,368.75 net tons of coal of various sizes from Walter Bledsoe & Co., St. Louis, Missouri, acting as sales agent for various code member producers; Sahara Coal Company, code member, Chicago, Illinois; Binkley Coal Company, St. Louis, Missouri, acting as sales agent for various code member producers; Truax-Traer Coal Company, code member, Cincinnati, Ohio; Franklin County Coal Corporation, code member, Chicago, Illinois; Old Ben Coal Corporation, code member, Chicago, Illinois; Perry Coal Company, code member, St. Louis, Missouri; and Lumaghi Coal Company, code member, St. Louis, Missouri; and during said period resold in carload lot quantities approximately 51,059.6 net tons of said coal to the City Fuel and Supply Company, Alton, Illinois, and approximately 309.15 net tons of said coal to the Bluff City Coal Company, Alton, Illinois. The acceptance of discounts from the effective minimum prices in these transactions was in violation of paragraph (d) of the Distributor's Agreement, since the respondent did not purchase such coal for bona fide resale.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, as heretofore Amended and Supplemented, remain in full force and effect in all other respects.

Dated: January 20, 1942.

[Docket No. 1741-FD]

IN THE MATTER OF SOLDIER CANYON COAL COMPANY, A PARTNERSHIP, (CARL NYMAN), DEFENDANT

CEASE AND DESIST ORDER

District Board 20 having filed a complaint with the Bituminous Coal Division on June 16, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation by Soldier Canyon Coal Company, a partnership in which Carl Nyman is one of the partners, a code member in District 20, of the Bituminous Coal Code and the rules and regulations thereunder as follows:

That the defendant on or about January 20, 1941, substituted approximately 490.511 tons of 3" (Size Group 3) lump coal, produced at the National Mine (Mine Index No. 179), on an order for coal from the Soldier Canyon Mine (Mine Index No. 27), District 20, at a price of 95 cents below the effective minimum price for such coal;

Pursuant to an order of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 3, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Price, Utah, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard; the defendant and complainant having referred to the undersigned their joint recommendation that a cease and desist order be entered;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion in this matter which are filed herewith;

Now therefore, it is ordered, That the defendant Soldier Canyon Coal Company (as organized on January 20, 1941) its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal produced by the defendant at less than the applicable effective minimum prices established therefor, contrary to the Bituminous Coal Act of 1937 or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 20 for Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement hereof or take any other appropriate action.

Dated: January 19, 1942.

[Docket No. A-1178]

PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 12

[Docket No. A-1178 Part II]

PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF MINIMUM PRICES FOR THE COALS OF THE JOANNIE MINE (MINE INDEX NO. 797) OF JOHN C. JORDAN, A CODE MEMBER IN DISTRICT NO. 12, FOR TRUCK SHIPMENT

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1178 PART II FROM DOCKET NO. A-1178 AND GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1178 PART II

The original petition in the above-entitled matter filed with this Division on November 25, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 12. The original petition also prays for the establishment of temporary minimum prices for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan, for truck shipments.

As indicated in a separate order in Docket No. A-1178, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except with respect to the establishment of the temporary minimum prices sought for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan for truck shipments, and except for the coals of Mine Index Nos. 489, 670, 537, and 448, for which coals price classifications and minimum prices had already been established.

In an Order of December 11, 1941, Granting Temporary and Permanent Relief in Docket No. A-1026, temporary relief in the form of price reductions ranging from 8 to 15 cents per ton, for Size Groups 1 to 7 and 9, was granted to certain mines located in Appannoose County, Iowa, in Production Group 1-A for truck shipments. This relief was granted for the purpose of more properly coordinating the price of these coals with the prices of competing coals produced in Putnam County, Missouri, in District 15, which were reduced temporarily 25 cents per ton by orders entered in Docket No. A-179 on December 7, 1940, 5 F.R. 4872, and February 13, 1941, 6 F.R. 1005.

It appears that the Joannie Mine (Mine Index No. 797) of John C. Jordan, is also located in Production Group 1-A in Appannoose County, Iowa, and should be granted temporarily the same reduction that was granted to other coals in Production Group 1-A in Docket No. A-1026 for truck shipment.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That the portion of Docket No. A-1178 relating to the minimum prices sought for the coals of the Joannie Mine (Mine Index No. 797) of John C. Jordan for truck shipment be, and the same hereby is, severed from the remainder of Docket No. A-1178 and designated as Docket No. A-1178 Part II.

It is further ordered, That, pending further Order of the Acting Director, the Schedule of Effective Minimum Prices for District No. 12, For Truck Shipments, be and it hereby is amended in accordance with the Schedule marked "Temporary Supplement T" attached hereto[1] and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to make permanent, stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 6, 1942.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6241]

IN RE APPLICATION OF BROADCASTERS, INC. (NEW)

NOTICE OF HEARING

Application dated December 9, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, San Jose, California; operating assignment specified: Frequency, 1500 kc. (1490 kc. NARBA) power, 250 watts; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with the applications of San Jose Broadcasting Co., Docket No. 6242 and Luther E. Gibson, Docket No. 6243, for the following reasons:

1. To determine the qualifications of the applicant to construct and operate the proposed station.

2. To determine the character of the proposed program service.

3. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and the operation of Station KSAN as proposed in Docket No. 6200; and a station proposed by Luther E. Gibson, for Vallejo, California (Docket No. 6243), as well as the areas and populations affected thereby and what other broadcast service is available to those areas and populations.

4. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Station KYOS, as well as the areas and populations affected thereby and what other broadcast service is available to these areas and populations.

5. To determine whether the operation of the proposed station would provide service to the metropolitan district of San Jose, California, as contemplated by the Standards of Good Engineering Practice.

6. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radiobroadcast service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

7. To determine whether the granting of this application, the application of San Jose Broadcasting Company (Docket No. 6242) and the application of Luther E. Gibson (Docket No. 6243), or any of them, would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Broadcasters, Inc., Att: Frank Quemont, 156 West San Bernando St., San Jose, California.

Dated: January 20, 1942.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-495]

IN THE MATTER OF PUBLIC SERVICE COMPANY OF INDIANA, INC.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 21st day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested party may not later than February 3, 1942, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reason for such request and the nature of his interest, or he may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested parties are referred to said declaration or application which is on file at said Commission for a statement of the transactions therein proposed, which are sumarrized below:

Public Service Company of Indiana, Inc. (Public Service) owns all of the outstanding securities of West Indiana Utilities Company (West Indiana) which in turn owns all of the outstanding securities of Brazil Electric Company (Brazil). The properties, rights, and assets of West Indiana and Brazil are leased to and operated by Public Service. Public Service proposes to acquire title to the properties, rights, and assets of West Indiana and Brazil by causing West Indiana and Brazil to be dissolved and liquidated.

IN THE MATTER OF NEWPORT WATER CORPORATION

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 20th day of January, A. D. 1942.

Newport Water Corporation, a subsidiary of Ogden Corporation, which is a registered holding company, having filed a declaration and application under sections 11 and 12 (c) of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder, regarding the proposed dissolution of Newport Water Corporation and the distribution of its remaining assets, consisting principally of cash, to the holders of its 10,000 shares of preferred stock; and

The Commission having ordered that a hearing in the above-entitled matter be held on February 3, 1942; and

It appearing to the Commission that it is desirable that such hearing be postponed to February 17, 1942, at 10:00 A. M. and that such postponement is satisfactory to all parties hereto.

It is so ordered.

IN THE MATTER OF ALABAMA POWER COMPANY, THE COMMONWEALTH & SOUTHERN CORPORATION (DELAWARE), AND THE GENERAL CORPORATION

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 20th day of January 1942.

Alabama Power Company, a subsidiary of The Commonwealth & Southern Corporation, a registered holding company, having filed an application and amendments thereto pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof and Rule U-50 thereunder regarding, among other things, the issue and sale of $30,000,000 principal amount of its First Mortgage Bonds, Series due 1972, the applicant publicly to invite proposals for the purchase of the Bonds in accordance with Rule U-50; and

The Commission having on December 29, 1941 granted such application pursuant to section 6 (b) subject to the condition that applicant report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby; and

The applicant having made such report to the Commission in the form of a further amendment to the application herein specifying the proposal which had been received for the purchase of said Bonds pursuant to the invitation of competitive bids therefor and stating that applicant had accepted a bid from a group of eighty-one underwriters, headed by The First Boston Corporation and Bonbright & Company of 100.40% of the principal amount for bonds having a coupon rate of 3½% per annum, plus accrued interest from the first day of January 1942 to the date of delivery of said bonds, said bonds to be resold to the public at 101.75% of the principal amount, representing a spread to the underwriters of 1.35%; and

The Commission having examined the record, and finding that the terms for sale of said bonds at such prices and with such spread are not unreasonable;

It is ordered, That said application, as amended, be and it is hereby granted in regard to the price to the issuer, spread and distribution thereof applicable to said bonds, subject however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

IN THE MATTER OF UNITED PUBLIC UTILITIES CORPORATION AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

ORDER POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of January 1942.

The Commission having on October 31, 1941, issued its Notice of and Order for Hearing instituting proceedings under Section 11 (b) (1) of the Public Utility Holding Company Act of 1935 in the above entitled matter; said order having required that respondents file their answer herein on or before November 30, 1941, and having directed that a hearing be held on such matter on December 22, 1941, at 10 o'clock A. M., at the office of the Securities and Exchange Commission, Washington, D. C.; and the Commission having by order entered on November 28, 1941, postponed the date of said hearing until January 22, 1942; and

Respondents having requested that said date of hearing be further postponed from January 22, 1942, to February 5, 1942, and the Commission being of the opinion that said request may appropriately be granted;

It is ordered, That the date of the hearing in this matter be and is hereby postponed to February 5, 1942, at 10 o'clock A. M., at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on said day by the Hearing Room Clerk in Room 1102 before the officer of the Commission previously designated herein; and

It is further ordered, That the Secretary of this Commission serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondents and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

St. Clair, Robert Henry Moore, Mrs. Robert Henry Moore, Katherine St. Clair Santori, and Houston St. Clair, partners, doing business under the partnership name of Virginia Smokeless Coal Company; White Oak Coal Company, a corporation; and Wyatt Coal Sales Company, a corporation

At the regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 19th day of January, A. D. 1942.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, including the answer of respondent Association and the officers and members thereof admitting all the material allegations of fact in said complaint, testimony and other evidence taken before trial examiners of the Commisison theretofore duly designated by it, in support of and in opposition to the allegations of said complaint, report of the trial examiners upon the evidence and the exceptions thereto, briefs in support of and in opposition to the complaint, and oral argument, and the Commission having made its findings as to the facts and its conclusion that certain of the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent Retail Coal Merchants Association, a corporation; and D. Walton Mallory, Edwin D. Newmann, A. Holland White and Charles H. Hall, Jr., individually and as officers of said Association; and L. D. Wingfield and James L. Hatcher, trading as Wingfield-Hatcher Coal Company, A. M. Hungerford, trading as Hungerford Coal Company, Massey-Wood & West, a corporation, Sydnor-Howey & Company, Inc., a corporation, D. W. Mallory & Company, Inc., a corporation, Ellison & Hawes, Inc., a corporation, W. E. Seaton & Sons, Inc., a corporation, and Gill Fuel Company, Inc., a corporation, individually and as members of said Association; and all other members of said Association, as representatives for whom the said members named above were made respondents herein; and the officers, representatives, agents and employees of all of the respective members of said Association; directly or through any corporate or other device, in connection with the purchase by such members, or any of them, of coal in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Carrying out any understanding, agreement, combination or conspiracy with wholesale coal dealers, and from entering into any future understanding, agreement, combination or conspiracy with wholesale coal dealers, for the purpose or with the effect of restricting, restraining, suppressing or eliminating competition in, or monopolizing, the retail sale of coal in the trade area in and around Richmond, Virginia;

(2) Agreeing or carrying out any agreement through respondent Association, or through any other cooperative agency, with wholesale coal dealers, that such wholesale coal dealers will not ship coal from mines located in states of the United States other than the State of Virginia, or coal from or through states other than the State of Virginia, to retail coal dealers in Richmond, Virginia, who are not members of said respondent Association, or any other association of which respondents may be members, or to retailers in Richmond, Virginia, whose prices for coal in the trade area in and around said city do not conform to those agreed upon by the members of such Association;

(3) Calling upon wholesale coal dealers and urging such wholesale coal dealers, under threat of boycott, to cooperate with the said respondents by refusing to sell coal to any non-member of said Association, or to any dealer underselling the prices fixed by said Association;

(4) Arranging joint meetings between the members of said Association and wholesale coal dealers, and there seeking such cooperation of such wholesale coal dealers, under threat of boycott;

(5) Soliciting non-members of said respondent Association to join said Association, under threat that no supply of coal will be obtainable by such non-members unless they join said Association;

(6) Attempting, through the secretary of said Association, or by any other person or means, to induce wholesale coal dealers shipping coal from or through states other than the State of Virginia into the City of Richmond, Virginia, to insert in their contracts with retail dealers a clause to the effect that if the retail dealer fails to conduct his business in conformity with the price standards approved by respondents in his locality, the shipper shall have the right to discontinue supplying coal under such contracts;

(7) Using any other collective or collusive means or methods to effectuate any understanding, agreement, combination or conspiracy for the purpose of or with the effect of restraining, restricting, suppressing and eliminating competition in, or monopolizing, the importation from states other than the State of Virginia of coal to be sold at retail in the trade area in and around Richmond, Virginia.

It is further ordered, That respondents Cabell Coal Company, Inc., a corporation; A. T. Massey Coal Company, a corporation; White Oak Coal Company, a corporation; and Robert Henry Moore, Mrs. Robert Henry Moore, Katherine St. Clair Santori, and Houston St. Clair, individually and doing business under the name Virginia Smokeless Coal Company or under any other name; and respondents' officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of coal in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Carrying out any understanding, agreement, combination or conspiracy among themselves, or with the respondent Association or the officers or members thereof, and from entering into any future understanding, agreement, combination or conspiracy, for the purpose or with the effect of restricting, restraining, suppressing or eliminating competition in, or monopolizing, the retail sale of coal in the trade area in and around Richmond, Virginia;

(2) Agreeing or carrying out any agreement among themselves, or with respondent Association or the officers or members thereof, or with any other cooperative agency, that respondents will not ship coal from mines located in states of the United States other than the State of Virginia, or coal from or through States other than the State of Virginia, to retail coal dealers in Richmond, Virginia, who are not members of said Association, or to retailers in Richmond, Virginia whose prices for coal in the trade area in and around said city do not conform to those agreed upon by the members of said Association;

(3) Using any other collective or collusive means or methods to effectuate any understanding, agreement, combination or conspiracy for the purpose of or with the effect of restraining, restricting, suppressing and eliminating competition in, or monopolizing, the importation from states other than the State of Virginia, of coal to be sold at retail in the trade area in and around Richmond, Virginia.

It is further ordered, That all of the respondents against whom this order is directed shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That this proceeding be, and it hereby is, dismissed as to respondents Bluefield Coal and Coke Company, a corporation; Cabin Creek Consolidated Sales Company, a corporation; Red Jacket Coal Sales Company, a corporation; and Wyatt Coal Sales Company, a corporation.

The respondent George W. St. Clair having died subsequent to the institution of this proceeding: *It is further ordered*, That this proceeding be, and it hereby is, dismissed as to said respondent.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO RULES RELATING TO THE SOLICITATION OF PROXIES UNDER THE SECURITIES EXCHANGE ACT OF 1934

The Securities and Exchange Commission, deeming it necessary and appropriate in the public interest and for the

protection of investors and necessary for the execution of the functions vested in it so to do, pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 14 (a) and 23 (a) thereof (Sec. 14, 48 Stat. 895; 15 U.S.C. 78n: Sec. 23, 48 Stat. 901; Sec. 8, 49 Stat. 1379; 15 U.S.C. 78w), hereby amends paragraph (b) of § 240.14a–1 [Rule X–14a–1] to read as follows:

§ 240.14a–1 *Proxy statement.*

* * * * *

(b) Any information required to be included in the proxy statement as to terms of securities or other subject matter which from a standpoint of practical necessity must be determined in the future, or from a standpoint of the application of sound business judgment ought to be so determined, may be stated in terms of present knowledge and intention: *Provided, however,* That in such a case a brief statement of the circumstances rendering it necessary or advisable that such matters be determined in the future shall be made and, to the extent reasonably practicable, the authority to be conferred concerning each such matter shall be confined within limits reasonably related to the need for discretionary authority. Subject to the foregoing provision, information which is not known to the persons making the solicitation and which it is not reasonably within the power of such persons to ascertain or procure may be omitted, if a brief statement of the circumstances rendering such information unavailable is made.

Effective January 22, 1942.

By the Commission.

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO RULES REQUIRING THE MAINTENANCE OF CERTAIN RECORDS AND THE PENDING OF WRITTEN CONFIRMATIONS BY BROKERS AND DEALERS OF SECURITY TRANSACTIONS SO AS TO MAKE IT UNNECESSARY FOR THE MAINTENANCE OF SUCH RECORDS WITH RESPECT TO TRANSACTIONS IN DEFENSE SECURITIES

The Securities and Exchange Commission deeming it necessary for the execution of the functions vested in it and necessary and appropriate in the public interest so to do, pursuant to authority conferred upon it by the Securities Exchange Act of 1934, as amended, particularly sections 15 (c) (1), 17 (a) and 23 (a) thereof (Sec. 15 (c), 52 Stat. 1075; 15 U.S.C. 78o: Sec. 17, 48 Stat. 897; Sec. 4, 49 Stat. 1379; Sec. 5, 52 Stat. 1076; 15 U.S.C. 78q: Sec. 23, 48 Stat. 901; Sec. 8, 49 Stat. 1379; 15 U.S.C. 78w) hereby takes the following action:

I. Section 240.17a–3 [Rule X–17a–3] is hereby amended by adding thereto the following paragraph:

§ 240.17a–3 *Reports of certain stabilizing activities.*

* * * * *

(c) This section shall not be deemed to require a member of a national securities exchange, or a broker or dealer registered pursuant to section 15 of the Securities Exchange Act of 1934 (Sec. 15, 48 Stat. 895; Sec. 3, 49 Stat. 1377; 15 U.S.C. 78o) as amended, to make or keep such records as are required by paragraph (a) reflecting the sale of United States Tax Savings Notes, United States Defense Savings Stamps, or United States Defense Savings Bonds, Series E, F and G.

II. Section 240.15c1–4 [Rule X–15C1–4] is hereby amended to read as follows:

§ 240.15c1–4 *Confirmation of transactions.* The term "manipulative, deceptive, or other fraudulent device or contrivance," as used in section 15 (c) (1) of the Act (Sec. 2, 52 Stat. 1075; 15 U.S.C. 78o) is hereby defined to include any act of any broker or dealer designated to effect with or for the account of a customer any transaction in, or to induce the purchase or sale by such customer of, any security (other than United States Tax Savings Notes, United States Defense Savings Stamps, or United States Defense Savings Bonds, Series E, F and G) unless such broker or dealer, at or before the completion of each such transaction, gives or sends to such customer written notification disclosing (a) whether he is acting as a broker for such customer, as a dealer for his own account, as a broker for some other person, or as a broker for both such customer and some other person; and (b) in any case in which he is acting as a broker for such customer or for both such customer and some other person, either the name of the person from whom the security was purchased or to whom it was sold for such customer and the date and time when such transaction took place or the fact that such information will be furnished upon the request of such customer, and the source and amount of any commission or other remuneration received or to be received by him in connection with the transaction.

Effective January 21, 1942.

By the Commission.

TITLE 21—FOOD AND DRUGS

CHAPTER I—FOOD AND DRUG ADMINISTRATION

[Docket No. FDC–30]

PART 145—CERTAIN CHEMICAL DERIVATIVES OF SUBSTANCES NAMED IN SECTION 502 (d) OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT DESIGNATED AS HABIT FORMING

FINDINGS OF FACT AND REGULATION

By virtue of the authority vested in the Federal Security Administrator by provisions of the Federal Food, Drug, and Cosmetic Act (Secs. 502 (d), 52 Stat. 1050, 21 U.S.C., 352 (d); 701 (e), 52 Stat. 1055, 21 U.S.C., 371 (e)); the Reorganization Act of 1939 (53 Stat. 561 ff.; 5 U.S.C., secs. 133–133t); Reorganization Plan No. I, Part 2, (53 Stat. 1423, 5 U.S.C. 82); and Reorganization Plan No. IV, (54 Stat. 1234, 5 U.S.C. 97); and upon the basis of evidence of record at the above-entitled hearing duly held pursuant to notice thereof issued by the Administrator on January 27, 1941 (6 F.R. 680), the following order is hereby promulgated:

FINDINGS OF FACT

Finding 1

The principal factors which govern formation of a drug habit are the nature of the individual who takes the drug and the pharmacologic action produced by the drug.

Finding 2

The effect of a drug which may give rise to habit formation is pleasurable stimulation or escape from unpleasant experience, such as insomnia, fear, grief, pain, etc.

Finding 3

Such effects are produced by the administration of drugs which have depressant or stimulant properties.

Finding 4

Desire to obtain such effects is likely to cause frequently repeated use of such drugs.

Finding 5

Frequently repeated use of such drugs is likely to induce, and in certain persons does induce, psychic dependence and, in the case of some drugs, psychic and physical dependence on such drugs.

Finding 6

Psychic dependence on a drug is habituation to that drug, and psychic and physical dependence on a drug is addiction to that drug, so that addiction to a drug includes habituation to that drug. A drug which is likely to induce, and in certain persons does induce, habituation to such drug is a habit-forming drug, although repeated use of that drug may not necessarily induce addiction to that drug.

Finding 7

The fundamental nucleus of a drug which possesses the habit-forming properties is in no way modified by the addition of the basic or acidic ion, so that the habit-forming properties of a drug are substantially the same whether it be a free base, or acid, or a salt formed by its combination with an acidic or basic ion. The principal differences between these forms are only in their physical properties, such as solubility, which may affect the mode of administration of the drug or its rate of absorption by the human body; but once absorbed their effects are identical.

Finding 8

A chemical derivative is a substance so related to another substance by modification or partial substitution as to be regarded as theoretically derivable from it, even when not obtainable from it in practice.

Finding 9

Each of the following drugs is theoretically derivable or is actually derived from a parent substance specified in section 502 (d) of the Federal Food, Drug, and Cosmetic Act, as hereinafter indicated:

Parent substance	Chemical derivative	Chemical description of derivative
Barbituric Acid	Alurate	(5-allyl-5-isopropyl-barbituric acid.)
	Amytal	(5-ethyl-5-isoamyl-barbituric acid.)
	Barbital	(5,5-diethyl-barbituric acid.)
	Butisol	(5-ethyl-5-sec-butyl-barbituric acid.)
	Cyclopal, cyclopen	(5-allyl-5-cyclopentenyl-barbituric acid.)
	Delvinal	(5-ethyl-5-(1-methyl-1-butenyl)-barbituric acid.)
	Dial	(5,5-diallyl-barbituric acid.)
	Ethamoral	(5-ethyl-5-(1-methylbutyl)-barbituric acid.)
	Eunarcon	(5-(2-bromoallyl)-5-isopropyl-1-methyl-barbituric acid.)
	Evipal	(1,5-dimethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Ipral	(5-ethyl-5-isopropyl-barbituric acid.)
	Nebarbital	(5-ethyl-5-isopropyl-1-methyl-barbituric acid.)
	Neonal	(5-allyl-5-isopropyl-1-methyl-barbituric acid.)
	Nostal	(5-ethyl-5-butyl-barbituric acid.)
	Ortal	(5-ethyl-5-hexyl-barbituric acid.)
	Pentobarbital	(5-ethyl-5-(1-methylbutyl)-barbituric acid.)
	Penthiobarbital	(5-ethyl-5-(1-methylbutyl)-2-thiobarbituric acid.)
	Pentothal	(5-ethyl-5-(1-methylbutyl)-2-thiobarbituric acid.)
	Permoston	(5-sec-butyl-5-(2-bromallyl)-barbituric acid.)
	Phanodorn	(5-ethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Phenobarbital	(5-ethyl-5-phenyl-barbituric acid.)
	Proponal	(5,5-dipropyl-barbituric acid.)
	Rutonal	(5-methyl-5-phenyl-barbituric acid.)
	Sandoptal	(5-ethyl-5-isobutyl-barbituric acid.)
	Sigmodal, Reaction	(5-allyl-5-(1-methylbutyl)-barbituric acid.)
	Alkali salts, Barium salts	(sodium-5-allyl-5-(1-methylbutyl)-barbiturate.)
	Barium, calcium, potassium, magnesium, lithium, calcium, strontium, and ammonium salts of the foregoing chemical derivatives of barbituric acid.	
	Salts	All salts of the foregoing chemical derivative formed by replacing the sodium with lithium, potassium, magnesium, calcium, strontium, or mercurial.
Bromal	Bromal Hydrate	(tribromoacetaldehyde hydrate.)
	Bromotone	(2-(tribromomethyl)-2-propenol.)
	Bromoform	(tribromomethane.)
Cannabis Marihuana	Extract of Cannabis	
	Fluidextract of Cannabis	
	Tincture of Cannabis	

On the basis of the evidence of record at the hearing and the foregoing findings of fact it is hereby found, after investigation, that each of the derivatives specified in finding 9 is habit forming.

It is therefore ordered, That the following regulation be and it hereby is promulgated:

REGULATION

§ 145.1 *Habit forming drugs which are chemical derivatives of substances specified in section 502 (d) of the Federal*

Parent substance	Chemical derivative	Chemical description of derivative
Carbromal	Acetylcarbromal	(α-bromo-α-ethylbutyryl-acetyl-urea.)
	Bromural	(α-bromoisovaleryl-urea.)
	Neuronal	(α-bromo-α, α-diethyl-acetamide.)
	Sedormid	(α-allyl-isovaleryl-urea.)
Chloral	Chloralformamide	(α-allyl-isovaleryl-(trichloromethyl)-d-glucoside.)
	Chloralformamide	(N-d-trichloro-α-hydroxyethyl)-formamide.)
	Chloral Hydrate	(trichloroacetaldehyde hydrate.)
	Chloralimide	(trichloroethylidenemine.)
	Chlorobutanol	(2-(trichloromethyl)-2-propanol.)
Cocaine	All salts of cocaine obtained by combining cocaine with any acid.	
Codeine	Dicodid	(dihydro-codeinone.)
	Eucodal	(dihydrohydroxy-codeinone.)
	All salts of the foregoing chemical derivatives of codeine, obtained by combining any such derivative or codeine with any acid.	
Heroin	Eucodin	(codeine methyl bromide.)
	All salts of heroin obtained by combining heroin with any acid.	
Morphine	Dilaudid	(dihydro-morphinone.)
	Ethylmorphine	(dihydro-morphine.)
	Paramorphan	
	All salts of the foregoing chemical derivatives of morphine, and all salts of morphine, obtained by combining any such derivative or morphine with any acid.	
Opium	Extract of Opium	
	Fluidextract of Opium	
	Tincture of Opium	
Paraldehyde	Metaldehyde	
Sulphonmethane	Sulfonal	(2,2-diethylsulfonyl-butane.)
	Sulfonethylmethane	(3,3-diethylsulfonyl-pentane.)

Each of such drugs is a chemical derivative of the parent substance indicated.

Finding 10

Each of the derivatives specified in finding 9 has been investigated, and it has been found that each possesses depressant or stimulant properties, and that its frequently repeated use is likely to induce, and in certain persons does induce, psychic dependence on such derivative and in some cases physical dependence.

Food, Drug, and Cosmetic Act. Each of the following chemical derivatives of a substance named in section 502 (d) of the Federal Food, Drug, and Cosmetic Act is hereby designated as habit forming:

Parent substance	Chemical derivative	Chemical description of derivative
Barbituric Acid	Alurate	(5-allyl-5-isopropyl-barbituric acid.)
	Amytal	(5-ethyl-5-isoamyl-barbituric acid.)
	Barbital	(5,5-diethyl-barbituric acid.)
	Butisol	(5-ethyl-5-sec-butyl-barbituric acid.)
	Cyclopal, cyclopen	(5-allyl-5-cyclopentenyl-barbituric acid.)
	Delvinal	(5-ethyl-5-(1-methyl-1-butenyl)-barbituric acid.)
	Dial	(5,5-diallyl-barbituric acid.)
	Eidoral	(5-ethyl-5-(1-piperidyl)-barbituric acid.)
	Eunarcon	(5-(2-bromoallyl)-5-isopropyl-1-methyl-barbituric acid.)
	Evipal	(1,5-dimethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Ipral	(5-ethyl-5-isopropyl-barbituric acid.)
	Mebaral	(5-ethyl-5-phenyl-1-methyl-barbituric acid.)
	Narconumal	(5-allyl-5-isopropyl-1-methyl-barbituric acid.)
	Neonal	(5-ethyl-5-butyl-barbituric acid.)
	Nostal	(5-isopropyl-5-(2-bromoallyl)-barbituric acid.)
	Ortal	(5-ethyl-5-hexyl-barbituric acid.)
	Pantasal	(5-ethyl-5-cyclopentenyl-barbituric acid.)
	Pentobarbital	(5-ethyl-5-(1-methylbutyl)-barbituric acid.)
	Pernoston	(5-sec-butyl-5-(2-bromoallyl)-barbituric acid.)
	Phanodorn	(5-ethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Phenobarbital	(5-ethyl-5-phenyl-barbituric acid.)
	Proponal	(5,5-dipropyl-barbituric acid.)
	Rutonal	(5-methyl-5-phenyl-barbituric acid.)
	Sandoptal	(5-allyl-5-isobutyl-barbituric acid.)
	Sigmodal, Recidon	(5-(2-bromoallyl)-5-(1-methylbutyl)-barbituric acid.)
	All lithium, sodium, potassium, magnesium, calcium, strontium, and ammonium salts of the foregoing chemical derivatives of barbituric acid.	
	Seconal	(sodium-5-allyl-5-(1-methylbutyl)-barbiturate.)
	All salts of the foregoing chemical derivative formed by replacing the sodium with lithium, potassium, magnesium, calcium, strontium, or ammonium radical.	
Bromal	Bromal Hydrate	(tribromoacetaldehyde hydrate.)
	Brometone	(2-(tribromomethyl)-2-propanol.)
	Bromoform	(tribromomethane.)
Cannabis Marihuana.	Extract of Cannabis.	
	Fluidextract of Cannabis.	
	Tincture of Cannabis.	
Carbromal	Acetylcarbromal	(α-bromo-α-ethylbutyryl-acetyl-urea.)
	Bromural	(α-bromoisovaleryl-urea.)
	Neuronal	(α-bromo-α, α-diethyl-acetamide.)
	Sedormid	(α-allylisovaleryl-urea.)
Chloral	Alpha-Chloralose	(α-(β-trichloro-α-hydroxyethyl)-d-glucoside.)
	Chloralformamide	(N-(β-trichloro-α-hydroxyethyl)-formamide.)
	Chloral Hydrate	(trichloroacetaldehyde hydrate.)
	Chloralimide	(trichloroethylidenimine.)
	Chlorobutanol	(2-(trichloromethyl)-2-propanol.)
Cocaine	All salts of cocaine obtained by combining cocaine with any acid.	
Codeine	Dicodid	(dihydro-codeinone.)
	Eucodal	(dihydrohydroxy-codeinone.)
	All salts of the foregoing chemical derivatives of codeine, and all salts of codeine, obtained by combining any such derivative or codeine with any acid.	
	Eucodin	(codeine methyl bromide.)
Heroin	All salts of heroin obtained by combining heroin with any acid.	
Morphine	Dilaudid	(dihydro-morphinone.)
	Ethylmorphine	
	Paramorphan	(dihydro-morphine.)
	All salts of the foregoing chemical derivatives of morphine, and all salts of morphine, obtained by combining any such derivative or morphine with any acid.	
Opium	Extract of Opium.	
	Fluidextract of Opium.	
	Tincture of Opium.	
Paraldehyde	Metaldehyde.	
Sulphonmethane	Sulfonethylmethane	(3,3-diethylsulfonyl-butane.)
	Sulfondiethylmethane	(3,3-diethylsulfonyl-pentane.)

This regulation shall become effective on the ninetieth day following the date of publication of this order in the FEDERAL REGISTER. (502 (d) and 701 (e) of the Federal Food, Drug, and Cosmetic Act. TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A–1182]

PART 324.—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto Supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement R–V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The prices established herein for the coals of the Spires Mine (Mine Index No. 2929) of Spires Coal Co., as shown in Supplement T, annexed hereto, are higher than those prayed for by the petitioner. The increase was effected in order to relate these coals properly to analogous and comparable coals produced in District No. 4.

No relief is granted herein as to the coals of the Davis Mine, Mine Index No. 1285, of L. & R. Coal Co. (John R. Landers) or the Charter Oak #2 Mine, Mine Index No. 14, of the Charter Oak Coal Co. (M. L. French) for all shipments except truck, for the reasons set forth in an order designating that portion of Docket No. A–1182 which relates to them as Docket No. A–1182 Part II, granting temporary relief therein as to Mine Index No. 1285, and scheduling a hearing therein.

No relief is granted herein as to the coals of the Bradford No. 1 Mine (Mine Index No. 2927) of the Bradford Collieries Corporation, c/o A. G. Newcomb, such coals having been heretofore classified and priced in Docket No. A–1176; the coals of Lewis & Dixon Mine (Mine Index No. 2462) of Lewis & Dixon, heretofore classified and priced in Docket No. A–260 under the mine name of Cambridge Hill—D; the coals of the Trout Mine (Mine Index No. 937) of Herbert Trout & Son (Herbert Trout), heretofore classified and priced in General Docket No. 15; or the coals of The Foraker #1 Mine (Mine Index No. 1003) of Clyde M. Foraker (Foraker Coal Company), heretofore classified and priced in Docket No. A–856.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[1] By a communication of December 8, 1941, the original petitioner indicated that it concurred in this departure from the relief sought in its petition.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 4

NOTE: The material in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 324, Minimum Price Schedule for District No. 4 and supplements thereto.

FOR ALL SHIPMENTS EXCEPT TRUCK

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT No. 10

SUPPLEMENTAL ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT 10 FOR TRUCK SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District 10; and

An Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued by the undersigned on December 4, 1941, 6 F.R. 6640, which granted no price classifications or minimum prices for the coals of the Pioneer Mine (Mine Index No. 1537) of the Pioneer Coal Co., because it did not appear at the time that the Pioneer Coal Co. was a member of the Bituminous Coal Code; and

It now being established that the Pioneer Coal Co. is a member of the Bituminous Coal Code; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petition of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matters, temporary relief be and the same hereby is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER AMENDING ORDER OF CONSOLIDATION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT 10

In an Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief, dated December 4, 1941, 6 F.R. 6640, in the above-entitled matters, minimum prices were established for the coals of the Putcreek Mine (Mine Index No. 1492) of Melvin Peak, for truck shipment, in accordance with those prayed in the original petition and alleged to be the same as those heretofore established for analogous and comparable coals.

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter temporary relief is granted as follows: Commencing fifteen (15) days from the date hereof, the Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief dated December 4, 1941, in the above-entitled matters, is amended to include the price classifications and minimum prices set forth in the schedule marked "Supplement T", § 330.25 (*General prices in cents per net ton for shipment into all market areas*), annexed hereto and hereby made a part hereof: and that, commencing fifteen (15) days from the date hereof, the price classifications and minimum prices previously established by the aforesaid Order of December 4, 1941, for the coals of Mine Index No. 1492 for truck shipment be, and they hereby are rescinded.

It is further ordered, That pleadings in opposition to the original petition, in so far as it relates to Mine Index No. 1492, in the above-entitled matter, and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of Mine Index Nos. 489, 670, 537, and 448 because price classifications and minimum prices have been previously established for the coals of these mines.

No minimum prices are established herein for the coals of Mine Index No. 797 for truck shipment for the reasons set forth in an Order designating that portion of Docket No. A-1178 relating to such prices for these coals as Docket No. A-1178 Part II and granting temporary relief.

Dated: January 6, 1942.

PART 971—ETHYL ALCOHOL AND RELATED COMPOUNDS

Amendment No. 3 to General Preference Order No. M-30 to Conserve the Supply and Direct the Distribution of Ethyl Alcohol and Related Compounds

Section 971.1 (*General Preference Order No. M-30*) is hereby amended to read as follows:

Whereas the national defense requirements have created shortages of Ethyl Alcohol and Related Compounds for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 971.1 *General Preference Order M-30*—(a) *Definitions.* For the purposes of this Order:

(1) "Ethyl Alcohol" means ethyl alcohol of 160 degrees proof or more produced in industrial alcohol plants, established under Regulation 3 of the Bureau of Internal Revenue issued pursuant to provisions of sections 3100 to 3124 inclusive, Internal Revenue Code, and withdrawn, denatured or undenatured, for industrial purposes pursuant to the provisions of such regulation; and distilled spirits of 160 degrees proof or more produced in registered distilleries, established under Internal Revenue Laws, and withdrawn therefrom or from Internal Revenue bonded warehouses for industrial purposes pursuant to the provisions of section 2883, Internal Revenue Code, as amended by the Act of January —,[1] 1942, and regulations prescribed thereunder, and shall include proprietary solvent.

(2) "Related Compounds" means acetic acid, acetic anhydride, acetone, ethyl ether, ethyl acetate, butyl alcohol, butyl acetate, isopropyl alcohol and isopropyl acetate, from whatever source derived.

(3) "Producer" means any person engaged in the production of Ethyl Alcohol or Related Compounds, and includes any person who has Ethyl Alcohol or any Related Compounds produced for him pursuant to toll agreement.

(4) "Distributor" means any person who has purchased or purchases Ethyl Alcohol or any Related Compounds for purposes of resale.

(5) "Calendar Quarter" means the several three month periods of the year, commencing January 1, April 1, July 1 and October 1.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions in Ethyl Alcohol and Related Compounds affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on use and deliveries of ethyl and isopropyl alcohol.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding, and except as hereafter may be otherwise directed by the Director of Priorities:

(1) No person shall, during any Calendar Quarter commencing January 1, 1942, accept delivery of Ethyl Alcohol for any purpose not specified in subparagraphs (c) (2) and (4) hereof in excess of 100% of the quantity of Ethyl Alcohol which he used (distributed in the case of a Distributor) for such purpose during the corresponding Calendar Quarter in the twelve months' period ended June 30, 1941.

(2) No person shall, during any Calendar Quarter commencing January 1, 1942, accept delivery of Ethyl Alcohol for a purpose set forth below in excess of that percentage, set opposite such purpose, of the quantity of Ethyl Alcohol which he used (distributed in the case of a Distributor) for such purpose during the corresponding Calendar Quarter in the twelve months' period ended June 30, 1941.

ING FOR FINAL RELIEF IN THE MATTER OF THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT 10 FOR TRUCK SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District 10; and

An Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued by the undersigned on December 4, 1941, 6 F.R. 6640, which granted no price classifications or minimum prices for the coals of the Pioneer Mine (Mine Index No. 1537) of the Pioneer Coal Co., because it did not appear at the time that the Pioneer Coal Co. was a member of the Bituminous Coal Code; and

It now being established that the Pioneer Coal Co. is a member of the Bituminous Coal Code; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petition of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matters, temporary relief be and the same hereby is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER AMENDING ORDER OF CONSOLIDATION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION FOR RELIEF IN THE MATTER OF THE ESTABLISHMENT OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT 10

In an Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief, dated December 4, 1941, 6 F.R. 6640, in the above-entitled matters, minimum prices were established for the coals of the Putcreek Mine (Mine Index No. 1492) of Melvin Peak, for truck shipment, in accordance with those prayed in the original petition and alleged to be the same as those heretofore established for analogous and comparable coals.

Thereafter, on December 19, 1941, District Board 10 filed a motion to modify the prices thus established for the coals of Mine Index No. 1492 for truck shipment on the ground that they conform with those heretofore established for mines working the No. 5 Seam, whereas the mine in question actually operates in the No. 1 Seam.

No petitions of intervention have been filed with the Division in the above-entitled matter.

It appears that the minimum prices now temporarily effective for the coals of Mine Index No. 1492, for truck shipment, should be modified to conform with those heretofore established for mines working the No. 1 Seam in the same locality, and that the following action is necessary in order to effectuate the purposes of the Act:

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing fifteen (15) days from the date hereof, the Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief dated December 4, 1941, in the above-entitled matters, is amended to include the price classifications and minimum prices set forth in the schedule marked "Supplement T", § 330.25 (*General prices in cents per net ton for shipment into all market areas*), annexed hereto and hereby made a part hereof; and that, commencing fifteen (15) days from the date hereof, the price classifications and minimum prices previously established by the aforesaid Order of December 4, 1941, for the coals of Mine Index No. 1492 for truck shipment be, and they hereby are rescinded.

It is further ordered, That pleadings in opposition to the original petition, in so far as it relates to Mine Index No. 1492, in the above-entitled matters, and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

DAN H. WHEELER,
Acting Director.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT MINE INDEX NO. 1067 IN DISTRICT NO. 10, FOR ALL SHIPMENTS EXCEPT TRUCK

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at Mine Index No. 1067 in District No. 10, for all shipments except truck; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 330.2 (*Mine index numbers*) is amended by adding thereto Supplement R–I, and § 330.10 (*Special prices*—(a) *Railroad locomotive fuel prices*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 12

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 12; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 332.2 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 332.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of Mine Index Nos. 489, 670, 537, and 448 because price classifications and minimum prices have been previously established for the coals of these mines.

No minimum prices are established herein for the coals of Mine Index No. 797 for truck shipment for the reasons set forth in an Order designating that portion of Docket No. A–1178 relating to such prices for these coals as Docket No. A–1178 Part II and granting temporary relief.

Dated: January 6, 1942.

SUBCHAPTER B—PRIORITIES DIVISION

PART 971—ETHYL ALCOHOL AND RELATED COMPOUNDS

Amendment No. 3 to General Preference Order No. M-30 to Conserve the Supply and Direct the Distribution of Ethyl Alcohol and Related Compounds

Section 971.1 (*General Preference Order No. M-30*) is hereby amended to read as follows:

Whereas the national defense requirements have created shortages of Ethyl Alcohol and Related Compounds for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 971.1 *General Preference Order M-30*—(a) *Definitions.* For the purposes of this Order:

(1) "Ethyl Alcohol" means ethyl alcohol of 160 degrees proof or more produced in industrial alcohol plants, established under Regulation 3 of the Bureau of Internal Revenue issued pursuant to provisions of sections 3100 to 3124 inclusive, Internal Revenue Code, and withdrawn, denatured or undenatured, for industrial purposes pursuant to the provisions of such regulation; and distilled spirits of 160 degrees proof or more produced in registered distilleries, established under Internal Revenue Laws, and withdrawn therefrom or from Internal Revenue bonded warehouses for industrial purposes pursuant to the provisions of section 2883, Internal Revenue Code, as amended by the Act of January —,[1] 1942, and regulations prescribed thereunder, and shall include proprietary solvent.

(2) "Related Compounds" means acetic acid, acetic anhydride, acetone, ethyl ether, ethyl acetate, butyl alcohol, butyl acetate, isopropyl alcohol and isopropyl acetate, from whatever source derived.

(3) "Producer" means any person engaged in the production of Ethyl Alcohol or Related Compounds, and includes any person who has Ethyl Alcohol or any Related Compounds produced for him pursuant to toll agreement.

(4) "Distributor" means any person who has purchased or purchases Ethyl Alcohol or any Related Compounds for purposes of resale.

(5) "Calendar Quarter" means the several three month periods of the year, commencing January 1, April 1, July 1 and October 1.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions in Ethyl Alcohol and Related Compounds affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on use and deliveries of ethyl and isopropyl alcohol.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding, and except as hereafter may be otherwise directed by the Director of Priorities:

(1) No person shall, during any Calendar Quarter commencing January 1, 1942, accept delivery of Ethyl Alcohol for any purpose not specified in subparagraphs (c) (2) and (4) hereof in excess of 100% of the quantity of Ethyl Alcohol which he used (distributed in the case of a Distributor) for such purpose during the corresponding Calendar Quarter in the twelve months' period ended June 30, 1941.

(2) No person shall, during any Calendar Quarter commencing January 1, 1942, accept delivery of Ethyl Alcohol for a purpose set forth below in excess of that percentage, set opposite such purpose, of the quantity of Ethyl Alcohol which he used (distributed in the case of a Distributor) for such purpose during the corresponding Calendar Quarter in the twelve months' period ended June 30, 1941.

If a delivery is for one of the purposes specified in subparagraph (c) (4) hereof, it will be sufficient to certify to that fact alone.

(7) The restrictions and requirements hereinabove set forth with respect to the use and Delivery of Ethyl and Isopropyl Alcohol shall not apply to delivery to, or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development.

(ii) The government of any of the following countries: The United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia; and

(iii) The government of any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iv) Persons holding permits issued by the Bureau of Internal Revenue permitting them to acquire such Ethyl Alcohol tax free.

(v) Fill orders bearing a preference rating of A-1-j or higher for such Ethyl Alcohol.

Quantities permitted hereunder shall be in addition to quantities permitted under subparagraphs (c) (1), (2) and (3) hereof.

(d) *Small order exemption.* The restrictions and requirements set forth in paragraph (c) hereof shall not be applicable with respect to deliveries of Ethyl or Isopropyl Alcohol to any one person during any one month in quantities aggregating fifty-four gallons or less of either.

(e) *Preference ratings assigned to deliveries of isopropyl alcohol.* Unless a higher preference rating has been, or is hereafter, assigned thereto, deliveries of Isopropyl Alcohol for the uses set forth below are hereby assigned the preference rating set opposite each such use as follows:

Use	Preference rating
Acetone	B-1
Chemicals, Chemical Products and Chemical Processing	B-3
Drugs and Pharmaceuticals (not including Rubbing Alcohol)	B-5
Anti Freeze	B-7

(f) *Restrictions on production of ethyl and butyl alcohol.* Except as may be otherwise directed by the Director of Priorities, no Producer shall, after January 15, 1942, produce Ethyl or Butyl Alcohol from Molasses (as defined in General Preference Order No. M-54) unless his equipment and facilities capable of producing Ethyl or Butyl Alcohol from corn or grain are being utilized to the fullest extent possible in the production of Ethyl or Butyl Alcohol from corn or grain.

(g) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management.

(h) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms hereof.

(i) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Ethyl Alcohol and Related Compounds conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M-30, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(k) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 22nd day of January, 1942.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Limitation Order L-35—To Restrict the Production of Replacement Parts for Medium and Heavy Motor Trucks, Truck Trailers, Passenger Carriers and School Bus Bodies

Whereas, the manufacture of replacement parts for medium and heavy motor trucks, truck trailers, passenger carriers and school bus bodies, requires the utilization of large quantities of aluminum, chromium, copper, nickel, nickel steel, tin, tungsten and other critical materials, and national defense requirements have created a shortage of these materials for the combined needs of defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and for essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of replacement parts for medium and heavy motor trucks, truck trailers, passenger carriers and school bus bodies is curtailed and the use of critical materials for such manufacture thereby reduced.

Now, therefore, it is hereby ordered, That:

§ 976.11 *General Limitation Order L-35—(a) Definitions.* For the purposes of this order:

(1) "Medium and/or Heavy Motor Truck" means a complete motor truck or truck tractor with a maximum gross vehicle weight rating of 9,000 pounds or more (as certified to the Office of Production Management by the Producer's Engineering Department and as specified in a published rating in effect prior to August 1, 1941) or the chassis therefor.

(2) "Truck Trailer" means a complete semi-trailer or full trailer having a cargo-carrying capacity (as advertised by the Producer prior to August 1, 1941) of five tons or more, designed exclusively for the transportation of property, or the chassis or body therefor.

(3) "Passenger Carrier" means a complete motor or electrical coach for passenger transportation, having a seating capacity of not less than fifteen persons, or the chassis or (except in the case of a school bus body) the body therefor.

(4) "School Bus Body" means a complete body designed and constructed primarily to transport children of school age.

(5) "Replacement Parts" means only the following parts (including components entering into such parts) used for the repair or maintenance of heavy trucks, medium trucks, truck trailers, passenger carriers, and school bus bodies: engine, clutch, transmission, power dividers and take offs, transfer cases, propeller shafts, universal joints, axles, braking system, wheels, starting apparatus, frame and spring suspension assemblies, shock absorbers, speedometers, fusees and flares, directional signals, driving mirrors, windshield wiper assemblies, steering apparatus, coupling devices, trailer landing gears; exhaust, cooling, fuel, lubricating and electrical systems, including generators, starters, motors, lights, reflectors, signal horns, batteries; fenders, hoods, doors and door hardware, radiator guards, defroster heaters; truck refrigeration units, liquid measuring gauges; and, but only as to parts for passenger carriers and school bus bodies, body structural repair parts, sash, seats, destination signs, fare boxes, guards and grab rails, door operating mechanisms, signaling devices, heating and ventilating equipment.

(6) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of Replacement Parts.

(b) *General restrictions.* (1) Notwithstanding the provisions of Extension No. 2 of Limitation Order L-1-a, issued November 6, 1941, during the period commencing January 1, 1942 and ending March 31, 1942, a producer shall not manufacture more than 60% of that number of each of the replacement parts named in § 976.11 (a) (5) hereinabove, sold by him for replacement purposes during the base period from July 1, 1941 to December 31, 1941. The Director of Priorities may from time to time change the limitations imposed by this section to the extent deemed necessary by him to offset such curtailment in production as may result from conversion of facilities from non-defense to defense work or from other cause or to assure an available supply of replacement parts.

(2) The determination of authorized quotas established by this Order shall exclude, and the limitations on production imposed by this Order shall not apply to any replacement parts for medium and/or heavy motor trucks, truck trailers, passenger carriers and school bus bodies produced under contracts for delivery to or for the account of:

(i) the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(ii) the government of any of the following countries: the United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia, and Yugoslavia;

(iii) any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act).

(c) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorised representatives of the Office of Production Management.

(e) *Reports.* All persons affected by this Order, shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(f) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries or any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him or would curtail the available supply of Replacement Parts by reason of a Producer's conversion from non-defense to defense work, may appeal to "Office of Production Management, Washington, D. C. Ref: L-35" setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: "Office of Production Management, Washington, D. C., Ref: L-35"

(i) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 22d day of January 1942.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Limited Preference Rating Order P-107—Material Entering Into the Production of Replacement Parts for Medium and Heavy Trucks, Truck Trailers, Passenger Carriers and School Bus Bodies

§ 976.12 *Preference Rating Order P-107.* For the purpose of facilitating the acquisition of material for the production of Replacement Parts for medium and heavy trucks, truck trailers, passenger carriers and school bus bodies, a preference rating is hereby assigned to deliveries for such purposes upon the following terms:

(a) *Definitions.* For the purposes of this order:

(1) "Medium and/or Heavy Motor Truck" means a complete motor truck or truck tractor with a maximum gross vehicle weight rating of 9,000 pounds or more (as certified to the Office of Production Management by the Producer's Engineering Department and as specified in a published rating in effect prior to August 1, 1941) or the chassis therefor.

(2) "Truck Trailer" means a complete semi-trailer or full trailer having a cargo-carrying capacity (as advertised by the Producer prior to August 1, 1941) of five tons or more, designed exclusively for the transportation of property, or the chassis or body therefor.

(3) "Passenger Carrier" means a complete motor or electrical coach for passenger transportation, having a seating capacity of not less than fifteen persons, or the chassis or (except in the case of a school bus body) the body therefor.

(4) "School Bus Body" means a complete body designed and constructed primarily to transport children of school age.

(5) "Replacement Parts" means only the following parts (including components entering into such parts) used for the repair or maintenance of heavy trucks, medium trucks, truck trailers, passenger carriers, and school bus bodies: engine, clutch, transmission, power dividers and take-offs, transfer cases, propellor shafts, universal joints, axles, braking system, wheels, starting apparatus, frame and spring suspension assemblies, shock absorbers, speedometers, fusees and flares, directional signals, driving mirrors, windshield wiper assemblies, steering apparatus, coupling devices, trailer landing gears; exhaust, cool-

ing, fuel, lubricating and electrical systems, including generators, starters, motors, lights, reflectors, signal horns, batteries; fenders, hoods, doors and door hardware, radiator guards, defroster heaters; truck refrigeration units, liquid measuring gauges; and, but only as to parts for passenger carriers and school bus bodies, body structural repair parts, sash, seats, destination signs, fare boxes, guards and grab rails, door operating mechanisms, signaling devices, heating and ventilating equipment.

(6) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of Replacement Parts.

(7) "Supplier" means any person with whom a contract or purchase order has been placed for delivery, to the Producer or to another Supplier, of Material which will be physically incorporated into the Replacement Parts.

(8) "Material" means any commodity, equipment, accessories, parts, assemblies or products of any kind.

(b) *Assignment of preference rating.* Subject to the terms of this Order preference rating A-3 is hereby assigned:

(1) to deliveries to a Producer by his suppliers of Materials to be physically incorporated by him in Replacement Parts, *Provided, however,* That when his production of the Replacement Parts is limited by Limitation Order No. L-35, or by any other order or direction of the Director of Priorities, no materials shall be obtained in quantity greater than required for this production as so limited.

(2) to deliveries to any Supplier of Material which will ultimately be delivered by him or another Supplier to the Producer under the rating assigned above, or will be physically incorporated into material which will be so delivered.

(c) *Persons entitled to apply preference rating.* The Preference Rating hereby assigned may be applied by (1) a Producer; and (2) a Supplier, provided that he requires the Material so purchased in order to make deliveries which have been duly rated in the manner specified in paragraph (d).

(d) *Application of preference rating.* (1) A Producer in order to apply the preference rating to a delivery of material to him must endorse the following statement on the original and all copies of the purchase order or contract for such Material, signed by a responsible official duly designated for such purpose by such Producer.

CERTIFICATE OF PRODUCER APPLYING RATING

An A-3 preference rating is assigned to this purchase order pursuant to Limited Preference Rating Order P-107. This application of the rating is made by the Producer upon the conditions set forth in said order, with which we are familiar.

Authorized Signature for Producer.

Such endorsement shall constitute a certification to the Office of Production Management that such Material is required to the extent ordered in order to produce the number of Replacement Parts within the limits authorized.

(2) A Supplier in order to apply the preference rating to a delivery of Material to him must endorse the following statement on the original and all copies of the purchase order or contract for such Material signed by a responsible official duly designated for such purpose by such Supplier:

CERTIFICATE OF SUPPLIER APPLYING RATING

An A-3 preference rating is assigned to this purchase order pursuant to Limited Preference Rating Order P-107. This application of the rating is made by the Supplier upon the conditions set forth in said Order, with which we are familiar.

Authorized Signature for Supplier.

Such endorsement shall constitute a certification to the Office of Production Management that such Material is required to the extent ordered in order to fill a purchase order placed by a Producer or Supplier duly rated in accordance herewith. Any such Supplier's purchase order or contract shall be restricted to Material the delivery of which is rated in accordance herewith.

(3) A Producer or Supplier placing any such rated purchase orders or contracts and the Supplier selling the Material covered thereby, must each retain endorsed copies of such purchase orders or contracts segregated from all other purchase orders or contracts for a period of two years from the date thereof for inspection by authorized representatives of the Office of Production Management.

(e) *Restrictions on application of rating.* The preference rating hereby assigned shall not be applied:

(1) By a Producer to obtain deliveries of materials in excess of the amount needed for the production of the Replacement Parts, taking into consideration existing inventories of the Producer, and subject to any limitation contained in Limitation Order L-35, or in any other Order or direction issued by the Director of Priorities. If a Producer has sufficient Material to produce the authorized number of Replacement Parts and still have a practical minimum working inventory, he shall not make use of the rating to obtain delivery of such Material.

(2) By a Supplier to obtain Material in excess of the amount necessary to make rated deliveries, taking into consideration existing inventories of the Supplier. If a Supplier has sufficient Material to enable him to make his rated deliveries and still have a practicable minimum working inventory, he shall not make use of the rating to obtain delivery of such Materials.

(3) By a Producer or a Supplier (i) unless the Material to be delivered cannot be obtained when required without such rating,

(ii) to obtain deliveries earlier than required,

(iii) to deliveries of Materials on purchase orders placed after March 1, 1942,

(iv) to deliveries of materials on purchase orders calling for delivery after March 31, 1942.

(f) *Violations.* Any person who willfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries or any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Reports.* Each Producer and Supplier who in any month applies the preference rating in the manner herein provided to any deliveries to him, shall, on or before the 15th day of the following month file with the Office of Production Management, Washington, D. C., Ref. L-35 a report on form to be prescribed by the Director of Priorities, setting forth the number of items or amount of materials to which the preference rating has been assigned in the preceding month, the stock of such items and amount of such materials on hand, and the number or amount used in production by him during the period from July 1 through December 31, 1941, and such other reports as the Director of Priorities may require.

(h) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time in whole or in part or in its application to any Producer or any Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked. No additional applications of this rating to any other deliveries shall thereafter be made by any Producer or Supplier affected by said revocation or expiration.

(i) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Communications to Office of Production Management.* Acceptance of this Order, all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: "Office of Production Management, Washington, D. C. Ref: P-107."

(k) *Effective date.* This Order shall take effect immediately, and unless sooner revoked shall expire on the 31st day of March, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Supplementary General Limitation Order L-3-f To Prohibit Production of Light Motor Trucks

In accordance with the provisions of § 976.3,[1] (*General Limitation Order L-3*) which the following order supplements, *It is hereby ordered,* That:

§ 976.13 *Supplementary General Limitation Order L-3-f*—(a) *Prohibition of light motor truck production after February 1, 1942.* Except to the extent that operations are permitted under paragraph (b) of this section, effective February 1, 1942 producers of light motor trucks shall not manufacture any such light motor trucks, either for civilian or for military use or for export, and either with or without tires, regardless of the provisions of any order heretofore issued by the Office of Production Management and regardless of the provisions of any contracts heretofore or hereafter entered into by such producers.

(b) *Completion during February, 1942 of operations on quotas for the month of January, 1942.* Any producer of light motor trucks who, on January 31, 1942, has not completed his January, 1942, quota of light motor trucks may apply to the Office of Production Management for permission to complete such January quota during the month of February, 1942: *Provided, however,* That in no event shall permission be granted to continue production after February 10, 1942 in order to complete such January quotas.

(c) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 981—PASSENGER AUTOMOBILES

Supplementary General Limitation Order L-2-g To Prohibit the Production of Passenger Automobiles

In accordance with the provisions of § 981.1[2] (*General Limitation Order L-2*), which the following order supplements, and notwithstanding the provisions of § 981.5[3] (*Supplementary General Limitation Order L-2-d*) which the following order supersedes, *It is hereby ordered,* That:

§ 981.8 *Supplementary General Limitation Order L-2-g*—(a) *Prohibition of passenger car production after February 1, 1942.* Except to the extent that operations are permitted under paragraph (b) of this section, effective February 1, 1942, producers of passenger automobiles shall not manufacture any such passenger automobiles, either for civilian or for military use or for export, and either with or without tires, regardless of the provisions of any order heretofore issued by the Office of Production Management and regardless of the provisions of any contracts heretofore or hereafter entered into by such producers.

(b) *Completion during February, 1942 of operations on quotas for the month of January, 1942.* Any producer of passenger automobiles who, on January 31, 1942, has not completed his January, 1942 quota of passenger automobiles may apply to the Office of Production Management for permission to complete such January quota during the month of February, 1942. *Provided, however,* That in no event shall permission be granted to continue production after February 10, 1942 in order to complete such January quotas.

(c) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 5 to Supplementary Order No. M-15-c to Restrict Transactions in New Rubber Tires, Casings, and Tubes

Paragraph (b) of § 940.4 is amended by adding thereto subparagraphs (5), (6), (7), (8), (9) and (10), and paragraphs (c) and (e) of § 940.4 are amended to read as follows:

§ 940.4 *Supplementary Order M-15-c.*

* * * * *

(b) *Definitions.*

* * * * *

(5) "Consumer" means any person who operates vehicles using tires.

(6) "Retailer" means a person selling new rubber tires, casings, or tubes exclusively to consumers, including commercial accounts.

(7) "Wholesaler" means a person selling new rubber tires, casings, or tubes exclusively to persons buying for purposes of resale and to commercial accounts.

(8) "Distributor" means a person selling new rubber tires, casings, or tubes both to consumers, including commercial accounts, and to persons who buy for purposes of resale.

(9) "Manufacturer" means a person who manufactures new rubber tires, casings, or tubes.

(10) "Commercial accounts" means a person who operates five or more vehicles using tires.

(c) *Prohibition on deliveries of new rubber tires, casings and tubes, except to persons possessing certificates.* (1) Except as provided in this paragraph and in paragraphs (g) and (h) of this section, or in regulations hereafter issued by the Office of Price Administration, no person shall sell, lease, trade, lend, deliver, ship, or transfer new rubber tires, casings, or tubes, and no person shall accept any such sale, lease, trade, loan, delivery, shipment or transfer of any such new rubber tires, casings, or tubes. (The provisions of this paragraph shall apply to all new rubber tires, casings and tubes, whether such new rubber tires, casings, and tubes are at the date of issuance of this Order already manufactured, or whether such new rubber tires, casings, and tubes are manufactured in the future.)

(2) No retailer, distributor, wholesaler or manufacturer possessing new rubber tires, casings, or tubes, or otherwise acquiring such tires, casings, or tubes shall mount such tires, casings, or tubes on vehicles owned by him or otherwise subject to his control unless he holds a certificate issued by the Office of Price Administration: *Provided,* That a manufacturer may mount new tires, casings or tubes on a vehicle owned by him or otherwise subject to his control used exclusively for testing purposes and not in connection with any other use.

(3) Any person, except a retailer, distributor, wholesaler, or manufacturer may sell, lease, trade, lend, deliver, ship, or transfer new rubber tires, casings, or tubes to a retailer, distributor, wholesaler, or manufacturer.

(4) A retailer may sell, lease, trade, lend, deliver, ship, or transfer any new rubber tire, casing, or tube (i) to any consumer in exchange for a certificate authorizing such purchase issued by the Office of Price Administration; (ii) to any other retailer; (iii) to any distributor; (iv) to any wholesaler; or (v) to any manufacturer.

Any retailer making a sale, lease, trade, loan, delivery, shipment or transfer pursuant to subdivisions (ii), (iii), (iv), and (v) of this subparagraph shall keep records showing the name of the person acquiring the new rubber tires, casings or tubes, the number and type of tires, casings or tubes acquired, the sales price and the date of the transfer.

(5) Any distributor may sell, lease, trade, lend, deliver, ship, or transfer any new rubber tire, casing, or tube (i) to any consumer in exchange for a certificate authorizing such purchase issued by the Office of Price Administration; (ii) to

any retailer or distributor, but only in exchange for the appropriate part of the certificate issued pursuant to paragraph (e) of this section or the receipt issued pursuant to paragraph (g) of this section; (iii) to any wholesaler; or (iv) to any manufacturer.

Any distributor making a sale, lease, trade, loan, delivery, shipment or transfer pursuant to subdivisions (ii), (iii), and (iv) of this subparagraph shall keep records showing the name of the person acquiring the new rubber tires, casings or tubes, the number and type of tires, casings or tubes acquired, the sales price and the date of the transfer.

(6) Any wholesaler may sell, lease, trade, lend, deliver, ship, or transfer any new rubber tire, casing, or tube (a) to a consumer in exchange for a certificate authorizing such purchase issued by the Office of Price Administration: *Provided*, That such consumer purchased or leased new rubber tires, casings, or tubes direct from such wholesaler's warehouse during the calendar year 1941; (ii) to any retailer, distributor or wholesaler, but only in exchange for the appropriate part of the certificate issued pursuant to paragraph (e) of this section or the receipt issued pursuant to paragraph (g) of this section; or (iii) to any manufacturer.

Any wholesaler making a sale, lease, trade, loan, delivery, shipment or transfer pursuant to subdivisions (ii) and (iii) of this subparagraph shall keep records showing the name of the person acquiring the new rubber tires, casings or tubes, the number and type of tires, casings or tubes acquired, the sales price and the date of the transfer.

(7) Any manufacturer may sell, lease, trade, lend, deliver, ship, or transfer any new rubber tires, casings, or tubes (i) to a consumer in exchange for a certificate authorizing such purchase issued by the Office of Price Administration: *Provided*, That such consumer purchased or leased new rubber tires, casings, or tubes direct from such manufacturer's factory or warehouse during the calendar year 1941; or (ii) to any retailer, distributor, wholesaler, or manufacturer, but only in exchange for the appropriate part of the certificate issued pursuant to paragraph (e) of this section or the receipt issued pursuant to paragraph (g) of this section: *Provided*, That during each quarter of every calendar year commencing January 1, 1942 no manufacturer shall sell, lease, trade, lend, deliver, ship or transfer to retailers and distributors owned, operated or controlled by such manufacturer a wholesale dollar value of new rubber tires and tubes in excess of the ratio which the wholesale dollar value of new rubber tires and tubes sold, leased, traded, delivered, or transferred to all retailers or distributors owned, operated or controlled by such manufacturer bore to its total wholesale dollar value of new rubber tires and tubes sold, leased, traded, loaned, shipped, or transferred for each quarter in 1941.

Any manufacturer making a sale, lease, trade, loan, delivery, shipment or transfer, pursuant to subdivision (ii) of this subparagraph shall keep records showing the name of the person acquiring the new rubber tires, casings, or tubes, the number and type of tires, casings or tubes acquired, the sales price and the date of the transfer.

(8) Any retailer or distributor may deliver, ship or transfer new rubber tires, casings or tubes to any warehouse or premise owned, operated or controlled by such person, provided there is no change in ownership or control involved in this delivery, shipment or transfer. Records of such delivery, shipment or transfer shall be kept and reports in connection therewith shall be made as may be required by the Office of Price Administration.

(9) Any wholesaler or manufacturer may deliver, ship or transfer new rubber tires, casings, or tubes to any warehouse or premise owned, operated or controlled by such person and not used in performing the functions of a distributor or retailer provided there is no change in ownership or control involved in this delivery, shipment or transfer. Records of such delivery, shipment or transfer shall be kept and reports in connection therewith shall be made as may be required by the Office of Price Administration.

(10) Any common carrier which on December 11, 1941 was in possession of shipments of new rubber tires, casings, and tubes consigned to a consignee may (without certificates) deliver such tires, casings, and tubes to such consignee.

(11) Any manufacturer may sell, transfer or deliver, with the written approval of the Director of Priorities of the Office of Production Management, any new rubber tire, casing or tube to a manufacturer of new vehicles to be used as part of the original equipment of such vehicles. Records of such transfers shall be kept and reports in connection therewith shall be made as may from time to time be required by the Office of Production Management.

* * * * *

(e) *Acquisition of new rubber tires, casings, and tubes by persons in the categories enumerated in List A attached hereto.*

* * * * *

(4) That the tire, casing or tube for which application is made when added to all other tires, casings or tubes of whatever condition in the applicant's possession whether unmounted or mounted on a vehicle, will not add up to more than one spare tire of a given size for each eligible vehicle: *Provided, however*, That, when the applicant is a retailer, distributor, wholesaler, or manufacturer of new rubber tires, casings, or tubes this subparagraph of paragraph (e) can be satisfied by showing that the applicant operates only eligible vehicles and that none of his vehicles is equipped with more than one spare tire and tube of a given size. (Supplementary Order M–15–c, 6 F.R. 6792)

This amendment No. 5 shall become effective January 28th, 1942. Issued this 21st day of January 1942.

PART 1316—COTTON TEXTILES

AMENDMENT NO. 4 TO PRICE SCHEDULE NO. 35 [1]—CARDED GREY AND COLORED-YARN COTTON GOODS

Section 1316.61 (b) (4) is hereby amended in the following respects:

Table I of § 1361.61 (b) (4) is hereby amended so that the first two sentences, the feeler motion premium, and footnote 1 will read as set forth below;

Table III of § 1316.61 (b) (4) is hereby amended so that the maximum prices for osnaburgs will read as set forth below; and

Table III–A of § 1316.61 (b) (4) is amended to read as set forth below:

§ 1316.61 *Appendix A; maximum prices for cotton goods.*

* * * * *

(b) * * *

(4) *Maximum price tables.*

TABLE I

In addition to the maximum prices set forth in the following tables, the following premiums for special manufacturing processes may be charged. None of the premiums allowable hereunder is applicable, however, to osnaburgs delivered against contracts entered into prior to January 23, 1942, or to print cloths of Class B or C; or to any fabric accepted below; or to any fabric which, in its standard construction, is normally manufactured by means of the process on which such premium is predicated.

Name of manufacturing process:	*Premium*
Feeler motion	1/4¢ per yd.[2]

* * * * *

[2] This premium, which is not applicable to cloths other than sheetings, osnaburgs, carded broadcloth, and Class A print cloths, is effective January 23, 1942. In connection with deliveries against contracts entered into between October 21, 1941, and January 22, 1942, inclusive, a premium of one cent per pound is allowable for feeler motion when used in the production of sheetings and Class A print cloths.

[1] The maximum prices set forth in the table above are for part-waste osnaburgs. Maximum prices for clean osnaburgs shall be the above prices plus the following differentials:

For clean osnaburgs made of tinged cotton, 1½ cents per lb.
For clean osnaburgs made entirely of white cotton, 2 cents per lb.

No osnaburg shall be classed, for the purposes of this Schedule, as a clean osnaburg unless it is wholly free from card strips and other waste material.

For any osnaburg with 32 or more picks per inch, a premium of ½ cent per pound over the otherwise applicable maximum price may be charged.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 39.]

PART 1508—MARKETING

PACIFIC COAST AREA

To the Marketing Committee of District 5, to the Pacific Northwest Products Subcommittee, the Products Subcommittee for the State of Washington, the Products Subcommittee for the State of Oregon, and to each marketer or other person engaged in, or having an interest in, the marketing and distribution of petroleum or petroleum products in District 5:

The Congress of the United States has declared the existence of a state of war between the Government and the people of the United States and the Imperial Japanese Government, the Government of Germany and the Government of Italy.

The diversion of a part of the American tanker fleet for war purposes has resulted in a shortage of tanker tonnage available for the transportation of petroleum and petroleum products on the Pacific Coast. Because of the exigencies of warfare in the Pacific, the efficiency of operation of the tankers remaining in this service is necessarily reduced and the regularity of sailing schedules seriously impaired. These factors will, unless abated, result in intermittent periods of scarcity of petroleum and petroleum products in areas of the Pacific Coast states dependent on tanker transportation for petroleum, particularly the States of Washington and Oregon.

It is essential in the national interest that all possible steps be taken to avert or alleviate the serious adverse effects on the progress of the war effort and the public generally which such periods of scarcity of petroleum and petroleum products in the Pacific Northwest would occasion.

Therefore, pursuant to the President's letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1508.3 *Subcommittees authorized.* The following Subcommittees shall be designated by the Marketing Committee for District 5:

(a) a Products Subcommittee for the State of Washington;

(b) a Products Subcommittee for the State of Oregon;

(c) a Pacific Northwest Products Subcommittee to be composed of a chairman, a vice-chairman, a representative for Eastern Washington, and the chairman of the Products Subcommittees for the States of Washington and Oregon.*

*§§ 1508.3 to 1508.9, inclusive, issued under the authority contained in the President's letter of May 28, 1941, to the Secretary of the Interior (6 F.R. 2760).

§ 1508.4 *Inventory and demand survey.* The said subcommittees shall obtain, analyze and keep current all pertinent and available facts, figures, and other data with respect to stock inventories and demand for petroleum and petroleum products in the Pacific Northwest.*

§ 1508.5 *Sale, exchange, and loan of petroleum products.* The said subcommittees shall coordinate, arrange for, and, after approval by the Chief Counsel of the Office of Petroleum Coordinator for National Defense and subject to the direction of the Petroleum Coordinator for National Defense or the Deputy Petroleum Coordinator, carry into effect the sale, exchange, or loan of petroleum and petroleum products among the various marketers in the areas subject to their jurisdiction wherever and to whatever extent may be necessary to facilitate and assure the distribution of the available supply of petroleum and petroleum products to meet, in the order of statement, the needs of the military forces of the United States, the needs of war industries, essential civilian needs and all other reasonable civilian requirements.*

§ 1508.6 *Distribution and division of available petroleum.* In cases of an emergency character, where the District Director of Marketing for District 5 of the Office of Petroleum Coordinator for National Defense finds that immediate measures are essential to accomplish the objectives of this Recommendation and that, because of the need for speed, the procedure provided in § 1508.5 is inadequate, the appropriate subcommittee or subcommittees shall, subject to the direction of the said Director, make temporary arrangements for the distribution and division of incoming supplies and existing inventories of petroleum and petroleum products among the several marketers in such a manner, at such times, and in such amounts, as will result in the most efficient method of assuring a continuous supply of petroleum and petroleum products to meet war, defense, and essential civilian demands as they arise, while, at the same time and so far as is not inconsistent therewith, providing equal treatment for all marketers affected thereby. The said District Director of Marketing shall promptly submit to the Chief Counsel of the Office of Petroleum Coordinator for National Defense a full report on any action taken under the provisions of this section.*

§ 1508.7 *Plans.* The Pacific Northwest Products Subcommittee shall, in the event the Director of Marketing for District 5 finds that the methods provided in §§ 1508.5 and 1508.6 are inadequate to assure the efficient and equitable distribution of petroleum and petroleum products to meet essential demands in the affected areas, devise and present to the Marketing Committee for District 5 plans to accomplish the objectives of this Recommendation. Without limitation as to other necessary or appropriate provisions, such plans may provide for the exchange, loan, sale, lease, or pooling of petroleum and petroleum products, and of production, transportation, refining and storage facilities wherever and to whatever extent may be necessary for the purpose of this Recommendation. If approved by the Marketing Committee such plans shall be submitted to the Chief Counsel of the Office of Petroleum Coordinator for National Defense for his approval before being carried into effect.*

§ 1508.8 *Meetings.* Meetings of the several subcommittees, the Marketing Committee for District 5, and representatives of the several marketers in the affected areas may be held from time to time for the purpose of preparing the plans provided for in § 1508.7. The said committees and representatives may, upon the approval of any of the aforesaid plans by the Chief Counsel of the Office of Petroleum Coordinator for National Defense and pursuant to the direction of the Petroleum Coordinator for National Defense or the Deputy Petroleum Coordinator, meet from time to time for the purpose of doing all things necessary to carry into effect any such plan in accordance with the purposes of this Recommendation.*

§ 1508.9 *Effectuating plans.* The subcommittees and all persons affected by any plan formulated in accordance with § 1508.7 shall, upon the approval by the Chief Counsel of the Office of Petroleum Coordinator for National Defense of any such plan, and pursuant to the direction of the Petroleum Coordinator for National Defense or the Deputy Petroleum Coordinator, carry into effect such plan according to its terms, conditions and intent.

R. K. DAVIES,
Deputy Petroleum Coordinator for National Defense.

SUBPART A—CADETS

§ 294.1 *General requirements*—(a) *Citizenship.* A candidate must be a male citizen of the United States. If naturalized, a candidate must have been a citizen of the United States for ten years previous to the date of application.

(b) *Age.* A candidate must be not less than 18 years of age nor more than 23 years of age on the date of application. If the candidate has not reached his eighteenth birthday or if he has reached his twenty-third birthday on or before that date, he will be ineligible for appointment. If under 21 years of age, he will be required to furnish the written consent of parent or guardian as a part of his application.

(c) *Character.* A candidate must satisfy the Supervisor of Cadet Training as to his good moral character.

(d) *Education.* A candidate must satisfy the Supervisor of Cadet Training that he has sufficient educational qualifications to pursue the prescribed courses of study for Cadets.

(e) *Marital status.* A candidate must be unmarried. Any Cadet who shall marry or who shall be found to be married before completion of training shall be requested to resign, and, failing to do so, shall be dismissed by the Supervisor of Cadet Training.

(f) *Ineligible persons.* No person who has been dismissed or compelled to resign from a Federal Service Academy or a State Maritime Academy for improper conduct, or who has been dishonorably discharged from the armed forces of the United States or who has been dismissed for cause or has resigned with prejudice as a civil employee of the United States is eligible for appointment as a Cadet in the United States Maritime Commission Cadet Corps.

(g) *Reappointment.* No person who has resigned from a cadetship in the United States Maritime Commission Cadet Corps will be reappointed unless his previous service record has been approved as satisfactory by the Supervisor of Cadet Training.

(h) *False application.* If it should be determined at any time during a Cadet's course of training, that he had purposely falsified his application or supporting papers, he shall be dismissed.* [1]

*§§ 294.1 to 294.25 and 294.51 to 294.70 issued under the authority contained in Sec. 216 (b) 52 Stat. 965; 68 Stat. 1182; 46 U.S.C. Supp. 1126.

§ 294.2 *Physical requirements*—(a) *Freedom from physical defects or disease; height.* A candidate must be of normal size, sound constitution, and free from physical defects or disease, especially those of vision, color perception, (Ishihara or other plate tests), speech, and hearing. He must be not less than 5 feet 5 inches and not more than 6 feet 4 inches in height. Candidates must have vision of 20/20 in each eye uncorrected.

(b) *Certification of application by physician.* The application of a candidate must be signed by a physician who has examined the candidate and certified that, in his opinion, the candidate meets the physical standards set by the Navy for appointment as an officer of the Naval Reserve and should be able to pass such a physical examination without a recommendation for waiver of defects.

(c) *Physical examination by Naval Medical Officer.* A candidate for appointment as Cadet must pass a physical examination for appointment as Cadet, Merchant Marine Reserve, United States Naval Reserve, conducted by a medical officer of the United States Navy or Naval Reserve. A candidate for whom a waiver has been recommended will not receive an appointment as a Cadet and will not be assigned to a Cadet School until the Navy Department has approved the waiver and the Supervisor of Cadet Training has been so informed.

(d) *Discharge for physical defects or disease.* Any defect or disease developed by a Cadet during training, which would result in his discharge from the United States Naval Reserve, will be sufficient cause for the Supervisor of Cadet Training to terminate the training of a Cadet.

(e) *Reexamination by Public Health Service Medical Officer.* A Cadet may be required to be reexamined by a medical officer of the United States Public Health Service before assignment to Cadet School for his advanced course of shore training.* [2]

§ 294.3 *Scholastic requirements*—(a) *Authority of Supervisor of Cadet Training.* The Supervisor of Cadet Training is authorized to prescribe the scholastic requirements for appointment as Cadet for the duration of the emergency.

(b) *Minimum units; required and elective groups.* A candidate for appointment as Cadet (Deck) or Cadet (Engineer) during the emergency must possess at least 12 units from accredited schools, except as hereinafter changed by the Supervisor of Cadet Training. Lists of subjects and their corresponding weights in units, which must be submitted, except as hereinafter changed by the Supervisor of Cadet Training, are as follows:

Required Group (5 Units)

3 units in English.
1 unit in Mathematics from any of the following:
- Algebra.
- Plane Geometry.
- Intermediate Algebra.
- Solid Geometry.
- Advanced Algebra.
- Plane Trigonometry.
- Spherical Trigonometry.
- Calculus.
- Shop Mathematics (for Cadet Engineers only).

1 unit in Science from any of the following group:
- Physics.
- Chemistry.
- General Science.
- Biology.
- Mechanic Arts Subjects.
- Vocational and Workshop Subjects (for Cadet Engineers only).

Elective Group (7 Units)

The remaining 7 units may be supplied from other subjects completed in accredited schools.

(c) *English units.* If a candidate has four or more units in English or more than the one unit in subjects above mentioned in "Required Group", such excess units may be credited to elective group.

(d) *Credit for studies being undertaken at school.* A candidate may be given credit for studies being undertaken at school, provided the principal of the school or a tutor approved by the Super-

[1] The material in brackets at the end of each section identifies the section as contained in the printed regulations issued by the United States Maritime Commission.

visor of Cadet Training submits a statement that, in his opinion, the candidate will complete subject or subjects with a satisfactory grade at the end of the term.

(e) *Rejection for inability to pursue study courses.* The Supervisor of Cadet Training may reject any candidate whose grades in required or elective subjects create doubt as to his ability to pursue the study courses prescribed for cadets.* [3]

§ 294.4 *Applications; submission of application.* Application for appointment as Cadet, fully completed, together with all supporting papers, shall be submitted to the Supervisor of Cadet Training, United States Maritime Commission, Washington, D. C.* [4]

§ 294.5 *Certificates.* A candidate must submit the following:

(a) *Certificates of studies and grades.* Properly attested certificates, on the forms prescribed and furnished by the Supervisor of Cadet Training, showing subjects studied and grades and units received from accredited schools. The school certificates shall be forwarded by the respective accredited schools direct to the Supervisor of Cadet Training, United States Maritime Commission, Washington, D. C.

(b) *Birth certificate or proof of citizenship.* Birth certificate or proof of citizenship with application. In cases where birth certificates are not available, the proof of citizenship submitted must be of a nature acceptable to the Navy Department for establishing citizenship for appointment as an officer in the United States Naval Reserve. (See § 294.25, Appendix A, for acceptable proofs to the Navy.)

(c) *Passport photograph.* One full face passport photograph attached to application.

(d) *Certificate of good moral character.* Three letters from responsible American citizens certifying to the good moral character of the applicant, attached to application.

None of the above papers, with the exception of (b), will be returned to a candidate after review of his application. Birth certificate, or other proof of citizenship, will be promptly returned to the candidate and must be in his possession when he reports to the office of the District Instructor.* [5]

§ 294.6 *Scholastic tests—*(a) *Waiver during emergency.* Scholastic tests for appointment as Cadet shall be waived for the duration of the emergency.

(b) *Approval of applications and supporting papers.* Applications and supporting papers will be carefully examined by a board of three officers of the Section of Cadet Training, United States Maritime Commission, and if the candidate is acceptable, his application will be approved and notice sent him accordingly by the District Instructor at either New York, New Orleans or San Francisco.

(c) *Reimbursement for travel from home to Cadet School; conditions.* A Cadet successfully passing his physical examination for appointment as Cadet, Merchant Marine Reserve, United States Naval Reserve, shall be reimbursed by the United States Maritime Commission at the rate of five cents per mile, based upon official distance tables of the War Department, from his home to Cadet School and receive such remuneration after satisfactory completion of preliminary training and basic Naval Science courses at Cadet Schools. Cadets failing to successfully complete the preliminary and basic Naval Science course shall not be reimbursed for their traveling expenses.* [6]

§ 294.7 *Eligible lists—*(a) *Order of eligibility.* During the emergency the names of candidates will be placed on either Deck or Engineer eligible lists in accordance with the dates their applications and supporting papers were approved.

(b) *Coastal areas and Cadet School assignments.* The lists of eligible Deck candidates and Engineer candidates will be divided into coastal areas by the Supervisor of Cadet Training and assignments will be made to the Cadet Schools as indicated below:

To Atlantic Coast Cadet School

Candidates from—
Connecticut.
Delaware.
Illinois.
Indiana.
Maine.

Rhode Island.
Vermont.
Virginia.
West Virginia.
Wisconsin.
District of Columbia.
Puerto Rico.

To Gulf Coast Cadet School

Candidates from—
Alabama.
Arkansas.
Florida.
Georgia.
Iowa.
Kansas.
Kentucky.
Louisiana.
Mississippi.
Missouri.
Nebraska.
Oklahoma.
South Carolina.
Tennessee.
Texas.
Canal Zone.

To Pacific Coast Cadet School

Candidates from—
Arizona.
California.
Colorado.
Idaho.
Montana.

*To Pacific Coast Cadet School—*Con.

Candidates from—
Nevada.
New Mexico.
North Dakota.
Oregon.
South Dakota.
Utah.
Washington.
Wyoming.
Alaska.
Hawaii.

(c) *Assignment upon exhaustion of coastal eligible list.* In the event the eligible list for a coast becomes exhausted, the Supervisor of Cadet Training may make assignments from other coastal lists.

(d) *Notification of standing on eligible list.* A candidate will on request be advised of his standing on the eligible lists, by the District Instructors on the Atlantic Coast (New York), Pacific Coast (San Francisco) and Gulf Coast (New Orleans).

(e) *Request for removal from eligible list.* A candidate on the eligible list must advise the Supervisor of Cadet Training promptly when he ceases to be available for assignment and wishes his name removed from list. Such a candidate must inform the Supervisor of Cadet Training, in writing, of the reasons for his withdrawal.* [7]

§ 294.8 *Appointments and assignments—*(a) *Successful candidate.* A successful candidate, who has passed his Naval Reserve physical examination, shall be appointed a Cadet by the Supervisor of Cadet Training and assigned by the District Instructor to preliminary training and basic Naval Science classes at a designated United States Maritime Commission Cadet School.

(b) *Maintenance and designation of Cadet Schools.* Cadet Schools for preliminary training, Naval Science courses, observation of aptitude, and continuation of studies while awaiting reassignment, shall be maintained by the Maritime Commission, one each on the Atlantic, Gulf and Pacific coasts. The advanced classroom work will be conducted at the Atlantic Coast and Pacific Coast Cadet Schools only. Advanced Cadets of the Gulf Coast District will be assigned to either the Atlantic Coast or the Pacific Coast Cadet Schools. The official designation of the Cadet Schools shall be United States Maritime Commission Academy of the (Atlantic, Pacific, or Gulf) Coast.

(c) *Observation for aptitude.* During periods at Cadet Schools, Cadets will be observed for aptitude. A Cadet found not adaptable for a career as an officer in the Merchant Marine shall be requested to resign, and failing to do so, shall be dismissed by the Supervisor of Cadet Training.

(d) *Orders to home pending assignment to vessel.* The Supervisor of Cadet Training, the District Instructor, or, when directed by the Supervisor of Cadet Training, the Commanding Officer of the Cadet School, may order any Cadet to his home after a period at Cadet School, there to await assignment to a vessel.

In such cases a Cadet will be reimbursed for transportation from school to home and from home to vessel, but will not receive pay or any other allowance from the Maritime Commission during period away from school or vessel.

(e) *Assignments to vessels.* Assignments to vessels shall be made by the Supervisor of Cadet Training or the District Instructors after due consideration is given to the standing of Cadets at Cadet School and the recommendations of its Commanding Officer.

(f) *Instructions to report for Naval Reserve physical examination and acknowledgment thereof.* Candidates on eligible lists will be informed of the date to report to the District Instructor for their Naval Reserve physical examination, at San Francisco, New York, or New Orleans, by the Supervisor of Cadet Training or the District Instructor. Candidates must acknowledge receipt of instructions to report, by telegram within 24 hours, and must report to the office of the District Instructor on the date instructed.

(g) *Effect of failure to acknowledge instructions or reject assignment.* The name of an eligible will be removed from the list if he fails to acknowledge receipt of instructions, fails to report, or rejects assignment without acceptable reason. The Supervisor of Cadet Training shall decide whether reason offered is acceptable.

(h) *Selection of vessel, etc.* Candidates or Cadets shall not be permitted to select vessel or steamship company employer, and steamship companies shall not be permitted to select candidates or Cadets.

(i) *Arrangements by District Instructors.* The District Instructor, or when directed by the Supervisor of Cadet Training, the Commanding Officer of the Cadet School will arrange for:

(1) Submission of applications for appointment as Cadet, Merchant Marine Reserve, United States Naval Reserve;
(2) Physical examination by a medical officer of the United States Navy or Naval Reserve for appointment as Cadet, Merchant Marine Reserve, United States Naval Reserve;
(3) Oath of office as United States Maritime Commission Cadet and taking of finger prints;
(4) The Division of Purchase and Supply to furnish uniforms and textbooks prescribed by the Supervisor of Cadet Training;
(5) The Division of Finance to commence pay of Cadet on date he reports to Cadet School;
(6) Furnishing of prescribed study assignments, quizzes, circular letters, and supplementary study material;
(7) Assignment to Cadet School;
(8) Detachment from Cadet School upon satisfactory completion of preliminary training and basic Naval Science courses, and assignment to a vessel;
(9) The Division of Finance to reimburse for balance of pay and deposit due while at Cadet School and travel allowance, after satisfactory completion of preliminary training and basic Naval Science courses, and after deductions for uniforms, textbooks and equipment furnished while at the Cadet Schools;
(10) Sea service papers from the Bureau of Marine Inspection and Navigation of the United States Department of Commerce;
(11) Introduction to proper shore official of steamship company to which assigned.

(j) *Instructions by steamship company.* The shore official of the steamship company will instruct cadets relative to:

(1) Company regulations.
(2) Approval of Master.
(3) Signing of ship's articles and commencement of pay from steamship company.

(k) *Certificates of appointment.* Certificates of appointment signed by the Secretary of the United States Maritime Commission and the Supervisor of Cadet Training shall be issued to all Cadets after their assignment to Cadet Schools.

(l) *Requests upon Local Selective Service Boards for deferment of Cadets.* The Supervisor of Cadet Training or District Instructors will request of Local Selective Service Boards the deferment of successful candidates until their oath of office is taken as Cadet in the United States Naval Reserve. Local Selective Service Boards will be promptly advised by the District Instructors of:

(1) Date oath as Cadet, Merchant Marine Reserve, is taken;
(2) Failure of a Cadet to satisfactorily complete preliminary training, with consequent withdrawal of request for deferment;
(3) Subsequent loss of status as Cadet because of resignation, dismissal or any other reason except promotion, with consequent discharge from the United States Naval Reserve and the withdrawal of request for deferment.

(m) *Notification to Commandants of Naval Districts of loss of Cadet status.* The Supervisor of Cadet Training will promptly inform the Commandants of Naval Districts relative to Cadets who have lost their status in the Cadet Corps of the United States Maritime Commission.* [8]

§ 294.9 *Courses of training—*(a) *Training periods.* For the duration of the duration of the emergency the courses of training for Cadets shall be at least two months at Cadet Schools for preliminary training and basic Naval Science, followed by at least ten months aboard ships and at least ten months at Cadet Schools for advanced study in preparation for licensed officer examination. Exceptions are those Cadets (E) holding engineering degrees which permit them to sit for their Third or Second Assistant Engineer Licenses after three to twelve months as Cadets (E) aboard ship. Such excepted Cadets (E) shall be required to complete preliminary training course and basic Naval Science, but will be designated Cadets (E) First Class (Special) and follow special courses of study, outlined by the Commanding Officer of the Cadet School, in preparation for their examination for license. The maximum training for Cadets (E) First Class (Special) will be one year aboard ships subsequent to completion of preliminary training at Cadet Schools.

(b) *Period of preliminary training.* The period of preliminary training at Cadet Schools shall be not less than two months. During this period Cadets (D) shall qualify for visual signaling proficiency certificates.

(c) *Continuation of studies while waiting transfers between ships.* While waiting transfers between ships, Cadets shall report to Cadet Schools for continuation of studies or may be granted leave without pay or allowances at the discretion of the District Instructor.

(d) *Courses during emergency.* The courses during the emergency shall be as follows, except as hereinafter changed by the Supervisor of Cadet Training:

FIRST YEAR OF TRAINING

(A)

AT LEAST TWO MONTHS PRELIMINARY TRAINING AND BASIC NAVAL SCIENCE AT CADET SCHOOL

(A) *Naval Science—Classroom for Cadets (D–2) and Cadets (E–2).*

	Periods
U. S. Naval History—Traditions and Customs	27
U. S. Navy Regulations—Administration	22
Ordnance and Gunnery	38
Naval Communications	14
Total	101

(B) *Naval Science—Drill for Cadets (D–2) and Cadets (E–2).*

	Periods
Infantry, Gunnery, Small Arms Practice, and any other drill which the Naval Science Instructor may consider necessary	35

(C) *Merchant—Classroom.*

Cadets (D–2)

	Periods
Seamanship	16
General Knowledge[1]	8
Navigation	8
Mathematics (D)	16
Elementary Marine Engineering	8
Cargo	8
Ship Construction	8
Total	72

Cadets (E–2)

	Periods
General Knowledge[1]	8
Marine Steam Engineering	16
Electrical Engineering	16
Mathematics (E)	8
Machine Shop	8
Ship Construction	8
Diesel Engineering	8
Total	72

[1] Cadets will be quizzed in all rules, regulations, notebook instructions and circular letters until the Commanding Officer is satisfied that they have a thorough understanding of same.

(D) *Merchant—Drills and Practical Work.*

Cadets (D–2)

	Periods
Boat Drill (Pulling and Sail)	32
Inspection and General Drills (Collision, Fire, Abandon Ship, Fire and Rescue, etc.)	16
Visual Signaling (All Cadets (D–2) must be qualified for proficiency certificate before detachment from the School. Cadets (D–2) who have secured visual signaling proficiency certificates will continue in preparation for "expert" certificate. The Commanding Officer is authorized to give final tests and grant certificates if found qualified)	48
Practical Seamanship and Work (Marlinspike seamanship, knots, splices, cargo gear, and upkeep of boats. Chipping, painting, cleaning, polishing, and typing. When practicable visits will be made to ships, docks, rope, and paint factories and shipyards)	24

Cadets (E–2)

	Periods
Boat Drill (Pulling and Sail)	32
Inspection and General Drills (Collision, Fire, Abandon Ship, Fire and Rescue, etc.)	16
Practical Work (It is more desirable that this time be spent in machine shops, on repairs, or other mechanical work. If facilities are not available, Cadets (E–2) should be given (a) study periods in Marine Steam Engineering II, or (b) visits to machine shops, shipyards, and engine rooms of ships when practicable. Cadets (E–2) should also be given practical work in chipping, painting, cleaning, polishing, overhaul of boat engines and typing)	72

[1] To be given during last 18 weeks. The requirements for license should be summarized and each Cadet's weaknesses and strengths determined in order that the work mentioned in paragraph (E) shall be guided most efficiently. The time to be devoted to each subject under (E) should be outlined for each Cadet.

(E) The remaining time at Cadet School shall be devoted to study, attendance at classes with other Cadets to review instruction, or as the Commanding Officer may direct to prepare most efficiently for the examination for license. The District Instructor may assign Cadets (D) to Gyro School during this period if such Cadets are believed fully prepared for their license examinations Boat Drill must be attended during this time and effort must be made to maintain the physical well-being of Cadets during this time of highly concentrated review and study.

(e) *Furnishing of study assignments, etc.* Study assignments, quizzes, problems, and supplementary material will be furnished gratis to Cadets.

(f) *Texts, equipment and class rings.* All prescribed texts and necessary equipment will be sold to Cadets by the Division of Purchase and Supply of the United States Maritime Commission at cost to the government. Cadets will be furnished with prescribed texts and equipment on entering Cadet Schools for preliminary and advanced courses. The costs of such texts and equipment will be deducted from their pay accrued while at Cadet School. Class rings, approved by the Supervisor of Cadet Training, will be furnished to Cadets during their advanced courses at Cadet Schools. The cost of rings to the government shall be deducted from the Cadet's accrued pay while at Cadet School. Miniature rings may be purchased by Cadets directly from suppliers.

(g) *Preparation and grading of assignments, quizzes, etc.* Assignments, quizzes, problems, and supplementary material shall be prepared and graded by the Educational Unit of the Section of Cadet Training and the staff of instructors at Cadet Schools. Outside sources may be contracted and utilized by the Supervisor of Cadet Training, in accordance with law and within budget limitations, when, in his judgment, the facilities or staff of the Educational Unit or Cadet Schools are not sufficient to properly prepare courses and grade papers in all prescribed subjects.

(h) *Notification of changes in curricula.* Cadets shall be advised by circular letters of any changes made in curricula by the Supervisor of Cadet Training.

(i) *Preparation for examination for license.* The District Instructors and Commanding Officers at Cadet Schools shall direct Cadets, relative to review of subjects and the purchase of reference textbooks considered necessary in preparation for the examination to secure their licenses.

(j) *Contract instructors.* The Supervisor of Cadet Training is authorized, in accordance with law and within budget limitations, to employ instructors on a contract basis for detail to Cadet Schools, Offices of District Instructors and the Educational Unit for the Section of Cadet Training. All such contracts must be approved by the Commission.

(k) *Purchase of Cadet School equipment and supplies.* The Supervisor of Cadet Training is authorized to arrange with the Division of Purchase and Supply for the purchase of berthing, messing, recreational and instructional equipment and supplies for Cadet Schools and attached floating equipments, within the limitations of budget approved for operating expenditures.* [9]

§ 294.10 *Pay*—(a) *Rate ashore.* Cadets will receive pay at the rate of $65.00 per month from the United States Maritime Commission while at Cadet Schools or place of special shore training. Pay while at Cadet School will commence on the date of reporting to the Commanding Officer and will terminate on the date of detachment from Cadet School. Periods spent at places of special shore training shall be considered the same as time spent at Cadet Schools.

(b) *Rate aboard ship.* While attached to ships Cadets will receive minimum pay at a rate of $65 per month from their steamship company employers.

(c) *Suspension of pay.* No pay will be received from the Maritime Commission when not attached to Cadet Schools or assigned to places of special shore training, except as hereinafter changed by the Supervisor of Cadet Training.

(d) *War or other bonuses.* In addition to the minimum rates of pay, steamship companies shall grant to Cadets, attached to their ships, the same percentage of increase in pay for war or other emergency bonuses as has been granted to their Third Officers.

(e) *Cadets initially assigned to Cadet Schools.* Cadets initially assigned to Cadet Schools for preliminary training and basic Naval Science shall not receive their balance of pay until after the date of their detachment from Cadet School for assignments to ships or places of special shore training.

(f) *Cadets assigned to advanced courses and special training.* Cadets assigned to Cadet Schools for advanced courses and places of special shore training shall receive their pay at the end of each calendar month and on the date of their detachment from Cadet School or place of special shore training.

(g) *Suspension of pay for disciplinary reasons.* The Supervisor of Cadet Training is authorized to place any Cadet on a no-pay basis for disciplinary reasons while assigned to Cadet School or place of special shore training.* [10]

§ 294.11 *Transportation*—(a) *Rate of reimbursement.* The Maritime Commission shall reimburse Cadets at the rate of 5 cents per mile, based on official mileage tables of the War Department, for their traveling expenses:

(1) From home town to port wherein Cadet School is located, after passing Naval Reserve physical examination, reporting to the Commanding Officer of Cadet School, execution of oath of office as Cadet of the United States Maritime Commission Cadet Corps, and satisfactory completion of preliminary training and basic Naval Science courses.

(2) From port wherein Cadet School is located to the port where vessel, to which the Cadet is assigned or where place of special shore training, is located.

(3) From port where detached from vessel to port wherein Cadet School or place of special shore training is located.

(4) Between ports of Cadet Schools and between locations of places of special shore training.

(5) From port of Cadet School to home and from home to port where vessel to which assigned or place of special shore training is located, after having been ordered by the District Instructor to his home to await assignment to a vessel or place of special shore training.

(b) *Requests for reimbursement.* Requests from Cadets for transportation reimbursement properly endorsed and approved by the District Instructor will be submitted to the District Auditors of the United States Maritime Commission at either San Francisco, New York, or New Orleans for their action. When Cadets are transferred from one District to another, the mileage voucher will be prepared, approved, certified, and paid in the District to which the Cadet has been transferred.

(c) *No reimbursement during leave status; exception.* Cadets will not be reimbursed by the Maritime Commission for travel expenses to and from Cadet Schools or locations of special training ashore or ships, while they are on leave, unless ordered home by the District Instructor, to await assignment to ships or places of special training ashore.* [11]

§ 294.12 *Allowances; quarters and subsistence*—(a) *At Cadet School.* Cadets, while assigned to Cadet School, will be furnished with quarters and subsistence by the United States Maritime Commission. Laundry service, not to exceed $1.00 per week for any one Cadet, will also be paid by the United States Maritime Commission.

(b) *On special assignments ashore.* Cadets, while on special assignments away from Cadet School and when so authorized by the Supervisor of Cadet Training or District Instructors, will receive an allowance of $45 per month for quarters, subsistence, and other living expenses, in addition to their pay from the United States Maritime Commission, provided steamship companies, shipyards, or others to whom Cadets are assigned for special training ashore do not pay such wages and allowances.

(c) *Aboard ship.* Cadets, while assigned to ships, will be furnished with quarters and subsistence gratis by the steamship company employer.

(d) *When traveling or not quartered aboard ship.* Cadets, while traveling on the orders of a steamship company, or when quarters or subsistence are not furnished aboard ship, shall receive the same allowances for transportation, quarters and subsistence as Third Officers of the steamship company.* [12]

§ 294.13 *Deposit*—(a) *For uniforms, textbooks and equipment.* Cadets assigned to Cadet School for preliminary training and basic Naval Science course, prior to their original assignment to ships, shall make a deposit of at least $75 with the District Auditor of the Maritime Commission, to cover the cost of the initial issue of prescribed uniforms, textbooks and equipment furnished by the Division of Purchase and Supply of the United States Maritime Commission. The cost of additional prescribed uniforms and textbooks shall be deducted from pay earned while at Cadet School.

(b) *For spending money and personal items.* Cadets must provide themselves with a minimum of $25 for spending money and personal items during the period of preliminary training.

(c) *Not required for advanced courses.* Cadets assigned to Cadet Schools for advanced courses or to wait reassignment to ships shall not be required to make a deposit unless directed by the District Instructor.* [13]

§ 294.14 *Quarters and mess*—(a) *Berth.* Cadets aboard ship shall be berthed in rooms with other Cadets or Cadet Officers in that part of the vessel designated as Officers' or First Class passenger quarters.

(b) *Mess.* Cadets shall mess with licensed deck and engineer officers.* [14]

§ 294.15 *Annual leave.* Effective January 1, 1942, and for the duration of the emergency no annual leave with pay shall be granted to Cadets by the Maritime Commission or steamship companies. However, a District Instructor or a Commanding Officer of a Cadet School is authorized to grant a Cadet leave, without pay, while waiting assignment or reassignment to ships or Cadet Schools as circumstances dictate. During the emergency District Instructors shall endeavor to have Cadets serve at least 10 months aboard ship and at least 12 months total at Cadet Schools or places of special training ashore with the minimum of deduction for time on leave.* [15]

§ 294.16 *Uniforms, insignia, textbooks, equipment*—(a) *Requirements and method of payment.* Cadets shall possess uniforms, insignia, textbooks, and equipment as prescribed by the Supervisor of Cadet Training in "Uniform Regulations for United States Maritime Commission Cadet Corps" and circular letters. Cadets assigned to Cadet Schools will be furnished uniforms, insignia, textbooks, and equipment by the Division of Purchase and Supply, and the costs of same shall be deducted from their pay while at Cadet Schools: *Provided*, That the total cost of uniforms, insignia, textbooks, and equipment furnished to Cadets shall not exceed their deposit plus accrued pay.

(b) *Items to be prescribed by Supervisor of Cadet Training.* The Supervisor of Cadet Training shall designate those items of uniform, insignia, textbooks, and equipment that shall be possessed and maintained during the period of training, or made optional, in accordance with the following groups:

Group 1 shall include personal items, such as underwear, shirts, shaving kit, etc., that must be possessed by a candidate or Cadet upon reporting to Cadet School.

Group 2 shall include items of uniform, insignia, textbooks and equipment designated by the District Instructor, which

shall be furnished by the Division of Purchase and Supply, during the period at Cadet School, and charged against the Cadet's deposit plus accrued pay.

Group 3 shall include those additional items of uniform, insignia, textbooks, and equipment which Cadets shall purchase after leaving Cadet Schools and while serving in ships.

Group 4 shall include those items of uniform and equipment which shall be optional with Cadets until reporting to Cadet School for advanced course:

Group 5 shall include those items of uniform and equipment which shall be optional for Cadets during the entire period of training.

(c) *Cadets in advanced courses.* Uniforms, insignia, textbooks, class rings for Cadets in advanced courses and equipment shall be furnished to Cadets at Cadet School by the Division of Purchase and Supply, the value of which shall not, at any time, exceed the deposit plus accrued pay.* [16]

§ 294.17 *Awards*—(a) *Required grades for scholastic awards.* Cadets receiving an average grade of 85 percent or higher, with a mark of at least 70% in every subject, in quizzes, lessons and problems submitted during their first 12 months of service shall be awarded a blue and white ribboned service pin with a small gold anchor or propeller, as appropriate, in the white center. Scholastic award pins shall be presented to Cadets, at the expense of the Maritime Commission, by District Managers, District Instructors or Commanding Officers of Cadet Schools.

(b) *By steamship companies.* Steamship companies may select one Cadet (D) and one Cadet (E) by February 1st of each year as outstanding Cadets in their service for the preceding year. The reports of the District Instructor may be consulted for the purpose of comparison or the steamship companies may make awards based on their own records. Cadets selected by steamship companies shall be presented with a gold and blue ribboned pin with gold anchors or propellers, as appropriate, on the blue center, by an executive of the steamship company.

(c) *Combination pins.* If an outstanding Cadet has also won a pin for high scholastic grades, such pin shall be worn as a continuation of the other. In such cases a combination pin shall be presented to Cadets, at the expense of the United States Maritime Commission, by either the District Manager, the District Instructor, the Commanding Officer of a Cadet School or an executive of the steamship company.

(d) *Presentation of special awards by Chairman of Maritime Commission.* Cadets who have rendered distinguished service, or, for some other reason have won special awards shall be ordered to Washington by the Supervisor of Cadet Training, to receive such award from the Chairman of the United States Maritime Commission or other government official. In such cases the Cadet shall receive pay at the rate of $85 per month from the Maritime Commission during period absent from Cadet School or ship and will travel on regular government travel request issued by the District Manager with a per diem allowance of $6.00 per day. If assigned to Cadet School, the Cadet shall receive pay due on the day ordered to depart from school for Washington. The period of stay in Washington shall be five days.* [17]

§ 294.18 *Diploma.* Cadets will receive a diploma signed by the Chairman, the Commissioner in charge of Training, the Director of the Division of Training, and the Supervisor of Cadet Training of the United States Maritime Commission, after satisfactory completion of prescribed course of study and training. The Secretary of the United States Maritime Commission also will sign the diploma and affix the seal of the United States Maritime Commission. In addition to the diploma, Cadets will be furnished with a statement of grades received in each subject during their course of training and any notations relative to distinguished service.* [18]

§ 294.19 *Promotion to and Assignment as Cadet Officer*—(a) *Loss of Cadet status.* Cadets shall lose their status as such when the Supervisor of Cadet Training determines that they are either ineligible and qualified to take their examinations for or have received a license as Third Mate or Third Assistant Engineer (steam and/or motor) from the Bureau of Marine Inspection and Navigation of the United States Department of Commerce. For Cadets (E), First Class (Special), who possess certain degrees from approved colleges and are permitted to sit for Third or Second Assistant Engineer licenses at the end of 3, 6, and 12 months' service aboard ships, the maximum service as Cadet (E) aboard ships shall be one year.

(b) *Request for assignment as Cadet Officer.* If after securing their licenses, Cadets are not promptly promoted by steamship companies to licensed officer positions, they may submit a request to the Supervisor of Cadet Training for promotion to and prompt assignment as Cadet Officer and shall, if approved by the Supervisor of Cadet Training, receive appointments and assignments to vacancies aboard ships, preferably to steamship companies with which they last served as Cadets.* [19]

§ 294.20 *Resignations*—(a) *Method of submission.* Cadets who for various reasons find that they must terminate their training, shall submit their written resignations to the Supervisor of Cadet Training, via the Master or Commanding Officers of their vessels and the District Instructor. Resignations of Cadets assigned to a vessel must be made effective at the termination of the voyage in a United States port and shall be submitted to the Master or Commanding Officer at least 10 days before arrival in port. Resignations of Cadets at Cadet Schools must be made effective at least 10 days from date and shall be submitted to the Commanding Officer of the Cadet School.

(b) *Statement of reasons.* Detailed reasons for terminating training must be stated in resignation.* [20]

§ 294.21 *Active duty in Navy as Midshipman, MMR*—(a) *Request for appointment.* Cadets who have served in vessels taken over by the Navy will request appointment as Midshipman, MMR, and active duty with pay and allowance of that rank, during the emergency. Other Cadets will request such appointments and active duty when so directed by the Supervisor of Cadet Training or the Navy Department.

(b) *Continuation of prescribed study courses.* During active duty in the Navy, Cadets will, as Midshipmen, MMR, carry on with the prescribed courses of study in preparation for their licenses as Third Mate or Third Assistant Engineer (steam and motor). Midshipmen, MMR, will not be detached from active duty and assigned to Cadet Schools for advanced course. During the emergency they will be eligible to sit for their licenses after a total of twenty-two months as either Cadet or Midshipman aboard merchant or Naval vessels.* [21]

§ 294.22 *Maximum number of Cadet Officers or Cadets*—(a) *Limitations on assignments.* During the emergency there shall be no limit in the total number of Cadets or Cadet Officers under training. Two Cadets shall be assigned to all emergency built vessels and at least two Cadets to all other new vessels aboard which rooms existed for Cadets at the time of delivery.

(b) *Placement by District Instructors.* Endeavor shall be made by District Instructors to fill all vacancies for Cadets or Cadet Officers aboard existing ships in offshore trades and aboard the new vessels to be delivered during the emergency. District Instructors shall promptly advise the Supervisor of Cadet Training of the reasons why any vessel in offshore trades failed to carry Cadets or Cadet Officers.* [22]

§ 294.23 *Distribution of regulations.* The regulations in this subpart shall be published in the FEDERAL REGISTER and distributed to all Cadets, applicants for appointment as Cadets, and others concerned with or interested in the training of Cadets ashore and afloat.* [23]

§ 294.24 *Instructions supplementing regulations.* The Supervisor of Cadet Training is hereby authorized and directed to prescribe and issue instructions, supplementing the regulations in this subpart, for the training of Cadet Officers and Cadets assigned to Cadet Schools, locations of special training, and aboard ships. Copies of such instructions will be distributed to Cadet Training Instructors, offices of steamship companies providing for the training of Cadet Officers and Cadets, Cadet Officers and Cadets, and others concerned.* [24]

§ 294.25 *Evidence of citizenship.*

APPENDIX A

REQUIREMENTS OF NAVY DEPARTMENT RELATIVE TO EVIDENCE OF CITIZENSHIP

(*Article H–3106 (2) (c) Bureau Manual*)

(2) All applications must show and be signed with the full legal names of applicants. They must be accompanied by or include the following:

(a) Evidence of citizenship as shown below.

If native born:

(1) A duly verified copy of a public or church record of birth, or

(2) The affidavit, under oath, of the physician, midwife, or other persons present at the birth.

(3) In cases where neither (1) nor (2) can be obtained by the candidate, the affidavit of either parent.

(4) In cases where the candidate certifies that no one of the above is obtainable, the affidavits (under oath) of two reputable citizens acquainted with him. Each of these affidavits should state the facts within the knowledge of the deponent upon which he bases his statements as to the citizenship of the candidate, as for example, that he has known the candidate since birth, that he knew his parents, or as the case may be.

If foreign born:

(5) Certificate of naturalization, under the seal of the court in which naturalized.

(6) Certificate of naturalization, under the seal of the court in which naturalized, of the parent during the minority of the candidate, together with the affidavit of a parent that the candidate is the child of the parent whose certificate of naturalization is submitted.

(7) In special cases where the candidate certifies that neither (5) nor (6) is obtainable, the affidavits of two reputable citizens acquainted with him (see par. 4, under native-born citizens). As every naturalization is a matter of record in some court, these affidavits will be accepted only in very exceptional cases, and on the understanding that the candidate shall later submit a proper certificate of naturalization.

NOTE: In the cases of naturalized citizens, the Navy Department requires a period of ten years citizenship before it will approve an application for Cadet MMR, U.S.N.R.* [25]

SUBPART B—CADET OFFICERS

§ 294.51 *General requirements*—(a) *Age.* A candidate must be not less than 19 nor more than 25 years of age on the date application is received. If less than 21 years of age, the application shall contain written consent of a parent or guardian.

(b) *Possession of license.* He must possess a license, under which he has not served, as Third Mate—Ocean, or original Second Mate—Ocean, or Third Assistant Engineer—Unlimited, or original Second Assistant Engineer—Unlimited, issued by the Bureau of Marine Inspection and Navigation of the United States Department of Commerce.

(c) *Character.* A candidate must satisfy the Supervisor of Cadet Training as to his good moral character.

(d) *Education.* A candidate must satisfy the Supervisor of Cadet Training that he has sufficient educational qualifications to pursue courses of study which are prescribed for Cadet Officers.

(e) *Marital status.* A candidate must be unmarried. Any Cadet Officer who shall marry or who shall be found to be married before completion of training shall be requested to resign and, failing to do so, shall be dismissed by the Supervisor of Cadet Training.

(f) *Ineligible persons.* No person who has been dismissed or compelled to resign from the United States Maritime Commission Cadet Corps, a Government Service Academy or a State Maritime Academy, for improper conduct, or who has been dishonorably discharged from the armed forces of the United States, or who has been dismissed for cause or has resigned with prejudice as a civil employee of the United States is eligible for an appointment as a Cadet Officer in the United States Maritime Commission Cadet Corps.

(g) *Enrollment in Merchant Marine Reserve.* A candidate must enroll or be enrolled, as a Cadet, Merchant Marine Reserve, or hold a commission in the United States Naval Reserve, to be eligible for appointment as Cadet Officer.* [1]

§ 294.52 *Physical requirements*—(a) *Naval Reserve physical examination.* No physical examination will be required of candidates who are enrolled in the Naval Reserve. Candidates who are not enrolled in the Naval Reserve will be required to pass the Naval Reserve physical examination for appointment as Cadet, Merchant Marine Reserve, without waiver. If waiver is recommended, candidates cannot be appointed until after waiver is approved by the Navy Department.

(b) *Termination of training for physical defect or disease.* Any defect or disease developed by a Cadet Officer during training, which would result in his discharge from the United States Naval Reserve, will be sufficient cause for the Supervisor of Cadet Training to terminate his training as a Cadet Officer.* [2]

§ 294.53 *Applications*—(a) *Submission to Supervisor of Cadet Training.* Application for appointment as Cadet Officer, fully completed, together with all supporting papers, shall be submitted to the Supervisor of Cadet Training.

(b) *Graduates of Cadet Corps.* Graduates of the United States Maritime Commission Cadet Corps may submit requests for promotion to Cadet Officers in lieu of new applications.* [3]

§ 294.54 *Certificates*—(a) *Subjects and grades at accredited schools or colleges.* A candidate who is not a graduate of an approved State Maritime Academy or the United States Maritime Commission Cadet Corps, but has attended other schools, shall submit a properly attested certificate listing subjects and grades received at accredited schools or colleges. The school certificates shall be forwarded by the respective accredited schools direct to the Supervisor of Cadet Training, United States Maritime Commission, Washington, D. C., on the form prescribed and furnished by the Supervisor of Cadet Training.

(b) *Graduates of State Maritime Academies or Cadet Corps.* A candidate who is a graduate of an approved State Maritime Academy shall submit a properly attested certificate from his State Maritime Academy in which shall be listed subjects studied, grades received, and class standing on graduation. No certificates will be required of graduates of the United States Maritime Commission Cadet Corps.

(c) *Rejection for inability to pursue self-study courses.* The Supervisor of Cadet Training shall reject any candidate whose school certificates cause doubt as to his ability to pursue the self-study courses prescribed for Cadet Officers.

(d) *Passport photograph.* A candidate must submit one full face photograph of passport size.

(e) *Certificate of good moral character.* A candidate, except a graduate of the United States Maritime Commission Cadet Corps, must submit a letter from the Superintendent of an approved State Maritime Academy or last employer (if not a graduate of an approved State Maritime Academy), certifying good moral character.* [4]

§ 294.55 *Eligible list*—(a) *Eligible candidates.* A candidate shall be placed on the eligible list after it is determined that the qualifications herein prescribed have been met.

(b) *Coastal areas and Cadet School or other assignments.* The lists of eligible deck Cadet Officers and Engineer Cadet Officers will be divided into coastal areas by the Supervisor of Cadet Training. (c) *Assignment upon exhaustion of coastal eligible list.* In the event the eligible list for a coast becomes exhausted, the Supervisor of Cadet Training may make assignments from other coastal lists.

(d) *Notification of standing on eligible list.* A candidate will be advised of his standing on the coastal desk or engineer eligible lists on request to the Supervisor of Cadet Training.

(e) *Acceptance of shipboard position pending assignment.* An eligible candidate who accepts another shipboard position, pending assignment as Cadet Officer, must advise the Supervisor of Cadet Training of the name of the vessel on which he is serving and the dates, his capacity, and United States ports of call of such vessel. Failure to observe this regulation will result in removal of name from eligible list.

(f) *Request for removal from eligible list.* A candidate on the eligible list must advise the Supervisor of Cadet Training promptly when he ceases to be available for assignment and wishes his name removed from list. Such a candidate shall inform the Supervisor of Cadet Training, in writing, with the reasons for his withdrawal.* [5]

§ 294.56 *Appointments and assignments*—(a) *By Supervisor of Cadet Training.* Selected candidates shall be assigned by the Supervisor of Cadet Training to the Cadet Schools or direct to ship or location of special training as vacancies occur.

(b) *Preference.* The Supervisor of Cadet Training may give preference to those eligible candidates who have completed the courses for Cadets in the United States Maritime Commission Cadet Corps or in an unlicensed capacity with the steamship company to which a Cadet Officer is to be assigned; provided the eligible candidate is recommended by the steamship company.

(c) *Seniority.* If the steamship company employer with a vacancy for Cadet Officer does not recommend an eligible candidate under the provisions of paragraph (b) of this section, the Supervisor of Cadet Training shall make assignments from amongst those cadidates on the eligible lists who have been on such eligible lists the longest in point of time.

(d) *Selection for post graduate training.* The Supervisor of Cadet Training may select qualified eligibles for post graduate training in vessels of the United States Coast and Geodetic Survey and other Government agencies and at locations of special training ashore.

(e) *Procurement of textbooks and uniforms.* After appointment and assignment to Cadet School, Cadet Officers shall arrange to procure textbooks for the first year course of study, and the uniforms designated by District Instructors or Commanding Officers of Cadet Schools.

(f) *Orders to home pending assignment to vessel.* The Supervisor of Cadet Training, the District Instructor, or when authorized by the Supervisor of Cadet Training, the Commanding Officer of the Cadet School may order any Cadet Officer to his home after a period at Cadet School and there await assignment to a vessel. In such cases a Cadet Officer will be reimbursed for transportation, at the rate of 5 cents per mile from school to home and from home to vessel, but will not receive pay or allowances during period away from school or vessel.

(g) *Prompt report for duty.* Candidates high on the eligible lists must be prepared to report promptly to Cadet School or locations of special training ashore, or direct to ships on short notice.

(h) *Removal from eligible list.* The name of an eligible will be removed from the list if he fails to acknowledge receipt of instructions by telegram within 24 hours of receipt of same, fails to report, or rejects assignment without acceptable reason. The Supervisor of Cadet Training shall decide whether reason offered is acceptable.

(i) *Selection of vessel, etc.* Candidates or Cadet Officers shall not be permitted to select vessel or steamship company employer, and steamship companies shall not be permitted to select candidates or Cadet Officers except as provided in paragraph (b) of this section.

(j) *Arrangements by District Instructor or Commanding Officer.* The District Instructor, or, when directed by the Supervisor of Cadet Training, the Commanding Officer of the Cadet School will arrange for:

(1) Oath of office as United States Maritime Commission Cadet Officer and taking of fingerprints;

(2) The Division of Finance to commence pay of Cadet Officer on date he reports to Cadet School;

(3) Furnishing of prescribed study assignments, quizzes, circular letters, and supplementary study material;

(4) Assignment to Cadet School;

(5) Detachment from Cadet School and assignment to a vessel;

(6) The Division of Finance to reimburse for pay due while at Cadet School and travel allowance, upon detachment from Cadet School;

(7) Introduction to proper shore official of steamship company to which assigned.

(k) *Instructions by steamship company.* The shore official of the steamship company will instruct Cadet Officers relative to:

(1) Company regulations.
(2) Approval of Master.
(3) Signing of ship's articles and commencement of pay from steamship company.

(l) *Certificates of appointment.* Certificates of appointment signed by the Secretary of the United States Maritime Commission and the Supervisor of Cadet Training shall be issued to all Cadet Officers after appointment.* [6]

§ 294.57 *Course of training.*—(a) *Proof of diligence.* Cadet Officers must prove to the District Instructor, who will visit their vessels while in United States ports, that they have been applying themselves diligently.

(b) *Regulations, instructions and circular letters.* Cadet Officers shall be supplied with Regulations, instructions, and circular letters, before sailing on their first voyage, or before assignment to Cadet School.

(c) *Naval Reserve Correspondence Courses.* Cadet Officers shall make application for the Naval Reserve Correspondence Courses listed below, prior to assignment to Cadet School or vessel.

(d) *Courses of study.* The courses of study shall be as follows, except as may be changed by direction of the Supervisor of Cadet Training:

Cadet Officers (D)

Naval Reserve Correspondence Course in: Navigation (A).

Cadet Officers (E)

Naval Reserve Correspondence Course in: Engineering.

(e) *Detail to shore or specialized vessel training.* In addition to the foregoing, Cadet Officers may be detailed to shore training at shipyards, plants, educational institutions or specialized training aboard vessels of the United States Coast and Geodetic Survey and other Government agencies.

(f) *Purchase of prescribed textbooks.* Cadet Officers must purchase all prescribed textbooks excepting texts loaned by the Navy.

(g) *Notification of changes in curricula.* Cadet Officers shall be advised by circular letters of any change made in their curricula by the Supervisor of Cadet Training.* [7]

§ 294.58 *Pay*—(a) *Rate.* Cadet Officers will receive pay at the rate of $100 per month from the United States Maritime Commission while at Cadet Schools and while serving aboard United States Coast and Geodetic Survey vessels for special training. Pay while at Cadet School will commence on the date of reporting to the Commanding Officer and will terminate on the date of detachment from Cadet School.

(b) *Reimbursement for transportation; assisting instructors.* A candidate who receives an appointment as Cadet Officer and is assigned to a Cadet School will be expected to serve as Cadet Officer on board ship to which assigned, in order to receive reimbursement for transportation and pay while at Cadet School. While at Cadet Schools, Cadet Officers shall assist the instructors, as directed by the Commanding Officer of the Cadet School.

(c) *Cadet Officers initially assigned to Cadet Schools.* Cadet Officers initially assigned to the Cadet Schools shall not receive their pay or transportation allowances until after the date of their detachment from Cadet School for assignment to ships or places of special shore training.

(d) *Cadet Officers aboard merchant vessels.* Cadet Officers will receive minimum pay at a rate of $100 per month during their first year aboard merchant vessels and $120 per month during their second year aboard merchant vessels, from their steamship company employers.

(e) *War or other emergency bonuses.* In addition to minimum rates of pay, steamship companies shall grant to Cadet Officers the same percentage of increases for war or other emergency bonuses as is granted to Third Officers.* [8]

§ 294.59 *Transportation*—(a) *Rate of reimbursement.* The Maritime Commission shall reimburse Cadet Officers at the rate of 5 cents per mile, based on the official mileage tables of the War Department, for their traveling expenses:

(1) From home town to port wherein Cadet School is located, after reporting to the Commanding Officer of Cadet School, execution of oath of office as Cadet Officer of the United States Maritime Commission, and detachment from Cadet School for assignment to vessel or places of special shore training.

(2) From port wherein Cadet School is located to port where vessel to which Cadet Officer is assigned, or where place of special shore training is located.

(3) From port where detached from vessel to port wherein Cadet School or place of special shore training is located.

(4) From port of Cadet School to home and from home to port where vessel to which assigned or a place of special shore training is located, after having been ordered by the District Instructor to his home to await assignment to a vessel or place of special shore training.

(b) *Requests for reimbursement.* Requests from Cadet Officers for transportation reimbursement, properly endorsed and approved by the District Instructor, will be submitted to the District Auditors of the United States Maritime Commission a either San Francisco, New York, or New Orleans for their actfon. When Cadet Officers are transferred from one District to another, the mileage voucher will be prepared, approved, certified, and paid in the District to which the Cadet Officer has been transferred.

(c) *No reimbursement during leave status; exception.* Cadet Officers will not be reimbursed by the Maritime Commission for travel expenses to and from Cadet Schools or ships or place, of special shore training while they are on leave, unless ordered home from the Cadet School by the Supervisor of Cadet Training or the District Instructor to wait for assignment to ships or places of special shore training.* [9]

§ 294.60 *Allowances; Quarters and Subsistence*—(a) *At Cadet Schools.* Cadet Officers, while assigned to Cadet Schools, will be furnished with quarters and subsistence by the United States Maritime Commission. Laundry service, not to exceed $1.00 per week for any one Cadet Officer, will also be paid by the United States Maritime Commission.

(b) *On special assignments ashore.* Cadet Officers, while on special assignments ashore away from the Cadet School and when so authorized by the Supervisor of Cadet Training, or District Instructors, will receive an allowance of $45 per month for quarters, subsistence, and other living expenses, in addition to their pay from the United States Maritime Commission, provided steamship companies, shipyards, or others to whom Cadet Officers are assigned for special training ashore do not pay such wages or allowances.

(c) *Aboard ship.* Cadet Officers, while assigned to merchant vessels will be furnished quarters and subsistence gratis by the steamship company employer.

(d) *When traveling.* Cadet Officers, while traveling on orders of a steamship company, or when quarters and subsistence are not furnished aboard ship, shall receive the same allowances for transportation, quarters and allowance as Third Officers of the steamship company.* [10]

§ 294.61 *Quarters and mess*—(a) *Berth.* Cadet Officers aboard ship shall be berthed in rooms with other Cadet Officers or Cadets in that part of the vessel designated as Officers' or First Class passenger quarters.

(b) *Mess.* Cadet Officers shall mess with licensed deck and engineer officers.* [11]

§ 294.62 *Annual leave.* Cadet Officers shall receive the same annual leave with pay as is granted by employers to their licensed officers.* [12]

§ 294.63 *Deposit—Uniforms and textbooks.* Cadet Officers assigned to Cadet School, before their first assignment to ships, shall make a deposit sufficient to cover the cost of uniforms and textbooks designated by the District Instructor or Commanding Officer of Cadet School and furnished by the Division of Purchase and Supply of the United States Maritime Commission. The cost of such uniforms and textbooks shall be deducted from this deposit plus pay earned while at Cadet School.* [13]

§ 294.64 *Uniforms, insignia, textbooks, equipment*—(a) *Purchase.* Cadet Officers shall purchase uniforms, insignia, textbooks, and equipment as prescribed by the Supervisor of Cadet Training in "Uniform Regulations for United States Maritime Commission Cadet Corps", circular letters, and designated by the District Instructor or Commanding Officer of Cadet Schools.

(b) *Items to be prescribed by Supervisor of Cadet Training.* The Supervisor of Cadet Training shall prescribe those items of uniform, insignia, textbooks, and equipment that shall be possessed and maintained during the period of training, or made optional, in accordance with the following groups:

Group 1 shall include personal items, such as underwear, shirts, etc., that must be possessed upon reporting to the Cadet School.

Group 2 shall include items of uniform, insignia, textbooks, and equipment in designated quantities, which may be furnished by the Division of Purchase and Supply, and the costs deducted from pay while at Cadet School.

Group 3 shall include those additional items of uniforms, insignia, textbooks, and equipment which Cadet Officers shall purchase after leaving the Cadet School and/or while serving in ships or locations of special training ashore.

Group 4 shall include those items of uniform and equipment that will be optional for Cadet Officers during the entire period of training.

(c) *Deposit to cover.* Uniforms, insignia, textbooks, and equipment as designated by the District Instructor or Commanding Officer of Cadet School, shall be furnished to each Cadet Officer at Cadet School by the Division of Purchase and Supply only after such Cadet Officers have deposited sufficient funds with the District Auditor to pay for all items to be furnished by the Division of Purchase and Supply during period at Cadet School.* [14]

§ 294.65 *Certificates*—(a) *Completion certificate.* Cadet Officers, upon satisfactory completion of prescribed courses, shall be awarded a certificate of completion signed by the Chairman of the United States Maritime Commission.

(b) *Post graduate certificate.* Cadet Officers assigned to United States Coast and Geodetic Survey vessels for post graduate course shall, upon satisfactory completion of post graduate training, be awarded a certificate signed by the Rear Admiral-Director of the United States Coast and Geodetic Survey, and by the Chairman of the United States Maritime Commission.* [15]

§ 294.66 *Length of service*—(a) *Extension of status as Cadet Officer.* Cadet Officers shall not remain in such grade for a period longer than one year, except that the status shall not be impaired until the conclusion of the last voyage begun within this year of service, and that the status as Cadet Officer may be extended in the discretion of the Supervisor of Cadet Training, on the request of the Cadet Officer, provided:

(1) The extension of status is recommended by the Master.

(2) The employer agrees to promote the Cadet Officer to licensed position when the opportunity presents itself.

(3) The progress record of the Cadet Officer is satisfactory.

(b) *Limit of extension.* The limit of extension of service as Cadet Officer shall be one year. If not promoted within that time, the Cadet Officer shall lose his status as such at the end of the extended year.* [16]

§ 294.67 *Promotion and future opportunities.* The Supervisor of Cadet Training shall have no jurisdiction over promotions to licensed officer positions. This matter is one for employers to decide.* [17]

§ 294.68 *Resignations*—(a) *Method of submission.* Cadet Officers who for various reasons find that they must terminate their training, shall submit their written resignations to the Supervisor of Cadet Training, via the Master or Commanding Officer of their vessels and the District Instructor. Resignations of Cadet Officers assigned to vessels must

be made effective at the termination of the voyage in a United States port and shall be submitted to the Master or Commanding Officer at least 10 days before arrival in port.

(b) *Statement of reasons.* Detailed reasons for terminating training, especially whether promoted or resigned to accept licensed position in another vessel, must be stated in resignation.* [18]

§ 294.69 *Distribution of regulations.* The regulations in this subpart shall be published in the FEDERAL REGISTER and distributed to all Cadet Officers, applicants for appointment as Cadet Officers, and others concerned with the training of Cadet Officers and Cadets ashore and afloat.* [19]

§ 294.70 *Instructions supplementing regulations.* The Supervisor of Cadet Training is hereby authorized and directed to prescribe and issue instructions supplementing the regulations in this subpart, for the training of Cadet Officers and Cadets assigned to Cadet Schools, locations of special training, and aboard ships. Copies of such instructions or rules will be distributed to Cadet Training Instructors, Officials of steamship companies, ship's officers, Cadet Officers, and others concerned.* [20]

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1248]

PETITION OF DISTRICT BOARD NO. 10 FOR A REDUCTION IN THE EFFECTIVE MINIMUM PRICES FOR 14,000 TONS OF SIZE GROUP NO. 23 COALS OF THE ROYALTON NO. 7 MINE (MINE INDEX NO. 151) OF THE FRANKLIN COUNTY COAL CORPORATION, A CODE MEMBER IN DISTRICT NO. 10, FOR ALL SHIPMENTS EXCEPT TRUCK

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party,

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 18, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 13, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 10 for a reduction from 190 to 140 cents per net ton in the effective minimum prices for 14,000 tons of Size Group No. 23 coals, allegedly substandard and now in storage at the Royalton No. 7 Mine (Mine Index No. 151) of the Franklin County Coal Corporation, a code member in District No. 10, for all shipments except truck, to the Commonwealth Edison Company at Chicago, Illinois, the Lehigh Portland Cement Company at Mason City, Iowa, and the Universal Atlas Cement Company at Buffington, Indiana.

Dated: January 20, 1942.

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on March 2, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 24, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Alabama By-Products Corporation, a code member in District 13, for revision of the minimum prices and price classifications applicable to the coals of the petitioner's Samoset Mine, Mine Index No. 37, to permit a moisture allowance of 7.5 per cent on washed coal shipped to the Illinois Central Railroad Company for railroad locomotive fuel use.

[Docket No. B-146]

IN THE MATTER OF ZIMMERMAN COAL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 9985, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine:

(a) whether or not Zimmerman Coal Company, Registered Distributor, Registration No. 9985, whose address is 609 Tribune Building, Terre Haute, Indiana, rsepondent in the above-entitled matter, has violated any provisions of the Act, the Code, any orders or regulations of the Division including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, (the "Distributor's Regulations"), and the Distributor's Agreement, (the "Agreement") executed September 24, 1940, by respondent, pursuant to Order of the Bituminous Coal Division dated June 19, 1940, in General Docket No. 12; and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed; and for said purposes gives notice that the Division has information to the effect that:

2. Respondent is a corporation, incorporated in the State of Indiana in the year 1916, and is engaged as a distributor, pursuant to the Distributor's Regulations, in the business of purchasing and reselling bituminous coal.

3. Respondent entered into a sales agency agreement, with the Lone Star Coal Co., Inc., of Terre Haute, Indiana, as principal. Said agreement was dated October 4, 1940 and filed with the Division on October 9, 1940, and a modification thereof dated July 1, 1941, was filed with the Division on July 15, 1941.

4. The Lone Star Coal Co., Inc., is a code member operating the Lone Star No. 3 Mine, Mine Index No. 118, Vigo County, Indiana, and the Lone Star Mine, Mine Index No. 55, Clay County, Indiana, both located in District No. 11.

5. Respondent acting in behalf of said code member pursuant to said sales agency agreement sold and delivered by rail to the Columbian Enameling and Stamping Co., Inc., at Terre Haute, Indiana, 22 cars of 3/8" carbon coal, Size Group No. 15, produced at the Lone Star Mine, Mine Index No. 55, during the period from November 9, 1940, to March 28, 1941, both dates inclusive; and 12 cars of 3/8" carbon coal, Size Group No. 15, produced at the Lone Star No. 3 Mine, Mine Index No. 118, during the period from April 7, 1941 to July 15, 1941, both dates inclusive.

6. Respondent prepaid the freight charges of 53 cents per net ton on the coal sold and delivered as indicated in paragraph 5 hereof, with the intent to and having the effect of granting a discriminatory credit allowance, and thereby violated section 4 II (1) (3) of the Act, Part II (i) (3) of the Code, Rule 3 of section XIII and Rule 1 (J) of section VII of the Marketing Rules and Regulations and paragraphs (c) and (e) of the Agreement.

7. During the period from May 6, 1941 to May 8, 1941, both dates inclusive, respondent purchased from the F. C. Morgan Coal Company, a code member, 2 cars of 2" screenings, Size Group No. 26, produced by said code member at its Butler Mine, Mine Index No. 16, located in Clay County, Indiana, in District No. 11. Respondent during said period resold and shipped said coal by rail to the Columbian Enameling and Stamping Co., Inc., at Terre Haute, Indiana, and prepaid the freight charges of 63 cents per net ton thereon with the intent to, and having the effect of granting a discriminatory credit allowance, thereby violating section 4 II (1) (3) of the Act, Part II (i) (3) of the Code, Rule 3 of Section XIII and Rule 1 (J) of Section VII of the Marketing Rules and Regulations and paragraphs (c) and (e) of the Agreement.

8. On or about May 14, 1941, respondent purchased from Goodman Coal Corporation of Chicago, Illinois, sales agent for Big Bend Collieries, Inc., a code member, 1 car of 2" screenings, Size Group No. 26, produced by said code member at its Big Bend Mine, Mine Index No. 7, located in Clay County, Indiana, in District No. 11. Respondent on or about said date resold and shipped said coal by rail to the Columbian Enameling and Stamping Co., Inc., at Terre Haute, Indiana, and prepaid the freight charges of 63 cents per net ton thereon with the intent to, and having the effect of granting a discriminatory credit allowance, thereby violating section 4 II (1) (3) of the Act, Part II (i) (3) of the Code, Rule 3 of Section XIII and Rule 1 (J) of Section VII of the Marketing Rules and Regulations and paragraphs (c) and (e) of the Agreement.

9. Respondent subsequent to September 30, 1940, failed to file its invoices currently as rendered with the field office for District No. 11 as required by Order No. 295 of the Director dated June 14, 1940, and Order No. 313 of the Director dated February 24, 1941, resulting in the violation of paragraph (e) of the agreement.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on March 5, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Post Office Building, Terre Haute, Indiana.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: January 21, 1942.

[General Docket No. 12]

IN THE MATTER OF PRESCRIBING DUE AND REASONABLE MAXIMUM DISCOUNTS OR PRICE ALLOWANCES BY CODE MEMBERS TO "DISTRIBUTORS" UNDER SECTION 4 PART II (h) OF THE BITUMINOUS COAL ACT OF 1937, AND ESTABLISHING RULES AND REGULATIONS FOR THE MAINTENANCE AND OBSERVANCE BY DISTRIBUTORS IN THE RESALE OF COAL, OF THE PRICES AND MARKETING RULES AND REGULATIONS PROVIDED BY SECTION 4 OF THE ACT IN RE PETITION OF AMERICAN COAL DISTRIBUTORS ASSOCIATION FOR AMENDMENT OF § 304.14 (a) OF THE RULES AND REGULATIONS FOR REGISTRATION OF DISTRIBUTORS

NOTICE OF AND ORDER FOR HEARING

The Director of the Bituminous Coal Division, United States Department of the Interior, having on June 19, 1940, established Rules and Regulations for the Registration of Distributors in General Docket No. 12; and

Jurisdiction having been reserved in said order to entertain proceedings to

modify any of the determinations made therein; and

American Coal Distributors Association having filed its petition to reopen said General Docket No. 12, praying:

1. That § 304.14 (a) of said Rules and Regulations for the Registration of Distributors be amended by deleting the second paragraph of said section and inserting in lieu thereof substantially the following:

The registration of such distributor may be revoked or suspended for such period of time as the Division may deem proper, after hearing upon reasonable notice and upon proof that such registered distributor has wilfully violated any provisions of the Act or any orders or regulations made thereunder: *Provided*, That the Division, in its discretion, may issue an order directing such distributor to cease and desist violating the Act and regulations made thereunder, and upon failure of such distributor to comply with such order the Division may reopen the case upon ten (10) days' notice to the distributor affected and proceed in a hearing thereon as above provided.

2. That such other and further relief be granted as may seem just and equitable.

It is, therefore, ordered, That said General Docket No. 12 be reopened for the purpose of receiving evidence with respect to the modification of § 304.14 (a) of the Rules and Regulations for the Registration of Distributors, as requested by the petitioner, and that a hearing on such matter be held on February 16, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where the hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at such hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before February 10, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders, rules or regulations prescribed pursuant thereto, may concern, in addition to the specific proposal made by petitioner, other matters germane to the subject matter thereof which may be raised by amendment, proposal or otherwise, or which may be necessary corollaries of said subject matter.

[Docket No. 1745-FD]

IN THE MATTER OF JOHN ARRONCO, JR., DEFENDANT

CEASE AND DESIST ORDER

District Board 20 having filed a complaint with the Bituminous Coal Division on June 16, 1941, pursuant to the provisions of sections 5 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation by John Arronco, Jr., (Arronco Coal Company Mine), a code member in District 20, of the Bituminous Coal Code and the rules and regulations thereunder as follows:

That the defendant, subsequent to September 30, 1940, sold approximately 1,585.25 tons of 4⅜" lump coal and 581.50 tons of 1⅜" x 4⅜" egg coal, produced by the defendant at his mine (Mine Index No. 104) located in Carbon County, Utah, at prices 34 cents and 35 cents below the effective minimum prices for such coals;

Pursuant to an order of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 2, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Price, Utah, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That the defendant, his representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal produced by the defendant at less than the applicable effective minimum prices established therefor, contrary to the Bituminous Coal Act of 1937 or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 20 for Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States in any circuit where the defendant carries on business for the enforcement hereof or take any other appropriate action.

Dated: January 19, 1942.

[Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, 1462-FD]

IN THE MATTER OF THE APPLICATIONS OF PUBLIC SERVICE COMPANY OF INDIANA FOR EXEMPTION UNDER SECTION 4-A OF THE BITUMINOUS COAL ACT OF 1937

ORDER DENYING APPLICATIONS FOR EXEMPTION

These proceedings were instituted upon applications for exemption filed by the Public Service Company of Indiana, an Indiana corporation, on December 30, 1937, October 28, 1938, and February 8, 1939, with the National Bituminous Coal Commission, and on November 21, 1939, February 5, 1940, June 14, 1940, and October 4, 1940, with the Bituminous Coal Division, pursuant to section 4-A of the Bituminous Coal Act of 1937. The applications sought the entry of orders exempting the coals of certain mining properties in District 11 from the provisions of section 4 of the Act.

Pursuant to Notice of and Order for Hearing, a consolidated hearing in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, was held from June 18 to June 20, 1940, before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Indianapolis, Indiana.

On September 18, 1940, pursuant to a stipulation entered into on August 30, 1940, by counsel for the applicant and counsel for the Division, the Director ordered the application for exemption in Docket No. 1323-FD consolidated with the applications for exemption in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, and 1188-FD, and further ordered the application for exemption in Docket No. 1323-FD and the aforesaid stipulation incorporated into the record made on the applications for exemption in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, and 1188-FD.

On December 7, 1940, pursuant to a stipulation entered into on November 29, 1940, by counsel for the applicant and counsel for the Division, the Director ordered the application for exemption in Docket No. 1462-FD consolidated with the applications for exemption in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, and 1323-FD, and further ordered the application for exemption in Docket No. 1462-FD and the stipulation entered into in respect thereto incorporated into the record made on the applications for exemption in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, and 1323-FD.

On January 28, 1941, the Director entered an Order permitting briefs to be filed within 20 days from the date thereof. Thereafter, counsel for the applicant requested that the Order of January 28, 1941, be set aside and that

the date for filing briefs be indefinitely postponed, pending the decision of the Supreme Court of the United States in the matter of *H. A. Gray, as Director of the Bituminous Coal Division of the Department of the Interior, et al.*, vs. *Legh R. Powell, Jr., and Henry W. Anderson, as Receivers of Seaboard Air Line Railway Company*, as to which certiorari was granted to the aforementioned H. A. Gray, et al., on January 6, 1941, by the Supreme Court of the United States. Accordingly, on February 18, 1941, the Order of January 28, 1941, was set aside and the date for filing briefs indefinitely postponed.

On February 28, 1941, counsel for the applicant and the General Counsel of the Division entered into a stipulation providing that "(a) In the event that the Supreme Court of the United States affirms the order of the Director entered on June 14, 1940 denying the application for exemption of Legh R. Powell, Jr. and Henry W. Anderson, as receivers of Seaboard Air Line Railway, Docket 49-FD, the applicant agrees to waive further hearing on the above-entitled applications for exemption [Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, and 1462-FD] and consents to the entry of an order of the Director denying, on the merits, the above-entitled applications; and (b) in the event that the Supreme Court of the United States, in the aforementioned litigation, affirms the decision of the United States Circuit Court of Appeals, Fourth Circuit, No. 4671, reversing and setting aside the order of the Director denying the application for exemption of Legh R. Powell, Jr. and Henry W. Anderson, receivers of Seaboard Air Line Railway Company, Docket 49-FD, both applicant and the Bituminous Coal Division may wish to resume the proceedings in the above-entitled applications for exemption [Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, and 1462-FD] and accordingly reserve to themselves the right to file briefs with the Director and to avail themselves of other and proper relief as may be allowed under the rules of practice before the Bituminous Coal Division and the provisions of the Bituminous Coal Act of 1937."

On December 15, 1941, the Supreme Court of the United States, by its decision in *H. A. Gray, as Director of the Bituminous Coal Division of the Department of the Interior, et al., Petitioners*, vs. *Legh R. Powell, Jr., and Henry W. Anderson, as Receivers of Seaboard Air Line Railway Company* (No. 18—October Term, 1941), reversed the decree of the United States Circuit Court of Appeals for the Fourth Circuit, entered on September 26, 1940, No. 4671, and upheld the Order of the Director, dated June 14, 1940, denying the application for exemption of the Receivers of the Seaboard Air Line Railway in Docket No. 49-FD.

It appears, therefore, that the applications for exemption heretofore filed in these dockets by Public Service Company of Indiana should be denied. An order to this effect will be entered, effective so soon as temporary or final minimum prices are established for the mines in question, but in no event later than 60 days from the date hereof. It is expected that District Board 11 will promptly apply for the establishment of minimum prices for the mines in question.

Now, therefore, it is ordered, That, pursuant to the aforesaid stipulation of February 28, 1941, pursuant to the decision of the Supreme Court of the United States of December 15, 1941, in *H. A. Gray, as Director of the Bituminous Coal Division of the Department of the Interior, et al., Petitioners* vs. *Legh R. Powell, Jr. and Henry W. Anderson, as Receivers of Seaboard Air Line Railway Company* (No. 18—October Term, 1941), and pursuant to Section 4-A of the Bituminous Coal Act of of 1937, the applications for exemption heretofore filed by Public Service Company of Indiana in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, and 1462-FD, be and they hereby are, denied, effective so soon as temporary or final minimum prices are established for the mines concerning which such applications for exemption were filed, but in no event later than 60 days from the date hereof.

IN THE MATTER OF THE DETERMINATION OF THE PREVAILING MINIMUM WAGES FOR THE CLOCK AND WATCH MANUFACTURING INDUSTRY

NOTICE OF HEARING AND OPPORTUNITY TO SHOW CAUSE

All interested parties are hereby notified that they are given until February 3, 1942, to show cause why the Secretary

of Labor should not determine that 45 cents per hour or $18.00 per week of 40 hours, arrived at either upon a time or piece work basis, is the prevailing minimum wage to be paid by the Clock and Watch Manufacturing Industry, under section 1 (b) of the Public Contracts Act (49 Stat. 2036; 41 U.S.C. Sup. III 35), otherwise known as the Walsh-Healey Public Contracts Act and hereinafter called the Act, in the performance of contracts with agencies of the United States let subject to the provisions of the Act: *Provided*, That apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship.

The Clock and Watch Manufacturing Industry is that industry engaged in the manufacture, assembly and casing of clocks, chronometers, watches, time recorders, mechanical time fuses, and similar timing mechanisms; and parts thereof.

Excluded from the definition are watch cases, watch crystals, and those timing mechanisms which constitute an integral part of a product primarily manufactured or assembled outside the Clock and Watch Manufacturing Industry, such as traffic control systems, and complete day-night thermostats and other scientific industrial and laboratory instruments.

The minimum wage proposal is predicated upon a tabulation of wage schedules voluntarily submitted by members of the industry through special committees designated by the Administrator, Division of Public Contracts, and collated by the Research Section of the Division of Public Contracts, Department of Labor. Copies of this wage tabulation may be had on application to the Administrator, Division of Public Contracts, Washington, D. C.

Briefs for or against the proposed determination must be filed with the Administrator, Division of Public Contracts, Department of Labor, on or before February 3, 1942. No form for the brief is prescribed but an original and four copies must be submitted.

On February 3, 1942, at 10:00 a. m. a hearing will be held in Room 3125, Department of Labor Building, Fourteenth Street and Constitution Avenue Northwest, Washington, D. C., before the Public Contracts Board at which interested persons will be given opportunity to be heard in opposition to or in favor of the proposed determination.

The entire record will be considered by the Secretary of Labor before the wage determination is made.

[Docket No. FDC-86]

IN THE MATTER OF REGULATIONS TO PROVIDE FOR THE CERTIFICATION OF BATCHES OF DRUGS COMPOSED WHOLLY OR PARTLY OF INSULIN

NOTICE OF HEARING ON PROPOSED REGULATIONS

The Federal Security Administrator, pursuant to section 506 of the Federal Food, Drug, and Cosmetic Act, as amended by Public Law 366, 77th Cong., 1st Sess. (1941), will hold an informal hearing on proposed regulations to provide for the certification of batches of insulin-containing drugs, commencing at 10 o'clock in the morning of January 30, 1943, in Room 3106, South Building, United States Department of Agriculture, Independence Avenue between 12th and 14th Street SW., Washington, D. C. The proposed regulations are as follows:

GENERAL REGULATION

§ 2.1065 For the purposes of sections 502 (k) and 506 of the Act, the term "insulin" as used therein means the active principle of pancreas which affects the metabolism of carbohydrate in the animal body and which is of value in the treatment of diabetes mellitus.

INSULIN REGULATIONS

§ 144.00 *Definitions and interpretations of terms.* For the purpose of these regulations—

(a) The term "insulin", except when used in "insulin U. S. P." and in "protamine zinc insulin", means the active principle of pancreas, which affects the metabolism of carbohydrate in the animal body and which is of value in the treatment of diabetes mellitus.

(b) The term "master lot" means a quantity, which is purified and which has been mixed in one container so as to be homogeneous, of (1) a concentrated solution of insulin, or (2) the insulin-containing solids, in amorphous or crystalline form, derived from such a solution.

(c) The term "batch" means a quantity of a drug, of uniform composition and intended for administration without further change, in which the sole insulin-containing ingredient is a single dilution (which has been mixed in one container so as to be homogeneous) of (1) a single master lot or part thereof, or (2) a homogeneous mixture of two or more master lots or parts thereof; except that such term means a portion of such quantity when certification of such portion is requested.

(d) The term "master lot mark" means an identifying mark or other identifying device assigned to a master lot by the manufacturer thereof.

(e) The term "batch mark" means an identifying mark or other identifying device assigned to a batch by the manufacturer thereof.

(f) The definitions and interpretations of terms contained in section 201 of the Act shall be applicable to such terms when used in these regulations.

§ 144.01 *Requests for certification; samples; storage; approvals preliminary to certification.* (a) A request for certification of a batch shall be addressed to the Food and Drug Administration, Federal Security Agency, Washington, D. C. A request from a foreign manufacturer shall be signed by such manufacturer and by an agent of such manufacturer who resides in the United States.

(b) The initial request for certification submitted by any person shall be preceded or accompanied by a full statement of the facilities and controls used to maintain the identity, strength, quality, and purity of each batch, including a description of (1) the equipment, methods, and processes used in diluting master lots and parts thereof, and in maintaining the identity, strength, quality, and purity of master lots and dilutions therefrom; (2) the tests and assays made on master lots and mixtures thereof, on dilutions and batches therefrom, and on ingredients used in such dilutions and batches; and (3) the laboratory facilities used in such controls. Such initial request shall also be preceded or accompanied by the keys to the master lot marks and batch marks used by such person. When any change is made in such facilities or controls, or in such keys, the next request for certification thereafter shall be accompanied by a full statement of such change.

(c) A person who requests certification of a batch shall submit in connection with his request statements showing—

(1) The master lot mark of each master lot used or to be used wholly or partly as an ingredient or component of an ingredient of the batch;

(2) The quantity of each such master lot so used;

(3) The original quantity of each such master lot (unless such information has been submitted with a previous request);

(4) The name, quality, and quantity of each ingredient used, other than master lots, in preparing the batch;

(5) The quantity of the batch; and

(6) The batch mark.

(d) Except as otherwise provided in paragraphs (g) and (h), a person who requests certification of a batch shall submit in connection with his request and in the quantities indicated, accurately representative samples of the following:

(1) The single master lot or the mixture of two or more master lots or parts thereof, to be used as an ingredient of the batch; in a quantity containing approximately 10,000 U. S. P. units of insulin.

(2) A trial dilution from such master lot or mixture, which dilution conforms to the standards of identity, strength, quality, and purity for insulin U. S. P. containing 20 U. S. P. units or 40 U. S. P. units of insulin per cubic centimeter; in a quantity containing approximately 10,000 U. S. P. units of insulin.

(3) In case the batch is to be insulin U. S. P., the bulk dilution from such master lot or mixture, which dilution, without further change, is intended to be filled into the containers of the finished batch; in a quantity containing approximately 2,500 U. S. P. units of insulin.

(4) In case the batch is to be protamine zinc insulin, the bulk dilution from such master lot or mixture, containing protamine, zinc chloride, glycerin, and phenol or cresol, which dilution is the sole insulin-containing ingredient intended to be filled into the containers of the finished batch, and which is intended to be so filled without further change; in a quantity containing approximately 2,500 U. S. P. units of insulin.

(5) In case the batch is to be protamine zinc insulin, the lot of protamine used as an ingredient of the bulk dilution referred to in subparagraph (4) of this paragraph; in a quantity of approximately 2 grams.

(6) In case the batch is to be protamine zinc insulin, the buffer solution which, without further change, is intended to be filled into the containers of the finished batch; in a quantity not less in volume than the volume of the sample submitted pursuant to subparagraph (4).

(7) In case the batch is to be protamine zinc insulin, a trial mixture of the bulk dilution and the buffer solution referred to in subparagraphs (4) and (6) of this paragraph, which mixture is intended to be accurately representative of the mixture which will constitute the finished batch; in a quantity containing approximately 2,500 U. S. P. units of insulin.

(8) The finished batch; in a quantity not less than 5 packages.

(e) Except as otherwise provided by paragraphs (g) and (h), a person who requests certification shall submit in connection with his request results of tests and assays, made by him on a sample of each of the following materials, which are listed below for each sample after the designation of the material from which the sample was taken:

(1) The master lot or mixture, referred to in paragraph (d) (1): nitrogen, reaction, and sterility, if such master lot or mixture is a solution; or ash, moisture, nitrogen, and zinc, if such master lot or mixture is a solid.

(2) A trial dilution from such master lot or mixture (which may be the trial dilution referred to in paragraph (d) (2): ash, nitrogen, reaction, potency, sterility, and zinc.

(3) In case the batch is to the insulin U. S. P., the bulk dilution referred to in paragraph (d) (3): ash, nitrogen, reaction, sterility.

(4) In case the batch is to be protamine zinc insulin, the bulk dilution referred to in paragraph (d) (4): nitrogen, reaction, and sterility.

(5) In case the batch is to be protamine zinc insulin, the protamine referred to in paragraph (d) (5): moisture, nitrogen, and sulfate.

(6) In case the batch is to be protamine zinc insulin, the buffer solution referred to in paragraph (d) (6): reaction and sterility.

(7) In case the batch is to be protamine zinc insulin, the trial mixture referred to in paragraph (d) (7): nitrogen, reaction, sterility, zinc, and biological reactions (by the tests prescribed in section 144.09 (a) and (b), except that, if the batch is to be of 80 unit strength, the test prescribed in § 144.09 (a) may be made, in lieu of the test prescribed in § 144.09 (b), on a trial mixture of 40 unit strength prepared from the same materials and in the same manner as such 80 unit batch is to be made).

(8) The finished batch: identity, nitrogen, reaction, and sterility.

(f) The results of tests and assays for the following shall be reported in the terms indicated:

Ash—milligrams per 1,000 U. S. P. units of insulin.

Moisture—percent by weight.

Nitrogen (except in protamine)—milligrams per cubic centimeter in the cases of solutions and suspensions, and percent by weight in the case of solids.

Nitrogen in protamine—percent by weight, calculated to a moisture-free basis.

Potency—U. S. P. units of insulin per cubic centimeter.

Reaction—hydrogen ion concentration (pH).

Sulfate—percent by weight, as SO_4.

Zinc—milligrams per cubic centimeter in the cases of solutions and suspensions, and percent by weight in the case of solids.

(g) The samples referred to in paragraph (d) (1) to (7), inclusive, or the results referred to in paragraph (e) (1) to (7), inclusive, are not required if such samples or results have been submitted in connection with a previous request. Each sample submitted pursuant to this section shall be so packaged as to maintain its representative character, and in the case of any solution or suspension, shall be collected and packaged under aseptic conditions. Each package shall be clearly identified as to its contents and shall bear the name and post office address of the person submitting the request. Except when such information has been submitted pursuant to paragraph (c), each sample submitted pursuant to paragraph (d) (2), (3), (4), (6), (7), and (8) shall be accompanied by a statement showing the identity and quantity of each substance used as an ingredient or as a component of an ingredient in the material from which such sample was taken. If the tests and assays, results of which are submitted pursuant to paragraph (e) (2), were not made on the same material as that from which the sample submitted pursuant to paragraph (d) (2) was taken, such statement shall show such information with respect to the material, results upon which are so submitted. The information submitted pursuant to paragraph (e) (1) shall include a statement of the potency of the master lot or mixture, calculated from an assay of a trial dilution thereof. The packages constituting the sample submitted pursuant to paragraph (d) (8) shall be collected at such intervals that the quantities packaged between collections are approximately equal and that the collections cover the entire period of packaging.

(h) The person who requests certification shall submit such information additional to that submitted pursuant to paragraphs (b), (c), (e), and (g), such additional samples of any substance referred to in paragraph (d), and such samples of any other substance used or to be used as an ingredient or as a component of an ingredient in the batch, as the Food and Drug Administration may require for the purpose of its investigations to determine whether or not such batch complies with the requirements set forth by § 144.02 for the issuance of a certificate.

(i) After a sample required by paragraph (d) is taken from any master lot or mixture of parts of two or more master lots, such master lot or master lots and all parts thereof (except such as are solids), and all dilutions and batches and all parts thereof in which any such master lot is used as an ingredient or as a component of an ingredient, shall be stored at the establishment where manufactured until used up or shipped or otherwise delivered, at a temperature above freezing but not above 10° C. (50° F.), and under such other conditions as prevent, so far as practicable, any change in composition.

(j) As promptly as practicable after the samples submitted pursuant to paragraph (d) (1) and (2), and any other material or information relative thereto that may be required under this section, are received by the Food and Drug Administration, it shall notify the person who submitted such samples of its approval or refusal to approve the use of the master lot or mixture for the making of bulk dilutions. In case of a refusal to approve, the Food and Drug Administration shall state its reasons therefor.

(k) In like manner, the Food and Drug Administration shall notify the person who submits samples pursuant to paragraph (d) (3) to (7), inclusive, of its approval or refusal to approve the use of the materials represented by the samples in completing the manufacture of the batch. In case of a refusal to approve, the Food and Drug Administration shall state its reasons therefor.

(l) If, under the provisions of paragraph (j) or (k), the Food and Drug Administration has refused to approve any material for use in a subsequent operation, it shall examine no other sample required hereunder which includes such material as an ingredient or com-

ponent of an ingredient, unless and until the person requesting certification makes an adequate showing that the cause for such refusal no longer exists.

§ 144.02 *Certifications.* (a) If the Food and Drug Administration determines, after such investigation as it considers necessary, that—

(1) The information submitted pursuant to § 144.01 appears to contain no untrue statement of a material fact;

(2) The batch conforms to the standards of identity, strength, quality, and purity for insulin U. S. P. or for protamine zinc insulin; and

(3) the batch appears to comply otherwise with these regulations;

the Food and Drug Administration shall issue to the person who requested it a certificate showing that such batch, subject to the conditions and restrictions prescribed by § 144.03, is certified as safe and efficacious for use.

(b) If the Food and Drug Administration determines, after such investigation as it considers to be necessary, that the information submitted pursuant to § 144.01, or the batch covered by such request, does not comply with the requirements set forth by paragraph (a) of this section for the issuance of a certificate, the Food and Drug Administration shall refuse to certify such batch and shall give notice thereof to the person who requested certification, stating its reasons for refusal.

(c) For the purposes of its investigations under the authority of this section, the Food and Drug Administration shall accept, when it is satisfied as to the completeness and accuracy thereof, the results of any tests or assays made by a laboratory, not under control of such manufacturer, in carrying out an effective contract entered into before December 22, 1941.

§ 144.03 *Limitations on the effectiveness of certificates.* (a) A certificate shall not become effective if it is obtained through fraud or misrepresentation of a material fact.

(b) A certificate on insulin U. S. P. shall cease to be effective with respect to the batch covered thereby or any part thereof 2 years after such batch or part is removed from the storage required by § 144.01 (i).

(c) A certificate on protamine zinc insulin shall cease to be effective 18 months after the batch covered thereby was filled into retail containers, but in no case shall such certificate remain effective with respect to such batch or any part thereof more than 12 months after such batch or part is removed from the storage required by § 144.01 (i).

(d) A certificate shall not be effective with respect to any batch or part thereof unless the labels and labeling of such batch or part bears all words, statements, and other information, and the packages are distinguished by the color or colors, required by § 144.04.

(e) A certificate shall not become effective with respect to any package from a certified batch until such package has been so sealed that the immediate container cannot be opened without destroying such package or seal; such certificate shall cease to be effective if such package, seal, or container is broken.

(f) A certificate shall cease to be effective with respect to the batch covered thereby or any part thereof when such batch or part so changes that it fails to meet the standards of identity, strength, quality, and purity upon the basis of which such batch was certified; except that those minor changes in potency (not exceeding 10 percent from the potency stated on the label, in the case of insulin U. S. P.) which occur before the expiration date, and which are normal and unavoidable in good storage and distribution practice, shall be disregarded.

§ 144.04 *Labeling.* (a) Each package of a batch shall bear on its label or labeling, as indicated in the following, and in addition to other words, statements, and information required by or under authority of the Act to appear on such label or labeling—

(1) The batch mark of such batch, on the label;

(2) The strength of the drug, on the label, in terms of U. S. P. units of insulin per cubic centimeter;

(3) The statement "Expiration date ----------", on the labeling, the blank being filled in with the date on which the certificate ceases to be effective, as specified by paragraph (b) or (c) of § 144.03;

(4) The statement "Keep in a cold place; avoid freezing", on the labeling; and

(5) If the batch is protamine zinc insulin, the statement "Shake carefully", "Shake before using", or "Shake well", on the label.

[Further labeling requirements relevant to the safety and efficacy of the use of insulin-containing drugs will be considered at the hearing.]

(b) The packages of each strength of insulin U. S. P., and of each strength of protamine zinc insulin, shall be distinguished by a color or colors as follows:

(1) Insulin U. S. P.—

Yellow, if it contains 20 U. S. P. units of insulin per cubic centimeter;

Red, if it contains 40 U. S. P. units of insulin per cubic centimeter;

Green, if it contains 80 U. S. P. units of insulin per cubic centimeter;

Orange, if it contains 100 U. S. P. units of insulin per cubic centimeter.

However, if the master lot used was in crystalline form, the distinguishing color, instead of those prescribed above, may be—

Blue and gray, or blue, gray, and yellow, if it contains 20 U. S. P. units of insulin per cubic centimeter;

Red and gray, if it contains 40 U. S. P. units of insulin per cubic centimeter;

Green and gray, if it contains 80 U. S. P. units of insulin per cubic centimeter.

(2) Protamine zinc insulin—

Red and white, if it contains 40 U. S. P. units of insulin per cubic centimeter;

Green and white, if it contains 80 U. S. P. units of insulin per cubic centimeter.

§ 144.05 *Records of distribution.* (a) The person to whom a certificate is issued shall keep complete records showing each shipment or other delivery of each batch or part thereof, by the person requesting certification or by any person under his control, including records showing the date and quantity of each such shipment or delivery and the name and post office address of the person to whom such shipment or delivery was made.

(b) Upon the request of any officer or employee of the Food and Drug Administration or of any other officer or employee of the United States, acting on behalf of the Administrator, the person to whom a certificate is issued, at all reasonable hours within three years after disposal of all the batch covered by such certificate, shall make such records available to any such officer or employee, and shall accord to such officer or employee full opportunity to make inventory of stocks of such batch on hand and otherwise to check the correctness of such records.

§ 144.06 *Authority to refuse certification service.* When the Administrator finds, after giving notice and opportunity for hearing, that a person has—

(a) Obtained or attempted to obtain a certificate through fraud or misrepresentation of a material fact;

(b) Falsified the records required to be kept by § 144.05; or

(c) Failed to keep such records or to make them available, or to accord full opportunity to make an inventory of stocks on hand or otherwise to check the correctness of such records, as required by such section,

the Administrator may immediately suspend service to such person under these regulations and may continue such suspension unless and until such person shows adequate cause why such suspension should be terminated.

§ 144.07 *Fees.* (a) Fees for the services rendered under these regulations shall be such as are necessary to provide, equip, and maintain an adequate certification service.

(b) Each request for certification submitted, or the initial sample or samples submitted in connection therewith pursuant to § 144.01 (d), whichever is sent first to the Food and Drug Administration, shall be accompanied by an advance deposit of $100 to cover the fee; except that, if the results of an assay made for potency on a sample of the trial dilution by a laboratory referred to in § 144.02 (c) are not submitted and are not to be submitted, such advance deposit shall be $1,000.

(c) Each sample of trial mixture submitted pursuant to § 144.01 (d) (7) shall be accompanied by an advance deposit of $350 to cover the fee, unless the results of the biological tests prescribed in § 144.08 (c), made on a sample from the trial mixture by a laboratory referred to in § 144.02 (c), are submitted or are to be submitted.

(d) Whenever necessary to prevent arrears in payment of the fee, such additional advance deposits covering such fee shall be made as the Food and Drug Administration estimates to be necessary to prevent arrears in payment thereof.

(e) Advance deposits made pursuant to paragraphs (b), (c), and (d) shall be charged with the fee for the service rendered. If the total of such advance deposits made by any persons exceeds the fee for service to such person, the excess shall be returned to such person upon the completion of such service.

(f) All advance deposits required by these regulations shall be paid by money order, bank draft, or certified check drawn to the order of the Treasurer of the United States, collectible at par, at Washington, D. C.

(g) All earned fees shall be deposited in the Treasury of the United States to the credit of Miscellaneous Receipts, Federal Security Agency.

§ 144.08 *Standards of identity, strength, quality, and purity for protamine zinc insulin.* Protamine zinc insulin is a preparation, in a buffered medium, of insulin modified by the addition of protamine and zinc chloride. The quantity of insulin used is such that each cubic centimeter of the finished modified preparation, when the precipitate therein is brought into uniform suspension, contains either 40 or 80 U. S. P. units of insulin. The quantity of protamine used is such that the concentration of insulin in each cubic centimeter of the supernatant liquid, obtained by centrifuging the preparation, is not more than 1 U. S. P. unit for the 40 unit preparation nor more than 1.5 U. S. P. units for the 80 unit preparation; but in no case is the quantity of protamine used (calculated on a moisture-free basis) less than 1.0 milligram or more than 1.5 milligrams for each 100 U. S. P. units of insulin used. The preparation also contains, for each 100 U. S. P. units of insulin used, not less than 0.20 milligram and not more than 0.25 milligram zinc, and not more than 1.25 milligrams total nitrogen. The quantity of disodium phosphate (dried sodium phosphate U. S. P., Na_2HPO_4) used is not less than 0.15 nor more than 0.25 percent (w/v). If necessary, either hydrochloric acid or sodium hydroxide may be added so that the pH of the finished modified preparation is not less than 7.1 and not more than 7.4. The finished preparation also contains not less than 1.40 and not more than 1.80 percent (w/v) glycerin U. S. P. and either cresol U. S. P. in a quantity not less than 0.18 and not more than 0.22 percent (w/v), or phenol U. S. P. in a quantity not less than 0.22 and not more than 0.28 percent (w/v). The preparation must be sterile. The protamine used is prepared from the sperm or mature testes of fish belonging to the family *Salmonidae*, genus *Oncorhynchus, Salmo*, or *Trutta*. When protamine is dried to constant weight at 100° C. its total nitrogen content is 22.5 to 25.5 percent, and its sulfate content, calculated as SO_4, is 16 to 19 percent.

§ 144.09 *Tests and methods of assay.* The following tests and methods of assay are prescribed for the purposes of these regulations. (All reagents specified herein shall be of U. S. P. quality or better.)

(a) *Biological reaction for protamine zinc insulin containing 40 U. S. P. units of insulin per cubic centimeter.* The rate, amount, and duration of effect in lowering the blood sugar of rabbits by protamine zinc insulin is determined by comparing the average blood sugar concentrations at various intervals during not less than an 11-hour observation period following the administration of protamine zinc insulin into rabbits with those similarly obtained by administration of protamine zinc insulin reference material.

(1) *Protamine zinc insulin reference material.* Prepare the protamine zinc insulin reference material to contain 40 U. S. P. units of insulin per cubic centimeter from the following component solutions (or solutions of the same proportionate composition per cubic centimeter) by adding a suitable volume of Solution 4, accurately measured at room temperature, to an equal volume of Solution 2 with gentle shaking. Test the pH and if it is not within the limits of 7.1 to 7.4 discard and prepare a new mixture using a freshly prepared sample of Solution 2 in which the hydrogen ion concentration has been suitably adjusted by the addition of a solution of either sodium hydroxide or hydrochloric acid. Store in a refrigerator and do not use in less than 2 days nor more than 6 months after preparation.

(i) Solution 1. Dissolve 0.307 gram zinc chloride, 16 grams glycerin, and 2.5 grams phenol (or 2 grams cresol) in distilled water. Add 40.0 cubic centimeters of approximately tenth-normal hydrochloric acid and sufficient distilled water to make the final volume 1,000 cubic centimeters.

(ii) Solution 2. Dissolve 4 grams sodium phosphate, 16 grams glycerin, and 2.5 grams phenol (or 2 grams cresol) in sufficient distilled water to make the final volume 1,000 cubic centimeters.

(iii) Solution 3. Dissolve in Solution 1 not less than 100 milligrams of the reference protamine in the proportion of 1 milligram cubic centimeter. Preserve this solution in a cold place and do not use after 6 months.

(iv) Solution 4. Weigh accurately a suitable quantity of U. S. P. Zinc-Insulin Crystals Reference Standard and dissolve in a sufficient quantity of Solution 3 to yield a concentration of 80 U. S. P. units of insulin per cubic centimeter. If necessary add 1 drop of dilute hydrochloric acid to effect complete solution. Store this solution in a refrigerator and do not use after 3 months.

(2) *Test animal.* The test animal shall be the same as that described for the assay of Insulin U. S. P.

(3) *Volume of the protamine zinc insulin reference material to be injected.* The volume of the preparation to be injected shall be determined as described for the assay of Insulin U. S. P.

(4) *Conduct of the test.* Divide the animals into 2 similar groups of approximately equal size. With the rabbits in individual cages withhold all food, except water, approximately 24 hours before the test. Weigh the rabbits on the morning of the day of the test and deprive them of water until after the final sample of blood has been taken. Handle the rabbits with care in order to avoid undue excitement. Obtain for the determination of the initial blood sugar concentration slightly more than 1 cubic centimeter of blood from a small incision in the marginal ear vein. Collect the blood in a suitable vessel containing about 3 milligrams of potassium or sodium oxalate. After obtaining this sample of blood, inject subcutaneously, without dilution, into the rabbits of one group the appropriate dose of protamine zinc insulin reference material and into the rabbits of the other group the same volume of the preparation to be tested. In the same manner as for the determination of the initial blood sugar concentration, obtain at least 5 samples of blood (in addition to the initial sample) from each rabbit at intervals of 2 to 3 hours, over a period of not less than 11 hours after the injection. Determine the blood sugar concentration in each sample of blood. About 1 week later inject the preparation to be tested into each rabbit of the group which received the protamine zinc insulin reference material; in a similar manner inject the protamine zinc insulin reference material into each rabbit of the group which received the preparation to be tested. Obtain samples of blood in the same manner as described above and determine the concentration of sugar in each of them. All rabbits shall be injected with the same volume of either the protamine zinc insulin reference material or of the preparation to be tested. Results on a total of not less than 30 rabbits shall constitute a test.

(5) *Blood sugar determination.* The method shall be that described for the assay of Insulin U. S. P.

(6) *Interpretation of the data.* The index of the relative effect at each bleeding time of the preparation to be tested compared with that of the protamine zinc insulin reference material is calculated from the formula:

$$\text{Index at time } x = \frac{\text{Average blood sugar concentration obtained at time } x \text{ by the preparation to be tested}}{\text{Average blood sugar concentration obtained at time } x \text{ by the protamine zinc insulin reference material}}$$

The preparation to be tested is satisfactory if the index for each bleeding time except the last is between 0.92 and 1.08 and the average of all of the indexes is between 0.95 and 1.05.

(b) *Biological reaction for protamine zinc insulin containing 80 U. S. P. units of insulin per cubic centimeter.* Protamine zinc insulin containing 80 U. S. P. units of insulin per cubic centimeter is

tested according to the method outlined in these regulations for the assay of protamine zinc insulin containing 40 U. S. P. units of insulin per cubic centimeter except, that—

(1) The protamine zinc insulin reference material is so prepared as to contain 80 U. S. P. units of insulin per cubic centimeter with the same relative proportions of zinc and protamine per unit of insulin; and

(2) in the interpretation of the data the index for each bleeding time other than the last is between 0.85 and 1.15 and the average of the indexes is between 0.90 and 1.10.

(c) *Biological reaction for the activity of the supernatant liquid.* Centrifuge the protamine zinc insulin under test and remove a sample of the clear supernatant liquid.

(1) *Standard solution* The standard solution is the same as that described in the U. S. P. for the assay of Insulin U. S. P.

(2) *Dilution of the standard solution.* Dilute the standard solution using a distilled water solution of between 0.1 and 0.25 percent (w/v) of either phenol or cresol, between 1.4 and 1.8 percent (w/v) of glycerin and sufficient hydrochloric acid to produce a pH of 2.5 to 3.5 such that 0.25 cubic centimeter of the dilution will be sufficient to cause convulsions in approximately 50 percent of the animals but in no case less than 30 percent nor more than 70 percent. Use 4 groups of mice of 10 to 20 animals each. Inject into the tail vein of each mouse of the first group 0.25 cubic centimeter of the standard solution; into each mouse of the second group 0.5 cubic centimeter of the standard solution; into each mouse of the third group 0.75 cubic centimeter of the standard solution; and into each mouse of the fourth group 1.0 cubic centimeter of the standard solution. Observe the mice for a period of 60 to 90 minutes after injection and record the number which are in collapse or show convulsions.

(3) *Interpretation of results.* When the number of mice in which collapse or convulsions are observed following the injection of the dilution of the supernatant liquid to be tested does not exceed the number of mice in which collapse or convulsions occurred following the injection of the dilution of the standard solution, the preparation is satisfactory from the standpoint of the insulin content of the supernatant liquid.

(d) *Identification.* Acidify protamine zinc insulin to a pH of from 2.5 to 3.5. The precipitate dissolves giving a clear colorless liquid. Using this liquid proceed as directed in the U. S. P. for the identification of Insulin U. S. P.

(e) *Sterility.* Protamine zinc insulin shall be tested for sterility by the following procedure, using one or both of the media described:

Fluid thioglycollate medium (Brewer). Prepare broth base from the following ingredients, in the proportions indicated:

	Grams
Ground fresh beef (freed of fat)	300
Sodium chloride	5
Dipotassium phosphate (K_2HPO_4, anhydrous)	2
Peptone	10
	Cubic centimeters
Distilled water	1,000

Mix the ground meat thoroughly in the distilled water and allow to stand overnight in the refrigerator. Remove the fat and filter the meat extract through paper. Add the remaining ingredients and heat in a steam bath until solution is complete. Adjust the pH to 7.3 to 7.4 with sodium hydroxide solution. Heat in a steam bath for 1 hour, cool, and filter through paper. Distribute in 10 cubic centimeter portions in test tubes and sterilize in an autoclave at 15 to 17 pounds pressure (121° C. to 123° C.) for 20 minutes. Test tubes 150 by 20 millimeters are suitable.

Fluid thioglycollate medium (Brewer). Prepare broth base from the following ingredients, in the proportions indicated:

	Grams
Peptone	20.0
Dextrose (anhydrous)	5.0
Yeast extract (dehydrated)	2.0
Sodium thioglycollate	1.0
Sodium chloride	5.0
Agar (less than 15 percent moisture by weight)	0.5
Dipotassium phosphate (K_2HPO_4, anhydrous)	2.5
	Cubic centimeters
Distilled water	1,000.0
Methylene blue (certified by Commission on Standardization of Biological Stains), 0.2 percent solution	1.0

Dissolve the agar in half the volume of distilled water by boiling or heating in flowing steam. Dissolve the remaining ingredients, except the methylene blue, in the remaining water with the aid of heat and mix the two solutions. So adjust the reaction with sodium hydroxide solution that the pH of the completed and sterile medium is 7.5±0.1. Filter clear while hot and add the methylene blue solution.

In the preparation of these media avoid all contamination with calcium. Do not use sodium thioglycollate which is yellow or yellowish-brown or has an abnormal odor.

Conduct of the test. Place 15 cubic centimeters of the medium to be used for the sterility test in straight-walled, slender tubes of appropriate size and sterilize in an autoclave at 15 to 17 pounds pressure (121° C. to 123° C.) for 20 minutes. Test tubes 150 by 20 millimeters are suitable. Inoculate each of 10 tubes with 0.1 cubic centimeter of the protamine zinc insulin to be tested. Incubate 5 tubes at 20° C. to 25° C. and 5 tubes at 30° C. to 35° C. for 7 days. Any evidence of growth of bacteria or fungi shall be considered as indicating lack of sterility.

(f) *Determination of zinc.* Transfer 10 cubic centimeters of the protamine zinc insulin to a 50 cubic centimeter beaker, add 10 cubic centimeters of distilled water and 4 cubic centimeters of 95 percent (w/v) solution of acetone in distilled water. Allow to stand for 10 minutes and filter through a 5 or 6-centimeter ash-free filter paper fitted into a small funnel. Wash the beaker and precipitate with 15 cubic centimeters of the 95 percent acetone, using five 1 cubic centimeter portions to wash the beaker, the remainder to wash the precipitate on the filter paper. Loosen the filter paper from the funnel and after some of the acetone has evaporated, transfer it and the precipitate to the vessel in which the benzidine sulfate was precipitated. Treat the precipitate with 10 cubic centimeters of water and heat on a water bath until the odor of acetone disappears. Introduce 1 drop of phenolphthalein test solution U. S. P. and titrate the solution while hot with fiftieth-normal sodium hydroxide to the first faint permanent pink, observing carefully that all particles of the benzidine sulfate precipitate have dissolved and reheating if necessary to bring the last traces into solution. Use a burette graduated into divisions of not more than 0.05 cubic centimeter so that readings can be estimated to 0.01 cubic centimeter.

Each cubic centimeter of fiftieth-normal sodium hydroxide and evaporate carefully to dryness. Heat over a flame until a grayish-white ash results. Add 10 cubic centimeters of distilled water and neutralize to litmus with approximately tenth-normal hydrochloric acid. To the neutral solution add 2 cubic centimeters of benzidine test solution and 4 cubic centimeters of 95 percent (w/v) solution of acetone in distilled water. Allow to stand for 10 minutes and filter through a 5 or 6-centimeter ash-free filter paper fitted into a small funnel. Wash the beaker and precipitate with 15 cubic centimeters of the 95 percent acetone, using five 1 cubic centimeter portions to wash the beaker, the remainder to wash the precipitate on the filter paper. Loosen the filter paper from the funnel and after some of the acetone has evaporated, transfer it and the precipitate to the vessel in which the benzidine sulfate was precipitated. Treat the precipitate with 10 cubic centimeters of water and heat on a water bath until the odor of acetone disappears. Introduce 1 drop of phenolphthalein test solution U. S. P. and titrate the solution while hot with fiftieth-normal sodium hydroxide to the first faint permanent pink, observing carefully that all particles of the benzidine sulfate precipitate have dissolved and reheating if necessary to bring the last traces into solution. Use a burette graduated into divisions of not more than 0.05 cubic centimeter so that readings can be estimated to 0.01 cubic centimeter.

Each cubic centimeter of fiftieth-normal sodium hydroxide is equivalent to 0.001 gram of zinc. Multiply the number of cubic centimeters of fiftieth-normal sodium hydroxide used in the titration by 0.1 to obtain the milligrams of zinc per cubic centimeter of protamine zinc insulin.

(g) *Determination of protamine.* Transfer 10 cubic centimeters of the protamine zinc insulin to a 50 cubic centimeter beaker, add 10 cubic centimeters of distilled water and 4 cubic centimeters of 95 percent (w/v) solution of acetone in distilled water. Allow to stand for 10 minutes and filter through a 5 or 6-centimeter ash-free filter paper fitted into a small funnel. Wash the beaker and precipitate with 15 cubic centimeters of the 95 percent acetone, using five 1 cubic centimeter portions to wash the beaker, the remainder to wash the precipitate on the filter paper. Loosen the filter paper from the funnel and after some of the acetone has evaporated, transfer it and the precipitate to the vessel in which the benzidine sulfate was precipitated. Treat the precipitate with 10 cubic centimeters of water and heat on a water bath until the odor of acetone disappears. Introduce 1 drop of phenolphthalein test solution U. S. P. and titrate the solution while hot with fiftieth-normal sodium hydroxide to the first faint permanent pink, observing carefully that all particles of the benzidine sulfate precipitate have dissolved and reheating if necessary to bring the last traces into solution. Use a burette graduated into divisions of not more than 0.05 cubic centimeter so that readings can be estimated to 0.01 cubic centimeter.

Each cubic centimeter of fiftieth-normal sodium hydroxide is equivalent to 0.0005 gram of protamine. Multiply the number of cubic centimeters of fiftieth-normal sodium hydroxide used in the titration by 0.05 to obtain the milligrams of protamine per cubic centimeter of protamine zinc insulin.

(h) *Determination of nitrogen.* Determine the nitrogen content of the protamine zinc insulin by the method described in the U. S. P. for the assay of Insulin U. S. P.

(i) *Determination of glycerin.* Determine the glycerin content of the protamine zinc insulin by the method described in the U. S. P. for the assay of Insulin U. S. P.

(j) *Determination of phenol or cresol.* Determine the phenol or cresol content of the protamine zinc insulin by the method described in the U. S. P. for the assay of Insulin U. S. P.

(k) *Tests and methods of assay for Insulin U. S. P.* The tests and methods of assay for Insulin U. S. P. shall be those set forth therefor in the United States Pharmacopoeia.

All interested persons are invited to attend the hearing in person or by representative, and to offer comments (subject to such restrictions as to scope and length as to the Presiding Officer seem reasonable and proper) upon the whole or any part of the proposed regulations. Written statements may be presented to the Presiding Officer at or prior to the opening of the hearing and may be delivered to him at the hearing room or may be addressed to him at Room 2242, South Building, Independence Avenue between 12th and 14th Streets SW., Washington, D. C.

The proposed regulations are subject to adoption, rejection or amendment, in whole or in part.

Mr. Edward B. Williams is hereby designated as Presiding Officer to conduct the hearing in the place of the Administrator.

ing on such application. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice, and

It is further ordered, That the operation of the provisions of section 10 of the Act, insofar as the composition of the applicant's board of directors does not comply with the provisions of such section, shall be and the same hereby is suspended pending the determination of the aforesaid application.

Notice of such hearing is hereby given to the above named applicant and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors.

IN THE MATTER OF COLUMBIA GAS & ELECTRIC CORPORATION, COLUMBIA OIL & GASOLINE CORPORATION, PANHANDLE EASTERN PIPE LINE COMPANY, MICHIGAN GAS TRANSMISSION CORPORATION, INDIANA GAS DISTRIBUTION CORPORATION, AND THE OHIO FUEL GAS COMPANY

(3) *Dilution of the supernatant liquid to be tested.* Dilute the sample of the supernatant liquid, using a distilled water solution of between 0.1 and 0.25 percent (w/v) of either phenol or cresol, between 1.4 and 1.8 percent (w/v) of glycerin and sufficient hydrochloric acid to produce a pH of 2.5 to 3.5. On the assumption that 1 cubic centimeter of the sample of the supernatant liquid contains 1 U. S. P. unit of insulin for the 40 unit preparation and 1.5 U. S. P. units of insulin for the 80 unit preparation, make the dilution such that the final concentration of insulin is the same as that of the dilution of the standard solution.

(4) *Test animal.* Select for test purposes healthy white mice weighing between 17 and 21 grams and otherwise suitable. Withhold all food, except water, for at least 5 hours before the test. Divide the mice into 2 groups and identify by an appropriate mark all the mice of one group.

(5) *Conduct of the test.* Inject subcutaneously 0.25 cubic centimeter of the dilution of standard solution into each mouse of one group and 0.25 cubic centimeter of the dilution of the supernatant liquid to be tested into each mouse of the other group. Inject a total of not less than 100 mice with each dilution. Upon injection place the mice in containers, suitably ventilated and maintained at a uniform temperature of 32° C. to 38° C., so that each container will have an equal number of mice from each group. During the test the temperature should not fluctuate more than plus or minus 1° C. Observe the mice during a uniform period not less than 72 hours nor more than 75 percent of the mice injected.

To 1000 cubic centimeters of this broth base add the following ingredients:

	Grams
Dextrose (anhydrous)	10.0
Sodium thioglycollate	1.0
Agar (less than 15 percent moisture by weight)	0.5
	Cubic centimeter
Methylene blue (certified by Commission on Standardization of Biological Stains), 0.2 percent solution	1.0

Add the agar to the broth base, mix well and dissolve by heating gradually to the boiling point. Cool to approximately 50° C. and add the remaining ingredients. Stir until solution is completed and ingredients are uniformly distributed. So adjust the reaction with sodium hydroxide solution that the pH of the completed and sterile medium is 7.5±0.1.

meters are satisfactory for this purpose.

After removal of the tubes from the autoclave, allow to cool to below 25° C. in order to set the agar. Store, protected from excessive light, at 15° C. to 30° C. (storage at low temperatures increases absorption of atmospheric oxygen). If more than 20 percent of the uppermost portion of the medium has changed to a green color, it is not suitable for use. Under such circumstance one reheating in flowing steam to drive off the absorbed oxygen is permissible.

Test each lot of medium for its growth-promoting qualities by a trial run. Discard the medium unless it supports growth when inoculated with 1 cubic centimeter of a 1:100,000 dilution of a 24-hour broth culture of *Clostridium novyi* and also when inoculated with 1 cubic centimeter of a 1:100,000 dilution of a 24-hour broth culture of *Escherichia coli.*

Test sterility of protamine zinc insulin injection by inoculating 1 cubic centimeter thereof into each tube of medium used, under strict aseptic precautions. Incubate all tubes at 37° C. for seven days and examine on the second, fourth, and seventh days after inoculation. Agitate only after 48 hours' incubation to insure initial anacrobiosis. If at the end of the seven days 50 percent or more of the medium in any tube has changed from the color of the fresh medium to a green color, discard the test.

(2) *Reagent.* Benzidine test solution. Dissolve 4 grams of benzidine in 45 cubic centimeters of normal hydrochloric acid and dilute to 250 cubic centimeters with distilled water. Before use, remove by filtration through ash-free filter paper any brown residue that may form.

(g) *Sulfate in protamine zinc insulin.* Transfer 5 to 10 cubic centimeters of well mixed protamine zinc insulin from the container to a small casserole or beaker. Add 0.2 cubic centimenter of normal sodium hydroxide and evaporate carefully to dryness. Proceed from this point with the test as described in these regulations for sulfate in protamine beginning with the sentence "Heat over a flame * * *".

(h) *Total nitrogen.* (1) The total nitrogen content of protamine zinc insulin is determined by the method described in the U. S. P. for Insulin U. S. P.

(2) The total nitrogen content of protamine is determined by the method described in the U. S. P. for Insulin U. S. P., except that the sample taken for analysis is approximately 25 milligrams of protamine.

(i) *Zinc in insulin-containing solutions and in protamine zinc insulin.* The method shall be that described in the U. S. P. under the test for zinc in Insulin U. S. P.

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of January, A. D. 1942.

Application having been filed by the above named applicant for an order of the Commission under and pursuant to the provisions of section 10 (e) of the Investment Company Act of 1940 for an order suspending until February 19, 1942, the operation of the provisions of section 10 of said Act so that the applicant might have this additional time in which to fill a vacancy on its board of directors due to the resignation of one of such directors;

It is ordered, That a hearing on the matter of this application be held on Saturday, January 31, 1942, at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise the interested parties where such hearing will be held.

It is further ordered, That Willis E. Monty, Esquire, or any officer or officers of the Commission designated by it for that purpose shall preside at such hearing;

It is further ordered, That a hearing on the matter of this application be held on Saturday, January 31, 1942, at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise the interested parties where such hearing will be held.

It is further ordered, That Willis E. Monty, Esquire, or any officer or officers of the Commission designated by it for that purpose shall preside at such hearing;

It is further ordered, That a hearing on the matter of this application be held on Saturday, January 31, 1942, at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise the interested parties where such hearing will be held.

It is further ordered, That Willis E. Monty, Esquire, or any officer or officers of the Commission designated by it for that purpose shall preside at such hearing;

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of January, A. D. 1942.

The above-named parties having filed applications or declarations pursuant to sections 6, 7, 9, 10, 12 (c) and 12 (f) of the Public Utility Holding Company Act of 1935 and rules and regulations thereunder with respect to the following transactions:

(1) The disposition by Columbia Oil & Gasoline Corporation to Panhandle Eastern Pipe Line Company and the acquisition by the latter of the Class A preferred stock of Panhandle Eastern Pipe Line Company in the par value of $10,000,000;

(2) The sale by Columbia Gas & Electric Corporation to Panhandle Eastern Pipe Line Company and the acquisition by the latter of the stock and debt of Michigan Gas Transmission Corporation and of Indiana Gas Distribution Corporation at the alleged investment cost of those companies to Columbia Gas & Electric Corporation plus undistributed surpluses at the date of the transaction, such prices being, as of September 30, 1941, $10,780,840.59 for Michigan Gas Transmission Corporation, and $153,698.20 for Indiana Gas Distribution Corporation; and the sale by The Ohio Fuel Gas Company, a subsidiary of Columbia Gas & Electric Corporation, to Panhandle Eastern Pipe Line Company and the acquisition by the latter of certain pipe lines

and other properties owned by The Ohio Fuel Gas Company in the states of Indiana and Ohio at a price of $439,226.00, which is based on the amount received for the sale of similar property to a non-associated purchaser;

(3) The disposition by Columbia Gas & Electric Corporation to Columbia Oil & Gasoline Corporation and the acquisition by the latter, at principal amount, of $11,000,000 face amount of debentures of Columbia Oil & Gasoline Corporation held by Columbia Gas & Electric Corporation;

(4) The issue and sale by Panhandle Eastern Pipe Line Company of First Mortgage 3% Bonds in the principal amount of $10,000,000 and of Cumulative Preferred Stock having a par value of $15,000,000 to obtain the funds necessary to carry out the transactions described in paragraphs (1) and (2) above as well as for certain additional construction. The issuer will publicly invite proposals for the purchase of these securities pursuant to Rule U-50; and

The Commission by its order dated November 14, 1941 having consolidated said applications or declarations with a pending consolidated proceeding and having directed that hearings be held with respect to said applications or declarations prior to the continuance of hearings with respect to the remainder of the said consolidated proceeding; and

The hearing with respect to the said applications or declarations having been held and completed after appropriate notice to all persons interested therein; and arguments and briefs having been waived by all persons interested in the proceedings; and the Commission having considered the record of the proceedings and having entered its findings and opinion herein;

It is hereby ordered, That the aforesaid declarations be and hereby are permitted to become effective forthwith and the aforesaid applications be and hereby are granted forthwith subject, however, to the terms and conditions prescribed in Rule U-24 and to the following further terms and conditions:

(1) That there be excluded from the price to be paid by Panhandle Eastern Pipe Line Company to Columbia Gas & Electric Corporation for the stock and debt of Michigan Gas Transmission Corporation the undepreciated portion of the item of $139,424 representing the fee paid by the Michigan Gas Transmission Corporation to The Columbia Gas Construction Company;

(2) That Panhandle Eastern Pipe Line Company report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby.

Jurisdiction is hereby reserved to pass upon the facts disclosed by the report of Panhandle Eastern Pipe Line Company to the Commission with respect to the results of the competitive bidding as required by Rule U-50 (c) and for the issuance of a supplemental order with respect thereto.

Jurisdiction is further reserved to pass upon the legal fees to be paid by Columbia Gas & Electric Corporation, Columbia Oil & Gasoline Corporation and Panhandle Eastern Pipe Line Company in connection with the above-mentioned transactions, and for the issuance of appropriate supplemental orders with respect thereto.

By the Commission.

IN THE MATTER OF THE UNITED LIGHT AND POWER COMPANY, THE UNITED LIGHT AND RAILWAYS COMPANY, AMERICAN LIGHT & TRACTION COMPANY, CONTINENTAL GAS & ELECTRIC CORPORATION, UNITED AMERICAN COMPANY, AND IOWA-NEBRASKA LIGHT AND POWER COMPANY, RESPONDENTS; AND THE UNITED LIGHT AND POWER COMPANY AND ITS SUBSIDIARY COMPANIES, RESPONDENTS; AND THE UNITED LIGHT AND POWER COMPANY, APPLICANT

NOTICE OF FILING OF APPLICATION NO. 8 AND ORDER RECONVENING HEARING FOR PURPOSE OF CONSIDERING SAID APPLICATION NO. 8

At a regular meeting of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 22d day of January 1942.

The Commission having previously by order entered in these proceedings on March 20, 1941 ordered, among other things, the liquidation and dissolution of The United Light and Power Company, and said order having provided that respondents should make application to the Commission for the entry of such further orders as were necessary and appropriate for that purpose and the Commission having reserved jurisdiction to enter such further orders as might be necessary or appropriate with respect to the matters in this proceeding;

Notice is hereby given that The United Light and Power Company has filed on January 20, 1942, an application designated as Application No. 8 pursuant to section 11 (b) (2) with respect to a Plan providing for the payment and retirement of the principal amount ($15,-093,800) of its outstanding debentures. The Plan as proposed by the applicant may be summarized as follows:

(a) All of the outstanding debentures of each series will become due and payable at the office of The New York Trust Company, 120 Broadway, Borough of Manhattan, City and State of New York, on May 1, 1942, at their principal amount plus accrued interest thereon to May 1, 1942. Interest on all the debentures shall cease to accrue on and after May 1, 1942;

(b) Within three days after the date of the Commission's order approving this Plan, The United Light and Power Company will deposit with The New York Trust Company, as Trustee under the debenture agreements, cash in an amount equal to the principal amount of all debentures then outstanding plus accrued interest thereon to May 1, 1942;

(c) At any time after The United Light and Power Company shall have deposited the cash as above provided, the holders of the outstanding debentures will be entitled to receive out of the funds so deposited with The New York Trust Company the principal amount of the debentures plus interest accrued thereon to May 1, 1942, upon the surrender of their debentures together with all coupons apertaining thereto maturing on or after May 1, 1942;

(d) After the Commission has entered an order approving the Plan, The United Light and Power Company will publish a notice in two daily newspapers of general circulation published in the Borough of Manhattan, City and State of New York, and in one daily newspaper of general circulation published in the City of Chicago, Illinois, at least once in each calendar week (in each instance on any day of the week) for four successive weeks and once during the calendar week ending April 25, 1942, the first publication to be not less than sixty days nor more than seventy-five days before May 1, 1942. A similar notice will be mailed by said company not less than sixty days prior to May 1, 1942, to The New York Trust Company and to the registered owners of registered debentures without coupons and coupon debentures registered as to principal at their addresses as shown by the books kept by the registrar;

(e) On May 1, 1942, The United Light and Power Company will be released and fully discharged from all liability with respect to its debentures, whether for principal, interest, or otherwise, and with respect to the debenture agreements, except that (1) all interest coupons maturing prior to May 1, 1942, which have not theretofore been presented for payment, will continue to be payable by said company upon presentation in the usual manner, and (2) said company will perform its covenants with respect to the payment or refund of Federal and state taxes to the extent provided in the debenture agreements;

(f) Within three days after the date of the Commission's order approving the Plan providing for the payment of the principal amount of the debentures plus accrued interest to May 1, 1942, The United Light and Power Company will deposit in escrow, with a bank or trust company to be selected by said company, cash in an amount equal to 9% of the principal amount of all debentures than outstanding. These funds will be deposited under an escrow agreement which in substance provides that the funds so deposited (a) will be repaid to said company or its assigns in case it shall be finally determined that the debenture holders are not entitled to receive the redemption premium, and (b) will be deposited with The New York Trust Company, as trustee under the debenture agreements, for distribution to the de-

benture holders in case it shall be finally determined that the debenture holders are entitled to receive such premium. A final determination that the debenture holders are not entitled to receive such premium shall be deemed to have been made if no review of the Commission's order approving the Plan shall be applied for in the manner and within the time prescribed in Section 24 (a) of the Act. If such a review shall be applied for, a final determination of the question shall be deemed to have been made when a final judgement and decree shall have been entered in such proceedings for review and shall be no longer subject to review;

(g) The United Light and Power Company will cause The New York Trust Company, as trustee under the debenture agreements, to deliver a written receipt to the persons surrendering their debentures for payment. In case it shall be finally determined, as above provided, that the debenture holders are entitled to the redemption premium, payment thereof will be made to the persons entitled thereto upon presentation and surrender of such receipts;

(h) Debenture holders who surrender their debentures as above provided will not waive their right to receive the redemption premium, in case it shall be finally determined as above provided that they are entitled to receive such premium;

Notice is further given that The United Light and Power Company has, in its Application No. 8, requested the Commission to enter an order:

A. Finding that the Plan is necessary to effectuate the provisions of section 11 (b) (2) of the Act and to enable the company to liquidate and dissolve in accordance with the Commission's order of March 20, 1941, and is fair and equitable to the security holders of the company;

B. Finding that the holders of the debentures are not entitled to any premium on payment of the debentures in accordance with the provisions of the Plan;

C. Providing that the debentures of the company shall become due and payable in accordance with the provisions of the Plan on May 1, 1942, at the principal amount thereof plus accrued interest to that date, and that interest shall cease to accrue on the debentures on and after May 1, 1942; and

D. Approving the Plan and authorizing and directing the company to consummate it.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearing herein be reconvened for the purpose of considering said Application No. 8;

It is ordered, That the hearing in this proceeding shall be reconvened at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on said date by the Hearing Room Clerk in Room 1102, at 10:00 A. M. on the 6th day of February 1942. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by our Rules of Practice, Rule XVII, on or before February 3, 1942. At said reconvened hearing on that day the issues will be limited to a consideration of the issues presented by said Application No. 8.

All interested persons are referred to said Application No. 8 which is on file in the office of said Commission for a full statement of the transaction therein proposed.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission, designated by it for that purpose, shall preside at the hearing in such matters. The officer so designated to preside at such hearing is hereby authorized to assert all powers granted to the Commission under section 18 (c) of the Act and to the trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether or not The United Light and Power Company, in discharging its obligation on its debentures, shall be required to pay the premium of 9% of the principal amount, in addition to the principal amount and accrued interest on all outstanding debentures;

(2) Whether the Plan proposed by The United Light and Power Company is necessary to effectuate the provisions of section 11 (b) (2) of the Act and to comply with the Commission's order of March 20, 1941;

(3) Whether the Plan is fair and equitable to the security holders of The United Light and Power Company;

It is further ordered, That the Secretary of this Commission serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondent and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

AMENDMENT OF THE ECONOMIC REGULATIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of January 1942.

The Civil Aeronautics Board acting pursuant to the Civil Aeronautics Act of 1938, particularly sections 205 (a) and 407 (a) thereof and deeming its action necessary to carry out the provisions of said Act, and to exercise its powers and perform its duties thereunder, hereby makes and promulgates the following regulation:

1. Section 202.1 of the Economic Regulations is hereby amended to read as follows:

§ 202.1 *Forms of monthly reports of financial and operating statistics.* Financial and statistical reports shall be made by the air carriers as follows:

(a) Each air carrier engaged in regularly scheduled interstate air transportation within the continental limits of the United States and each air carrier engaged in regularly scheduled operations within the territory of Hawaii shall for the month of January 1942 and each month thereafter make a financial and statistical report to the Board in accordance with the provisions of the Monthly Report of Financial and Operating Statistics of Domestic Air Carriers, dated January 1, 1942, C.A.B. Form 2780 and such amendments thereto as may hereafter be approved by the Board, and shall file such report in duplicate with the Secretary of the Board on or before the 25th day of the month following that for which the report is made.

(b) Each other air carrier engaged in regularly scheduled air transportation (not including, however, foreign air carriers) shall make its reports with respect to such matters in accordance with the provisions of the Monthly Report—Financial and Operating Statistics (Form No. 2380) heretofore issued by the Post Office Department, and such report form is hereby adopted by the Board for such purposes until further action by the Board. Whenever Form No. 2380 refers to the Postmaster General, any Assistant Postmaster General, the United States Post Office Department, or any division or section thereof, they shall hereafter be deemed to refer to the Civil Aeronautics Board.

2. This regulation, as amended, shall become effective on January 21, 1942.

By the Civil Aeronautics Board.

PART 202 [1]—ACCOUNTS, RECORDS AND REPORTS

SPECIAL REGULATION AMENDING § 202.2—FORM OF ACCOUNTS OF AIR CARRIERS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of January 1942.

The Civil Aeronautics Board acting pursuant to the Civil Aeronautics Act of 1938, particularly sections 205 (a) and 407 (d) thereof and deeming its action necessary to carry out the provisions of said Act and to exercise its powers and perform its duties thereunder, hereby makes and promulgates the following regulation:

1. Section 202.2 of the Economic Regulations is hereby amended to read as follows:

§ 202.2 *Form of accounts of air carriers.* Air carriers engaged in scheduled air transportation shall keep any and all accounts, records and memoranda, including accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of money, as follows:

(a) Each air carrier engaged in regularly scheduled interstate air transportation within the continental limits of the United States and each air carrier engaged in regularly scheduled operations within the territory of Hawaii, shall keep its accounts records, and memoranda in accordance with the Uniform System of Accounts for Domestic Air Carriers issued by the Civil Aeronautics Board, dated January 1, 1942, and such amendments thereto as may hereafter be prescribed by the Board; and shall bring its accounts, records and memoranda for the period January 1, 1942 to the effective date of this regulation into conformity with such Uniform System of Accounts.

(b) Each other air carrier engaged in regularly scheduled air transportation (not including, however, foreign air carriers) shall keep its accounts, records, and memoranda with respect to such transactions in accordance with the provisions of a so-called "Uniform System of Accounts for Foreign Carriers by Air" which was heretofore issued by the Post Office Department and such Uniform System of Accounts is hereby adopted by the Board for such purposes until further action by the Board. Wherever such Uniform System of Accounts for Foreign Carriers by Air refers to the Postmaster General, any Assistant Postmaster General, the United States Post Office Department, or any Division thereof, they shall hereafter be deemed to refer to the Civil Aeronautics Board.

2. This regulation, as amended, shall become effective January 21, 1942.

By the Civil Aeronautics Board.

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-964]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF SWANTON BIG VEIN COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 1, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS OF THE SWANTON NO. 1 MINE (MINE INDEX NO. 837) OF THE SWANTON BIG VEIN COAL COMPANY

An original petition and amended petitions having been filed with the Bituminous Coal Division on July 10, 1941, July 18, 1941, and July 22, 1941, respectively, by Swanton Big Vein Coal Company, a code member producer in District 1, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment of price classifications for coals in Size Groups 1, 2, 3, 4, and 5 of certain of the petitioner's leased coal lands in Garrett County, Maryland, in Subdistrict 44 of District 1 (Mine Index No. 837);

A petition of intervention having been filed by District Board 1, requesting that the petitioner's coals be given a classification of "D";

Temporary relief having been granted by an Order of the Director dated July 30, 1941, 6 F. R. 3847, establishing temporary price classifications of "D" for the above-mentioned sizes of the petitioner's coal for shipment by rail and corresponding prices for shipment by truck;

A hearing in this matter having been held on September 5, and October 6, 1941, pursuant to Orders of the Director, before a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which the petitioner and District Board 1 appeared;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;[1]

Now, therefore, it is ordered, That § 321.7 (*Alphabetical list of code members*) and § 321.24 (*General prices*) in the Schedules of Effective Minimum Prices for District No. 1 for All Shipments Except Truck and for Truck Shipments be and they hereby are amended in accordance with Supplements R and T annexed hereto and made a part hereof.

It is further ordered, That in all other respects the prayers for relief contained in the petition, as amended, filed herein, be, and they hereby are, denied.

Dated: January 10, 1942.

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued in the above-entitled matter on November 12, 1941, 6 F. R. 6201, and

It appearing that by typographical error in Supplement R, § 321.7 (*Alphabetical list of code members*), of the above-mentioned Order, Price Classification "F" was established in Size Groups Nos. 4 and 5 for the coals of the Jas. F. Rolley #2 Mine, Mine Index No. 880, of the Producers Economy Coal, Inc., a code member in District No. 1, and that Price Classification "E" should be established in Size Groups Nos. 4 and 5 for the coals of that mine for all shipments except truck; and

It further appearing that it was stated in the said Order of November 12, 1941, that no relief was granted therein as to the Watts Mine of Glenn L. Watts on the ground that it appeared that minimum prices had previously been established for the coals of the said mine under the name of Susie #3 Mine, Mine Index No. 1304, and that the Watts Mine is not the same mine as the Susie #3 Mine, and that the minimum prices proposed in the original petition in the above-entitled matter for the coals of the Watts Mine, Mine Index No. 3307, for truck shipments are proper and should be established;

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, the temporary relief heretofore granted in the above-entitled matter be, and it hereby is, amended as follows: Commencing forthwith, § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pending final disposition of the above-entitled matter, the temporary relief heretofore granted in the above-entitled matter be, and it hereby is, amended as follows: Commencing fifteen (15) days from the date of this order, § 321.7 (*Alphabetical list of code members*) is the Schedule of Effective Minimum Prices for District No. 1 For All Shipments Except Truck is supplemented to include the price classifications and minimum prices set forth in the Schedule marked "Supplement R" annexed hereto and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless otherwise ordered; and

It is further ordered, That, except as to the coals of the Jas. F. Rolley #2 Mine, Mine Index No. 880, and the Watts Mine, Mine Index No. 3307, the said Order of November 12, 1941, Granting Temporary Relief and Conditionally Providing For Final Relief in the above-entitled matter, be and it hereby is, continued in full force and effect, unless otherwise ordered.

Dated: January 10, 1942.

PART 321—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Minimum prices for truck shipments were established by an Order Granting Temporary Relief and Conditionally Providing For Final Relief, dated June 18, 1941, 6 F.R. 3149, in Docket No. A-892, for the coals of certain mines in District No. 2, including the coals of the Christner Mine, with Mine Index No. 3069, for truck shipments. It now appears that this mine is, in fact, located in District No. 1, and, accordingly, that price classifications and minimum prices should be established herein for the coals of the Christner Mine, with Mine Index No. 3287, in District No. 1, for all shipments except truck and for truck shipments. An order amending the said Order of June 18, 1941, by revoking the prices established for the coals of Mine Index No. 3069, in District No. 2, has been entered today in Docket No. A-892.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter should be revoked, as to Mine Index No. 1224.

Now, therefore, it is ordered, That the prices established in Supplement T, § 323.23 (*General prices*), by the said Order of November 28, 1941, in the above-entitled matter for the coals of the Sims Mine (Mine Index No. 1224) for truck shipments be, and they hereby are, revoked.

And it is further ordered, That in all other respects the said Order of November 28, 1941, in the above-entitled matter be, and it hereby is, continued in full force and effect, unless otherwise ordered.

Dated: January 21, 1942.

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF DATED NOVEMBER 28, 1941, IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3, PURSUANT TO SECTION 4 II (D) OF THE BITUMINOUS COAL ACT OF 1937

In an Order, dated November 28, 1941, 6 F.R. 6636, Granting Temporary Relief and Conditionally Providing for Final Relief in the above-entitled matter, price classifications and minimum prices were established for the coals of certain mines in District No. 3, including the Sims Mine (Mine Index No. 1224) of M. H. Sims.

District Board No. 8 subsequently filed an original petition in Docket No. A-1196 requesting the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8, including therein the Sims Mine of M. H. Sims, and by a letter dated December 18, 1941, District Board No. 3 has indicated that a subsequent investigation discloses that this mine is located in District No. 8.

In an Order Granting Temporary Relief and Conditionally Providing for Final Relief Issued in Docket No. A-1196, on January 15, 1942, price classifications and minimum prices are established for the coals of certain mines in District No. 8, including the Sims Mine (Mine Index No. 1224) and it thus appears that the said Order of November 28, 1941, in the

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment*

into any market area) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS, MINIMUM PRICES AND ADDITIONAL SHIPPING POINTS FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9 FOR ALL SHIPMENTS EXCEPT TRUCK

An original petition, as amended December 27, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications, minimum prices, and additional shipping points for the coals of certain mines in District No. 9 for all shipments except truck.

A petition of intervention has been filed December 18, 1941, by District Board No. 10 alleging that the establishment of more than one shipping point as requested for the coals of certain of these mines would affect the fair competitive opportunities of code members in District No. 10. The petition of intervention does not, however, appear to oppose the establishment of the price classifications and minimum prices proposed for the coals of those mines for which only one shipping point is proposed, nor does it appear to oppose the establishment of price classifications and minimum prices for the coals of the remaining mines: *Provided*, That only one shipping point be established for each of them.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth, and that the following action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of Mine Index Nos. 579, and 831 for the reasons appearing in the Order separating that portion of Docket No. A-1204 which relates to these coals from the remainder of the Docket, designating such portion as Docket No. A-1204 Part II and scheduling Docket No. A-1204 Part II for hearing.

Dated: January 10, 1942.

PART 343—MINIMUM PRICE SCHEDULE, DISTRICT NO. 23

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 23 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT THE HYDE MINE OF HYDE MINES, INC., A CODE MEMBER IN DISTRICT NO. 23

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at the Hyde Mine of Hyde Mines, Inc., a code member in District No. 23; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 343.4 (*Code member price index*) is amended by adding thereto Supplement R-I, § 343.5 (*General prices; minimum prices for shipment via rail transportation*) is amended by adding thereto Supplement R-II, and § 343.21 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition identifies the mine as to which relief is sought by the name "Hyde Mine" and as being located in the same field and adjacent to the Hyde Mine (Mine Index #148), presently operated by Hyde Mines, Inc., and the coals of which, for shipment by truck, were heretofore classified and priced as reflected in Supplement No. 2 of the Schedule of Effective Minimum Prices for District No. 23. In order to distinguish between the two mines, the mine as to which relief is sought in this proceeding is identified as Hyde Mine #2 in the attached schedule.

The original petition alleges that the coals of the Hyde Mine #2 are superior in quality to the coals of the Hyde Mine presently being operated and should be classified in Sub-District "E" in District No. 23 for the reason that their marketing factors are similar to those of the coals presently produced in that subdistrict. Since it appears, however, that the Hyde Mine #2 is actually located in the producing field which has been designated as Sub-district "G" in District No. 23, this Order classifies it in the latter sub-district although the price classifications and minimum prices established hereby for its coals are similar to those which have been heretofore established for the other mines producing coals in Sub-district "E".

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 9, 1942.

ORGANIZATION

§ 691.1 *Camp responsibility.* The National Service Board for Religious Objectors will appoint the camp director. The camp director will be responsible for all phases of camp operations, including maintenance of the camp and its environs and watchman service in accordance with standards acceptable to the technical agency directing the work project. He shall also be responsible for the reception, feeding, housing, clothing, recreation, education, health, and camp life of the assignees.

The technical agency responsible for the work project shall provide a project superintendent and such other personnel as may be necessary. Such personnel will be governed by the laws and regulations governing the personnel of such agency. The project superintendent of the technical agency shall be responsible for all phases of job planning and direction, the direction of technicians detailed to the camp, job training, and the safety program while the assignees are under his direction. The project superintendent of the technical agency will issue drivers' permits in accordance with the regulations established by his agency.*

*§§ 691.1 to 691.25, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779 and E.O. No. 8675, 6 F.R. 831.

§ 691.2 *Camp overhead.* Assignees may be relieved from project work and retained to assist the camp director in performing administrative duties at the camp. The number of such assignees will be limited under ordinary circumstances to the following maximum:

Camp strength:	*Authorized overhead*
Below 50	8
50-75	12
76-100	18
101-125	22
126-150	23
151-205	24

The camp director and the project superintendent of the technical agency may agree that in special cases additional men may be assigned to wood details, camp repairs, and similar work. Assignee-foremen may be appointed by the camp director out of the authorized camp overhead.*

CARE, WELFARE, AND DISCIPLINE OF ASSIGNEES

§ 691.11 *Subsistence.* The mess at camp is the responsibility of the camp director. Standard specifications for foods as supplied in the Army or Navy will be applicable. Balanced rations will be provided. Menus will be prepared and posted for at least 10 days in advance. Representatives of the technical agency personnel and of the Director of Selective Service using the camp mess will pay the camp director for meals but not to exceed a maximum of $15 per month or 25 cents for a single meal.*

§ 691.12 *Clothing.* (a) No uniforms for assignees are prescribed.

(b) The camp director will see that every assignee is provided with sufficient and proper clothing to perform his duties. The project superintendent of the technical agency will refuse to take men for work who are not properly protected against the weather and the hazards of the work. Unsatisfactory conditions as to clothing will be reported by the project superintendent of the technical agency through his official channel to the Director of Selective Service.*

§ 691.13 *Medical care and hospitalization.* (a) In each camp, a physician will be provided by the religious organization operating the camp who will be responsible for the health and medical care of the assignees. There must also be an arrangement with the nearest suitable local hospital where assignees will be sent on order of the camp physician.

(b) All assignees will be inoculated against typhoid and vaccinated against smallpox within 48 hours after reporting to camp. These inoculations and vaccinations will be given by the camp physician. Upon completion, proper notations will be placed in the assignee's record at the camp headquarters. The standards of vaccination and inoculation shall be those prescribed by the Medical Department of the United States Army.

(c) The camp director, with the camp physician present, shall be responsible for holding the daily sick call, and the camp physician shall be available for emergency calls at all times. The camp director is responsible for the preparation, accuracy, and submission of such medical reports relating to the illness or injury of assignees as may be required from time to time by the Director of Selective Service. The camp director, with the advice of the camp physician, shall be responsible for camp sanitation, and the camp shall be subject to inspections from time to time by representatives of the United States Public Health Service or of the Director of Selective Service. The minimum standards of camp sanitation shall be the same as are applicable to camps operated under the direction of the Civilian Conservation Corps.*

§ 691.14 *Welfare and recreation.* The welfare and recreation of assignees is the direct responsibility of the camp director. Motor vehicles assigned to the camp, if available, may be used to provide transportation of the assignees for educational, recreational, or religious purposes.*

§ 691.15 *Education.* The educational program for assignees will be the responsibility of the camp director. He may avail himself of such volunteer services as may be provided by members of the technical agency staff attached to the camp. On-the-job training will be a definite responsibility of the project superintendent of the technical agency.*

§ 691.16 *Furloughs and liberty.* (a) The camp director, with the concurrence of the project superintendent of the technical agency, may grant furloughs to an assignee at such times as he may be spared from his duties. No assignee may receive a furlough or furloughs in excess of a total of 30 days in any one year, including furloughs for special religious holidays and periods of convalescence following illness or injury. Such furloughs shall include week ends and holidays falling within the period of furlough. The camp director may temporarily restrict or suspend the granting of furloughs to any or all men assigned to a project whenever in his opinion circumstances render such restrictions or suspensions desirable. The number of assignees on furlough at any one time will in no event exceed 15 percent of the total number of assignees in such camps.

(b) Liberty or leave regulations covering the hours outside of work hours may be issued from time to time by the camp director who may prescribe hours assignees may be away from the camp and how far they may go from camp. Week-end leave must be confined between noon on Saturday and 6 a. m., Monday. A sufficient number of assignees will be maintained at the camp to provide for watchmen service and fire protection at all times.*

§ 691.17 *Discipline.* (a) An assignee who fails to perform the duties outlined in § 653.42 or whose conduct amounts to a violation of local, State, or Federal criminal statutes, or to violation of the rules and regulations herein set forth, will be subject to such fines, restriction of privileges, extra duty, additional service, reclassification under the Selective Service Regulations, or prosecution under the Selective Training and Service Act of 1940, as amended, as the case may warrant.

(b) If an assignee is sought by local, State, or Federal criminal statutes, he will be delivered to the appropriate authority upon proper warrant for his arrest being exhibited to the camp director. The camp director will make a full and immediate report to the Director of Selective Service through regular channels on all such arrests and the disposition thereof. Upon receipt of the full facts concerning such arrests and disposition thereof, the Director of Selective Service will determine whether to submit such information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations.

(c) If an assignee who has reported to his local board for work of national importance pursuant to an Order to Report for Work of National Importance (Form 50) and has been furnished with the necessary instructions and transportation to the camp fails to report to the camp at the time and place designated, he will be carried as absent without leave for 10 days and, unless there is a change in status, will be deemed to be a deserter on the 11th day. Such failure to report to camp will constitute a violation of these regulations and may subject the assignee to prosecution under the Selective Training and Service Act of 1940, as amended. The Director of Selective Service will be notified of such failure to report to camp through regular channels on the 11th day and may take the necessary action to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(d) If, after reporting to the camp, an assignee is absent without leave for a continuous period of 10 days, he will be deemed to be a deserter. On the 11th day the Director of Selective Service will be notified through regular channels and may take the necessary steps to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(e) Refusal to work or perform other assigned duties, inciting others to refuse to work or perform assigned duties, or failure to abide by the rules and regulations promulgated by the camp director, will constitute a violation of these rules and regulations.

A full and immediate report of such violation of these rules and regulations will be made to the Director of Selective Service through regular channels. If the reported conduct indicates that the assignee may have been improperly classified, the Director of Selective Service may take the necessary steps to submit the information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations. The Director of Selective Service may also report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(f) Loss of time over 24 hours because of the assignee's absence without leave, sickness or injury due to his own misconduct, confinement by civil authorities following conviction, or wilful failure to perform duties, must be made up: *Provided*, That no assignee may be retained in camp longer than his maximum period of service as prescribed by law.

(g) The camp director may make and enforce such rules as he may deem appropriate for the operation of his camp and the carrying out of these regulations, and he has wide latitude in imposing such disciplinary action as he may deem necessary.

(h) Representatives of the technical agency having difficulties with assignees will refer all such cases to the camp director for appropriate action as provided in this section.*

WORK PROGRAM

§ 691.21 *Allowable project work.* An assignee at a camp may be employed on

any authorized work of the technical agency involved in the work program of the camp. Work priority shall be determined by such technical agency.*

§ 691.22 *Hours of work.* The hours of work on the project will be determined by the technical agency. No limitation is set on the number of hours that an assignee may be required to work in any given day or week. Forty-four hours per week shall be the minimum that any assignee shall work. Travel time shall not be included in computing the 44-hour minimum, except the portion thereof which exceeds 1 hour in any one day. In case the camp director of a camp does not agree as to the hours of work on the project, all facts in the case will be reported through the National Service Board for Religious Objectors to the Director of Selective Service for final decision. Assignees will be subject to emergency calls by the project superintendent of the technical agency on any day or night at any hour for the purpose of fighting forest fires or other emergencies affecting life or property.*

§ 691.23 *Assignees in supervisory positions.* The designation of not to exceed one assignee foreman or assignees occupying key positions for every 25 assignees is authorized. Should particular projects demand additional assignee foremen or assignees in key positions, they may be appointed after agreement between the project superintendent of the technical agency and the camp director. These men will be carefully selected from the assignees, will be exempt from any rotation of duty system, will be trained to act as supervisors of other assignees, and will be responsible for carrying out the orders of the project superintendent of the technical agency. The project superintendent of the technical agency has the responsibility of requiring that all assignee foremen and assignees in key positions perform their duties and, upon his filing a written statement of his reason therefor, he may require the camp director to replace any such assignee foreman or assignee in a key position.*

§ 691.24 *Records and reports.* The project superintendent of the technical agency will prepare a monthly Work Report (Form 52) and send it to the Director of Selective Service, through the technical agency concerned. His report shall be prepared so as to enable the Director of Selective Service to have available a record of work accomplishments. The instructions issued by the Civilian Conservation Corps covering the method of reporting work on its Work Progress Report (Form 7) will be followed.*

§ 691.25 *Safety program and accident reports.* The applicable provisions of the Safety Manual now in use by the Civilian Conservation Corps with such modifications and additions as the Director of Selective Service may prescribe, will be adopted for use as a safety program within the camp. A safety committee shall be organized as soon as a camp has been placed in operation. This committee shall consist of the camp director, the project superintendent of the technical agency or his representative, and a member of the assignee group selected by them. The safety committee will hold meetings at stated intervals and will be responsible for the safety program.

Any death or serious personal injury and any serious damage to either public or private property shall, within 24 hours of its occurrence, be reported by telegram to the Director of Selective Service, Selective Service System, Washington, D. C. This report will be made by the person charged with the duty of investigating and reporting the incident. The project superintendent of the technical agency is charged with the duty of investigating and reporting all such incidents involving assignees while under his supervision, and all other such incidents connected with the work project or Government-owned vehicles. The camp director is charged with the duty of reporting all other such incidents.*

ORGANIZATION

§ 692.1 *Camp responsibility.* The camp director will be appointed by the technical agency operating the camp. The camp director will be responsible for all phases of camp operations; the work program, including maintenance of the camp and its environs; the protection of Government property; the maintenance of discipline; and the reception, pay, food, clothing, shelter, recreation, health, education, and welfare of assignees.*

*§§ 692.1 to 692.25, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive, E.O. No. 8545; 5 F.R. 3779 and E.O. No. 8675, 6 F.R. 831.

§ 692.2 *Camp overhead.* Assignees will be relieved from project work and assigned to administrative duties at the camp according to tables prescribed by the Director of Selective Service.*

CARE, WELFARE, AND DISCIPLINE OF ASSIGNEES

§ 692.11 *Subsistence.* Food will be provided without cost to the assignee. Basically, the ration will be the Army ration and its allowable substitutes as prescribed in AR 30-2210 (March 15, 1940) with such modifications as the Director of Selective Service may prescribe. Standard specifications for food as supplied to the Army or Navy will be applicable to such modifications. Ration-savings privileges may be allowed, the value of the ration being determined monthly by the Director of Selective Service. The mess is the responsibility of the camp director, who will operate the mess under such instructions as to balance, variety, and preparation as the Director of Selective Service may prescribe.

Representatives of the technical agency and of the Director of Selective Service using the camp mess will be charged for meals but not to exceed the value of the camp ration on a monthly basis or more than 25 cents for a single meal.*

§ 692.12 *Clothing.* (a) No uniforms for assignees are prescribed.

(b) Each assignee will be provided with such sufficient and proper clothing to perform his duties as the Director of Selective Service may determine.*

§ 692.13 *Medical care and hospitalization.* (a) The camp director is responsible for the health and medical care of the assignees. The agency operating such camp will provide a physician on a contract basis, whose duties will be to make health and sanitary inspections of men and camp, to make recommendations for correcting the deficiencies found, to give surgical and medical treatment to assignees, and to make such records and reports as may be required. The technical agency will also make arrangements for the hospitalization of assignees.

(b) All assignees will be inoculated against typhoid and vaccinated against smallpox within 48 hours after reporting to camp. These inoculations and vaccinations will be given by the camp physician. Upon completion, proper notations will be placed in the assignee's record at the camp headquarters. The standards of vaccination and inoculation shall be those prescribed by the Medical Department of the United States Army.*

§ 692.14 *Welfare and recreation.* The welfare and recreation of assignees is the direct responsibility of the camp director. Recreation at the camp in the form of athletics, entertainments, and similar activities is preferred to outside forms of amusement, but a reasonable amount of the latter should also be provided.

Ministers or other recognized representatives of religious organizations having members at the camp, as well as friends and relatives of assignees, should be allowed to visit freely, subject only to such restrictions as the proper operation of the camp or work project may require.

A Chaplain or educational advisor, selected and financed through the National Service Board for Religious Objectors and approved by the Director of Selective Service, is authorized to live at the camp and to assist and supplement the educational, welfare, and recreational program. He may be provided with quarters and subsistence at no greater cost than that paid by the administrative personnel attached to the camp. His activities must have the approval of the camp director, and he must conform to the general rules for the conduct of the camp.

Motor vehicles assigned to the camp may be used to provide transportation of the assignees for educational, recreational, or religious purposes under such rules as the technical agency operating the camp and the Director of Selective Service may prescribe.*

§ 692.15 *Education.* The camp director, under such instructions as the technical agency operating the camp and the Director of Selective Service may prescribe, will be responsible for training in first-aid, health and sanitation, safety, disaster and rescue work, and job training. All technical-agency personnel will be available for use in connection with the educational program. All assignees will be required to take part, and the services of qualified assignees may be used.

In addition to the above, the camp director should assist and encourage the formation of volunteer classes according to the needs and desires of the assignees.*

§ 692.16 *Furloughs and liberty.* (a) The camp director may grant furloughs to an assignee at such times as he may be spared from his duties. No assignee may receive a furlough or furloughs in excess of a total of 30 days in any one year, including furloughs for special religious holidays and periods of convalescence following illness or injury. Such furloughs shall include week ends and holidays falling within the period of furlough. The camp director may temporarily restrict or suspend the granting of furloughs to any or all men assigned to a project whenever in his opinion circumstances render such restrictions or suspensions desirable. The number of assignees on furlough at any one time will in no event exceed 15 percent of the total number of assignees in such camps.

(b) Liberty or leave regulations covering the hours outside of work hours may be issued from time to time by the camp director, who may prescribe hours assignees may be away from the camp and how far they may go from camp. Week-end leave must be confined between noon on Saturday and 6 a. m., Monday. A sufficient number of assignees will be maintained at the camp to provide for watchman service and fire protection at all times.*

§ 692.17 *Discipline.* (a) An assignee who fails to perform the duties outlined in § 653.42 or whose conduct amounts to a violation of local, State, or Federal criminal statutes or to a violation of the rules and regulations herein set forth, will be subject to such fines, restriction of privileges, extra duty, additional service, reclassification under the Selective Service Regulations, or prosecution under the Selective Training and Service Act of 1940, as amended, as the case may warrant.

(b) If an assignee is sought by local, State, or Federal criminal statutes, he will be delivered to the appropriate authority upon proper warrant for his arrest being exhibited to the camp director. The camp director will make a full and immediate report to the Director of Selective Service through regular channels on all such arrests and the disposition thereof. Upon receipt of the full facts concerning such arrests and disposition thereof, the Director of Selective Service will determine whether to submit such information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations.

(c) If an assignee who has reported to his local board for work of national importance pursuant to an Order to Report for Work of National Importance (Form 50) and has been furnished with the necessary instructions and transportation to the camp fails to report to the camp at the time and place designated, he will be carried as absent without leave for 10 days and, unless there is a change in status, will be deemed to be a deserter on the 11th day. Such failure to report to camp will constitute a violation of these regulations and may subject the assignee to prosecution under the Selective Training and Service Act of 1940, as amended. The Director of Selective Service will be notified of such failure to report to camp through regular channels on the 11th day and may take the necessary action to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(d) If, after reporting to the camp, an assignee is absent without leave for a continuous period of 10 days, he will be deemed to be a deserter. On the 11th day the Director of Selective Service will be notified through regular channels and may take the necessary steps to report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(e) Refusal to work or perform other assigned duties, inciting others to refuse to work or perform assigned duties, or failure to abide by the rules and regulations promulgated by the camp director, will constitute a violation of these rules and regulations. A full and immediate report of such violation of these rules and regulations will be made to the Director of Selective Service through regular channels. If the reported conduct indicates that the assignee may have been improperly classified, the Director of Selective Service may take the necessary steps to submit the information to the assignee's local board with a request that the assignee's case be reopened and his classification considered anew under the Selective Service Regulations. The Director of Selective Service may also report the assignee to the proper United States attorney as a violator of the Selective Training and Service Act of 1940, as amended.

(f) Loss of time over 24 hours because of the assignee's absence without leave, sickness or injury due to his own misconduct, confinement by civil authorities followed by conviction, or willful failure to perform duties, must be made up, provided that no assignee may be retained in camp longer than the maximum period of service as prescribed by law.

(g) Subject to such restrictions as may be hereinafter imposed, the camp director has the following punitive powers which he may exercise singly or in combination:

(1) Admonition.
(2) Reprimand.
(3) Suspension of privileges for not to exceed 1 week for any one offense.
(4) Assignment of extra work within the camp on nonworking days but not in excess of 8 hours per day for 2 such days for any one offense.
(5) Reduction of assignee-foremen.
(6) Forfeiture of cash allowance but not less than 50 cents or not more than 50 percent of monthly allowance in multiples of 25 cents in any one month, subject to approval of the Director of Selective Service.
(7) Cancelation of furlough privileges, not to exceed more than 20 days in any 12-month period, subject to approval of the Director of Selective Service.
(8) Imposition of additional service, not to exceed more than 40 days in any 12-month period, subject to approval of the Director of Selective Service.
(9) Take action as prescribed under (b) through (f) of this section.

(h) Table of offenses and appropriate punishments:

Offense	Punishment may be singly or in combination. Letters refer to (1) through (9) of (g) of this section
(1) Minor infractions of camp or work project rules or these regulations.	(1), (2), (3).
(2) Infraction of rules or regulations...	(1), (2), (3), (4), (5), (6), (7), but not to exceed 01 under (6) or more than 2 days under (7) for any one offense.
(3) Inexcusable failure to perform assigned duties.	(1), (2), (3), (4), (5), (6), (7), (8), but not both (7) and (8) or not to exceed 2 days for each day or fraction thereof on which duties were not performed or for each infraction of the regulations.
(4) Refusal to perform duties, insubordination, disorderly or disgraceful conduct in or out of camp, refusal to obey a lawful order.	(1), (2), (3), (4), (5), (6), (7), (8), but not to exceed a total of 10 days under (7) and (8) for any one offense. May be applied singly or in combination.
(5) Absent without leave.....	(1), (2), (3), (4), (5), (6), (7), (8), not to exceed 50 cents for each day of absence or a total of 50 percent of allowance under (6). Not to exceed 1 day for each day of absence or a total of 10 days under (7) and (8) which may be applied singly or in combination. If absence is for over 24 hours, the provisions of (f) of this section are mandatory.
(6) Continued or serious misconduct...	(6), (7), (8), (9). Any one or combination of (6), (7), and (8) subject to the limitations set forth, or (9) when offense is very serious or there has been two or more previous punishments covered by records of hearing.
(7) Persistent refusal to work or perform other assigned duties, or inciting others to refuse to work or perform other assigned duties.	(9).
(8) Failure to report to camp or desertion.	(9).
(9) Violation of criminal statutes, local, State, or Federal.	(9).

(i) The following disciplinary records will be required:

(1) When the punishment for an offense falls within (1), (2), (3), (4), or (5) of (g) of this section, a record of hearing is not required unless requested by the assignee. Such punishments will be entered and initialed by the camp director in a Camp Punishment Book. Such entry will show the date and nature of the offense, and date and nature of punishment.

(2) With the exception of the offenses committed under (b), (c), or (d) of this section, a record of hearing must be made when the offense is of such a serious nature that the offender, if found guilty, would be subject to punishment under (6), (7), (8), or (9) of (g) of this section. The accused shall have a right to be informed of the charge, choose counsel from the available assignees or technical personnel, question witnesses, make a statement in his own behalf, call any reasonably available witness, and appeal the decision of the camp director to the Director of Selective Service in writing within 10 days of the imposition of punishment. However, he may not refuse to undergo the punishment pending the outcome of an appeal.

(3) Records of hearing are subject to review and approval by the Director of Selective Service who may decrease but not increase a penalty.*

WORK PROGRAM

§ 692.21 *Allowable project work.* An assignee at a camp may be employed on any authorized work of the technical agency involved in the work program of the camp. Work priority shall be determined by such technical agency.*

§ 692.22 *Hours of work.* The hours of work on the project will be determined by the technical agency. No limitation is set on the number of hours that an assignee may be required to work in any given day or week. Forty-four hours per week shall be the minimum that any assignee shall work. Travel time shall not be included in computing the 44-hour minimum except the portion thereof which exceeds 1 hour in any one day. Assignees will be subject to emergency calls by the camp director on any day or night at any hour for the purpose of fighting forest fires or other emergencies affecting life or property.*

§ 692.23 *Assignees in supervisory positions.* The designation of assignees for supervisory positions shall be made by the camp director. The method of designation, number authorized, rates of pay, duties, authority, and titles of such assignee shall be prescribed by the Director of Selective Service.*

§ 692.24 *Records and reports.* The camp director will be responsible for the preparation and forwarding of such records and reports governing the operation of the camp as may be required from time to time by either the technical agency operating the camp or by the Director of Selective Service. Normally, these reports will be made through the regular channels of such technical agency with such exceptions as the Director of Selective Service may find necessary.*

§ 692.25 *Safety program and accident reports.* The applicable provisions of the Safety Manual now in use by the Civilian Conservation Corps with such modifications and additions as the Director of Selective Service may prescribe shall be used in the safety program. Duties and responsibilities assigned to the Company Commander or Camp Superintendent under the Civilian Conservation Corps setup are combined in the camp director who is responsible for the safety program. A safety committee composed of the camp director, the two chief administrative assistants, the camp physician, and one assignee will be organized in lieu of that provided for in the Civilian Conservation Corps but with the same duties and responsibilities. The Director of Selective Service will be substituted for Director, Civilian Conservation Corps, and, unless specifically stated, only those reports forwarded through the technical agency will be used.*

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 933—COPPER

Supplementary Conservation Order M-9-c-1

Whereas national defense requirements have created a shortage of Copper for the combined needs of defense, private account, and export; action has already been taken to increase and conserve the supply and to direct the distribution of Copper to insure deliveries for defense and essential civilian requirements; and the supply of Copper now is and will be insufficient for defense and essential civilian requirements unless the use of Copper in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited;

Now, therefore, it is hereby ordered, That:

§ 933.6 *Supplementary Conservation Order M-9-c-1*—(a) *Curtailment of manufacture.* During the period between January 1 and March 31, 1942, no Manufacturer of Shoe Findings may manufacture a greater number of such Findings containing any Copper than that number which, when added to stocks on hand, in process and in transit on the effective date hereof, will fill all purchase orders from customers caling for deliveries before April 1, 1942.

(b) *Curtailment of use of copper.* In addition to the limitation contained in paragraph (a) hereof, during the period between January 1 and March 31, 1942, no Manufacturer may use in the manufacture of all Shoe Findings more Copper than the greatest of the following three limits:

(1) 50% of the total amount of copper used by him in the manufacture of all Shoe Findings during the last three months of 1940, or

(2) 12½% of the total amount of Copper used by him in the manufacture of all Shoe Findings during the year 1940, or

(3) 35% of the total amount of Copper used by him in the manufacture of all Shoe Findings during the period between July 1 and September 30, 1941;

plus, in each such case, as much Copper as is used by him in the manufacture of however many Shoe Findings as are being produced pursuant to paragraph (f) hereof.

(c) *Prohibition of manufacture after March 31, 1942.* Except as provided in paragraph (f) hereof, after March 31, 1942, no Manufacturer may use any Copper in the manufacture of Shoe Findings.

(d) *Prohibition of delivery after March 31, 1942.* Except as provided in paragraph (f) hereof, after March 31, 1942, no manufacturer of Shoe Findings may deliver any such Findings containing Copper, and no Person may accept delivery of Shoe Findings containing any Copper from any Manufacturer of Shoes or of Shoe Findings.

(e) *Prohibition of use after April 30, 1942.* Except as provided in paragraph (f) hereof, after April 30, 1942, no Manufacturer may attach any Shoe Findings containing Copper to any type of Shoes.

(f) *Exceptions.* Where and to the extent that the use of any less scarce material is impracticable, the prohibitions and limitations contained in paragraphs (a), (b), (c), (d), (e) and (h) hereof shall not apply to Shoe Findings being produced for filling contracts or subcontracts for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, and the Coast Guard, or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), if in any such case the use of Copper to the extent employed is required by the specifications of the prime contract.

(g) *Reports.* Each Manufacturer of Shoe Findings containing Copper shall:

(1) Immediately file with the Office for Production Management the information called for on Form PD-259, and

(2) On or before April 15, 1942, file with the Office for Production Management the information called for on Form PD-260.

(h) *Limitation on inventories.* No Manufacturer of Shoes shall receive delivery of any Shoe Findings containing Copper which, when added to such Findings on hand or in transit on the effective date hereof, shall result in its having a greater number of Shoe Findings than that number which it estimates it will attach to Shoes before May 1, 1942.

(i) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Communications to Office for Production Management.* All reports required to be filed hereunder, and all communications concerning this Order shall, unless otherwise directed, be addressed to: Office for Production Management, Washington, D. C., Ref. M-9-c-1.

(k) *Violations.* Any Person who willfully violates any provision of this Order, or who by an act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(l) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Copper conserved, or that compliance with this Order would impair defense work, may appeal to the Office of Production Management on Form PD-261, Ref. M-9-c-1, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(m) *Effect on other orders.* With respect to the use of Copper and Copper Base Alloy, as defined in Copper Conservation Order M-9-c, in the manufacture of Shoe Findings and with respect to the use of such Findings containing Copper or Copper Base Alloy in the manufacture of Shoes, this Order shall, on and after the effective date hereof, control to the exclusion of all other Orders curtailing or prohibiting such specific use.

(n) *Definitions.* For the purposes of this Order;

(i) "Copper" means Copper metal which has been refined by any process of electrolysis, or fire refining, to a grade and in a form (cathodes, wire bars, ingot bars, ingots, cakes, billets, wedge bars, or other refined shapes) suitable for fabrication or in any subsequent stage of fabrication. It shall include Copper contained in any alloy and shall include metal produced from scrap.

(ii) "Shoe findings" means eyelets, hooks, tacks, nails, hob nails, screws, spikes, plates, snaps, slide fasteners, rivets, wires, slugs, studs, and other findings for any kind of Shoes.

(iii) "Shoes" means all kinds of boots, shoes, slippers, overshoes and other footwear of whatever material made, and overgaiters and leggings, but not including leggings made as a part of children's clothing.

(o) *Effective date.* This Order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 23d day of January 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 3 to Supplementary Order No. M-15-b, To Restrict the Use and Sale of Rubber

Supplementary Order No. M-15-b is hereby amended to read as follows:

Whereas the further importation of crude rubber is imperiled; national defense requirements have created a shortage of rubber for the combined needs of defense, private account, and export; action has already been taken to conserve the supply and to direct the distribution of rubber to insure deliveries for defense and essential civilian requirements; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of products where such use is not absolutely necessary for the defense or essential civilian requirements is prohibited as hereinafter provided;

Now, therefore, it is hereby ordered, That:

§ 940.3 *Supplementary Order M-15-b*—(a) *Definitions.* For the purposes of this Order:

(1) "Rubber" means all forms and types of crude rubber (including crepe rubber for soles or any other purpose) and all crude rubber (including scraps and trimmings) contained in any compound which has not been vulcanized, but does not include balata, gutta-percha,

[1] 6 F.R. 6611, 6643.

gutta siak, gutta jelutong, pontianac, reclaimed rubber, cured or vulcanized scrap rubber and Latex.

(2) "Latex" means the rubber solids contained in liquid latex in crude form, and in compounded liquid latex, which on December 11, 1941, had not been processed or mixed in such manner that further processing is necessary to prevent early spoilage.

(3) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(4) "War Order" means:

(i) Any contract or purchase order for material or equipment to be delivered to, or for the acocunt of:

(*a*) The Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development.

(*b*) The government of any of the following countries: The United Kingdom, Canada and other Dominions; Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia.

(ii) Any contract or purchase order placed by any agency of the United States Government for material or equipment to be delivered to, or for the account of, the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iii) Any contract or purchase order for material or equipment required by the Person placing the same to fill his contracts or purchase orders on hand, provided such material or equipment is to be physically incorporated in material or equipment to be delivered under contracts or purchase orders included under (i) and (ii) above.

(5) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(6) "Consume" means to use, process, stamp, cut, or in any manner change the form, shape or chemical composition of any rubber or latex.

(b) *General restriction on the use of rubber.* From the effective date of this Order until otherwise ordered by the Office of Production Management, no Person shall consume any Rubber for any purpose, except (subject to the provisions of paragraph (d)) one or more of the following:

(1) To manufacture products to fill War Orders; *Provided*, That no person shall consume any rubber to fill any such order until he has forwarded to the Rubber and Rubber Products Branch, Office of Production Management, a report showing:

(i) The name of the person placing the order and his purchase order number.

(ii) The name of the person to whom delivery is to be made.

(iii) The article to be manufactured and the quantities thereof.

(iv) The preference rating (if any), and how assigned.

(v) The respective quantities, by weight, of rubber, latex, and reclaimed rubber required.

(vi) The specifications (by number, if any).

(vii) The delivery schedules of the articles, in quantities, by months.

(viii) Such other information as may be required from time to time by the Office of Production Management.

(2) To manufacture products of the groups listed in List A; *Provided*, That no person shall consume more rubber during any calendar month, beginning with February, 1942, in the production of any such groups of products than a percentage of his average monthly consumption of rubber in producing the same group of products during the twelve months' period commencing on April 1, 1940, and ending on March 31, 1941, the percentage for each group of products being that set forth opposite the heading of such group.

(3) To manufacture products of the groups listed in List B; provided that no Person shall consume Rubber for such purpose without the prior approval of the Office of Production Management.

(c) *General restriction on the use of latex.* From the effective date of this Order until otherwise ordered by the Office of Production Management, no Person shall consume any latex for any purpose, except (subject to paragraph (d)) one or more of the following:

(1) To manufacture products to fill War Orders: *Provided*, That no Person shall consume any latex to fill any such order until he has forwarded a report complying with the requirements of subparagraph (b) (1).

(2) To manufacture products of the groups listed in List C attached: *Provided*, That no Person shall consume more latex during any calendar month, beginning with February, 1942, in the production of any such groups of products than a percentage of his average monthly consumption of latex in producing the same group of products during the twelve months' period commencing on April 1, 1940, and ending on March 31, 1941, the percentage for each group of products being that set forth opposite the heading of such group.

(3) To Manufacture products of the groups listed in List D: *Provided*, That no Person shall consume latex for such purpose without the prior approval of the Office of Production Management.

(d) *Manufacture according to specifications.* Any of the products or materials whose manufacture is permitted by paragraphs (b) and (c) may be manufactured only in conformity with such specifications as may be issued from time to time by the Office of Production Management: *Provided*, That until specifications for particular products or groups of products are issued by the Office of Production Management, the rubber or latex content by weight of any such products manufactured by any Person shall not exceed the rubber or latex content by weight of identical products manufactured by such Person on December 31, 1941, or on the most recent date prior to December 31, 1941, on which he manufactured that product or group of products.

(e) *General restriction on the sale of rubber and latex.* Until otherwise ordered by the Office of Production Management, no Person shall sell, trade or transfer the ownership of any rubber or latex, and no Person shall accept any such sale, trade or transfer of ownership, except (1) as expressly permitted by regulations prescribed by Rubber Reserve Company, or (2) in those cases in which specific authorizations may be issued by the Office of Production Management; *Provided*, That nothing in this paragraph shall be deemed to prohibit the sale of unvulcanized rubber products which were in finished and marketable form on December 11, 1941 or which have become finished and marketable at any time after that date pursuant to processing not prohibited by any orders or other instructions issued by the Office of Production Management.

(f) *Reports of stocks of rubber and latex.* Every Person who owns or has in his possession or under his control on the effective date of Amendment No. 3 of this Order any rubber or latex shall within fifteen days from such effective date file with the Rubber and Rubber Products Branch of the Office of Production Management a complete report setting forth by grades the amount of Rubber and the amount of Latex so owned, possessed or controlled by him, and the location and ownership thereof.

(g) *Distribution of rubber among plants.* Each Company (which term when used in this paragraph shall include any corporation together with all other corporations controlling, and all other corporations controlled by, such corporation), which is a processor of rubber or latex and which operates plants in more than one community (all plants operated by the same Company in the same community being herein collectively referred to as a "Unit") shall immediately upon any distribution of rubber or latex for any calendar month among its Units which is at a ratio which differs materially from the ratio of processing or consumption by such Units during July, 1941, file with the Rubber and Rubber Products Branch of the Office of Production Management, a full report thereof showing clearly the reasons for such departure in ratio of distribution. In any case in which it appears that such change in ratio was not justified or proper, the Office of Production Management will take such action as it may deem appropriate.

(h) *Limitation of inventories.* No person shall receive delivery of rubber or latex, or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, in quantities which shall result in an inventory of such material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of rubber or latex products by this Order.

(i) *Miscellaneous provisions*—(1) *Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Office of Production Management by addressing a letter to the Rubber and Rubber Products Branch, Office of Production Management, Washington, D. C., setting forth the pertinent facts. The Office of Production Management may thereupon take such action as it deems appropriate.

(3) *Applicability of Order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Office of Production Management may have the effect of limiting or curtailing to a greater extent than herein provided the use of Rubber or Latex in the production of any article, the limitation of such other Order shall be observed.

(4) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(5) *Communications.* All reports required to be filed under this Order, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C., Ref: M–15–b.

(j) *Effective date.* This Order shall take effect on February 1, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 3 to Limitation Order L–1–a To Restrict the Production of Medium and Heavy Motor Trucks

Section 976.1 (*General Limitation Order L–1–a*) as last amended by Amendment No. 2, issued December 31, 1941 is hereby amended to read as follows:

Whereas, the manufacture of medium and heavy motor trucks requires the utilization of large quantities of aluminum, chromium, copper, nickel, nickel steel, rubber, steel, tin, tungsten and other critical materials, and national defense requirements have created a shortage of these materials for the combined needs of defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and for essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of medium and heavy motor trucks is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 976.1 *General Limitation Order L–1–a*—(a) *Definitions.* For the purposes of this order:

(1) "Medium and/or Heavy Motor Truck" means a complete motor truck or truck tractor with a maximum gross vehicle weight rating of 9,000 pounds or more (as certified to the Office of Production Management by the Producer's Engineering Department and as specified in a published rating in effect prior to August 1, 1941) or the chassis therefor.

(2) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of medium and/or heavy motor trucks.

(b) *General restrictions.* (1) During the period commencing March 1, 1942 and ending March 31, 1942, Producers named below shall manufacture not more than the number of medium and/or heavy trucks set opposite their names:

Name of producer	Number of medium and/or heavy motor trucks
Ford Motor Company	20,000
Chevrolet Division, General Motors Corp.	18,000
Chrysler Corporation	2,500
International Harvester Company	5,945
Yellow Truck & Coach Manufacturing Co.	3,320
The White Motor Company	1,000
Mack Manufacturing Corporation	875
Federal Motor Truck Company	400
Diamond T Motor Car Company	400
Reo Motors, Incorporated	600
The Studebaker Corporation	480
Autocar Company	310
Brockway Motor Company	250
Divco-Twin Truck Company	245
Four Wheel Drive Auto Company	90
Sterling Motor Truck Company	80
Euclid Road Machinery Company	65
Kenworth Motor Truck Corporation	35
Walter Motor Truck Company	30
Oshkosh Motor Truck Company	20
Dart Truck Company	15
Hendrickson Motor Truck Company	7
The Corbitt Company	10
Available Truck Company	4
Duplex Truck Company	6
Walker Vehicle Company	6
Hahn Motors, Incorporated	3
Stewart Motor Corporation	4
The Hug Company	3
Coleman Motors Corporation	3
Federal Le Moon Truck Company	1
De Martini Motor Truck Company	1
Doane Motor Truck Company	1
MacDonald Truck & Mfg. Co.	1

(2) No Producer for whom this Order does not establish an authorized quota of production shall during the periods for which quotas are authorized by this Order, manufacture any product covered by the definition set forth in § 976.1 (a) hereof. Such a Producer may, however, apply for such authorization to the Director of Priorities of the Office of Production Management.

(3) Effective March 1, 1942 no Producer of Heavy and/or Medium Trucks shall equip any such vehicle with any tires, casings, or tubes: *Provided, however,* That Producer may temporarily equip such vehicle with tires, casings, or tubes, for the express purpose of assisting in the delivery of such vehicles to the purchaser to whom such vehicles are shipped if, but only if, the tires, casings, or tubes are removed from such vehicle upon the delivery to such person and are returned to the producer of the vehicle.

(4) The determination of authorized quotas established by this Order shall exclude, and the limitations on production imposed by this Order shall not apply to any medium and/or heavy motor trucks, produced under contracts or orders for delivery to or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(ii) The government of any of the following countries: the United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(iii) Any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including any in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act.)

(c) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(e) *Reports.* All persons affected by this Order, shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(f) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries or any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him or would disrupt or impair a program of conversion from non-defense work, may appeal to "Office of Production Management, Washington, D. C. Ref: L–1–a" setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C. Ref: L–1–a.

(i) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public, No. 89, 77th Congress, First Session)

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 2 and Extension No. 3 to Limited Preference Rating Order P–54 as Amended—Material Entering Into the Production of Defense Products

Amendment No. 2 to Limited Preference Rating Order P–54 as Amended. § 976.2[1] (*Limited Preference Rating Order P–54*), issued September 12, 1941, amended by Amendment No. 1 thereto, issued December 31, 1941 is hereby further amended in the following particulars:

Paragraph (b) (*Assignment of preference rating*) is hereby amended to read as follows:

§ 976.2 *Limited Preference Rating Order P–54.*

* * * * *

(b) *Assignment of preference rating.* Subject to the terms of this Order preference rating A–3 is hereby assigned:

(1) to deliveries to a Producer by his Suppliers of Materials (other than rubber tires, casings and tubes for Medium and/or Heavy Motor Trucks) to be physically incorporated by him in Defense Products; *Provided, however,* That when his production of the Defense Products is limited by Limitation Order No. L–1–a, or by any other order or direction of the Director of Priorities, no materials shall be obtained in quantity greater than required for this production as so limited.

(2) to deliveries to any Supplier of Material which will ultimately be delivered by him or another Supplier to the Producer under the rating assigned above, or will be physically incorporated into material which will be so delivered.

* * * * *

Extension No. 3 to Limited Preference Rating Order P–54 as amended. It is also hereby ordered that § 976.2 shall continue in effect until the 31st day of March, 1942, unless sooner revoked by the Director of Priorities. In order to make this extension effective it is hereby ordered that § 976.2 (e) (3) be amended to read as follows:

(e) *Restrictions on application of rating.*

* * * * *

(3) *By a producer or a supplier.* (i) unless the Material to be delivered cannot be obtained when required without such rating,

(ii) to obtain deliveries earlier than required,

(iii) to deliveries of Materials on purchase orders placed after March 1, 1942,

(iv) to deliveries of Materials on purchase orders calling for delivery after March 31, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 1 to Supplementary General Limitation Order L–3–d, Further Restricting the Production of Light Motor Trucks During the Months of December 1941 and January 1942

Section 976.8[1] (*Supplementary General Limitation Order L–3–d*), paragraph (a), is hereby amended to read as follows:

§ 976.8 *Supplementary General Limitation Order L–3–d*—(a) *Further restricting the production of light motor trucks in December 1941 and January 1942.* Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided for in Paragraph (b) below, during the period commencing December 1, 1941 and ending December 31, 1941, the manufacture of light motor trucks by each Producer thereof is hereby restricted to a number equal to three-fourths of seven per cent (¾ of 7%) of such Producer's average annual production of light motor trucks during the three years commencing August 1, 1938 and ending July 31, 1941, and no Producer shall manufacture light motor trucks during said month of December 1941 in excess of such number. Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided in Paragraph (b) below, during the period commencing January 1, 1942 and ending January 31, 1942, the manufacture of light motor trucks by each Producer thereof is hereby restricted to a number equal to seven per cent (7%) of such Producer's average annual production of light motor trucks during the three years commencing August 1, 1938 and ending July 31, 1941, and no Producer shall manufacture light motor trucks during said month of January 1942 in excess of such number. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session) and as so amended said Order shall continue in full force and effect. This amendment shall take effect immediately.

Issued this 23d day of January 1942.

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Amendment No. 2 to Limitation Order L-4—To Restrict the Production of Replacement Parts Used in the Repair of Passenger Automobiles and Light Trucks

Section 983.1[1] (a) (3) (*General Limitation Order L-4*), issued September 18, 1941 defining "Replacement Parts" is hereby amended to read as follows:

§ 983.1 *General Limitation Order L-4*—(a) *Definitions.*

* * * * *

(3) "Replacement parts" means only the following functional parts, (including components entering into such parts) used for the repair of light motor trucks or passenger automobiles: engine, clutch, transmission, propeller shaft, axles, brakes, wheels, hubs, drums, starting apparatus, spring suspension, brackets and shackles; also the exhaust, cooling, fuel, lubricating and electrical systems, including generators, lights, reflectors and batteries; also gauges, speedometers, motors, fusees, flares, directional signals, rear-view mirrors, windshield wipers, control mechanisms, steering apparatus, driving gears. Replacement parts do not include parts entering into the production or assembly of new light motor trucks or passenger automobiles. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Extension No. 2 and Amendment No. 1 of Limited Preference Rating Order P-57—Material Entering into the Production of Replacement Parts for Passenger Automobiles and Light Trucks

It is hereby ordered, That § 983.2[1] (*Limited Preference Rating Order P-57*) issued September 18, 1941 shall continue in effect as herein amended until June 30, 1942, unless sooner revoked or otherwise modified by the Director of Priorities. In order to make this extension effective: *It is hereby ordered*, That § 983.2 (e) (3) of said Order, "Restrictions on Application of Rating", be amended as follows:

§ 983.2 *Limited Preference Rating Order P-57.*

* * * * *

(e) *Restrictions on application of rating.*

* * * * *

(3) By a Producer or a Supplier:

(i) Unless the material to be delivered cannot be obtained when required without such rating,

(ii) To obtain deliveries earlier than required,

(iii) To deliveries of materials on purchase orders placed after June 1, 1942,

(iv) To deliveries of materials on purchase orders calling for delivery after June 30, 1942.

* * * * *

It is hereby further ordered, That § 983.2 (a) (3) of said Order, "Replacement Parts" be hereby re-defined to read as follows:

(a) *Definitions.*

* * * * *

(3) "Replacement Parts" means only the following functional parts (including components entering into such parts) used for the repair of light motor trucks or passenger automobiles: engine, clutch, transmission, propeller shaft, axles, brakes, wheels, hubs, drums, starting apparatus, spring suspension, brackets and shackles; also the exhaust, cooling, fuel, lubricating and electrical systems, including generators, lights, reflectors and batteries; also gauges, speedometers, motors, fuses, flares, directional signals, rear-view mirrors, windshield wipers, control mechanisms, steering apparatus, driving gears. Replacement parts do not include parts entering into the production or assembly of new light motor trucks or passenger automobiles.

* * * * *

Section 983.2 (b) be amended to read as follows:

(b) *Assignment of preference rating.* Subject to the terms of this Order, preference rating A-10 is hereby assigned:

(1) to deliveries to a Producer by his suppliers of materials to be physically incorporated by him in replacement parts: *Provided, however*, That no materials shall be obtained in quantity greater than required for his production as limited by Limitation Order No. L-4, L-4-a, or any amendments thereof, or by any other order or direction of the Director of Priorities.

(2) to deliveries to any Supplier, of Material which will ultimately be delivered by him or another Supplier to the Producer under the rating assigned above, or will be physically incorporated into Material which will be so delivered.

Effective date. This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; Sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Amendment No. 1 to Limitation Order L-4-a To Restrict the Production of Replacement Parts Used in the Repair of Passenger Automobiles and Light Trucks

In accordance with the provisions of § 983.1 (*General Limitation Order L-4*), issued September 18, 1941, § 983.3[1] (*Supplementary General Limitation Order No. L-4-a*), issued November 14, 1941, restricting production of Replacement Parts is hereby amended to read as follows:

§ 983.3 *General Limitation Order L-4-a*—(a) *Restrictions for the first half of 1942.* Notwithstanding the provisions of Supplementary General Limitation Order L-4-a issued November 14, 1941, during the period commencing January 1, 1942 and ending June 30, 1942, a producer shall not manufacture more than one hundred fifty percent (150%) of that number of each of the replacement parts named in § 983.1 (a) (3) hereinabove, sold by him for replacement purposes during the calendar year 1941. The Director of Priorities may from time to time change the limitation imposed by this section to the extent deemed necessary by him to offset such curtailment in production as may result from conversion of facilities from non-defense to defense work or from other cause or to secure an available supply of replacement parts.

(b) The determination of authorized quotas established by this Order shall exclude, and the limitations on production imposed by this Order shall not apply to any replacement parts produced under contracts or orders for delivery to or for the account of any of the persons, governments or agencies enumerated in § 983.1 (b) (2) of Limitation Order No. L-4. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

This order shall take effect immediately. Issued this 23d day of January 1942.

PART 1031—MOLASSES

Amendment No. 1 to General Preference Order No. M-54 To Conserve the Supply and Direct the Distribution of Molasses

Section 1031.1 (*General Preference Order No. M-54*) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Molasses, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 1031.1 *General Preference Order M-54*—(a) *Definitions.* For the purposes of this Order:

(1) "Molasses" means any molasses, sirup, sugar solution, or any form of fermentative sugar (derived from sugar cane or sugar beets) other than direct-consumption sugar (as defined in General Preference Order No. M-55) or sugar intended for and used for manufacture into direct-consumption sugar. Blackstrap Molasses is any final Molasses produced in the manufacture of sugar from sugar cane or from the refining of raw sugar and includes all beet Molasses produced in the manufacture of sugar from sugar beets. Invert Molasses is any Molasses made from sugar cane without extraction of sugars. For the purpose of this Order one gallon of invert Molasses is to be construed as 1½ gallons of blackstrap Molasses.

(2) "Producer" means any person engaged in the production of Molasses and includes any person who has Molasses produced for him pursuant to toll agreement.

(3) "Importer" means any person who transports Molasses in any manner into the continental United States. Release from the bonded custody of the United States Bureau of Customs shall be deemed a transportation.

(4) "Distributor" means any person who sells Molasses of which he is not either the Producer or the Importer.

(5) "Class 1 Purchaser" means any person who requires Molasses in the

manufacture of any one or more of the following products:

(i) Yeast.
(ii) Citric acid.
(iii) Molasses or Sirup for Human Consumption.
(iv) Insecticides, Lactic Acid or Graphite Paste.
(v) Sugar for Human Consumption (produced from beet molasses).

and any person who requires Molasses for dust extraction purposes or leather tanning.

(6) "Class 2 Purchaser" means any person who requires Molasses in the manufacture of feed (other than for the barrel trade).

(7) "Class 3 Purchaser" means any person who requires Molasses for foundry purposes.

(8) "Class 4 Purchaser" means any person who requires Molasses in the manufacture of vinegar.

(9) "Calendar Quarter" means the several three month periods of the year commencing January 1, April 1, July 1, and October 1.

(10) "Calendar Quarterly Supply" means a quantity of molasses not in excess of the quantity used by a Purchaser listed above during a corresponding Calendar Quarter in the 12 months' period ended June 30, 1941. Purchasers shall determine a Calendar Quarterly Supply with respect to each used specified in subparagraphs (a) (5) (6) (7) and (8) above. Quantity shall in all cases be computed on a blackstrap Molasses basis.

(11) "15 Day Supply" means a quantity of Molasses not in excess of one-twenty-fourth of the quantity used by a Purchaser listed above during the 12 months' period ended June 30, 1941. Purchasers shall determine a 15 Day Supply with respect to each use specified in subparagraphs (a) (5) (6) (7) and (8) above. Quantity shall in all cases be computed on a blackstrap Molasses basis.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding:

(1) No Class 1, Class 2, Class 3 or Class 4 Purchaser shall, during any calendar Quarter, accept deliveries of Molasses in excess of the quantity set forth below less any quantity in excess of a 15 day supply on hand on the first day of the Calendar Quarter in which delivery is to be made:

(i) Class 1 Purchaser—during any Calendar Quarter, 100% of a Calendar Quarterly Supply.

(ii) Class 2 Purchaser—during Calendar Quarter commencing January, 1942, 55% of a Calendar Quarterly Supply; during any Calendar Quarter thereafter, 50% of a Calendar Quarterly Supply.

(iii) Class 3 Purchaser—during any Calendar Quarter, 110% of a Calendar Quarterly Supply.

(iv) Class 4 Purchaser—during Calendar Quarter commencing January, 1942, 75% of a Calendar Quarterly Supply; during any Calendar Quarter thereafter, 70% of a Calendar Quarterly Supply.

(2) Prior to delivery of Molasses, within the limitations of subparagraph (c) (1) hereof, the prospective deliveree thereof shall submit to the deliveror a certificate in substantially the following form, properly filled out and manually signed by a duly authorized official:

The delivery of ..... gallons of Molasses (blackstrap Molasses basis), in connection with which this certificate is furnished, will not be, taking into consideration Molasses received and to be received during this Calendar Quarter from all other sources and inventory on hand on the first day of this Calendar Quarter, in excess of ..... per cent of a Calendar Quarterly Supply to which the undersigned as a Class ..... Purchaser is entitled pursuant to General Preference Order No. M–54, with the terms of which Order the undersigned is familiar.

Dated .....

.....
(Name of Purchaser)

By .....
(Duly Authorized Official)

(3) Purchasers specified in paragraph (a) hereof may make application to the Director of Priorities for deliveries of Molasses in addition to those set forth in paragraph (c) hereof if they own, possess or control facilities for the storage of the same.

(4) No person shall knowingly deliver Molasses to any Class 1, 2, 3 or 4 Purchaser in violation of the terms of subparagraphs (c) (1) and (2) hereof.

(5) Producers, Distributors and Importers may, during any Calendar Quarter, make deliveries of Molasses to persons who require the same for ensilage or feed or for sale to persons who require the same for ensilage or feed (the barrel trade) provided such deliveries do not exceed in quantity (on blackstrap Molasses basis) the deliveries made by such Producers, Distributors and Importers, respectively, for such purposes during the corresponding Calendar Quarter of the 12 months' period ended June 30, 1941.

(6) After January 15, 1942, no person shall deliver, use or accept delivery of Molasses for the manufacture of beverage spirits.

(7) On and after January 1, 1942, except with respect to deliveries permitted by subparagraphs (c) (1) (2) and (5) hereof, deliveries originating and completed outside of the continental United States, deliveries to an Importer originating outside of the continental United States, deliveries to a Distributor (deliveries to a Distributor coming within the provisions of subparagraph (c) (5) hereof shall be governed by such subparagraph) and deliveries specifically authorized by the Director of Priorities, no deliveries of Molasses shall be made by any Producer, Distributor or Importer; and no person shall accept delivery of Molasses made in violation of the foregoing clause. At the beginning of each calendar month the Director of Priorities will issue to all Producers, Distributors and Importers specific directions covering deliveries of Molasses which may be made by such Producers, Distributors and Importers during such month. Such directions will be primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference rating assigned to particular contracts or Orders.

(d) *Restrictions on consumption.* Unless otherwise authorized by the Director of Priorities, no Purchaser specified in paragraph (a) hereof shall, during any Calendar Quarter commencing with the month of January 1942, use or consume more Molasses than he would be permitted to receive during such Calendar Quarter (if he had no Molasses on hand) pursuant to the provisions of paragraph (c) hereof.

(e) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(f) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management. Persons who have stocks of Molasses on hand which they are forbidden by the terms of this Order to deliver or use shall forthwith report such fact (and the details thereof) in writing to said Chemicals Branch and shall hold the said stocks until further order of the Director of Priorities. In addition, Producers, Distributors and Importers shall forthwith report to said Chemicals Branch the storage facilities (and the location thereof) which they own, possess or control.

(g) *Notification of customers.* Producers, Distributors and Importers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(h) *Violations or false statements.* Any person who violates this Order or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35 (A) of the Criminal Code. (18 U.S.C. 80)

(i) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Molasses conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M–54, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(j) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public, No. 89, 77th Congress, First Session)

PART 1063—MERCURY

Conservation Order No. M–78 Curtailing the Use of Mercury in Certain Items

Whereas, it is found that the present and increasing future demand for mercury in the United States seriously threatens national defense requirements for Mercury, and it is further found that the fulfillment of requirements for the defense of the United States will result in a shortage in the supply of Mercury for defense and private account, and it is further found that this situation imperils the obtaining of priority for deliveries of such materials under present and future Army and Navy contracts and orders and related subcontracts and suborders unless the supply of Mercury is conserved and its use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest, to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 1063.1 *Conservation order M–78.*—(a) *Definitions.* For the purpose of this Order:

(1) "Mercury" means:

(i) Metallic mercury (quicksilver) of any quality and from whatever source derived, and

(ii) Any mercury-containing chemical compound, salt or mixture.

(2) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(3) "Manufacture" means to amalgamate, assemble, mix or process in any other way, but does not include installation or sale of a completely finished product for the ultimate customer.

(4) "Item" means any article or any component part thereof.

(5) "Use" means and includes

(i) the act of amalgamating, mixing, processing or compounding mercury.

(ii) the act of putting mercury into any item and

(iii) the act of manufacturing any item containing mercury.

(Where a person is limited to a percentage of mercury used in a base period, this limitation applies respectively to (i), (ii) and (iii) above. Each limitation must be applied separately.)

(6) "Base Period" means at the option of the manufacturer either (1) the corresponding quarterly period in 1940, or (2) the first calendar quarter in 1941, provided that the same option shall be used throughout the calendar year.

(b) *Prohibition on use of mercury in articles appearing on list "A".* (1) Unless otherwise specifically authorized by the Director of Priorities, any person using mercury in the manufacture of any item or in any manufacturing process on List "A" shall limit his use of mercury in the manufacture of any such item or in any such process between January 15, and March 31, 1942, to 50% of his use in the base Period (as hereinbefore defined).

(2) Unless otherwise specifically authorized by the Director of Priorities, effective April 1, 1942, no mercury shall be used in the manufacture of any item on List "A".

(c) *Restriction on use of mercury in article on list "B."* Unless otherwise specifically authorized by the Director of Priorities, any person using mercury in the manufacture of any item or in any manufacturing process on List "B" shall limit his use of mercury in the manufacture of any such item or in any such manufacturing process between January 15, 1942, and March 31, 1942, and during each calendar quarter thereafter to the percentage of such use in the Base Period indicated opposite such item or such manufacturing process on List "B."

(d) *Limitation on other uses of mercury.* Unless otherwise specifically authorized by the Director of Priorities, any person using mercury in any item or in any manufacturing process not covered by paragraph (b), (c), or (e) of this Order shall limit his use of mercury in any such item or in any such manufacturing process between January 15, 1942, and March 31, 1942, and during each calendar quarter thereafter to 80% of his use of mercury in such item or in such manufacturing process in the Base Period.

(e) *General exception.* The prohibitions and restrictions contained in paragraphs (b), (c), and (d) shall not apply to the use of mercury in the manufacture of any item which is being produced

(1) for delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of mercury to the extent employed is required by the specifications of the prime contract; or

(2) to comply with Underwriters Regulations or Safety Regulations issued under Governmental authority, provided that pertinent provisions of such Regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of mercury to the extent employed; or

(3) with the assistance of a preference rating of A–1–j or higher.

(f) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver mercury to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this Order.

(g) *Limitation of inventories.* No manufacturer shall receive delivery of mercury (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw-semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of mercury products by this Order.

(h) *Miscellaneous provisions.*—(1) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of mercury conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office for Production Management, Ref:

M–78, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all items hereafter manufactured irrespective of whether such items are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided, the use of mercury in the production of any item, the limitations of such other Order shall be observed.

(4) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C. Ref: M–78

(5) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under Section 35 A of the Criminal Code. (18 U.S.C. 80)

(6) *Effective date.* This Order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 1077—RADIO RECEIVERS AND PHONOGRAPHS

General Limitation Order No. L–44 To Restrict the Production of Radio Receivers and Phonographs

Whereas the demands of national defense have created a shortage of copper, aluminum, nickel and other critical materials used in the manufacture of radio receivers and phonographs; action has already been taken to conserve the supply and direct the distribution of these materials to insure deliveries for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of radio receivers and phonographs is curtailed and the use of critical materials for such manufacture is thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 1077.1 *General Limitation Order L–44—(a) Definitions.* For the Purposes of this Order:

(1) "Set" means (i) any type of apparatus designed for the reception of radio broadcasts except apparatus produced under a specific order, contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development, any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act), or for any police department or similar agency of any public authority in the United States, or produced with the assistance of a Preference Rating of A–1–j or higher; or

(ii) any phonograph or other record player; or

(iii) any combination of (i) and (ii).

(2) "Factory Sales Value" means the aggregate net value of all sales of sets from factory or branches to distributors, dealers or consumers, including both domestic sales and sales for export.

(3) "Put into Production" means

(i) begin the assembly of component parts on the chassis of a set after rivet and eyelet operations have been completed; or

(ii) begin the first assembly operation on a set, when the provisions of (i) are inapplicable.

(4) "Class A Manufacturers" means those manufacturers of sets whose factory sales value during the nine months ending September 30, 1941, was $1,000,000.00 or more.

(5) "Class B Manufacturers" means those manufacturers of sets whose factory sales value during the nine months ending September 30, 1941, was less than $1,000,000.00.

(b) *General restrictions.* (1) During the period of ninety days beginning with the effective date of this Order, no Class A Manufacturer shall put into production more sets than 55% of ½ of the number of sets completed by him during the nine months ending September 30, 1941, and shall not install in sets put into production by him during the above ninety-day period more tube sockets than 55% of ½ of the number of such sockets installed in the sets completed by him during the nine months ending September 30, 1941.

(2) During the period of ninety days beginning with the effective date of this Order, no Class B Manufacturer shall put into production more sets than 65% of ½ of the number of sets completed by him during the nine months ending September 30, 1941, and shall not install in sets put into production by him during the above ninety-day period more tube sockets than 65% of ½ of the number of such sockets installed in the sets completed by him during the nine months ending September 30, 1941.

(c) *Avoidance of excessive inventories.* No manufacturer of radio receivers and phonographs shall accumulate for use in the manufacture of such radio receivers and phonographs inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of radio receivers and phonographs at the rates permitted by this Order.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each manufacturer to whom this Order applies shall file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request.

(g) *Violations.* Any person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code. (18 U.S.C. 80)

(h) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the Office for Production Management setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Applicability of other orders.* Insofar as any other Order issued by the Director of Priorities, or to be issued hereafter, limits the use of any material to a greater extent than the limits imposed by this Order, the restrictions in such other Order shall govern unless otherwise specified therein.

(j) *Application of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(k) *Communications.* All reports to be filed, appeals and other communications concerning this Order should be addressed to the Office for Production Management, Washington, D. C., Ref: L–44.

(l) *Effective date.* This Order shall take effect on the date of its issuance, and shall continue in effect until revoked. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public, No. 89, 77th Congress, First Session)

Issued this 23d day of January 1942.

PART 1079—HEMP SEED

General Preference Order No. M–82 to Conserve the Supply and Direct the Distribution of Domestically Produced Hemp Seed

Whereas the uncertainty of future shipments of hemp from abroad and national defense requirements for hemp have created a shortage of the supply thereof for defense, for private account, and for export, and it is necessary in the public interest and to promote the national defense to conserve and allocate the existing supply of domestically produced hemp seed in the manner and to the extent hereinafter in this Order provided:

Now, therefore, it is hereby ordered, That:

§ 1079.1 *General Preference Order M–82—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected hereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* As used in this Order (1) "Domestically produced hemp seed" shall mean the seed of the hemp plant Cannabis Sativa grown in the Continental United States of America; and not heretofore packaged for retail distribution as seed nor heretofore so processed as to be rendered unfit for seed for the growing of hemp plants.

(c) *Restrictions on the use of domestically produced hemp seed.* No person shall hereafter use any domestically produced hemp seed, except for the growing of hemp fiber or for the growing and producing of additional hemp seed.

(d) *Restrictions on deliveries and assignment of preference ratings.* Notwithstanding anything in Priorities Regulation No. 1 to the contrary, no person shall hereafter sell or otherwise transfer title to, or many any deliveries, and no person shall purchase or accept delivery of domestically produced hemp seed, except upon the following categories of orders:

(1) Orders placed by the Commodity Credit Corporation which are hereby assigned a preference rating of A–10, and acceptance thereof is required.

(2) Orders placed by persons engaged in the growing of hemp which are hereby assigned a preference rating of B–1, and acceptance thereof is required.

(3) Such other orders as may from time to time be specifically authorized by the Director of Priorities, and acceptance thereof may be required.

(e) *Application of preference rating.* Any person entitled to a preference rating under this Order may apply the same by endorsing on such person's purchase order for domestically produced hemp seed the following, manually signed by such person or by a responsible official thereof.

This order for hemp seed carries a preference rating of ----, assigned under General Preference Order M–82.

Such endorsement shall constitute a representation to the Office of Production Management that such person was entitled to the rating under the provisions of this Order.

(f) *Reports.* (1) Each person, other than a person of one of the classes referred to in paragraph (d) hereof, having title, on the effective date of this Order, to two or more bushels of domestically produced hemp seed, shall, on or before the close of business on the tenth day after the effective date of this Order, report in writing to the Office of Agricultural Defense Relations, Department of Agriculture, Washington, D. C., as tabulating agent for the Office of Production Management, setting forth the number of bushels of such hemp seed owned by such person and the location thereof. Failure to make such a report on the part of any person shall be deemed a representation to the Government, subject to the penalties of section 35 (A) of the United States Criminal Code, that such person does not have title to such quantities of hemp seed.

(2) Each person delivering or accepting delivery of domestically produced hemp seed, in accordance with paragraph (d) hereof, or as specifically authorized by the Director of Priorities, shall, on or before the close of the next business day following such delivery or acceptance, report in writing to the Office of Agricultural Defense Relations, Department of Agriculture, Washington, D. C., as tabulating agent for the Office of Production Management, the number of bushels of hemp seed so delivered or accepted, the names and addresses of the persons delivering and accepting delivery, and the place where such hemp seed is to be stored after such delivery.

(g) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of hemp seed conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference M–82, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Communications to the Office of Production Management.* Except as provided in paragraph (f), all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C., Ref.: M–82.

(i) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Effective date.* This Order shall take effect upon the date of issuance hereof. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 23d day of January 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

(g) Awards of service-connected benefits for periods beginning on or after December 19, 1941, to widows, children, or parents of veterans whose death resulted from service since March 4, 1861, as comprehended by § 35.012 (a) (3) [paragraph I (c)], as amended by the Act of December 19, 1941. (Public No. 359, 77th Congress)

(1) The rates provided by section 5, Public No. 198, 76th Congress, as amended, are payable to the widows, children, and parents of veterans whose death resulted from service since March 4, 1861, as comprehended by § 35.012 (a) (3) [paragraph I (c)], as amended by Public No. 359, 77th Congress (Act of December 19, 1941) subject to the limitations of subparagraphs (2) and (3) of this paragraph.

(2) On and after December 19, 1941 the rates payable under section 5, Public No. 198, 76th Congress, as amended, shall not be payable while the combined monthly rates of compensation or pension and of yearly renewable term, or automatic insurance, or National Service Life Insurance payable equal or exceed the rates prescribed in section 5, supra (§ 5.2624).

(3) On and after December 19, 1941, if the combined monthly rates of compensation or pension and insurance do not equal or exceed the rates prescribed in section 5 of Public No. 198, 76th Congress, as amended, the amount of compensation or pension payable while the insurance is payable shall be that which equals the difference between the amount of the monthly instalment of insurance and the rate of compensation or pension otherwise payable under section 5, Public No. 198, 76th Congress, as amended, subject to the increase at the full rate prescribed therein from the date following the ending date of the insurance award. In no event, however, will the rates payable be less than those authorized by § 35.011 (a), [paragraph I]. (December 19, 1941) [Pub. No. 359, 77th Congress]

APPORTIONMENT OF DEATH PENSION OR COMPENSATION

§ 5.2591 *Prior apportionment not to be disturbed.*

* * * * *

(c) (1) *Rates payable.* (a) Apportionment of death compensation or pension under any law administered by the Veterans Administration, except as provided in paragraphs (b) (c) and (d) of this section, shall be computed as follows: The share for all children for whom claim is filed will be that amount to which they would be entitled if there were no widow. The widow's share will be the difference between the children's share and the total amount payable on account of the widow and all children for whom claim is filed. In all instances, the amount payable to or for the children will be divided equally among the children, regardless of their ages. The share for any children in the widow's custody will be added to the widow's share. If, in the application of this rule, the widow's share would be reduced to an amount lower than 50 percent of that to which she would be entitled if there were no children, then her share will be 50 percent of the amount to which she would be entitled if there were no children, and the difference between the amount of such widow's share and the entire amount payable for the widow and children will be the children's share. (December 19, 1941) [Public No. 359, 77th Congress]

* * * * *

RATES OF DEATH PENSION AND COMPENSATION FOR WIDOWS, REMARRIED WIDOWS, CHILDREN AND DEPENDANT PARENTS

§ 5.2620 *General law; veteran's death due to service.*[4] The following rates of pension are payable under the General Law, subject to the conditions and limitations set forth in Regulations. (R. S. 4695 as amended) (Public No. 758, 75th Congress, Act of June 28, 1938.) Public No. 359, 77th Congress, (Act of December 19, 1941)

* * * * *

(d) The rates payable on and after December 19, 1941 to persons entitled under the General Law as amended by the Act of December 19, 1941 (Public No. 359, 77th Congress) for death resulting from service since March 4, 1861, shall be the same as in § 5.2622 (b) or, subject to the limitations contained in § 5.2582 (g) shall be the same as in § 5.2624.

(e) Remarried widows of Civil War veterans.[5] The rates payable are the same as those provided in paragraphs (a) and (b) or (c) of this section.

(f) *Children of officers and enlisted men of the Army, Navy and Marine Corps.* The rates for children, except as provided in paragraph (c) of this section, are the same as the widow's rates in paragraphs (a) and (b) of this section, plus $2.00 per month additional for each child, equally divided. Children are not entitled to the $25 rate awarded only to widows of veterans of the Civil War, War with Spain and Philippine Insurrection by the Act of October 6, 1917. (4703 R.S. and 40 Stat. 408)

(g) *Dependent mother or father of officer or enlisted man in the Army, Navy or Marine Corps.* The rate for a dependent mother or father, except as provided in paragraph (c) of this section, is the same as for the widow as shown in paragraphs (a) and (b) of this section, except that the minimum rate was increased by the Act of September 1, 1922, to a dependent mother or father of a veteran who served during the War with Spain, Boxer Rebellion or Philippine Insurrection, to $20 per month. (4707 R.S. and 42 Stat. 834)

(h) *Repeal and reinstatement of Spanish American War pension laws.* All public laws granting pensions to veterans and dependents of veterans of the War with Spain, Boxer Rebellion and Philippine Insurrection were repealed March 20, 1933, by act of that date, but persons then on the rolls were continued thereon to include June 30, 1933. Seventy-five percent of the rates formerly being paid was restored by provisions of section 30, Title III, Public, No. 141, 73d Congress, (Act of March 28, 1934) from the date of the Act to August 13, 1935. On February 8, 1935, under § 35.015, seventy-five per centum of the rates formerly payable was restored to widows and dependents of veterans who left the continental United States for service in Cuba, Puerto Rico or Guam, between August 13, 1898, and July 4, 1902, both dates inclusive. The full rates formerly payable were restored from August 13, 1935, by Act of that date. (December 19, 1941) [Public, No. 359, 77th Congress]

EXECUTIVE ORDER

DEFINING ADDITIONAL FUNCTIONS AND DUTIES OF THE WAR PRODUCTION BOARD

By virtue of the authority vested in me by the Constitution and the statutes, as President of the United States and Commander in Chief of the Army and Navy, and for the purpose of assuring the most effective prosecution of war procurement and production, it is hereby ordered as follows:

1. In addition to the responsibilities and duties described in paragraph 2 of Executive Order No. 9024,[1] of January 16, 1942, the Chairman of the War Production Board, with the advice and assistance of the members of the Board, shall:

a. Perform the functions and exercise the powers heretofore vested in the Office of Production Management.

b. Perform the functions and exercise the powers vested in the Supply Priorities and Allocations Board, by Executive Order No. 8942,[2] of November 19, 1941.

c. Perform the functions and exercise the authority vested in the President by Section 120 of the National Defense Act of 1916, (39 Stat. 213).

2. Paragraph 1 of said Executive Order No. 9024 of January 16, 1942, is amended to provide that the Lieutenant General in charge of War Department Production, and the Director of the Labor Division of the War Production Board shall be members of the War Production Board vice the Director General and Associate Director General of the Office of Production Management.

3. The Chairman of the War Production Board may exercise the powers, authority, and discretion conferred upon him by this or any other Order through such officials or agencies and in such manner as he may determine; and his decisions shall be final.

4. The Office of Production Management, established by Executive Order No. 8629[3] of January 7, 1941, is abolished and its personnel, records, property, and funds are transferred to the War Production Board.

5. Executive Order No. 8629, of January 7, 1941, is rescinded, and Executive Order No. 9024, of January 16, 1942, and any other Executive Orders the provisions of which are inconsistent with the provisions of this Order, are amended accordingly.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendments 60-51, 60-52 and 60-53, Civil Air Regulations]

PART 60—AIR TRAFFIC RULES

EMERGENCY REGULATIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 8th day of January 1942.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 601 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective February 15, 1942, Part 60 of the Civil Air Regulations is amended as follows:

1. By adding at the end thereof the following new section:

§ 60.95 *Emergency regulations.*

§ 60.950 *Definitions.* (a) As used in this section (§ 60.95, the term "aircraft" means all aircraft other than those operated by scheduled air carriers while on their certificated routes, the United States Army or Navy, the Civil Aeronautics Administration or the Civil Aeronautics Board.

(b) As used in this section (§ 60.95) a "designated landing area" is a landing area designated by the Administrator for the landing and take-off of aircraft during the period of national emergency.

(c) As used in this section (§ 60.95) a "local flying area" is an area adjacent to a designated landing area, including any channel leading thereto, which has been set aside by the Administrator, or his authorized representative, for local flying and a "local flight" is a flight wholly within such area.

(d) As used in this section (§ 60.95) a "vital defense area" is an area set aside by the Secretary of War, or the Administrator upon the request or approval of the Secretary of War, within which the operation of aircraft is prohibited or is authorized only subject to prescribed conditions.

(e) As used in this section (§ 60.95) a "zone of military operations" is an area designated as such by the Secretary of War, or the Administrator upon the request or with the approval of the Secretary of War.

§ 60.951 *Flight rules.* (a) Except upon the prior approval of the Administrator, or his authorized representative, no person shall (1) take off any aircraft from a place other than a designated landing area, or (2) land any aircraft at any place other than a designated landing area except where such landing is caused by unforseeable circumstances beyond the control of such person in which event the pilot of the aircraft shall make a report to the Administrator or his designee at the landing area to which he was cleared as soon as possible, and in no case more than 24 hours after such landing, setting forth fully the reasons therefor.

(b) No person shall take off any aircraft from a designated landing area unless, immediately prior to such take-off, he shall have submitted to the Administrator or a person designated by him at such landing area, sufficient information to identify adequately the pilot, occupants, and the aircraft, and to describe the route, duration, nature, and purpose of the proposed flight: *Provided,* That if a continuous series of local flights with the same occupants in the airplane is contemplated, such information need be submitted only once for such series.

(c) No person shall take off any aircraft from a designated landing area unless, immediately prior to such take-off, he shall have secured a clearance for take-off, issued in accordance with this section, from the Administrator or a person designated by him: *Provided,* That one clearance only need be secured for a continuous series of local flights with the same occupants in the airplane. No clearance shall be granted (1) unless the applicant for clearance demonstrates to the Administrator, or person designated by him, that the applicant is the holder of a currently effective pilot certificate and, after January 8, 1942, presents the identification card required by § 60.322, (2) unless the route proposed to be flown by the applicant permits compliance with § 60.951 (h) with respect to vital defense areas and zones of military operation, (3) unless the aircraft proposed to be flown is equipped with functioning two-way radio if the flight is other than a local flight, and (4) unless the issuance of such clearance is consistent with instructions issued by the Civil Aeronautics Administration: *Provided,* That with the special permission of the Administrator, or a person designated by him for this purpose, a flight may be cleared to operate in daylight in accordance with daylight contact flight rules beyond the local flying area of the landing area from which take-off is made notwithstanding that the aircraft flown is not equipped with functioning two-way radio. No clearance under this section shall be deemed to authorize the violation of any regulation.

(d) No person shall take off any aircraft from a designated landing area unless, immediately prior to such take-off, if the flight be to another landing area and requires operation into or within a vital defense area or a zone of military operations, he shall have transmitted to such landing area, through the person granting clearance, a message by telephone or telegraph identifying the aircraft to be flown and stating the estimated time of arrival: *Provided,* That this requirement need not be met if a flight plan has been filed with Airway Traffic Control for the flight.

(e) No person shall take off any aircraft from a designated landing area unless, immediately prior to such take-off, he shall have familiarized himself with all available current flight information relating to the area proposed to be traversed on his flight.

(f) Immediately after landing an aircraft upon a designated landing area, the pilot of such aircraft shall submit to the Administrator, or person designated by him at such landing area, a copy of his clearance and such other information as may be required: *Provided,* That if a series of local flights is being made with the same occupants in the aircraft, such information need be submitted only after the final landing in such series.

(g) Immediately after landing upon a designated landing area after a flight from another designated landing area which involved operation into or within a vital defense area or zone of military operation, the pilot shall transmit to the landing area from which he was cleared for the flight, through the Administrator's designee at the landing area on which the landing was made, a message by telephone or telegraph identifying the aircraft flown and stating the time of arrival: *Provided,* That this requirement need not be met if a flight plan has been filed for the flight with Airway Traffic Control.

(h) No person shall operate an aircraft otherwise than in accordance with the description of the flight submitted to the Administrator or his designee at the landing area from which take-off was made, except in case of emergency in which event the pilot of the aircraft shall make a report to the Administrator, or his designee at the landing area of departure or arrival, as soon as possible after such deviation, describing the deviation and setting forth fully the reasons therefor.

(i) No person shall operate aircraft into or within a vital defense area or zone of military operations otherwise than in accordance with the conditions specified for such operation.

(j) No person shall leave an aircraft unattended under circumstances which would permit its operation by an unauthorized person without rendering the aircraft incapable of operation in a manner consistent with any instructions issued by the Administrator for this purpose.

§ 60.952 *Aircraft basing.* (a) No person shall base an aircraft at any place within the United States other than a designated landing area without first obtaining specific permission from the Administrator issued upon such conditions as he deems necessary.

(b) Immediately upon basing at a designated landing area, the owner of an aircraft shall submit to the Administrator or person designated by him at such landing area sufficient information to identify the aircraft, its owner, and the last previous base. In the event that the aircraft is to be absent from its base at any time for more than 72 hours, the owner shall submit to the Administrator's designee at such base such information as may be necessary to permit him to locate the aircraft promptly in case of necessity. Prior to changing the base, the owner of an aircraft shall notify the Administrator or his designee at his present base of his intention, stating the name and location of the landing area to which the aircraft is to be transferred.

§ 60.953 *Landing area rules.* (a) Every designated landing area shall provide means by which all available current flight information bearing upon flights from the landing area may be secured by persons operating aircraft on the landing area.

(b) Every designated landing area shall maintain adequate records of landings and take-offs in accordance with § 60.951 (b) and (f) and shall furnish such reports, summaries of operations, and records as may be required by the Administrator. Any authorized representative of the Army, Navy, Civil Aeronautics Administration or Civil Aeronautics Board shall be permitted to inspect the landing area and have access to all records, buildings, and equipment.

(c) The Administrator may, at any time, cancel the designation of a landing area if he deems such action necessary to the public safety or in the interest of national defense.

§ 60.954 *False statements and alteration of documents.* No person shall forge, counterfeit, alter, or mutilate any record or document required by or pursuant to this section (§ 60.95) or make any false or misleading statements of information required by or pursuant to this section (§ 60.95).

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Order No. 335]

PART 308—REPORTS AND RECORDS

AN ORDER PROVISIONALLY RELIEVING CODE MEMBERS FROM CERTAIN REQUIREMENTS OF §§ 308.15–308.19 IN PART 308 WITH RESPECT TO TRANSACTIONS DESCRIBED HEREIN

Section 308.15 of Part 308 requires each code member, and others, to make and file with the Division an invoice or other memorandum evidencing each sale, consignment, shipment, movement; or transfer of bituminous coal, and §§ 308.16–308.19 in Part 308 require that certain specific information respecting such transactions be filed with such invoices or memoranda.

These requirements are applicable to all transactions where the coal is shipped from the mine, except when shipment is made by truck. (Truck shipments are governed by § 308.12, and § 308.8.) They apply whether or not the coal shipped

from the mine has been exempted from the provisions of section 4 of the Act, by order of the Division or by automatic temporary exemption pursuant to section 4–A of the Act.

Several code members have requested that they be relieved from such requirements with respect to transactions hereinafter described, and especially with respect to such of those shipments where invoices are not rendered in the producer's ordinary accounting procedure. As to such transactions, there appears to be no need for the making and filing of detailed invoices or memoranda, and the Acting Director is of the opinion that the Division's purposes would be served if general reports, such as those required from non-code members by § 308.10, were filed with respect to the hereinafter described transactions, in lieu of the invoices or memoranda required by §§ 308.15–308.19.

Now, therefore, it is ordered, That § 308.15 (a) is supplemented by adding thereto the following:

§ 308.15 *Invoices, other memoranda, etc.; shipments via rail or water from mines, storage facilities, docks, etc.*— (a) *Invoices, debit, credit, or other memoranda and copies of journal entries.*

* * * * *

(4) In lieu of the invoices or other memoranda required to be filed by §§ 308.15–308.19, with respect to the transactions hereinafter described, code members may file monthly summaries of such transactions setting forth therein the same information as is required from non-code members by § 308.10. For this purpose, code members may report such transactions on and in conformity with Form B. C. D. No. 351, (prescribed for non-code members), provided a proper notation is made thereon indicating that said form is being used by the code member as authorized by this Section, or such report may be made on any other convenient form, if the information called for on Form B. C. D. No. 351 is reported.

Such monthly report shall be filed with the Statistical Bureau of the Division for the district in which the coal is produced, for each mine from which any of the said coal shall be shipped, within twenty days after the end of the reporting calendar month.

The transactions which may be reported as provided by the terms of this Order, in lieu of filing the detailed information required by §§ 308.15–308.19 are as follows:

(i) Coal shipped, transferred, or consigned from the mine to the producer of such coal when no sale of, or no transfer in title to, the coal has been made or will be made, and the coal is intended for use by the producer thereof in any business, facility, operation or other enterprise, owned, operated or maintained by the producer. (In such case, the consumer shall be designated as "Self.")

(ii) Coal shipped, transferred, or consigned from the mine to a corporation or other entity which is wholly owned by, or which wholly owns, the producing company, or where the corporation or other entity, to which the coal is consigned or shipped, and the producer are under common ownership, and when the coal is intended for use in any business, facility, operation or other enterprise owned, operated or maintained by the said corporation or other entity to which the coal is shipped, transferred or consigned. (In such case, the consumer shall be designated by name, and the code member producer shall file with the Division a list of such affiliated corporations or entities, setting forth the exact nature of the affiliation between the producer and the consumer.)

(iii) In cases where the relationship between the producer and the consumer is not within the relationships described in (i) and (ii) above, and the transactions between the producer and the consumer are, for other reasons, deemed by the producer to be not at arms' length, code members may make application to the Division for permission to report such transactions in accordance with the terms of this Order, and such permission may be granted by the Division in appropriate cases.

Except as herein otherwise provided the provisions of §§ 308.15–308.19 are in full force and effect. This section does not, in any respect, amend or modify §§ 308.8–308.10, and the reports required by said §§ 308.8 and 308.9 (Forms B. C. D. No. 349 and B. C. D. No. 350) must be filed in conformity with and at the places designated in said §§ 308.8 and 308.9. (Sec. 2 (a), 4 II (a), 4 II (g) and 10 (a); 50 Stat. 72, 77, 81, 88; 15 U.S.C. Sup. 829 (a), 833 (a), 833 (g), 840 (a))

Dated: January 15, 1942.

[Docket No. A–1205]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1 and for a change in the shipping point for the coals of W. F. and A. A. O'Donnell Mine, Mine Index No. 2979, and the Fox Mine, Mine Index No. 2989; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the W. F. and A. A. O'Donnell Mine, Mine Index No. 2979, of W. F. and A. A. O'Donnell (W. F. O'Donnell), for rail shipments, shall be applicable only for shipment on the Erie Railroad from Blossburg, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 130 shall be applicable to all shipments of the coals of the W. F. and A. A. O'Donnell Mine, Mine Index No. 2979, of W. F. and A. A. O'Donnell (W. F. O'Donnell), from Blossburg, Pennsylvania.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Fox Mine, Mine Index No. 2989, of Rimersburg Coal Mining Company, Inc., for rail shipments, shall be applicable only for shipment on the Pennsylvania Railroad from Rimersburg, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 90, shall be applicable to all shipments of the coals of the Fox Mine, Mine Index No. 2989 of Rimersburg Coal Mining Company, Inc., from Rimersburg, Pennsylvania.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 13, 1942.

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 13, 1942.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NO. 1051 FOR TRUCK SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of Mine Index No. 1051 in District No. 10 for truck shipments:

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

An Order Granting Temporary Relief and Conditionally Providing for Final Relief was issued in the above matter on October 17, 1941, 6 F.R. 5672, establishing a minimum price, for truck shipments, of $2.20 per net ton for coals in Size Group 23 produced from certain mines in the Black Creek Seam in Cullman, Marion, and Walker Counties, Alabama, and a minimum price, for truck shipments, of $2.10 per net ton for coals in Size Group 23 produced from certain mines in the Pratt and Corona Seams in Walker County, Alabama, and a minimum price for truck shipments of $1.80 per net ton for coals in Size Group 23 produced from certain mines in the American Seam in Walker County, Alabama.

By Order of the Director dated October 17, 1941, 6 F.R. 5837, in Docket No. A-504, a minimum price of $2.25 per net ton was established, for truck shipments, for the coals in Size Group 23 of all mines in the Black Creek Seam in Cullman, Marion, and Walker Counties, Alabama, and a minimum price of $2.20 per net ton, for truck shipments, for the coals in Size Group 23 of all mines in the Pratt, Corona, and American Seams in Walker County, Alabama.

It appears that the minimum prices established in this proceeding for coals in Size Group 23, for truck shipments, produced from certain mines in the Black Creek Seam in Cullman, Marion, and Walker Counties, Alabama, and for coals in Size Group 23, for truck shipments, produced from certain mines in the Pratt, Corona, and American Seams in Walker County are improper and should be the same as those established in Docket No. A-504 for analogous coals.

It further appears that it is necessary to make such changes immediately in order to maintain the fair competitive opportunities of all code members in District No. 13.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, Supplement T-I, § 333.34 (*General prices in cents per net ton for shipment into all market areas*) in the Order of October 17, 1941, in the above-entitled matter (Docket No. A-1049) is amended as follows:

A minimum price of $2.25 per net ton is hereby established for truck shipments of the coals in Size Group 23 of all mines listed in such Order operating in the Black Creek Seam in Cullman, Marion, and Walker Counties, Alabama, and the minimum prices established in the Order of October 17, 1941, herein for coals in Size Group 23 produced at such mines are hereby rescinded; and

A minimum price of $2.20 per net ton is hereby established for truck shipments of the coals in Size Group 23 of all mines listed in such Order operating in the Pratt, Corona, and American Seams in Walker County, Alabama, and the minimum prices established in the Order of October 17, 1941, herein for coals in Size Group 23 produced at such mines are hereby rescinded.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 22, 1942.

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 18

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF FERRO AND TROSSELLO, A CODE MEMBER IN DISTRICT NO. 18, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS, IN SIZE GROUPS 14 AND 15, OF THE FERRO MINE (MINE INDEX NO. 139) FOR SHIPMENT BY TRUCK

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals in Size Groups 14 and 15, for shipment by truck, of the Ferro Mine (Mine Index No. 139) in District No. 18; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 338.21 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 18 for Truck Shipments is supplemented to include for the coals, for shipment by truck, produced from the Ferro Mine (Mine Index No. 139) in Subdistrict 9 in District No. 18 of code member Chas. J. Ferro and M. P. Trossello, the following price classifications and minimum prices f. o. b. the mine in cents per net ton:

Size groups	14	15
Prices	350	325

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unles it shall otherwise be ordered.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 921—ALUMINUM

Conservation Order—Supplementary Order No. M-1-e

Whereas national defense requirements have created a shortage of aluminum; and

Whereas the restrictions and requirements relating to the use of aluminum hereinafter set forth are necessary to conserve the supply in the interest of national defense;

Now, therefore, it is ordered, That:

§ 921.7 *Supplementary Order M-1-e*—(a) *Definitions.* For the purposes of this Order:

(1) "Aluminum" means any material the principal individual ingredient of which by either weight or volume is metallic aluminum, in ingot or similar raw form or in the form of finished or semi-finished parts, assemblies or products of any kind.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(3) "Use aluminum in manufacture" means to fabricate, melt, cast, extrude, forge, turn, spin, produce or process in any other way, to assemble or incorporate in assemblies or other products, or to consume or otherwise use in the course of manufacture, any Aluminum; but does not include the installation of a finished product or repair part for the ultimate consumer.

(b) *Use of aluminum prohibited except in the manufacture of items, or for the*

uses, specified. No Person shall Use Aluminum in Manufacture except in production of the items (and the necessary material therefor), or for the uses, specified below, and then only where the use of alternate material is impracticable:

(1) *Anhydrous aluminum chloride. Provided,* That the customer certifies in writing to the manufacturer that such chloride will be used in the production of dyes for defense textiles, or in the production of high-octane gasoline, tear gas, nylon, or pharmaceuticals. Only low-grade Aluminum which has not been debased shall be used for this purpose.

(2) *Chemical processing equipment for use in manufacturing plants. Provided,* That the customer certifies in writing to the manufacturer that chemical action makes the use of other material impracticable.

(3) *Commercial aircraft. Provided,* That the customer certifies to the manufacturer that such aircraft are being produced in the fulfillment of orders bearing A–10 or higher priority ratings.

(4) *Containers for intravenous solutions and blood.*

(5) *Fixed electrolytic and paper condensers, excluding cans. Provided,* That the customer certifies in writing to the manufacturer that such condensers will not be used in new radio receiving sets. They may be used to replace defective condensers in existing radio receiving sets.

(6) *Match plates, patterns and snap flasks. Provided,* That the customer certifies in writing to the manufacturer that they will be used as an aid to manufacture where light weight and strength are essential in production in the fulfillment of orders bearing priority ratings higher than A–2. Only low-grade Aluminum which has not been debased shall be used for this purpose.

(7) *Orthopedic equipment. Provided,* That light weight is vital to the operation of the equipment.

(8) *Pistons for engines of trucks* (1½ tons or over), heavy duty tractors, diesel engines, and engines in portable fire fighting equipment. Only low-grade Aluminum which has not been debased shall be used for this purpose.

(9) *Repair and maintenance parts* for mechanical or electrical equipment used domestically or in industry: *Provided,* That the manufacturer certifies in writing to the Office of Production Management, Ref: M–1–e, that parts made of other material cannot be used and that an equivalent weight of similar defective Aluminum parts has been returned by the ultimate consumer and disposed of as provided in Supplementary Order M–1–d. Only low-grade Aluminum which has not been debased shall be used for this purpose.

(10) *Welding rods.*

(11) *X-ray tube housings.*

(12) *Steel industry.* Aluminum may be used as a de-oxidizer or alloying agent in the manufacture of steel. The total amount so used during any month shall not exceed .03 of 1% by weight of the amount of carbon steel, and .1 of 1% by weight of the amount of alloy steel, produced during such month. Also, the amount used in deep drawing steel shall in no case exceed .1 of 1% by weight of any such steel produced. Only low-grade Aluminum which has not been debased may be used for de-oxidizing purposes.

(13) *Thermit reaction.* Aluminum may be used in the manufacture of thermit powders and ferroalloys where and to the extent that the use of any other material is not possible.

(14) *Manufacture of zinc base alloy.* Aluminum may be used in the manufacture of zinc base alloy but only to the extent of 2% by weight of the amount of zinc base alloy produced during any month. Only low-grade Aluminum which has not been debased may be used for this purpose.

(15) *Manufacture of other alloys.* Aluminum may be used in the manufacture of other alloys, but the amount so used in any month shall not exceed 12% by weight of the amount of such alloys produced during such month. Only low-grade Aluminum which has not been debased may be used for this purpose.

(c) *General exception.* The prohibitions and restrictions contained in (b) above shall not apply to the Use of Aluminum in the Manufacture of any item (or the necessary material therefor) which is being produced under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, Coast Guard, Civil Aeronautics Authority, National Advisory Committee for Aeronautics, the Office for Scientific Research and Development, or any foreign country pursuant to the Act of March 11, 1941, "An Act to Promote the Defense of the United States" (Lease-Lend Act), if, but only if, in any such case, the use of Aluminum to the extent employed is required by the specifications of the prime contract.

(d) *Limited exemption for uses of aluminum in manufacture specifically authorized.* Notwithstanding the provisions of (b) above, Aluminum, which has been or is received pursuant to an allocation or other specific authorization issued by the Director of Priorities subsequent to October 31, 1941, and prior to the effective date of this Order, may be Used in Manufacture for the particular purpose so authorized.

(e) *Relief.* Any Person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Aluminum conserved, or that compliance with this Order would disrupt and impair a program of conversion from non-defense to defense work, may appeal to the Office of Production Management, Ref: M–1–e. Such appeal shall be made by letter, marked "Appeal. Ref: M–1–e," identifying the answers to the following points by number corresponding to the numbers specified as follows:

(1) Applicant's name, address, and general type of business.

(2) Quantity, form, grade, and specific alloy of Aluminum covered by appeal, valued at $-----

(3) Whether he has the Aluminum on hand, from whom and when obtained, or his prospective source of supply and when delivery is required.

(4) If the applicant has pending or intends to file application for other material for the same part or use for which the Aluminum is required, list for such application:

(i) Name of supplier.
(ii) Name and description of material.
(iii) Name and date of application.

(5) The part to be fabricated out of, or other use to be made of the Aluminum by the applicant, and the promised delivery date, and value.

(6) If a preference rating has been assigned to the part, state the preference rating, certificate number, and identify the contract or order and the customer.

(7) The product into which such part will be incorporated and the end use to be made thereof, by others.

(8) The reasons in detail why alternate material cannot be used; identifying any Government specification which may be involved;

(9) Total amount of Aluminum on hand, and the amount of Aluminum on hand of the particular type covered by appeal;

(10) Specific substitutions for Aluminum accomplished to date, the amount of Aluminum saved per month with relation to former consumption, further substitutions and savings in prospect and when to be made effective; and results of contact with the Bureau of Industrial Conservation of the Office of Production Management;

(11) (i) Total number of workers and total number of man hours worked in the last full week preceding the date of appeal;

(ii) Number of man hours, in total, that would be furnished by use of material covered by the appeal, and that could not be furnished if appeal is denied.

The granting of any appeal shall constitute sufficient authorization for the use of Aluminum in question.

(f) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(g) *Violations.* Any Person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Effective date.* This Order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. PART 1026—PRODUCTION OF CHEMICALS; MAINTENANCE, REPAIR AND OPERATING SUPPLIES

Preference Rating Order, P–89

Preference Rating Order. For the purpose of facilitating the acquisition of Materials, in the public interest and to promote the national defense, for the Maintenance, Repair and Operation of plants and equipment used by Producers of Chemicals, preference ratings are hereby assigned to deliveries of such Materials on the terms hereinafter set forth.

§ 1026.1 *Preference Rating Order P–89—(a) Definitions.* For the purposes of this Order:

(1) "Producer" means any person (provided he shall have received a serial number from the Chemicals Branch, Office of Production Management, in accordance with the provisions of paragraph (d) (1) hereof) operating a plant physically situated within the limits of the United States, its territories and possessions, and actually engaged in the production of chemicals.

(2) "Material for Repair, Maintenance and Operation" means Material (including any commodity, equipment, accessories, parts, assemblies, or products of any kind) which is generally carried as Producer's stores and charged to operating expense accounts and which is required for repair or maintenance of the Producer's plant, or operating supplies, consumed in the production of chemicals, in the amounts required to sustain the Producer's level of operation.

(3) "Supplier" means any person with whom a contract or purchase order has been placed for delivery, to the Producer or to another Supplier, of Material for Repair, Maintenance and Operation.

(4) "Maintenance" means the minimum upkeep necessary to continue the working condition of the Producer's plant at its present rate of production.

(5) "Repair" means the restoration of the Producer's plant to a sound working condition after wear and tear, damage, destruction or failure of parts, or the like, have made it unfit or unsafe for service.

(b) *Assignment of preference rating.* Subject to the terms of this Order, the following preference ratings are hereby assigned, but nothing herein contained shall prevent the use of any other or higher rating to which any Person shall be entitled by reason of any other preference rating certificate or Order:

(1) A–1–a to deliveries to the Producer of Material for Repair when and only when there has been an actual breakdown or suspension of operations in the Plant;

(2) A–1–c to deliveries to the Producer of Material for Repair up to the minimum required to make reasonable advance provision to avert an immediately threatened breakdown or suspension of operations in the Plant;

(3) A–3 to deliveries to the Producer, of other Material for Repair, Maintenance or Operation;

(4) A–3 to deliveries, to a Supplier, of any Material for Repair, Maintenance or Operation which is to be delivered by him or by another Supplier to the Producer under a rating assigned above, or which will be used within the limitations of paragraph (e) to replace in a Supplier's inventory Materials so delivered.

(c) *Persons entitled to apply preference rating.* The preference ratings hereby assigned may, in the manner and to the extent hereby authorized, be applied by:

(1) the Producer;

(2) any Supplier of Material to the delivery of which a preference rating has been applied as provided in paragraph (f).

(d) *Restrictions upon application of ratings by the producer.* (1) A Producer shall not apply any preference rating assigned by paragraph (b) until (i) he shall have filed with the Chemicals Branch, Office of Production Management, a statement in the form prescribed by said Branch, setting forth, among other things, amounts of Material used for Repair, Maintenance and Operation for the first six months of the calendar year 1941, inventories of such Material on December 31, 1940, and on June 30, 1941, and further stating that he accepts the terms and conditions of this Order.

(ii) he shall have received from the Chemicals Branch, Office of Production Management, a Serial number which shall thereafter be endorsed on all purchase orders or contracts for Material by him or for his account which are rated pursuant to this Order.

(2) The Producer shall not apply any preference rating assigned by (b) (1) or (2) above to deliveries of Material to replace other Material withdrawn from his inventory or stores for Maintenance, Repair, or Operation.

(3) The Producer shall not apply any preference rating assigned by (b) (3) above if, in view of the current rate of consumption of his inventory and stores for Repair and Maintenance or Operation, the delivery of the Material to be rated would increase such inventory or stores above the minimum permitted as provided in (g) below.

(4) The Producer shall not apply any preference rating hereunder unless the Material to be delivered cannot be secured when required without such rating.

(5) The Producer shall not apply any preference rating hereunder to obtain scarce Material, the use of which can be eliminated without serious loss of efficiency by the substitution of less scarce Material or by simplification of design.

(e) *Restrictions upon application of ratings by the supplier.* (1) No Supplier shall extend any preference rating hereunder assigned by (b) (1), (2), or (3) above. A Supplier may extend the preference rating hereunder assigned by (b) (4) above under the following conditions:

(i) No Supplier may apply the rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder, or, within the limitations of (ii) and (iii) below, to replace in his inventory Material so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier who supplies Material which he has in whole or in part manufactured, processed, assembled or otherwise physically changed may not apply the rating to restore his inventory to a practicable working minimum unless he applies the rating before completing the rated delivery which reduces his inventory below such minimum.

(iii) A Supplier who supplies Material which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed may, in restoring his inventory to a practicable working minimum defer applications of the rating hereunder to purchase orders or contracts for such Material to be placed by him until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided,* That he shall not defer the application of any rating for more than three months after he becomes entitled to apply it.

(f) *Application of preference rating.* (1) The Producer or any Supplier, in order to apply a preference rating assigned hereunder to deliveries to him must (i) furnish one copy of Preference Rating Order No. P–89 with the attached form of acceptance thereof unsigned, to each of his Suppliers with whom he places a contract or purchase order for Material to the delivery of which he elects to apply the preference rating. After one such copy, regardless of Serial Number, has been furnished to a particular Supplier, no additional copy need be furnished to that Supplier to cover any subsequent application of any preference rating assigned hereunder; and

(ii) Endorse on each purchase order or contract which is covered by the rating assigned hereunder, a statement in the following form, manually signed by an

official duly authorized for such purpose, specifying the rating assigned and the appropriate Serial Number or Numbers:

Preference Rating A-------- is applied hereto under Preference Rating Order No. P-89, Serial No.(s). --------, with the terms of which Order the undersigned is familiar.

(Name of Producer or Supplier)

By ---

(Duly Authorized Official)

(2) A Supplier who has received from two or more Producers or Suppliers endorsed purchase orders or contracts for Material to the delivery of which the same rating has been applied in accordance with this Order, may (within the limitations of paragraph (e) hereof) include in a single purchase order or contract any or all of the Material which he in turn requires to make such rated deliveries, but must specify in the endorsement on such single purchase order or contract all of the Serial Numbers contained in the purchase orders or contracts which have been so received by him and to fill which he is applying the preference rating.

(3) In addition to the foregoing requirements, the Producer shall not apply any preference rating assigned by (b) (1) or (2) above unless he shall have communicated with the Office of Production Management, Ref: P-89, describing the Material needed for Repair, the facilities involved, the nature of the emergency, and shall have received from the Director of Priorities a specific authorization to apply such rating. Such application for authorization may be made by telegram.

(4) In addition to the foregoing requirements, a Supplier (but not a Producer), before he first applies the preference rating assigned hereunder to deliveries to him, must accept Preference Rating Order No. P-89, by executing the form of acceptance attached at the end hereof, and file it with the Office of Production Management. No additional acceptance need be filed for any subsequent application of Preference Rating Order No. P-89, regardless of the Serial Number under which or of the name of the Producer to whom it is issued.

(g) *Inventory provisions.* The Producer shall not accept deliveries (whether rated hereunder or not) of Material for Repair and Maintenance or Operation which will increase the inventory or stores available to the Producer for such purposes to an amount greater than the minimum necessary for Repair and Maintenance and to sustain the current level of operations of the Producer, and the ratio of such inventory and stores to current operations shall in no event exceed the ratio of average inventory to average operation for the years 1938, 1939, and 1940.

(h) *Resale of material prohibited.* Except with specific permission of the Office of Production Management, a Producer shall not resell any Material acquired for Repair, Maintenance or Operating supplies (whether or not obtained pursuant to rating assigned by this Order): *Provided,* That nothing herein contained shall prohibit sale by the Producer of used material acquired prior to the effective date of this Order.

(i) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, the Producer and each Supplier, placing or receiving any purchase order or contract rated hereunder, shall each retain, for a period of two years, for inspection by representatives of the Office of Production Management, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such manner that they can be readily segregated for such inspection.

(j) *Reports.* The Producer and each Supplier who in any month applies a preference rating assigned hereunder, shall, on or before the 15th day of each month, file on forms to be prescribed hereafter, such reports as may be required by the Office of Production Management. Until further notice, the Producer and each Supplier shall file Form PD-81 (or at his election, Form PD-81-a, accompanied by copies of all endorsed purchase orders or contracts for material to which the preference rating has been applied by him during the preceding month) on or before the 15th day of each month.

(k) *Communications to Office of Production Management.* Acceptances of this Order, all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C., Ref: P-89.

(l) *Violations.* Any person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(m) *Revocation or amendment.* This Order may be revoked or amended at any time as to the Producer or any Supplier. In the event of revocation, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by the Producer or Supplier affected by such revocation.

(n) *Conservation and standardization.* Every person affected by this Order shall use his best efforts to effectuate conservation of materials by elimination, simplification or standardization of types, sizes or forms or otherwise, and shall cooperate in any program developed for such purpose by the Office of Production Management. The Director of Priorities may from time to time issue specific directions as to conservation, elimination and standardization.

(o) *Relief.* If the sound working condition of a Producer is adversely affected by any provision or application of this Order or by inability to obtain Material essential for Maintenance or Repair, the Producer may apply for relief to the Director of Priorities. The Director of Priorities may thereupon take such action as he deems appropriate.

(p) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provision of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(q) *Effective date.* This Order shall take effect on the date specified in the heading hereof, and shall continue in effect until revoked. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 23d day of January, 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

SUPPLIER'S ACCEPTANCE OF PREFERENCE RATING ORDER NO. P-89—MATERIAL FOR REPAIR, MAINTENANCE, AND OPERATION OF PRODUCERS OF CHEMICALS

(Before signing this acceptance, read carefully the terms of the foregoing Order.)

To: Office of Production Management, Washington, D. C. Ref: P-89.

The undersigned has received a purchase order or contract containing an endorsement in the form provided in Preference Rating Order No. P-89. For the purpose of applying to deliveries to the undersigned the rating assigned by said Order, the undersigned hereby accepts said Order and agrees to be bound by the terms and conditions thereof.

INSTRUCTIONS

The requirements for furnishing copies of the foregoing Order to Suppliers and for execution of the above form of acceptance by Suppliers are set out in detail in paragraph (f) of the Order. Copies may be obtained for such purpose from the Office of Production Management, Washington, D. C.; or Producers or Suppliers required to furnish the copies may make them by photo-offset or similar photographic process. Such copies must be identical in size and every other respect with the Order and acceptance as issued by the Office of Production Management.

Copies furnished to Suppliers by Producers or other Suppliers, pursuant to the requirements of paragraph (f) of the foregoing Order, should have the form of acceptance left blank for execution by the Suppliers to whom they are furnished.

PART 1053—FATS AND OILS

Amendment No. 1 to General Preference Order M-71[1] to Conserve the Supply and Direct the Distribution of Fats and Oils

Section 1053.1 (*General Preference Order M-71*) is hereby amended in the following respects:

(1) Paragraph (b) is hereby amended to read as follows:

§ 1053.1 *General Preference Order M-71.*

* * * * *

(b) *Additional definitions.* For the purposes of this Order:

(1) "Fats and oils" means all the raw, crude and refined fats and oils, their by-products and derivatives, including all fat or oil bearing material, whether vegetable or animal, and greases, except essential oils, mineral oils, butter, cake, meals, hulls and linters.

(2) "Manufacturer" means any person who purchases any fats or oils for use in the manufacture of any finished fat or oil product, other than products produced in the home for home consumption, and shall also include, but solely for the purposes of paragraph (c), all other persons directly controlling or controlled by such person, and all persons under direct or indirect common control with such person, but the term shall not include any person engaged solely in the crushing of any seed, bean, nut or corn, or other vegetable oil bearing material, or any person rendering any fat bearing animal material, except as to any such person's operations which result in the direct production of a finished fat or oil product in the form sold through wholesale or retail channels for individual consumption.

(3) The "Inventory" of a manufacturer at any time shall include all fats and oils held or controlled by him and all fats and oils purchased by him for future delivery.

(4) The "Finished inventory" of a manufacturer shall include all finished fats and oil products held or controlled by the manufacturer.

(5) "Finished fats and oil products" mean all the products of a manufacturer produced for sale as his finished products and carried on his books as his finished products.

(2) Paragraph (c) is hereby repealed and a new paragraph (c) substituted therefor reading as follows:

(c) *Restrictions on processing and inventories.* (1) Unless specifically authorized by the Director of Priorities, no manufacturer shall hereafter change the condition of any fat or oil in his raw materials inventory, or add any additional materials thereto, except to the extent necessary to store any such fat or oil in his raw materials inventory in a form necessary to prevent deterioration thereof or except to put such fats or oils into process for the manufacture of his finished fats and oils products, subject to the limitations of paragraph (c) (2). Nothing contained in this paragraph shall be construed to limit the amount of fats and oils which may be held by any manufacturer in his raw materials inventory.

(2) Unless specifically authorized by the Director of Priorities, no manufacturer shall hereafter increase the rate at which fats and oils are put into process by him, except to the extent necessary to meet the required deliveries of his finished fats or oils products and to maintain only a practicable minimum working inventory of such finished fats or oils products. The term, "practicable minimum working inventory" is to be strictly construed. The mere fact that the turn-over has increased, or that materials are difficult to obtain, does not justify maintaining inventories above the minimum at which his operations can be continued.

(3) Paragraph (d) is hereby repealed and a new paragraph (d) is substituted therefor reading as follows:

(d) *Control of stocks of fats and oils.* Control is hereby taken of the distribution and use of fats and oils. Any fat or oil at any time hereafter in the raw materials inventory of any manufacturer, or in the inventory of any other Person, shall be sold and delivered by such manufacturer or other Person as specifically directed in any Order of the Chairman of the War Production Board or the Director of Priorities, which may be issued whenever the Chairman of the War Production Board or the Director of Priorities, as the case may be, shall determine that a shortage of such particular fat or oil for defense, for private account, and for export, renders it necessary or appropriate so to allocate such fat or oil, in the public interest or to promote the national defense, by so directing its sale and delivery by such manufacturer or other Person. Any such sale shall be made at a price determined in accordance with the applicable provisions relating to such specific Orders in the appropriate Price Schedule of the Office of Price Administration. No manufacturer or other Person shall dispose of or use any fats or oils in a manner incopsistent with any such Orders.

* * * * *

(4) Paragraph (e) is hereby repealed.

(5) Paragraph (f) is hereby repealed and a new paragraph (f) is substituted therefor reading as follows:

(f) *Reports.* Every manufacturer or other Person owning any fats or oils shall report to the Office of Production Management his inventories of each such fat or oil, and every manufacturer shall report his inventories of finished fats and oils products, at such times and upon such form or forms as the Director of Priorities or the Chairman of the War Production Board hereafter may prescribe.

* * * * *

(6) Paragraph (j) is hereby amended by striking out the date "January 31, 1942," and substituting therefor the date "July 31, 1942."

(7) This Amendment shall take effect immediately, and shall terminate at the close of business on July 31, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 24th day of January 1942.

PART 1055—WOOL

Interpretation No. 1 of Conservation Order No. M-73[1]

The following official interpretation is hereby issued by the Director of Priorities with respect to § 1055.1 (*Conservation Order M-73*) issued January 3, 1942.

(a) The phrase, "and related fibers" as used in paragraph (e) (5) (i) of Conservation Order No. M-73, means related fibers of a fineness comparable to the fibers from the fleece of a sheep or lamb, or hair of the Angora or Cashmere goat, or camel or of the alpaca, llama, or vicuna. The phrase, therefore, does not include such fibers as common goat hair, Kempy Cape, Cabretta and Djeddah hair, cattle hair, horse hair, or furs.

(b) The phrase, "wools known as carpet wools," as used in the said paragraph (e) (5) (i), shall mean: Donskoi, Smyrna, Cordova, Valparaiso, Ecuadorean, Syrian, Aleppo, Georgian, Turkestan, Arabian, Bagdad, Persian, Sistan, East Indian, Thibetan, Chinese, Manchurian, Mongolian, Egyptian, Sudan, Cyprus, Sardinian, Pyrenean, Oporto, Iceland, Scotch Blackface, Black Spanish, Kerry, Haslock, and Welsh Mountain; similar wools without merino or English bloods; all other wools of whatever blood or origin not finer than 40s; and the hair of the camel.

Issued this 24 day of January 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1334—SUGAR

AMENDMENT NO. 3 TO PRICE SCHEDULE NO. 16 [1]—RAW CANE SUGARS

Sections 1334.1 and 1334.9 are hereby amended and § 1334.12 is hereby added to read as follows:

§ 1334.1 *Maximum prices for raw cane sugars.* On and after August 14, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, except as may be provided in a supplement or supplements to this Schedule, no person shall sell, offer to sell, deliver or transfer raw cane sugars to any person, and no person shall buy, offer to buy, or accept delivery of raw cane sugars from any person, at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1334.9. These prices are gross prices before discounts of any nature are deducted, and they include all commissions and all other charges.

* * * * *

§ 1334.9 *Appendix A; maximum prices for raw cane sugars.* (a) Maximum prices per pound for raw cane sugars from offshore producing areas of 96 degrees polarization duty paid cost and freight basis shall be as follows:

(1) United States Atlantic ports north of Cape Hatteras to and including New York, 3.74 cents.

(2) United States Atlantic ports north of New York, 3.76 cents.

(3) United States Atlantic ports south of Cape Hatteras and United States Gulf of Mexico ports, 3.73 cents.

(4) United States Pacific Coast ports, 3.74 cents less the customary deduction. Such deduction must be submitted to and approved by the Office of Price Administration as to amount before deliveries may be accepted.

(5) In the event that two or more ports of loading shall be used in Cuba, 0.01 cent per pound may be added to the above maximum prices.

(6) With respect to any sale of the sugars included in this paragraph (a) for forward delivery, a contract may provide for the payment of an adjusted price not to exceed the maximum price in effect at the time of arrival at quarantine at the port of destination, except that an annual or other similar long-term contract providing for several deliveries during the term of such contract may employ a method of averaging prices during such term: *Provided*, That (i) the average price for such term does not exceed a price obtained by averaging the maximum prices in effect during such term in accordance with the method employed in such contract; (ii) such contracts customarily were made between the parties thereto and such method of averaging prices was customarily used therein; and (iii) such contracts and evidence of the applicability of this exception thereto are submitted to and approved by the Office of Price Administration prior to the commission of any act in performance of such contracts.

(b) Maximum prices per pound for continental United States raw cane sugars of 96 degrees polarization shall be as follows:

(1) The maximum prices for such sugars are established at the raw sugar mill and shall be calculated by deducting from the maximum price duty paid cost and freight basis payable for Cuban sugars of like test at the nearest customs port of entry in the area in which the raw sugar mill is located the transportation charge per pound based on the published freight rate from such raw sugar mill to the refinery nearest freightwise to such raw sugar mill. This maximum price is f. o. b. the conveyance for delivery to the refinery from the raw sugar mill. The maximum price delivered to the refinery shall be this maximum raw sugar mill price plus actual transportation charges from said raw sugar mill to the refinery processing such sugar.

(2) With respect to any sale of the sugars included in this paragraph (b):

(i) A contract may provide for averaging the prices during the season in accordance with the customary method: *Provided*, That (a) the average price for the season does not exceed a price obtained by averaging the maximum prices in effect during the season in accordance with such method; and (b) the season used in determining the average price commences not later than the date fixed by the United States Department of Agriculture pursuant to the Sugar Act of 1937, as amended, as the beginning of the sugarcane marketing season and terminates not later than the date fixed by the United States Department of Agriculture pursuant to said Act as the termination of said season.

(ii) A contract may provide for the payment of an adjusted price not to exceed the maximum price in effect at the time of arrival at the buyer's warehouse or place of business. In the event that more than one delivery is made pursuant to the same contract, the adjustment of the price and the payment thereof shall be made in respect to each delivery separately.

(c) Adjustment for polarization:

The maximum prices specified herein shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) in accordance with the method customarily used prior to August 14, 1941. It is not required that such method be used. However, the maximum prices for the various tests shall not exceed the prices obtained by applying such method for sugars of like test.

* * * * *

§ 1334.12 *Evasion.* The price limitations established by this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of raw cane sugars, alone or in conjunction with any other commodity or material, or by way of any commission, service, transportation, or other charge, or discounts, premium, or other privilege, or by tying-agreement, or other trade understanding, or by shifting the incidence of a cost which customarily has been borne by the buyer or the seller to the other party to the contract, or by any other means.

(Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 3 shall become effective January 26, 1942.

Issued this 26th day of January 1942.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 76—HIDE GLUE

Hide glue is an essential adhesive used in the production of abrasives, furniture, printing press rollers, paper products, gum tape, rayon and matches. Abrasives produced from hide glue play an important part in the grinding and polishing of metals required in the manufacture of armaments.

As a direct consequence of expanded economic activity induced by the armament program, the demand for hide glue has risen greatly in recent months. In spite of increased production in 1941, there is a shortage of this commodity which is reflected in a sharp reduction in producers' inventories. The price of hide glue (251 gram jelly strength) in bags, carlot quantities, has increased from less than 17¢ per pound at the end of 1940 to 23¢ per pound at the close of 1941. This advance in price is only partly due to increased costs of production. Further price increases are threatened.

A major item in the cost of producing hide glue has recently been stabilized by the issuance of Price Schedule No. 68, establishing maximum prices for hide glue stock, from which hide glue is manufactured.

After investigation and conferences with members of the hide glue industry and representatives of other government agencies, the Office of Price Administration has found that maximum prices should be established for hide glue to prevent inflationary trends in the prices of hide glue and many other related commodities.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.701 *Maximum prices for hide glue.* On and after January 28, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer hide glue in quantities of 100 pounds or more, and no person shall buy, offer to buy or accept delivery of hide glue in quantities of 100 pounds or more at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.709.*

*§§ 1335.701 to 1335.709, inclusive issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875; 6 F.R. 1917, 4483.

§ 1335.702 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.703 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of hide glue, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1335.704 *Records and reports.* (a) Every person making purchases or sales of hide glue in quantities of 100 pounds or more after January 27, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the specifications and quantity, including the kind and size of the containers of the hide glue purchased or sold.

(b) On or before March 10, 1942, and on or before the 10th day of each month thereafter, every jobber, who during the preceding calendar month has sold hide glue in containers of 100 pounds or more, whether for immediate or future delivery, shall submit to the Office of Price Administration an affidavit sworn to by such jobber showing for such previous calendar month (1) the aggregate amounts in pounds of his purchases and sales of hide glue; (2) the aggregate amount in pounds of his sales of hide glue for which he charged prices in excess of the maximum prices for sales by producers established by this Schedule; (3) and such other information as the Office of Price Administration shall require.

(c) Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1335.705 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of hide glue, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.706 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section shall be considered by the Office of Price Administration unless filed by persons complying with this Schedule.*

§ 1335.707 *Definitions.* When used in this Schedule, the term

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Hide glue" means hide glue, including chrome glue and coney glue, of the grades listed in Appendix A hereof;

(c) "Jobber" means a person engaged in the warehousing and reselling of hide glue, but does not include a producer of hide glue, or any person controlled by or under common control with a producer, or a person consuming hide glue in the production of materials other than adhesives.*

§ 1335.708 *Effective date of the Schedule.* This Schedule shall become effective January 28, 1942.*

§ 1335.709 *Appendix A; maximum prices for Hide Glue*—(a) *Carload lots*—(1) *Hide glue other than chrome glue and coney glue.* The following maximum prices are established for hide glue, other than chrome and coney glue, in carload lots:

PART 1345—COKE

PRICE SCHEDULE NO. 77—BEEHIVE OVEN FURNACE COKE PRODUCED IN PENNSYLVANIA

Maximum prices have already been established for pig iron (Price Schedule No. 10 [1]) and iron and steel scrap (Price Schedule No. 4 [2]), as well as by-product furnace and foundry coke (Price Schedule No. 29 [3]), vital elements of iron and steel costs. In the increased production of iron and steel necessitated by war requirements, beehive oven furnace coke becomes an essential raw material. Without question, the tremendous steel production achieved in 1941 would have been impossible without the greatly expanded use of beehive ovens located principally in Pennsylvania.

With only partial control of coke prices, the bidding of consumers is being diverted from by-product furnace and foundry coke now covered by a ceiling price regulation, with the creation of a constantly increasing pressure on prices of beehive oven furnace coke. A further upward movement of beehive oven furnace coke prices would unquestionably exert undue pressure on the costs and therefore the prices of iron and steel products which constitute the backbone of the war requirements. Prices of beehive oven furnace coke produced in Pennsylvania have risen during the 8-months period from January 1941 to October 1941 approximately 80¢ per ton, or about 15% of the market price. Since October 1, 1941, its price has been maintained with difficulty at $6.00 per ton f. o. b. cars ovens, Connellsville, Pennsylvania.

After full investigation and conferences with representatives of the coke industry, it has been determined that the

establishment at this time of maximum prices for beehive oven furnace coke produced in Pennsylvania is in the interest of our national defense and the public welfare.

Accordingly, under the authority vested in me by Executive Order 8734, it is hereby directed that:

§ 1345.51 *Maximum delivered prices for beehive oven furnace coke produced in Pennsylvania.* On and after January 26, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer, beehive oven furnace coke produced in Pennsylvania to any consumer, and no consumer shall buy, offer to buy or accept delivery of beehive oven furnace coke produced in Pennsylvania at a delivered price higher than $6.80 per net ton f. o. b. cars ovens Connellsville, Pennsylvania, plus the transportation charges from Connellsville, Pennsylvania, to the place of delivery as customarily computed.*

*§§ 1345.51 to 1345.59, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1345.52 *Less than maximum prices.* Lower prices than those set forth in § 1345.51 may be charged, demanded, paid or offered.*

§ 1345.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded either by direct or indirect methods in connection with a purchase, sale, barter, delivery or transfer of beehive oven furnace coke produced in Pennsylvania, alone or in conjunction with any other material, or by way of any commission, cross-billing, service, transportation, or other charge, or by way of discount, premium, or other privilege, or by way of tying agreement or other trade understanding, or otherwise.*

§ 1345.54 *Records and reports.* Every person making purchases or sales of beehive oven furnace coke produced in Pennsylvania after February 2, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price f. o. b. cars ovens at Connellsville, Pennsylvania, the price paid or received at the place of delivery and the quantity purchased or sold, and (b) the quantity of beehive oven furnace coke produced in Pennsylvania (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1345.55 *Affirmations of compliance.* On or before February 2, 1942, and on or before the 10th day following each calendar quarter thereafter, every person selling beehive oven furnace coke produced in Pennsylvania shall submit to the Office of Price Administration an affirmation of Compliance on Form 177:1 containing a sworn statement that during such quarter all sales of beehive oven furnace coke produced in Pennsylvania were made at prices in compliance with this Schedule or with any exceptions thereto or modifications therefrom. Copies of Form 177:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, such forms may be prepared by the producer submitting it.*

§ 1345.56 *Enforcement.* In the event of refusal or failure to abide by the terms and provisions of this Price Schedule, the Office of Price Administration will use its full powers of enforcement to compel remedial action and future compliance by any such violator. These powers may include steps in an appropriate court of law, such administrative remedies as may be proper, as well as the informing of the Congress and the public, and the enlisting of the cooperation of the various state or federal governmental agencies, including the procurement services of the Government. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of the price of beehive oven furnace coke produced in Pennsylvania, or of the hoarding or accumulation of unnecessary inventories of such product, are urged to communicate with the Office of Price Administration.*

§ 1345.57 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no applications will be considered unless filed by persons complying with this Schedule and other Schedules issued by the Office of Price Administration. Such applications shall be submitted in a separate letter captioned "Application for Relief from Price Schedule No. 77—Beehive Oven Furnace Coke Produced in Pennsylvania," and shall not be contained in any filing of information or prices required to be filed under this Schedule.*

§ 1345.58 *Definitions.* When used in this Schedule the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity, as well as executors, trustees in bankruptcy, receivers, and other court-appointed officers;

(b) "Beehive oven furnace coke produced in Pennsylvania" means coke produced in Pennsylvania in beehive ovens and commonly used for smelting in the ferrous and non-ferrous industries, and for other industrial purposes: *Provided*, That foundry coke when used in an iron foundry shall not be deemed beehive oven furnace coke within the meaning of this section.

§ 1345.59 *Effective date of the schedule.* This Schedule shall become effective January 26, 1942.*

Issued this 26th day of January 1942.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. 1855-FD]

IN THE MATTER OF DAVID JOPLING (CODE MEMBER), DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated August 8, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 and having been duly filed on August 11, 1941, and an amended complaint dated November 20, 1941, having been duly filed on November 25, 1941, by the Bituminous Coal Producers Board for District No. 12, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint, as amended, be held on March 10, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the State Capitol Building, Des Moines, Iowa.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint, as amended.

Notice is hereby given that answer to the complaint, as amended, must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered shall be deemed to have admitted the allegations of the complaint herein, as amended, and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, as amended, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint, as amended, filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant, David Jopling, of Runnells, Iowa, (1) during the period October 1, 1940, to January 31, 1941, both dates inclusive, sold approximately 71.48 tons of 2" x 0 coal (Size Group 8); produced at his Joplin Mine, Mine Index No. 354, located in Polk County, in District No. 12, to the Des Moines Electric Light Company, Des Moines, Iowa, at truck delivered prices ranging from $2.26 to $2.30 per net ton whereas the effective minimum price for said coal was $1.80 per net ton f. o. b. the mine. The sale and delivery of said coal was at a sales price less than the said effective minimum price, plus an amount at least equal to the actual transportation charges and other incidental handling charges from the transportation facilities at the Joplin Mine, to the point from which all such charges were assumed and directly paid by the purchaser, as set forth in the Schedule of Effective Minimum Prices for District No. 12 For Truck Shipments, and Price Instruction No. 5 as amended and contained in Supplement No. 2 in said Schedule; and (2) during the period February 19, 1941, to July 21, 1941, both dates inclusive, sold approximately 330 tons of 2" x 0 coal (Size Group 8) produced at the above-mentioned mine, to the Des Moines Electric Light Company, Des Moines, Iowa, at a truck delivered price ranging from $2.00 to $2.50 per ton, whereas the effective minimum price for said coal was $2.54 per net ton delivered to said purchaser as provided in the Schedule of Effective Minimum Prices for District No. 12, For Truck Shipments and Price Exception No. 5 of said Schedule, as amended, pursuant to Order Granting Temporary Relief in Docket No. A-69, effective February 4, 1941, and further amended and made permanent by Order of July 1, 1941, in said docket.

Dated: January 24, 1942.

IN THE MATTER OF J. W. BENNETT, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated December 5, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 8, 1941, by Bituminous Coal Producers Board for District No. 13, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 25, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Tutwiler Hotel, Birmingham, Alabama.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant, whose address is Watson, Alabama, sold during the period from October 1, 1940, through December 1940 to the Tombrello Coal Company, Inc., Cardiff, Alabama, approximately 889 tons of 1½" x 0 coal produced at his McCormack Mine 13 at a price of $2.05 per ton delivered to Cardiff, Alabama, although minimum prices, temporary or final, had not been established by the Division for coal produced at that mine, resulting in violations of the Order of the Director entered in Docket No. 19 dated October 9, 1940.

Dated: January 23, 1942.

[Docket No. B-41]

IN THE MATTER OF CARL WHITTINGTON, CODE MEMBER, DEFENDANT

CEASE AND DESIST ORDER

A complaint, dated September 17, 1941, in the above-entitled matter having been filed with the Bituminous Coal Division (the "Division") pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, (the "Act") by the Bituminous Coal Producers Board for District No. 8, complainant, alleging that Carl Whittington, the defendant herein, wilfully violated the provisions of the Bituminous Coal Code (the "Code") and the effective minimum prices by selling, delivering and offering to sell, during the period October 1, 1940, to March 1, 1941, both dates inclusive, approximately 130 tons of high volatile Size Group 1, or lump over 2" coal produced by the defendant at his Haynes Mine, Mine Index No. 1429, located in the Tuppers Creek Section of Kanawha County, West Virginia, District No. 8, to various persons at prices ranging from $1.50 to $2.00 per net ton f. o. b. the said mine, whereas the effective minimum price for such coal was $2.65 per

net ton f. o. b. the mine, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments; and the complaint herein and Notice of and Order for Hearing thereon having been duly served on the defendant on October 10, 1941; and

This matter having come on for hearing on November 10, 1941 before a duly designated Examiner of the Division at a hearing room thereof at Charleston, West Virginia; and

Appearance having been entered for the defendant; and the cause having been continued by said Examiner subject to the further Order of the Director; and

The defendant, by stipulation made November 4, 1941, the original of which is on file with the Division, having admitted the truth of the allegation contained in the complaint herein and the facts set out in said stipulation and having consented to the making and entry of this Order;

It is hereby found, That: 1. On July 1, 1938, the defendant filed with the Division his acceptance of the Code dated June 22, 1938. Said acceptance was approved by the Division to take effect as of June 30, 1938, and defendant has been ever since last mentioned date, and is now a code member in District No. 8.

2. The defendant wilfully violated the provisions of the Code and the effective minimum prices established by the Division by offering to sell, selling and delivering 130 tons of high volatile Size Group 1 or lump over 2" coal during the period October 1, 1940, to March 1, 1941, both dates inclusive, produced at his Haynes Mine, Mine Index No. 1429, located in the Tuppers Creek Section of Kanawha County, West Virginia, District No. 8, to various persons at prices ranging from $1.50 to $2.00 per net ton f. o. b. the mine, whereas this coal is classified as Size Group No. 1 and priced at $2.65 per net ton f. o. b. the mine in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

Now, therefore, based upon the above findings and the defendant's above stipulation:

It is ordered, That the defendant, his representatives, agents, servants, employees and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist, and they hereby are permanently enjoined and restrained from violating the Code, rules and regulations promulgated thereunder, and the effective minimum prices established by the Division;

It is further ordered, That the Division, in its discretion, may apply to the Circuit Court of Appeals of the United States within any circuit where such defendant resides and carries on business for the enforcement hereof; and

It is further ordered, That this Order shall not constitute a waiver by or in behalf of any person entitled to file a complaint under Sections 4 II (j) and 5 (b) of the Act, or either of them, or of any right which they or any of them or which the Division may have against the defendant for any penalty or forfeiture to which the defendant may be subjected by reason of any violation other than those referred to in paragraph 2 of the Findings herein, or a waiver by or in behalf of any code member of any right which he may have against the defendant under Section 5 (d) of the Act in respect to said violations.

Dated: January 23, 1942.

Surplus Marketing Administration.

NOTICE OF REPORT AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO A PROPOSED MARKETING ORDER AND A PROPOSED MARKETING AGREEMENT REGULATING THE HANDLING OF MILK IN THE PHILADELPHIA, PENNSYLVANIA, MILK MARKETING AREA, PREPARED BY THE ADMINISTRATOR OF THE SURPLUS MARKETING ADMINISTRATION

Pursuant to § 900.12 (a), General Regulations, Surplus Marketing Administration, Department of Agriculture, notice is hereby given of the filing with the Hearing Clerk, in the Solicitor's Office of the Department, of this report of the Administrator of the Surplus Marketing Administration of the Department with respect to a proposed marketing order and a proposed marketing agreement regulating the marketing of milk in the Philadelphia, Pennsylvania, milk marketing area. Interested parties may file exceptions to this report with the Hearing Clerk, Room 0312, South Building, Department of Agriculture, Washington, D. C., not later than the close of business on the 10th day after the publication of this notice in the FEDERAL REGISTER.

PART I. HISTORY, ISSUES, AND CONCLUSIONS

This proceeding formally began with a petition, dated September 27, 1941, from the Interstate Milk Producers Cooperative, Inc., asking that the Secretary hold a hearing on proposed provisions of a marketing agreement and order for the Philadelphia, Pennsylvania, area. This formal request had been preceded by informal conferences and an effort on the part of the cooperative to make use of the mediation or arbitration provisions of the Agricultural Marketing Agreement Act of 1937, as amended, to meet the problems of the Philadelphia market.

On September 22, the Pennsylvania Milk Control Commission held a hearing to determine whether or not it should join with the Secretary in holding a hearing. The Commission made no formal order after this hearing, but, subsequent to the Secretary's notice of hearing, gave notice of joining in the hearing which was conducted as a joint hearing throughout.

Notice of hearing was issued, October 10, 1941, and the hearing formally convened October 23, pursuant to the notice.

It then appearing that the Pennsylvania Milk Control Commission had held a hearing for the same area during the previous week, and that a number of witnesses and interested parties among the distributors of milk were out of the city attending their International Convention, the taking testimony started October 28. The hearing proceeded during the periods October 28–October 31, November 10–November 14, November 17–19, November 28, and December 1–December 5. During the remainder of the elapsed time in the period October 28–December 5, the hearing was recessed. The total elapsed time was 42 days, during which the hearing was in session 18 days and covered 3,110 typewritten pages of transcript of testimony, with about 200 separate exhibits.

The hearing was marked by extensive argument. Milk dealers were represented by counsel, all of whom took the position that the Secretary had no jurisdiction to issue an order, and, at the end of the hearing, moved for the dismissal of the petition.

Time for filing briefs was set at the closing of the hearing, to expire at the close of business December 22. The Pennsylvania Milk Control Commission filed a brief in opposition to the initiation of a program by the Secretary for the whole Philadelphia market, but expressed a desire for an order which would regulate that part of the Philadelphia supply originating in States other than Pennsylvania. The brief notified the Department of the approval by the Governor of Order No. A–79, to become effective January 1, 1942. This order is based on the hearing held by the Commission October 15, 1941, and was issued by the Commission November 18, 1941. Each of the groups of milk dealers filed briefs summarizing their positions and arguments against regulation, and the Interstate Milk Producers' Cooperative, Inc., filed an extensive brief urging the granting of its petition.

The underlying issue in this proceeding is whether the Secretary shall issue an order. Directly subordinate to that issue is the question of whether an order should be issued which is concurrent with, displaces, or is complementary to the regulation of the Pennsylvania Milk Control Commission.

It is concluded from the record that an order be issued and a marketing agreement offered to the handlers which will regulate all persons who sell milk in an area prescribed as the Philadelphia marketing area, irrespective of whether such milk originates in the Commonwealth of Pennsylvania or elsewhere. By this means, orderly marketing conditions will be promoted and preserved and the policy of the act be effectuated.

From the conclusion on the overlying issue, several principal issues assume prominence from the record, with respect to the content of the order that might be made by the Secretary as follows:

1. What constitutes the most practical marketing area, and what constitutes its supply of fluid milk which should be regulated?
2. At what level shall minimum class prices be fixed?
3. By what method shall the proceeds of these minimum class prices be distributed to producers?

On these issues, it is concluded from the record as follows:

1. The marketing area should be the city of Philadelphia and contiguous townships into which the residential and urban development runs without intervening rural areas, and that the supply of milk is that delivered by farmers to plants shown to have been the principal sources up to now, unless the plant is later withdrawn by the operator, and any other plant which ships milk for as much as 20 days during a particular month.

2. Parity prices calculated from some part or all of the period August 1919–July 1929, the period for which there is far more information and greater comparability than for the period 1910–1914, are unreasonable in view of present conditions and make it necessary to fix prices, under section 8c (18) of the act, such that farmers will receive a price for milk produced for the fluid milk market sufficient to maintain an adequate quantity of pure and wholesome milk for the market, and be in the public interest.

3. The reserve supplies of milk are sufficiently well proportioned among the handlers of milk so that equity as between farmers and as between handlers may be achieved by requiring such handler to distribute the proceeds of his own utilization of milk among the farmers who supply him, without impeding his drawing upon additional sources of supply occasionally when actually needed.

4. The purchasing power for milk in the Philadelphia, Pennsylvania, marketing area specified in section 2 of the act cannot be satisfactorily determined from available statistics of the Department of Agriculture, but can be satisfactorily determined from available statistics of the Department of Agriculture for the post-war period, August 1919–July 1929, and that post-war period is the base period used in determining the purchasing power of milk sold in the Philadelphia, Pennsylvania, marketing area.

The proposed marketing order and proposed marketing agreement are recommended as the detailed means by which these conclusions may be carried out.

This report filed at Washington, D. C., the 23d day of January 1942.

PROPOSED MARKETING ORDER REGULATING THE HANDLING OF MILK IN THE PHILADELPHIA, PENNSYLVANIA, MILK MARKETING AREA PREPARED BY THE ADMINISTRATOR OF THE SURPLUS MARKETING ADMINISTRATION, UNITED STATES DEPARTMENT OF AGRICULTURE

This proposed marketing order is prepared by the Administrator pursuant to § 900.12 (a) of the General Regulations, Surplus Marketing Administration, and has not received the approval of the Secretary of Agriculture.

Findings

It is found upon the evidence introduced at the public hearing held in Philadelphia, Pennsylvania, on October 28 through October 31, November 10 through November 14, November 17

through November 19, November 20, and December 1 through December 5:

1. That the prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to section 2 and section 8 (c) of said act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for such milk, and that the minimum prices set forth in this order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

2. That all handling of milk sold or disposed of by handlers as defined in section 1 (a) (5) of this order is in the current of interstate commerce or directly burdens, obstructs or affects interstate commerce in milk or its products, and that handlers as defined in such section are engaged in the handling of milk which is in the current of interstate commerce or which directly burdens, obstructs, or affects interstate commerce in milk or its products;

3. That the order regulates the handling of milk in the same manner as and is applicable only to handlers defined in a marketing agreement upon which a hearing has been held;

4. That a pro rata assessment on handlers as set forth in section 9 of this order at a rate not to exceed two cents per hundredweight on all milk received from producers or an association of producers or produced by them during each delivery period will provide funds necessary to pay such expenses while such order is in effect as will necessarily be incurred by the market administrator under such order for the maintenance and functioning of said market administrator's office.

5. That orderly conditions for milk flowing into the Philadelphia, Pennsylvania, marketing area are so disrupted as to result in the impairment of the purchasing power of such milk and that the issuance of this order, and all of its terms and conditions, will tend to effectuate the declared policy of the act.

Provisions

SECTION 1. *Definitions*—(a) *Terms.* The following terms shall have the following meanings:

(1) The term "act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(2) The term "Secretary" means the Secretary of Agriculture of the United States.

(3) The term "Philadelphia, Pennsylvania, milk marketing area," hereinafter called "the marketing area," means all the territory in the Commonwealth of Pennsylvania which is located within the boundaries of Philadelphia County; of Lower Merion, Whitemarsh, Springfield, Cheltenham, Abington, Upper Moreland, and Lower Moreland townships in Montgomery County; and of Haverford, Ridley, Tinicum, Darby, and Upper Darby townships in Delaware County.

(4) The term "person" includes an individual, partnership, corporation, association, or any other business unit.

(5) The term "producer" means any person, irrespective of whether such person is also a handler, who produces milk which is received directly at (1) a plant listed below except during such period of time as any such plant may have been stopped by the Pennsylvania Department of Health from shipping milk for consumption as milk, or (2) a pasteurizing and bottling plant from which milk is disposed of as Class I milk in the marketing area, or (3) a plant from which milk is shipped during at least 20 days of the delivery period to a plant where some of it is disposed of as Class I milk in the marketing area, determined pursuant to section 3: *Provided, however,* That producers delivering to a plant listed below may be excluded if no milk or cream has been shipped from it to the marketing area during the preceding three delivery periods and if the handler notifies the market administrator five days prior to the start of a delivery period that any such plant is no longer part of his supply for the marketing area and if he disposes of no milk or cream in the marketing area from such plants during the delivery period: *And provided further,* That this definition shall not include any person defined as a producer under an order of the Secretary regulating the handling of milk in the New York metropolitan milk marketing area.

Plants. Bedford, Pa., Boiling Springs, Pa., Brandtsville, Pa., Byers, Pa., Carlisle, Pa., Centerville, Pa., Chambersburg, Pa., Clayton, Del., Coudersport, Pa., Curryville, Pa., Delta, Pa., Denton, Md., Easton, Md., Fairdale, Pa. (6) The term "handler" means any person, irrespective of whether such person is also a producer or association of producers, wherever located or operating, who engages in the handling of milk which is disposed of in the marketing area.

(7) The term "market administrator" means the person designated pursuant to section 2 as the agency for the administration hereof.

SEC. 2. *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator, who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall have power:

(1) To administer the terms and provisions hereof; and

(2) To receive, investigate, and report to the Secretary complaints of violations of the terms and provisions hereof.

(c) *Duties.* The market administrator shall:

(1) Keep such books and records as will clearly reflect the transactions provided for herein and shall surrender the same to his successor or to such other person as the Secretary may designate;

(2) Submit his books and records to examination by the Secretary at any and all times;

(3) Furnish such information and verified reports as the Secretary may request;

(4) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary;

(5) Publicly diclose to handlers and to producers, unless otherwise directed by the Secretary, the name of any person who, within 15 days after the date upon which he is required to perform such acts, has not (a) made reports pursuant to section 5 (a), or (b), made payments pursuant to section 8;

(6) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof;

(7) Obtain a bond with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(8) Pay, out of the funds provided by section 9 (a) the cost of his bond and of the bonds of such of his employees as handle funds entrusted to the market administrator, (b) his own compensation, and (c) all other expenses which will necessarily be incurred by him for the maintenance and functioning of his office and the performance of his duties; and

(9) Promptly verify the information contained in the reports submitted by handlers.

SEC. 3. *Classification of milk*—(a) *Basis of classification.* Milk received by each handler, including milk produced by him, if any, shall be classified by the market administrator in the classes set forth in pragraph (b) of this section in accordance with its utilization by such handler, subject to paragraphs (c) and (d) of this section.

(b) *Classes of utilization.* The classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk (i) sold, distributed or disposed of as or in milk, including skim milk and flavored milk drinks, containing not more than 16 percent butterfat, and (ii) all other milk received from producers not accounted for as Class II.

(2) Class II milk shall be all milk (i) accounted for in products other than those included in section 3 (b) (1) (i), and (ii) an amount of milk equal to the percentage of the milk received from producers not accounted for in either section 3 (b) (1) (i) or (i) of this paragraph, but in no case more than two percent, times the pounds of milk accounted for under (i) of this paragraph.

(c) *Transfers of milk.* (1) Milk or skim milk received at a plant from another plant at both of which milk is received from producers shall be classified as Class I milk: *Provided,* That if a different classification is agreed upon in writing between such receiving handler and such selling handler and is submitted to the market administrator, then the milk or skim milk shall be classified according to such written agreement: *And provided further,* That the amount so reported in any class shall not be greater than the amount used in that class by the receiving handler after deduction of any milk pursuant to subparagraph (2) of this paragraph.

(2) Milk received at a plant at which milk is received from producers from a plant at which no milk is received from producers shall be allocated to Class II, except that any of this milk in excess of the amount of Class II milk used by the receiving handler shall be Class I and except as provided in subparagraph (3) of this paragraph.

(3) Milk received at a plant at which milk is received from producers from a plant under another Federal milk marketing agreement or order shall be classified as Class I milk or Class II milk in accordance with its use as determined by the market administrator under the latter order.

(4) Milk moved directly from a plant at which milk is received from producers to a plant at which no milk is received from producers shall be Class II milk if less than 20 percent of the milk received at the latter plant is moved as fluid milk and Class I milk if more than 20 percent of the milk received is moved from the latter plant, except that any of this milk in excess of the amount of fluid milk moved from the latter plant during the delivery period shall be classified as Class II milk: *And provided further,* That all milk moved as fluid milk more than 400 miles under such conditions shall be classified as Class I milk.

(5) Milk disposed of from a handler's plant to retail establishments which dispose of milk for both fluid and other uses shall be Class I milk.

(d) *Transfers of cream.* Cream received or disposed of shall be considered Class II.

SEC. 4. *Minimum prices*—(a) *Class prices.* Except as set forth in subparagraph (d) of this section, each handler shall pay, at the time and in the manner set forth in section 8 for milk received during each month from producers or an association of producers not less than the following prices subject to the differentials set forth in paragraphs (b) and (c) of this section:

(1) Class I milk—$3.70 per hundredweight.

(2) Class II milk—The price per hundredweight calculated by the market administrator as follows: add all weekly market quotations (using midpoint of any weekly range as one quotation) of prices reported during the delivery period by the United States Department of Agriculture for a 40-quart can of sweet cream approved for Pennsylvania only, and for Pennsylvania, Newark, and Lower Merion Township, divide by the number of quotations and divide by 33.48, multiply by 4, subtract 28 cents, and add any plus amount which is equal to the average of all the hot roller process dry skim milk quotations for "other brands, animal feed" and for "other brands, human consumption," carlots, bags, or barrels, in both cases (using midpoint of any range as one quotation) as published during such delivery period in the "Producer's Price Current," less 4.5 cents, and multiply by 7.5.

(b) *Butterfat differential.* The Class I and Class II prices shall be subject to a butterfat differential for each one-tenth of 1 percent variation above or below 4.0 percent calculated as follows: divide the average of the cream quotations used in calculating the Class II price by 334.8, and subtract 0.7 cent.

(c) *Differentials for place of receipt of milk.* In the case of milk received from producers by any handler at plants 31 miles or more from the City Hall in Philadelphia there shall be deducted from the prices set forth in paragraph (a) of this section the following amounts:

(1) Class I milk—31 cents per hundredweight at plants 31 to 40 miles from the City Hall in Philadelphia and for each additional 10 miles in excess of 40 miles an additional 1 cent, provided the total amount does not exceed 64 cents per hundredweight. For the purposes of this subparagraph the Class I milk shall be considered to have been, first, that milk received from producers' farms at such handler's plant located less than 31 miles from the City Hall in Philadelphia, then that milk which was shipped from the nearest plant located 31 miles and farther from the City Hall in Philadelphia: *And provided,* That Class I milk moved directly from a plant at which milk is received from producers to a plant at which no milk is received from producers, both of which are outside the marketing area and Class I milk distributed for fluid consumption from a plant at which milk is received from producers shall be allocated for the purpose of determining these differentials to the plant at which it is received from producers.

(2) Class II milk—4 cents per hundredweight at plants 31 to 70 miles from the City Hall in Philadelphia, and for each additional 70 miles an additional 1 cent.

The distance of any plant from the City Hall in Philadelphia shall be that recognized by the Interstate Commerce Commission for rate making purposes on highways over which the Highway Department of the State permits milk tank trucks to move.

(d) *Class I milk disposed of outside the marketing area.* The Class I price set forth in this section shall apply to Class I milk sold outside the marketing area: *Provided,* That when sold in an area regulated by another marketing order of the Secretary the price effective under such other order shall apply.

SEC. 5. *Reports of handlers*—(a) *Periodic reports.* On or before the 5th day after the end of each month each handler, with respect to milk or cream which was, during such delivery period, (i) received from producers, handlers, or other sources; and (ii) produced by such handler, shall report to the market administrator, in the detail and on forms prescribed by the market administrator, as follows:

(1) The receipts at each plant from producers who are not handlers;

(2) The receipts at each plant from any other handler, including any handler who is also a producer;

(3) The quantity, if any, produced by such handler;

(4) The receipts at each plant from any other source;

(5) The respective quantities of milk and milk products disposed of or on hand with the butterfat content thereof; and

(6) The shipments of milk to the marketing area from each plant.

(b) *Reports of handlers who receive no milk from producers.* Handlers who receive no milk from producers shall make reports to the market administrator at such time and in such manner as the market administrator may require.

(c) *Reports as to producers.* Each handler shall report to the market administrator:

(1) Within 10 days after the market administrator's request, with respect to any producer for whom such information is not in the files of the market administrator, and with respect to a period or periods of time designated by the market administrator, (a) the name and address, (b) the total pounds of milk received, (c) the average butterfat test of milk received, and (d) the number of days upon which milk was received; and

(2) As soon as possible after first receiving milk from any producer, (a) the name and address of such producer, (b) the date upon which such milk was first received, and (c) the plant at which such milk was received.

(d) *Reports of payments to producers.* Each handler shall submit to the market administrator on or before the 20th day after the end of each month his producer pay roll for such month which shall show for each producer (i) the net amount of such producer's payment with the prices, deductions, and charges involved, and (ii) the total delivery of milk with the average butterfat test thereof.

(e) *Outside cream purchases.* Each handler shall report as requested by the market administrator his purchases, if any, of sweet cream showing the quan-

tity and source of each such purchase and the cost thereof at Philadelphia.

(f) *Verification of reports.* Each handler shall permit the market administrator or his agent, or such other person as the Secretary may designate, during the usual hours of business, to (i) verify the information contained in reports submitted in accordance with this section, and (ii) weigh milk received from each producer and sample and test milk for butterfat.

SEC. 6. *Application of provisions*—(a) *Handlers who receive no milk from producers.* The provisions hereof, except those set forth in section 5, shall not apply to a producer-handler who receives no milk from producers nor to a handler whose sole source of milk supply consists of receipts from other handlers.

SEC. 7. *Determination of uniform prices to producers*—(a) *Computation of the value of milk for each handler.* For each delivery period the market administrator shall compute, subject to the provisions of section 6, the value of milk of producers disposed of by each handler, by (a) multiplying the hundredweight of such milk in each class, computed pursuant to section 3, by the prices applicable pursuant to section 4, plus or minus the applicable differentials in section 4; and (b) adding together the resulting values.

(b) *Computation and announcement of uniform price for each handler.* The market administrator shall compute and announce for each handler the uniform price per hundredweight of milk received by him at all plants from producers during each delivery period as follows:

(1) Add to the value computed pursuant to paragraph (a) of this section the amount of the adjustment to be made pursuant to section 8 (d), and add or subtract the amount to be subtracted or added respectively, by the handler pursuant to section 8 (e);

(2) Divide the amount computed in paragraph (1) of this subsection by the total quantity of milk received from producers, including milk of his own production;

(3) On or before the 10th day after the end of each delivery period, notify each handler of the uniform price computed for him; and

(4) On or after the 15th day after the end of each delivery period, publicly announce the uniform price computed for each handler pursuant to this section with the differentials applicable pursuant to section 8 (d).

SEC. 8. *Payments for milk*—(a) (1) *Semimonthly payments.* On or before the 25th day of each month each handler shall make a payment to producers for milk delivered during the first 15 days of such month at not less than a rate per hundredweight which he estimates will be his uniform price for such month.

(2) *Final payment.* On or before the 15th day after the end of each delivery period, each handler shall make full payment, subject to the butterfat differential set forth in paragraph (c) of this section, to each producer, for the total value of milk received from such producer during such delivery period, at not less than the uniform price per hundredweight computed for such handler pursuant to section 7, subject to the location differentials set forth in paragraph (d) of this section and after taking credit for payment made pursuant to section 8 (a) (1).

(b) *Errors in payment.* Errors in making payments for milk shall be corrected not later than the date for making payments next following the determination of such errors.

(c) *Butterfat differential.* If any handler has received from any producer, during the delivery period, milk having an average butterfat content other than 4.0 percent, such handler, in making payments pursuant to paragraph (a) of this section, shall add to the uniform price for such producer for each one-tenth of 1 percent of average butterfat content in milk above 4.0 percent not less than, or shall deduct from the uniform price for such producer for each one-tenth of 1 percent of average butterfat content in milk below 4.0 percent not more than, $.04 per hundredweight.

(d) *Location differentials.* In making payments pursuant to paragraph (a) of this section, each handler shall deduct, with respect to milk received from producers at a plant located 31 miles or more from the City Hall in Philadelphia, the respective Class I differentials specified in section 4 (c).

(e) *Additional deductions.* With respect to milk received at plants located outside the marketing area but less than 31 miles of the City Hall in Philadelphia, the handler may deduct 15 cents per hundredweight from the payments otherwise specified in this section to be paid. With respect to milk received at plants 31 miles or more from the City Hall in Philadelphia, a handler may deduct from the uniform price otherwise specified in this section to be paid at such plant receiving less than an average of 20,000 pounds per day during the delivery period, an amount not to exceed 6 cents per hundredweight of the milk moved to the marketing area from such plant.

(f) *Flat price payments.* Any handler may in lieu of the requirements of paragraphs (a) and (b) of this section elect to pay producers not later than the 15th day of each month at not less than the per quart equivalent (considering 46.5 quarts per hundredweight) of the Class I price for all milk delivered during the preceding month in which event such handler may report only his total receipts from each producer and his total payment to each producer.

SEC. 9. *Expense of administration*—(a) *Payments by handlers.* As his pro rata share of the expense of the administration hereof, each handler, on or before the 15th day after the end of each delivery period, shall pay to the market administrator, with respect to all milk received by him from producers or an association of producers, or produced by him during such delivery period, an amount not exceeding 2 cents per hundredweight, the exact amount to be determined by the market administrator. Each handler, who is a cooperative association of producers shall pay such pro rata share of expense only on that milk received from producers at any plant of such association.

PROPOSED MARKETING AGREEMENT REGULATING THE HANDLING OF MILK IN THE PHILADELPHIA, PENNSYLVANIA, MILK MARKETING AREA PREPARED BY THE ADMINISTRATOR OF THE SURPLUS MARKETING ADMINISTRATION, UNITED STATES DEPARTMENT OF AGRICULTURE

This proposed marketing agreement is prepared by the Administrator pursuant to § 900.12 (a) of the General Regulations, Surplus Marketing Administration, and has not reecived the approval of the Secretary of Agriculture.

Whereas, the parties hereto, in order to effectuate the declared policy of the said act, desire to enter into this marketing agreement.

Now, therefore, the parties hereto agree as follows:

1. The terms and provisions of section 1 through section 9 of Order No. ----, Regulating the Handling of Milk in the Philadelphia, Pennsylvania, Milk Marketing Area, issued ----------, 1942, shall be the terms and provisions of section 1 through section 9 of the marketing agreement with the exception that wherever the word "order" is used the words "marketing agreement" shall be substituted therefor; and

2. The following sections shall also be a part of the marketing agreement in addition to sections 1 through 9 of said order:

SEC. 10. *Termination.* The Secretary may terminate this agreement whenever he finds that this agreement obstructs or does not tend to effectuate the declared policy of the act.

Any handler signatory to this agreement may withdraw as a party to it upon 30 days' written notice to the Secretary effective at midnight on the last day of the month first succeeding the expiration of such 30 days. Such notice of withdrawal may be given to the Secretary by sending it by postpaid, registered mail addressed to the Secretary of Agriculture, Washington, D. C. Such termination shall not release such handler from any obligations under this agreement in respect of transactions occurring prior to the effective date of withdrawal.

Such handler has signed this agreement on the express condition, and the Secretary agrees and confirms, that the execution of this agreement and compliance therewith and with the order of the Secretary for the period that the agreement remains in effect shall be without prejudice to any and all rights of the handler, and shall not constitute an admission by the handler of the validity of the Agricultural Marketing Agreement Act of 1937 or of the order of the Secretary or any of its terms, or any obligation imposed in connection therewith, or any waiver by such handler or estoppel of his rights to question the validity of the Agricultural Marketing Agreement Act of 1937 or the order of the Secretary or any provision thereof, on any and all grounds; all of which rights are hereby expressly reserved to any such handler upon and after withdrawal from the agreement with the same force and effect as if the handler had never become party hereto.

This agreement shall, in any event terminate whenever the provisions of the act authorizing it cease to be in effect.

SEC. 11. *Liability*—(a) *Handlers.* The liability of the handlers hereunder is several and not joint and no handler shall be liable for the default of any other handler.

SEC. 12. *Antitrust laws.* Any exemption from the antitrust laws and any validation of any acts or things, which otherwise would have been unlawful, resulting from the execution of this agreement by the Secretary, shall not extend or be construed to extend further than is absolutely necessary for the purpose of carrying out the provisions of this agreement.

SEC. 13. *Duration of immunities.* The benefits, privileges, and immunities conferred by virtue of this agreement shall cease upon its termination, except with respect to acts done under and during the existence of this agreement, and the benefits, privileges, and immunities conferred by this agreement upon any parties signatory hereto shall cease upon its termination as to such party, except with respect to acts done under and during the existence of this agreement.

SEC. 14. *Counterparts and additional parties*—(a) *Counterparts.* This agreement may be executed in multiple counterparts, and when one counterpart is signed by the Secretary, all such counterparts shall constitute, when taken together, one and the same instrument, as if all such signatures were obtained in one original.

(b) *Additional parties.* After this agreement first takes effect, any handler may become a party to this agreement if a counterpart thereof is executed by him and delivered to the Secretary. This agreement shall take effect as to such new contracting party at the time such counterpart is delivered to the Secretary, and the benefits, privileges, and immunities conferred by this agreement shall then be effective as to such new contracting party.

SEC. 15. *Authorization to correct typographical errors and record of milk handled during the month of* ----------—(a) *Authorization to correct typographical errors.* The undersigned hereby authorizes O. M. Reed, Chief, Dairy Division, Surplus Marketing Administration, to correct any typographical errors which may have been made in this marketing agreement.

(b) *Record of milk handled during the month of* ----------. The undersigned certifies that he handled during the month of ----------, ------ hundredweight of milk covered by this agreement and disposed of within the marketing area.

SEC. 16 *Signature of parties.* In witness whereof, the contracting handlers, acting under the provisions of the act, for the purposes and subject to the limitations herein contained and not otherwise, have hereunto set their respective hands and seals.

APPLICATION FOR EXEMPTION OF PROCURING, HAULING, HANDLING, COOLING, CANDLING, GRADING, PACKING AND SHIPPING OF EGGS IN STATES OF IOWA, MINNESOTA, NORTH DAKOTA, AND SOUTH DAKOTA FROM MAXIMUM HOUR PROVISIONS OF FAIR LABOR STANDARDS ACT OF 1938 AS A BRANCH OF AN INDUSTRY AND OF A SEASONAL NATURE

NOTICE OF HEARING

Whereas an application has been filed by sundry parties engaged in procuring, hauling, handling, cooling, candling, grading, packing and shipping of eggs in the states of Iowa, Minnesota, North Dakota and South Dakota for exemption of such operations from the maximum hours provisions of the Fair Labor Standards Act of 1938 as a branch of an industry and of a seasonal nature pursuant to section 7 (b) (3) of the Act and Part 526 as amended of the Regulations issued thereunder.

Now, therefore, notice is hereby given of a public hearing to be held pursuant to §§ 526.5 and 526.6 of said Regulations at Hotel Nicollet, Minneapolis, Minnesota, to commence at 10 o'clock a. m. on February 10, 1942 before Mr. Marshall S. Spaulding, a duly authorized representative of the Administrator hereby authorized to conduct said hearing, take testimony, hear arguments and determine whether the procuring, hauling, handling, cooling, candling, grading, packing and shipping of eggs in the states of Iowa, Minnesota, North Dakota and South Dakota constitutes a separate branch of the egg industry and is of a seasonal nature within the meaning of section 7 (b) (3) of the Act and Part 526 as amended of the Regulations issued thereunder, and if so the appropriate limits of that branch of the industry.

Any person interested in supporting or opposing the application for exemption may appear at the hearing or file a written statement in lieu of personal appearance on his own behalf or on the behalf of any other person or persons. Written statements should be filed with the Administrator, Wage and Hour Division, Department of Labor, Washington, D. C., not later than February 10, 1942, or with the Presiding Officer at the time of the hearing.

Notice of intention to appear and furnish information or data at the hearing should be filed with Mr. L. A. Hill, Regional Director, 406 Pence Building, 730 Hennepin Avenue, Minneapolis, Minnesota, not later than February 9, 1942. Any such notice of intention to appear shall state the following:

1. Name and address of person who will appear,
2. Name and address of person or persons he is representing, and
3. Whether he is appearing in support of or in opposition to the application for exemption.

Signed at Washington, D. C. this 24th day of January 1942.

THOMAS W. HOLLAND,
Administrator.

NOTICE OF CHANGE IN DATE OF ORAL ARGUMENT IN THE MATTER OF THE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 32 FOR A MINIMUM WAGE RATE IN THE KNITTED OUTERWEAR INDUSTRY AND THE PROHIBITION, RESTRICTION OR REGULATION OF HOME WORK IN THE INDUSTRY

Whereas, the notice of oral argument upon the complete record of the hearing on the recommendation of Industry Committee No. 32 for a minimum wage rate in the knitted outerwear industry (Wage and Hour Division release R-1711) provided that the Administrator of the Wage and Hour Division would hear oral argument upon the complete record of the hearing on said recommendation on January 28, 1942, at 10:00 A. M. in room 7129, Department of Labor Building, Washington, D. C.; and

Whereas it now appears appropriate to change the date of said hearing;

Now, therefore, notice is hereby given:

That oral argument upon the complete record of the hearing on the recommendation of Industry Committee No. 32 for a minimum wage rate in the knitted outerwear industry and the prohibition, restriction or regulation of home work in the industry is changed to February 2, 1942, at 10:00 A. M. in room 7129, Department of Labor Building, 14th Street and Constitution Avenue, Washington, D. C. before the Administrator of the Wage and Hour Division, and oral argument may be presented by any person who entered an appearance at the public hearing held on the recommendation provided that on or before January 31, 1942, such person informs the Wage and Hour Division of his intention to offer oral argument and the amount of time he will require to make his presentation.

Signed at Washington, D. C. this 26th day of January 1942.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under Section 6 of the Act are issued under Section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective January 26, 1942.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 811-275]

IN THE MATTER OF CHARTERED INVESTORS, INC.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 23rd day of January, A. D. 1942.

An application having been duly filed by the above named applicant under and pursuant to the provisions of section 8 (f) of the Investment Company Act of 1940 for an order declaring that the applicant has ceased to be an investment company within the meaning of that Act;

It is ordered, That a hearing on such matter under the applicable provisions of the Act and the rules and Regulations of the Commission thereunder be held on January 30, 1942, at 10:00 o'clock in the forenoon of that day in the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise the interested parties where such hearing will be held.

It is further ordered, That Willis E. Monty, Esquire, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing on such application. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the above named applicant and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

IN THE MATTER OF THE NORTH AMERICAN COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than Febru-

ary 7, 1942 at 1:15 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The North American Company, a registered holding company under the Public Utility Holding Company Act of 1935, proposes to sell to certain investment dealers for distribution to the public up to and not exceeding 2,695,000 shares of the Common Stock, without par value, of its subsidiary company, Union Electric Company of Missouri, such maximum number of shares being the entire interest owned by the parent company in the subsidiary company and being all of the issued and outstanding common stock of the subsidiary company. Union Electric Company of Missouri has outstanding $80,000,000 of First Mortgage and Collateral Trust Bonds, 3⅜% Series due 1971, and 130,000 shares of $5 Preferred Stock, and 150,000 shares of Preferred Stock, $4.50 Series.

The declaration states that Union Electric Company of Missouri will file in the near future a Registration Statement under the Securities Act of 1933 with respect to the proposed sale of its Common Stock and that there will be no commitment to The North American Company to purchase all or any specified portion of the shares of Common Stock, the obligation of the investment dealers to purchase such shares being limited to shares sold by them. The agreement to be entered into by and between The North American Company and the investment dealers will provide, among other things, that a Selling Group will be formed, the Selling Group will be managed by Dillon, Read & Co. and may include any or all of the investment dealers; that the period during which the agreement is to be operative may be terminated at any time or suspended from time to time by The North American Company in its sole discretion; and that The North American Company will have the right from time to time in its discretion to change the public offering price.

The initial public offering price of the Common Stock to be sold and the period during which the agreement above referred to will be operative have not been supplied and such information, among other things, will be supplied by amendment to the declaration.

The net proceeds from the sale of the Common Stock will be applied by The North American Company, from time to time, to the retirement of its presently outstanding Debentures in the following amounts and order: (1) $4,813,000 principal amount of 4% Series due 1959, at 103.26, the present redemption price; (2) $24,813,000 of 3¾% Series due 1954 at 102.25; and (3) $19,850,000 of 3½% Series due 1949 at 102.25. Any net proceeds received after the above mentioned debentures have been retired will be held or used by The North American Company for its general corporate purposes. Such use of the net proceeds from the proposed sale of the Common Stock, it is stated, is in furtherance of a retirement program already adopted by The North American Company.

The North American Company requested that the Commission, by order, permit the declaration to become effective prior to February 16, 1942 and that the Commission find that the proposed sale of the Common Stock is exempt from the competitive bidding requirement of Rule U-50 under said Act.

By the Commission.

IN THE MATTERS OF NY PA NJ UTILITIES COMPANY AND ASSOCIATED ELECTRIC COMPANY

NOTICE REGARDING FILING AND ORDER OF CONSOLIDATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of January, A. D. 1942.

Notice is hereby given that a declaration has been filed by Associated Electric Company with this Commission.

All interested persons are referred to said declaration, which is on file in the office of the Commission for a statement of the transactions therein proposed, which are summarized below:

Associated Electric Company proposes to reacquire $3,015,000 principal amount of its 4½% Gold Bonds, Refunding Series, due 1956, from NY PA NJ Utilities Company, and to deliver and exchange therefor $1,356,700 principal amount of The Mohawk Valley Company 6% Consolidated Refunding Gold Bonds, due 1961, presently owned by NY PA NJ Utilities Company, together with $50 in cash, representing an adjustment to the next lowest issuable denomination of said bonds, with a net cash adjustment with respect to the accrued interest on the respective securities to the date of closing.

Notice is further given that NY PA NJ Utilities Company has filed an amendment to its application and declaration with this Commission. Certain transactions covered by the application and declaration have been disposed of, pursuant to an order of the Commission, dated December 30, 1941. The present amendment covers other phases of the plan originally proposed by NY PA NJ Utilities Company.

Such amendment is on file in the office of the Commission and all interested persons are referred to such amendment to the declaration and application for a statement of the transactions therein proposed at the present time, which are summarized below:

As part of the plan heretofore described in the Commission's findings and opinion attached to the order dated December 30, 1941, NY PA NJ Utilities Company, a registered holding company and subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, now proposes to transfer and deliver $3,015,000 principal amount of Associated Electric Company 4½% Gold Bonds, Refunding Series, due 1956, now owned by it, to Associated Electric Company in exchange for $1,356,700 principal amount of The Mohawk Valley Company 6% Consolidated Refunding Gold Bonds, due 1961, together with $50 in cash, and with a cash adjustment for accrued interest credited to the respective transferrers to the date of exchange.

The Commission, having determined that such matters as are contained in the amendment to the application and declaration of NY PA NJ Utilities Company and in the declaration of Associated Electric Company, are inter-related and can most adequately be treated by consolidating the same;

It is therefore ordered, That the above-entitled proceedings, namely, In the Matter of NY PA NJ Utilities Company, File No. 70-463 and In the Matter of Associated Electric Company, File No. 70-486, be and the same hereby are consolidated.

Notice is given that any interested persons may, not later than February 7, 1942, at 1:15 P. M., E. S. T., request the Commission, in writing, that a hearing be held on such consolidated matters, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration and application of NY PA NJ Utilities Company, as amended, may become effective or may be granted, to the extent of the transactions included in such amendment, and such declaration of Associated Electric Company may become effective as filed or as amended, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to the Public Utility Holding Company Act of 1935, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100, thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

ORDER AMENDING DECLARATION AND PERMITTING IT TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23d day of January 1942.

A declaration and amendments thereto having been filed by the above named parties pursuant to Rule U-62 adopted pursuant to the Public Utility Holding Company Act of 1935 with respect to the solicitation of authorizations to represent the holders of the First Lien and General Mortgage Bonds of Washington Gas and Electric Company in proceedings pursuant to Chapter X of the Bankruptcy Act and before this Commission; and

Public hearing having been duly held after appropriate notice; and

The Commission having considered the record in this matter and having made and filed its findings and opinion herein;

It is ordered, That said declaration as amended be and it hereby is permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24.

EXECUTIVE ORDER

PRESCRIBING REGULATIONS GOVERNING THE GRADES AND RATINGS OF ENLISTED MEN OF THE ARMY OF THE UNITED STATES

By virtue of and pursuant to the authority vested in me by the act of June 20, 1936, 49 Stat. 1554, it is hereby ordered that, effective on and after the date hereof, the grades and ratings of the enlisted men of all components of the Army of the United States in active Federal service shall be as set forth herein, and the number of such enlisted men in the several grades and ratings shall not exceed the percentages specified herein of the authorized active duty enlisted strength of the Army of the United States.

1. The several grades and maximum percentages of enlisted men therein shall be as follows:

	Percentage
1st Grade—Master Sergeants	1.5
2nd Grade—First and Technical Sergeants	3.0
3rd Grade—Staff Sergeants and Technicians 3rd Grade	7.0
4th Grade—Sergeants and Technicians 4th Grade	18.0
5th Grade—Corporals and Technicians 5th Grade	27.0
6th Grade—Privates First Class	27.0
7th Grade—Privates, the number of whom will be such that when added to the number of enlisted men above Grade Seven and to the authorized number of aviation cadets, the total will not exceed the authorized active duty enlisted strength of the Army of the United States.	

2. Specialists' ratings and the maximum percentages of enlisted men therein shall be as follows:

Specialists' Ratings:	*Percentage*
1st Class	1.0
2nd Class	1.5
3rd Class	5.0
4th Class	8.0
5th Class	8.0
6th Class	13.0

3. During the time that any enlisted men hold specialists' ratings, reductions in the authorized maximum numbers in the first six grades will be effected. These reductions will equal in cost, the cost of specialists' ratings held.

4. Executive Order No. 8824[1] of July 18, 1941, prescribing regulations governing the grades and ratings of enlisted men of the Regular Army for the fiscal year 1942, is hereby revoked.

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1263]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF A PRICE CLASSIFICATION FOR SIZE GROUP NO. 10 COALS OF MINE INDEX NO. 73, IN DISTRICT NO. 7, FOR ALL SHIPMENTS EXCEPT TRUCK, PURSUANT TO SECTION 4 II (D) OF THE BITUMINOUS COAL ACT OF 1937 AND ORDERS NOS. 303 AND 305 OF THE DIRECTOR

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by District Board No. 7 for the establishment of Price Classification "C" for Size Group No. 10 coals of Mine Index No. 73, in District No. 7, and the granting of temporary relief pending the final disposition of the subject matter; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; that no petitions of intervention have been filed with the Division in the above-entitled matter; and that the following action is necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck is supplemented to include the establishment of Price Classification "C" for the coals of the Glen Rogers Mine, Mine Index No. 73, of Raleigh-Wyoming Mining Company, a code member in District No. 7, for all shipments except truck.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 24, 1942.

Acting Director.

[Docket No. A-1094]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER CORRECTING TYPOGRAPHICAL ERRORS AND INSERTING OMISSIONS IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8, PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

In an Order of November 5, 1941, 6 F.R. 6035, Granting Temporary Relief and Conditionally Providing for Final Relief in the above-entitled matter, the following errors occurred:

The twelfth paragraph of the Order on page 6035 of the FEDERAL REGISTER reads as follows:

"No price classification and no minimum prices are established herein for the coals of the Hodge Mine (Mine Index No. 3603) of Osborn Mining Co., (Clifford J. Osborn) for *rail* shipment because the records of the Division indicate that prices were previously established for this mine for *rail* shipment in Docket No. A-795 under the name of Mine No. 2 of C. J. Osborn."

No price classifications and no minimum prices were established for the coals of the Hodge Mine for *truck* shipment because they had been previously established. The word "truck" therefore should appear in the above-quoted paragraph instead of "rail." The mine is listed as Mine Index No. 3603; the correct Mine Index No. for this mine is 3606.

In the original petition, Mine Index Nos. 3806 and 544 were listed as belonging to J. W. Patrick (By-Product Elkhorn Coal Company). Because the Code Acceptance was signed J. W. Patrick, prices for these mines were established under the code member name of J. W. Patrick. It appears that "By-Product Elkhorn Coal Company" is also desired as part of the code member name.

The original petition listed the Stone Mine of J. A. Williams as Mine Index No. 4104 and for that reason it was so listed in the Order. It appears that this was a typographical error in the original petition and that this mine is designated Mine Index No. 4014.

In the Schedule marked "Supplement T", § 328.4 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*), annexed to and made a part of the Order, under Pike County, Kentucky, Mine Index No. 3803 is listed as belonging to Conaway Fuel Company, Inc. It appears that "c/o Landon Elswick" was omitted as part of this code member's name.

It appearing that these typographical errors should be corrected and the omissions inserted;

Now, therefore, it is ordered, That the twelfth paragraph of the Order Granting Temporary Relief and Conditionally Providing for Final Relief, dated November 5, 1941, 6 F.R. 6035, be and the same hereby is amended to read:

"No price classifications and no minimum prices are established herein for the coals of the Hodge Mine (Mine Index No. 3606) of Osborn Mining Co., (Clifford J. Osborn) for truck shipment because the records of the Division indicate that prices were previously established for this mine for truck shipment in Docket No. A-795 under the name of Mine No. 2 of C. J. Osborn"; and

That in the Schedule marked "Supplement R" § 328.11 (*Alphabetical list of code members*), and in the Schedule marked "Supplement T", § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*), annexed to and made a part of the Order, there appear after the name J. W. Patrick, the following: (By-Product Elkhorn Coal Company); and

That Mine Index No. 4104 of the Stone Mine of J. A. Williams in the aforementioned "Supplement R", § 328.11 (*Alphabetical list of code members*), be changed to read Mine Index No. 4014; and

That there appear in the aforementioned "Supplement T", § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*), under Pike County, Kentucky, after the name Conaway Fuel Company, Inc., the following: (c/o Landon Elswick).

CHAPTER IX—WAR PRODUCTION BOARD

SUBCHAPTER A—GENERAL PROVISIONS

[Regulation No. 1]

DELEGATING POWERS WITH RESPECT TO PRIORITIES TO THE DIRECTOR OF THE DIVISION OF INDUSTRY OPERATIONS; AND RATIFYING ACTIONS OF THE DIRECTOR OF PRIORITIES OF THE OFFICE OF PRODUCTION MANAGEMENT

Pursuant to the authority vested in me by Executive Order No. 9024 [1] of January 16, 1942 and Executive Order No. 9040, [2] of January 24, 1942, the following Regulation is hereby issued:

(a) (1) The Director of the Division of Industry Operations, who shall be known as the Director of Industry Operations, shall perform the functions and exercise all the powers, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940 (Public No. 671, 76th Cong.; 54 Stat. 676) as amended by the Act of May 31, 1941 (Public No. 89, 77th Cong.; 55 Stat. 236), except the power to ration products at the retail level conferred upon the Office of Price Administration by Directive No. 1 of the Chairman of the War Production Board, issued January 26, 1942.

(2) The Director of Industry Operations shall review, clear and approve for execution all requests or proposals originating from other Federal agencies, private industry, or other sources for priority action with respect to the procurement, production, transmission or transportation of materials, articles, power, fuel and other commodities; issue or provide for the issuance of all priority orders, warrants, certificates or ratings with respect to the supply, production, transmission, or transportation of materials, articles, power, fuel, and other commodities; and, with reference to specific priority authorities vested by law in established departments and agencies of the Government, certify to such departments and agencies, when he deems such action necessary to the most effective prosecution of war procurement and production, that preferential treatment is essential for certain materials, commodities, facilities or services.

(3) The Director of Industry Operations shall, in consultation with the United States Maritime Commission, determine when, to what extent, and in what manner, priorities shall be accorded to deliveries of material as provided in section 2 (a) (3) of Public No. 46, 77th Congress, First Session, entitled "An Act to Make Emergency Provision for Certain Activities of the United States Maritime Commission, and for Other Purposes", approved May 2, 1941. Deliveries of material shall take priority as provided in said Act in accordance with such determinations and the orders issued in pursuance thereof by the Director of Industry Operations.

(b) The Director of Industry Operations may exercise the powers, authority and discretion conferred upon him by this regulation through such officers of the Division of Industry Operations, and such other officials of the government (including the contracting and procurement officers and inspectors of the War and Navy Departments), and in such manner as he may determine.

(c) All existing rules, regulations, orders, directions, certificates and other actions of the Director of Priorities of the Office of Production Management are hereby ratified and confirmed and shall remain in full force and effect until they expire by their terms or are revoked or amended. (E.O. 9024, Jan. 16, 1942, 7 F.R. 329, E.O. 9040, Jan. 24, 1942, 7 F.R. 527; Sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 902—REGULATIONS UNDER REQUISITIONING ACTS [1]

Amending and Ratifying Regulations Under the Requisitioning Acts Approved by the Supply Priorities and Allocations Board December 8, 1941, and Delegating Certain Power Thereunder

Pursuant to the authority vested in me by Executive Order No. 9024 [1] of January 16, 1942 and Executive Order No. 9040 [2] of January 24, 1942, the following Regulation is hereby issued:

(a) (1) The Regulations under Requisitioning Acts approved by the Supply Priorities and Allocations Board, December 8, 1941, are hereby amended as follows:

(i) Wherever "Office of Production Management" appears in said Regulations, "Chairman of the War Production Board" shall be substituted.

(ii) Wherever "General Counsel of the Supply Priorities and Allocations Board" appears in said Regulations, "General Counsel of the War Production Board" shall be substituted.

(2) Said Regulations, as amended by subparagraph (1) of this paragraph are hereby confirmed and continued in effect.

(3) In accordance with paragraph (f) of § 1600.1 of said Regulations, the Director of Industry Operations is hereby authorized and directed to exercise the powers, duties and discretion vested in the Chairman of the War Production Board by said Regulations, as amended by subparagraph (1) of this paragraph.

(b) The Director of Industry Operations may exercise the powers, authority and discretion conferred upon him by this regulation through such officers of the Division of Industry Operations, and such other officials of the government (including the contracting and procurement officers and inspectors of the War and Navy Departments), and in such

[Directive No. 1]

DELEGATION OF AUTHORITY TO THE OFFICE OF PRICE ADMINISTRATION WITH RESPECT TO RATIONING

Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, and Executive Order No. 9040 of January 24, 1942, and in order to delegate to the Office of Price Administration authority to provide for the equitable rationing of products at the retail level, it is hereby ordered that:

(a) The Office of Price Administration is authorized and directed to perform the functions and exercise the power, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940 (Pub. No. 671, 76th Cong., 54 Stat. 676) as amended by the Act of May 31, 1941 (Pub. No. 89, 77th Cong., 55 Stat. 236) with respect to the exercise of rationing control over (1) the sale, transfer or other disposition of products by any person who sells at retail to any person, and (2) the sale, transfer or other disposition of products by any person to an ultimate consumer. The term "ultimate consumer," as used by this Directive, means a person acquiring products for the satisfaction of personal needs as distinguished from one acquiring products for industrial or other business purposes. The term "person", as used in this Directive, includes an individual, partnership, association, business trust, corporation or any organized group of persons, whether incorporated or not: *Provided*, That in no event shall this paragraph (a) be deemed to authorize the Office of Price Administration to control the acquisition of products by or for the account of any of the following:

(1) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics and the Office of Scientific Research and Development; or

(2) Government agencies or other persons acquiring such products for export to and consumption or use in any foreign country.

(b) The authority of the Office of Price Administration under this Directive shall include the power to regulate or prohibit the sale, transfer or other disposition of products to any retailer who has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration hereunder, and shall include the power to regulate or prohibit the sale, transfer or other disposition of products to any wholesaler or other supplier of any retailer, directly or indirectly, if such wholesaler or other supplier has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration hereunder. The Office of Price Administration is likewise authorized to require such reports and the keeping of such records, and to make such investigations, as it may deem necessary or appropriate for the administration of the rationing powers conferred herein; and it may take such measures as it may deem necessary or appropriate for the enforcement of any rationing regulation or order prescribed by it pursuant to this Directive.

(c) The Office of Price Administration may exercise the power, authority and discretion conferred upon it by this Directive through such officials, including part time and uncompensated special agents, and in such manner as it may determine.

(d) The Chairman of the War Production Board will, on request of the Office of Price Administration, advise the Office of Price Administration as to the portion of existing products available for rationing by the Office of Price Administration under this Directive.

(e) The Chairman of the War Production Board may from time to time delegate to the Office of Price Administration such additional powers with respect to the exercise of rationing control, or amend the delegation herein in such manner and to such extent, as he may determine to be necessary or appropriate.

(f) Nothing herein shall be construed to limit or modify any order heretofore issued by the Director of Priorities of the Office of Production Management, nor to delegate to the Office of Price Administration the power to extend, amend or modify any such order. (E.O. 9024, Jan. 16, 1942, 7 F.R. 329, E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Public, No. 671, 76th Congress, Third Session, as amended by Public, No. 89, 77th Congress, First Session)

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

Priorities Regulation No. 4—To Validate Certain Forms of Preference Rating Certificates

The following Regulation is issued by the Director of Industry Operations to promote the war effort of the United States and for the purpose of facilitating the functioning of the Division of Industry Operations.

§ 944.24 *Priorities Regulation No. 4—(a) Certain forms of preference rating certificate validated.* All preference rating certificates which have been or which may hereafter be duly issued over the facsimile signature of Donald M. Nelson as Director of Priorities are valid and shall continue valid in effect until termination or expiration by the terms thereof or by the circumstances or conditions of their application, or until hereafter cancelled, modified, changed, or amended by the Director of Industry Operations.

(b) *Effective date.* This Regulation shall take effect at once. (W.P.B. Reg. 1, Jan. 26, 1942, E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. No. 671, 76th Congress, Third Session, as amended by Pub. No. 89, 77th Congress, First Session)

TITLE 43—PUBLIC LANDS: INTERIOR

CHAPTER I—GENERAL LAND OFFICE

[Circular No. 1502]

PART 185—GENERAL MINING REGULATIONS

SUBPART C—AREAS SUBJECT TO SPECIAL LAWS

Regulations to Permit Mining Within the Organ Pipe Cactus National Monument in Arizona

JANUARY 20, 1942.

§ 185.33h *Statutory authority.* By the Act of Congress approved October 27, 1941 (Public Law 281—77th Congress), all mineral deposits of the classes and kinds then subject to location, entry and patent under the United States mining laws within the Organ Pipe Cactus National Monument in Arizona, were made, exclusive of the land containing them, subject to disposal under such laws, with right of occupation and use of so much of the surface of the land as may be required for all purposes reasonably incident to the mining or removal of the minerals and under such general regulations as may be prescribed by the Secretary of the Interior.*

*§§ 185.33h to 185.33o, inclusive, issued under the authority contained in Public Law 281, 77th Congress, Oct. 27, 1941.

§ 185.33i *Mining locations.* The lands within the Organ Pipe Cactus National Monument as established by Proclamation No. 2232 dated April 13, 1937 (50 Stat. 1827), are open to prospecting for the kinds of mineral subject to location under the United States mining laws and upon discovery of any such mineral, locations may be made in accordance with the provisions of the mining laws and regulations thereunder. Such locations duly made will carry all the rights and incidents of mining locations, except that they will give to the locator no title to the land within their boundaries, or claim thereto, except the right to occupy and use so much of the surface of the land as required for all purposes reasonably necessary to mine and remove the minerals.*

§ 185.33j *Occupation and use of surface.* Occupation and use of the surface of a mining claim is restricted by the Act to such as is reasonably incident to the exploration, development and extraction of the minerals in the claim. Accordingly, any locator or patentee of a mining claim located under this Act will be entitled to such right. Prospectors and miners shall at all times conform to any rules now prescribed or which may be made applicable by the Secretary of the Interior to this monument. Special attention is directed to those regulations prohibiting hunting, trapping, and the carrying of firearms within the boundaries of the monument.*

CROSS REFERENCE: For regulations of the Secretary of the Interior affecting this monument, see 36 CFR, Chapter 1, Part 2 (FEDERAL REGISTER, March 26, 1941, Vol. 6, pp. 1626-1634).

§ 185.33k *Termination of right to use of surface of mining claims.* The right of occupation and use of the surface of the land embraced in the boundaries of a location, entry or patent pursuant to this Act will terminate when the minerals are mined out or the claim is abandoned.*

§ 185.33l *Title to minerals only.* Applications for patents and final certificates issued thereon for mining claims located under the Act should be noted "Organ Pipe Cactus National Monument Lands," and all patents issued for such claims will convey title to the minerals only, and contain appropriate reference to the Act and these regulations.*

§ 185.33m *Destroying vegetation prohibited.* The locator of a mining claim within the monument area shall refrain from destroying or disturbing vegetation within the boundaries of his claim except as is necessary for the proper development thereof for mining purposes.*

§ 185.33n *Construction of trails and roads.* Prospectors or miners shall not open or construct roads or vehicle trails without first obtaining a permit from the Director of the National Park Service. Applications for such permits may be made through the officer in charge of the monument upon submitting a map or sketch showing the location of the mining property to be served and the location of the proposed road or vehicle trail. The permit may be conditioned upon the permittee maintaining the road or trail in a passable condition, satisfactory to the officer in charge, so long as it is used by the permittee or his successors.*

§ 185.33o *Lands containing certain features not subject to location.* Lands containing springs, wells, water holes, other sources of water supply, monument headquarters, and recreation areas are not subject to location.*

FRED W. JOHNSON,
Commissioner.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-185]

IN THE MATTER OF OLD BEN COAL CORPORATION, REGISTERED DISTRIBUTOR, REGISTRATION NO. 6983

NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder to determine

(a) Whether or not the Old Ben Coal Corporation, Registered Distributor, Registration No. 6983, whose address is 230 South Clark St., Chicago, Illinois, has violated any provisions of the Act, the Code, and Orders and regulations of the Division, including the Marketing Rules and Regulations, and Regulations for the Registration of Distributors, and the Distributor's Agreement (the "Agreement") dated July 21, 1939, executed and filed by the Old Ben Coal Corporation, pursuant to Order of the National Bituminous Coal Commission dated March 24, 1939, in General Docket No. 12, which was adopted as an Order of the Bituminous Coal Division on July 1, 1939;

(b) Whether or not the Old Ben Coal Corporation during the period subsequent to September 30, 1940, accepted and retained commissions as sales agent for the Hart Coal Company, a code member in District No. 9, although a certified copy of the contract of agency between the aforesaid parties was not on file with the Statistical Bureau for District No. 9, including commissions amounting to $1228.59 on approximately 9307.30 tons of coal produced at the Hart Coal Company's Moss Hill Mine, Mine Index No. 58, which were sold to the Louisville and Nashville Railroad Company for locomotive use during the period October 1, 1940, to May 31, 1941, both dates inclusive, resulting in a violation of Rule 9 (a) of Section II of the Marketing Rules and Regulations and, therefore, Paragraph (e) of its Agreement; and

(c) Whether or not the registration of Old Ben Coal Corporation should be revoked or suspended or other appropriate penalties should be imposed.

It is therefore ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether or not the aforementioned Old Ben Coal Corporation has committed violations in the respects heretofore described and whether or not the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on March 2, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at Room 705, U. S. Custom Court Building, Chicago, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Old Ben Coal Corporation and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer setting forth the position of the aforementioned Old Ben Coal Corporation with reference to the matters hereinbefore described, must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division, within twenty (20) days after date of service hereof on the Old Ben Coal Corporation; and that failure to file an answer herein within such period, unless the presiding officer shall otherwise order, shall be deemed to be an admission by Old Ben Coal Corporation of the commission of the violations hereinbefore described and a consent to the entry of an appropriate order thereon.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: January 26, 1942.

[Docket No. 1729-FD]

IN THE MATTER OF BLUE LABEL COAL COMPANY, A PARTNERSHIP, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND CANCELLING AND REVOKING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 15, alleging that Blue Label Coal Company, a code member, the defendant, wilfully violated the provisions of the Bituminous Coal Code or the rules and regulations thereunder, by allowing excess weights on coal sold to the Farrington Coal Company, Kansas City, Missouri, and praying that the Division either can-

cel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violation of the Code or the rules and regulations thereunder;

The defendant having filed an answer denying generally the allegations of the complaint;

Pursuant to a Notice of and Order for Hearing, a hearing in this matter having been held on September 11, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Kansas City, Missouri, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard, and at which the defendant appeared;

The Examiner having filed his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations, dated November 7, 1941, recommending that an order be entered revoking and cancelling the code membership of the defendant;

The defendant having filed exceptions thereto;

The undersigned having made Findings of Fact herein and having rendered an Opinion, which are filed herewith; [1]

Now, therefore, it is ordered, That the exceptions of the defendant, Blue Label Coal Company, to the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby severally overruled.

It is further ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and they hereby are, approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That the code membership of the defendant, Blue Label Coal Company, be, and it is hereby revoked and cancelled, effective 15 days from the date hereof.

It is further ordered, That prior to any reinstatement of the defendant, or any partner therein, to membership in the Code, the defendant, or any partner therein, shall pay to the United States a tax in the amount of $1,075.93, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: January 24, 1942.

IN THE MATTER OF E. P. WHITED, DEFENDANT, AND IN THE MATTER OF J. B. WHITED, DEFENDANT

ORDER APPROVING AND ADOPTING EXAMINER'S REPORT AND REVOKING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 8, complainant, alleging wilful voilation by E. P. Whited and J. B. Whited, code members in District 8, defendants, of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendants with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices For District No. 8 For Truck Shipments and with intent to violate the same and in violation thereof, sold for truck shipments, between October 1, 1940 and February 24, 1941, inclusive, coals produced at the defendants' mine (Mine Index No. 2260), in District 8, at prices lower than the effective minimum f. o. b. mine prices for such coals.

Pursuant to Orders of the Director and after notice to all interested persons, a hearing having been held in this matter on April 4, 1941, before Charles O. Fowler, a duly designated Examiner of the Division at a hearing room thereof;

All interested persons having been afforded an opportunity to be present at the hearing, to adduce evidence, cross-examine witnesses and otherwise be heard;

The Examiner having made and entered his Proposed Findings of Fact, Conclusions of Law and Recommendations in the above proceedings dated December 17, 1941, recommending that the code membership of the defendants be revoked and cancelled;

An opportunity having been afforded to the defendants to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having considered the matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director;

It is, therefore, ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, E. P. Whited, and the code membership of the defendant, J. B. Whited, be and the same are hereby revoked and cancelled, effective fifteen (15) days from the date of this Order.

It is further ordered, That, prior to any reinstatement of the defendants, E. P. Whited and J. B. Whited, or either of them, to membership in the Code, they shall pay to the United States a tax in the amount of $431.43 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: January 26, 1942.

[Docket No. A-1238]

IN THE MATTER OF THE PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR AN ORDER ESTABLISHING PRICES FOR THE SALE OF 30,000 TONS OF COAL SHIPPED BY RIVER FROM THE MINES OF SUBDISTRICT 4 OF DISTRICT 13 TO THE WILSON DAM STEAM PLANT OF THE TENNESSEE VALLEY AUTHORITY, AND FOR TEMPORARY RELIEF

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with the Bituminous Coal Division ("Division") on December 24, 1941, by the Bituminous Coal Consumers' Counsel ("Consumers' Counsel"). The petition states that the Consumers' Counsel is dissatisfied with certain coordinated minimum prices and rules and regulations contained in the price schedules for District 13; that the minimum prices now applicable to producers in Subdistrict 4 of District No. 13 (Tennessee-Georgia truck mines) are apparently applicable only for shipment by truck, whereas the minimum prices now applicable to producers in Subdistrict 3 of District No. 13 (Tennessee-Georgia rail-connected mines) similarly situated with respect to the Tennessee River, cover coal shipped by river; and that the mines in Subdistrict 4 of District 13 are located within reasonable trucking distance of the Tennessee River, a majority of them being within 30 miles of that river.

The petitioner avers that a considerable portion of the Tennessee River is now provided with one of the best navigation channels in the inland waterways system as a result of the improvements made by the Tennessee Valley Authority ("Authority"); that the Authority maintains a large steam plant for the generation of electricity at Wilson Dam, Alabama, in Market Area No. 117, which consumes approximately 1,500 tons of bituminous coal per day, and which is equipped to receive free alongside deliveries of coal; and that prior to the completion of the recent navigation improvements on the Tennessee River, the Authority purchased coal exclusively from producers operating mines in Subdistrict 1 of District 13 (Alabama rail-connected mines); and that the Authority has been purchasing up to 700 tons of coal per day for shipment by truck from producers in Subdistrict 4 of District 13 for consumption in another steam plant which it operates at Hales Bar, Tennessee, on the Tennessee River. It is further alleged that the Authority has recently purchased and consumed 1000 tons of Subdistricts 3 and 4 coals in its Wilson Dam plant in a successful test of their burning qualities. The petitioner contends that the Authority has found the coal produced by Subdistricts 3 and 4 (Tennessee-Georgia rail and truck) mines to be of equal or better quality than the coals produced by the rail-connected mines in Subdistrict 1 (Alabama), and believes that such coals will give satisfactory service at its plant at Wilson Dam.

The petitioner further states that the Authority desires to arrange for barge transportation of 30,000 tons of coal from South Pittsburg, Tennessee, and other points on the Tennessee River accessible by truck from the mines of Subdistrict 4, to Wilson Dam, for the purpose of determining feasability of regular purchases of coal from Subdistrict 4 mines for barge delivery to its Wilson Dam plant. According to the petition, the Authority is willing to pay the minimum f. o. b. mine prices now applicable for shipment by truck for this movement of coal, plus the costs of transportation from the mine tipple to the Wilson Dam steam plant.

An informal conference, upon notice to interested parties, was held on January 8, 1942, pursuant to the Rules and Regulations Governing Practice and Procedure in section 4 II (d) proceedings, for the purpose of affording interested parties the opportunity of expressing their views concerning the temporary relief prayed for.

Represented at the conference in support of the requested relief were Consumers' Counsel; Blaine Buchanan, appearing for certain producers in Subdistrict 4 of District 13; and the Tennessee Valley Authority. Parties at the conference opposing the requested relief were: District Board 7; District Board 13; W. H. Saddler, appearing on behalf of certain companies in District 13; H. McDermott, appearing for the Stith Coal Company; B. G. Jordan, appearing for the A B C Coal and Coke Company; James C. Stephenson, appearing for the Cane Creek Mining Company and the National Coal and Coke Company; J. M. Chapman, appearing for the Chapman Coal Sales Company; A. W. Vogtle, appearing for the DeBardeleben Coal Corporation; and J. H. Moore, appearing for the Brookside-Pratt Mining Company, all code members in Subdistrict 1 of District 13 or their sales agents.

Representations made at the informal conference disclose the following information:

The Tennessee Valley Authority, an instrumentality of the United States, operates a number of hydro plants generating electricity. Its system of transmission lines runs throughout the State of Tennessee as well as through parts of four other southeastern states. As auxiliary to the hydro plants, this agency also operates six steam plants, one of which is located at the Wilson Dam on the Tennessee River (Sheffield, Alabama, Market Area No. 117). At present, the generating plants at Wilson Dam are a source of power for essential defense industries. Due to an unprecedented demand for power, the steam generating facilities at Wilson Dam have been operating at maximum capacity.

All the requirements of coal for the steam plant at Wilson Dam are now supplied by producers in the Alabama field (Subdistrict 1) of District 13, pursuant to formal agreements between the Authority and the producers or their sales representatives.[2] The coal supplied from the Alabama field is chiefly washed screenings, with some run of mine. It delivers at Wilson Dam at approximately $3.98 or $4.00 per ton.

There seems to be no doubt that the present Alabama producers can supply the maximum coal needs of the Authority at the steam plant at Wilson Dam and the nitrate plant nearby. However, representatives of the Authority contend that the steam plant here should have available an alternative supply in the event there is an interruption in shipments from the Alabama field. Though the factors they cited as giving rise to the fear that there might be a cessation in shipments from the Alabama fields seem remote, representatives of the Authority stressed the necessity of being prepared for any and all eventualities in these times of national emergency. Further, it is contended that, pursuant to congressional direction, the Authority has improved the Tennessee River for navigation purposes. The mines of Subdistrict No. 4 have access to the developed part of this waterway at South Pittsburg, Tennessee, where the Authority proposes to provide loading facilities for barge shipment of coal to the steam plant at Wilson Dam in the event that the requested relief is granted.[3]

It was contended that a large group of mines in the Whitwell Area of Subdistrict 4 could truck coal to the river at South Pittsburg, where the coal could be loaded on barges for shipment to Wilson Dam. These barges would be unloaded just above Wilson Dam by a derrick now owned and operated by the Authority; the coal then would be transferred to railroad cars for switching over their own lines for a distance of about two miles to the steam plant. On the ground that the Authority is obligated to secure its coal requirements at the lowest possible cost, its representatives stated that the purpose of the proposed movement of 30,000 tons, as set forth in the petition, was to determine whether sufficient savings could be obtained by the purchase of coal from Subdistrict 4 to warrant more extensive movement of such coals in the future. According to the petition, the Authority is willing to pay the f. o. b. mine prices now applicable for shipment by truck for this movement and to assume all the costs of transporting this coal from the mine tipple to the steam plant at Wilson Dam.

While the Alabama suppliers are now furnishing in most cases, washed screenings, the truck mines of Subdistrict 4 would supply mine run coal for this movement. The f. o. b. mine price for this coal for truck shipment is now $2.35 per ton. The truck mines from whom the Authority desires to purchase this coal are located in the area of approximately 30 miles from the proposed loading point at South Pittsburg. Most of this coal is likely to come from mines located at an average distance of 22 to 25 miles from South Pittsburg.

It is estimated that average trucking charge or expense for trucking coal from these truck mines to South Pittsburg would be about 60 cents.[4] To these charges must be added an estimated 10 cents per ton loading charge, a barge rate of 60 cents per ton and a lifting cost of 15 cents per ton at Wilson Dam.

Strong contentions are made against the advisability of this proposed relief, by the Alabama producers, District Boards 7 and 13.[5] It was contended that there never has been any failure on the part of these producers to meet all the coal requirements of the Tennessee Valley Authority at Wilson Dam; that the Authority has never required the maximum amounts stipulated in its agreements with the producers; and that a full time operation of the steam plant throughout the remainder of the contract period would not exhaust the maximum requirements under the contracts. In view of the recent new wage contract with the miners in Alabama, it was urged that it is not likely that there would be a stoppage of work due to labor trouble; for various reasons, it was also argued that an interruption of transportation due to car shortage, strikes or sabotage was unlikely. Finally, the argument was made that the truck coals of Subdistrict 4 have not been coordinated with the coals of the Alabama field.

The foregoing representations were considerably amplified in the course of the informal conference.

The Acting Director has carefully considered the conflicting contentions here advanced. The situation seems to be that the Tennessee Valley Authority, owing to the wartime demand on its facilities, believes itself to be in need of an alternative source of supply in order to ensure a continuing supply of coal. This supply it seeks from an area from which it has not previously purchased coal. The undersigned is not able to conclude that there is any objection to this so long as the prices established for such coal do not give it a competitive

---

[2] These agreements are on file with the Division and the undersigned has been requested to take notice of their provisions. A great deal was said about their probable legal effect during the course of the conference. The Counsel for certain Alabama producers, in an informal brief submitted to the undersigned, endeavors to substantiate his contentions at the conference that these writings obligated the Authority to buy all its coal requirements for the Wilson Dam steam plant from the Alabama suppliers. I find it unnecessary to attempt to interpret these agreements in passing upon the merits of the proposal for prices of the coals of Subdistrict 4 for movement into Market Area 117. Their interpretation and legal effect is entirely a matter for the parties to the agreements.

[3] At present certain mines in the Tennessee-Georgia field, like those in the central Alabama field, have rail prices for shipments to Sheffield, Alabama. However, these prices result in a delivered price at Wilson Dam in excess of $4 per ton.

[4] This trucking charge or expense may be sufficient to include a weighing charge of 10 cents for each truck load.

[5] The coals of District 7 are not involved in this proceeding. District Board 7 objected to the requested relief principally on the ground that it might serve as a precedent for similar relief elsewhere.

advantage over other coal now moving to the Authority. As has been pointed out the price of central Alabama coal delivered to the Authority at Wilson Dam is from $3.98 to $4.00 per ton. The charges incident to moving coal from the loading point at South Pittsburg, Tennessee, in Subdistrict 4, to Wilson Dam include a charge of 60 cents per ton for river transportation and 15 cents per ton for lifting. These charges amount to 75 cents per ton. Therefore, if the Authority is required to pay $3.25 per ton for the coal f. o. b. the barges at South Pittsburg, the coal from Subdistrict 4 will reach it at a delivered price of $4.00, which is the same delivered price at which it receives coal from the central Alabama fields.[6] Under such circumstances it cannot be said that the central Alabama producers will be unduly prejudiced. The Acting Director therefore finds and concludes that a reasonable showing has been made of the necessity for granting temporary relief here.

The relief granted will be limited as requested to June 30, 1942, unless otherwise ordered. And jurisdiction will be reserved to enter such further order or orders affecting this movement of coal as is found to be necessary.[6] The order will set a base price of $3.25 per ton f. o. b. the barge. This base price will be subject to an adjustment in the event a producer sells the coal for such shipment f. o. b. the mine and the coal is trucked to the loading facilities at South Pittsburg by an independent trucker. In such case the f. o. b. mine price will be adjusted so that such price plus the actual cost of transportation to the loading facilities will be not less than $3.25 per ton.[7]

Now therefore it is ordered, That temporary relief pending final disposition of this proceeding is hereby granted by adding to the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipments (at p. 24 thereof; Subdistricts 3 and 4 Subsections) the following Price Exception:

Any code member producer whose mine is located in Subdistrict 4 and which mine is located within a radius of 30 miles of river loading facilities at South Pittsburg, Tennessee, may ship by truck run-of-mine (Size Group 7) coal from such mine to river loading facilities at South Pittsburg, Tennessee, for shipment by river to Market Area 117 at a minimum price of not less than $3.25 per net ton loaded into barges;

Provided, however, That when such producers sell or transport such coal for transportation to the South Pittsburg loading facilities by an independent trucker, they may if the actual transportation costs exceed 60 cents per net ton reduce the effective minimum price of $3.25 by an amount no greater than the excess of such costs over said 60 cents; and they shall, if the actual transportation costs are less than 60 cents per net ton for such shipment, add to the effective minimum f. o. b. price of $3.25, an amount not less than the difference between said 60 cents and their actual costs;

Provided further, That the relief herein granted shall apply only to coal shipped subsequent to the date hereof; and

Provided further, That the effectiveness of this price exception will expire on June 30, 1942, unless otherwise ordered.

And it is further ordered, That jurisdiction is reserved to enter such further order or orders as is found necessary in the premises.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed pursuant to the applicable rules and regulations.

Nothing contained herein shall be deemed to constitute a ruling or expression of the Acting Director's views concerning the final disposition of this proceeding or the nature of the relief which may hereafter be granted.

Dated: January 24, 1942.

[Docket No. 1508-FD]

IN THE MATTER OF THE APPLICATION OF INDIANA COALS CORPORATION FOR PROVISIONAL APPROVAL AS A MARKETING AGENCY

MEMORANDUM OPINION AND ORDER

By an Order of May 27, 1941, the Director, pursuant to and in accordance with Section 12 of the Bituminous Coal Act of 1937, provisionally approved Indiana Coals Corporation, the applicant, as a "marketing agency." On January 16, 1942, the applicant filed a motion for leave to amend its Producer and Sub-Agent contracts as set forth below and for leave to enter into contracts with Princeton Mining Company and Black Hawk Coal Corporation, code members in District 11.

The applicant seeks leave to amend Clause Ninth (b) and (c) of its Producer contracts, in order to reduce the commission charges to 2½ mills per ton and to permit an allowance of discounts to registered farmers' cooperative organizations, so as to read as follows:

Ninth: (b) Where the producer appoints a sub-agent for the sale of its coal, the commission to the Selling Agent shall be ------ Per Cent (------%) to the Sub-Agent and such amount not exceeding One Cent (1¢) per ton to the Selling Agent as may be fixed from time to time by agreement between the Selling Agent and the Producer. Until changed by subsequent agreement, the commission to Selling Agent shall be two and one-half (2½) mills per ton.

(c) Where the coal is sold through registered distributors or registered farmers' co-operative organizations at the discounts authorized by the Selling Agent to such distributors or organizations, the commission shall be not in excess of ----- Per Cent (------%) to the Sub-Agent and such amount not exceeding one cent (1¢) per ton to the Selling Agent as may be fixed from time to time by agreement between the Selling Agent and the Producer. Until changed by subsequent agreement, the commission to Selling Agent shall be two and one-half (2½) mills per ton.

The applicant further seeks leave to amend Clause Nineteenth of its Producer contracts, so as to read as follows:

Nineteenth: This agreement shall become effective ----------, 1942. This agreement shall continue in force until March 24, 1942, and unless notice of cancellation is given on or before ----------, 1942, this agreement shall continue in force for succeeding one year periods, unless either party gives written notice sixty (60) days previous to ---------- of any year of its intention of cancellation.

The applicant further seeks to amend section Six (b) of its Sub-Agency contracts, in order to permit the allowance of discounts to registered farmers' co-operatives, to as to read as follows:

Section Six: (b) Where coal is sold through registered distributors or registered farmers' co-operatives at the discounts authorized by the Selling Agent to such distributors or organizations, the commission shall be ------ Per Cent (------%), and in no case in excess of ------ Per Cent (------%), based on the f. o. b. mine price after deducting such discounts and allowances properly chargeable to the Selling Agent or Producer as hereinbefore provided.

On January 23, 1942, the Bituminous Coal Consumers' Counsel filed a Statement concerning the applicant's motion of January 16. In this Statement the Consumers' Counsel represents that the proposed amendments to Clause Ninth (c) of the applicant's Producer contracts and Section Six (b) of its Sub-Agency contracts substitute for the word "wholesalers", presently appearing in said clauses, the words "registered distributors or registered farmers' cooperative organizations." The Consumers' Counsel claims that these amendments do not clearly conform said contracts to condition numbered 3 of the Order Granting Provisional Approval herein dated May 27, 1941. That condition provides that "The form of sub-agency contract submitted for approval should be modified so as to permit sales by sub-agents to registered farmers' cooperative organizations and to permit such sub-agents to allow such organizations the same discounts which are permitted to be allowed on sales to registered distributors."

The undersigned has considered the proposed amendments in the light of the Statement by the Consumers' Counsel and is of the opinion that the amendments to Clause Ninth (c) of the Producer contracts and section Six (b) of the Sub-Agency contracts as proposed by the applicant do comply with the Order Granting Provisional Approval dated May 27, 1941, and that the contract as so amended will permit sales to registered farmers' cooperative organizations and will permit the allowance to such organizations of the same discounts as are permitted to be allowed on sales to registered distributors.

With respect to the applicant's request that it be permitted to enter into contracts with Princeton Mining Company and Black Hawk Coal Corporation, the applicant sets forth that these two producers operate rail shipping mines in District 11; that they produce coal in the 5th seam and not Brazil Block coal; that the addition of these two producers will not bring the tonnage covered by the applicant's Producer contracts beyond 80 percent of the estimated annual production of District 11 and will not change the status of the applicant with respect to General Order No. 6; and that entering into contracts with said producers will not tend to restrict coal in interstate commerce or cause the public to receive coal at unreasonable prices.

The undersigned has considered the applicant's motion for leave to amend the Producers' and Sub-Agents' contracts and for leave to enter into contracts with additional producers and the Statement of the Consumers' Counsel concerning said motion and finds that said motion should be granted.

Now, therefore, it is ordered, That Clause Ninth (b) and (c) and Clause Nineteenth of the contracts between producers and the applicant and Section Six (b) of the Sub-Agency contracts entered into by applicant be, and they hereby are, amended to read as is set forth above.

It is furthered ordered, That applicant may enter into Producer contracts with Princeton Mining Company and Black Hawk Coal Coporation.

Dated: January 26, 1942.

IN THE MATTER OF RAWALT COAL COMPANY, A CORPORATION, DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint having been filed on May 7, 1941, by the Bituminous Coal Producers Board for District No. 10, as complainant pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by the Rawalt Coal Company, defendant in the above-entitled matter, of the Act, the Bituminous Coal Code (the "Code") and the effective minimum prices established thereunder, by selling during the period February 6 to February 21, 1941, approximately 864 tons of coal at prices less than the effective minimum prices therefor; and

A hearing in this matter having been held on October 2, 1941, at Peoria, Illinois, before a duly designated examiner of the Division, and the complaint having been amended at said hearing, and the defendant at said hearing having made certain offers and admissions in respect to the amended complaint and having confirmed the same by agreement dated December 20, 1941, the original of which is on file with the Division; and

An order having been entered herein on December 9, 1941, cancelling and revoking the code membership of the Rawalt Coal Company effective ten (10) days from the date of service thereof upon the defendant; and

Said Order of Cancellation and Revocation having been duly served January 12, 1942, upon the Rawalt Coal Company; and

The Rawalt Coal Company having filed with the Division its application dated January 13, 1942, for restoration of its code membership, to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that the Rawalt Coal Company has paid to the Collector of Internal Revenue at Peoria, Illinois, on January 13, 1942, the sum of $1,317.14 pursuant to said Order dated January 5, 1942, as a condition precedent to restoration of its code membership.

Now, therefore, it is ordered, That said application of the Rawalt Coal Company dated January 13, 1942, for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of code membership be, and the same hereby is granted.

It is further ordered, That said restoration of the code membership of the Rawalt Coal Company shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

IN THE MATTER OF SMITH & LAMBERT, A PARTNERSHIP, DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint having been filed on July 25, 1941, by the Bituminous Coal Producers Board for District No. 3, as complainant, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by Smith and Lambert, a partnership, composed of Harry B. Smith and Gus J. Lambert, Defendant in the above-entitled matter, of the Act, the Bituminous Coal Code (the "Code") and the effective minimum prices established thereunder by selling a substantial tonnage of bituminous coal produced at its Taylor (Cover) Mine (Mine Index No. 841) during the period subsequent to October 1, 1940, at prices less than the effective minimum prices established therefor; and

An Order having been made herein on December 31, 1941, cancelling and revoking the code membership of Smith and Lambert, a partnership, effective fifteen (15) days from the date thereof; and

Said order of cancellation and revocation having been duly served on January 9, 1942, upon Smith and Lambert, a partnership; and

Smith and Lambert having filed with the Division its application dated January 16, 1942, for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that Smith and Lambert, a partnership, has paid to the Collector of Internal Revenue at Parkersburg, West Virginia, on January 13, 1942, the sum of $68.02, pursuant to said Order dated December 31, 1941, as a condition precedent to the restoration of its code membership.

Now, therefore, it is ordered, That said application of Smith and Lambert, a partnership, dated January 16, 1942, for restoration of its code membership be, and the same hereby is, granted.

It is further ordered, That said restoration of the code membership of Smith and Lambert, a partnership, be effective as of the effective date of said cancellation and revocation of code membership.

FEDERAL TRADE COMMISSION.

[Docket No. 4673]

IN THE MATTER OF THE CURTISS CANDY COMPANY, A CORPORATION

COMPLAINT AND NOTICE OF HEARING, ETC.

The Federal Trade Commission having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, section 13), and section 3 of the Clayton Act (U.S.C. Title 15, section 14), hereby issues its complaint, stating its charges with respect thereto as follows:

Count I

PARAGRAPH ONE. Respondent, The Curtiss Candy Company, is a corporation organized and existing under and by virtue of the laws of the State of Illinois, and has its office and principal place of business located in the Curtiss Building, 622 Diversey Parkway, Chicago, Illinois.

PAR. TWO. Respondent is now, and has been since June 19, 1936, engaged in the business of manufacturing, distributing and selling confectionery products, principally candy bars sold in wrappers bearing the names Baby Ruth, Butterfinger, Jolly Jack, Ko Ko Nut Roll, Curtiss Butter Toffey, Moon Spoon, and Nickaloaf for resale within the various states of the United States and in the District of Columbia. In the course and conduct of its said business respondent sells the aforesaid confections to purchasers located in the City of Chicago and in the various states of the United States and causes substantial quantities of said confections when sold to be shipped and transported from its place of business in the State of Illinois across state lines to the respective purchasers thereof in each of the several states of the United States and in the District of Columbia. Pursuant to an agreement between respondent and Automatic Canteen Company of America, large quantities of such confections have been and are being delivered to Automatic Canteen Company of America in Chicago, Illinois, intended to be, and which are, distributed by Automatic Canteen Company of America throughout the United States.

PAR. THREE. Respondent, in the course and conduct of its business, as aforesaid, is now and since June 19, 1936, has been, competitively engaged with other persons, firms and corporations who similarly manufacture, distribute and sell candy and confectionery products. Respondent, which was organized in 1923, has, however, grown until its distribution of such products is larger than any one of its competitors and the volume of its advertising is almost equal to all of its competitors.

PAR. FOUR. Among those purchasers to whom respondent sells large quantities of candy bars are some who dispose of the candy bars which they buy from respondent through the medium of vending machines. Such machines are located largely in moving picture houses and in factories. Today one such customer, Automatic Canteen Company of America, owns approximately one hundred thousand such candy vending machines, which in one year vend in excess of two hundred million candy bars, of which number several million are bars manufactured by respondent. Such candy vending machine distributors are generally competitively engaged in commerce with each other in efforts to obtain locations for these machines and in the distribution of goods sold to each by respondent. Competition for locations between these distributors is intense and the locations are generally obtained by those whose rental bid for space is the highest, although frequently efforts by highly paid pressure salesmen have been an important factor.

PAR. FIVE. In the course and conduct of its said business, the respondent, since June 19, 1936, has sold candy bars of like grade, quality and weight at the same time to vending machine distributors located in the same trade areas at different prices. To illustrate: some customers, such as Automatic Sales Company, were sold such bars in 60 count packages at a price of $1.35 delivered; other customers, such as Confection Cabinet Company, have purchased from respondent such 60 count packages at a price of $1.20 delivered. Automatic Canteen Company has sold such bars in 100 count packages at a price of $1.96, f. o. b. Chicago.

PAR. SIX. In many factories and plants in which vending machines dispense goods purchased from respondent are also located restaurants and candy counters distributing like candy and operated by competitors of the vending machine operators. In the course and conduct of its said business, since June 19, 1936, and while selling candy bars to the purchasers mentioned in Paragraph Five and at the prices set forth therein, the respondent sold in the same trade areas goods of like grade, quality and weight at a price of 24 bars for 64¢ to jobbers supplying candy vending machine operators and other retailers competitive with such favored candy vending machine operators as those mentioned in Paragraph Five:

PAR. SEVEN. In the course and conduct of its said business the respondent, since June 19, 1936, has discriminated in price by granting rebates, bonuses, or discounts dependent upon the quantities of candy bars purchased in specified size shipments within specified periods of time. To illustrate: In 1939 on two shipments of 100 boxes of candy each to the same buyer, a 2¢ per box rebate was granted on the second shipment; similarly, if the shipments contain 250 boxes each, a 3¢ per box rebate is granted; if the shipments contain 500 boxes each, a 4¢ per box rebate is granted; if the shipments contain 1,000 boxes each, a 5¢ per box rebate is granted on the second shipment.

PAR. EIGHT. In the course and conduct of its said business, the respondent, since June 19, 1936, has frequently discriminated in price in connection with the sale of its various candy bars through the use of so-called "deals" available to some but not all purchasers. Such deals have been variously designated, a few of which were designated as two for one, three for two and one-half, and Fall Plans. At times and in some local areas the respondent, since June 19, 1936, has sold, for instance, one Baby Ruth carton with one Butterfinger carton both for 85¢, and a deal whereby one 24-count package of Baby Ruth candy, one package containing 16 Butterfinger bars and 8 Jolly Jack bars, and an additional small box containing 5 bars of Baby Ruth candy was billed at a price of $1.28 per deal.

PAR. NINE. The effect of the discriminations in price alleged in Paragraphs Five, Six, Seven and Eight has been and may be substantially to lessen competition in the line of commerce in which respondent is engaged and to injure competition with respondent and with such customers of respondent who receive the benefit of such discriminations.

Such discriminations in price by respondent between different purchasers or

commodities of like grade and quality in interstate commerce in the manner and form aforesaid is in violation of the provisions of subsection (a) of section 2 of the Act described in the preamble hereof.

Count II.

PARAGRAPH ONE. Paragraphs One, Two and Three of Count I are hereby adopted and made a part of this Count as fully as if herein set out verbatim.

PAR. TWO. In the course and conduct of its business in commerce, respondent since June 19, 1936, has secretly paid and contracted to pay sums of money to some of its customers as compensation and in consideration for promotional services and facilities furnished by such customers in connection with the sale and offering for sale of candy bars manufactured and sold by it to such customers while such payments were not available on proportional terms and on any terms to all competing customers selling such goods. To illustrate:

(a) A number of its largest customers, such as Walgreen Drug Company, Cunningham Drug Stores, Inc., Liggett Drug Company, Kats Drug Company, Peoples Drug Stores, and United Cigar Whelan Stores, were paid an amount calculated at 5% of the dollar volume of such customers' purchases, while customers competitive with those mentioned and others receiving such 5% were not advised of or allowed such payments as compensation for promotional services.

(b) Cunningham Drug Stores, Inc., Detroit, Michigan, received from respondent the following promotional allowances not made available to its competitors:

During 1936:	
Billboards	$1,000.00
Special dinner for store managers	150.00
Demonstrator salaries	30.00
Soda fountain newspaper campaign	300.00
During 1939:	
Soda fountain newspaper campaign	700.00
Golden anniversary allowance	1,000.00

PAR. THREE. The aforesaid acts of respondent are in violation of subsection (d) of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U. S. C. Title 15, Section 13).

Count III

PARAGRAPH ONE. Paragraphs One, Two and Three of Count I are hereby adopted and made a part of this Count as fully as if herein set out verbatim.

PAR. TWO. In the course and conduct of its business in commerce, respondent since June 19, 1936, has secretly contracted to furnish and has furnished to some purchasers advertising and promotional services or facilities connected with the sale and offering for sale of respondent's candy bars upon terms not accorded to all purchasers on proportionally equal terms. To illustrate: respondent has paid and is paying the sum of $470.00 each 28-day period to the Independent Grocers Alliance of America as compensation for services which it renders to Independent Grocers Alliance jobber members in promoting the resale of respondent's goods purchased by such jobber members from respondent. Such promotion is by means of suggestive handbills, window posters, store displays and other promotional methods in the retail stores sponsored by the Independent Grocers Alliance jobbers.

PAR. THREE. The above-described acts and practices of respondent are in violation of sub-section (e) of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, Section 13).

Count IV

The Federal Trade Commission, having reason to believe that said respondent, The Curtiss Candy Company, has violated, and is now violating, the provisions of Section 3 of the Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, commonly known as the Clayton Act, hereby issues this, its complaint, against respondent and states its charges in respect thereto as follows:

PARAGRAPH ONE. Paragraphs One, Two and Three of Count I are hereby adopted and made a part of this Count as fully as if herein set out verbatim.

PAR. TWO. The respondent, in the course and conduct of its said business hereinabove described in Paragraph One, has sold and contracted to sell candy bars to various retail drug chain customers, such as Cunningham Drug Stores, Inc., and Walgreen Drug Company, for resale within the United States and the District of Columbia, and granted a discount of 5% of the dollar volume of purchases of respondent's candy bars on the agreement that the purchaser thereof shall not deal in the commodities of a competitor of respondent.

PAR. THREE. The purchasers with whom respondent agreed, as set forth in Paragraph Two, ceased to deal in the products of competitors of respondent so long as such agreements were in effect. The effect of the agreement set forth in Paragraph Two hereof may be substantially to lessen competition or tend to create a monopoly in respondent and in the purchasers with whom respondent entered into such contracts in the sale of candy bars in commerce between and among the several states of the United States and in the District of Columbia.

PAR. FOUR. The aforesaid acts of respondent constitute a violation of the provisions of Section 3 of the hereinabove mentioned Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies and for other purposes", approved October 15, 1914, and commonly known as the Clayton Act.

Wherefore, the premises considered, the Federal Trade Commission, on this 21st day of January, A. D. 1942, here issues its complaint against said respondent.

NOTICE

Notice is hereby given you, The Curtiss Candy Company, respondent herein, that the 27th day of February, A. D. 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 21st day of January, A. D. 1942.

By the Commission.

[Docket No. 4677]

IN THE MATTER OF WALTER H. JOHNSON CANDY COMPANY, A CORPORATION

COMPLAINT AND NOTICE OF HEARING, ETC.

The Federal Trade Commission having reason to believe that the party respondent named in caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U. S. C. Title 15, section 13), hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH ONE. Respondent, Walter H. Johnson Candy Company, is a corporation organized and existing under and by virtue of the laws of the State of Illinois with its office and place of business located at 341 West Superior Street, Chicago, Illinois.

PAR. TWO. Respondent is now, and has been since June 19, 1936, engaged in the business of manufacturing, distributing and selling confectionery products, principally candy bars sold in wrappers bearing the names Heavyweight Champ, Big Bonus, Power House, Brazil Fudge, and Money's Worth Fudge, which are generally sold in 24-count packages at a price of 64¢ less 2% cash discount. In the course and conduct of its said business respondent sells the aforesaid confections to purchasers located in the City of Chicago and in the various states of the United States and causes substantial quantities of said confections when sold to be shipped and transported from its place of business in the State of Illinois across state lines to the respective purchasers thereof in each of the several states of the United States and in the District of Columbia. Pursuant to an agreement between respondent and Automatic Canteen Company of America, large quantities of such confections have been and are being delivered to Automatic Canteen Company of America in Chicago, Illinois, intended to be, and which are, distributed by Automatic Canteen Company of America throughout the United States.

PAR. THREE. Respondent, in the course and conduct of its business, as aforesaid, is now, and since June 19, 1936, has been, competitively engaged with other persons, firms and corporations who similarly manufacture, distribute and sell candy and confectionery products.

PAR. FOUR. Among those purchasers to whom respondent sells large quantities of candy bars are some who dispose of the candy bars which they buy from respondent through the medium of vending machines. Such machines are located largely in moving picture houses and in factories. Today one such customer, Automatic Canteen Company of America, owns approximately one hundred thousand such candy vending machines, which in one year vend in excess of two hundred million candy bars, of which number approximately one million are bars manufactured by respondent. Such candy vending machine distributors are generally competitively engaged in commerce with each other in efforts to obtain locations for these machines and in the distribution of goods sold to each by respondent. Competition for locations between these distributors is intense and the locations are generally obtained by those whose rental bid for space is the highest, although frequently efforts by highly paid pressure salesmen have been an important factor.

PAR. FIVE. In the course and conduct of its said business, the respondent, since June 19, 1936, has sold candy bars of like grade, quality and weight at the same time to vending machine distributors located in the same trade areas at different prices. To illustrate: Customers generally who operate candy vending machines have been and are sold Heavyweight Champ bars in 100-count packages at a price of $2.50 delivered; other customers have purchased such goods at a price of $2.25 or $2.40, the customary cash discount being 2%. Automatic Canteen Company of America was sold such bars in 100-count packages at a net price of $1.99 f. o. b. Chicago, Illinois, and in addition many drop shipments were made elsewhere for such customer.

PAR. SIX. In many factories and plants in which vending machines dispense goods purchased from respondent are also located restaurants and candy counters distributing like candy and operated by competitors of the vending machine operators. In the course and conduct of its said business, since June 19, 1936, and while selling candy bars to the purchasers mentioned in Paragraph Five and at the prices set forth therein, the respondent sold in the same trade areas goods of like grade, quality and weight at a price of 24 bars for 64¢ to jobbers supplying candy vending machine operators and other retailers competitive with such favored candy vending machine operators as those mentioned in Paragraph Five.

PAR. SEVEN. The effect of the discriminations in price alleged in Paragraph Five has been and may be substantially to lessen competition in the line of commerce in which respondent is engaged and to injure competition with respondent and with such customers of respondent who receive the benefit of such discriminations.

Such discriminations in price by respondent between different purchasers of commodities of like grade and quality in interstate commerce in the manner and form aforesaid is in violation of the provisions of subsection (a) of section 2 of the Act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission, on this 22nd day of January, A. D. 1942, here issues its complaint against said respondent.

NOTICE

Notice is hereby given you, Walter H. Johnson Candy Company, respondent herein, that the 27th day of February, A. D. 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the Complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and

its official seal to be hereto affixed, at Washington, D. C., this 22nd day of January, A. D. 1942.

SECURITIES AND EXCHANGE COMMISSION.

IN THE MATTER OF R. P. CLARKE & CO., LTD., 122 FEDERAL BUILDING, 85 RICHMOND STREET, TORONTO, ONTARIO, CANADA

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of January, A. D. 1942.

R. P. Clarke & Co., Ltd., hereinafter called the registrant, being registered with the Commission as an over-the-counter broker-dealer pursuant to section 15 of the Securities Exchange Act of 1934; and

The Commission having issued an order stating that information had been reported to the Commission tending to show that Roy Percy Clarke, president of the registrant, was convicted on March 7, 1941, of divers felonies or misdemeanors involving the purchase or sale of securities or arising out of the conduct of the business of a broker or dealer, and setting a hearing on the question whether the registration of the registrant should be suspended or revoked; a hearing having been held after due notice; and the Commission having duly considered the matter and being fully advised in the premises, and having found that Roy Percy Clarke, president of the registrant, was convicted on March 7, 1941, by a duly constituted court at Kingston, in the County of Frontenac, Ontario, Canada, of violations of the Canadian Securities Act and the Canadian Criminal Code in transactions involving the purchase or sale of securities and arising out of the conduct of the business of a broker or dealer, and that revocation of the registration of the registrant is in the public interest;

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of R. P. Clarke & Co., Ltd., be, and the same hereby is, revoked.

By the Commission (Chairman Purcell, Commissioners Healy, Eicher, Pike, and Burke).

(4) Army and Navy equipment, ammunition, supplies, and materials essential to the war effort ordered for air movement by the War Department (Assistant Chief of Staff, G–4). Requests for such movements will be made upon the Air Transport Priority and Assignment Section (Office of the Assistant Chief of Staff, G–4, Department of Commerce Building, Room 5317, Telephone Executive 2460, Extension 1240).

(5) Personnel of government departments and agencies and personnel whose activities are essential to the war effort, other than military personnel, traveling on specific orders for priority travel by air which certifies such travel is necessary to the successful prosecution of the war effort.

(i) The Air Transport Industry Representative may route on any airline or any flight consistent with the required arrival at destination and availability of the passenger for departure.

(ii) Clearing of space for passengers or cargo of higher priority classifications than "other than military" may require displacement of passengers in this classification.

(iii) Use of the certificate below makes it mandatory upon air carriers to provide space for transportation stated, removing passengers and cargo if necessary.

(iv) Airline office should be contacted for reservation and to register priority as soon as possible, because priority passengers in the same classification will be carried in order of the time reservation was made and priority established, if a schedule cannot accommodate all priority requests made for it.

(v) This form must be surrendered to the air carrier on which flight originates and passenger should be required to present it in advance to establish priority classification clearly. If trip consists of several stops, carrier will stamp tickets "Priority" to insure proper handling at other cities.

(vi) This form must bear the signature of an approved executive of the issuing Federal Department or Agency. When necessary, a telegram addressed to the person requiring priority, worded as below, and signed by an approved executive will suffice, and the form will be completed by the passenger at an airline office.

§ 58.101 *Name.* The interdepartmental committee of review shall be known as the "Interdepartmental Visa Review Committee" and is referred to herein as the Review Committee.*

*§§ 58.101 to 58.136, inclusive, issued under the authority contained in 40 Stat. 559, 55 Stat. 252, 22 U.S.C. 223–226; Proc. 2523, 6 F.R. 5821; 22 C.F.R. 58.57 (c), 6 F.R. 5933.

§ 58.102 *Force and effect.* The Review Committee shall be governed by the rules and regulations now or hereafter prescribed, which shall continue in force and effect except as provided for in § 58.135.*

§ 58.103 *Composition of the Review Committee.* (a) The Review Committee shall be composed of representatives of each of the following agencies: Department of State; War Department; Federal Bureau of Investigation, Department of Justice; Immigration and Naturalization Service, Department of Justice; and Navy Department.

(b) The Review Committee shall exercise its functions through Divisions now or hereafter created, each of which shall be composed of a representative from each of the agencies mentioned in § 58.103 (a). The senior representative of the Department of State shall be chairman of the Review Committee. The representative of the Department of State shall be chairman of the Division of which he is a member. In his absence the representative of each of the other agencies shall act as chairman in the order stated in § 58.103 (a).

(c) Any of the agencies referred to in § 58.103 (a) may appoint an alternate.*

§ 58.104 *Quorum.* (a) Three members of the Review Committee shall constitute a quorum at any regular or special meeting of a Division for the purpose of conducting a hearing: *Provided,* That no final opinion shall be entered without obtaining the advisory opinion of a representative of each of the agencies designated in § 58.103 (a).

(b) In the absence of a quorum any attending member of the Review Committee may adjourn the Division.*

§ 58.105 *Secretary and assistant secretaries of the Review Committee.* (a) The secretary of the Review Committee shall be in charge of the office and shall be responsible for the conduct thereof, including the recording, calendaring, and filing of cases. The secretary shall also prepare and keep the minutes of the meetings; enter standing orders; attend to the correspondence; and have custody of the records and the seal of the Review Committee. The secretary of the Review Committee, or one of the assistant secretaries thereof as designated, may certify appropriate documents under the seal of the Review Committee.

(b) The secretary of the Review Committee, or one of the assistant secretaries thereof as assigned, shall attend the meetings and hearings of the Divisions and shall be responsible for the correspondence, records, and minutes of the Divisions; for the recording of testimony; and for the recording, calendaring, and filing of cases.*

§ 58.106 *Administration of oaths and affirmations.* The secretary of the Review Committee, an assistant secretary thereof, or a member of the Review Committee, authorized by law to administer an oath, shall administer oaths or affirmations to witnesses.*

§ 58.107 *Intermediaries.* A person having a legitimate interest in a case may act as an intermediary, but no person who has received or has been promised remuneration for his services in a particular case shall be allowed to act as an intermediary unless he is an attorney of record. The statement of an intermediary may be oral or written.*

§ 58.108 *Admission to practice.* (a) If the intermediary is an attorney at law, he shall file an application on form IVRC–1. Such application shall be considered a representation on his part that he has been admitted to the practice of law before a court of record in a state, territory, or insular possession of the United States, or in the District of Columbia; however, such attorney shall state, in his application for appearance, the name and place of any court of record before which he has been admitted to practice, and shall state whether he has ever been disbarred (see § 58.108 (b)).

(b) An attorney, while under disbarment or suspension by any court of record or by the Attorney General under the provisions of rule 28 of the Immigration Rules and Regulations of the Department of Justice (8 CFR 167.5 as revised in 6 F.R. 229), shall not be permitted to practice before the Review Committee.

(c) The Review Committee may suspend an attorney for misconduct during the course of, or in connection with, any proceeding before the Review Committee: *Provided,* That an early opportunity for a hearing shall be afforded.*

§ 58.109 *Substitution or withdrawal of attorneys: Application for appearance.* (a) An attorney of record appearing in a case before the Review Committee, who desires to withdraw, must give prompt notice of his intended withdrawal to the Review Committee and to his client, stating to the Review Committee the reasons for such withdrawal.

(b) When an attorney of record has withdrawn, an attorney subsequently appearing shall immediately file an application for appearance on form IVRC–1.*

§ 58.110 *Personal representation permitted.* Any alien within the United States, or a citizen thereof, whether or not the citizen is in the United States, may appear in person before the Review Committee if he has a legitimate interest in a case.*

§ 58.111 *Sponsors, agents, or other intermediaries.* A sponsor, agent, or other intermediary, who is not appearing as an attorney of record in the case pending before the Review Committee, may appear as a witness at a hearing of the Review Committee (see § 58.124) or may submit affidavits.*

§ 58.112 *Application for appearance by alien in the United States, or by attorney, sponsor, agent, or other intermediary.* (a) A sponsor, agent, or other intermediary of an alien in the United States or abroad, or the attorney for such sponsor, agent, or other intermediary, who desires to file an application for appearance before the Review Committee, shall file such application on form IVRC–1. An application for appearance may also be filed by an alien who is in the United States as defined in § 58.133 or by his attorney (see § 58.115).

(b) The application shall be verified by the person who signs it.*

§ 58.113 *Compensation.* Any individual executing an application for appearance shall state therein the total compensation, received or to be received, for all his services, rendered or to be rendered, in connection with the visa sought, setting forth in full any agreement concerning compensation. If the agreement is in writing, a copy thereof shall be attached to the application for appearance (form IVRC–1).*

§ 58.114 *Notice of review desired by the Secretary of State or by a member of the interdepartmental committee.* (a) When a review is desired by the Secretary of State a notice thereof shall bear a caption in the following form:

INTERDEPARTMENTAL VISA REVIEW COMMITTEE—NOTICE OF REVIEW

Docket No. ---------

Re: ----------
Applicant for visa

(Here insert name of visa applicant concerned. If the applicant is a married woman her given name (not the given name of her husband) shall be used, preceded by "Mrs.")

(b) If a member of the interdepartmental committee is not in accord with the opinion of the majority of that committee and desires that the case be presented for review by the Review Committee, he should request the secretary of the interdepartmental committee to prepare and file a notice of review. The notice of review shall read as follows:

INTERDEPARTMENTAL VISA REVIEW COMMITTEE—NOTICE OF REVIEW

Docket No. ---------

Re: ----------
Applicant for visa

(Here insert name of visa applicant concerned. If the applicant is a married woman her given name (not the given name of her husband) shall be used preceded by "Mrs.")

This case was presented to Interdepartmental Committee No. --------- on ---------- 19----, at which time it was {approved / disapproved}. This opinion was believed improper by a member of that committee, who has requested that the opinion be reviewed by the Interdepartmental Visa Review Committee.

Secretary of Committee No. ---------

§ 58.115 *Copies of notice of review or copies of application for appearance.* (a) A notice of review under § 58.114 shall be filed in sextuplicate.

(b) An application for appearance under § 58.112 shall be filed in duplicate original copies.*

§ 58.116 *Docketing cases.* (a) Upon receipt of a notice of review or of an application for appearance, the case shall be docketed and assigned a docket number.

(b) All parties concerned in the case are required to place the docket number assigned under § 58.116 (a) on all written statements, papers, or documents, relating to the case which are thereafter filed with the Review Committee.*

§ 58.117 *Calendars.* (a) General calendar: Each case shall be placed upon the general calendar of the Review Committee.

(b) Hearing calendar: The secretary shall prepare a hearing calendar. A case will be placed upon this calendar for good cause shown.*

§ 58.118 *Place of hearing.* Hearings of all cases will be held at the hearing rooms of the Review Committee in Washington, D. C.*

§ 58.119 *Notice of hearing.* (a) When a case has been placed upon the hearing calendar the secretary shall, not less than ten days in advance, send notice of the day assigned for the hearing to all persons entitled to such notice pursuant to §§ 58.111, 58.112, and 58.120.

(b) Upon receipt of such a notice the person notified, if he is unable to appear on the day fixed, shall, as soon as possible, so inform the Review Committee by registered letter or by telegraph, giving the reasons for such inability to appear.

(c) If the Review Committee considers such reasons valid, the secretary shall place the case upon a subsequent hearing calendar.

(d) If the Review Committee considers the reasons inadequate, the secretary shall so notify the person concerned; and if such person fails to appear, the Review Committee may consider the case without a hearing.

(e) The Review Committee may, on its own motion, change the date of hearing. In such event the secretary shall notify the person or persons concerned of the change and place the case on a subsequent hearing calendar.*

§ 58.120 *Persons to be notified.* All notices prescribed by these rules, shall be sent to the following persons, except as otherwise prescribed for in the rules:

(a) The attorney of record or other intermediary for an alien in the United States or, in the absence of such attorney, the said alien; and

(b) The attorney of record or other intermediary for the sponsor or, in the absence of such attorney, the sponsor who signs part B of form BC of the Visa Division, Department of State.*

§ 58.121 *Good and sufficient notice.* Any notice prescribed by these rules, when directed to the address furnished by any person entitled to receive it, shall be deemed good and sufficient notice.*

§ 58.122 *Call of calendar and assignment for hearing.* The calendar of hearings will be called at 9:30 a. m., or at such other time as may be designated by the Review Committee, and hearings will be assigned.*

§ 58.123 *Failure to appear.* When an applicant for appearance fails to appear at the time set for the hearing of any case, the Review Committee may proceed to consider the case without his testimony or, if he is the only applicant for appearance in such case, without a hearing.*

§ 58.124 *Limitation of time and of appearance.* (a) A period not exceeding thirty minutes shall be allowed for the hearing of a case. In the discretion of the Review Committee, this period may be extended upon request to be made at the time of the hearing.

(b) The Review Committee may grant such limited time as in its discretion it may deem to be appropriate for the appearance of an alien who is in the United States and/or for the appearance of an alien's sponsors or other interested persons, who may submit oral or written statements. The term "other interested persons" includes attorneys, agents, or other intermediaries.*

§ 58.125 *Consolidation of two or more analogous cases, or of two or more cases involving members of the same family.* In the discretion of the Review Committee, or upon written application setting forth the grounds in support thereof duly verified by the person or persons concerned and filed with the Review Committee at least five days before the date set for a hearing, two or more analogous cases, or two or more cases involving members of the same family, may be consolidated by the Review Committee and heard or considered at the same time as if they were one case.*

§ 58.126 *Nature of evidence.* (a) Evidence may, in the discretion of the Review Committee, be received at the hearing even if inadmissible under the rules of evidence applicable to court procedure.

(b) Any written statement, paper, or document in a foreign language, submitted to the Review Committee, shall have attached thereto a translation thereof in the English language, sworn to by the translator to be a complete and accurate translation of such statement, paper, or document. The translator's qualifications shall be recorded on one or more separate sheets of paper and enclosed with the translation.*

§ 58.127 *Interrogatories by members of the Review Committee.* A member of the Review Committee may, during any part of the proceeding, interrogate any person appearing before the Review Committee.*

§ 58.128 *False or misleading statements.* Any false or misleading statement of fact made during the course of, or in connection with, any case pending before the Review Committee, may result in prosecution of the person or persons responsible for making such false or misleading statement.*

§ 58.129 *Opinion of the Review Committee.* Subsequent to the hearing, the Review Committee shall proceed to consider the case in accordance with the following procedure:

(a) Each member of the Review Committee shall, while the case of an applicant for a visa is under consideration, express his opinion of the applicant's eligibility for a visa, and such opinion shall be made of record.

(b) The record of the opinion of each member of the Review Committee shall be confidential.

(c) The opinion of a majority, duly recorded, shall constitute the opinion of the Review Committee (see § 58.104 (a)).*

§ 58.130 *Confidential records.* Confidential records in the possession of the Review Committee shall not be disclosed under any circumstances.*

§ 58.131 *Inquiries regarding cases.* Except as otherwise provided for by these rules, all inquiries concerning a case or its disposition by the Review Committee, and all requests for forms mentioned herein, should be addressed to the Visa Division, Department of State, Washington, D. C.*

§ 58.132 *Change of address.* Notice of a change in the address of an attorney appearing in a case pending before the Review Committee, or of an applicant for appearance, shall be sent promptly to the Interdepartmental Visa Review Committee, Department of State, Washington, D. C. A separate notice of a change of address shall be sent for each case in which said attorney or said applicant appears.*

§ 58.133 *Definition of "United States".* Except as otherwise provided for by these rules, the term "United States" includes the individual States, the District of Columbia, Alaska, the Panama Canal Zone, the Philippine Islands, Hawaii, Puerto Rico, the Virgin Islands, Guam, American Samoa, and all territory and waters, continental or insular, subject to the jurisdiction of the United States.*

§ 58.134 *Computation of time.* Whenever these rules prescribe a time for the performance of any act, Sundays and the holidays enumerated below shall count as other days, except that when the time prescribed for the performance of an act expires on a Sunday or on a legal holiday such time shall extend to and include the next succeeding day that is not such a Sunday or such a legal holiday. The holidays envisaged herein are: New Year's Day, January 1; Washington's Birthday, February 22; Inauguration Day, January 20 every fourth year; Decoration Day, May 30; Fourth of July; Labor Day, first Monday in September; Armistice Day, November 11; Thanksgiving day, fourth Thursday in November; and Christmas Day, December 25.*

§ 58.135 *Changes in rules and regulations.* The Review Committee may, from time to time, by a majority vote, add to, amend, modify, repeal, or suspend its rules and regulations.*

§ 58.138 *Effective date.* These rules shall become effective on January 27, 1942.*

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER A—INCOME AND EXCESS-PROFITS TAXES

[T. D. 5113]

PART 3—INCOME TAX UNDER THE REVENUE ACT OF 1936

PART 9—INCOME TAX UNDER THE REVENUE ACT OF 1938

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

Gain or Loss Upon Repossession of Real Property Upon Default Under Deferred Payment Sale Not on the Installment Sale, Where Title Had Previously Passed to the Purchaser

PARAGRAPH 1. Section 19.44-4 of Regulations 103 [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.] and article 44-4 of Regulations 101 [§ 9.44-4, Title 26, Code of Federal Regulations, 1939 Sup.] are amended by striking from the second paragraph the last four sentences and by inserting in lieu thereof the following:

If the vendor has previously transferred title to the purchaser, and the purchaser defaults in any of his payments, and the vendor accepts a voluntary reconveyance of the property, in partial or full satisfaction of the unpaid portion of the purchase price, the receipt of the property so reacquired, to the extent of its fair market value at that time, including the fair market value of fixed improvements placed on the property by the purchaser, shall be considered as the receipt of payment on the obligations satisfied. If the fair market value of the property is greater than the basis of the obligations of the purchaser so satisfied (generally, such basis being the fair market value of such obligations previously recognized in computing income), the excess constitutes ordinary income, and if the value of such property is less than the basis of such obligations, the difference may be deducted as a bad debt if ascertained to be worthless and charged off within the taxable year, except that if the obligations satisfied are securities (as defined in section 23 (k) (3) and section 117 (f)), any gain or loss resulting from the transaction is a capital gain or loss subject to the provisions of section 117. If the property reacquired is subsequently sold, the basis for determining gain or loss is the fair market value of the property at the date of reacquisition including the fair market value of the fixed improvements placed on the property by the purchaser. See § 19.23 (k)-3 [article 23 (k)-3 of Regulations 101] with respect to property reacquired in a foreclosure proceeding.

PAR. 2. Articles 44-4 of Regulations 94 [§ 3.44-4, Title 26, Code of Federal Regulations] and of Regulations 86 are amended by striking from the second paragraph the last four sentences and by inserting in lieu thereof the following:

If the vendor has previously transferred title to the purchaser, and the purchaser defaults in any of his payments, and the vendor accepts a voluntary reconveyance of the property, in partial or full satisfaction of the unpaid portion of the purchase price, the receipt of the property so reacquired, to the extent of its fair market value at that time, including the fair market value of fixed improvements placed on the property by the purchaser, shall be considered as the receipt of payment on the obligations satisfied. If the fair market value of the property is greater than the basis of the obligations of the purchaser so satisfied (generally, such basis being the fair market value of such obligations previously recognized in computing income), the excess constitutes ordinary income, and if the value of such property is less than the basis of such obligations, the difference may be deducted as a bad debt if ascertained to be worthless and charged off within the taxable year, except that if the obligations satisfied are of the class specified in section 117 (f), any gain or loss resulting from the transaction is a capital gain or loss subject to the provisions of section 117. If the property reacquired is subsequently sold, the basis for determining gain or loss is the fair market value of the property at the date of reacquisition including the fair market value of the fixed improvements placed on the property by the purchaser. See article 193 [153 of Regulations 69] with respect to property reacquired in a foreclosure proceeding.

PART 30—REGULATIONS UNDER EXCESS PROFITS TAX ACT OF 1940

Regulations Amended

Regulations 109 [Part 30, Title 26, Code of Federal Regulations, 1941 Sup.] are amended as follows:

PARAGRAPH 1. Section 30.734-1 (b), as added by Treasury Decision 5045,[1] approved May 3, 1941, is amended by strik-

[1] 6 F. R. 2303.

ing out subdivision (2) and inserting in lieu thereof the following:

(2) The term "predecessor" means a person (other than the taxpayer) who has transferred property (i) which, for income tax purposes for any taxable year, has at any time been treated, or (ii) which is treated for excess profits tax purposes, as having, in the hands of the taxpayer (or in the hands of a predecessor of the taxpayer under the definition contained in this subparagraph, but without regard to subdivision (i) of that definition) a substituted basis determined directly or indirectly by reference to the basis in the hands of such person.

PAR. 2. Section 30.734–2 (c), as added by Treasury Decision 5045, is amended by inserting immediately after the second paragraph the following new paragraphs:

Neither the Commissioner nor the taxpayer is required to adopt an inconsistent position with respect to the treatment of an item or transaction in the determination of the excess profits credit because of the fact that such item or transaction was incorrectly treated in the determination of the income tax liability of the taxpayer, or a predecessor, for a prior taxable year or years, under the law applicable to such year or years. Such item or transaction may, in the determination of the excess profits credit, be treated in a manner consistent with the incorrect treatment accorded in the determination of the income tax liability if neither the Commissioner nor the taxpayer objects. Either the Commissioner or the taxpayer, however, may insist upon the correct treatment of such item or transaction in the determination of the excess profits credit under the law applicable to the excess profits tax taxable year, but such action constitutes the maintenance of an inconsistent position and will result in an adjustment under section 734, if the party insisting upon such treatment is the party who would be adversely affected by such adjustment.

A taxpayer which has taken an inconsistent position with respect to an item or transaction affecting the determination of its excess profits credit may, upon notice to the Commissioner in writing, withdraw from such position.

(This Treasury decision is issued under the authority contained in section 62 of the Internal Revenue Code (53 Stat. 32; 26 U.S.C., Sup. V, 62), as made applicable by section 729 of the Internal Revenue Code, added by the Second Revenue Act of 1940 (Public, No. 801, 76th Congress, third session), and section 734 of the Internal Revenue Code as added by section 11 of the Excess Profits Tax Amendments of 1941 (Public Law 10—77th Congress).)

SUBCHAPTER E — ADMINISTRATIVE PROVISIONS COMMON TO VARIOUS TAXES

[T.D. 5114]

PART 470—TAX-FREE SALES OF ARTICLES FOR USE OF UNITED STATES, ANY STATE, TERRITORY OF THE UNITED STATES, OR ANY POLITICAL SUBDIVISION OF THE FOREGOING, OR THE DISTRICT OF COLUMBIA

Sec.

470.0 Introductory.
470.1 Definitions.
470.2 Sales for the use of the United States.
470.3 Proof of exemption.
470.4 Records.
470.5 Application of regulations.

§ 470.0 *Introductory.* The regulations in this part deal with the application of the statutory exemptions from excise taxes imposed under Chapters 25 and 29 of the Internal Revenue Code to articles sold for use of the United States.

Section 2700 (b) (1) of the Internal Revenue Code, which relates to the tax imposed by Subchapter A of Chapter 25 on sales of pistols and revolvers, reads as follows:

SEC. 2700. TAX.

* * * * * *

(b) *Exemptions.*

(1) *Sales for use of federal government or states.* Pistols and revolvers sold for the use of the United States, any State, Territory, or possession of the United States, any political subdivision thereof, or the District of Columbia, shall be exempt from the tax imposed by subsection (a).

* * * * * *

SEC. 2721. EXEMPTIONS.

(a) *Transfers Exempt.* This subchapter and Part VIII of subchapter A of chapter 27 shall not apply to the transfer of firearms (1) to the United States Government, any State, Territory, or possession of the United States, or to any political subdivision thereof, or to the District of Columbia * * *.

Section 3442 (3) of the Internal Revenue Code, which relates to the manufacturers' excise taxes imposed by Chapter 29, reads as follows:

SEC. 3442. TAX-FREE SALES.

Under regulations prescribed by the Commissioner with the approval of the Secretary, no tax under this chapter shall be imposed with respect to the sale of any article—

* * * * * *

(3) for the exclusive use of the United States, any State, Territory of the United States, or any political subdivision of the foregoing, or the District of Columbia. * * *

*§§ 470.0 to 470.5, inclusive, issued under authority contained in sections 2732, 3442 and 3791 of the Internal Revenue Code (53 Stat. 294, 416, 467; 26 U.S.C., 1940 Ed., 2732, 3791).

§ 470.1 *Definitions.* As used in the regulations in this part—

(a) The term "prime contract" means a contract made by the United States; and the term "prime contractor" means the party contracting with the United States in a prime contract.

(b) The term "purchase article" means any article purchased as such by the United States under a prime contract.

(c) The term "construction article" means any article for use as equipment, material, or supplies, by a prime contractor in performing a prime contract: *Provided, however,* That payment for the article is made by the United States.

(d) The term "subsidiary article" means any article, which by itself or after being combined by any person with other articles, is incorporated in a purchase article or a construction article.

(e) The term "incorporated in" refers to any process whereby a subsidiary article enters into the production of another subsidiary article, a purchase article, or construction article, so as to become a part thereof, and not be merely consumed in such production.

(f) The term "subcontract" means a contract for the purchase of subsidiary articles; and the term "subcontractor" means any party to a subcontract other than a prime contractor.*

§ 470.2 *Sales for the use of the United States.* Under the regulations in this part, all sales and transfers of purchase articles and construction articles are deemed to be exempt from the excise taxes imposed by Chapters 25 and 29 of the Internal Revenue Code, if they are to be utilized by the United States or to be disposed of by the United States to a foreign government: *Provided however,* That the price of the purchase article or construction article does not include a tax on the sale or transfer of such article under Chapter 25 or 29 of the Internal Revenue Code.

Subject to the provisions of § 470.3 (b), the exemptions also apply to all subsidiary articles, irrespective of whether the subcontractor is dealing with a prime contractor or with another subcontractor: *Provided, however,* That (a) the price of the article does not include a tax on the sale or transfer thereof under Chapter 25 or 29 of the Internal Revenue Code, and (b) the article is included at such tax-free basis in the price of the purchase article, construction article, or other subsidiary article in which it is incorporated.

The exemptions do not apply in any case where an article is sold or transferred at a price including a tax imposed under Chapter 25 or 29 on the sale or transfer of such article. However, the inclusion of a subsidiary article, which was sold or transferred by the producer thereof at a price including tax, in another subsidiary article, purchase article or construction article will not defeat the exemption applicable with respect to such other subsidiary article, purchase article, or construction article, if the price of such latter articles does not include a tax on the sale or transfer thereof.

The application of these exemptions is illustrated, in part, by the following examples:

Example 1. A prime contractor producing automobiles for the United States orders the tires needed for such automobiles from subcontractor A, the producer thereof, and also orders generators from subcontractor B, who for the production of the generators orders rubber insulated wire from the producer or subcontractor C. The sales by the prime contractor and all the subcontractors are exempt, if in each case the sale price does not include a tax imposed under Chapter 29 of the Internal Revenue Code on the sale of the article. In this example, the exemption would not apply to the rubber insulated wire if sold at a price including tax. But the fact that such wire is included at that price in the cost of the generator and the automobile would not defeat the exemption applicable to the generator and the automobile, if they are sold at a price not including a tax on the sale or transfer thereof.

Example 2. A prime contractor engaged in the alteration and repair of a warehouse leased by the United States purchases certain refrigerating components for installation in the warehouse. The sale of the refrigerating components by the producer to the prime contractor is exempt if made at a price not including tax. In this example, the exemption would not be defeated merely because the use of the refrigerating components might ultimately inure to the lessor upon termination of the lease.*

§ 470.3 *Proof of exemption*—(a) *Purchase articles and construction articles.* In the case of purchase articles and construction articles, the exemption shall be evidenced by a properly executed certificate, Form 1094. Such form may be modified, in so far as necessary, with respect to transactions involving construction articles.

In all cases, the exemption certificate, Form 1094, shall be executed by an authorized officer or representative of the United States, and shall be furnished to the prime contractor, where the purchase article, or construction article, or any subsidiary article to be incorporated in such article is to be purchased on a tax-free basis. Where the prime contract contemplates that only the purchase article or the construction article is to be purchased on a tax-free basis, the exemption certificate shall include an appropriate statement limiting its application to such article. Where the prime contract contemplates that not only the purchase article or construction article (whether or not taxable) but one or more subsidiary articles to be incorporated therein are to be purchased on a tax-free basis, the exemption certificate shall include an appropriate statement authorizing the prime contractor to issue certificates of exemption with respect to such subsidiary articles.

A single certificate of exemption, Form 1094, may be given with respect to all the purchase articles and construction articles coming within the subject matter of a single contract.

(b) *Subsidiary articles.* In the case of tax exempt sales or transfers of subsidiary articles coming within the scope of these regulations, the exempt character of the sale or transfer shall be evidenced by a certificate of exemption executed by the vendee and furnished to his vendor substantially in whichever of the following forms is applicable:

An exemption certificate shall not be issued by a prime contractor with respect to any subsidiary article to be incorporated in the purchase article or construction article covered by his prime contract unless he is so authorized by the exemption certificate, Form 1094, issued to him by the United States.

An exemption certificate shall not be issued by a subcontractor with respect to any subsidiary article coming within the subject matter of the subcontract with his vendee unless (1) the subsidiary article is purchased on a tax-free basis and will be included at such basis in the price charged by the subcontractor to his vendee and (2) the subcontractor has received a certificate of exemption from his vendee certifying that the subsidiary article is destined for use of the United States under a specified government contract.

The exemption certificate shall be executed by an officer of the corporation, where the prime contractor or subcontractor is incorporated, a member of the firm, where the prime contractor or subcontractor is not incorporated, or in any case, by an individual specifically designated and authorized for that purpose by the prime contractor or subcontractor.

A single certificate of exemption may be given with respect to all subsidiary articles to be purchased under a single subcontract. The certificate of exemption shall be given in all cases by the prime contractor or subcontractor purchasing the subsidiary article to the vendor subcontractor, where such article or another subsidiary article to be incorporated therein is to be purchased on a tax-free basis.*

§ 470.4 *Records.* Every person making tax-free sales or transfers of purchase articles, construction articles, and subsidiary articles under these regulations shall maintain accurate and complete records with respect to all such transactions. The records of a prime contractor shall include a copy of the contract made with the United States, the exemption certificate furnished to the prime contractor under such contract, and copies of all exemption certificates furnished by him to his subcontractors. The records of a subcontractor shall include the exemption certificate furnished him by his vendee and copies of all exemption certificates furnished by him to his vendors. Such records shall at all times be open for inspection by internal revenue officers, and shall be maintained for a period of at least four years from the last day of the month following the month in which the tax-free sale or transfer was made.*

§ 470.5 *Application of regulations.* For the period of the emergency and until further notice, the regulations in this part may be followed, in lieu of existing regulations, with respect to prime contracts and subcontracts in effect on, or made on or after, the effective date of the regulations in this part; but with respect to a contract in effect on such date, the regulations in this part shall apply only to purchase articles, construction articles and subsidiary articles, delivered on or after such date by the manufacturer, producer, or importer thereof to his vendee.

The regulations in this part may, in so far as applicable, also be followed with respect to sales and transfers of articles taxable under Chapters 25 and 29 of the Internal Revenue Code for the exclusive use of any State, Territory of the United States, political subdivision of the foregoing such as a county, city, town, or other municipality, or the District of Columbia.*

Acting Commissioner of Internal Revenue.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT[1]

SUBCHAPTER A—GENERAL PROVISIONS

[Regulation No. 12]

INDUSTRY ADVISORY COMMITTEES—AUTHORIZING THEIR FORMATION AND REGULATING THEIR OPERATION; ESTABLISHING A BUREAU OF INDUSTRY ADVISORY COMMITTEES AND PRESCRIBING ITS DUTIES AND FUNCTIONS; AND SUPERSEDING REGULATIONS NOS. 7 AND 7-A

By virtue of the authority vested in the Office of Production Management by Executive Order No. 8629,[2] dated January 7, 1941, and Executive Order No. 8875,[3] dated August 28, 1941, it is hereby ordered that:

(a) Industry Advisory Committees and subcommittees thereof (hereinafter referred to as Committees) shall be formed in the Office of Production Management and meetings and conferences between officials of the Office of Production Management and representatives of industry shall be held in accordance with such procedure as may be prescribed from time to time by the Director General, acting in association with the Associate Director General.

(b) There shall be in the Office of Production Management a Bureau of Industry Advisory Committees, hereinafter referred to as the Bureau, which shall serve as a central point of clearance in connection with the formation and operation of Committees. There shall be a Chief of the Bureau, appointed by and responsible to the Director General, acting in association with the Associate Director General. The Chief of the Bureau shall appoint such personnel as he shall deem necessary to carry out the duties assigned to the Bureau herein.

(c) Each Committee shall be presided over by a Government Presiding Officer who shall be selected by the Branch Chief concerned with the approval of the Director of the Division or such official as the Director General may designate.

(d) The functions of a Committee shall be:

(1) To discuss any subject pertinent to the war program at meetings duly called in accordance with this Regulation.

(2) To collect and furnish information, to render advice and to make recommendations to the Government Presiding Officer when requested by him to do so.

(3) To be continuously available to provide information, to advise and consult with the Government Presiding Officer.

(e) A Committee shall not undertake to determine policies for the industry nor shall it attempt to compel or coerce any person to comply with any request or order made by the Government Presiding Officer or any public authority nor shall the members of a Committee reach any agreement or understanding among themselves or with the Government Presiding Officer regarding specific action to be taken by the industry: *Provided, however*, That agreement on the part of Committee members with respect to recommendations shall not be prohibited.

(f) All decisions as to what action shall be taken by the industry or by any particular company within the industry shall be made by the Government Presiding Officer with the approval of the appropriate Branch Chief. No such actions shall be taken until formally requested. All requests for action shall be made in writing and directed to each company which is to participate in such action over the name of the Government Presiding Officer. Each such request for action shall be submitted through the appropriate Assistant General Counsel to the General Counsel for approval prior to issuance. The General Counsel shall, whenever he deems it necessary, clear such a request with the Attorney General.

(g) It shall be the duty of the Chief of the Bureau:

(1) To pass upon the membership of all Committees and to issue all letters inviting persons to serve as members of a Committee.

(2) To issue all notices of meetings of Committees.

(3) To maintain a complete and up-to-date record of the personnel of all Committees and of all conference groups which have held meetings at the invitation of an official of the Office of Production Management.

(4) To make a report each month to the Director General and the Associate Director General concerning the formation of Committees and such other matters as may be designated.

(5) To perform such other duties as may be required by him to be performed by such procedure as may be prescribed from time to time by the Director General, acting in association with the Associate Director General.

(h) Regulations Nos. 7 and 7-A and any provision of a regulation or of an order of the Office of Production Management which may be inconsistent with this Regulation, are hereby superseded and amended accordingly.

W. S. KNUDSEN,
Director General.

PART 1032—DIRECT-CONSUMPTION SUGAR

General Preference Order No. M-55 as Amended January 24th, 1942—To Conserve the Supply and Direct the Distribution of Direct-Consumption Sugar

General Preference Order No. M-55 is hereby amended to read as follows:

Whereas it appears that the fulfillment of requirements for the defense of the United States will result in a shortage in the supply of direct-consumption sugar for the combined needs of defense, private account and export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution of direct-consumption sugar.

Now, therefore, it is hereby ordered, That:

§ 1032.1 *General Preference Order M-55*—(a) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Definitions.* For the purposes of this Order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Sugar" means any grade or type of saccharine product derived from sugar-cane or sugar beets, containing sucrose, dextrose, or levulose.

(3) "Raw sugar" means any sugars which are to be further refined or improved in quality.

(4) "Direct-consumption sugar" means any sugar which is not to be further refined or otherwise improved in quality and includes raw sugar delivered to any Receiver; but sugar in liquid form which contains non-sugar solids (excluding any foreign substance that may have been added) equal to more than 6 percentum of the total soluble solids, and sirup of cane juice produced from sugarcane grown in continental United States are not included.

(5) "Primary distributor" means any person who manufactures or imports into continental United States (excluding Alaska) direct-consumption sugar or the agent of any such person.

(6) "Secondary distributor" means any Receiver who, in 1941 sold or delivered sugar to another Receiver.

(7) "Receiver" means any person who in 1941 bought or accepted delivery of direct-consumption sugar from any Primary Distributor, or who in 1941 bought or accepted delivery from any source of raw sugar to use it in the manufacture of any product for human consumption, other than Direct-Consumption sugar.

(8) "Frozen sugar" means any sugar which a Receiver has been prohibited from using or reselling by paragraph (c) (4) of General Preference Order M-55, dated December 13, 1941, or by any other order of the Director of Priorities.

(c) *General restrictions.* (1) No Primary Distributor shall deliver Direct-Consumption Sugar to any person with knowledge or reason to believe that such person is not entitled to accept delivery thereof pursuant to this Order.

(2) Except as provided in paragraph (d) hereof, no person other than a Receiver shall receive delivery of any Direct-Consumption Sugar from a Primary Distributor; and no Receiver shall accept delivery of Direct-Consumption Sugar from any source, except as permitted by this Order.

(3) Any Receiver who, in the usual course of his business, resells to purchasers other than ultimate household consumers more than 50 percent of the Direct-Consumption sugar he buys shall resell sugar equitably among such purchasers and shall not favor purchasers who purchase other products from him nor discriminate against purchasers who do not purchase other products from him.

(d) *Quota restrictions and exceptions thereto*—(1) *Persons in business in corresponding period in 1941.* In any period specified by the Director of Priorities, any Receiver may accept delivery of a quota constituting such percentage of his use or resale of Direct-Consumption Sugar in the corresponding period of 1941 as the Director of Priorities may from time to time determine. Any such quota must be adjusted pursuant to paragraph (f) of this Order.

(2) *Persons not in business in corresponding period in 1941.* Any Receiver who was not in business during the whole of the corresponding period of 1941, but was in business during the whole of the months of October, November, and December, 1941, may in any one month in 1942 accept delivery of a quota of Direct-Consumption Sugar equal to such percentage of the average of his use and resales in such months of 1941 as the Director of Priorities may determine; or if he was not in business during the whole of such months of 1941,

he may use as a basis to determine his quota that percentage of the average of his monthly use or resale during each of such months of 1941 in which he was in business during the entire month. Any such quota must be adjusted pursuant to paragraph (f) of this Order.

(3) *Advance or deferred delivery.* Nothing in this Order shall be construed to prohibit acceptance of any delivery constituting part of the quota of any Receiver for any period within ten days prior to the beginning of such period. To avoid rail deliveries in less than carload lots (defined for the purposes of this Order as less than four hundred bags East of Chicago, less than six hundred bags Chicago and West of Chicago) a Receiver may receive by rail the carload lot or lots nearest his quota for any period, and adjust the excess or deficiency in determining his quota for the next ensuing period.

(4) *Quota of receivers having frozen sugar.* The quota of any Receiver shall be reduced according to the amount of any Frozen Sugar in his possession or control.

(5) *Deliveries not charged against quota.* Notwithstanding the foregoing limitations, any primary distributor may deliver Direct-Consumption Sugar to any person, and any Receiver may accept delivery of Direct-Consumption Sugar without charging it against his quota, if such delivery or acceptance is specifically authorized by the Director of Priorities, or if such sugar is to be used or to be physically incorporated in materials to be used to fill actual orders by or contracts with:

(i) The Defense Supplies Corporation.
(ii) The War and Navy Departments.
(iii) The United States Maritime Commission.
(iv) The government of any of the following countries: the United Kingdom, Canada, and other dominions; Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia.
(v) Any Agency of the United States Government for materials, supplies, or equipment to be delivered to, or for the account of, the government of any country listed above or any other country, including those in the Western Hemisphere, pursuant to the act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend Lease Act.)
(vi) The American Red Cross.
(vii) Any person requiring supplies necessary to manufacture health supplies as defined in preference rating order No. P-29 as it may be amended from time to time.
(viii) Any person, for retail sale, on military or naval reservations or naval vessels, to military or naval personnel.
(ix) Any person operating an ocean going vessel, documented under the laws of the United States and engaged in transportation of cargo or passengers in the foreign, coastwise, or inter-coastal trade, for necessary supplies for such vessels.
(x) Any canner or processor, to furnish supplies to enable him to pack fruits or vegetables, provided that he has complied with all orders of the Office of Production Management with reference to the conservation of Sugar, and further provided that any such canner or processor must file with his Supplier, from whom he is accepting delivery of Direct-Consumption Sugar, a written statement in substantially the following language, manually signed by a responsible official.

The undersigned intends to pack (quantity) of (——).

To do this ( ) bags of sugar are needed. I have in my possession or under my control ( ) bags of Direct-Consumption Sugar. I request delivery of ( ) bags of Direct-Consumption Sugar representing the difference between the quantity of Direct-Consumption Sugar in my possession or under my control and the quantity I need in order to pack the commodity referred to above. I further represent that I have complied with all orders of the Office of Production Management with reference to the conservation of sugar and that I intend to comply with all future orders of the Office of Production Management with reference to such matters.

Name ——————————
By ——————————

A copy of such writing must be filed with the Director of Priorities. Such statement shall constitute a representation to the Office of Production Management and the Supplier that the signer is entitled to receive the amount stated. The Supplier shall be entitled to rely on such representation, unless he knows or has reason to believe it to be false.

Any Receiver using or reselling Direct-Consumption Sugar pursuant to this subparagraph (5), shall at the end of such quota period notify the Director of Priorities in writing of the amount of such use or resale and the person or persons to whom he has sold.

(e) *Frozen sugar.* Sugar frozen by General Preference Order M-55 or by any other Order of the Director of Priorities, may be used or resold:

(i) For the purposes set forth in paragraph (d) (5) above.
(ii) By any Receiver, to the extent that his quota has been reduced as prescribed by paragraph (d) (4) above.

But such frozen sugar shall not be otherwise used or resold and shall remain subject to disposition by order of the Director of Priorities.

(f) *Election between primary and secondary distributors*—(1) *Election required.* After March 1, 1942, no person shall accept delivery of Direct-Consumption Sugar from both Primary Distributors and Secondary Distributors. Any Receiver who in 1941 purchased or accepted delivery of sugar from both Primary Distributors and from Secondary Distributors must elect prior to February 20, 1942, whether during the period from March 1, 1942, to December 31, 1942, to accept delivery of Direct-Consumption sugar from Primary Distributors or Secondary Distributors.

(2) *Election not to accept sugar from secondary distributors.* In the event that such Receiver elects not to accept delivery of Direct-Consumption Sugar from Secondary Distributors after March 1, 1942, he shall give notice of such election prior to February 20, 1942, on a form to be prescribed by the Office of Production Management, to each Secondary Distributor from whom he accepted delivery of Direct-Consumption Sugar in 1941. Each Secondary Distributor who shall receive such notice shall, in calculating the quantity of Direct-Consumption Sugar which he sold in any period of time in 1941 for the purpose of determining the quantity of Direct-Consumption Sugar to which he is entitled in the corresponding period of time in 1942, pursuant to paragraph (d) of this Order, deduct the quantity of Direct-Consumption Sugar he sold during such period of time to the person giving him such notice.

(3) *Election not to accept sugar from primary distributors.* In the event that any such Receiver elects no longer to accept delivery of Direct-Consumption Sugar from Primary Distributors, after March 1, 1942, he shall give notice of his election to any Secondary Distributor, on a form to be prescribed by the Office of Production Management, stating the quantities of sugar of which he accepted delivery during each month from March 1, 1941, to December 31, 1941. Any Secondary Distributor who shall receive such notice may, in calculating the quantity of Direct-Consumption Sugar which he sold in any period of time in 1941 for the purpose of determining the quantity of Direct-Consumption Sugar to which he is entitled in a corresponding period of time in 1942 pursuant to paragraph (d) of this Order, add the quantity of Direct-Consumption Sugar which the person giving such notice received from Primary Distributors during such period of time, but now elects to receive from him.

(g) *Applicability of Order.* This Order applies only to deliveries in or for the continental United States, excluding Alaska: *Provided, however,* That any person who imports Direct-Consumption Sugar shall be deemed to accept delivery thereof on its arrival in the continental United States, excluding Alaska. This Order does not apply to deliveries for direct export from the United States of America, if such export shall have been duly licensed by the Administrator of Export Control.

(h) *Multiple branch companies.* Companies having a number of plants, divisions, branches, or subsidiaries may elect whether to treat each or any such plant, division, branch, or subsidiary as a separate person for the purposes of this Order, but, having elected, shall adhere to such election for all purposes.

(i) *Records.* Each Person participating in any transaction to which this Order applies shall keep and preserve for a period of not less than two years accurate and complete records of his inventories of the Material or Materials to which such Order relates and of the details of all transactions in such Materials. Such records shall include the dates of all contracts or purchase orders accepted, the delivery dates specified in such contracts or purchase orders, and in any preference rating certificates accompanying them, the dates of actual deliveries thereunder, description of the Material covered by such contracts or purchase orders, description of deliveries by classes, types, quantities, weights and values, the parties involved in each transaction, the preference ratings, if any, assigned to deliveries under such contracts or purchase orders, details of Defense Orders and all other rated orders either accepted or offered and rejected, and other pertinent information.

(j) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(k) *Reports.* Each person participating in any transaction to which this Order applies shall execute and file with the Office of Production Management such reports and questionnaires as said office shall from time to time request.

(l) *Violations.* Any Person who willfully violates any provision of this Order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(m) *Appeal.* Any Person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, may appeal to the Office of Production Management, setting forth pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(n) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: Office of Production Management, Washington, D. C. Ref: M-55

(o) *Effective date.* (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Amended this 24th day of January, 1942.

PART 1032—DIRECT-CONSUMPTION SUGAR

§ 1032.2 *Supplementary Order M-55-a.* (a) The Director of Priorities hereby determines that during the month of February, 1942, the quota of Direct-Consumption Sugar Permitted Receivers under paragraph (d) of Order No. M-55, as amended, shall be 80% of use or resale during the base period of 1941 as prescribed by the said Order No. M-55.

(b) This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 24th day of January 1942.

PART 1049—INCANDESCENT LAMPS

Limitation Order L-28 To Restrict the Production of Incandescent Lamps

Whereas the demands of national defense have created a shortage of nickel, brass, copper and other materials used in the manufacture of incandescent lamps; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless their use in the manufacture of incandescent lamps is curtailed;

§ 1049.1 *General Limitation Order L-28—(a) Definitions.* For the purposes of this Order:

(1) "Incandescent lamp" means any lamp or bulb fitting into a socket and making use of a metal or carbon filament as the source of light.
(2) "Nickel used" means the aggregate weight of nickel used in the process of manufacture whether contained in the finished product or resulting in scrap.
(3) "Brass used" means the aggregate weight of brass used in the process of manufacture whether contained in the finished product or resulting in scrap.
(4) "Copper used" means the aggregate weight of copper (other than that contained in brass) used in the process of manufacture whether contained in the finished product or resulting in scrap.
(5) "Other metal used" means the aggregate weight of any other metal not included in subparagraphs (2), (3) and (4) used in the process of manufacture whether contained in the finished product or resulting in scrap.

(b) *General restrictions.* (1) In each period of three calendar months beginning with the first such period following the date of issuance of this Order, and until otherwise ordered, no manufacturer of incandescent lamps shall use in the production of such lamps (including those designed for the purposes mentioned in subparagraph (2)):

(i) more nickel than 75% of one-fourth of the nickel used by him in the production of such lamps during 1940;
(ii) more brass than 80% of one-fourth of the brass used by him in the production of such lamps during 1940; or
(iii) more copper than 80% of one-fourth of the copper used by him in the production of such lamps in 1940;

(2) In each period of three calendar months beginning with the first such period following the date of issuance of this Order, and until otherwise ordered, no manufacturer of incandescent lamps shall use in the production of such lamps designed primarily for use on Christmas trees, or for advertising, decorative or display purposes, more nickel, brass, copper or any other metal than 50% of one-fourth of the nickel, brass, copper or such other metal, respectively, used by him for such purposes in the year 1940.

(3) Beginning on the first day of the first calendar month following the date of issuance of this order no manufacturer of incandescent lamps may use any materials obtained (before or after said first day of the month) with the assistance of any preference rating granted by the Director of Priorities (whether by general or limited preference order or otherwise) in the production of incandescent lamps designed primarily for use on Christmas trees or for advertising, decorative or display purposes.

(c) *Avoidance of excessive inventories.* From the effective date of this Order manufacturers of incandescent lamps shall not accumulate for use in the manufacture of such lamps inventories of raw materials, semiprocessed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of incandescent lamps at the rates permitted by this Order.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each manufacturer to whom this Order applies shall file with the Office of Production Management such reports and questionnaires as said Office shall from time to time prescribe.

(g) *Violations.* Any person who willfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or

that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the Office of Production Management setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Application of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Routing of correspondence.* All communications concerning this Order should be addressed to the Office of Production Management, Washington, D. C., Ref: L–28.

(k) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941; 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9 Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 42 [1]—PARAFFIN WAX

Sections 1335.458 and 1335.460 are hereby amended to read as follows:

§ 1335.458 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, corporation, association or other business entity;

(b) "Paraffin wax" means crude scale, semi-refined and fully refined paraffin wax of the grades listed in § 1335.460, Appendix A hereof, except slabs or cakes of paraffin wax weighing two pounds or less;

(c) "Seller's shipping point" means refinery or other point of distribution maintained by a refiner or seller.

§ 1335.460 *Appendix A; maximum prices for paraffin wax*—(a) *Quantities of 10,000 pounds or more.* The following maximum prices, f. o. b. refinery, are established for crude scale, semi-refined and fully refined paraffin wax shipped from a refinery in quantities of 10,000 pounds or more:

(1) *Crude scale and semi-refined.*

[Prices per pound]

149/151 A. M. P.	.1050	.1090	.1045

In the case of a shipment of crude scale, semi-refined or fully refined paraffin wax from a seller's shipping point other than a refinery, the maximum prices are the prices listed above, plus the actual transportation charges from the refinery at which such wax was last processed to such seller's shipping point, f. o. b. such seller's shipping point. Such transportation charges shall be shown as separate items on all records and invoices.

(b) *Quantities of less than 10,000 pounds.* The maximum prices for crude scale, semi-refined and fully refined paraffin wax, in quantities of 1,000 pounds or more but less than 10,000 pounds, are the prices listed in subparagraphs (1) and (2) of paragraph (a) above, plus $0.015 per pound, delivered.

(c) *Imported paraffin wax*—(1) *Quantities of 10,000 pounds or more.* The maximum prices for import shipments of crude scale, semi-refined or fully refined paraffin wax and for domestic shipments of such imported wax from a seller's shipping point located in the port of entry, in quantities of 10,000 pounds or more, are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, f. o. b. port of entry. In the case of domestic shipments from a seller's shipping point not located in the port of entry, the maximum prices are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, plus the actual transportation charges from the port of entry to such seller's shipping point, f. o. b. such seller's shipping point. Such transportation charges shall be shown as separate items on all records and invoices.

(2) *Quantities of less than 10,000 pounds.* The maximum prices for import shipments of crude scale, semi-refined or fully refined paraffin wax, and for domestic shipments of such imported wax, in quantities of 1,000 pounds or more, but less than 10,000 pounds, are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, plus $.015 per pound, delivered.

(d) *Export sales and sales to territories and possessions of the United States.* The following maximum prices are established for export sales of crude scale, semi-refined and fully refined paraffin wax to persons in foreign countries and for sales of such wax from any state or the District of Columbia to persons in the territories or possessions of the United States:

(1) *Quantities of 10,000 pounds or more.* (i) The maximum prices for shipments by vessel are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, plus the actual transportation charges from the refinery at which such wax was last processed to alongside vessel at the port of shipment, f. a. s. vessel at the port of shipment, plus $.0040 per pound of paraffin wax. Such transportation charges shall be shown as separate items on all records and invoices.

(ii) The maximum prices for overland shipments to Canada and Mexico are the maximum prices established by paragraph (a) above, plus $.0025 per pound of paraffin wax.

(2) *Quantities of less than 10,000 pounds.* (i) The maximum prices for shipments by vessel are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, f. a. s. vessel at the port of shipment, plus $.0190 per pound of paraffin wax.

(ii) The maximum prices for overland shipments to Canada and Mexico are the maximum prices listed in subparagraphs (1) and (2) of paragraph (a) above, f. o. b. seller's shipping point, plus transportation charges over standard routes from seller's shipping point to destination, less transportation charges from seller's shipping point to the station on the boundary between the United States and Canada or Mexico, whichever the case may be, plus $.0175 per pound of paraffin wax. In the event there is no station on the boundary, transportation charges from the seller's shipping point to that station in the United States which is closest to the boundary shall be subtracted.

(3) *Imported paraffin wax.* The maximum prices for shipments by vessel, and for overland shipments to Canada and Mexico, are the maximum prices established by subparagraphs (1) and (2) of this paragraph (d), except that, in place of the actual transportation charges provided by subdivision (i) of subparagraph (1) of this paragraph (d), actual transportation charges from the port of entry to alongside vessel at the port of shipment may be added.

(4) *Expenses.* No expenses, commissions, or charges for services may be added to the maximum prices established by subparagraphs (1), (2) and (3) of this paragraph (d), except (i) ocean freight, (ii) marine and war risk insurance and (iii) foreign agents' commission unless the foreign agents' commission or any part thereof is received by the exporter directly or indirectly for his own use. Nothing contained in this subparagraph (4) in any way modifies or affects the transportation charges for overland shipments.

(e) *Other containers.* (1) The maximum prices for crude scale and semi-refined paraffin wax in containers other than those specified in paragraph (a) above are the applicable maximum prices established above for such wax in slack barrels or 100 kilo bags, except that a reasonable charge may be added for additional costs, if any, of the containers. Such additional charges shall be shown as separate items on all such records and invoices.

(2) The maximum prices for fully refined paraffin wax in containers other than those specified in paragraph (a) above are the applicable maximum prices established above for such wax in slabs loose, except that a reasonable charge may be added for additional costs, if any, of the containers. Such additional charges shall be shown as separate items on all records and invoices. (E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 1 shall become effective January 30, 1942. Issued this 28th day of January 1942.

LEON HENDERSON,
Administrator.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 78—OXALIC ACID

Oxalic acid is an organic acid used in the tanning of leather, in the production of celluloid, rayon, and blueprint paper, and for many other industrial purposes. It is also used in the manufacture of an explosive called "pentaerythritol."

As a direct consequence of expanded economic activity induced by the national defense program, the demand for oxalic acid has increased greatly in the last year. The price charged by producers for crystalline oxalic acid in barrels, carlot quantities, which had remained at 10¾ cents per pound for five years, increased between July 1 and October 1, 1941, to 11¼ cents per pound. Numerous sales by resellers have been reported at prices ranging from twenty to forty cents per pound. Further price increases are threatened.

After investigation and conferences with members of the oxalic acid industry and representatives of other government agencies, the Office of Price Administration has found that there are no justifiable reasons for prices of crystalline oxalic acid in barrels, carlot quantities, in excess of 11¼ cents per pound. Increases in such prices at this time would, therefore, be inflationary in character.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.551 *Maximum prices for oxalic acid.* On and after February 2, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer oxalic acid in containers of 100 pounds or more, and no person shall buy, offer to buy or accept delivery of oxalic acid in containers of 100 pounds or more at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.559.*

*§§ 1335.551 to 1335.559 inclusive, issued pursuant to authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1335.552 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.553 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of oxalic acid, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or by alteration of grades of oxalic acid or otherwise.*

§ 1335.554 *Records and reports.* Every person making purchases or sales of oxalic acid in containers of 100 pounds or more after February 1, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the specifications and quantity, including the kind and size of the containers, of the oxalic acid purchased or sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time require.*

§ 1335.555 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof, (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of oxalic acid, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.556 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered by the Office of Price Administration unless filed by persons complying with this Schedule.*

§ 1335.557 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation or other business entity;

(b) "Oxalic acid" means crystalline and powdered oxalic acid.

(c) "Producer's shipping point" means any of the following points: Jersey City, N. J.; Niagara Falls, N. Y.; Buffalo, N. Y.; or Chicago Heights, Illinois.*

§ 1335.558 *Effective date of the Schedule.* This Schedule shall become effective February 2, 1942.*

§ 1335.559 *Appendix A; maximum prices for oxalic acid*—(a) *Delivered from producers' shipping points.* (1) The maximum prices for oxalic acid delivered from a producer's shipping point are established as follows:

	Carlot quantities	Less than carlot quantities	
		(10,000 lbs. or more)	(Less than 10,000 lbs.)
	($ per lb.)	($ per lb.)	($ per lb.)
Crystalline Oxalic Acid in barrels or other containers (more than 290 lbs.)	.11¼	.11½	.12½
Crystalline Oxalic Acid in kegs, drums, or other containers (100 lbs. to 290 lbs. inclusive)	.11¾	.12	.13
Powdered Oxalic Acid in barrels or other containers (more than 290 lbs.)	.12¼	.12½	.13½
Powdered Oxalic Acid in kegs, drums, or other containers (100 lbs. to 290 lbs. inclusive)	.12¾	.13	.14

(2) The above maximum prices are f. o. b. the producer's shipping point, with freight equalized at the rate for a shipment of identical quantity over standard routes from producers' shipping points, viz.: Jersey City, N. J.; Niagara Falls, N. Y.; Buffalo, N. Y.; or Chicago Heights, Illinois. The maximum prices which a purchaser may pay for oxalic acid delivered to him from a producer's shipping

point shall not exceed the maximum prices listed above plus the transportation charge on a shipment of identical quantity to destination from that producer's shipping point from which the transportation rate to destination is least.

(b) *Delivered from local stocks.* The maximum prices for oxalic acid delivered from local stocks maintained at points other than a producer's shipping point shall not exceed a price ex seller's warehouse equal to the maximum prices listed in subparagraph (1) of paragraph (a) above, plus the transportation charge on a shipment of identical quantity over standard routes to seller's warehouse from that producer's shipping point from which the transportation rate to seller's warehouse is least.

(c) *Export sales and sales to territories and possessions of the United States.* The following maximum prices are established for export sales of oxalic acid to persons in foreign countries and for sales to persons in the territories or possessions of the United States, where the shipments pursuant to such sales originate in the continental United States exclusive of Alaska:

(1) The maximum prices for shipments by vessel, f. a. s. vessel at the port of shipment, are the maximum prices listed in subparagraph (1) of paragraph (a) above, plus the transportation charges on a shipment of identical quantity over standard routes to alongside vessel at the port of shipment from that producer's shipping point from which the transportation charges to alongside vessel at the port of shipment are least, plus $.006 per pound.

(2) The maximum prices for overland shipments are the maximum prices established by paragraphs (a) and (b) above, plus $.004 per pound.

(3) No expenses, commissions, or charges for services may be added to the maximum prices established by subparagraphs (1), (2), and (3) of this paragraph (d), except (i) ocean freight, (ii) marine and war risk insurance, (iii) in the case of overland shipments, transportation charges from seller's shipping point to destination permitted to be added by paragraphs (a) and (b) above, and (iv) foreign agent's commission unless the foreign agent's commission or any part thereof is received by the exporter directly or indirectly for his own use.

(d) *Containers.* No charge for containers may be added to the maximum prices established above.*

Issued this 28th day of January 1942.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 79—CARBON TETRACHLORIDE

Carbon tetrachloride is an important chemical used in dry cleaning fluids, fire extinguishers, fumigants, and the production of refrigerants. It is also used for the cleaning of machine tools and metal parts employed in the manufacture of airplane engines, military trucks, munitions and many other products.

As a result of economic activity induced by defense expenditures, there has been a substantial increase in the demand for carbon tetrachloride. A shortage of chlorine, essential in the manufacture of carbon tetrachloride, has restricted expansion in the production of the latter chemical. Consequently, the supply of carbon tetrachloride is inadequate. Producers' prices, after remaining constant for nearly three years, were increased on October 1, 1941, from the base price of 46 cents per gallon for drums in carload lots to 73 cents per gallon. Prices charged by resellers have advanced, in some instances, to two or three times their previous levels. Further price increases are threatened.

After complete investigation and conferences with members of the industry and representatives of other government agencies, the Office of Price Administration has determined that maximum prices should be established for carbon tetrachloride to prevent inflationary price trends in this commodity and that the maximum prices set forth below are fair and equitable.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.601 *Maximum prices for carbon tetrachloride.* On and after February 2, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer carbon tetrachloride in containers of five gallons or more, and no person shall buy, offer to buy or accept delivery of carbon tetrachloride in containers of five gallons or more, at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.609.*

*§§ 1335.601 to 1335.609, inclusive, issued under the authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1335.602 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.603 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of carbon tetrachloride, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1335.604 *Records and reports.* Every person making purchases or sales of carbon tetrachloride in containers of five gallons or more on and after February 1, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the specifications and quantity including the size of the containers of the carbon tetrachloride purchased or sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1335.605 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of these persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule.

Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of carbon tetrachloride, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.606 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section shall be considered by the Office of Price Administration unless filed by persons complying with this Schedule.*

§ 1335.607 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Seller's shipping point" means the point of manufacture or other point of distribution maintained by a producer or seller.*

§ 1335.608 *Effective date of the Schedule.* This Schedule shall become effective February 2, 1942.*

§ 1335.609 *Appendix A—Maximum prices.* The following maximum prices are established for carbon tetrachloride.

	Zone 1	Zone 2	Zone 3	Zone 4
	Prices per pound, delivered			
(a) Tank cars	$.0525	$0.575	$0.675	$.06
	Prices per gallon, delivered			
(b) Carload lots:				
(i) 50-55 gal. drums	$.73	$.80	$.94	$.83
(ii) 5 and 10 gal. cans	.97	1.04	1.17	1.07
(c) Less than carload lots:				
(i) 50-55 gal. drums	.80	.87	1.00	.90
(ii) 5 and 10 gal. cans	1.07	1.14	1.27	1.17

The above maximum prices apply to deliveries in the respective Zones, regardless of the Zone from which shipment is made.

(d) *Export sales and sales to territories and possessions of the United States.* The following maximum prices are established for export sales of carbon tetrachloride to persons in foreign countries and for sales to persons in the territories or possessions of the United States where the shipments pursuant to such sales originate in the continental United States exclusive of Alaska:

(1) *Shipments by vessel.* The maximum prices for shipment by vessel are the maximum prices established by paragraphs (b) and (c) above for the Zone in which the port of shipment is located, f. a. s. vessel at the port of shipment, plus 6.5 cents per gallon.

(2) *Overland shipments.* (i) The maximum prices for overland shipments in tank cars, delivered to destination in Canada or Mexico, are the maximum prices established by paragraph (a) above for that Zone from which the shipment crosses the boundary into Canada or Mexico, plus $.003 per pound, plus transportation charges over a standard route from seller's shipping point to destination, less transportation charges over such route from seller's shipping point to the station in the United States which is at or nearest to that point on the boundary at which the shipment crosses from the United States into Canada or Mexico.

(ii) The maximum prices for overland shipments in carload lots and less than carload lots delivered to destination in Canada or Mexico, are the maximum prices established by paragraphs (b) and (c) above for that Zone from which the shipment crosses the boundary into Canada or Mexico plus $.05 per gallon, plus transportation charges over a standard route from seller's shipping point to destination, less transportation charges over such route from seller's shipping point to the station in the United States which is at or nearest to that point on the boundary at which the shipment crosses from the United States into Canada or Mexico.

(3) *Expenses.* (i) No expenses, commissions, or charges for services may be added to the maximum prices established by subparagraphs (1) and (2) of this paragraph (d), except (i) ocean freight, (ii) marine and war risk insurance, and (iii) foreign agent's commission unless the foreign agent's commission or any part thereof is received by the exporter directly or indirectly for his own use.

(e) *Zones.* When used in this Schedule, the term:

(1) "Zone 1" means the States of Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, District of Columbia and the cities of Omaha, Nebraska and Kansas City, Kansas.

(2) "Zone 2" means the States of Alabama, Arkansas, Florida, Georgia, Kansas, Louisiana, Mississippi, Nebraska, North Dakota, Oklahoma, South Carolina, and South Dakota, excepting the cities of Omaha, Nebraska, and Kansas City, Kansas.

(3) "Zone 3" means the States of Colorado, New Mexico, Texas, Wyoming, and that part of Montana east of but not including the following counties: Toole, Pondera, Teton, Lewis and Clark, Broadwater and Gallatin.

(4) "Zone 4" means the States of Arizona, California, Idaho, Nevada, Oregon, Utah, Washington, and that part of Montana west of and including those counties mentioned above.

(f) *Containers.* No charges for containers may be added to the maximum prices established above.

Issued this 28th day of January 1942.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 80—LITHOPONE

A sharp increase in the demand for lithopone has occurred in recent months as a result of the national defense program. Lithopone is an extremely important chemical, essential in the production of a great many products necessary to the armed forces and civilian population.

After investigation and conferences with other government agencies and representatives of the industry, the Office of Price Administration, in December 1941, entered into an agreement with all of the producers of lithopone whereby it was agreed that lithopone would not be sold at prices in excess of $.0425 per pound for the normal grade delivered in bags in Eastern Territory.

Speculation by others than producers has greatly increased the resale prices of lithopone. These speculative prices are threatening to rise to even higher levels. It is necessary to curb such speculation, not only to prevent inflationary rises in the price of lithopone, but also to eliminate the danger of price rises in other industries that use lithopone.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.651 *Maximum prices for lithopone.* On and after February 2, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer lithopone, and no person shall buy, offer to buy or accept delivery of lithopone at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.659.*

*§§ 1335.651 to 1335.659, inclusive, issued under the authority contained in Executive Order Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1335.652 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.653 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of lithopone, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1335.654 *Records and reports.* Every person making purchases or sales of lithopone after February 1, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the specifications and quantity, including the size of the containers, of the lithopone purchased or sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1335.655 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to, or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of lithopone, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.656 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section shall be considered by the Office of Price Administration unless filed by persons complying with this Schedule.*

§ 1335.657 *Definitions.* When used in this Schedule the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Lithopone" means the grades of lithopone listed in Appendix A hereof.

§ 1335.658 *Effective date of the Schedule.* This Schedule shall become effective February 2, 1942.

§ 1335.659 *Appendix A; maximum prices for lithopone.* The following maximum prices are established for lithopone:

(a) *Deliveries in Eastern Territory.*[1]

Grade	Per pound delivered in bags	
	Carload lots	Less than carload lots
Normal	$.0425	$.0450
High Strength Barium	.0560	.0585
High Strength Calcium	.0560	.0585
High Strength Magnesium	.0575	.0600
Titanated	.0560	.0585
Zinc Sulphide	.0825	.0850

(b) *Deliveries in Western Territory.*[1]

Grade	Per pound delivered in bags	Per pound f. o. b. warehouse
	Carload lots	Less than carload lots
Normal	$.0450	$.0475
High Strength Barium	.0585	.0610
High Strength Calcium	.0585	.0610
High Strength Magnesium	.0600	.0625
Titanated	.0585	.0610
Zinc Sulphide	.0850	.0875

[1] When used in this Appendix, the term "Eastern Territory" means the States of New Mexico, Colorado, Wyoming, Montana and all states east thereof, and the term "Western Territory" means all other states of the United States.

(c) *Barrels.* The maximum prices for deliveries of lithopone in Eastern or Western Territory in barrels are the maximum prices established above in paragraphs (a) or (b), whichever the case may be, plus one quarter of a cent per pound.

(d) *Export sales and sales to persons in territories and possessions of the United States*—(1) *Shipments by vessel from Eastern Territory.* The maximum prices for shipment by vessel from Eastern Territory are the maximum prices established above in paragraph (a) f.a.s. vessel at the port of shipment plus $.03 per hundred pounds.

(2) *Shipments by vessel from Western Territory.* The maximum prices for shipment by vessel from Western Territory are the maximum prices established above in paragraph (b) f.a.s. vessel at the port of shipment plus $.03 per hundred pounds.

(3) *Overland shipments.* The maximum prices for overland shipment are the maximum prices established in paragraph (a) or (b) above, whichever the case may be, delivered to that station in the United States which is at or nearest to that point on the boundary at which the shipment crosses from the United States into Canada or Mexico plus $.03 per hundred pounds except that for less than carload quantities shipped from warehouses in Western Territory the maximum prices are f.o.b. warehouse plus $.02 per hundred pounds.

(4) *Expenses.* No expenses, commissions, or charges for service may be added to the maximum prices established by subparagraphs (1), (2) and (3) of this paragraph (d), except (i) ocean freight, (ii) marine and war risk insurance, and (iii) foreign agents' commission unless such foreign agents' commission or any part thereof is received by the exporter directly or indirectly for his own use.

Issued this 28th day of January 1942.

[Docket No. B–50]

IN THE MATTER OF ELFGEN COAL CO. (BERT F. ELFGEN) REGISTERED DISTRIBUTOR, REGISTRATION NO. 2712, RESPONDENT

ORDER CANCELLING REGISTRATION AS DISTRIBUTOR AND CANCELLING HEARING

A Notice of and Order for Hearing scheduling the above-entitled matter to be heard on December 9, 1941, at St. Louis, Missouri, having been entered herein on October 9, 1941, and an Answer herein dated November 8, 1941, having been filed with the Division by said Respondent on November 12, 1941, and said Order having been subsequently amended and supplemented by orders dated November 6, 1941 and January 20, 1942, all of which orders were duly served upon the Respondent; and

The above-entitled matter having come on for hearing before a duly designated examiner of the Division on December 9, 1941, at the time and place scheduled in the aforesaid order dated October 9, 1941, and at such time having been continued to a date and place to be thereafter designated, and subsequently, by order of the Acting Director dated January 13, 1942, having been rescheduled for hearing on February 2, 1942, at St. Louis, Missouri; and

Respondent, by petition dated January 19, 1942 and by letter of the same date referred to therein, filed with the Division on January 22, 1942, having moved (a) that his registration as a distributor be canceled; (b) that this proceeding and the hearing herein now noticed for February 2, 1942, be dismissed subject, however, to the condition that in the event the Respondent at any subsequent time makes application for registration as a distributor, the Division may require as a condition precedent to the granting of such application, the repayment of all distributor's discounts from the effective minimum prices unlawfully accepted and retained by the Respondent prior to February 2, 1942, and that in the event that the Respondent shall make such application for registration this proceeding may be reopened for the purpose of determining the amount of the discounts to be repaid by the Respondent and for the further purpose of taking such other action in this proceeding as may be appropriate, and the Respondent having represented to the Division that he would cease being actively engaged as a distributor as of February 2, 1942; and

It appearing to the Acting Director that said petition of the Respondent should be granted in the following respects and in all other respects denied.

Now, therefore, it is ordered, That the registration of the Respondent herein as a distributor be and the same is hereby canceled, as of February 2, 1942: *Provided, however*, That in the event that the Respondent at any time subsequent to the date hereof makes application for registration as a distributor, the Division may require as a condition precedent to the granting of such application, the repayment by Respondent of all distributor's discounts from the effective minimum prices, unlawfully accepted and retained by Respondent prior to February 2, 1942, and jurisdiction is hereby reserved for such purpose and for the purpose of taking such other action in this proceeding as may be appropriate; and

It is further ordered, That the hearing in the above-entitled matter heretofore scheduled on February 2, 1942, be and the same hereby is canceled.

Dated: January 27, 1942.

[Docket No. 1658–FD]

IN THE MATTER OF NELSON L. GOULD DOING BUSINESS AS GOULD SALES COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 3634, RESPONDENT

ORDER REVOKING AND CANCELLING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division, pursuant to the Bituminous Coal Act of 1937 and § 304.14 of the Rules and Regulations for the Registration of Distributors, to investigate and determine whether Nelson L. Gould, doing business as Gould Coal Sales Company, a registered distributor (Registration No. 3634), St. Louis, Missouri, the respondent has violated the Act, the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors, or the "Agreement by Registered Distributor";

The respondent having filed an answer;

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter having been held on October 9, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in St. Louis, Missouri, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard and at which the respondent appeared;

The preparation and filing of a report by the Examiner having been waived, and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That the registration of the respondent, Nelson L. Gould, doing business as Gould Coal Sales Company, as a distributor (Registration No. 3634), be and it hereby is revoked and cancelled, effective 15 days from the date hereof.

It is further ordered, That no petition by the respondent seeking reinstatement as a registered distributor will be entertained within six months from the date hereof.

It is further ordered, That in the event the respondent herein seeks reinstatement as a registered distributor he shall submit, together with his petition for reinstatement, to the Division an affidavit verifying that during the period his registration as a registered distributor was revoked and cancelled, the respondent neither directly nor indirectly transacted business as a registered distributor, nor received nor was promised any discount which distributors are entitled to receive by virtue of registration, and verifying that the respondent has returned to the producers all discounts collected by him on coals resold to Seidel Coal and Coke Company.

Dated: January 26, 1942.

[Docket No. 1716–FD]

IN THE MATTER OF RICHARD ALMOND & GEORGE GALBAVY, DEFENDANT

ORDER REVOKING AND CANCELING CODE MEMBERSHIP

A complaint having been filed on May 9, 1941, with the Bituminous Coal Division, pursuant to the provisions of section

[1] 4 F.R. 598.

4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 22, alleging willful violation by Richard Almond & George Galbavy, the defendant, a code member in District 22, of the Bituminous Coal Code and the rules and regulations thereunder by:

(a) selling for shipment by truck on various dates 36.75 net tons of 1" lump coal (Size Group 2) produced at its Georges Mine (Mine Index No. 101), located in Subdistrict No. 7 of District 22, and delivering the same by truck at a delivered price which was the same price as the minimum f. o. b. mine price, without adding thereto the cost of transportation; and

(b) filing false sales slips covering such sales, in violation of Rule 3, section XII, of the Marketing Rules and Regulations.

Pursuant to Orders of the Director and Acting Director, and upon due notice to all interested persons, a hearing in this matter having been held on November 15, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Billings, Montana;

The preparation and filing of a report by the Examiner having been waived and the matter having been presented to the undersigned;

The undersigned having made Findings of Fact, Conclusions of Law, and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That the code membership of the defendant, Richard Almond & George Galbavy, a code member in District 22, operating the Georges Mine (Mine Index No. 101) and the Blue Poney Mine (Mine Index No. 281) in District 22, be and it is hereby revoked and canceled; and

It is further ordered, That prior to any reinstatement of the defendant, Richard Almond & George Galbavy, a partnership, or Richard Almond and George Galbavy, partners therein, to membership in the Code, the defendant, or any of the individual partners thereof, shall pay to the United States a tax in the amount of $57.33, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

IN THE MATTER OF PRESCRIBING DUE AND REASONABLE MAXIMUM DISCOUNTS OR PRICE ALLOWANCES BY CODE MEMBERS TO "DISTRIBUTORS" UNDER SECTION 4, PART II (h) OF THE BITUMINOUS COAL ACT OF 1937, AND ESTABLISHING RULES AND REGULATIONS FOR THE MAINTENANCE AND OBSERVANCE BY DISTRIBUTORS IN THE RESALE OF COAL, OF THE PRICES AND MARKETING RULES AND REGULATIONS PROVIDED BY SECTION 4 OF THE ACT; AND IN THE MATTER OF THE PETITION OF THE BITUMINOUS COAL PRODUCERS' BOARD FOR DISTRICT NO. 12 FOR AMENDMENT OF SCHEDULE OF MAXIMUM DISCOUNTS WITH RESPECT TO THE SEVERAL SIZES OF COALS PRODUCED IN DISTRICT NO. 12

ORDER RESCHEDULING HEARING

The above-entitled matter having been originally scheduled for hearing on December 9, 1941, and by order dated December 6, 1941, having been postponed to a date to be thereafter designated; and

The petitioner and Scandia Coal Company, intervenor, having requested that said hearing be rescheduled for February 3 or February 4, 1942; and

It appearing that the place and date of such hearing should now be designated;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be and the same is hereby set for February 4, 1942, at 10 a. m. at the place and before the officer heretofore designated.

Dated: January 26, 1942.

NOTICE OF CHANGE IN DATE FOR THE FILING OF BRIEFS IN THE MATTER OF THE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 37 FOR MINIMUM WAGE RATE IN THE CIGAR INDUSTRY

Whereas the notice of opportunity to submit written briefs in the matter of the recommendation of Industry Committee No. 37 for a minimum wage rate in the cigar industry (R-1724) provided that the Administrator of the Wage and Hour Division would receive written briefs (not fewer than 12 copies) on or before February 10, 1942, at the Department of Labor, Washington, D. C., from any person who entered an appearance at said hearing, and;

Whereas it now appears appropriate to change the date for the submission of the briefs,

Now therefore, notice is hereby given that the date for the submission of the briefs be changed and that the Administrator will receive written briefs (not fewer than 12 copies) on or before February 14, 1942, at the Department of Labor, Washington, D. C., from any person who entered an appearance at said hearing. This order shall in no way affect the date for oral argument of Industry Committee No. 37 for minimum wages in the cigar industry and said oral argument will still be heard on February 17, 1942.

IN THE MATTER OF KANSAS CITY GAS COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27th day of January, A. D. 1942.

Kansas City Gas Company, a subsidiary of Cities Service Company, a registered holding company, having filed an application pursuant to the Public Utility Holding Company Act of 1935, particularly the first sentence of section 6 (b) thereof, for an exemption from the provisions of section 6 (a) thereof, regarding the issuance of a note on or prior to January 31, 1942, and maturing nine months from date, in the amount of $1,200,000, bearing interest at the rate of 2% per annum, payable to Commerce Trust Company, Kansas City, Missouri, the proceeds to be used, together with $1,066,000 of the company's cash funds available for the purpose, to pay at maturity its First Mortgage Gold Bonds, Series A, 6%, due February 1, 1942 presently outstanding in the aggregate principal amount of $2,266,000; and

Said application having been filed on January 8, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified by said notice or otherwise and not having ordered a hearing thereon; and

The above-named company having requested that said application, as filed or as amended, be granted as soon as practicable prior to February 1, 1942; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant the application for exemption from the provisions of Section 6 (a) of said Act, subject to the terms and conditions prescribed in Rule U-24;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid application be and it hereby is granted forthwith;

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

IN THE MATTER OF INTERNATIONAL UTILITIES CORPORATION

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27 day of January, A. D. 1942.

The above-named person having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder, regarding the declaration and payment by International Utilities Corporation, a registered holding company, out of capital or unearned surplus, of a regularly quarterly dividend on February 1, 1942, on its $3.50 Prior Preferred Stock, at the rate of 87½¢ per share on the 98,967 shares of such stock presently outstanding, the aggregate amount of such payment being $86,596.13;

Said declaration having been filed on January 8, 1942, and a certain amendment having been filed thereto on January 19, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The above-named person having requested that said declaration, as amended, become effective on or about January 23, 1942; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration, as amended, to become effective, and being satisfied that the effective date of such declaration, as amended, should be advanced;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

IN THE MATTER OF CENTRAL NEW YORK POWER CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 27th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party or parties; and

Notice is further given that any interested person may, not later than February 10, 1942 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Central New York Power Corporation, a subsidiary of Niagara Hudson Power Corporation, in turn a subsidiary of The United Corporation, a registered holding company, proposes to issue and sell to Metropolitan Life Insurance Company $1,000,000 aggregate principal amount of its General Mortgage Bonds, 2⅞% Series due 1965 at a price of 97.90% of the principal amount thereof plus accrued interest from January 1, 1942 to the closing date. The proceeds are proposed to be used, together with other funds of the Company, to pay at maturity a like principal amount of Five Per Cent. Forty Year Gold Bonds due April 1, 1942.

The Company has designated section 6 (b) of the Act as applicable to the proposed transactions.

By the Commission.

EXECUTIVE ORDER

AMENDING EXECUTIVE ORDER NO. 8771 OF JUNE 6, 1941, ENTITLED "AUTHORIZING THE UNITED STATES MARITIME COMMISSION TO TAKE OVER CERTAIN FOREIGN MERCHANT VESSELS"

By virtue of the authority vested in me by the act of Congress entitled, "An Act to authorize the acquisition by the United States of title to or the use of domestic or foreign merchant vessels for urgent needs of commerce and national defense, and for other purposes", approved June 6, 1941 (Public Law 101, 77th Congress), it is ordered that paragraph (c) of section 2 of Executive Order No. 8771[1] of June 6, 1941, entitled, "Authorizing the United States Maritime Commission to Take Over Certain Foreign Merchant Vessels", be, and it is hereby, amended to read as follows:

(c) To document any or all of such vessels under the laws of the United States or of any other country of the Western Hemisphere.

TITLE 7—AGRICULTURE

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

[O-54-1]

PART 954—MILK IN THE DULUTH-SUPERIOR MARKETING AREA

AMENDMENT NO. 1 TO THE ORDER[2] REGULATING THE HANDLING OF MILK IN THE DULUTH-SUPERIOR MARKETING AREA[3]

Claude R. Wickard, Secretary of Agriculture of the United States of America, executed a marketing agreement and issued Order No. 54 regulating the handling of milk in the Duluth-Superior marketing area, both effective on May 5, 1941.

There being reason to believe that the issuance of an amendment to said marketing agreement and to said order would tend to effectuate the declared policy of the act, notice was given of a hearing which was held in Duluth, Minnesota, beginning on November 26, 1941, on a proposal to amend the marketing agreement and the order regulating the handling of milk in the Duluth-Superior marketing area, at which time and place all interested parties were afforded an opportunity to be heard upon such proposals.

After such hearing, handlers of more than fifty percent of the volume of milk covered by such order which is marketed within the Duluth-Superior marketing area, signed a tentatively approved marketing agreement, as amended, regulating the handling of milk in the same manner as the said order as hereby amended.

The requirements of section 8c (8) of the act have been complied with.

It is found (§ 954.0) upon the evidence introduced at the above-mentioned public hearing, such findings being in addition to the findings made upon the evidence introduced at the original hearings on the order and being in addition to the other findings made prior to or at the time of the original issuance of the order (which findings are hereby ratified and affirmed save only as such findings are in conflict with the findings hereinafter set forth):

§ 954.0 *Findings.* * * *

* * * * *

(e) That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to secs. 2 and 8e, 50 Stat. 246; 7 U.S.C. 602, 608e, are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk and that the minimum prices set forth in this amendment to said order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above

It is hereby ordered that the order regulating the handling of milk in the Duluth-Superior marketing area be and it is hereby amended as follows:

1. Delete subparagraph (1) of § 954.2 (e) and substitute therefor the following:

(1) Not later than the end of each delivery period, the prices for Class I milk and Class II milk and the butterfat differential to be effective for the following delivery period.

2. Delete paragraph (c) of § 954.4 and substitute therefor the following:

(c) *Interhandler and handler to nonhandler sales.* (1) Milk or skim milk disposed of by a handler to another handler shall be classified as Class I milk, subject to verification by the market administrator: *Provided*, That milk or skim milk disposed of by a handler to a handler who receives no milk from producers or new producers other than milk of his own production shall be Class I milk.

(2) Milk or skim milk disposed of by a handler to a nonhandler shall be classified: (i) as Class I milk if such nonhandler disposes of any milk as milk for human consumption; and (ii) as Class II milk if such nonhandler disposes of no milk as milk for human consumption.

3. Delete § 954.5 and substitute therefor the following:

§ 954.5 *Minimum prices.* (a) Each handler shall pay, at the time, and in the manner set forth in § 954.8, not less than the prices per hundredweight calculated as follows for milk of 4.0 percent butterfat content received at such handler's plant:

(1) *Class I milk.* For each delivery period, the price for Class II milk for such delivery period plus $0.55 for the delivery periods of April through August, inclusive, and plus $0.65 for the delivery periods of September through March, inclusive: *Provided*, That with respect to Class I milk disposed of under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be such Class I price less 47 cents.

(2) *Class II milk.* For each delivery period the price which results from the following computation by the market administrator: (i) determine the average of daily prices per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the period from the 25th day of the month second preceding such delivery period through the 24th day of the month immediately preceding such delivery period; (ii) multiply by 4; (iii) add 25 percent thereof; and (iv) add an additional ½ cent for each 1/10 cent that the average f. o. b. gross factory price per pound of dry skim milk solids for human consumption as reported to the United States Department of Agriculture by the American Dry Milk Institute, Inc., for the month second preceding such delivery period is above 7 cents.

4. Delete subparagraph (1) of § 954.6 (a) and substitute therefor the following:

(1) The provisions of § 954.5, § 954.7, § 954.8, § 954.9, and § 954.10 shall not apply to a handler who receives no milk from producers or new producers other than milk of his own production.

5. Delete in paragraph (a) of § 954.7 the final phrase, "that emergency milk received by a handler shall be deducted on a prorata basis from each class," and substitute therefor the following:

"* * * that emergency milk received by a handler shall be deducted on a prorata basis from each class (after excluding receipts of milk from other handlers)."

6. Delete in paragraph (f) of § 954.8 the final phrase, "an amount equal to 1/40 of the Class II price," and substitute therefor the following:

"* * * an amount computed by the market administrator as follows: (i) add to the average of daily prices per pound of 92-score butter, computed pursuant to § 954.5 (a) (2) (i), 25 percent thereof; and (ii) divide by 10."

7. Add the following:

§ 954.11 *Market advisory committee*—(a) *Representation, selection, approval, and removal.* Subsequent to the effective date hereof, representatives of producers, handlers, and consumers may certify to the Secretary the selection of three individuals by each group for membership on the market advisory committee. Upon approval of the Secretary, the nine individuals so selected shall constitute the market advisory committee. Each member of the market advisory committee shall serve for a term of one year, unless sooner removed by the Secretary. After the market advisory committee has been constituted, vacancies in the membership thereof shall be filled in the same manner as the original selections were made.

(b) *Powers.* The market advisory committee shall have the power to recommend to the Secretary amendments hereto originating within such committee or submitted to it by interested parties after a study of the facts available to the market advisory committee."

Issued at Washington, D. C., this 28th day of January 1942, to become effective on and after the 1st day of February 1942. Witness my hand and the official seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Regulations, Serial Number 203]

PART 20—PILOT CERTIFICATES

SPECIAL REGULATION CONTINUING EFFECTIVENESS OF CERTAIN PILOT CERTIFICATES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 28th day of January, 1942.

Whereas § 20.33 of the Civil Air Regulations provides in part that a pilot certificate shall be of 60 days' duration and, unless the holder thereof is otherwise notified by the Administrator within such period, shall continue in effect indefinitely thereafter, unless suspended or revoked, except that it shall immediately expire at the end of each designated period after the date of issuance thereof if the holder of such certificate fails to secure an endorsement by an authorized inspector of the Administrator within the last 45 days of such period; and

It appearing that: The numerous additional duties placed upon the inspectors of the Administrator by the existing state of war and the greatly increased number of pilot certificates currently in effect will make it impossible for such inspectors to endorse within the period from January 28, 1942 to April 28, 1942, and prior to the expiration of their respective endorsement dates all pilots' certificates expiring within such period;

Now, therefore, the Civil Aeronautics Board, acting pursuant to sections 205 (a) and 602 of the Civil Aeronautics Act of 1938, as amended, makes and promulgates the following special regulation:

Notwithstanding the provisions of Part 20 of the Civil Air Regulations, all pilot certificates, the endorsement period of which would expire between January 28, 1942, and April 28, 1942, inclusive, other than lighter-than-air pilot certificates and certificates held by pilots engaged in scheduled air transportation, shall continue in effect and shall not require endorsement until 3 months after the date upon which the endorsement period would otherwise expire.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

CHAPTER II—ADMINISTRATOR OF CIVIL AERONAUTICS, DEPARTMENT OF COMMERCE

[Amendment No. 2 of Part 601]

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, CONTROL ZONES OF INTERSECTION, CONTROL AIRPORTS, AND RADIO FIXES

REDESIGNATION OF CERTAIN AIRWAY TRAFFIC CONTROL AREAS AND DELETION OF CERTAIN CONTROL ZONES OF INTERSECTION

JANUARY 26, 1942.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation of the Civil Aeronautics Board Serial No. 197 and finding that this action is necessary in the interest of safety and for the proper control of air traffic, I hereby amend Part 601[1] of the Regulations of the Administrator of Civil Aeronautics which became effective January 15, 1942, as follows:

1. By amending § 601.1002 to read as follows:

§ 601.1002 *Green civil airway No. 2 airway traffic control areas (Seattle, Wash., to Boston, Mass.).* Those portions of green civil airway No. 2: From Boeing Field, Seattle, Wash., to a line extended at right angles across such airway through a point on the center line thereof 25 miles northwest of the Superior, Mont., radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles east of the Miles City, Mont., radio range station, to the intersection of the center line of the on course signal of the east leg of the Detroit, Mich. (Wayne County Airport) radio range and the U. S.-Canadian Border; from the intersection of the center line of the on course signal of the west leg of the Buffalo, New York, radio range and the U. S.-Canadian Border, to the Municipal Airport, Boston, Mass.

2. By amending § 601.1004 to read as follows:

§ 601.1004 *Green civil airway No. 4 airway traffic control areas (Los Angeles, Calif., to Philadelphia, Pa.).* Those portions of green civil airway No. 4: From the Municipal Airport, Los Angeles, Calif., to a line extended at right angles across such airway through a point on the center line thereof 25 miles east of the Ashfork, Ariz., radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles northeast of the Gage, Okla., radio range station, to the Municipal Airport, Philadelphia, Pa.

3. By amending § 601.1014 to read as follows:

§ 601.1014 *Amber civil airway No. 4 airway traffic control areas (Brownsville, Tex., to Bismarck, N. Dak.).* Those portions of amber civil airway No. 4: From the Municipal Airport, Brownsville, Tex., to a line extended at right angles across such airway through a point on the center line thereof 25 miles south of the Omaha, Nebr., radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles north of the Sioux City, Iowa, radio range station to the Bismarck, N. Dak., radio range station.

4. By amending § 601.10205 to read as follows:

§ 601.10205 *Red civil airway No. 5 airway traffic control areas (Sioux Falls, S. Dak., to Minneapolis, Minn.).* All of red civil airway No. 5.

5. By amending § 601.10231 to read as follows:

§ 601.10231 *Red civil airway No. 31 airway traffic control area (Huron, S. Dak., to Minneapolis, Minn.).* All of red civil airway No. 31.

6. By amending § 601.10305 to read as follows:

§ 601.10305 *Blue civil airway No. 5 airway traffic control areas (Galveston, Tex., to Wichita, Kans.).* All of blue civil airway No. 5.

7. By amending § 601.10308 to read as follows:

§ 601.10308 *Blue civil airway No. 8 airway traffic control areas (Fargo, N. Dak., to U. S.—Canadian Border).* All of blue civil airway No. 8.

8. By amending § 601.10309 to read as follows:

§ 601.10309 *Blue civil airway No. 9 airway traffic control areas (Columbia, Mo., to La Crosse, Wis.).* Those portions of blue civil airway No. 9: From the Columbia, Mo., radio range station to a line extended at right angles across such airway through a point on the center line thereof 25 miles south of the Des Moines, Iowa, radio range station; from a line extended at right angles across such airway through a point on the center line thereof 25 miles north of the Des Moines, Iowa, radio range station to the La Crosse, Wis., radio range station.

9. By striking the following control zones of intersection appearing in § 601.2: Bismarck, N. Dak.; Fargo, N. Dak.; Huron, S. Dak.; La Crosse, Wis.; Minneapolis, Minn.; Sioux Falls, S. Dak.; Wichita, Kans.

This amendment shall become effective 00:01 C. S. T., February 1, 1942.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT OF RULES AND FORMS RELATING TO THE FILING OF ANNUAL REPORTS UNDER THE ACT BY INVESTMENT COMPANIES REGISTERED UNDER THE INVESTMENT COMPANY ACT OF 1940

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13, 15 (d) and 23 (a) thereof (Sec. 13, 48 Stat. 894; 15 U.S.C. 78m: Sec. 15 (d), 48 Stat. 895; Sec. 3, 49 Stat. 1377; 15 U.S.C. 78o: Sec. 23, 48 Stat. 901; Sec. 8, 49 Stat. 1379; 15 U.S.C. 78w), and deeming such action necessary and appropriate in the public interest and for the protection of investors, and necessary for the execution of the functions vested in it by the said Act, hereby takes the following action:

I. Amendment of § 240.13a–2

(1) Subparagraph (g) of Section 240.13a–2 [Rule X-13A–2] under the caption "Form 15–K for incorporated investment companies" is amended to read as follows:

§ 240.13a–2 *Forms for annual reports.*

* * * * *

(g) *Form 15–K for incorporated investment companies.* This form is to be used for annual reports of corporations engaged either directly or through subsidiaries primarily in the business of investing and reinvesting or trading in securities for the purpose of revenue and for profit, and not in general for the purpose or with the effect of exercising control, except that this form shall not be used by any corporation for which Form N–30A–1 is prescribed.

(2) Section 240.13a–2 [Rule X-13A–2] is further amended by deleting paragraph (i) under the caption, "Form 17–K for unincorporated issuers engaged primarily in the business of investing or trading in securities."

(3) Section 240.13a–2 [Rule X-13A–2] is further amended by adding at the end of the section the following new paragraph:

§ 240.13a–2 *Forms for annual reports.*

* * * * *

(o) *Form N–30A–1 for management investment companies.* This form shall be used for annual reports of management investment companies registered under the Investment Company Act of 1940 (54 Stat. 789, et seq.; 15 U.S.C. 80a–1 to 53), except companies which issue periodic payment plan certificates or which are depositors or sponsors of companies issuing such certificates.

II. Amendment of § 240.15d–2

(1) Paragraph (b) of § 240.15d–2 [Rule X-15D–2] under the caption "Form 2–MD for investment trusts having securities registered on Form C–1" is amended to read as follows:

§ 240.15d–2 *Forms for annual reports of registrants under Securities Act of 1933.*

* * * * *

(b) *Form 2–MD for investment trusts having securities registered on Form C–1.* This form is to be used for annual reports pursuant to section 15 (d) of the Securities Exchange Act of 1934 (Sec. 15, 48 Stat. 895; Sec. 3, 49 Stat. 1377; 15 U.S.C. 78o) relating to securities of unincorporated investment trusts of the fixed or restricted management type having a depositor or sponsor but not having a board of directors or persons performing similar functions, except that this form shall not be used by any trust for which Form N–30A–1 is prescribed.

(2) Section 240.15d–2 [Rule X-15D–2] is further amended by adding at the end thereof the following new paragraph:

§ 240.15d–2 *Forms for annual reports of registrants under Securities Act of 1933.*

* * * * *

(e) *Form N–30A–1 for management investment companies.* This form shall be used for annual reports pursuant to section 15 (d) of the Securities Exchange Act of 1934 (Sec. 15, 48 Stat. 895; Sec. 3, 49 Stat. 1377; 15 U.S.C. 78o) of management investment companies registered under the Investment Company Act of 1940 (54 Stat. 789, et seq.; 15 U.S.C. 80a–1 to 53), except companies which issue periodic payment plan certificates or which are depositors or sponsors of companies issuing such certificates.

Effective January 29, 1942.

By the Commission.

PART 270—GENERAL RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940.

ADOPTION OF RULES AND FORM RELATING TO THE FILING OF ANNUAL REPORTS UNDER THE ACT BY REGISTERED INVESTMENT COMPANIES

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Investment Company Act of 1940, particularly sections 30 (a), 30 (b) (1), 30 (c), 38 (a) and 38 (b) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, and necessary for the execution of the functions vested in it by the said Act, hereby takes the following action:

Adoption of § 270.30a–2

§ 270.30a–2 *Form for annual report of registered investment companies.* The following form is hereby prescribed as the form for annual report which shall be filed by registered investment companies, pursuant to section 30 (a) of the Act (Sec 30 (a), 54 Stat. 836; 15 U.S.C. 80a–30):

Form N–30A–1 for registered management investment companies.[1] This form shall be used by registered management investment companies except companies which issue periodic payment plan certificates or which are sponsors or depositors of companies issuing such certificates. (Sec. 30 (a), (b) (1) and (c), 54 Stat. 836; 15 U.S.C. 80a–30: Sec. 38 (a) and (b), 54 Stat. 841; 15 U.S.C. 80a–38) [Rule N–30A–2, effective January 29, 1942]

Adoption of § 270.30a–3

§ 270.30a–3 *Annual report for totally-held registered investment company subsidiary of registered investment company.* (a) Notwithstanding the provisions of § 270.30a–2 [Rule N-30A–2], a registered management investment company for which Form N-30A–1 is appropriate for annual reports and which is a totally-held subsidiary of a registered management investment company may file a statement in the form prescribed by paragraph (b) of this section in lieu of an annual report on Form N-30A–1, if the following conditions are met:

(1) The fiscal year of the subsidiary ends as of the same date as the fiscal year of the parent;

(2) The information required by Items 1 to 64, inclusive, of Form N-30A–1 with respect to the subsidiary is included in the annual report of the parent;

(3) All of the exhibits required by Form N-30A–1 with respect to the subsidiary are furnished with the parent's annual report;

(4) Financial statements for the subsidiary for the period required by Form N-30A–1 are included in the annual report of the parent, either on a consolidated or separate basis; and

(5) It is indicated on the facing page of the parent's annual report that such report is filed on behalf of itself and the subsidiary, naming the subsidiary.

(b) A totally-held registered investment company subsidiary which avails itself of the privilege accorded by this section shall file with the Commission in quadruplicate, within the time prescribed by § 270.30a–2 [Rule N-30A–2] for filing annual reports, a statement in the following form:

Pursuant to § 270.30a–3 [Rule N-30A–3], ---------, a totally-held subsidiary of ---------, a registered management investment company, hereby incorporates by reference as its annual report, pursuant to section 30 (a) of the Investment Company Act of 1940 (Sec. 30 (a), 54 Stat. 836; 15 U.S.C. 80a–30), all information and documents contained in the Annual Report on Form N-30A–1 (including any amendment thereto) filed by the latter company for the fiscal year ended ---------.

(c) The statement required by paragraph (b), above, shall be filed under cover of the facing sheet of Form N-30A–1. At least one copy of the statement shall be signed in the manner prescribed by Form N-30A–1.

---

[1] Filed with the original document.

(d) For purposes of this section the term "totally-held subsidiary" has the same meaning as that set forth in instruction 4 of the Instructions for Form N-30A–1. (Sec. 30 (a), (b) and (c), 54 Stat. 836; 15 U.S.C. 80a–30; Sec. 38 (a) and (b), 54 Stat. 841; 15 U.S.C. 80a–38) [Rule N-30A–3, effective January 29, 1942]

By the Commission.

TITLE 29—LABOR

CHAPTER VI—NATIONAL WAR LABOR BOARD

[Administrative Regulation No. 1]

PART 801—ORGANIZATION

Whereas an Executive Order of the President, dated January 12, 1942, created the National War Labor Board and charged it with certain duties and conferred upon it the power to promulgate rules and regulations appropriate for the performance of its duties, and

Whereas at a duly held meeting of the Board a committee was appointed to consider and draft rules and regulations with respect to organization and procedure and such committee has made its report to the Board;

Now, therefore, by virtue of the authority vested in the National War Labor Board by Executive Order of the President dated January 12, 1942, it is hereby ordered that the following rules and regulations govern the organization of the Board.

Sec.

801.1 The discharge of the duties of the Board.
801.2 Meetings.
801.3 The Executive Sessions and Hearing Sessions of the Board.
801.4 Quorum.
801.5 Voting.
801.6 Division of the Board.
801.7 Decisions of the Board.
801.8 Associate Members.
801.9 Administrative Associate Member.
801.10 Executive Secretary.
801.11 Director of Statistical Information.
801.12 Mediators, investigators, examiners.
801.13 Special mediators, investigators and examiners.
801.14 Other necessary employees of the Board.
801.15 Committee on new cases.
801.16 Dockets.
801.17 Records and files.
801.18 Publication of official acts of the Board and press releases.

§ 801.1 *The discharge of the duties of the Board.* The Board at duly held meetings shall finally determine all disputes which fall within its jurisdiction in accordance with rules of procedure promulgated by the Board.*

§§ 801.1 through 801.18, inclusive, issued under the authority contained in E.O. 9017, 7 F.R. 237.

§ 801.2 *Meetings.* The Board shall hold regular meetings beginning at ten o'clock in the morning on each Tuesday. Special meetings will be upon call of the Chairman.*

§ 801.3 *The Executive Sessions and Hearing Sessions of the Board.* At its regular or special meetings the Board shall sit in Executive Session or Hearing Session as the Board may determine. At its executive sessions the Board shall consider such matters as relate to the carrying on of its affairs and dispose of cases which the Board determines do not require formal appearance before the Board by the parties. If the Board so determines a formal appearance of the parties will be had at a hearing session.*

§ 801.4. *Quorum.* Six members, including not less than two members from each of the groups represented on the Board, shall constitute a quorum of the Board. The word "members" as used in these rules and regulations, unless it otherwise appears from the context, means regular or alternate members.*

§ 801.5 *Voting.* Each member shall be entitled to one vote on any matter put to vote before the Board: *Provided, however,* That tripartite equality of voting shall be preserved. Vote shall be by roll call and a majority vote shall govern the decision of the Board.*

§ 801.6 *Division of the Board.* If the Board finds that it is necessary for expeditious disposal of its business, it may sit in divisions for hearings but not for decision.*

§ 801.7 *Decisions of the Board.* When the Board has decided any case, the Chairman may designate one of the members of the Board to write the decision of the Board. Such member shall have voted with the majority. The decision of such designated member shall be the decision of the Board and shall be published as such. Any other member of the Board may write an opinion either agreeing or disagreeing with the decision of the Board, and such opinion shall be published simultaneously with the decision of the Board.*

§ 801.8 *Associate Members.* The Associate Members of the Board shall be eight representatives of the public, eight representatives of employers and eight representatives of employees. The Chairman may refer any case to one or more Associate Members who shall proceed to mediate it in accordance with the rules of procedure prescribed by the Board; provided that when there are Associate Members representative of employers and employees on any panel so designated they shall be equal in number.*

§ 801.9 *Administrative Associate Member.* One associate member shall be designated Administrative Associate Member. Such member shall maintain offices in space allocated to the Board and shall be charged with the duty of correlating the mediation of various cases referred to Associate Members or other persons for the purpose of mediation or investigation and shall be prepared at all times to inform the Board with respect to the status of any particular case.*

§ 801.10 *Executive Secretary.* With the advice and consent of the Board the Chairman shall appoint an Executive Secretary of the Board who shall be charged with the duty of maintaining the dockets and records of the Board and performing such other duties as are secretarial in their nature. The Executive Secretary shall procure a seal for the Board and shall be the custodian of the same.*

§ 801.11 *Director of Statistical Information.* With the advice and consent of the Board the Chairman shall appoint a Director of Statistical Information who shall be charged with the duty, under the direction of the Vice Chairman, of assembling and correlating such statistical data as may be pertinent to cases before the Board. In the discharge of his duties such director shall utilize as far as practicable the available facilities and personnel of other government agencies.*

§ 801.12 *Mediators, investigators, examiners.* With the advice and consent of the Board the Chairman may appoint as regular employees of the Board mediators, investigators and examiners who shall perform such duties as from time to time may be necessary to expedite the handling of cases before the Board. Insofar as practicable the Chairman shall arrange for the loan of personnel from other agencies of the Government who are especially qualified to act as investigators or examiners.*

§ 801.13 *Special mediators, investigators and examiners.* Whenever the Board finds that for expedition of its work it is necessary or desirable to do so, the Chairman with the advice and consent of the Board may designate a special mediator, investigator, or examiner in any particular case.*

§ 801.14 *Other necessary employees of the Board.* Within the limits of the funds allocated to the Board by the Bureau of the Budget, the Chairman of the Board may appoint such other employees as are necessary to carry on the clerical and other administrative work of the Board.*

§801.15 *Committee on new cases.* The Board shall appoint a committee of six of its members as a standing committee on new cases. Two of such members shall be public members of the Board, two shall be members representative of employees, and two shall be members representative of employers. Three members including one member from each of the groups represented on the Board shall constitute a quorum of the committee. Whenever any member of the committee is unable to attend any meeting of the committee he may designate an alternate to sit in his stead. Upon failure of any member to designate an alternate to sit in his stead, the Chairman may designate such alternate. Each member of the committee shall be entitled to one vote on any matter put to vote before the committee: *Provided, however,* That tripartite equality of voting shall be preserved. The decisions of the committee shall be by majority vote. The Administrative Associate Member shall attend the meetings of the committee but shall not be entitled to vote.*

§ 801.16 *Dockets.* The Executive Secretary shall keep a pending Case Docket, a Mediation Docket, a Board Docket and a Hearing Docket.*

§ 801.17 *Records and files.* The records and files of the Board shall be in the custody of the Executive Secretary of the

Board and shall be kept in appropriate place in the space allocated to the Board at Washington, D. C. The Secretary shall formulate a system for keeping the files so that they will be readily accessible to the Board.*

§ 801.18 *Publication of official acts of the Board and press releases.* All administrative regulations of the Board shall be published in the FEDERAL REGISTER and all decisions of the Board and opinions as provided in paragraph 7—"The Board" shall be published in some appropriate publication designated by the Board.*

Dated: January 22, 1942.

GEORGE KIRSTEIN,
Executive Secretary.
